TABULATION OF REPORTS  
FROM CITIES CONDUCTING HOME MODERNIZING CAMPAIGNS  
IN 1932

(Prepared by the Advisory Committee on  
Reconditioning, Remodeling, and Modernizing.)

Property improvement campaigns were conducted in 145 cities in the United States in 1932, according to reports submitted to the committee. Of these cities, 82 recorded expenditures for labor and materials totaling \$65,928,535.

Every effort has been made to check with local committees the amounts pledged, and actually expended, in these campaigns. In some instances, however, final or definite reports are not available, and a brief statement of the facts that are on record is all that can be given.

STATE AND CITY
