DENTAL MATERIALS:

Publications by the Staff of the National Bureau of Standards
and Research Associates on Dental Materials.

Most of the publications in this list may be consulted
at dental school and technical libraries.

Orders for items having series letters OJ should be
sent to the American Dental Association Research Fellowship
at the National Bureau of Standards, Washington 25, D. C.
Order OJ reprints by Item Number. (Items marked OP in
the price column are out of print.) Remittance should be
made payable to the A.D.A. Research Fellowship. DO NOT make
remittance payable to the National Bureau of Standards.

Orders for items having series letters S, T, RP or C
should be sent to the Superintendent of Documents, Govern-
ment Printing Office, Washington 25, D. C. Order government
publications by series letters and serial numbers. The prices
quoted are for delivery to addresses in the United States and
its territories and possessions and in certain foreign coun-
tries which extend the franking privilege. In the case of all
other countries, one-third the cost of the publication should
be added to cover postage. Remittances should be made either
by coupons (obtainable from the Superintendent of Documents
in sets of 20 for \$1.00 and good until used), or by check or
money order payable to the "Superintendent of Documents,
Government Printing Office" and sent to him with order.

Orders for items having series letter P (patents)
should be sent to the Commissioner of Patents, Washington 25,
D. C. Order patents by Patent Number.

The series letters and serial numbers used in this list
designate the publications as follows:

- S "Scientific Paper". S1 to S329 are "Reprints" from the "Bulletin of the Bureau of Standards". S330 to S572 were published as "Scientific Papers of the Bureau of Standards". This series was superseded by the "Bureau of Standards Journal of Research" in 1928.
- T "Technologic Paper". T1 to T370. This series was superseded by the "Bureau of Standards Journal of Research" in 1928.
- RP "Research Paper". These are reprints of articles appearing in the "Bureau of Standards Journal of Research" and the "Journal of Research of the National Bureau of Standards", the latter being the title of this periodical since July 1934 (volume 13, number 1).
- C "Circular". These are compilations of information on various subjects related to the Bureau's scientific, technical, and engineering activities. They include not only the results of the Bureau studies, but give data of general interest from other sources.
- P "Patent". These are patents on dental materials issued to members of the staff of the Bureau and assigned to the Government of the United States.
- OJ "Outside Journal". These are articles appearing in the Journal of the American Dental Association and other dental journals.

Circular C24 and Supplements, the complete list of the Bureau's publications (1901-1945) is sold by the Superintendent of Documents for \$1.30.
