Weights and Measures Directory

This directory contains a listing of staff of all weights and measures jurisdictions in the United States. It is for the use of the National Conference on Weights and Measures as a telephone and mailing directory.

The names, addresses, and telephone numbers have been verified with the directors of each State. However, due to reorganizations, retirements, and position changes implemented after this printing, some information may no longer be current. If a change, deletion, or addition is required, please send updated information (together with the NCWM identification number next to the listing if available) to:

Ann Heffernan Turner
National Conference on Weights and Measures
P.O. Box 4025
Gaithersburg, Maryland 20885

The designation "MBR NCWM" to the right of the listing indicates that person is a current member of the Conference. If you are not now a member and would like to join the Conference, an application is provided in the back of this publication. You will automatically receive the next edition of Handbooks 44, 130, 133, newsletters, and announcements and reports of all Conference activities. Please fill the application out and send to the above address along with your check for \$35.00 made payable to the National Conference on Weights and Measures.

Note: State directors have complained of receiving bulk mailings for their staff, which must be further distributed by office personnel. **The information in this directory is not to be used for solicitations and advertisements.**

Table of Contents
