Alphabetical List of
SIMPLIFIED PRACTICE RECOMMENDATIONS
Revised to November 1, 1941.

Simplified Practice means reduction of excessive variety of manufactured products, or of methods. Simplified Practice Recommendations are records of stock items retained after superfluous variety has been eliminated. These recommendations are developed by voluntary cooperation among manufacturers, distributors, consumers, and other interests, upon the initiative of any of these groups, through a regular procedure of the National Bureau of Standards established for that purpose.¹

With certain exceptions² current recommendations are available in printed form for 5 cents per copy, unless otherwise indicated. When ordering give number and title of the publication, as, for example, "R107-31, Glassine Bags."

A discount of 25 percent will be allowed on orders for 100 or more copies.

DOMESTIC ORDERS for publications should be addressed to the Superintendent of Documents, Government Printing Office, Washington, D.C., and accompanied by coupons (obtainable from the Superintendent of Documents, in sets of 20 for \$1.00 and good until used), or by check or money order payable to the "Superintendent of Documents." REMITTANCE IS REQUIRED IN ADVANCE OF SHIPMENT. The prices in this list are for publications which are to be delivered to addresses in the United States and its possessions, and to countries extending the franking privilege.

ORDERS FROM OTHER COUNTRIES should identify the desired publications by number and title, and should be accompanied by remittances which include one-third of the total cost of the specified publications, to cover postage. Remittances should be made payable to the "Superintendent of Documents," and mailed with order to that officer at the Government Printing Office, Washington, D.C., U.S.A.

¹The procedure is explained in detail in Simplified Practice, Its Purpose and Application, Letter Circular LC-590, April 15, 1940, Division of Simplified Practice, National Bureau of Standards.

²Numbers indicated by an asterisk (*) are available, at present, only in mimeographed form. They can be obtained, free of charge, from the Division of Simplified Practice, National Bureau of Standards, Washington, D.C.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes the need for transparency and accountability in financial reporting.

2. The second part of the document outlines the various methods and techniques used to collect and analyze data. It includes a detailed description of the experimental procedures and the statistical analysis performed on the results.

3. The third part of the document presents the results of the study, including a comparison of the different methods and a discussion of the implications of the findings.

4. The fourth part of the document discusses the limitations of the study and suggests areas for future research.

5. The fifth part of the document provides a conclusion and summarizes the main findings of the study.

6. The sixth part of the document includes a list of references and a bibliography of the sources used in the study.

7. The seventh part of the document contains a list of appendices and supplementary materials.

8. The eighth part of the document includes a list of figures and tables.

9. The ninth part of the document contains a list of footnotes and endnotes.

10. The tenth part of the document includes a list of acknowledgments and a list of authors.

11. The eleventh part of the document contains a list of contact information and a list of addresses.

12. The twelfth part of the document includes a list of other relevant information and a list of references.
