NATIONAL BUREAU OF STANDARDS

WASHINGTON 25

Letter
Circular
LC-816
(Supersedes
LC-794)

SIMPLIFIED PRACTICE RECOMMENDATIONS

Alphabetical List, Revised to February 1, 1946

Simplified Practice means reduction of excessive variety of manufactured products, or of methods. Simplified Practice Recommendations are records of stock items retained after superfluous variety has been eliminated. These recommendations are developed by voluntary cooperation among manufacturers, distributors, consumers, and other interests, upon the initiative of any of these groups, through a regular procedure of the National Bureau of Standards established for that purpose.¹

With certain exceptions² current recommendations are available in printed form for 5 cents per copy, unless otherwise indicated. When ordering give number and title of the publication, as, for example, "R107-31, Glassine Bags."

A discount of 25 percent will be allowed on orders for 100 or more copies.

Domestic orders for publications should be addressed to the Superintendent of Documents, Government Printing Office, Washington, D. C., and accompanied by coupons (obtainable from the Superintendent of Documents, in sets of 20 for \$1.00 and good until used), or by check or money order payable to the "Superintendent of Documents." Remittance is required in advance of shipment. The prices in this list are for publications which are to be delivered to addresses in the United States and its possessions, and to countries extending the franking privilege.

Orders from other countries should identify the desired publications by number and title, and should be accompanied by remittances which include one-third of the total cost of the specified publications, to cover postage. Remittances should be made payable to the "Superintendent of Documents," and mailed with order to that officer at the Government Printing Office, Washington, D. C., U.S.A.

¹The procedure is explained in detail in Simplified Practice, Its Purpose and Application, Letter Circular LC-590, April 15, 1940, Division of Simplified Practice, National Bureau of Standards.

²Numbers indicated by an asterisk (*) are available, at present, only in mimeographed form. They can be obtained, free of charge, from the Division of Simplified Practice, National Bureau of Standards, Washington 25, D. C.
