BIBLIOGRAPHY ON STANDARDIZATION

Supplementary to the Lists Printed in the Standards Yearbook, 1928, 1929, 1930, and 1931

[Compiled by Anne L. Baden, division of bibliography, Library of Congress, under the direction of Florence S. Hellman, acting chief bibliographer. The call numbers accompanying the entries are those of the Library of Congress.]

The following bibliography comprises references to the general literature. Care has been taken to omit citations to the more specialized literature on standardization of specific commodities.

Agnew, Paul Gough:

The national industrial standardization movement. Review of scientific instruments, Dec. 1930, v. 1: 705-710.

Discusses stages of development by individual firms, societies, and associations, on national and international scale.

The rôle of the trade association in standardization. American standards association. Bulletin, June, 1930, no. 50: 3-6.

Technical standards for consumer goods: A "five-year plan"? American standards association. Bulletin, July, 1931, p. 15-18.

American institute of weights and measures. Measurement units and standards; devoted to the practical art of measurement in world industry, manufacture, and commerce. Spring edition. New York, The Institute, 1931. 32 p.

American management association. (Committee on the stabilization of industry for the prevention of unemployment.) Less unemployment through stabilization of operations. A report to Franklin D. Roosevelt. New York, American management association, 1931. 96 p.

American mining congress holds successful group conferences. Mining congress journal, Jan, 1931, v. 17: 26-31. TN5.A7, v. 17.

"Standards conferences": p. 30.

American society for testing materials:

American society for testing materials reports progress in standardization. 1930 an active year for society—work of its committees reviewed. U. S. Bureau of standards. Commercial standards monthly, Mar. 1931, v. 7: 290-291. HD62.U3, v. 7.

Bulletin, 1930-1931. Philadelphia, American society for testing materials, 1930-1931. TA401.A68.

Index to American society for testing materials standards and tentative standards, as of September, 1930. Philadelphia, American society for testing materials, 1930. 113 p.

Proceedings of the thirty-third annual meeting, held at Atlantic City, N. J., June 23-27, 1930. Philadelphia, American society for testing materials, 1930. 2 v. TA401.A5, 1930.

Tentative revisions of standards are discussed in vol. 1.

Report of Committee E-10 on standards. (In its Proceedings, 1930. Philadelphia, 1930. v. 1, p. 955-962.) TA401.A5, 1930, v. 1.

Deals with the work of the committee, the promotion and expansion of standardization activities, annual review of the American society for testing materials standardization activities, consideration of proposed new tentative standards, etc.

American society for testing materials—Continued.

A review of activities during 1930. Its Bulletin, Jan. 30, 1931, no. 48:1-3, 6-10. TA401.A68, no. 48.

Scope of current standardization projects reviewed. U. S. Bureau of standards. Commercial standards monthly, Aug. 1931, v. 8:41. HD62.U3, v. 8.

Standards. 1930 edition. Philadelphia, American society for testing materials, 1930. 2 v. TA401.A64, 1930.

Tentative standards, 1930 edition. Philadelphia, American society for testing materials, 1930. 864 p. TA401.A65, 1930.

Contains 155 tentative specifications, methods of test, definitions of terms, and recommended practices, 28 relating to metals and 127 to nonmetallic materials and products.

Yearbook, 1931. Philadelphia, American society for testing materials, 1931. 340 p. TA401.A6, 1931.

American standards association:

American standards yearbook, 1931. New York, American standards association, 1931. 102 p. TA1.A282, 1931.
