PREFACE

This compilation of weights and measures laws is the fourth such compilation to be published by the National Bureau of Standards, earlier volumes having been issued in 1904, 1912, and 1926. This volume supersedes National Bureau of Standards Miscellaneous Publication M20, Third Edition (1926), "Federal and State Laws Relating to Weights and Measures".

The information here presented is not elsewhere available in a single volume, and comprises a collection of Federal and State laws, and certain Federal regulations, dealing with the regulatory control of commercial weighing and measuring equipment and practices. The effort has been to bring the material completely up to date through the 1949 sessions of the several State legislatures. The material has been selected for publication on the basis of presenting what will be most useful in this field to weights and measures officials, lawyers, equipment manufacturers, shippers, and business interests in general, and material considered of secondary importance or interest has consistently been eliminated from those sections which are reported.

Citations are given to the latest available official codes or compiled statutes, to the latest generally accepted compiled statutes if "official" works are not available, or, in the case of the more recent enactments, to the session laws. Thus those requiring to do so may readily locate the original sources from which the extracts published herein have been obtained. Dates of original enactment and last amendment are included, insofar as these could be determined. Separate, detailed tables of contents for the laws of each State and for the Federal laws, and a comprehensive topical index of the entire volume combine to provide means for locating quickly and effectively specific statutory provisions of each jurisdiction.

There has been for a number of years a growing demand from those enforcing or affected by weights and measures legislation, and from students, for an up to date compilation of the laws on this subject. It is believed that the needs of these groups will be met adequately by this publication. It is believed further, that this presentation of the prevailing statutory basis for weights and measures supervision and control in the United States will tend strongly to promote uniformity among the several jurisdictions and to encourage the strengthening of the laws and the extension of weights and measures supervision to areas not now adequately protected. Such results will be a valuable contribution to the orderly exchange of commodities and services in the commerce of the Nation.

E. U. CONDON,
Director, National Bureau of Standards.

Federal and State Weights and Measures Laws

INTRODUCTION

The authority of the Congress of the United States in the field of weights and measures is found in the Constitution of the United States in two places in the same section, these being clause 3 and clause 5 of Section 8 of Article I. The first of these is commonly spoken of as the "interstate commerce" clause and the second as the "weights and measures" clause. Enactments under clause 3 are interstate only in their application; enactments under clause 5 are intrastate as well as interstate in their application, and so govern transactions wholly within a State as well as transactions between States. If there is any conflict between the provisions of an "intrastate" Federal law and a State law, the Federal requirement supersedes the conflicting State requirement.

The text of the United States Constitutional provisions is as follows:

Const. U. S., Art. I.

Sec. 8. The Congress shall have Power * * * To regulate Commerce with foreign Nations, and among the several States, and with the Indian Tribes; * * * To coin Money, regulate the Value thereof, and of foreign Coin, and fix the Standard of Weights and Measures; * * *

The Congress has enacted only a very few laws regulating weights and measures or weighing or measuring practices. The principal acts of this character which are now in effect are the following, all of which are reported in the section on Federal laws:

1. The Standard Barrel Act (1915), which establishes a barrel for "fruits, vegetables, and other dry commodities other than cranberries" and another somewhat smaller barrel for cranberries. This act is *intrastate* in its application.

2. The Standard Lime Barrel Act (1916), which establishes a "large" and a "small" barrel for lime. This act is *interstate* in its application.

3. The Standard Container Act of 1916, which establishes standard climax baskets for grapes and other fruits and vegetables and standard baskets and other containers for small fruits, berries, and vegetables. This act is *interstate* in its application.

4. The Standard Container Act of 1928, which establishes standard hampers, round stave baskets, and splint baskets for fruits and vegetables. This act is *intrastate* in its application.

5. The Packers and Stockyards Act (1921), under which there is prescribed a degree of Federal control over weighing facilities and practices at certain stockyards and live poultry markets.

6. The Food, Drug and Cosmetic Act (1938), which supersedes the Food and Drugs Act (1913), and which, among other provisions, deals with misbranded food, drugs, devices, and cosmetics when in package form. This act is *interstate* in its application.

For reasons which are not clear at this time the Congress was very slow to act on the subject of

weights and measures during the early years of the Nation's existence. Although there is a record of sporadic discussions relative to the important matter of adoption of standards, beginning with the first message of President Washington on January 8, 1790, the first effective action of the Congress toward this end was the passage of the Mint Act of 1828, the pertinent part of which was as follows:

That, for the purpose of securing a due conformity in weight of the coins of the United States * * * the brass troy pound procured by the minister of the United States at London, in the year one thousand eight hundred and twenty-seven, for the use of the mint, and now in the custody of the Mint at Philadelphia, shall be the standard troy pound of the Mint of the United States, conformably to which the coinage thereof shall be regulated.

In amended form this provision is still in effect, as reported on page 40 under the citation, U. S. Code, 1946 Ed., Title 31, Ch. 8, Sec. 364.

Two years after passage of the Mint Act there was offered to the Senate (on May 29, 1830) a resolution which, being unanimously adopted, started a chain of events which culminated in the establishment of a uniform system of weights and measures standards for the United States. This Senate Resolution was as follows:

Resolved, That the Secretary of the Treasury be directed to cause a comparison to be made of the standards of weights and measures now used at the principal custom-houses in the United States, and report to the Senate at the next session of Congress.

The adoption of this resolution followed upon a report to the Senate by one of its committees to the effect that investigation had disclosed differences in the standards used in the custom houses with resulting revenue losses of large amount.

For an account of what immediately followed, quotation is made from National Bureau of Standards Miscellaneous Publication M122, "Weights and Measures in Congress", pp. 14-15:

The Secretary of the Treasury at the time the comparison of standards used in the customhouses was begun was S. D. Ingham. He delegated this work to Ferdinand Rudolph Hassler, who was at that time Superintendent of the Coast Survey. Mr. Hassler made his first report on March 3, 1831, which was transmitted to the President of the United States and to the Senate by Secretary Ingham. A more complete report was submitted by Mr. Hassler on June 20, 1832. Louis McLane was Secretary of the Treasury at this time, and in his letter of transmittal to the President of the Senate, Mr. McLane stated that Mr. Hassler's investigations showed that large discrepancies were found to exist among the weights and measures in use at the different ports. While some discrepancies

were large and some small, the average value of the various denominations agreed fairly well with the weights and measures in use in Great Britain at the time of the American Revolution. Mr. McLane further stated: "It is, nevertheless, a serious evil, inasmuch as it produces inequalities in the duties levied at the different ports; and thus contravenes the spirit of the Constitution, which declares that all duties, imposts, and excises, shall be uniform throughout the United States. It is believed, however, that this department has full authority to correct the evil, by causing uniform and accurate weights and measures, and authentic standards, to be supplied to all customhouses."

The Secretary of the Treasury gave a broad interpretation to the resolution of May 29, 1830, as is indicated by the statement above, and instructed Mr. Hassler to proceed to the construction of the weights and measures to be supplied to the customhouses in order to assure uniformity in the customs. Preliminary to the construction of these weights and measures, it was necessary to select the units and prepare the standards. It was decided that the yard of 36 inches, the avoirdupois pound of 7,000 grains, the gallon of 231 cubic inches, and the bushel of 2,150.42 inches be adopted.

The brass bar made by Troughton of London for the Coast and Geodetic Survey and brought to this country by Hassler in 1813, was adopted as the standard of length. This bar was 82 inches long, and the standard yard selected was the one comprised between the twenty-seventh and the sixty-third inch marks. This was believed equal to the English standard yard at 62° Fahrenheit, although direct comparison with that standard had not been made.

The avoirdupois pound was derived from the troy pound of the mint. For this purpose, the avoirdupois pound was assumed to be 7000/5760 pounds troy.

The units of capacity selected were closer than any other to the average in use at that time in the United States. They were the wine gallon of 231 cubic inches and the Winchester bushel of 2,150.42 cubic inches.

After the adoption of the units referred to above, the work of constructing the weights and measures for the customhouses was begun in earnest. Hassler made progress reports to the Secretary of the Treasury over a period of several years. His letters are full of interesting statements about the work in general, and the difficulties encountered in the performance of so large and responsible a task are clearly shown.

While Hassler and his assistants were working at feverish haste to complete the construction of the standards, a memorial was sent to Congress from businessmen of Philadelphia urging Congress to establish a standard of weights and measures. The memorial was referred to a committee of which Representative Horace Binny was chairman. Representative Binny reported from that committee on February 17, 1835. He reviewed previous action of Congress on this subject, and read extracts from Hassler's reports which he hoped would make Congress realize the confused state of affairs in commercial transactions. He offered the following resolution:

Resolved, That it is highly expedient that the Treasury Department should complete, with as little delay as practicable, the fabrication of standards of weights and measures, for the supply of the different customhouses of the United States, upon the principles set forth in the reports of the Secretary of the Treasury to the Senate, on March 3, 1831, and June 20, 1832.

Representative Binny had obtained several letters and progress reports of the work which Hassler had written to the Secretary of the Treasury. These were read and made a part of the records of Congress, together with the above resolution.

The Binny resolution was not adopted as offered, but in the following year there was adopted a Joint Resolution directing distribution of Standards to the States, as follows:

Joint Resolution of Congress, June 14, 1836.

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the

Secretary of the Treasury be, and he hereby is, directed to cause a complete set of all weights and measures adopted as standards and now either made or in progress of manufacture for the use of the several customhouses, and for other purposes, to be delivered to the governor of each State in the Union, or such person as he may appoint, for the use of the States, respectively, to the end that a uniform standard of weights and measures may be established throughout the United States.

The Joint Resolution of 1836 was supplemented in 1838 by legislation which directed the Secretary of the Treasury to furnish balances to the States. This provision was added as one of numerous amendments to an appropriation act, the original purpose of which was "to provide for the support of the Military Academy of the United States for the year 1838", as follows:

Public 53, 25th Congress, 2nd Session, July 7, 1838.

* * * * *

Sec. 7. *And be it further enacted*, That the Secretary of the Treasury cause to be made, under the superintendence of Mr. Hassler, one standard balance for each State, and when completed that he cause them to be delivered to the respective Governors for the use of the respective States.

Under this authority not *one* balance, but *three* balances were prepared for each State.

The Joint Resolution of 1836 and the law of 1838 were supplemented by two other Joint Resolutions, in 1866 and 1881, authorizing further distribution of standards, as follows:

Joint Resolution of Congress, July 27, 1866.

Be it resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Treasury be, and he is hereby, authorized and directed to furnish to each State, to be delivered to the governor thereof, one set of standard weights and measures of the metric system for the use of the States, respectively.

Joint Resolution of Congress, March 3, 1881.

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Treasury be, and he is hereby, directed to cause a complete set of all the weights and measures adopted as standards to be delivered to the governor of each State in the Union, for the use of agricultural colleges in the States, respectively, which have received a grant of lands from the United States, and also one set of the same for the use of the Smithsonian Institution: *Provided*, That the cost of each set shall not exceed two hundred dollars, and a sum sufficient to carry out the provisions of this resolution is hereby appropriated out of any money in the Treasury not otherwise appropriated.

The practical effect of the distribution of standards and balances as authorized by the Joint Resolutions of 1836, 1866, and 1881, and the law of 1838 has been the adoption by States as State standards, of the standards so furnished. As a consequence there is uniformity of standards throughout the country as a result of Congressional action but without any broad and specific Congressional requirement to that effect.

In 1866 the Congress passed a law legalizing the use throughout the United States of the metric sys-

tem of weights and measures and including tables of legal equivalents for metric units in terms of units of weight and measure customarily in use in the United States. This important statute is commonly referred to in weights and measures circles as the "Law of 1866"; its provisions are reported on page 10 under the citation, U. S. Code, 1946 Ed., Title 15, Ch. 6, Metric System.

The United States was one of the signatories to a treaty known as the "Metric Convention", signed in 1875, under the terms of which the International Bureau of Weights and Measures was created and its duties prescribed. A translation of the convention, and of appendix No. 1 containing the regulations appended thereto, as amended, follows:

Metric Convention: Signed at Paris, May 20, 1875; ratification advised by the Senate, May 15, 1878; ratified by the President, May 28, 1878; ratifications exchanged, August 2, 1878; proclaimed, September 27, 1878. As amended by the convention signed at Sevres, October 6, 1921; ratification advised by the Senate, January 5, 1923; ratified by the President, September 19, 1923; ratification of the United States, deposited with the Government of the French Republic, October 24, 1923; proclaimed, October 27, 1923.

His Excellency the President of the United States of America, His Majesty the Emperor of Germany, His Majesty the Emperor of Austria-Hungary, His Majesty the King of the Belgians, His Majesty the Emperor of Brazil, His Excellency the President of the Argentine Confederation, His Majesty the King of Denmark, His Majesty the King of Spain, His Excellency the President of the French Republic, His Majesty the King of Italy, His Excellency the President of the Republic of Peru, His Majesty the King of Portugal and the Algarves, His Majesty the Emperor of all the Russias, His Majesty the King of Sweden and Norway, His Excellency the President of the Swiss Confederation, His Majesty the Emperor of the Ottomans, and His Excellency the President of the Republic of Venezuela, desiring international uniformity and precision in standards of weight and measure, have resolved to conclude a convention to this effect, and have named as their plenipotentiaries the following: * * *

Who, after having exhibited their full powers, which were found to be in good and due form, have agreed upon the following articles:

Article 1. The high contracting parties engage to establish and maintain, at their common expense, a scientific and permanent international bureau of weights and measures, the location of which shall be at Paris.

Art. 2. The French Government shall take all the necessary measures to facilitate the purchase, or, if expedient, the construction, of a building which shall be especially devoted to this purpose, subject to the conditions stated in the regulations which are subjoined to this convention.

Art. 3. The operation of the international bureau shall be under the exclusive direction and supervision of an international committee of weights and measures, which latter shall be under the control of a general conference for weights and measures, to be composed of the delegates of all the contracting Governments.

Art. 4. The general conference for weights and measures shall be presided over by the president for the time being of the Paris Academy of Sciences.

Art. 5. The organization of the bureau, as well as the formation and the powers of the international committee, and of the general conference for weights and measures, are established by the regulations subjoined to this convention.

Art. 6. The international bureau of weights and measures shall be charged with the following duties:

First. All comparisons and verifications of the new prototypes of the meter and kilogram.

Second. The custody of the international prototypes.

Third. The periodical comparison of the national standards with the international prototypes and with their test copies, as well as comparisons of the standard thermometers.

Fourth. The comparison of the prototypes with the fundamental standards of nonmetrical weights and measures used in different countries for scientific purposes.

Fifth. The sealing and comparison of geodesic measuring bars.

Sixth. The comparison of standards and scales of precision, the verification of which may be requested by governments or by scientific societies, or even by constructors or men of science.

Art. 7. After the committee shall have proceeded with the work of coordinating the measures relative to electric units and when the general conference shall have so decided by a unanimous vote, the bureau will have charge of the establishment and keeping of the standards of the electric units and their test copies and also of comparing with those standards, the national or other standards of precision.

The bureau is also charged with the duty of making the determinations relative to physical constants, a more accurate knowledge of which may be useful in increasing precision and further insuring uniformity in the provinces to which the above-mentioned units belong (article 6 and first paragraph of article 7).

It is finally charged with the duty of coordinating similar determinations effected in other institutions.

Art. 8. The international prototypes and standards and also their test copies shall be deposited in the bureau; access to the deposit shall be solely reserved for the international committee.

Art. 9. The entire expense of the construction and outfit of the international bureau of weights and measures, together with the annual cost of its maintenance and the expenses of the committee, shall be defrayed by contributions from the contracting states, the amount of which shall be computed in proportion to the actual population of each.

Art. 10. The amounts representing the contributions of each of the contracting States shall be paid at the beginning of each year, through the ministry of foreign affairs of France, into the *Caisse de dépôts et consignations* at Paris, whence they may be drawn as occasion may require, upon the order of the director of the bureau.

Art. 11. Those Governments which may take advantage of the privilege, open to every State, of acceding to this convention shall be required to pay a contribution, the amount of which shall be fixed by the committee on the basis established in article 9, and which shall be devoted to the improvement of the scientific apparatus of the bureau.

Art. 12. The high contracting parties reserve to themselves the power of introducing into the present convention, by common consent, any modifications the propriety of which may have been shown by experience.

Art. 13. At the expiration of twelve years this convention may be abrogated by any one of the high contracting parties, so far as it is concerned.

Any Government which may avail itself of the right of terminating this convention, so far as it is concerned, shall be required to give notice of its intentions one year in advance, and by so doing shall renounce all rights of joint ownership in the international prototypes and in the bureau. * * *

Appendix No. 1, Regulations.

Article 1. The international bureau of weights and measures shall be established in a special building, possessing all the necessary safeguards of stillness and stability.

It shall comprise, in addition to the vault, which shall be devoted to the safe-keeping of the prototypes, rooms for mounting the comparators and balances; a laboratory, a library, a room for the archives, workrooms for the employes, and lodgings for the watchmen and attendants.

Art. 2. It shall be the duty of the international committee to acquire and fit up the aforesaid building and to set in operation the work for which it was designed.

In case of the committee's inability to obtain a suitable

building one shall be built under its directions and in accordance with its plans.

Art. 3. The French Government shall, at the request of the international committee, take the necessary measures to cause the bureau to be recognized as an establishment of public utility.

Art. 4. The international committee shall cause the necessary instruments to be constructed, such as comparators for the standards of line and end measures, apparatus for the determination of absolute dilatations, balances for weighing in air and in vacuo, comparators for geodetic measuring bars, etc.

Art. 5. The entire expense incurred in the purchase or construction of the building, and in the purchase and placing of the instruments and apparatus, shall not exceed 400,000 francs.

Art. 6. The annual appropriation for the international bureau consists of two parts, one of which is fixed, the other complementary.

The fixed part is, in principle, 250,000 francs, but on the unanimous vote of the committee may be raised to 300,000 francs. It is borne by all the States and autonomous colonies that adhered to the meter convention before the sixth general conference.

The complementary part is made up of contributions from the States and autonomous colonies that joined the convention after the aforesaid general conference. The committee is charged with the duty of drawing up on the motion of the director the annual budget, but without exceeding the amount computed in accordance with the provisions of the two paragraphs above. The budget is made known every year by means of a special financial report to the Governments of the high contracting parties.

If the committee find it necessary either to increase beyond 300,000 francs the fixed part of the annual appropriation or to modify the computation of the contributions as determined by article 20 of these regulations, it should lay the matter before the Governments so as to enable them to issue in good time the needed instructions to their delegates to the next general conference in order that the said conference may deliberate to good purpose. The decision will stand only in the case that no opposition shall have been expressed before or in the conference by any of the contracting States.

If the State should let three years go without paying its contribution, that contribution shall be divided among the other States proportionally to their own contribution. The additional sum thus paid by the States to make up the whole of the appropriation of the bureau shall be regarded as an advance to the delinquent State and shall be reimbursed to them if that State should make good its arrears. The advantages and prerogatives conferred by adhering to the meter convention are suspended in the case of States that have been delinquent three years.

After three more years the delinquent State shall be expelled from the convention and the reckoning of the contributions restored in accordance with the provisions of article 20 of these regulations.

Art. 7. The general conference mentioned in article 3 of this convention shall be at Paris, upon the summons of the international committee, at least once every six years.

It shall be its duty to discuss and initiate measures necessary for the dissemination and improvement of the metrical system, and to pass upon such new fundamental metrological determinations as may have been made during the time when it was not in session. It shall receive the report of the international committee concerning the work that has been accomplished, and shall replace one-half of the international committee by secret ballot.

The voting in the general conference shall be by States; each State shall be entitled to one vote.

Each of the members of the international committee shall be entitled to a seat at the meetings of the conference. They may at the same time be delegates of their Governments.

Art. 8. The international committee mentioned at article 3 of the convention shall be composed of 18 members all from different States.

At the time of the renewal by halves of the international committee the outgoing members shall be first those who may have been provisionally elected to fill vacancies between two sessions of the conference; the others will be drawn by lot. Outgoing members may be reelected.

Art. 9. The international committee organizes itself by electing by its own secret vote its chairman and secretary. Those appointments are notified to the Governments of the high contracting parties.

The chairman and the secretary of the committee and the director of the bureau must belong to different countries.

Once organized, the committee can not hold other elections or make other appointments until three months shall have elapsed after the notice of a vacancy calling for a vote shall have been given to all the members.

Art. 10. The international committee directs all the metrological works that the high contracting parties shall decide to have carried on jointly.

It is also charged with the duty of seeing to the conservation of the international prototypes and standards.

It may, lastly, institute the cooperation of specialists in questions of metrology and coordinate the results of their work.

Art. 11. The committee shall meet at least once in two years.

Art. 12. The balloting in the committee is by a majority vote; in case of a tie vote the chairman has the casting vote.

Decisions are only valid if the members present are at least one half of the elected members forming the committee.

Subject to that condition absent members have a right to delegate their votes to present members who must prove that they have been so delegated. This also applies to appointments by secret ballot.

The director of the bureau is a nonvoting member of the committee.

Art. 13. During the interval occurring between two sessions the committee shall have the right to discuss questions by correspondence.

In such cases, in order that its resolutions may be considered to have been adopted in due form, it shall be necessary for all the members of the committee to have been called upon to express their opinions.

Art. 14. The international committee for weights and measures shall provisionally fill such vacancies as may occur in it; these elections shall take place by correspondence, each of the members being called upon to take part therein.

Art. 15. The international committee will draw up a detailed set of regulations for the organization and work of the bureau and will fix the dues to be paid for the extraordinary works provided by articles 6 and 7 of the convention.

Those dues will be applied to improving the scientific equipment of the bureau. A certain amount may be drawn annually for the retirement fund from the total dues collected by the bureau.

Art. 16. All communications from the international committee to the Governments of the high contracting parties shall take place through the diplomatic representatives of such countries at Paris.

For all matters requiring the attention of the French authorities, the committees shall have recourse to the ministry of foreign affairs of France.

Art. 17. A regulation drawn up by the committee will determine the maximum staff for each category of the personnel of the bureau. The director and his assistants shall be elected by secret ballot by the international committee. Other appointments shall be notified to the Governments of the high contracting parties. The director will appoint the other members of the personnel within the bounds laid by the regulation mentioned in the first paragraph above.

Art. 18. The director of the bureau shall have access to the place where the international prototypes are deposited only in pursuance of a resolution of the committee and in the presence of at least one of its members. The place of deposit of the prototype shall be opened only by means of three keys, one of which shall be in the possession of the director of archives

of France, the second in that of the chairman of the committee, and the third in that of the director of the bureau.

The standards of the class of national prototypes alone shall be used for the ordinary comparing work of the bureau.

Art. 19. The director of the bureau shall annually furnish to the committee: First, a financial report concerning the accounts of the preceding year, which shall be examined, and if found correct, a certificate to that effect shall be given him; second, a report on the condition of the apparatus; third, a general report concerning the work accomplished during the course of the year just closed.

The international committee shall make to each of the Governments of the high contracting parties an annual report concerning all its scientific, technical, and administrative operations, and concerning those of the bureau. The chairman of the committee shall make a report to the general conference concerning the work that has been accomplished since its last session.

The reports and publications of the committee shall be in the French language. They shall be printed and furnished to the Governments of the high contracting parties.

Art. 20. The scale of contributions spoken of in article 9 of the convention is established for its fixed part on the basis of the appropriation referred to in article 6 of the present regulations and of the population; the normal contribution of each State can not be less than five to a thousand nor more than 15 per cent of the whole appropriation, regardless of the population. In order to establish that scale, it shall first be found which are the States that are in the conditions required for the minimum and maximum and the remainder of the quota shall be distributed among the other States in the direct ratio of their population.

The quota thus reckoned stands for the whole time included between two consecutive general conferences and can only be modified in the meanwhile in the following cases:

(a) If one of the adhering States allows three successive years to pass without making its payments;

(b) When, on the contrary, a State which had been previously delinquent for more than three years pays up its arrears, and the occasion arises to return to the other Governments the advances made by them.

The complementary contribution is computed on the same basis of population and is like that which the States that have long belonged to the convention pay under the same conditions.

If after adhering to the convention a State declares it would like to extend the benefits thereof to one or more of its colonies that are not autonomous, the number of the population of the said colonies would be added to that of the State in reckoning the scale of contributions.

When a colony that is recognized as autonomous shall desire to adhere to the convention, it will be regarded with respect to its admission into the convention and as the mother country may decide, either as a dependency of that mother country or as a contracting State.

Art. 21. The expense of constructing the international prototypes and the standards and test copies which are to accompany them shall be defrayed by the high contracting parties in accordance with the scale fixed in the foregoing article.

The amounts to be paid for the comparison and verification of standards required by States not represented at this convention shall be regulated by the committee in conformity with the rates fixed in virtue of article 15 of the regulations.

Art. 22. These regulations shall have the same force and value as the convention to which they are annexed. * * *

On January 2, 1890, "meter No. 27" and "kilogram No. 20", being copies of the international prototype meter and kilogram preserved at the International Bureau of Weights and Measures, were opened at the White House and accepted by President Harrison as national standards. Duplicates of these, being "meter No. 21" and "kilogram No. 4", were received later in the same year. These standards were

given into the custody of the Office of Standard Weights and Measures of the Coast and Geodetic Survey of the Treasury Department.

In 1893 a ruling of fundamental importance with respect to standards was made by T. C. Mendenhall, the Superintendent of Standard Weights and Measures. This ruling, which subsequently came to be known as the "Mendenhall Order", was approved April 5, 1893, by the Secretary of the Treasury; its essential part is as follows:

Bulletin No. 26, "Fundamental Standards of Length and Mass", United States Coast and Geodetic Survey, Treasury Department, April 5, 1893.

* * * the Office of Weights and Measures, with the approval of the Secretary of the Treasury, will in the future, regard the International Prototype Metre and Kilogramme as fundamental standards, and the customary units, the yard and the pound, will be derived therefrom in accordance with the Act of July 28, 1866. * * *

Bulletin No. 26 also carried a "Note", as follows:

NOTE.—Reference to the Act of 1866, results in the establishment of the following:

Equations

$$1 \text{ yard} = \frac{3600}{3937} \text{ metre.}$$

$$1 \text{ pound avoirdupois} = \frac{1}{2.2046} \text{ kilo.}$$

A more precise value of the English pound avoirdupois is

$$\frac{1}{2.20462} \text{ kilo.,}$$

differing from the above by about one part in one hundred thousand, but the equation established by law is sufficiently accurate for all ordinary conversions.

As already stated, in work of high precision the kilogramme is now all but universally used and no conversion is required.

The National Bureau of Standards continues to consider the relation

$$1 \text{ yard} = \frac{3600}{3937} \text{ meter}$$

which may also be expressed

$$1 \text{ meter} = 39.37 \text{ inches}$$

as an exact equivalent. In the case of the relation between the avoirdupois pound and the kilogram, however, the National Bureau of Standards now recognizes as the fundamental relation

$$1 \text{ avoirdupois pound} = 0.453\,592\,427\,7 \text{ kilogram}$$

which corresponds with

$$1 \text{ kilogram} = 2.204\,622\,341 \text{ avoirdupois pounds.}$$

Certain additional nonstatutory material, referring to units of the metric system, is reported here to make it a matter of record in connection with the weights and measures laws:

Order of the Treasury Department to officers of the customs, June 17, 1913.

On and after July 1, 1913, the unit of weight for imported diamonds, pearls and other precious stones will be the metric carat of 200 milligrams.

Circular C43 of the National Bureau of Standards, November 1, 1913.

Beginning July 1, 1913, the Bureau of Standards will recognize the international metric carat of 200 milligrams as the unit of weight for diamonds and other precious stones and will use this unit for the purposes of certification of all carat weights submitted to the Bureau for test.

Army Regulations, 1944, Regulation 40-590, paragraph 17-b.

In time of peace and, so far as practicable, in time of war all prescriptions shall be written in the metric system. • • •

NOTE.—The National Bureau of Standards was in the Treasury Department until the creation of the Department of Commerce and Labor by Act Feb. 14, 1903, Ch. 552, 32 Stat. 826, when it was transferred to that Department. Subsequently, by Act Mar. 4, 1913, Ch. 141, 37 Stat. 737, the Department of Commerce and Labor was divided into the Department of Commerce and the Department of Labor at which time the National Bureau of Standards was assigned to the Department of Commerce.]

Sec. 272. Functions and activities.

The Secretary of Commerce (hereinafter referred to as the "Secretary") is authorized to undertake the following functions:

(a) The custody, maintenance, and development of the national standards of measurement, and the provision of means and methods for making measurements consistent with those standards, including the comparison of standards used in scientific investigations, engineering, manufacturing, commerce, and educational institutions with the standards adopted or recognized by the Government.

(b) The determination of physical constants and properties of materials when such data are of great importance to scientific or manufacturing interests and are not to be obtained of sufficient accuracy elsewhere.

(c) The development of methods for testing materials, mechanisms, and structures, and the testing of materials, supplies, and equipment, including items purchased for use of Government departments and independent establishments.

(d) Cooperation with other governmental agencies and with private organizations in the establishment of standard practices, incorporated in codes and specifications.

(e) Advisory service to Government agencies on scientific and technical problems.

(f) Invention and development of devices to serve special needs of the Government.

In carrying out the functions enumerated in this section, the Secretary is authorized to undertake the following activities and similar ones for which need may arise in the operations of Government agencies, scientific institutions, and industrial enterprises:

- (1) the construction of physical standards;
- (2) the testing, calibration, and certification of standards and standard measuring apparatus;
- (3) the study and improvement of instruments and methods of measurements;

(4) the investigation and testing of railroad track scales, elevator scales, and other scales used in weighing commodities for interstate shipment;

(5) cooperation with the States in securing uniformity in weights and measures laws and methods of inspection;

(6) the preparation and distribution of standard samples such as those used in checking chemical analyses, temperature, color, viscosity, heat of combustion, and other basic properties of materials; also the preparation and sale or other distribution of standard instruments, apparatus and materials for calibration of measuring equipment;

(7) the development of methods of chemical analysis and synthesis of materials, and the investigation of the properties of rare substances;

(8) the study of methods of producing and of measuring high and low temperatures; and the behavior of materials at high and at low temperatures;

(9) the investigation of radiation, radioactive substances, and X-rays, their uses, and means of protection of persons from their harmful effects;

(10) the study of the atomic and molecular structure of the chemical elements, with particular reference to the characteristics of the spectra emitted, the use of spectral observations in determining chemical composition of materials, and the relation of molecular structure to the practical usefulness of materials;

(11) the broadcasting of radio signals of standard frequency;

(12) the investigation of the conditions which affect the transmission of radio waves from their source to a receiver;

(13) the compilation and distribution of information on such transmission of radio waves as a basis for choice of frequencies to be used in radio operations;

(14) the study of new technical processes and methods of fabrication of materials in which the Government has a special interest; also the study of methods of measurement and technical processes used in the manufacture of optical glass and pottery, brick, tile, terra cotta, and other clay products;

(15) the determination of properties of building materials and structural elements, and encouragement of their standardization and most effective use, including investigation of fire-resisting properties of building materials and conditions under which they may be most efficiently used, and the standardization of types of appliances for fire prevention;

(16) metallurgical research, including study of alloy steels and light metal alloys; investigation of foundry practice, casting, rolling, and forging; prevention of corrosion of metals and alloys; behavior of bearing metals; and development of standards for metals and sands;

(17) the operation of a laboratory of applied mathematics;

(18) the prosecution of such research in engineering, mathematics, and the physical sciences as may be necessary to obtain basic data pertinent to the functions specified herein; and

(19) the compilation and publication of general scientific and technical data resulting from the performance of the functions specified herein or from other sources when such data are of importance to scientific or manufacturing interests or to the general public, and are not available elsewhere, including demonstration of the results of the Bureau's work by exhibits or otherwise as may be deemed most effective. [1901; last amended 1950.]

[ED. NOTE.—The text of the above section as here presented is from Public Law 619—81st Congress, Chapter 486—2nd Session, approved July 22, 1950, which by its terms amends Section 2 of the Act of March 3, 1901 (31 Stat. 1449). Section 2 of the Act of March 3, 1901 is now codified as Section 272 of the United States Code and it is presumed that the amended language will be codified as Section 272 of the Code. Accordingly, the amendment is here presented as Section 272 of the Code.

Although the new language relates specifically to the functions and activities of the Secretary of Commerce, these functions and activities have been delegated to the National Bureau of Standards, and thus the new text comprises, in effect, a statement of the functions and activities of the National Bureau of Standards.]

Sec. 273. Same: For whom exercised.

The bureau shall exercise its functions for the Government of the United States; for any State or municipal government within the United States; or for any scientific society, educational institution, firm, corporation, or individual within the United States engaged in manufacturing or other pursuits requiring the use of standards or standard measuring instruments. All requests for the services of the bureau shall be made in accordance with the rules and regulations established in sections 276 and 277 of this title. [1901]

Sec. 274. Director: Appointment; powers and duties; report.

The director shall be appointed by the President, by and with the advice and consent of the Senate. He shall have the general supervision of the bureau, its equipment, and the exercise of its functions. He shall make an annual report to the Secretary of Commerce, including an abstract of the work done during the year and a financial statement. He may issue, when necessary, bulletins for public distribution, containing such information as may be of value to the public or facilitate the bureau in the exercise of its functions. [1901; last amended 1913.]

Sec. 276. Fees.

For all comparisons, calibrations, tests, or investigations, performed by the National Bureau of Standards under sections 271–278 of this title, as amended and supplemented, except those performed for the Government of the United States or State governments within the United States, a fee sufficient in each case to compensate the National Bureau of

U. S. Code, 1946 Ed., Title 15, Ch. 7—National Bureau of Standards—Continued.

Standards for the entire cost of the services rendered shall be charged, according to a schedule prepared by the Director of the National Bureau of Standards and approved by the Secretary of Commerce. All moneys received from such sources shall be paid into the Treasury to the credit of miscellaneous receipts. [1901; last amended 1932.]

Sec. 277. Regulations.

The Secretary of Commerce shall, from time to time, make regulations regarding the payment of fees, the limits of tolerance to be attained in standards submitted for verification, the sealing of standards, the disbursement and receipt of moneys, and such other matters as he may deem necessary for carrying into effect sections 271–278 of this title. [1901; last amended 1913.]

Sec. 281. Testing materials for District of Columbia.

Materials for fireproof buildings, other structural materials, and all materials other than materials for paying and for fuel, purchased for and to be used by the government of the District of Columbia, when necessary in the judgment of the commissioners to be tested, shall be tested by the Bureau of Standards under the same conditions as similar testing is required to be done for the United States Government. [1913]

Sec. 282. National hydraulic laboratory; establishment; purpose; study of Federal and State projects.

There is hereby authorized to be established in the Bureau of Standards of the Department of Commerce a national hydraulic laboratory for the determination of fundamental data useful in hydraulic research and engineering, including laboratory research relating to the behavior and control of river and harbor waters, the study of hydraulic structures

and water flow, and the development and testing of hydraulic instruments and accessories: *Provided*, That no test, study, or other work on a problem or problems connected with a project the prosecution of which is under the jurisdiction of any department or independent agency of the Government shall be undertaken in the laboratory herein authorized until a written request to do such work is submitted to the Director of the Bureau of Standards by the head of the department or independent agency charged with the execution of such project: *And provided further*, That any State or political subdivision thereof may obtain a test, study, or other work on a problem connected with a project the prosecution of which is under the jurisdiction of such State or political subdivision thereof. [1930]

U. S. Code, 1946 Ed., Title 15, Ch. 6—Metric System.

Sec. 204. Metric system authorized.

It shall be lawful throughout the United States of America to employ the weights and measures of the metric system; and no contract or dealing, or pleading in any court, shall be deemed invalid or liable to objection because the weights or measures expressed or referred to therein are weights or measures of the metric system. [1866]

Sec. 205. Authorized tables.

The tables in the schedule annexed¹ shall be recognized in the construction of contracts and in all legal proceedings as establishing, in terms of the weights and measures on June 22, 1874, in use in the United States, the equivalents of the weights and measures expressed therein in terms of the metric system; and the tables may lawfully be used for computing, determining, and expressing in customary weights and measures the weights and measures of the metric system. The same and no other shall be used in determining duties and taxes levied by the United States of America on sheet and plate iron and steel. But sections 206-208, inclusive, of this title, shall not be construed to increase duties upon any articles which may be imported. [1893]

Sec. 207. Preparation of standards by Secretary of Commerce.

The Secretary of Commerce is authorized and required to prepare suitable standards in accordance with section 206 of this title. [1893; last amended 1913.]

Sec. 208. Variations.

In the practical use and application of the standard gauge established in section 206 of this title a variation of $2\frac{1}{2}$ percent, either way may be allowed. [1893]

U. S. Code, 1946 Ed., Title 15, Ch. 6—Standard Barrel Act.

Sec. 234. Standard barrel for fruits, vegetables and other dry commodities; standard barrel for cranberries.

The standard barrel for fruits, vegetables, and other dry commodities other than cranberries shall be of the following dimensions when measured without distention of its parts: Length of stave, twenty-eight and one-half inches; diameter of heads, seventeen and one-eighth inches; distance between heads, twenty-six inches; circumference of bulge, sixty-four inches, outside measurement; and the thickness of staves not greater than four-tenths of an inch: *Provided*, That any barrel of a different form having a capacity of seven thousand and fifty-six cubic inches shall be a standard barrel. The standard barrel for cranberries shall be of the following dimensions when measured without distention of its parts: Length of staves, twenty-eight and one-half inches; diameter of head, sixteen and one-fourth inches; distance between heads, twenty-five and one-fourth inches; circumference of bulge, fifty-eight and one-half inches, outside measurement; and the thickness of staves not greater than four-tenths of an inch. [1915]

[ED. NOTE.—Lime is not now included within the purview of this law, since a more recent act has established standard barrels for lime upon a weight basis, see Secs. 237-242, pages 15-16.]

Sec. 235. Sale or shipment of barrel of less capacity than standard; penalty; exception.

It shall be unlawful to sell, offer, or expose for sale in any State, Territory, or the District of Columbia, or to ship from any State, Territory, or the District of Columbia to any other State, Territory, or the District of Columbia or to a foreign country, a barrel containing fruits or vegetables or any other dry commodity of less capacity than the standard barrels defined in the preceding section, or subdivisions thereof known as the third, half, and three-quarters barrel, and any person guilty of a willful violation of any

of the provisions of sections 234-236 of this title shall be deemed guilty of a misdemeanor and be liable to a fine not to exceed \$500, or imprisonment not to exceed six months, in the court of the United States having jurisdiction: *Provided, however*, That no barrel shall be deemed below standard within the meaning of said sections when shipped to any foreign country and constructed according to the specifications or directions of the foreign purchaser if not constructed in conflict with the laws of the foreign country to which the same is intended to be shipped. [1915]

Sec. 236. Variations and tolerances; prosecutions; exception.

Reasonable variations shall be permitted and tolerance shall be established by rules and regulations made by the Director of the Bureau of Standards and approved by the Secretary of Commerce. Prosecutions for offenses under this section or either of the two preceding sections may be begun upon complaint of local sealers of weights and measures or other officers of the several States and Territories appointed to enforce the laws of the said States or Territories, respectively, relating to weights and measures: *Provided, however*, That nothing in this section or sections 234 and 235 of this title shall apply to barrels used in packing or shipping commodities sold exclusively by weight or numerical count. [1915]

Rules and Regulations Under The Federal Standard Barrel Act.

[ED. NOTE.—There are given below the rules and regulations promulgated under authority of the Standard Barrel Act. This material is presented in the form in which it is published in National Bureau of Standards Circular No. 7, issued September 18, 1917.]

PARAGRAPH 1. (a) The capacities of the standard barrel for fruits, vegetables, and other dry commodities, other than cranberries, and its subdivisions, are as follows:

Size	Cubic inches	Bushels *	Quarts *
Barrel.....	7,056	3.281	105
Three-fourths barrel.....	5,292	2.461	78 $\frac{3}{4}$
One-half barrel.....	3,528	1.641	52 $\frac{1}{2}$
One-third barrel.....	2,352	1.094	35

* Struck measure.

(b) The capacities of the standard cranberry barrel and its subdivisions are as follows:

Size	Cubic inches	Bushels *	Quarts *
Cranberry barrel.....	5,826	2.709	86 45/64
Three-fourths cranberry barrel.....	4,369.5	2.032	65 1/64
One-half cranberry barrel.....	2,913	1.355	43 11/32
One-third cranberry barrel.....	1,942	.903	28 29/32

* Struck measure.

U. S. Code, 1946 Ed., Title 15, Ch. 6—Standard Barrel Act—Continued.

PAR. 2. (a) Any barrel having the dimensions specified for a standard barrel for fruits, vegetables, and other dry commodities other than cranberries, in section 1 of the standard-barrel law, or any barrel or a subdivision thereof having the contents specified in section 1 of the standard-barrel law and in paragraph 1 (a) of these rules and regulations, regardless of its form or dimensions, is a legal standard barrel for fruits, vegetables, or other dry commodities other than cranberries, or a legal subdivision thereof. No other barrel or subdivision in barrel form is a legal container for fruits, vegetables, or other dry commodities other than cranberries.

(b) Any barrel having the dimensions specified for a standard barrel for cranberries in section 1 of the standard-barrel law, or any subdivision thereof having the contents specified in paragraph 1 (b) of these rules and regulations, regardless of its form or dimensions, is a legal standard barrel for cranberries or a legal subdivision thereof. No other barrel or subdivision in barrel form is a legal container for cranberries.

PAR. 3. The tolerance established hereafter for the dimension specified as "distance between heads" shall be applied as follows on the various types of barrels in use:

(a) When a barrel or subdivision thereof has two heads, the tolerance shall be applied to the distance between the inside surfaces of the heads and perpendicular to them.

(b) When a barrel or subdivision thereof has but one head and a croze ring or other means for the insertion of a head, such as an inside hoop, etc., at the opposite end, the tolerance shall be applied to the distance from the inside surface of the bottom head and perpendicular to it to the inside edge of the croze ring, or to a point where the inside surface of a head would come were such head inserted in the barrel.

(c) When a barrel or subdivision thereof has but one head and no croze ring or other means for the insertion of a head, such as an inside hoop, etc., at the opposite end, the tolerance shall be applied to the distance from the inside surface of the bottom head and perpendicular to it to a point $1\frac{1}{8}$ inches from the opposite end of the staves in the case of a barrel or a $\frac{3}{4}$ barrel, and to a point 1 inch or $\frac{7}{8}$ inch from the opposite end of the staves in the case of the $\frac{1}{2}$ barrel and $\frac{1}{4}$ barrel, respectively. When a barrel or subdivision thereof has been manufactured with but one head and no croze ring or other means for the insertion of a head at the opposite end, and it is desired to insert a second head, the croze ring shall be so cut that the inside edge shall not be more than $1\frac{1}{8}$ inches from the end of the staves in the case of a barrel or $\frac{3}{4}$ barrel or not more than 1 inch or $\frac{7}{8}$ inch from the end of the staves in the case of the $\frac{1}{2}$ barrel and $\frac{1}{4}$ barrel, respectively, or the other means shall be so adjusted that the inside surface of the head when inserted shall not exceed these distances from the end of the staves.

PAR. 4. The tolerance established hereafter for the dimension specified as "diameter of head" shall be applied to the diameter of the head over all, including the part which fits into the croze ring of the completed barrel.

The tolerance established hereafter for the dimension specified as "effective diameter of head" shall be applied as follows on the various types of barrels and subdivisions in use:

(a) When a barrel or subdivision thereof has two heads, the tolerance shall be applied to the mean of the average diameters from inside to inside of staves at the inner edges of the heads.

(b) When a barrel or subdivision thereof has but one head and a croze ring or other means for the insertion of a head at the opposite end, the tolerance shall be applied to the mean of the average diameters, one taken from inside to inside of staves at the inner edge of the head, the other from inside to inside of staves at the inner edge of the croze ring, or from inside to inside of staves at a point where the inside surface of a head would come were such head inserted in the barrel.

(c) When a barrel or subdivision thereof has but one head and no croze ring or other means for the insertion of a head at the opposite end, the tolerance shall be applied to the mean of the average diameters, one taken from inside to inside of staves at the inner edge of the head, the other taken from

inside to inside of staves at a point $1\frac{1}{8}$ inches from the end of the staves in the case of a barrel or $\frac{3}{4}$ barrel, or at a point 1 inch or $\frac{7}{8}$ inch from the end of the staves in the case of a $\frac{1}{2}$ barrel or $\frac{1}{4}$ barrel, respectively.

The standard allowance for depth of croze ring shall be $\frac{3}{8}$ inch. Therefore, the standard "effective diameter of head" in the case of the standard barrel is $16\frac{3}{4}$ inches and in the case of the standard cranberry barrel is $15\frac{7}{8}$ inches.

PAR. 5. Whenever in these rules and regulations the error on a dimension is mentioned, this error shall be determined by taking the difference between the actual measured dimension and the standard dimension. The error is an error of excess and is to be preceded by a plus sign when the measured dimension is greater than the standard dimension. The error is an error in deficiency and is to be preceded by a minus sign when the measured dimension is less than the standard dimension.

(a) The standard dimensions of a barrel for fruits, vegetables, and other dry commodities other than cranberries, and of a barrel for cranberries, with which the actual measured dimensions are to be compared, are as follows:

Dimensions	Barrel for fruits, vegetables, and other dry commodities other than cranberries	Barrel for cranberries
	<i>Inches</i>	<i>Inches</i>
Diameter of head.....	17 $\frac{1}{8}$	16 $\frac{1}{4}$
Effective diameter of head (see par. 4).....	16 $\frac{3}{4}$	15 $\frac{7}{8}$
Distance between heads.....	26	25 $\frac{1}{4}$
Circumference of bulge, outside measurement.....	64	58 $\frac{1}{2}$
Length of stave.....	28 $\frac{1}{2}$	28 $\frac{1}{2}$

(b) In the case of all subdivisions of the barrel for fruits, vegetables, and other dry commodities other than cranberries, and all subdivisions of the barrel for cranberries, the following dimensions are hereby standardized for the purpose of the application of tolerances, and the actual measured dimensions are to be compared with these:

Subdivisions of barrel for fruits, vegetables, and other dry commodities other than cranberries

Dimensions	$\frac{3}{4}$ barrel	$\frac{1}{2}$ barrel	$\frac{1}{4}$ barrel
	<i>Inches</i>	<i>Inches</i>	<i>Inches</i>
Effective diameter of head (see par. 4).....	15 $\frac{1}{4}$	13 $\frac{3}{8}$	11 $\frac{5}{8}$
Distance between heads.....	23 $\frac{1}{2}$	20 $\frac{1}{2}$	18
Circumference of bulge, outside measurement.....	58 $\frac{1}{2}$	51 $\frac{1}{2}$	45 $\frac{1}{4}$

Subdivisions of barrel for cranberries

Dimensions	$\frac{3}{4}$ barrel	$\frac{1}{2}$ barrel	$\frac{1}{4}$ barrel
	<i>Inches</i>	<i>Inches</i>	<i>Inches</i>
Effective diameter of head (see par. 4).....	14 $\frac{3}{8}$	12 $\frac{5}{8}$	11
Distance between heads.....	23	20	17 $\frac{1}{2}$
Circumference of bulge, outside measurement.....	53 $\frac{3}{8}$	47	41 $\frac{3}{8}$

PAR. 6. For the purpose of the application of tolerances, barrels for fruits, vegetables, and other dry commodities other than cranberries, are hereby divided into two classes as follows:

Class I shall include (a) all barrels no dimension of which is in error by more than the following amounts, and (b) all

barrels one or more of the dimensions of which are in error by more than the following amounts, and which in addition have no dimension in error in the opposite direction:

	<i>Error, inches</i>
Effective diameter of head	$\frac{1}{4}$
Distance between heads	$\frac{1}{4}$
Circumference of bulge, outside measurement	$1\frac{1}{2}$

Class 2 shall include all barrels at least one dimension of which is in error by more than the amounts given above, but which in addition have at least one dimension in error in the opposite direction. (This class includes all barrels mentioned in section 1 of the law in the proviso reading: "Provided, That any barrel of a different form having a capacity of seven thousand and fifty-six cubic inches shall be a standard barrel.")

PAR. 7. (a) The tolerances to be allowed in excess or in deficiency on the dimensions of all barrels of class 1 shall be as follows:

	<i>Tolerance, inches</i>
Diameter of head	$\frac{1}{4}$
Effective diameter of head	$\frac{1}{4}$
Distance between heads	$\frac{1}{4}$
Circumference of bulge, outside measurement	$1\frac{1}{2}$
Length of stave	$\frac{1}{2}$

If no dimension of a barrel of class 1 is in error by more than the tolerance given above, then the barrel is within the tolerance allowed.

If one or more of the dimensions of a barrel of class 1 is in error by more than the tolerance given above, then the barrel is not within the tolerance allowed.

(b) The tolerance to be allowed in excess or in deficiency on all barrels of class 2 shall be $1\frac{1}{2}$ inches (1.5 inches), and this tolerance is to be applied to the result obtained by the application of the following rule:

Having determined the error of each dimension and given to each its proper sign (see par. 5), add the errors on the effective diameter of head and the distance between heads algebraically and multiply the result by 1.67 (or $\frac{5}{3}$). Then add this result to the error on the circumference of bulge algebraically. If the result obtained is not greater than the tolerance given above, then the barrel is within the tolerance allowed; if the result is greater than this tolerance, then the barrel is not within the tolerance allowed.

NOTE.—To find the algebraic sum of a number of quantities having different signs, first add all those having one sign; then add all those having the opposite sign; then subtract the smaller sum from the larger, giving this result the sign of the larger quantity.

(c) The tolerance to be allowed in excess or in deficiency on the dimensions of all barrels for cranberries shall be as follows:

	<i>Tolerance, inches</i>
Diameter of head	$\frac{1}{4}$
Effective diameter of head	$\frac{1}{4}$
Distance between heads	$\frac{1}{4}$
Circumference of bulge, outside measurement	$1\frac{3}{8}$
Length of stave	$\frac{1}{2}$

If no dimension of a barrel for cranberries is in error by more than the tolerance given above, then the barrel is within the tolerance allowed.

If one or more of the dimensions of a barrel for cranberries is in error by more than the tolerance given above, then the barrel is not within the tolerance allowed.

(d) The tolerances to be allowed in excess or in deficiency on all subdivisions of the standard barrel for fruits, vegetables, and other dry commodities other than cranberries, and on all subdivisions of the standard barrel for cranberries, shall be the values given in the following table, and these tolerances are to be applied to the result obtained by the application of the following rule:

Having determined the error on each dimension and given to each its proper sign (see par. 5), add the errors on the effective diameter of head and the distance between heads algebraically and multiply the result by 1.67 (or $\frac{5}{3}$). Then add this result to the error on the circumference of bulge algebraically. If the result obtained is not greater than the tolerance given in the following table for the proper subdivision, then the barrel is within the tolerance allowed; if the result is greater than this tolerance, then the barrel is not within the tolerance allowed.

Size of subdivision	Tolerance	
	For fruits, vegetables, and other dry commodities	For cranberries
	<i>Inches</i>	<i>Inches</i>
Three-quarters barrel	$1\frac{3}{8}$ (1.375)	$1\frac{1}{4}$ (1.25)
One-half barrel	$1\frac{1}{4}$ (1.25)	$1\frac{1}{8}$ (1.125)
One-third barrel	$1\frac{1}{8}$ (1.125)	1 (1.00)

U. S. Code, 1946 Ed., Title 15, Ch. 6—Standard Lime Barrel Act.

Sec. 237. Standard barrel.

There is established a large and a small barrel of lime, the large barrel to consist of two hundred and eighty pounds and the small barrel to consist of one hundred and eighty pounds, net weight. [1916]

Sec. 238. Penalty for selling in barrels not marked.

It shall be unlawful for any person to sell or offer for sale lime imported in barrels from a foreign country, or to sell or offer for sale lime in barrels for shipment from any State or Territory or the District of Columbia, to any other State or Territory or the District of Columbia, unless there shall be stenciled or otherwise clearly marked on one or both heads of the small barrel the figures "180 lbs. net" and of the large barrel the figures "280 lbs. net" before the importation or shipment, and on either barrel in addition the name of the manufacturer of the lime and where manufactured, and if imported, the name of the country from which it is imported. [1916]

Sec. 239. Sale in containers of less capacity than barrel.

When lime is sold in interstate or foreign commerce in containers of less capacity than the standard small barrel, it shall be sold in fractional parts of said standard small barrel, and the net weight of lime contained in such container shall by stencil or otherwise be clearly marked thereon, together with the name of the manufacturer thereof, and the name of the brand, if any, under which it is sold, and, if imported, the name of the country from which it is imported. [1916]

Sec. 240. Rules and regulations.

Rules and regulations for the enforcement of sections 237-242 * * *, not inconsistent with the provisions of said sections, shall be made by the Director of the Bureau of Standards and approved by

U. S. Code, 1946 Ed., Title 15, Ch. 6—Standard Lime Barrel Act—Continued.

the Secretary of Commerce, and such rules and regulations shall include reasonable variations or tolerances which may be allowed. [1916]

Sec. 241. Penalty for violations.

It shall be unlawful to pack, sell, or offer for sale for shipment from any State or Territory or the District of Columbia to any other State or Territory or the District of Columbia, any barrels or other containers of lime which are not marked as provided in sections 238 and 239 * * *, or to sell, charge for, or purport to deliver from any State or Territory or the District of Columbia to any other State or Territory or the District of Columbia, as a large or small barrel or a fractional part of said small barrel of lime, any less weight of lime than is established by the provisions of sections 237-242 * * * and any person guilty of a violation of the provisions of said sections shall be deemed guilty of a misdemeanor and be liable to a fine not exceeding \$100. [1916]

Sec. 242. Prosecutions.

It shall be the duty of each district attorney, to whom satisfactory evidence of any violation of sections 237-242 * * * is presented, to cause appropriate proceedings to be commenced and prosecuted in the United States court having jurisdiction of such offense. [1916]

Rules and Regulations Under The Federal Standard Lime Barrel Act.

[ED. NOTE.—There are given below those rules and regulations promulgated under authority of the Standard Lime Barrel Act. This material is presented in the form in which it is published in National Bureau of Standards Circular No. C64, issued April 20, 1917.]

PARAGRAPH 1. The act, "39 Stat., ch. 396, p. 530, 64th Congress," approved August 23, 1916, entitled "An act to standardize lime barrels," shall be known and referred to as the "standard lime barrel act."

PAR. 2. These rules and regulations are to be understood and construed to apply to lime in barrels, or other containers packed, sold, or offered for sale for shipment from any State or Territory or the District of Columbia to any other State or Territory or the District of Columbia; and to lime in containers of less capacity than the standard small barrel sold in interstate or foreign commerce; and to lime imported in barrels from a foreign country and sold or offered for sale; also to lime not in barrels or containers of less capacity than the standard small barrel sold, charged for, or purported to be delivered as a large or small barrel or a fractional part of said small barrel of lime from any State or Territory or the District of Columbia to any other State or Territory or the District of Columbia.

PAR. 3. Lime in barrels shall be packed only in barrels containing 280 pounds or 180 pounds, net weight. For the purposes of this paragraph the word "barrel" is defined as a cylindrical or approximately cylindrical vessel, cask, or drum.

PAR. 4. The term "container of less capacity than the standard small barrel," as mentioned in section 3 of the law and as used in these rules and regulations, is defined as any container not in barrel form containing therein a net weight of lime of less than 180 pounds.

The term "label," as used in these rules and regulations, is

defined as any printed, pictorial, or other matter upon the surface of a barrel or other container of lime subject to the provisions of this act, or upon cloth or paper or the like which is permanently affixed to it by pasting or in a similar manner.

The term "tag" is defined as a tough and strong strip of cloth or paper or the like, bearing any printed, pictorial, or other matter, which is loose at one end and which is secured to a container of lime subject to the provisions of this act.

PAR. 5. (a) The lettering required upon barrels of lime by section 2 of the law shall be as follows: The statement of net weight shall be in boldface capital letters and figures at least 1 inch in height and not expanded or condensed; it shall be clear, legible, and permanent, and so placed with reference to the other lettering that it is conspicuous. The name of the manufacturer of the lime and where manufactured, and, if imported, the name of the country from which it is imported, shall be in boldface letters at least one-half inch in height and not expanded or condensed, and shall be clear, legible, conspicuous, and permanent. None of these letters and figures shall be superimposed upon each other, nor shall any other characters be superimposed upon the required lettering or otherwise obscure it. All the above statements shall form parts of the principal label.

(b) The information required upon containers of lime of less capacity than the standard small barrel by section 3 of the law shall be included in a label: *Provided, however*, That in order to allow the utilization of second hand or returnable bags made of cloth, burlap, or the like, such information may be upon a tag firmly attached to the container in a prominent and conspicuous position. In case a tag is used to give the required information there must not be any label or another tag upon the container which bears any statement having reference to lime, or any statement of weight whatever, which is not identical with the information upon the tag mentioned above; if a container is to be utilized which bears any such inaccurate information upon a label, such container shall be turned inside out or such information shall be obliterated in so far as it is inaccurate by blotting out the letters or figures, or if such inaccurate information is upon a tag, by removing such tag.

If the required lettering is upon a label, the statement of net weight shall be in boldface capital letters and figures at least three-fourths inch in height and not expanded or condensed; it shall be clear, legible, and permanent, and so placed with reference to the other lettering that it is conspicuous. The word "net" shall form part of the statement of weight. The name of the manufacturer of the lime and the name of the brand, if any, under which it is sold, and, if imported, the name of the country from which it is imported, shall be in boldface letters at least one-half inch in height and not expanded or condensed, and shall be clear, legible, conspicuous, and permanent. None of these letters and figures shall be superimposed upon each other, nor shall any other characters be superimposed upon the required lettering or otherwise obscure it. All the above statements shall form parts of the principal label.

If the required lettering is upon a tag, the statement of net weight shall be in boldface capital letters and figures not less than one-half the height of the largest letters or figures used upon such tag: *Provided, however*, That in every case they shall be not less than one-eighth inch in height (12-point capitals), and not expanded or condensed. The word "net" shall form part of the statement of weight. The statement shall be clear, legible, and permanent, and so placed with reference to the other lettering that it is conspicuous. The name of the manufacturer of the lime, and the name of the brand, if any, under which it is sold, and, if imported, the name of the country from which it is imported, shall be in boldface letters and figures not less than one-eighth inch in height (12-point capitals), and not expanded or condensed, and shall be clear, legible, conspicuous, and permanent. None of these letters and figures shall be superimposed upon each other nor shall any other characters be superimposed upon the required lettering or otherwise obscure it. All the above statements shall be included upon the same side of the tag.

(c) In case the lime is actually packed in barrels or in containers of less capacity than the standard small barrel by some

person other than the manufacturer of the lime, the information mentioned above must be given in the manner there described, and in addition there must be a statement to this effect: "Packed by _____" (giving the name and address of the packer). This statement shall be in letters not smaller than is specified for the general statement required in the case of barrels and containers of less capacity than the standard small barrel, respectively (see (a) and (b) above); it shall not be obscured and shall form part of the principal label or be upon the same side of the tag as in those cases provided.

(d) In the case of all lime sold in barrels, the actual place of manufacture of the lime shall be stated on the barrel. In general, this will be the name of the post office nearest or most accessible to the plant. However, when the actual place of manufacture of the lime and the offices of the company are separated but are within the boundaries of the same county of a State, or when, though not within the boundaries of the same county they are so close together that the post-office address of the offices represents substantially and to all intents and purposes the actual place of manufacture of the lime, then the post-office address of the offices of the company will be sufficient: *Provided, however*, That the address given shall always correctly show the State in which the lime is actually manufactured.

More than one place of manufacture of a manufacturer shall not be shown on the same barrel unless the one at which the particular lime in question is manufactured is pointed out.

If the location of the home offices is stated and this is not the place of manufacture within the meaning of the above definition, an additional statement must be included to this effect: "Manufactured at _____" (giving the location of the plant).

PAR. 6. (a) When lime is packed in barrels the tolerance to be allowed on the large barrel or the small barrel of lime shall be 5 pounds in excess or in deficiency on any individual barrel: *Provided, however*, That the average error on 10 barrels of the same nominal weight and packed by the same manufacturer shall in no case be greater than 2 pounds in excess or in deficiency. In case all the barrels available are not weighed, those which are weighed shall be selected at random.

(b) When lime is packed in containers of less capacity than the standard small barrel, the tolerance to be allowed in excess or in deficiency on individual containers of various weights, shall be the values given in the column headed "Tolerance on individual package," of the following table: *Provided, however*, That the average error on 10 containers of the same nominal weight and packed by the same manufacturer shall in no case be greater than the values given in the column headed "Tolerance on average weight," of the following table. In case all the containers available are not weighed, those which are weighed shall be selected at random.

Weight of package	Tolerance on individual package	Tolerance on average weight
	Pounds	Pounds
Not greater than 50 lbs.	1½	5⁄8
More than 50 lbs. and not greater than 100 lbs.	2	3⁄4
More than 100 lbs. and not greater than 150 lbs.	3	1¼
More than 150 lbs. and less than 180 lbs.	4	1½

(c) When lime in bulk is sold, charged for, or purported to be delivered as a definite number of large or small barrels, the tolerance to be allowed in excess or in deficiency on such amounts of lime shall be 15 pounds per 1,800 pounds (10 small barrels), or 25 pounds per 2,800 pounds (10 large barrels).

U. S. Code, 1946 Ed., Title 15, Ch. 6—Standard Container Acts of 1916 and 1928.

Sec. 251. Standard container act of 1916: Standards for climax baskets.

Standards for Climax baskets for grapes and other fruits and vegetables shall be the two-quart basket, four-quart basket, and twelve-quart basket, respectively:

(a) The standard two-quart Climax basket shall be of the following dimensions: Length of bottom piece, nine and one-half inches; width of bottom piece, three and one-half inches; thickness of bottom piece, three-eighths of an inch; height of basket, three and seven-eighths inches outside measurement; top of basket, length eleven inches and width five inches, outside measurement. Basket to have a cover five by eleven inches, when a cover is used.

(b) The standard four-quart Climax basket shall be of the following dimensions: Length of bottom piece, twelve inches; width of bottom piece, four and one-half inches; thickness of bottom piece, three-eighths of an inch; height of basket, four and eleven-sixteenth inches, outside measurement; top of basket, length fourteen inches, width six and one-fourth inches, outside measurement. Basket to have cover six and one-fourth inches by fourteen inches, when cover is used.

(c) The standard twelve-quart Climax basket shall be of the following dimensions: Length of bottom piece, sixteen inches; width of bottom piece, six and one-half inches; thickness of bottom piece, seven-sixteenth of an inch; height of basket, seven and one-sixteenth inches, outside measurement; top of basket, length nineteen inches, width nine inches, outside measurement. Basket to have cover nine inches by nineteen inches, when cover is used.

The standards for Climax baskets for mushrooms shall be those set forth above, except that a one-pound Climax basket of the following dimensions shall be standard for mushrooms when plainly stamped or marked on the side of the basket with the words "for mushrooms only": Length of bottom piece, seven and three-fourths inches; width of bottom piece, three and three-sixteenths inches; thickness of bottom piece, three-eighths of an inch; height of basket, three and five-eighths inches; top of basket—length, nine and three-eighths inches; width, four and three-eighths inches—all outside measurements. Basket to have a cover four and three-eighths by nine and three-eighths inches, when cover is used. [1916; last amended 1934.]

Sec. 252. Same: Standard baskets for small fruits and vegetables.

The standard basket or other container for small fruits, berries, and vegetables shall be of the following capacities, namely, dry one-half pint, dry pint, dry quart, or multiples of the dry quart.

(a) The dry half pint shall contain sixteen and eight-tenths cubic inches.

U. S. Code, 1946 Ed., Title 15, Ch. 6—Standard Container Acts of 1916 and 1928—Continued.

(b) The dry pint shall contain thirty-three and six-tenths cubic inches.

(c) The dry quart shall contain sixty-seven and two-tenths cubic inches. [1916]

Sec. 253. Same: Failure to conform to standards; penalty; exception.

It shall be unlawful to manufacture for shipment, or to sell for shipment, or to ship from any State or Territory of the United States or the District of Columbia to any other State or Territory of the United States or the District of Columbia, any Climax baskets or other containers for small fruits, berries, or vegetables, whether filled or unfilled, which do not conform to the provisions of this subchapter [Secs. 251–256], or to use in any such shipment for any commodity other than mushrooms the one-pound Climax basket, provided for in section 251 of this title; and any person guilty of a willful violation of any of the provisions of said subchapter shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be fined in any sum not exceeding \$25: *Provided*, That nothing contained in this section shall apply to the manufacture, sale, or shipment of Climax baskets, baskets, or other containers for small fruits, berries, and vegetables when intended for export to foreign countries when such Climax baskets, baskets, or other containers for small fruits, berries, and vegetables accord with the specifications of the foreign purchasers or comply with the law of the country to which shipment is made or to be made. [1916; last amended 1934.]

Sec. 254. Same: Examination and test by Department of Agriculture; rules and regulations.

The examination and test of Climax baskets, baskets, or other containers for small fruits, berries, and vegetables, for the purpose of determining whether such baskets or other containers comply with the provisions of this subchapter [Secs. 251–256], shall be made by the Department of Agriculture, and the Secretary of Agriculture shall establish and promulgate rules and regulations allowing such reasonable tolerances and variations as may be found necessary. [1916]

Sec. 255. Same: Prosecutions.

It shall be the duty of each district attorney to whom satisfactory evidence of any violation of this subchapter [Secs. 251–256] is presented to cause appropriate proceedings to be commenced and prosecuted in the proper court of the United States for the enforcement of the penalties as in such case provided in said subchapter. [1916]

Sec. 256. Same: Guaranty protection.

No dealer shall be prosecuted under the provisions of this subchapter [Secs. 251–256] when he can establish a guaranty signed by the manufacturer, wholesaler, jobber, or other party residing within the

United States from whom such Climax baskets, baskets, or other containers, as defined in said subchapter, were purchased, to the effect that said Climax baskets, baskets, or other containers are correct within the meaning of said subchapter. Said guaranty, to afford protection, shall contain the name and address of the party or parties making the sale of Climax baskets, baskets, or other containers to such dealer, and in such case said party or parties shall be amenable to the prosecutions, fines, and other penalties which would attach in due course to the dealer under the provisions of this subchapter. [1916]

Sec. 257. Standard container act of 1928: Standard hampers and round stave baskets.

The standard hampers and round stave baskets for fruits and vegetables shall be of the following capacities: One-eighth bushel, one-fourth bushel, one-half bushel, five-eighths bushel, three-fourths bushel, one bushel, one-and-one-fourth bushels, one-and-one-half bushels, and two bushels, which, respectively, shall be of the cubic content set forth in this section. For the purposes of this subchapter [Secs. 257–257i] a bushel, standard dry measure, has a capacity of two thousand one hundred and fifty and forty-two one-hundredths cubic inches.

(a) The standard one-eighth-bushel hamper or round stave basket shall contain two hundred and sixty-eight and eight-tenths cubic inches.

(b) The standard one-fourth-bushel hamper or round stave basket shall contain five hundred and thirty-seven and six-tenths cubic inches.

(c) The standard one-half-bushel hamper or round stave basket shall contain one thousand and seventy-five and twenty-one one-hundredths cubic inches.

(cc) The standard five-eighths-bushel hamper or round stave basket shall contain one thousand three hundred and forty-four cubic inches.

(d) The standard three-fourths-bushel hamper or round stave basket shall contain one thousand six hundred and twelve and eight-tenths cubic inches.

(e) The standard one-bushel hamper or round stave basket shall contain two thousand one hundred and fifty and forty-two one-hundredths cubic inches.

(f) The standard one-and-one-fourth-bushel hamper or round stave basket shall contain two thousand six hundred and eighty-eight cubic inches.

(g) The standard one-and-one-half-bushel hamper or round stave basket shall contain three thousand two hundred and twenty-five and sixty-three one-hundredths cubic inches.

(h) The standard two-bushel hamper or round stave basket shall contain four thousand three hundred and eighty-four one-hundredths cubic inches. [1928]

Sec. 257a. Same: Standard splint baskets.

The standard splint baskets for fruits and vegetables shall be the four-quart basket, eight-quart basket, twelve-quart basket, sixteen-quart basket,

twenty-four-quart basket, and thirty-two-quart basket, standard dry measure. For the purposes of this subchapter [Secs. 257–257i] a quart standard dry measure has a capacity of sixty-seven and two-tenths cubic inches.

(a) The four-quart splint basket shall contain two hundred and sixty-eight and eight-tenths cubic inches.

(b) The eight-quart splint basket shall contain five hundred and thirty-seven and six-tenths cubic inches.

(c) The twelve-quart splint basket shall contain eight hundred and six and four-tenths cubic inches.

(d) The sixteen-quart splint basket shall contain one thousand and seventy-five and twenty-one one-hundredths cubic inches.

(e) The twenty-four quart splint basket shall contain one thousand six hundred and twelve and eight-tenths cubic inches.

(f) The thirty-two quart splint basket shall contain two thousand one hundred and fifty and forty-two one-hundredths cubic inches. [1928]

Sec. 257b. Same: Tolerances; attaching of covers.

The Secretary of Agriculture shall in his regulations under this subchapter [Secs. 257–257i] prescribe such tolerances as he may find necessary to allow in the capacities for hampers, round stave baskets, and splint baskets set forth in sections 257 and 257a of this title in order to provide for reasonable variations occurring in the course of manufacturing and handling. If a cover be used upon any hamper or basket mentioned in this subchapter, it shall be securely fastened or attached in such a manner, subject to the regulations of the Secretary of Agriculture, as not to reduce the capacity of such hamper or basket below that prescribed therefor. [1928]

Sec. 257c. Same: Approval of manufacturers' dimension specifications.

No manufacturer shall manufacture hampers, round stave baskets, or splint baskets for fruits and vegetables unless the dimension specifications for such hampers, round stave baskets, or splint baskets shall have been submitted to and approved by the Secretary of Agriculture, who is hereby directed to approve such specifications if he finds that hampers, round stave baskets, or splint baskets for fruits and vegetables made in accordance therewith would not be deceptive in appearance and would comply with the provisions of sections 257 and 257a of this title. [1928]

Sec. 257d. Same: Violations; penalty; exception; guaranty protection.

It shall be unlawful to manufacture for sale or shipment, to offer for sale, to sell, to offer for shipment, or to ship, hampers, round stave baskets, or splint baskets for fruits or vegetables, either filled or unfilled, or parts of such hampers, round stave bas-

kets, or splint baskets that do not comply with this subchapter [Secs. 257–257i]: *Provided*, That this subchapter shall not apply to Climax baskets, berry boxes, and till baskets which comply with the provisions of sections 251-256 of this title, and the regulations thereunder. Any individual, partnership, association, or corporation that violates this section shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not exceeding \$500: *Provided further*, That no person shall be prosecuted under the provisions of this subchapter when he can establish a guaranty signed by the manufacturer, wholesaler, shipper, or other party residing within the United States from whom the hampers, round stave baskets, or splint baskets, as defined in this subchapter, were purchased, to the effect that said hampers, round stave baskets, or splint baskets are correct, within the meaning of this subchapter. Said guaranty, to afford protection, shall contain the name and address of the party or parties making the sale of the hampers, round stave baskets, or splint baskets to such person, and in such case such party or parties making such sale shall be amenable to the prosecution, fines, and other penalties which would attach in due course under the provisions of this subchapter to the person who made the purchase. [1928]

Sec. 257e. Same: Seizure of illegal hampers and baskets; condemnation; procedure.

Any hamper, round stave basket, or splint basket for fruits or vegetables, whether filled or unfilled, or parts of such hampers, round stave baskets, or splint baskets not complying with this subchapter [Secs. 257–257i], which shall be manufactured for sale or shipment, offered for sale, sold, or shipped, may be proceeded against in any district court of the United States within the district where the same shall be found and may be seized for confiscation by a process of libel for condemnation. Upon request the person entitled shall be permitted to retain or take possession of the contents of such hampers or baskets, but in the absence of such request, or when the perishable nature of such contents makes such action immediately necessary, the same shall be disposed of by destruction or sale, as the court or a judge thereof may direct. If such hampers, round stave baskets, splint baskets, or parts thereof be found in such proceeding to be contrary to this subchapter, the same shall be disposed of by destruction, except that the court may by order direct that such hampers, baskets, or parts thereof be returned to the owner thereof or sold upon the payment of the costs of such proceedings and the execution and delivery of a good and sufficient bond to the effect that such hampers, baskets, or parts thereof shall not be sold or used contrary to law. The proceeds of any sale under this section, less legal costs and charges, shall be paid over to the person entitled thereto. The proceedings in such seizure cases shall conform as near as may be

U. S. Code, 1946 Ed., Title 15, Ch. 6—Standard Container Acts of 1916 and 1928—Continued.

to the proceedings in admiralty, except that either party may demand trial by jury of any issue of fact joined in such case, and all such proceedings shall be at the suit and in the name of the United States [1928]

Sec. 257f. Same: Hampers and baskets for foreign countries; conformity to foreign specification; banana hampers.

This subchapter [Secs. 257–257i] shall not prohibit the manufacture for sale or shipment, offer for sale, sale, or shipment of hampers, round stave baskets, splint baskets, or parts thereof, to any foreign country in accordance with the specifications of a foreign consignee or customer not contrary to the law of such foreign country; nor shall this subchapter prevent the manufacture or use of banana hampers of the shape and character now in commercial use as shipping containers for bananas. [1928]

Sec. 257g. Same: Prosecutions.

It shall be the duty of each United States district attorney to whom satisfactory evidence of any violation of this subchapter [Secs. 257–257i] is presented to cause appropriate proceedings to be commenced and prosecuted in the proper courts of the United States in his district for the enforcement of the provisions of this subchapter. [1928]

Sec. 257h. Same: Regulations; examination and tests.

The Secretary of Agriculture shall prescribe such regulations as he may find necessary for carrying into effect the provisions of this subchapter [Secs. 257–257i], and shall cause such examinations and tests to be made as may be necessary in order to determine whether hampers, round stave baskets, and splint baskets, or parts thereof, subject to this subchapter, meet its requirements, and may take samples of such hampers, baskets, or parts thereof, the cost of which samples, upon request, shall be paid to the person entitled. [1928]

Sec. 257i. Same: Authority of Secretary of Agriculture.

For carrying out the purposes of this subchapter the Secretary of Agriculture is authorized to cooperate with State, county, and municipal authorities, manufacturers, dealers, and shippers, to employ such persons and means, and to pay such expenses, including rent, printing publications, and the purchase of supplies and equipment in the District of Columbia and elsewhere, as he shall find to be necessary, and there are authorized to be appropriated, out of any moneys in the Treasury not otherwise appropriated, such sums as may be necessary for such purposes. [1928]

Regulations Under The Federal Standard Container Act of 1916 and The Federal Standard Container Act of 1928.

[ED. NOTE.—There are given below the consolidated regulations promulgated under authority of the Standard

Container Acts of 1916 and 1928. Formerly, regulations were issued separately for each of these acts. This material is presented in the form in which it was published in the Federal Register, Vol. 8, No. 254, December 23, 1943.]

Code of Federal Regulations, Title 7, Chapter I, Subchapter A, Part 41—Standard Containers.

§ 41.1 *Meaning of words.* Words used in these regulations in the singular form shall be considered to import the plural, or vice versa, as the case may demand.

§ 41.2 *Definitions; general.* For the purpose of these regulations, unless the context otherwise requires, the following terms shall be construed, respectively, to mean:

(a) "Act of 1916" means the U. S. Standard Container Act approved August 31, 1916, as amended (39 Stat. 674; 48 Stat. 930; 15 U.S.C. 251–256);

(b) "Act of 1928" means the U. S. Standard Container Act approved May 21, 1928 (45 Stat. 685, 15 U.S.C. 257–257i);

(c) "Administrator" means the War Food Administrator or any officer or employee of the Department of Agriculture to whom the Administrator has heretofore delegated or may hereafter delegate the authority to act in his stead;

(d) "Director" means the Director of Food Distribution of the War Food Administration, or any officer or employee of the War Food Administration to whom the Director has heretofore delegated or may hereafter delegate the authority to act in his stead;

(e) "Branch" means the Fruit and Vegetable Branch of the Food Distribution Administration;

(f) "Chief of Branch" means the Chief of the Fruit and Vegetable Branch of the Food Distribution Administration or any officer or employee of the Branch to whom has heretofore been delegated or may hereafter be delegated the authority to act in his stead.

§ 41.3 *Definitions; act of 1916.* (a) "Containers" means Climax baskets for grapes and other fruit and vegetables and for mushrooms, and baskets or other containers for small fruits, berries, and vegetables, including those commonly known as berry boxes and till baskets, made of veneer, corrugated or solid fibreboard, metal or other material, ventilated or non-ventilated;

(b) "Climax basket" means a basket approximately rectangular in shape, with handle, and having slanting sides composed of one or more pieces of material bound at the top by bands of heavier material, and having solid bottom, or having sides and bottom formed from one continuous piece of material;

(c) "Standard basket or other container for small fruits, berries, and vegetables" means (1) a small, open or partly open container generally known as a berry box or till basket, commonly made in the following sizes: $\frac{1}{2}$ pint, pint, quart, 2 quart, 3 quart, and 4 quart; the larger sizes sometimes used with handles; used as a display or retail sales package or as a sub-container within a crate or other carrier, but not usually in itself a primary shipping container; or (2) any other baskets for the above commodities not covered by the act of 1928 (made in multiples of the dry one quart).

§ 41.4 *Definitions; act of 1928.* (a) "Containers" means all styles and types of hampers, round stave baskets, and splint or market baskets for fruits and vegetables, made of veneer, corrugated or solid fibreboard, metal or other material, ventilated or non-ventilated;

(b) "Hamper" means a container, usually round, but which may be elliptical or polygonal, larger at top than at bottom, and of greater depth than width; having slatted or solid sides and solid or fabricated bottom, or having sides and bottom formed of one continuous piece of material;

(c) "Round stave basket" means a round container, larger at top than at bottom, and of greater width than depth, having slatted or solid sides and solid or fabricated bottom, or having sides and bottom formed from one continuous piece of material;

(d) "Split basket" means a basket commonly known to the trade as a market basket, approximately rectangular in shape, usually with handle or handles, the sides and bottom of which are formed of solid or fabricated material, usually bound at the top by bands of heavier material;

(e) "Dimension specifications" means the numerical designations of inside and outside measurements necessary properly to classify a container as to its capacity, shape, and appearance;

(f) "Deceptive appearance" means the appearance of a basket or hamper such as to give to the ordinary individual the impression that the container is of greater or lesser capacity than that of a standard container of the same size, or such that it is not readily distinguishable from other standard sizes established by the act.

ADMINISTRATION

§ 41.5 *Chief of Branch.* The Chief or Acting Chief of Branch shall perform for and under the supervision of the Administrator and the Director, such duties as the Administrator or the Director may require in enforcing the provisions of the acts and these regulations.

MARKING REQUIREMENTS—ACT OF 1916

§ 41.6 *Marking requirements for 1-pound Climax baskets.* The required marking or stamping of these baskets "for mushroom only" shall be not less than 2½ inches in length over all, and composed of letters not less than three-eighths of an inch in height.

SPECIFICATIONS—ACT OF 1928

§ 41.7 *Submission of specifications.* In order to comply with section 4 of the act of 1928, each manufacturer of hampers, round stave baskets, and splint or market baskets shall submit over his signature on forms provided for that purpose dimension specifications to the Chief of Branch for his approval; and the manufacture of such containers shall not be undertaken until the specifications therefor have been approved by the Chief of Branch.

§ 41.8 *Approval of specifications.* The Chief of Branch will approve all such dimension specifications if he finds that the containers made in accordance therewith are of the proper cubical capacity and are not of deceptive appearance.

§ 41.9 *Alteration of specifications.* The dimension specifications of any container which have been approved under the provisions of the Act of 1928 shall not be changed nor altered in any way without the prior approval of the Chief of Branch.

§ 41.10 *Ordering of forms.* Manufacturers of containers covered by this act shall secure prior approval of specifications for such containers before ordering or obtaining forms therefor.

§ 41.11 *Certification of specifications and marking.* The dimension specifications, if approved, will be specifically certified by the Chief of Branch; and the certificate will bear an identification number which may be used by the manufacturer to whom it is issued in stamping or otherwise marking in the following style the container covered by the certificate:

708
U. S.
4 Qts.

TESTING OF SAMPLES

§ 41.12 *Samples for examination.* For the purpose of determining whether containers comply with the requirements of the acts of 1916 and 1928 as to capacity and, in the case of

containers covered by the act of 1928, as to deceptive appearance and conformity to approved specifications, carefully made samples shall be submitted to the Chief of Branch at his request. Such samples may be called for prior to the approval of the dimension specifications under the act of 1928, and additional samples may be called for from time to time in the discretion of the Chief of Branch for subsequent test as to their compliance with these acts.

§ 41.13 *Method of testing.* Except as provided in § 41.14, the capacity of samples referred to in § 41.12 shall be determined by the bulk-for-bulk method, as described in U. S. D. A. Miscell. Pub. No. 75, or by reckoning from inside dimensions. Except as provided in § 41.14, only the capacity of the container when level full shall be considered, regardless of any extension of the sides above such top hoops or bands to serve as a support for the cover.

§ 41.14 *Testing containers in which the inside top hoop sets down.* The capacity of a container which is constructed with the inside top hoop set down to accommodate a cover shall be determined by first obtaining the total capacity in the usual manner and from it deducting the number of cubic inches contained in the space between the upper edge of the inside top hoop and the upper ends of the staves. The capacity of this space shall be computed by the formula: Diameter squared x 0.7854 x the average depth.

§ 41.15 *Satisfactory samples.* Samples when tested will be considered satisfactory if the results of the tests are such as to indicate that in the factory run of such containers there will be practically as many over standard as under standard capacity within the established tolerances and, in the case of containers covered by the act of 1928, that they conform to the approved specifications.

TOLERANCES OR VARIATIONS

§ 41.16 *Excess or deficiency.* For the purpose of allowing for variations in the capacity of containers incidental to manufacture, the excess or deficiency in the capacity of any container over or under the standard capacity prescribed for such container by the acts may be as much as, but not more than, the tolerance for excess and deficiency shown in Table 1; however, where departures from the standard capacity occur in any lot of containers, the proportion over and under the standard capacity shall be approximately equal; and no lot shall be considered satisfactory in which the containers are within the deficiency tolerance but all under the standard capacity prescribed for such containers by the act.

§ 41.17 *Table 1: Schedule of capacity tolerances allowed under the act of 1916.*

Standard capacity	Tolerances	
	Excess	Deficiency
	Cubic inches	Cubic inches

1 quart.....	3	2
2 quarts.....	5	2½
3 quarts.....	7½	3¾
4 quarts.....	10	5
12 quarts.....	23	12

§ 41.18 *Tolerances for sizes not shown in Table 1.* If a container has a capacity to which a standard is applicable under the act of 1916, but which is not specified in the column headed "Standard capacity" in Table 1, the excess or the deficiency allowed shall be that permitted for the next smaller capacity specified in the table.

U. S. Code, 1946 Ed., Title 15, Ch. 6—Standard Container Acts of 1916 and 1928—Continued.

§ 41.20 Dimension tolerances for Climax baskets; act of 1916. The tolerances or variations in dimensions of Climax baskets for grapes and other fruits and vegetables and for mushrooms shown in Table 3 are found to be reasonable and necessary and are hereby allowed, subject, however, to the tolerances in capacity allowed in § 41.17 of these regulations.

§ 41.21 Application of dimension tolerances for Climax baskets. The excess or deficiency in any dimension specified below in the column designated "Basket dimensions" over or under the measurement prescribed for such dimensions in section 1 of the act of 1916 may be as much as, but not more than, the amount specified opposite such dimension in the column designated "Excess" or "Deficiency," as the case may be.

U. S. Code, 1946 Ed., Title 7, Ch. 9—"Packers and Stockyards Act."

Sec. 182. Definitions.

(a) When used in this chapter [Secs. 181-231]—

* * * * *

(2) The term "Secretary" means the Secretary of Agriculture;

* * * * *

(4) The term "livestock" means cattle, sheep, swine, horses, mules, or goats—whether live or dead; [1921]

* * * * *

Sec. 192. Unlawful for packer or live poultry dealer to use unfair or deceptive practice or device.

It shall be unlawful for any packer or any live poultry dealer or handler to:

(a) Engage in or use any unfair, unjustly discriminatory, or deceptive practice or device in commerce; [1921; last amended 1935.]

Sec. 201. Definitions: Stockyard services; market agency.

When used in this chapter [Secs. 181-231]—

(a) The term "stockyard owner" means any person engaged in the business of conducting or operating a stockyard;

(b) The term "stockyard services" means services or facilities furnished at a stockyard in connection with the receiving, buying, or selling on a commission basis or otherwise, marketing, feeding, watering, holding, delivery, shipment, weighing, or handling, in commerce, of livestock;

(c) The term "market agency" means any person engaged in the business of (1) buying or selling in commerce livestock at a stockyard on a commission basis or (2) furnishing stockyard services; and

(d) The term "dealer" means any person, not a market agency, engaged in the business of buying or selling in commerce livestock at a stockyard, either on his own account or as the employee or agent of the vendor or purchaser. [1921]

Sec. 202. Same: Stockyard.

(a) When used in sections 201-203, 205-217a * * * the term "stockyard" means any place, establishment, or facility commonly known as stockyards, conducted or operated for compensation or profit as a public market, consisting of pens, or other inclosures, and their appurtenances, in which live cattle, sheep, swine, horses, mules, or goats are received, held, or kept for sale or shipment in commerce. Sections 201-203, 205-217a * * * shall not apply to a stockyard of which the area normally available for handling livestock, exclusive of runs, alleys, or passage ways, is less than twenty thousand square feet.

(b) The Secretary shall from time to time ascertain, after such inquiry as he deems necessary, the stockyards which come within the foregoing definition, and shall give notice thereof to the stockyard owners concerned, and give public notice thereof by posting copies of such notice in the stockyard, and in such other manner as he may determine. After the giving of such notice to the stockyard owner and to the public, the stockyard shall remain subject to the provisions of sections 201-203, 205-217a * * * until like notice is given by the Secretary that such stockyard no longer comes within the foregoing definition. [1921]

Sec. 205. Services to be furnished; weighing by agency of State.

It shall be the duty of every stockyard owner and market agency to furnish upon reasonable request, without discrimination, reasonable stockyard services at such stockyard: *Provided*, That in any State where the weighing of livestock at a stockyard is

conducted by a duly authorized department or agency of the State, the Secretary, upon application of such department or agency, may register it as a market agency for the weighing of livestock received in such stockyard, and upon such registration such department or agency and the members thereof shall be amenable to all the requirements of this chapter [Secs. 181–231]; and upon failure of such department or agency or the members thereof to comply with the orders of the Secretary under this chapter he is authorized to revoke the registration of such department or agency and to enforce such revocation as provided in section 216 of this title. [1921; last amended 1926.]

Sec. 208. Unjust practices in furnishing services unlawful.

It shall be the duty of every stockyard owner and market agency to establish, observe, and enforce just, reasonable, and nondiscriminatory regulations and practices in respect to the furnishing of stockyard services, and every unjust, unreasonable, or discriminatory regulation or practice is prohibited and declared to be unlawful. [1921]

Sec. 209. Penalty for violations.

(a) If any stockyard owner, market agency, or dealer violates any of the provisions of sections 205–207, or 208 * * * or of any order of the Secretary made under sections 201–203, 205–217a * * * he shall be liable to the person or persons injured thereby for the full amount of damages sustained in consequence of such violation. [1921]

* * * *

Sec. 210. Proceedings before Secretary for violations.

(a) Any person complaining of anything done or omitted to be done by any stockyard owner, market agency, or dealer (hereinafter in this section referred to as the “defendant”) in violation of the provisions of sections 205–207, or 208 * * *, or of an order of the Secretary made under sections 201–203, 205–217a * * *, may, at any time within ninety days after the cause of action accrues, apply to the Secretary by petition which shall briefly state the facts, whereupon the complaint thus made shall be forwarded by the Secretary to the defendant, who shall be called upon to satisfy the complaint, or to answer it in writing, within a reasonable time to be specified by the Secretary. If the defendant within the time specified makes reparation for the injury alleged to be done he shall be relieved of liability to the complainant only for the particular violation thus complained of. If the defendant does not satisfy the complaint within the time specified, or there appears to be any reasonable ground for investigating the complaint, it shall be the duty of the Secretary to investigate the matters complained of in such manner and by such means as he deems proper.

(b) The Secretary, at the request of the livestock commissioner, board of agriculture, or other agency

of a State or Territory having jurisdiction over stockyards in such State or Territory, shall investigate any complaint forwarded by such agency in like manner and with the same authority and powers as in the case of a complaint made under subdivision (a) of this section.

(c) The Secretary may at any time institute an inquiry on his own motion, in any case and as to any matter or thing concerning which a complaint is authorized to be made to or before the Secretary, by any provision of sections 201–203, 205–217a * * * concerning which any question may arise under any of the provisions of sections 201–203, 205–217a * * *, or relating to the enforcement of any of the provisions of sections 201–203, 205–217a * * *. The Secretary shall have the same power and authority to proceed with any inquiry instituted upon his own motion as though he had been appealed to by petition, including the power to make and enforce any order or orders in the case or relating to the matter or thing concerning which the inquiry is had, except orders for the payment of money. [1921]

* * * *

Sec. 211. Order of Secretary as to charges and practices.

Whenever after full hearing upon a complaint made as provided in section 210 * * *, or after full hearing under an order for investigation and hearing made by the Secretary on his own initiative, either in extension of any pending complaint or without any complaint whatever, the Secretary is of the opinion that any rate, charge, regulation, or practice of a stockyard owner or market agency, for or in connection with the furnishing of stockyard services, is or will be unjust, unreasonable, or discriminatory, the Secretary—

(a) May determine and prescribe what will be the just and reasonable rate of charge, or rates or charges, to be thereafter in such case observed as both the maximum and minimum to be charged, and what regulation or practice is or will be just, reasonable, and nondiscriminatory to be thereafter followed; and

(b) May make an order that such owner or operator (1) shall cease and desist from such violation to the extent to which the Secretary finds that it does or will exist; (2) shall not thereafter publish, demand, or collect any rate or charge for the furnishing of stockyard services more or less than the rate or charge so prescribed; and (3) shall conform to and observe the regulation or practice so prescribed. [1921; last amended 1939.]

Sec. 212. Prescribing rates and practices to prevent discrimination between intrastate and interstate commerce.

Whenever in any investigation under the provisions of sections 201–203, 205–217a * * * or in any investigation instituted by petition of the stockyard owner or market agency concerned, which petition is hereby authorized to be filed, the Secretary after full hearing finds that any rate, charge, regulation,

U. S. Code, 1946 Ed., Title 7, Ch. 9—"Packers and Stockyards Act"—Continued.

or practice of any stockyard owner or market agency, for or in connection with the buying or selling on a commission basis or otherwise, receiving, marketing, feeding, holding, delivery, shipment, weighing, or handling, not in commerce, of livestock, causes any undue or unreasonable advantage, prejudice, or preference as between persons or localities in intrastate commerce in livestock on the one hand and interstate or foreign commerce in livestock on the other hand, or any undue, unjust, or unreasonable discrimination against interstate or foreign commerce in livestock, which is hereby forbidden, and declared to be unlawful, the Secretary shall prescribe the rate, charge, regulation, or practice thereafter to be observed, in such manner as, in his judgment, will remove such advantage, preference, or discrimination. Such rates, charges, regulations, or practices shall be observed while in effect by the stockyard owners or market agencies parties to such proceeding affected thereby, the law of any State or the decision or order of any State authority to the contrary notwithstanding. [1921]

Sec. 213. Prevention of unfair, discriminatory, or deceptive practices or devices.

(a) It shall be unlawful for any stockyard owner, market agency, or dealer to engage in or use any unfair, unjustly discriminatory, or deceptive practice or device in connection with the receiving, marketing, buying, or selling on a commission basis or otherwise, feeding, watering, holding, delivery, shipment, weighing or handling, in commerce at a stockyard, of livestock.

(b) Whenever complaint is made to the Secretary by any person, or whenever the Secretary has reason to believe, that any stockyard owner, market agency, or dealer is violating the provisions of subdivision (a) of this section, the Secretary after notice and full hearing may make an order that he shall cease and desist from continuing such violation to the extent that the Secretary finds that it does or will exist. [1921]

Sec. 215. Failure to obey orders; penalty.

(a) Any stockyard owner, market agency, or dealer who knowingly fails to obey any order made under the provisions of sections 211, 212, or 213 * * * shall forfeit to the United States the sum of \$500 for each offense. Each distinct violation shall be a separate offense, and in case of a continuing violation each day shall be deemed a separate offense. Such forfeiture shall be recoverable in a civil suit in the name of the United States. [1921]

* * * * *

Sec. 218. Live poultry dealers and handlers: Unfair, deceptive and fraudulent practices; necessity to curb.

The handling of the great volume of live poultry required as an article of food for the inhabitants of large centers of population is attendant with various

unfair, deceptive, and fraudulent practices and devices, resulting in the producers sustaining sundry losses and receiving prices far below the reasonable value of their live poultry in comparison with prices of other commodities and in unduly and arbitrarily enhancing the cost to the consumers. Such practices and devices are an undue restraint and unjust burden upon interstate commerce and are a matter of such grave concern to the industry and to the public as to make it imperative that steps be taken to free such commerce from such burden and restraint and to protect producers and consumers against such practices and devices. [1935]

Sec. 218a. Same: Designation of cities and markets where unfair practices exist; licenses required; penalty.

(a) The Secretary of Agriculture is authorized and directed to ascertain from time to time and to designate the cities where such practices and devices exist to the extent stated in the preceding section and the markets and places in or near such cities where live poultry is received, sold, and handled in sufficient quantity to constitute an important influence on the supply and price of live poultry and poultry products. On and after the effective date of such designation, which shall be publicly announced by the Secretary by publication in one or more trade journals or in the daily press or in such other manner as he may determine to be adequate for the purpose approximately thirty days prior to such date, no person other than packers as defined in Section 191 of this title and railroads shall engage in, furnish, or conduct any service or facility in any such designated city, place, or market in connection with the receiving, buying, or selling, on a commission basis or otherwise, marketing, feeding, watering, holding, delivering, shipping, weighing, unloading, loading on trucks, trucking, or handling in commerce of live poultry without a license from the Secretary of Agriculture as herein authorized valid and effective at such time. Any person who violates any provision of this subsection shall be subject to a fine of not more than \$500 or imprisonment of not more than six months, or both.

(b) Any person desiring a license shall make application to the Secretary, who may by regulation prescribe the information to be contained in such application. The Secretary shall issue a license to any applicant furnishing the required information unless he finds after opportunity for a hearing that such applicant is unfit to engage in the activity for which he has made application by reason of his having at any time within two years prior to his application engaged in any practice of the character prohibited by this chapter [Secs. 181-231] is financially unable to fulfill the obligations that he would incur as a licensee. [1935]

Sec. 218d. Same: Suspension and revocation of license.

Whenever the Secretary determines, after opportunity for a hearing, that any licensee has violated or is violating any of the provisions of sections 218-

218d of this title, he may publish the facts and circumstances of such violation and by order suspend the license of such offender for a period not to exceed ninety days and if violation is flagrant or repeated he may by order revoke the license of the offender. [1935]

Sec. 228. Rules and regulations.

The Secretary may make such rules, regulations, and orders as may be necessary to carry out the provisions of this chapter [Secs. 181–231] and may cooperate with any department or agency of the Government, any State, Territory, District, or possession, or department, agency, or political subdivision thereof, or any person; * * * [1921]

Regulations Under The Packers and Stockyards Act.

[ED. NOTE.—There are given below those regulations promulgated under authority of the Packers and Stockyards Act which are considered necessary for a complete understanding of the weights and measures provisions of the act. This material is presented in the form in which it is published in Service and Regulatory Announcements 164 of the Office of Marketing Services of the United States Department of Agriculture, issued June 1943 and reprinted with amendments, February 1945.]

201.2 *Terms defined.* When used in these regulations, the terms as defined in the act, shall apply with equal force and effect. In addition, unless the context otherwise requires, the following terms shall be construed, respectively, to mean:

* * * * *

(b) "Administration" means the Office of Marketing Services, War Food Administration.

(c) "Director" means the Director of Marketing Services, War Food Administration, or any officer or employee of that Administration to whom the Director has heretofore lawfully delegated, or to whom the Director may hereafter lawfully delegate, the authority to act in his stead.

* * * * *

(g) "Licensee" means any person who holds a valid unrevoked license from the Secretary of Agriculture issued under title V of the act [Secs. 218–218d, U.S.C.A., Title 7].

* * * * *

201.43 *Market agencies and licensees to make prompt accounting and transmittal of net proceeds.*—Each market agency shall, before the close of the next business day following the sale of any livestock consigned to it for sale, transmit or deliver to the owner of the livestock, or his duly authorized agent the net proceeds received from the sale and a true written account of such sale showing the number, weight and price of each kind of animal sold * * *. Each licensee acting as a broker, factor, or commission merchant shall, before the close of the next business day following the sale of live poultry consigned to it for sale, transmit or deliver to the owner of the live poultry or his duly authorized agent the net proceeds received from such sale and a true written account thereof showing the number of pounds and the price of each kind of poultry sold * * *.

201.44 *Market agencies and licensees to render prompt accounting for purchases on order.*—Each market agency and licensee shall, promptly, following the purchase of livestock or live poultry on a commission or agency basis, transmit or deliver to the person for whose account such purchase was made, or his duly authorized agent, a true written account of the purchase showing the number, weight, and price of each kind of animal purchased, or the weight and price of each kind of poultry purchased, * * *.

201.49 *Requirements regarding scale tickets evidencing weighing livestock and live poultry.*—When livestock or live poultry is weighed for purposes of purchase or sale, or purchase and sale, a scale ticket shall be issued which shall show the name of the agency performing the weighing service, the date of the weighing, the number of the scale or other information identifying the scale upon which the weighing is performed, the name of the seller, the name of the buyer, the name of the consignor, or suitable designations by which the seller, buyer, or consignor may be identified. In the case of livestock in addition to the information referred to above the scale ticket shall show the number of head, kind, and actual weight of the livestock, the amount of dockage, if any, and the name or initials of the person who weighed the livestock. In the case of live poultry in addition to the information referred to above, the scale ticket shall show the number of coops weighed, the gross, tare, and net weights and the name or initials of the person operating the scale at the time the weighing is done. Only stockyard owners, market agencies, or licensees shall weigh livestock or live poultry and execute and issue scale tickets. Scale tickets issued under this section shall be in triplicate form, serially numbered, and if such tickets are used on a type-registering beam they shall conform to the specifications of the National Bureau of Standards. * * *

201.65 *Accurate weights.*—Each stockyard owner, market agency, or licensee, who weighs livestock at stockyards or live poultry in designated markets shall maintain and operate the scales used for such weighing so as to insure accurate weights.

201.66 *Scales; testing of.*—Each stockyard owner, market agency, or licensee who weighs livestock or live poultry for purposes of purchase or sale or who furnishes scales for those purposes shall cause such scales to be tested properly by competent agencies at suitable intervals in accordance with instructions of the Director, copies of which will be furnished to each stockyard owner, market agency, or licensee.

201.67 *Scale operators to be competent.*—Each stockyard owner, market agency, or licensee shall employ only competent persons to operate scales for weighing livestock and live poultry for the purposes of purchase or sale. They shall require such employees to operate the scales in accordance with instructions of the Director, copies of which will be furnished to each stockyard owner, market agency, or licensee who employs persons to operate scales used for the purposes herein indicated.

201.68 *Scales; reports of tests and inspections.*—Each stockyard owner, market agency, or licensee, who weighs livestock and live poultry for purposes of purchase or sale, shall furnish reports of tests and inspections of scales used for these purposes, on forms which will be furnished by the Director on request. When executed one copy of such form shall be retained by the stockyard owner, market agency or licensee, and he shall cause one copy to be retained by the agency conducting the test and inspection of the scales, and the third copy shall be delivered to the local supervisor of the Packers and Stockyards Division, Livestock Branch, Office of Marketing Services, having charge of the work under the act in the particular district in which the scales being tested are located. In case the test and inspection of scales as herein required are conducted by an agency of a State or municipality or other governmental subdivision, the forms ordinarily used by such agency for reporting tests and inspections of scales shall be accepted in lieu of the forms furnished for this purpose by the Director: *Provided*, That the test and inspection forms used by the State or other governmental agency contain substantially the same information as that required by the official form.

201.69 *Scales; repairs and adjustments after inspection.*—No scale shall be used by any stockyard owner, market agency, or licensee unless it has been found upon test and inspection to be in a condition to give accurate weights. If any repairs, adjustments, or replacements are made upon a scale it shall not be placed in use until it has again been tested and inspected in accordance with these regulations.

201.70 *Reweighing.*—Stockyard owners, market agencies, or licensees or their employees shall reweigh livestock or live poultry on request of duly authorized employees of the Administration.

U. S. Code, 1946 Ed., Title 7, Ch. 9—"Packers and Stockyards Acts"—Continued.

201.71 *Weighing for purposes other than purchase or sale.*—Every stockyard owner, market agency, or licensee who weighs livestock or live poultry for purposes other than purchase or sale shall show on the scale tickets or other records used in connection with such weights the fact that they are not weights for purposes of purchase or sale.

201.79 *Packer scales; maintenance and operation.*—Packers owning or operating scales on which livestock is weighed for purposes of purchase in commerce for slaughter shall maintain and operate such scales so as to insure accurate weights.

R. 6969). * * *

To prohibit the movement in interstate commerce of adulterated and misbranded food, drugs, devices, and cosmetics, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

CHAPTER I—SHORT TITLE

SECTION 1. This Act may be cited as the Federal Food, Drug, and Cosmetic Act.

General Regulation. [§1.1] (a) The provisions of regulations promulgated under the Act with respect to the doing of any act shall be applicable also to the causing of such act to be done.

(b) The definitions and interpretations of terms contained in section 201 of the Act shall be applicable also to such terms when used in regulations promulgated under the Act.

CHAPTER II—DEFINITIONS

SEC. 201. For the purposes of this Act—

(a) The term "Territory" means any Territory or possession of the United States, including the District of Columbia and excluding the Canal Zone.

(b) The term "interstate commerce" means (1) commerce between any State or Territory and any place outside thereof, and (2) commerce within the District of Columbia or within any other Territory not organized with a legislative body.

(c) The term "Agency" means the Federal Security Agency.

(d) The term "Administrator" means the Federal Security Administrator.

(e) The term "person" includes individual, partnership, corporation, and association.

(f) The term "food" means (1) articles used for food or drink for man or other animals, (2) chewing gum, and (3) articles used for components of any such article.

(g) The term "drug" means (1) articles recognized in the official United States Pharmacopoeia, official Homoeopathic Pharmacopoeia of the United States, or official National Formulary, or any supplement to any of them; and (2) articles intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in man or other animals; and (3) articles (other than food) intended to affect the structure or any function of the body of man or other animals; and (4) articles intended for use as a component of any articles specified in clause (1), (2), or (3); but does not include devices or their components, parts, or accessories.

(h) The term "device" (except when used in paragraph (n) in this section and in sections 301 (i), 403 (f), 502 (c), and 602 (c) means instruments, apparatus, and contrivances, including their components, parts, and accessories, intended (1) for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in man or other animals; or (2) to affect the structure or any function of the body of man or other animals.

(i) The term "cosmetic" means (1) articles intended to be rubbed, poured, sprinkled, or sprayed on, introduced into, or otherwise applied to the human body or any part thereof for cleansing, beautifying, promoting attractiveness, or altering the appearance, and (2) articles intended for use as a component of any such articles; except that such term shall not include soap.

(j) The term "official compendium" means the official United States Pharmacopoeia, official Homoeopathic Pharmacopoeia of the United States, official National Formulary, or any supplement to any of them.

(k) The term "label" means a display of written, printed, or graphic matter upon the immediate container of any article; and a requirement made by or under authority of this Act that any word, statement, or other information appear on the label shall not be considered to be complied with unless such word, statement, or other information also appears on the outside container or wrapper, if any there be, of the retail package of such article, or is easily legible through the outside container or wrapper.

(l) The term "immediate container" does not include package liners.

(m) The term "labeling" means all labels and other written, printed, or graphic matter (1) upon any article or any of its containers or wrappers, or (2) accompanying such article.

Regulation. [§ 1.2] Labeling includes all written, printed, or graphic matter accompanying an article at any time while such article is in interstate commerce or held for sale after shipment or delivery in interstate commerce.

[SEC. 201. For the purposes of this Act—]

(n) If an article is alleged to be misbranded because the labeling is misleading, then in determining whether the labeling is misleading there shall be taken into account (among other things) not only representations made or suggested by statement, word, design, device, or any combination thereof, but also the extent to which the labeling fails to reveal facts material in the light of such representations or material with respect to consequences which may result from the use of the article to which the labeling relates under the conditions of use prescribed in the labeling thereof or under such conditions of use as are customary or usual.

Regulation. [§ 1.3] The existence of a difference of opinion, among experts qualified by scientific training and experience, as to the truth of a representation made or suggested in the labeling is a fact (among other facts) the failure to reveal which may render the labeling misleading, if there is a material weight of opinion contrary to such representation.

CHAPTER III—PROHIBITED ACTS AND PENALTIES

PROHIBITED ACTS

SEC. 301. The following acts and the causing thereof are hereby prohibited:

(a) The introduction or delivery for introduction into interstate commerce of any food, drug, device, or cosmetic that is adulterated or misbranded.

(b) The adulteration or misbranding of any food, drug, device, or cosmetic in interstate commerce.

(c) The receipt in interstate commerce of any food, drug, device, or cosmetic that is adulterated or misbranded, and the delivery or proffered delivery thereof for pay or otherwise.

(d) The introduction or delivery for introduction into interstate commerce of any article in violation of section 404 or 505.

* * * * *

(g) The manufacture within any Territory of any food, drug, device, or cosmetic that is adulterated or misbranded.

(h) The giving of a guaranty or undertaking referred to in section 303 (c) (2), which guaranty or undertaking is false, except by a person who relied upon a guaranty or undertaking to the same effect signed by, and containing the name and address of, the person residing in the United States from whom he received in good faith the food, drug, device, or cosmetic; or the giving of a guaranty or undertaking referred to in section 303 (c) (3), which guaranty or undertaking is false.

Regulation. [§ 1.4] In case of the giving of a guaranty or undertaking referred to in section 303 (c) (2) or (3) of the Act, each person signing such guaranty or undertaking shall be considered to have given it.

[SEC. 301. The following acts and the causing thereof are hereby prohibited:]

* * * * *

(k) The alteration, mutilation, destruction, obliteration, or removal of the whole or any part of the labeling of, or the doing of any other act with respect to, a food, drug, device, or cosmetic, if such act is done while such article is held for sale (whether or not the first sale) after shipment in interstate commerce and results in such article being adulterated or misbranded.

* * * * *

PENALTIES

SEC. 303. (a) Any person who violates any of the provisions of section 301 shall be guilty of a misdemeanor and shall on conviction thereof be subject to imprisonment for not more than one year, or a fine of not more than \$1,000, or both such imprisonment and fine; but if the violation is committed after a conviction of such person under this section has become final such person shall be subject to imprisonment for not more than three years, or a fine of not more than \$10,000, or both such imprisonment and fine.

(b) Notwithstanding the provisions of subsection (a) of this section, in case of a violation of any of the provisions of section 301, with intent to defraud or mislead, the penalty shall be imprisonment for not more than three years, or a fine of not more than \$10,000, or both such imprisonment and fine.

(c) No person shall be subject to the penalties of subsection (a) of this section, (1) for having received in interstate commerce any article and delivered it or proffered delivery of it, if such delivery or proffer was made in good faith, unless he refuses to furnish on request of an officer or employee duly designated by the Administrator the name and address of the person from whom he purchased or received such article and copies of all documents, if any there be, pertaining to the delivery of the article to him; or (2) for having violated section 301 (a) or (d), if he establishes a guaranty or undertaking signed by, and containing the name and address of, the person residing in the United States from whom he received in good faith the article, to the effect, in case of an alleged violation of section 301 (a), that such article is not adulterated or misbranded, within the meaning of this Act, designating this Act, or to the effect, in case of an alleged violation of section 301 (d), that such article is not an article which may not, under the provisions of section 404 or 505, be introduced into interstate commerce; or (3) for having violated section 301 (a), where the violation exists because the article is adulterated by reason of containing a coal-tar color not from a batch certified in accordance with regulations promulgated by the Administrator under this Act, if such person establishes a guaranty or undertaking signed by, and containing the name and address of, the manufacturer

Public Law 717—75th Congress, Ch. 675—3rd Session, Supp. 5, [21 U. S. C. 301—392; 52 Stat. 1040—1059]—“Federal Food, Drug, and Cosmetic Act”—Continued.

of the coal-tar color, to the effect that such color was from a batch certified in accordance with the applicable regulations promulgated by the Administrator under this Act.

Regulation. [§ 1.5] (a) A guaranty or undertaking referred to in section 303 (c) (2) of the Act may be:

- (1) limited to a specific shipment or other delivery of an article, in which case it may be a part of or attached to the invoice or bill of sale covering such shipment or delivery, or
 - (2) general and continuing, in which case, in its application to any shipment or other delivery of an article, it shall be considered to have been given at the date such article was shipped or delivered by the person who gives the guaranty or undertaking.
- (b) The following are suggested forms of guaranty or undertaking under section 303 (c) (2) of the Act:

(1) Limited Form for use on invoice or bill of sale.

(Name of person giving the guaranty or undertaking) hereby guarantees that no article listed herein is adulterated or misbranded within the meaning of the Federal Food, Drug, and Cosmetic Act, or is an article which may not, under the provisions of section 404 or 505 of the Act, be introduced into interstate commerce.

(Signature and post-office address of person giving the guaranty or undertaking.)

(2) General and Continuing Form.

The article comprising each shipment or other delivery hereafter made by (name of person giving the guaranty or undertaking) to, or on the order of (name and post-office address of person to whom the guaranty or undertaking is given) is hereby guaranteed, as of the date of such shipment or delivery, to be, on such date, not adulterated or misbranded within the meaning of the Federal Food, Drug, and Cosmetic Act, and not an article which may not, under the provisions of section 404 or 505 of the Act, be introduced into interstate commerce.

(Signature and post-office address of person giving the guaranty or undertaking.)

(c) The application of a guaranty or undertaking referred to in section 303 (c) (2) of the Act to any shipment or other delivery of an article shall expire when such article, after shipment or delivery by the person who gave such guaranty or undertaking, becomes adulterated or misbranded within the meaning of the Act, or becomes an article which may not, under the provisions of section 404 or 505 of the Act, be introduced into interstate commerce.

(d) A guaranty or undertaking referred to in section 303 (c) (3) of the Act shall state that the shipment or other delivery of coal-tar color covered thereby was manufactured by a signer thereof. It may be a part of or attached to the invoice or bill of sale covering such color. If such shipment or delivery is from a foreign manufacturer, such guaranty or undertaking shall be signed by such manufacturer and by an agent of such manufacturer who resides in the United States.

(e) The following are suggested forms of guaranty or undertaking under section 303 (c) (3) of the Act:

(1) For domestic manufacturers.

(Name of manufacturer) hereby guarantees that all coal-tar colors listed herein were manufactured by him, and are from batches certified in accordance with the applicable regulations promulgated under the Federal Food, Drug, and Cosmetic Act.

(Signature and post-office address of manufacturer.)

(2) For foreign manufacturers.

(Name of manufacturer and agent) hereby severally guarantee that all coal-tar colors listed herein were manufactured by (name of manufacturer), and are from batches certified in accordance with the applicable regulations promulgated under the Federal Food, Drug, and Cosmetic Act.

(Signature and post-office address of manufacturer.)

(Signature and post-office address of agent.)

(f) For the purpose of a guaranty or undertaking under section 303 (c) (3) of the Act the manufacturer of a shipment or other delivery of a coal-tar color is the person who packaged such color.

(g) A guaranty or undertaking, if signed by two or more persons, shall state that such persons severally guarantee the article to which it applies.

(h) No representation or suggestion that an article is guaranteed under the Act shall be made in labeling.

SEIZURE

SEC. 304. (a) Any article of food, drug, device, or cosmetic that is adulterated or misbranded when introduced into or while in interstate commerce or while held for sale (whether or not the first sale) after shipment in interstate commerce, or which may not, under the provisions of section 404 or 505, be introduced into interstate commerce, shall be liable to be proceeded against while in interstate commerce, or anytime thereafter, on libel of information and condemned in any district court of the United States within the jurisdiction of which the article is found: *Provided, however,* That no libel for condemnation shall be instituted under this Act, for any alleged misbranding if there is pending in any court a libel for condemnation proceeding under this Act based upon the same alleged misbranding, and not more than one such proceeding shall be instituted if no such proceeding is so pending, except that such limitations shall not apply (1) when such misbranding has been the basis of a prior judgment in favor of the United States, in a criminal, injunction, or libel for condemnation proceeding under this Act, or (2) when the Administrator has probable cause to believe from facts found without hearing, by him or any officer or employee of the Agency that the misbranded article is dangerous to health, or that the labeling of the misbranded article is fraudulent, or would be in a material respect misleading to the injury or damage of the purchaser or consumer. In any case where the number of libel for condemnation proceedings is limited as above provided the proceeding pending or instituted shall, on application of the claimant, seasonably made, be removed for trial to any district agreed upon by stipulation between the parties, or, in case of failure to so stipulate within a reasonable time, the claimant may apply to the court of the district in which the seizure has been made, and such court (after giving the United States attorney for such district reasonable notice and opportunity to be heard) shall by order, unless good cause to the contrary is shown, specify a district of reasonable proximity to the claimant's principal place of business to which the case shall be removed for trial.

REPORT OF MINOR VIOLATIONS

SEC. 306. Nothing in this Act shall be construed as requiring the Administrator to report for prosecution, or for the institution of libel or injunction proceedings, minor violations of this Act whenever

he believes that the public interest will be adequately served by a suitable written notice or warning.

CHAPTER IV—Food

DEFINITIONS AND STANDARDS FOR FOOD

SEC. 401. Whenever in the judgment of the Administrator such action will promote honesty and fair dealing in the interest of consumers, he shall promulgate regulations¹ fixing and establishing for any food, under its common or usual name so far as practicable, a reasonable definition and standard of identity, a reasonable standard of quality, and/or reasonable standards of fill of container: *Provided*, That no definition and standard of identity and no standard of quality shall be established for fresh or dried fruits, fresh or dried vegetables, or butter, except that definitions and standards of identity may be established for avocados, cantaloupes, citrus fruits, and melons. In prescribing any standard of fill of container, the Administrator shall give due consideration to the natural shrinkage in storage and in transit of fresh natural food and to need for the necessary packing and protective material. In the prescribing of any standard of quality for any canned fruit or canned vegetable, consideration shall be given and due allowance made for the differing characteristics of the several varieties of such fruit or vegetable. In prescribing a definition and standard of identity for any food or class of food in which optional ingredients are permitted, the Administrator shall, for the purpose of promoting honesty and fair dealing in the interest of consumers, designate the optional ingredients which shall be named on the label. Any definition and standard of identity prescribed by the Administrator for avocados, cantaloupes, citrus fruits, or melons shall relate only to maturity and to the effects of freezing.

MISBRANDED FOOD

SEC. 403. A food shall be deemed to be misbranded—

(a) If its labeling is false or misleading in any particular.

Regulation. [§ 1.7] (a) Among representations in the labeling of a food which render such food misbranded is a false or misleading representation with respect to another food or a drug, device, or cosmetic.

(b) The labeling of a food which contains two or more ingredients may be misleading by reason (among other reasons) of the designation of such food in such labeling by a name which includes or suggests the name of one or more but not all such ingredients, even though the names of all such ingredients are stated elsewhere in the labeling.

[SEC. 403. A food shall be deemed to be misbranded—]

* * * * *

(d) If its container is so made, formed, or filled as to be misleading.

(e) If in package form unless it bears a label containing (1) the name and place of business of the manufacturer, packer, or distributor; and (2) an accurate statement of the quantity of the contents in terms of weight, measure or numerical count: *Provided*, That under clause (2) of this paragraph reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations prescribed by the Administrator.

Regulation. [§ 1.8] (a) Where a food is not manufactured by the person whose name appears on the label, the name shall be qualified by a phrase which reveals the connection such person has with such food, such as "Manufactured for and Packed by _____," "Distributed by _____" or other similar phrase which expresses the facts.

(b) The statement of the place of business shall include the street address, if any, of such place, unless such street address is shown in a current city directory or telephone directory.

(c) If a person manufactures, packs, or distributes a food at a place other than his principal place of business, the label may state the principal place of business in lieu of the actual place where each package of such food was manufactured or packed or is to be distributed, if such statement is not misleading in any particular.

(d) The requirement that the label shall contain the name and place of business of the manufacturer, packer, or distributor shall not be considered to relieve any food from the requirement that its label shall not be misleading in any particular.

(e) (1) The statement of the quantity of the contents shall reveal the quantity of food in the package, exclusive of wrappers and other material packed with such food.

(2) The statement shall be expressed in the terms of weight, measure, numerical count, or a combination of numerical count and weight or measure, which are generally used by consumers to express quantity of such food and which give accurate information as to the quantity thereof. But if no general consumer usage in expressing accurate information as to the quantity of such food exists, the statement shall be in terms of liquid measure if the food is liquid, or in terms of weight if the food is solid, semisolid, viscous, or a mixture of solid and liquid; except that such statement may be in terms of dry measure if the food is a fresh fruit, fresh vegetable, or other dry commodity.

(f) (1) A statement of weight shall be in terms of the avoirdupois pound and ounce. A statement of liquid measure shall be in terms of the United States gallon of 231 cubic inches and quart, pint, and fluid ounce subdivisions thereof, and, except in case of frozen food which is so consumed, shall express the volume at 68° Fahrenheit (20° Centigrade). A statement of dry measure shall be in terms of the United States bushel of 2150.42 cubic inches and peck, dry quart, and dry pint subdivisions thereof; or in terms of the United States standard barrel and its subdivisions of third, half, and three-quarters barrel. However, in the case of an export shipment, the statement may be in terms of a system of weight or measure in common use in the country to which such shipment is exported.

(2) A statement of weight or measure in the terms specified in subparagraph (1) of this paragraph may be supplemented by a statement in terms of the metric system of weight or measure.

(3) Unless an unqualified statement of numerical count gives accurate information as to the quantity of food in the package, it shall be supplemented by such statement of weight, measure, or size of the individual units of the food as will give such information.

(g) Statements shall contain only such fractions as are generally used in expressing the quantity of the food. A common

Public Law 717—75th Congress, Ch. 675—3rd Session, Supp. 5, [21 U. S. C. 301-392; 52 Stat. 1040-1059]—"Federal Food, Drug, and Cosmetic Act"—Continued.

fraction shall be reduced to its lowest terms; a decimal fraction shall not be carried out to more than two places.

(h) (1) If the quantity of food in the package equals or exceeds the smallest unit of weight or measure which is specified in paragraph (f) of this section, and which is applicable to such food under the provisions of paragraph (e) (2) of this section, the statement shall express the number of the largest of such units contained in the package (for example, the statement on the label of a package which contains one quart of food shall be "1 quart"; and not "2 pints" or "32 fluid ounces"), unless the statement is made in accordance with the provisions of subparagraph (2) of this paragraph. Where such number is a whole number and a fraction, there may be substituted for the fraction its equivalent in smaller units, if any smaller is specified in such paragraph (f) (for examples, $1\frac{3}{4}$ quarts may be expressed as "1 quart $\frac{1}{2}$ pints" or "1 quart 1 pint 8 fluid ounces"; $1\frac{1}{4}$ pounds may be expressed as "1 pound 4 ounces"). The stated number of any unit which is smaller than the largest unit (specified in such paragraph (f)) contained in the package shall not equal or exceed the number of such smaller units in the next larger unit so specified (for examples, instead of "1 quart 16 fluid ounces" the statement shall be " $1\frac{1}{2}$ quarts" or "1 quart 1 pint"; instead of "24 ounces" the statement shall be " $\frac{1}{2}$ pounds" or "1 pound 8 ounces").

(2) In the case of a food with respect to which there exists an established custom of stating the quantity of the contents as a fraction of a unit, which unit is larger than the quantity contained in the package, or as units smaller than the largest unit contained therein, the statement may be made in accordance with such custom if it is informative to consumers.

(i) The statement shall express the minimum quantity, or the average quantity, of the contents of the packages. If the statement is not so qualified as to show definitely that the quantity expressed is the minimum quantity, the statement shall be considered to express the average quantity.

(j) Where the statement expresses the minimum quantity, no variation below the stated minimum shall be permitted except variations below the stated weight or measure caused by ordinary and customary exposure, after the food is introduced into interstate commerce, to conditions which normally occur in good distribution practice and which unavoidably result in decreased weight or measure. Variations above the stated minimum shall not be unreasonably large.

(k) Where the statement does not express the minimum quantity:

(1) variations from the stated weight or measure shall be permitted when caused by ordinary and customary exposure, after the food is introduced into interstate commerce, to conditions which normally occur in good distribution practice and which unavoidably result in change of weight or measure;

(2) variations from the stated weight, measure, or numerical count shall be permitted when caused by unavoidable deviations in weighing, measuring, or counting individual packages which occur in good packing practice.

But under subparagraph (2) of this paragraph variations shall not be permitted to such extent that the average of the quantities in the packages comprising a shipment or other delivery of the food is below the quantity stated, and no unreasonable shortage in any package shall be permitted, even though overages in other packages in the same shipment or delivery compensate for such shortage.

(1) The extent of variations from the stated quantity of

the contents permissible under paragraphs (j) and (k) of this section in the case of each shipment or other delivery shall be determined by the facts in such case.

(m) A food shall be exempt from compliance with the requirements of clause (2) of section 403 (c) of the Act if:

- (1) The quantity of the contents, as expressed in terms applicable to such food under the provisions of paragraph (e) (2) of this section, is less than one-half ounce avoirdupois, or less than one-half fluid ounce, or (in case the units of the food can be easily counted without opening the package) less than six units; or
- (2) The statement of the quantity of the contents of the package, together with all other words, statements, and information required by or under authority of the Act to appear on the label, cannot, because of insufficient label space, be so placed on the label as to comply with the requirements of section 403 (f) of the Act and regulations promulgated thereunder.

[SEC. 403. A food shall be deemed to be misbranded—]

(f) If any word, statement, or other information required by or under authority of this Act to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

Regulation. [§ 1.9] (a) A word, statement, or other information required by or under authority of the Act to appear on the label may lack that prominence and conspicuousness required by section 403 (f) of the Act by reason (among other reasons) of:

- (1) The failure of such word, statement, or information to appear on the part or panel of the label which is presented or displayed under customary conditions of purchase;
- (2) The failure of such word, statement, or information to appear on two or more parts or panels of the label, each of which has sufficient space therefor, and each of which is so designed as to render it likely to be, under customary conditions of purchase, the part or panel displayed;
- (3) The failure of the label to extend over the area of the container or package available for such extension, so as to provide sufficient label space for the prominent placing of such word, statement, or information;
- (4) Insufficiency of label space (for the prominent placing of such word, statement, or information) resulting from the use of label space for any word, statement, design, or device which is not required by or under authority of the Act to appear on the label;
- (5) Insufficiency of label space (for the prominent placing of such word, statement, or information) resulting from the use of label space to give materially greater conspicuousness to any other word, statement, or information, or to any design or device; or
- (6) Smallness or style of type in which such word, statement, or information appears, insufficient background contrast, obscuring designs or vignettes, or crowding with other written, printed, or graphic matter.

(b) No exemption depending on insufficiency of label space, as prescribed in regulations promulgated under section 403 (e) or (i) of the Act, shall apply if such insufficiency is caused by:

- (1) The use of label space for any word, statement, design, or device which is not required by or under authority of the Act to appear on the label;
- (2) The use of label space, to give greater conspicuousness to any word, statement, or other information than is required by section 403 (f) of the Act; or
- (3) The use of label space for any representation in a foreign language.

- (c) (1) All words, statements, and other information required by or under authority of the Act to appear on the label or labeling shall appear thereon in the English language.
- (2) If the label contains any representation in a foreign language, all words, statements, and other information required by or under authority of the Act to appear on the label shall appear thereon in the foreign language.
- (3) If the labeling contains any representation in a foreign language, all words, statements, and other information required by or under authority of the Act to appear on the label or labeling shall appear on the labeling in the foreign language.

(2) a food for which a standard or standards of fill of container have been prescribed by regulations as provided by section 401, and it falls below the standard of fill of container applicable thereto, unless its label bears, in such manner and form as such regulations specify, a statement that it falls below such standard.

REGULATIONS MAKING EXEMPTIONS

SEC. 405. The Administrator shall promulgate regulations exempting from any labeling requirements of this Act (1) small open containers of fresh fruits and fresh vegetables and (2) food which is, in accordance with the practice of the trade, to be processed, labeled, or repacked in substantial quantities at establishments other than those where originally processed or packed, on condition that such food is not adulterated or misbranded under the provisions of this Act upon removal from such processing, labeling, or repacking establishment.

Regulation. [§ 1.13] (a) (1) An open container is a container of rigid or semi-rigid construction, which is not closed by lid, wrapper, or otherwise.

- (2) An open container of a fresh fruit or fresh vegetable, the quantity of contents of which is not more than one dry quart, shall be exempt from the labeling requirements of paragraphs (c), (g) (2) (with respect to the name of the food specified in the definition and standard), and (i) (1) of section 403 of the Act; but such exemption shall be on the condition that if two or more such containers are enclosed in a crate or other shipping package, such crate or package shall bear labeling showing the number of such containers enclosed therein and the quantity of the contents of each.

CHAPTER V—DRUGS AND DEVICES

MISBRANDED DRUGS AND DEVICES

SEC. 502. A drug or device shall be deemed to be misbranded—

- (a) If its labeling is false or misleading in any particular.

Regulation. [§ 1.101] (a) Among representations in the labeling of a drug or device which render such drug or device **misbranded is a false or misleading representation with respect to another drug or device or a food or cosmetic.**

(b) The labeling of a drug which contains two or more ingredients may be misleading by reason (among other reasons) of the designation of such drug in such labeling by a name which includes or suggests the name of one or more but not all such ingredients, even though the names of all such ingredients are stated elsewhere in the labeling.

[SEC. 502. A drug or device shall be deemed to be misbranded—]

(b) If in package form unless it bears a label containing (1) the name and place of business of the manufacturer, packer, or distributor; and (2) an accurate statement of the quantity of the contents in terms of weight, measure, or numerical count: *Provided*, That under clause (2) of this paragraph reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations prescribed by the Administrator.

Regulation. [§ 1.102] (a) If a drug or device is not manufactured by the person whose name appears on the label, the name shall be qualified by a phrase which reveals the connection such person has with such drug or device, such as "Manufactured for and Packed by _____," "Distributed by _____," or other similar phrase which expresses the facts.

(b) The statement of the place of business shall include the street address, if any, of such place, unless such street address is shown in a current city directory or telephone directory.

(c) Where a person manufactures, packs, or distributes a drug or device at a place other than his principal place of business, the label may state the principal place of business in lieu of the actual place where each package of such drug or device was manufactured or packed or is to be distributed, if such statement is not misleading in any particular.

(d) The requirement that the label shall contain the name and place of business of the manufacturer, packer, or distributor shall not be considered to relieve any drug or device from the requirement that its label shall not be misleading in any particular.

- (e) (1) The statement of the quantity of the contents of a package of a drug shall reveal the quantity of such drug in the package, exclusive of wrappers and other material packed with such drug.

(2) The statement shall be expressed in the terms of weight, measure, numerical count, or a combination of numerical count and weight or measure, which are generally used by consumers and users of such drug to express quantity thereof and which give accurate information as to such quantity. But if no general usage in expressing accurate information as to the quantity of such drug exists among consumers and users thereof, the statement of the quantity of a drug which is not in tablet, capsule, ampul, or other unit form shall be in terms of weight if the drug is solid, semisolid, or viscous, or in terms of measure if the drug is liquid; the statement of the quantity of a drug which is in such unit form shall be in terms of the numerical count of such units, supplemented, when necessary to give accurate information as to the quantity of such drug in the package, by such statement (in such terms, manner, and form as are not misleading) of the weight or measure of such units, or of the quantity of each active ingredient in each such unit, as will give such information.

- (3) The statement of the quantity of a device shall be expressed in terms of numerical count.

(f) A statement of weight shall be in terms of the avoirdupois pound, ounce, and grain, or of the kilogram, gram, and milligram. A statement of liquid measure shall be in terms of the United States gallon of 231 cubic inches and quart, pint, fluid ounce, and fluid dram subdivisions thereof, or of the liter, milliliter, or cubic centimeter, and shall express the volume at 68° Fahrenheit (20° Centigrade).

Public Law 717—75th Congress, Ch. 675—3rd Session, Supp. 5, [21 U. S. C. 301—392; 52 Stat. 1040—1059]—“Federal Food, Drug, and Cosmetic Act”—Continued.

(g) Statements of the quantity of a drug shall contain only such fractions as are generally used in expressing the quantity of such drug. A common fraction shall be reduced to its lowest terms; a decimal fraction shall not be carried out to more than three places, except in the case of a statement of the quantity of an active ingredient in a unit of a drug.

(h) (1) Unless made in accordance with the provisions of subparagraph (2) of this paragraph, a statement of the quantity of a drug, in the terms of weight or measure applicable to such drug under the provisions of paragraph (e) (2) of this section, shall express the number of the largest unit specified in paragraph (f) of this section which is contained in the package (for example, the statement of the label of a package which contains one pint of a drug shall be “1 pint,” and not “16 fluid ounces”). Where such number is a whole number and a fraction, there may be substituted for the fraction its equivalent in smaller units, if any smaller is specified in such paragraph (f) (for example, $1\frac{1}{4}$ pounds may be expressed as “1 pound 4 ounces”). The stated number of any unit which is smaller than the largest unit (specified in such paragraph (f)) contained in the package shall not equal or exceed the number of such smaller units in the next larger unit so specified (for example, instead of “1 quart 16 fluid ounces” the statement shall be “ $1\frac{1}{2}$ quarts” or “1 quart 1 pint”).

(2) In the case of a drug with respect to which there exists an established custom of stating the quantity of the contents as a fraction of a unit, which unit is larger than the quantity contained in the package, or as units smaller than the largest unit contained therein, the statement may be made in accordance with such custom if it is informative to consumers.

(i) The statement of the quantity of a drug or device shall express the minimum quantity, or the average quantity, of the contents of the packages. If the statement is not so qualified as to show definitely that the quantity expressed is the minimum quantity, the statement, except in the case of ampuls, shall be considered to express the average quantity. The statement of the quantity of a drug in ampuls shall be considered to express the minimum quantity.

(j) Where the statement expresses the minimum quantity, no variation below the stated minimum shall be permitted except variations below the stated weight or measure of a drug caused by ordinary and customary exposure, after such drug is introduced into interstate commerce, to conditions which normally occur in good distribution practice and which unavoidably result in decreased weight or measure. Variations above the stated minimum shall not be unreasonably large. In the case of a liquid drug in ampuls the variation above the stated measure shall comply with the excess volume prescribed by the National Formulary for filling of ampuls.

(k) Where the statement does not express the minimum quantity:

- (1) Variations from the stated weight or measure of a drug shall be permitted when caused by ordinary and customary exposure, after such drug is introduced into interstate commerce, to conditions which normally occur in good distribution practice and which unavoidably result in change of weight or measure;
- (2) Variations from the stated weight, measure, or numerical count of a drug or device shall be permitted when caused by unavoidable deviations in weighing, measuring, or counting the contents of individual packages which occur in good packing practice. But under subparagraph (2) of this paragraph variations shall not be permitted to such extent that the average of the quantities in the packages comprising a shipment or other delivery of the drug or device is

below the quantity stated and no unreasonable shortage in any package shall be permitted, even though overages in other packages in the same shipment or delivery compensate for such shortage.

(l) The extent of variations from the stated quantity of the contents permissible under paragraphs (j) and (k) of this regulation in the case of each shipment or other delivery shall be determined by the facts in such case.

(m) A drug or device shall be exempt from compliance with the requirements of clause (2) of section 502 (b) of the Act if:

- (1) The statement of the quantity of the contents, as expressed in terms applicable to such drug or device under the provisions of paragraph (e) (2) of this section, together with all other words, statements, and information required by or under authority of the Act to appear on the label of such drug or device, cannot, because of insufficient label space, be so placed on the label as to comply with the requirements of section 502 (c) of the Act and regulations promulgated thereunder, or
- (2) The quantity of the contents of the package, as expressed in terms of numerical count in compliance with paragraph (e) (2) or (3) of this section, is less than six units, and such units can be easily counted without opening the package.

[SEC. 502. A drug or device shall be deemed to be misbranded—]

(c) If any word, statement, or other information required by or under authority of this Act to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

Regulation. [§ 1.103] (a) A word, statement, or other information required by or under authority of the Act to appear on the label may lack that prominence and conspicuousness required by section 502 (c) of the Act by reason (among other reasons) of:

- (1) The failure of such word, statement, or information to appear on the part or panel of the label which is presented or displayed under customary conditions of purchase;
 - (2) The failure of such word, statement, or information to appear on two or more parts or panels of the label, each of which has sufficient space therefor, and each of which is so designed as to render it likely to be, under customary conditions of purchase, the part or panel displayed;
 - (3) The failure of the label to extend over the area of the container or package available for such extension, so as to provide sufficient label space for the prominent placing of such word, statement, or information;
 - (4) Insufficiency of label space (for the prominent placing of such word, statement, or information) resulting from the use of label space for any word, statement, design, or device which is not required by or under authority of the Act to appear on the label;
 - (5) Insufficiency of label space (for the prominent placing of such word, statement, or information) resulting from the use of label space to give materially greater conspicuousness to any other word, statement, or information, or to any design or device; or
 - (6) Smallness or style of type in which such word, statement, or information appears, insufficient background contrast, obscuring designs or vignettes, or crowding with other written, printed, or graphic matter.
- (b) No exemption depending on insufficiency of label space, as prescribed in regulations promulgated under section 502 (b) or (c) of the Act, shall apply if such insufficiency is caused by:
- (1) The use of label space for any word, statement, de-

sign, or device which is not required by or under authority of the Act to appear on the label;

- (2) The use of label space to give greater conspicuousness to any word, statement, or other information than is required by section 502 (c) of the Act; or
- (3) The use of label space for any representation in a foreign language.
- (c) (1) All words, statements, and other information required by or under authority of the Act to appear on the label or labeling shall appear thereon in the English language.
- (2) If the label contains any representation in a foreign language, all words, statements, and other information required by or under authority of the Act to appear on the label shall appear thereon in the foreign language.
- (3) If the labeling contains any representation in a foreign language, all words, statements, and other information required by or under authority of the Act to appear on the label or labeling shall appear on the labeling in the foreign language.

CHAPTER VI—COSMETICS

MISBRANDED COSMETICS

SEC. 602. A cosmetic shall be deemed to be misbranded—

- (a) If its label is false or misleading in any particular.

Regulation. [§ 1.201] (a) Among representations in the labeling of a cosmetic which render such cosmetic misbranded is a false or misleading representation with respect to another cosmetic or a food, drug, or device.

(b) The labeling of a cosmetic which contains two or more ingredients may be misleading by reason (among other reasons) of the designation of such cosmetic in such labeling by a name which includes or suggests the name of one or more but not all such ingredients, even though the names of all such ingredients are stated elsewhere in the labeling.

[SEC. 602. A cosmetic shall be deemed to be misbranded—]

(b) If in package form unless it bears a label containing (1) the name and place of business of the manufacturer, packer, or distributor; and (2) an accurate statement of the quantity of the contents in terms of weight, measure, or numerical count: *Provided*, That under clause (2) of this paragraph reasonable variations shall be permitted and exemptions as to small packages shall be established, by regulations prescribed by the Administrator.

Regulation. [§ 1.202] (a) If a cosmetic is not manufactured by the person whose name appears on the label, the name shall be qualified by a phrase which reveals the connection such person has with such cosmetic such as "Manufactured for and Packed by _____," "Distributed by _____," or other similar phrase which expresses the facts.

(b) The statement of the place of business shall include the street address, if any, of such place, unless such street address is shown in a current city directory or telephone directory.

(c) Where a person manufactures, packs, or distributes a cosmetic at a place other than his principal place of business, the label may state the principal place of business in lieu of

the actual place where each package of such cosmetic was manufactured or packed or is to be distributed, if such statement is not misleading in any particular.

(d) The requirement that the label shall contain the name and place of business of the manufacturer, packer, or distributor shall not be considered to relieve any cosmetic from the requirement that its label shall not be misleading in any particular.

- (e) (1) The statement of the quantity of the contents shall reveal the quantity of cosmetic in the package, exclusive of wrappers and other material packed with such cosmetic.
- (2) The statement shall be expressed in the terms of weight, measure, numerical count, or a combination of numerical count and weight or measure, which are generally used by consumers to express quantity of such cosmetic and which give accurate information as to the quantity thereof. But if no general consumer usage in expressing accurate information as to the quality of such cosmetic exists, the statement shall be in terms of liquid measure if the cosmetic is liquid, or in terms of weight if the cosmetic is solid, semi-solid, or viscous, or in such terms of numerical count, or numerical count and weight or measure, as will give accurate information as to the quantity of the cosmetic in the package.

(f) (1) A statement of weight shall be in terms of the avoirdupois pound and ounce. A statement of liquid measure shall be in terms of the United States gallon of 231 cubic inches and quart, pint, and fluid ounce subdivisions thereof, and shall express the volume at 68° Fahrenheit (20° Centigrade). However, in the case of an export shipment, the statement may be in terms of a system of weight or measure in common use in the country to which such shipment is exported.

(2) A statement of weight or measure in the terms specified in subparagraph (1) of this paragraph may be supplemented by a statement in terms of the metric system of weight or measure.

(3) Unless an unqualified statement of numerical count gives accurate information as to the quantity of cosmetic in the package, it shall be supplemented by such statement of weight, measure, or size of the individual units of the cosmetic as will give such information.

(g) Statements shall contain only such fractions as are generally used in expressing the quantity of the cosmetic. A common fraction shall be reduced to its lowest terms; a decimal fraction shall not be carried out to more than two places.

- (h) (1) If the quantity of cosmetic in the package equals or exceeds the smallest unit of weight or measure which is specified in paragraph (f) of this section, and which is applicable to such cosmetic under the provisions of paragraph (c) (2) of this section, the statement shall express the number of the largest of such units contained in the package (for example, the statement on the label of a package which contains one pint of cosmetic shall be "1 pint" and not "16 fluid ounces"), unless the statement is made in accordance with the provisions of subparagraph (2) of this paragraph. Where such number is a whole number and a fraction, there may be substituted for the fraction its equivalent in smaller units, if any smaller is specified in such paragraph (f) (for example, $\frac{1}{4}$ quarts may be expressed as "1 quart $\frac{1}{2}$ pints" or "1 quart 1 pint 8 fluid ounces"; $\frac{1}{4}$ pounds may be expressed as "1 pound 4 ounces"). The stated number of any unit which is smaller than the largest unit (specified in such paragraph (f)) contained in the package shall not equal or exceed the number of such smaller units in the next larger unit so specified (for examples, instead of "1 quart 16 fluid ounces" the statement shall be " $\frac{1}{2}$ quarts" or "1 quart 1 pint"; instead of "24 ounces" the statement shall be " $\frac{1}{2}$ pounds" or "1 pound 8 ounces").

Public Law 717—75th Congress, Ch. 675—3rd Session, Supp. 5, [21 U. S. C. 301—392; 52 Stat. 1040—1059]—“Federal Food, Drug, and Cosmetic Act”—Continued.

(2) In the case of a cosmetic with respect to which there exists an established custom of stating the quantity of the contents as a fraction of a unit, which unit is larger than the quantity contained in a package, or as units smaller than the largest unit contained therein, the statement may be made in accordance with such custom if it is informative to consumers.

(i) The statement shall express the minimum quantity, or the average quantity, of the contents of the packages. If the statement is not so qualified as to show definitely that the quantity expressed is the minimum quantity, the statement shall be considered to express the average quantity.

(j) Where the statement expresses the minimum quantity, no variation below the stated minimum shall be permitted except variations below the stated weight or measure caused by ordinary and customary exposure, after the cosmetic is introduced into interstate commerce, to conditions which normally occur in good distribution practice and which unavoidably result in decreased weight or measure. Variations above the stated minimum shall not be unreasonably large.

(k) Where the statement does not express the minimum quantity:

(1) Variations from the stated weight or measure shall be permitted when caused by ordinary and customary exposure, after the cosmetic is introduced into interstate commerce, to conditions which normally occur in good distribution practice and which unavoidably result in change of weight or measure.

(2) Variations from the stated weight, measure, or numerical count shall be permitted when caused by unavoidable deviations in weighing, measuring, or counting individual packages which occur in good packing practice. But under subparagraph (2) of this paragraph variations shall not be permitted to such extent that the average of the quantities in the packages comprising a shipment or other delivery of the cosmetic is below the quantity stated, and no unreasonable shortage in any package shall be permitted, even though overages in other packages in the same shipment or delivery compensate for such shortage.

(l) The extent of variations from the stated quantity of the contents permissible under paragraphs (j) and (k) of this section in the case of each shipment or other delivery shall be determined by the facts in such case.

(m) A cosmetic shall be exempt from compliance with the requirements of clause (2) of section 602 (b) of the Act if the quantity of the contents of the package, as expressed in terms applicable to such cosmetic under the provisions of paragraph (c) (2) of this section, is less than one-fourth ounce avoirdupois, or less than one-eighth fluid ounce, or (in case the units of the cosmetic can be easily counted without opening the package) less than six units.

[SEC. 602. A cosmetic shall be deemed to be misbranded—]

(c) If any word, statement, or other information required by or under authority of this Act to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

Regulation. [§ 1.203] (a) A word, statement, or other information required by or under authority of the Act to appear on the label may lack that prominence and conspicuousness required by section 602 (c) of the Act by reason (among other reasons) of:

- (1) The failure of such word, statement, or information to appear on the part or panel of the label which is presented or displayed under customary conditions of purchase;
- (2) The failure of such word, statement, or information to appear on two or more parts or panels of the label each of which has sufficient space therefor, and each of which is so designed as to render it likely to be, under customary conditions of purchase, the part or panel displayed;
- (3) The failure of the label to extend over the area of the container or package available for such extension, so as to provide sufficient label space for the prominent placing of such word, statement, or information;
- (4) Insufficiency of label space (for the prominent placing of such word, statement, or information) resulting from the use of label space for any word, statement, design, or device which is not required by or under authority of the Act to appear on the label;
- (5) Insufficiency of label space (for the prominent placing of such word, statement, or information) resulting from the use of label space to give materially greater conspicuousness to any other word, statement, or information, or to any design or device;
- (6) Smallness or style of type in which such word, statement, or information appears, insufficient background contrast, obscuring designs or vignettes, or crowding with other written, printed, or graphic matter.
- (b) (1) All words, statements, and other information required by or under authority of the Act to appear on the label or labeling shall appear thereon in the English language.
- (2) If the label contains any representation in a foreign language, all words, statements, and other information required by or under authority of the Act to appear on the label shall appear thereon in the foreign language.

[SEC. 602. A cosmetic shall be deemed to be misbranded—]

(d) If its container is so made, formed, or filled as to be misleading.

CHAPTER VII—GENERAL ADMINISTRATIVE PROVISIONS

EXAMINATIONS AND INVESTIGATIONS

SEC. 702. (a) The Administrator is authorized to conduct examinations and investigations for the purposes of this Act through officers and employees of the Agency or through any health, food, or drug officer or employee of any State, Territory, or political subdivision thereof, duly commissioned by the Administrator as an officer of the Agency. In the case of food packed in a Territory the Administrator shall attempt to make inspection of such food at the first point of entry within the United States when, in his opinion and with due regard to the enforcement of all provisions of this Act, the facilities at his disposal will permit of such inspection. For the purposes of this subsection the term “United States” means the States and the District of Columbia.

CHAPTER IX—MISCELLANEOUS

SEC. 902. (a) * * * the Act of March 4, 1923 12 (U. S. C., 1934 ed., title 21, sec. 6; 42 Stat. 1500, ch. 268), defining butter and providing a standard therefor; the Act of July 24, 1919 13 (U. S. C.,

1934 ed., title 21, sec. 10; 41 Stat. 271, ch. 26), defining wrapped meats as in package form * * * shall remain in force and effect and be applicable to the provisions of this Act.

(b) Meats and meat food products shall be exempt from the provisions of this Act to the extent of the application or the extension thereto of the Meat Inspection Act, approved March 4, 1907, as amended (U. S. C., 1934 ed., title 21, secs. 71-91; 34 Stat. 1260 *et seq.*).

* * * * *

(Approved June 25, 1938.)

¹² That for the purposes of the Food and Drug Act of June 30, 1906 (Thirty-fourth Statutes at Large, page 768), "butter" shall be understood to mean the food product usually known as butter, and which is made exclusively from milk or cream, or both, with or without common salt, and with or without additional coloring matter, and containing not less than 80 percentum by weight of milk fat, all tolerances having been allowed for.

¹³ That the word "package" where it occurs the second and last time in the Act entitled "An act to amend section 8 of an act entitled, 'An act for preventing the manufacture, sale, or transportation of adulterated or misbranded or poisonous deleterious foods, drugs, medicines, and liquors, and for regulating traffic therein, and for other purposes,'" approved March 3, 1913, shall include and shall be construed to include wrapped meats inclosed in papers or other materials as prepared by the manufacturers thereof for sale.

U. S. Code, 1946 Ed., Title 15, Ch. 2—"Federal Trade Commission Act."

Sec. 45. Unfair methods of competition unlawful; prevention; proceeding by commission.

(a) Unfair methods of competition in commerce, and unfair or deceptive acts or practices in commerce, are hereby declared unlawful.

The Commission is empowered and directed to prevent persons, partnerships, or corporations, except banks, common carriers subject to the Acts to regulate commerce, air carriers and foreign air carriers subject to chapter 9 of Title 49, and persons, partnerships, or corporations subject to sections 181-203, 205-228 and 229 of Title 7, except as provided in section 227 of Title 7, from using unfair methods of competition in commerce and unfair or deceptive acts or practices in commerce.

(b) Whenever the Commission shall have reason to believe that any such person, partnership, or corporation has been or is using any unfair method of competition or unfair or deceptive act or practice in commerce, and if it shall appear to the Commission that a proceeding by it in respect thereof would be to the interest of the public, it shall issue and serve upon such person, partnership, or corporation a complaint stating its charges in that respect and containing a notice of a hearing * * * If upon such hearing the Commission shall be of the opinion that the method of competition or the act or practice in question is prohibited by sections 41-46 and 47-58 of this title, it shall make a report in writing in which it shall state its findings as to the facts and

shall issue and cause to be served on such person, partnership, or corporation an order requiring such person, partnership, or corporation to cease and desist from using such method of competition or such act or practice. * * * [1914; last amended 1938.]

U. S. Code, 1946 Ed., Title 7, Ch. 6—"Federal Insecticide, Fungicide and Rodenticide Act."

Sec. 135. Definitions.

For the purposes of sections 135-135k * * *

a. The term "economic poison" means any substance or mixture of substances intended for preventing, destroying, repelling, or mitigating any insects, rodents, fungi, weeds, and other forms of plant or animal life or viruses, except viruses on or in living man or other animals, which the Secretary shall declare to be a pest.

* * * * *

p. The term "Secretary" means the Secretary of Agriculture.

* * * * *

r. The term "label" means the written, printed, or graphic matter on, or attached to, the economic poison or device or the immediate container thereof, and the outside container or wrapper of the retail package, if any there be, of the economic poison or device.

* * * * *

u. The term "misbranded" shall apply—

(1) to any economic poison or device if its labeling bears any statement, design, or graphic representation relative thereto or to its ingredients which is false or misleading in any particular;

(2) to any economic poison—

* * * * *

(f) If any word, statement, or other information required by or under authority of sections 135-135k * * * to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or graphic matter in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use; * * * [1947]

Sec. 135a. Prohibited acts; marking requirements; exception to act.

(a) It shall be unlawful for any person to distribute, sell, or offer for sale in any Territory or in the District of Columbia, or to ship or deliver for shipment from any State, Territory, or the District of Columbia to any other State, Territory, or the District of Columbia, or to any foreign country, or to receive in any State, Territory, or the District of Columbia from any other State, Territory, or the District of Columbia, or foreign country, and having so received, deliver or offer to deliver in the original

U. S. Code, 1946 Ed., Title 7, Ch. 6—"Federal Insecticide, Fungicide and Rodenticide Act"—Continued.

unbroken package to any other person, any of the following:

(2) Any economic poison unless it is in the registrant's or the manufacturer's unbroken immediate container, and there is affixed to such container, and to the outside container or wrapper of the retail package, if there be one through which the required information on the immediate container cannot be clearly read, a label bearing—

(c) the net weight or measure of the content: *Provided*, That the Secretary may permit reasonable variations.

(5) Any economic poison which is adulterated or misbranded

b. Notwithstanding any other provision of sections 135-135k, no article shall be deemed in violation of said sections when intended solely for export to any foreign country and prepared or packed according to the specifications or directions of the foreign purchaser.

c. It shall be unlawful—

(3) for any person to give a guaranty or undertaking provided for in section 135e which is false in any particular, except that a person who receives and relies upon a guaranty authorized under section 135e may give a guaranty to the same effect, which guaranty shall contain in addition to his own name and address the name and address of the person residing in the United States from whom he received the guaranty or undertaking; [1947]

Sec. 135d. Rules and regulations; examinations; notification to violators.

a. The Secretary (except as otherwise provided in this section) is authorized to make rules and regulations for carrying out the provisions of sections 135-135k

c. The examination of economic poisons or devices shall be made in the United States Department of Agriculture or elsewhere as the Secretary may designate for the purpose of determining from such examination whether they comply with the requirements of sections 135-135k, and if it shall appear from any such examination that they fail to comply with the requirements of said sections, the Secretary shall cause notice to be given to the person against whom criminal proceedings are contemplated. *Provided*, That nothing in said sections shall be construed as requiring the Secretary to report for prosecution or for the institution of libel proceedings, minor violations of said sections

whenever he believes that the public interest will be adequately served by a suitable written notice of warning. [1947]

Sec. 135e. Exemptions from penalties.

a. The penalties provided for a violation of section 135a (a) shall not apply to—

(1) any person who establishes a guaranty signed by, and containing the name and address of, the registrant or person residing in the United States from whom he purchased and received in good faith the article in the same unbroken package, to the effect that the article was lawfully registered at the time of sale and delivery to him, and that it complies with the other requirements of sections 135-135k, designating said sections. In such case the guarantor shall be subject to the penalties which would otherwise attach to the person holding the guaranty under the provisions of said sections;

(2) any carrier while lawfully engaged in transporting an economic poison or device if such carrier upon request by a person duly designated by the Secretary shall permit such person to copy all records showing the transactions in and movement of the articles;

(3) to public officials while engaged in the performance of their official duties;

(4) to the manufacturer or shipper of an economic poison for experimental use only by or under the supervision of any Federal or State agency authorized by law to conduct research in the field of economic poisons; or by others if a permit has been obtained before shipment in accordance with regulations promulgated by the Secretary. [1947]

Sec. 135f. Penalties for violations.

b. Any person violating any provision other than section 135a (a) (1) shall be guilty of a misdemeanor and shall upon conviction be fined not more than \$500 for the first offense, and on conviction for each subsequent offense be fined not more than \$1,000 or imprisoned for not more than one year, or both such fine and imprisonment: *Provided*, That an offense committed more than five years after the last previous conviction shall be considered a first offense: [1947]

Sec. 135g. Seizures.

a. Any economic poison or device that is being transported from one State, Territory, or District to another, or having been transported, remains unsold or in original unbroken packages, or that is sold or offered for sale in the District of Columbia or any Territory, or that is imported from a foreign country, shall be liable to be proceeded against in any district court of the United States in the district where it is found and seized for confiscation by a process of libel for condemnation—

- (1) in the case of an economic poison—
 (a) if it is adulterated or misbranded;

* * * * *

(c) if it fails to bear on its label the information required by sections 135–135k * * * [1947]

Sec. 135k. Cooperation between department and agencies.

The Secretary is authorized to cooperate with any other department or agency of the Federal Government and with the official agricultural or other regulatory agency of any State, Territory, District, possession or any political subdivision thereof, in carrying out the provisions of sections 135–135k * * *, and in securing uniformity of regulations. [1947]

U. S. Code, 1946 Ed., Title 7, Ch. 21A—"Tobacco Inspection Act."

Sec. 511e. Weighing; fees; construction of section.

The Secretary, independently or in cooperation with other branches of the Government, State agencies, or persons, whether operating in one or more jurisdictions, is authorized to employ and/or license competent persons as * * * weighers to weigh and certify the weight of tobacco, or as inspectors of tobacco to determine and certify, upon the request of the owner or other financially interested person, the type, grade, weight, condition, and/or such other facts as the Secretary may deem necessary.

The Secretary is authorized to fix and collect such fees or charges in the administration of this section as he may deem reasonable, and the moneys collected, except as provided in this section, shall be deposited in the Treasury of the United States to the credit of miscellaneous receipts. Fees or charges collected under an agreement with a State, municipality, or person, or by an individual licensed to inspect or weigh or sample tobacco under this chapter [Secs. 511–511q], may be disposed of in accordance with the terms of such agreement or license. * * *

This section is intended merely to provide for the furnishing of services upon request of the owner or other person financially interested in tobacco to be sampled, inspected, or weighed and shall not be construed otherwise. [1935]

Sec. 511i. Unlawful acts.

It shall be unlawful—

* * * * *

(d) For any person employed, designated, or licensed by the Secretary as an inspector, sampler, or weigher of tobacco under this chapter [Secs. 511–511q] knowingly to inspect, sample, or weigh improperly, or to issue any false certificate under this chapter, or to accept money or other consideration, directly or indirectly, for any neglect or improper performance of duty as an inspector, sampler or weigher.

* * * * *

(f) For any person falsely to represent or other-

wise indicate that he is authorized by the Secretary to inspect, sample, or weigh tobacco under this chapter. [1935]

* * * * *

Sec. 511k. Penalty for violations.

Any person violating any provisions of sections 511d and 511i of this title shall be guilty of a misdemeanor and upon conviction thereof shall be fined not more than \$1,000, or imprisoned not more than one year, or both. [1935]

U. S. Code, 1946 Ed., Title 7, Ch. 38—"Agricultural Marketing Act of 1946."

Sec. 1622. Duties of secretary of agriculture.

The Secretary of Agriculture is directed and authorized:

(a) To conduct, assist, and foster research, investigation, and experimentation to determine the best methods of processing, preparation for market, packaging, handling, transporting, storing, distributing, and marketing agricultural products: * * *

(c) To develop and improve standards of quality, condition, quantity, grade, and packaging, and recommend and demonstrate such standards in order to encourage uniformity and consistency in commercial practices.

* * * * *

(h) To inspect, certify, and identify the class, quality, quantity, and condition of agricultural products when shipped or received in interstate commerce, under such rules and regulations as the Secretary of Agriculture may prescribe, including assessment and collection of such fees as will be reasonable and as nearly as may be to cover the cost of the service rendered, * * * except that no person shall be required to use the service authorized by this subsection. * * * [1946]

Sec. 1626. Agricultural products defined.

When used in this chapter [Secs. 1621–1629], the term "agricultural products" includes agricultural, horticultural, viticultural, and dairy products, livestock and poultry, bees, forest products, fish and shellfish, and any products thereof, including processed and manufactured products, and any and all products raised or produced on farms and any processed or manufactured product thereof. [1946]

U. S. Code, 1946 Ed., Title 19, Ch. 1—Customs, Testing of Weighing and Measuring Apparatus at Ports.

Sec. 40. Semiyearly comparison of weights and measures used in customhouses.

At ports at which there are a collector, comptroller, and surveyor, it shall be the duty of the surveyor, who shall be in all cases subject to the direction of the collector—

U. S. Code, 1946 Ed., Title 19, Ch. 1—Customs, Testing of Weighing and Measuring Apparatus at Ports—Continued.

First. To superintend and direct all inspectors, weighers, measurers, and gaugers within his port.

* * * * *

Eighth. To examine, and, from time to time, and particularly on the first Mondays of January and July in each year, try the weights, measures, and other instruments used in ascertaining the duties on imports, with standards to be provided by each collector at the public expense for that purpose; and where disagreements or errors are discovered, to report the same to the collector; and to obey and execute such directions as he may receive for correcting the same, agreeably to the standards. [1799; last amended 1930.]

[ED. NOTE.—In U. S. Code, 1946 Ed., following the foregoing section, it is stated: "Office of surveyor of customs abolished except in Port of New York, see section 5a of this title."]

U. S. Code, 1946 Ed., Title 19, Ch. 3—Customs, Bushel Weights.

Sec. 391. Legal weight of bushel for certain products.

For the purpose of estimating the duties on importations of grain, the number of bushels shall be ascertained by weight, instead of by measuring; and sixty pounds of wheat, fifty-six pounds of corn, fifty-six pounds of rye, forty-eight pounds of barley, thirty-two pounds of oats, sixty pounds of peas, and forty-two pounds of buckwheat, avoirdupois weight, shall respectively be estimated as a bushel. [1866]

Sec. 1001. Bushel weights of certain commodities; ton; line button measure.

Par. 722. Barley, hulled or unhulled, 20 cents per bushel of forty-eight pounds; * * *

Par. 724. Corn or maize, including cracked corn, 25 cents per bushel of fifty-six pounds; * * *

Par. 726. Oats, hulled or unhulled, 16 cents per bushel of thirty-two pounds; * * *

Par. 728. Rye, 15 cents per bushel of fifty-six pounds; * * *

Par. 729. Wheat, 42 cents per bushel of sixty pounds; * * *

Par. 734. Apples, green or ripe, 25 cents per bushel of fifty pounds; * * *

Par. 738. Cider, 5 cents per gallon; vinegar, 8 cents per proof gallon: *Provided*, That the standard proof for vinegar shall be 4 per centum by weight of acetic acid.

Par. 747. Pineapples, 50 cents per crate of two and forty-five one hundredths cubic feet; * * *

Par. 762. Oil-bearing seeds and materials: * * * flaxseed, 65 cents per bushel of fifty-six pounds; * * *

Par. 766. Sugar beets, 80 cents per ton of two thousand pounds; * * *

Par. 779. Hay, \$5 per ton of two thousand pounds; straw, \$1.50 per ton of two thousand pounds; broom corn, \$20 per ton of two thousand pounds; rice straw, and rice fiber, \$10 per ton of two thousand pounds.

Par. 1509. Buttons: Line button measure.—* * * *Provided*, That the term "line" as used in this paragraph and paragraph 1510 shall mean the line button measure of one-fortieth of one inch.

Sec. 1481. Weights and measures to be used in custom invoices.

(a) All invoices of merchandise to be imported into the United States shall set forth—

* * * * *

(4) The quantities in the weights and measures of the country or place from which the merchandise is shipped, or in the weights and measures of the United States: [1930]

* * * * *

Sec. 1494. Expense of weighing and measuring.

In all cases in which the invoice or entry does not state the weight, quantity, or measure of the merchandise, the expense of ascertaining the same shall be collected from the consignee before its release from customs custody. [1930]

U. S. Code, 1946 Ed., Title 26, Ch. 26—"Internal Revenue Code," Intoxicating Liquor.

[ED. NOTE.—The Internal Revenue Code was approved on Feb. 10, 1939 (53 Stat. 1), and reenacted many of the provisions of earlier revenue laws. Secs. 2808, 2809, 2842, and 2845, below, trace their origin to Act of July 20, 1868, Ch. 186; and Sec. 3150 traces its origin to Act of July 13, 1866, Ch. 184.]

Sec. 2808. Instruments to prevent and detect fraud.

For the prevention and detection of frauds by distillers of spirits, the Commissioner may prescribe for use such hydrometers, saccharometers, weighing and gauging instruments, or other means for ascertaining the quantity, gravity, and producing capacity of any mash, wort, or beer used, or to be used, in the production of distilled spirits, and the strength and quantity of spirits subject to tax, as he may deem necessary; and he may prescribe rules and regulations to secure a uniform and correct system of inspection, weighing, marking, and gauging of spirits. [1939]

Sec. 2809. Standard of proof spirits; standard gallon.

* * * * *

(c) Proof spirits shall be held to be that alcoholic liquor which contains one-half of its volume of alcohol of a specific gravity of seven thousand nine hundred and thirty-nine ten-thousandths (.7939) at sixty degrees Fahrenheit.

(d) In all sales of spirits a gallon shall be held to be a gallon of proof spirit, according to the standard prescribed in the preceding subsection, set forth and

declared for the inspection and gauging of spirits throughout the United States. [1939]

* * * * *

Sec. 2842. Penalty for using false weights and measures.

Every person who knowingly uses any false weights or measures in ascertaining, weighing, or measuring the quantities of grain, meal, or vegetable materials, molasses, beer, or other substances to be used for distillation, shall be fined not less than \$500 nor more than \$5,000, and imprisoned not less than one year nor more than three years. [1939]

Sec. 2845. Authorized barrel of proof spirits.

Every distiller shall make a return of the number of barrels of spirits distilled by him, counting forty gallons of proof spirits to the barrel, whenever such return is demanded by the collector of the district. [1939]

Sec. 3150. Fermented liquors: Standard barrel.

(a) There shall be levied and collected on all beer, lager beer, ale, porter, and other similar fermented liquor, * * * a tax of \$7 for every barrel containing not more than thirty-one gallons, and at a like rate for any other quantity or for fractional parts of a barrel authorized and defined by law. In estimating and computing such tax, the fractional parts of a barrel shall be halves, thirds, quarters, sixths, and eighths; and any fractional part of a barrel, containing less than one-eighth, shall be accounted one-eighth; more than one-eighth, and not more than one-sixth, shall be accounted one-sixth; more than one-sixth, and not more than one-fourth, shall be accounted one-fourth; more than one-fourth, and not more than one-third, shall be accounted one-third; more than one-third, and not more than one-half, shall be accounted one-half; more than one-half, and not more than one barrel, shall be accounted one barrel; and more than one barrel, and not more than sixty-three gallons, shall be accounted two barrels, or a hogshead.

The provisions of this section requiring the accounting of hogsheads, barrels, and fractional parts of barrels at the next higher quantity shall not apply where the contents of such hogsheads, barrels, or fractional parts of barrels are within the limits of tolerance established by the Commissioner by regulations which he is hereby authorized to prescribe with the approval of the Secretary; and no assessment shall be made and no tax shall be collected for any excess in any case where the contents of the hogsheads, barrels, or fractional parts of barrels heretofore or hereafter used are within the limits of the tolerance so prescribed. U. S. Code, 1946 Ed., Title 27, Ch. 8—"Federal Alcohol Administration Act."

Sec. 255. Marking requirements.

It shall be unlawful for any person engaged in business as a distiller, brewer, rectifier, blender, or

other producer, or as an importer or wholesaler, of distilled spirits, wine, or malt beverages, or a bottler, or warehouseman and bottler, of distilled spirits, directly or indirectly or through an affiliate:

* * * * *

(e) To sell or ship or deliver for sale or shipment, or otherwise introduce in interstate or foreign commerce, or to receive therein, or to remove from customs custody for consumption, any distilled spirits, wine, or malt beverages in bottles, unless such products are bottled, packaged, and labeled in conformity with such regulations, to be prescribed by the Secretary of the Treasury, with respect to packaging, marking, branding, and labeling and size and fill of container (1) as will prohibit deception of the consumer with respect to such products or the quantity thereof * * * ; (2) as will provide the consumer with adequate information as to * * * the net contents of the package, * * * [1935; last amended 1942.]

U. S. Code, 1946 Ed., Title 31, Ch. 8—Coins and Coinage.

Sec. 316. Silver coins; weight.

The silver coins of the United States shall be a dollar; a half-dollar, or fifty-cent piece; a quarter-dollar, or twenty-five-cent piece; and a dime, or ten-cent piece. The weight of said coins shall be that determined by the President under the provisions of section 821 of this title. [1873; last amended 1939.]

[ED. NOTE.—Under the "Regulations for the Transaction of Business at the Mints, Assay Offices, and Bullion Depositories of the United States," revised December 1, 1947, the weights of silver coins are as follows: Dollar, 412.5 grains; half-dollar, 192.9 grains; quarter-dollar, 96.45 grains; dime, 38.58 grains.]

Sec. 317. Minor coins: Standard weight.

The minor coins of the United States shall be a five-cent piece, and a one-cent piece. * * * The weight of the piece of 5 cents shall be seventy-seven and sixteen-hundredths grains troy, and of the one-cent piece, forty-eight grains. [1873; last amended 1890.]

Sec. 349. Deviations allowed in adjusting weights: Silver coins.

In adjusting the weight of silver coins the following deviations shall not be exceeded in any single piece: In the dollar, six grains; in the half-dollar, four grains; in the quarter-dollar, three grains; and in the dime, one and one-half grains. [1873; last amended 1947.]

Sec. 350. Same: Minor coins.

In adjusting the weight of the minor coins * * * , there shall be no greater deviation allowed than three grains for the 5-cent piece and two grains for the 1-cent piece. [1873; last amended 1890.]

U. S. Code, 1946 Ed., Title 31, Ch. 8—Coins and Coinage—Continued.

Sec. 363. Assay commissioners.

To secure a due conformity in the silver coins to their respective standards of fineness and weight, the judge of the District Court for the Eastern District of Pennsylvania, the Comptroller of the Currency, the assayer of the assay office at New York, and such other persons as the President shall, from time to time, designate, shall meet as assay commissioners, at the mint in Philadelphia, to examine and test, in the presence of the Director of the Mint, the fineness and weight of the coins reserved by the several mints for this purpose, on the second Wednesday in February, annually, and may continue their meetings by adjournment, if necessary. If a majority of the commissioners fail to attend at any time appointed for their meeting, the Director of the Mint shall call a meeting of the commissioners at such other time as he may deem convenient. If it appears by such examination and test that these coins do not differ from the standard fineness and weight by a greater quantity than is allowed by law, the trial shall be considered and reported as satisfactory. If, however, any greater deviation from the legal standard or weight appears, this fact shall be certified to the President; and if, on a view of the circumstances of the case, he shall so decide, the officers implicated in the error shall be thenceforward disqualified from holding their respective offices. [1873; last amended 1934.]

[ED. NOTE.—In U. S. Code, 1946 Ed., following the foregoing section, it is stated: * * * "Words 'gold' preceding words 'silver coins' were omitted from original enactment of this section, inasmuch as the coinage of gold was discontinued and existing gold coins were withdrawn from circulation by section 315b of this title and all laws inconsistent therewith were repealed by section 446 of this title."]

Sec. 364. Standard troy pound for regulation of coinage.

For the purpose of securing a due conformity in weight of the coins of the United States to the provisions of the laws relating to coinage, the standard troy pound of the Bureau of Standards of the United States shall be the standard troy pound of the mint of the United States, conformably to which the coin-

age thereof shall be regulated. [1873; last amended 1911.]

Sec. 365. Standard weights for mints and assay offices.

It shall be the duty of the Director of the Mint to procure for each mint and assay office, to be kept safely thereat, a series of standard weights corresponding to the standard troy pound of the Bureau of Standards of the United States, consisting of a one-pound weight and the requisite subdivisions and multiples thereof, from the hundredths part of a grain to twenty-five pounds. The troy weight ordinarily employed in the transactions of such mints and assay offices shall be regulated according to the above standards at least once in every year, under the inspection of the superintendent and assayer; and the accuracy of those used at the mint at Philadelphia shall be tested annually, in the presence of the assay commissioners, at the time of the annual examination and test of coins. [1873; last amended 1911.]

U. S. Code, 1946 Ed., Title 18, Ch. 7—Coins and Coinage, False Weights.

Sec. 280. Alteration of weights or scales at mints or assay offices.

If any of the gold or silver coins struck or coined at any of the mints of the United States * * * shall be of less weight or value than the same ought to be, pursuant to law, or if any of the scales or weights used at any of the mints or assay offices of the United States shall be defaced, altered, increased, or diminished through the fault or connivance of any officer or person employed at the said mints or assay offices, with a fraudulent intent; * * * every such officer or person who commits any of the said offenses shall be fined not more than \$10,000 or imprisoned not more than ten years, or both. [1909]

U. S. Code, 1946 Ed., Title 46, Ch. 2—Shipping, Register Tonnage.

Sec. 77. Register tonnage defined.

The register tonnage of every vessel built within the United States or owned by a citizen or citizens thereof shall be * * * in tons of one hundred cubic feet each, to be ascertained as follows: * * * [1864; last amended 1946.]

missioner of agriculture and industries; * * * [1923.]

Sec. 3. Prima facie evidence of possession with intent to sell.

The having in possession of any article, substance, material or product, the sale of which is regulated under the provisions of this chapter [Secs. 1–633], by any person who manufactures, sells, keeps for sale, offers, or exposes for sale, serves, distributes or delivers the same, shall be prima facie evidence of having in possession with intent to sell; except that this or any of the penalties set forth in this chapter shall not apply to any common carrier when said

article, substance, materials, or products were received by said carrier for transportation in the ordinary course of business, and without actual knowledge of the adulteration, misbranding, under standard grade, weight, or measure claimed. [1923]

Sec. 4. Rules and regulations; enforcement; notice.

The commissioner of the department of agriculture and industries is charged with the execution and enforcement of the laws and provisions contained in this chapter [Secs. 1-633] and he is authorized and empowered, with the approval of the state board of agriculture and industries, to promulgate such rules and regulations as are reasonable and necessary to accomplish the evident purpose and intent of the law. The commissioner shall give notice of all rules and regulations promulgated as herein provided to all parties in interest, and to all parties who are likely to be interested in the same, within thirty days after the promulgation thereof, and such rules and regulations shall not become effective until the expiration of said thirty day period. [1923; last amended 1927.]

Sec. 5. Evidence of rules, regulations, and notices.

The rules, regulations or notices purporting to be published by authority of the state board of agriculture and industries in book or pamphlet form, and typed or printed copies of all acts, rules, regulations or notices certified to by the commissioner or the board, shall be received as evidence of the passage or issuance and legal publication of such rules, regulations or notices as of the date mentioned or provided for therein, in all courts and places without further proof. * * * [1923; last amended 1927.]

Sec. 11. Hindering or obstructing commissioner.

Any person who shall hinder or obstruct any authorized agent of the commissioner by refusing to allow entrance at any reasonable time into any place of business for the purpose of carrying out the provisions of this chapter [Secs. 1-633], or by refusing to deliver samples as herein provided, when same are requested and value tendered, is hereby declared to be guilty of a misdemeanor. [1923]

Sec. 12. Penalties.

Any person violating any provisions of this chapter [Secs. 1-633], or the rules and regulations issued thereunder, shall be guilty of a misdemeanor and, upon conviction, unless otherwise provided in this chapter, shall be fined not more than five hundred dollars, and may also be sentenced to hard labor for not more than six months. [1923; last amended 1927.]

Code 1940, Constitution of 1901, Art. 4—Constitutional Restriction.

Sec. 77. Restriction on weights and measures enforcement.

No state office shall be continued or created for the inspection or measuring of any merchandise, manu-

facture, or commodity, but any county or municipality may appoint such officers when authorized by law. [1901]

Code 1940, Title 2, Ch. 1, Art. 36—Weights and Measures.

Sec. 587. State standards.

There is but one unit or standard measure of length and surface, one of weight, one of capacity for liquid substances, and one of capacity for dry substances, throughout this state, which must be in conformity with the standard measure of length, surface, weight and capacity established by congress. Any firm, association, corporation or person, selling, offering or exposing for sale any commodity by weight or measure which does not correspond with such standard or measure is guilty of a misdemeanor. [1852; last amended 1927.]

Sec. 588. Construction of contracts.

All contracts made within this state for any work to be done, or for anything to be sold or delivered, must be construed to have been according to the standard of weight and measure thus ascertained, unless the parties stipulate to the contrary. [1852; last amended 1927.]

Sec. 589. Standards of weights and measures.

The standards of weights and measures received from the United States under a resolution of congress approved June 14, 1836 and such new weights and measures as shall be received from the United States as standard weights and measures in addition thereto or renewal thereof, and such as shall be procured by the state in conformity therewith and certified by the national bureau of standards, shall be the state standards by which all state, county and municipal standards of weights and measures shall be tried, proved, and sealed. [1923; last amended 1927.]

Sec. 590. Custody of standards.

The state standards shall be kept by the commissioner of agriculture and industries in a safe and suitable place in his office from which they shall not be removed except for repairs or certification. He shall maintain such standards in good order and shall submit them at least once in ten years to the national bureau of standards for certification. He shall replace such standards as are incorrect and purchase such additional standards as shall be necessary to complete and make up a complete standard of weights and measures. He shall also purchase such apparatus as shall be found necessary to a proper prosecution of the work of the office, to be known as working standards. He shall compare such working standards with the state standards at such times as he shall deem necessary to prove the accuracy of the working standards. He shall keep a record of all standards and other apparatus belonging to the state for the purposes of this article [Secs. 587-633] and

Code 1940, Title 2, Ch. 1, Art. 36—Weights and Measures—Continued.

take a receipt for same from his successor in office. [1923; last amended 1927.]

Sec. 591. Duties of commissioner.

The commissioner shall, at least once in five years, try, and prove, by the state standards, all weights, measures and other apparatus which may belong to any county or city, and shall seal such, when found to be accurate, stamping on them the letter "A" and the last two figures of the year with seals which he shall have and keep for that purpose. He shall have and keep a general supervision of the weights, measures, and weighing and measuring devices offered for sale, sold, or in use, in the state. He shall, upon the written request of any citizen, firm, corporation, or educational institution in the state, test or calibrate weights, measures, weighing or measuring devices and instruments or apparatus used as standards in this state. He shall at least once annually test all scales, weights, and measures used in checking the receipts and disbursements of supplies in every institution for the maintenance of which moneys are appropriated by the legislature, and he shall report in writing his findings through the supervisory board and to the executive officer of the institution concerned; and, at the request of such board or executive officer, the commissioner shall appoint in writing one or more employees then in the actual service of each institution, who shall act as special deputy or deputies, without extra compensation, for the purpose of checking the receipts and disbursements of supplies. He shall include a report¹ of the work done by his office in his general report to the state board of agriculture and industries. The commissioner shall inspect all standards and apparatus used by the counties and cities at least once in five years and shall keep a record of same. He shall at least once in five years visit the various cities and counties of the state in order to inspect the work of the local sealers. The commissioner shall issue from time to time regulations for guidance for city and county sealers, and the said regulations shall govern the procedure to be followed by the aforesaid officers in the discharge of their duties. [1923; last amended 1927.]

¹ See Sec. 19, Ti. 2, annual report of commissioner to governor.

Sec. 592. Local sealers: Appointment; custody of standards.

The board of revenue, court of county commissioners, or like governing body of each county, and the mayor, or other governing body of any city, may appoint for their respective county or city, one or more sealers of weights and measures; provided, however, that two or more counties may appoint jointly for their counties a sealer, subject to the approval of the commissioner; and, provided, further, that any county and any city within the county may jointly appoint a sealer of weights and measures, subject to the approval of the commissioner. No person shall be appointed as local sealer of weights

and measures until he has received a certificate from the commissioner showing that such person had the qualifications required by the state board of agriculture and industries. All such counties or cities appointing a sealer of weights and measures shall keep, at all times, at the expense of the county or city, or both, such standards and apparatus of such material and construction as the commissioner may direct. All such standards and apparatus having been tried and accurately proven shall be sealed and certified to by the commissioner as hereinbefore provided, and shall be then preserved by the county or city sealer as public standards for such county or city. [1923; last amended 1927.]

Sec. 593. Same: Terms; salaries; removal; bonds.

Sealers appointed under the preceding section shall hold office for such terms, and shall receive such salaries, as the appointing power may prescribe. The salary herein provided for shall be paid out of the county or city treasury, as the case may be, and no fee shall be charged by the local sealer or by the county or city, for inspecting, testing or sealing of weights, measures, or weighing or measuring devices. Sealers appointed under this section may be removed at any time, by the authority which appointed them, for non-feasance, misfeasance, or malfeasance in office. The local sealer shall forthwith on his appointment give a bond in such penal sum with such surety as is approved by the appointing power for the faithful performance of the duties of his office. [1923; last amended 1927.]

Sec. 594. Same: Records; reports.

The local sealer of weights and measures shall keep a complete record of all of his official acts and shall make annual report duly sworn to on the first day of October to the commissioner of agriculture and industries on blanks to be furnished by the commissioner, which report shall be included in the commissioner's general report to the state board of agriculture and industries. The local sealers shall make such reports to the appointing power as may be designated by the appointing power. [1923; last amended 1927.]

Sec. 595. Same: Powers and duties.

When not otherwise provided by law, the commissioner of agriculture and industries within the state, the county sealer within the county and the city sealer within the city shall have the power, and it shall be his duty to inspect, test, try, and ascertain if they are correct, all weights, measures, and weighing or measuring devices kept, offered, or exposed for sale, sold, or used or employed in proving the size, quantity, extent, area, or measurement of quantities, things, produce, or articles for distribution or consumption purchased or offered or submitted for sale, hire, or reward, or in computing any charge for services rendered on the basis of weight or measure, or in determining weight or measure when a charge

is made for such determination; and he shall have the power to and shall from time to time weigh or measure and inspect packages or amounts of commodities of whatsoever kind kept for the purpose of sale, offered or exposed for sale, or sold, or in the process of delivery, in order to determine whether the same contain the amount represented, and whether they be offered for sale or sold in a manner in accordance with the law. He shall at least once each year and as much oftener as he may deem necessary see that all weights, measures, and weighing or measuring devices used are correct. He may for the purpose above mentioned, and in the general performance of his official duties at any reasonable time, enter and go into or upon, and without formal warrant, any stand, place, building, or premises, or stop any vendor, peddler, junk dealer, coal wagon, ice wagon, delivery wagon, or any person whatsoever, and require him, if necessary, to proceed to some place which the sealer may specify for the purpose of making the proper test. Whenever the commissioner or a local sealer finds a violation of the statutes relating to weights and measures, he shall cause the violator to be prosecuted. [1923; last amended 1927.]

Sec. 596. Sealing of weight and measures.

Whenever the commissioner or a sealer compares weights, measures, or weighing or measuring devices and finds that they correspond, or causes them to correspond with the standards in his possession, he shall seal or mark such weight, measure, or weighing or measuring device with appropriate devices to be approved by the commissioner. [1923]

Sec. 597. Condemnation of weights and measures.

The commissioner or a local sealer shall condemn, seize and may destroy weights, measures, or weighing or measuring devices which are false or fraudulent, or can not be made to conform to the legal standards. He shall condemn and shall mark or tag as "condemned for repairs" such weights, measures, or weighing or measuring devices which are found incorrect and yet, in his best judgment, may be repaired. The owners or users of any weights, measures, or weighing or measuring devices which have been condemned for repairs shall have the same repaired and corrected within ten days, and they may neither use nor dispose of the same in any way, but shall hold the same at the disposal of the commissioner or sealer. Any weights, measures, or weighing or measuring devices which have been condemned for repairs and have not been repaired as required above, shall be confiscated by the commissioner or sealer. [1927]

Sec. 598. Seizure of weights and measures.

The commissioner or any local sealer of weights and measures is hereby authorized and empowered to seize for use as evidence, without formal warrant, any incorrect, false or unsealed weight, measure, or weighing or measuring device or package or amount

of commodity found to be used, retained, or offered or exposed for sale or sold in violation of the law. [1923; last amended 1927.]

Sec. 599. Police powers.

There is hereby conferred upon the commissioner and local sealers the same powers in their respective jurisdictions as are possessed by sheriffs of this state for the purpose of carrying out the provisions of this article [Secs. 587-633] only, and in the exercise of their duties they shall upon demand, exhibit their badges to any person questioning their authority, and they are authorized and empowered to make arrests of any person violating any provision of this article. [1927]

Sec. 600. Definitions.

The words "weights, measures, or weighing or measuring devices," as used in this article [Secs. 587-633] shall be construed to include all weights, scales, beams, measures of every kind, instruments and mechanical devices for weighing or measuring, and any appliances and accessories connected with any or all such instruments. The words "sell" or "sale" as used in this article shall be construed to include barter and exchange. [1927]

Sec. 601. Offenses.

Any person who, by himself or his servant or agent, or as the servant or agent of another person, shall offer or expose for sale, sell, use in the buying or selling of any commodity or thing or for hire or reward, or in the computation of any charge for services rendered on the basis of weight or measure when a charge is made for such determination, or retain in his possession a false weight or measure or weighing or measuring device or any tool or appliance used in connection therewith which has not been sealed by the commissioner or by a sealer of weights and measures within one year, or shall dispose of any condemned weight, measure, or weighing or measuring device contrary to law or remove any tag placed thereon by the commissioner or a sealer of weights and measures; or who shall sell or offer or expose for sale less than the quantity he represents of any commodity, thing or service, or shall take or attempt to take more than the quantity he represents, when, as the buyer, he furnishes the weight, measure or weighing or measuring device by means of which the amount of any commodity, thing or service is determined; or who shall keep for the purpose of sale, offer, or expose for sale, or sell any commodity in a manner contrary to law; or who shall violate any provision of this article [Secs. 587-633] for which a specific penalty has not been provided; or who shall sell, or offer or expose for sale, or use or have in his possession for the purpose of using or selling any device or instrument to be used to or calculated to falsify any weight or measure, shall be guilty of a misdemeanor. [1923; last amended 1927.]

Code 1940, Title 2, Ch. 1, Art. 36—Weights and Measures—Continued.

Sec. 602. Evidence.

In all prosecutions for the violation of any laws relating to weights and measures, the possession of a weight or measure or weighing or measuring device, which has been altered, changed, or in any manner tampered with so that the same shall give a false or wrong weight or measure in either buying or selling any commodity, thing or service, shall be prima facie evidence of the guilt of the person having the same in possession. [1927]

Sec. 603. Misdemeanor to give short weight or measure.

Whoever, in buying or selling any property, or directing or permitting any employee or agent so to do, makes or gives a false or short weight or measure, or whoever has charge of scales fixed for the purpose of misweighing an article bought or sold, or, having scales for the purpose of weighing property, reports a false or untrue weight; or whoever uses in the sale of a commodity, a computing scale or device indicating the weight and price of such commodity upon which scale or device the graduation or indication is false, or inaccurately placed, either as to weight or price, shall be guilty of a misdemeanor. [1927]

[ED. NOTE.—In the Code of Alabama 1940, following the foregoing section, it is stated: "This section does not conflict with nor repeal Tit. 14, Sec. 225 and hence a sale of coal is governed by the latter statute. Woodard v. State, 30 Ala. App. 144, 2 So. (2d) 330; Woodard v. State, 241 Ala. 557, 3 So. (2d) 530." See page 60 for Title 14, Sec. 225.]

Sec. 604. Bushel and barrel weights.

Whenever any of the following commodities¹ shall be sold or delivered, and when no special written contract or agreement shall be made to the contrary, the bushel or barrel of such commodities shall be the weight per bushel or barrel named herein; and the fractional part of the bushel or barrel shall be the corresponding fractional part of the weight per bushel or barrel named herein for such commodity. All such commodities shall be bought or sold by actual weight unless otherwise agreed to in writing between the seller or buyer; provided, however, that any of such commodities may be sold by numerical count; and provided further, turnips, kale, mustard and spinach salad, and other vegetables, customarily sold by the bunch, may be sold by the bunch.

1A slight rearrangement has been made for convenience of reference.

Sec. 605. Sale of ice regulated.

It shall be unlawful for any person, firm, or corporation to sell ice in any other manner than by weight. All ice shall be correctly weighed by the seller at the time of delivery to the purchaser. All agents or employees of any person, firm or corporation engaged in the sale and delivery of ice shall be provided with suitable and correct weighing devices to be used for the purpose of correctly weighing each piece of ice delivered, and it shall be unlawful for any such agent or employee to report or make a charge for any quantity of ice in excess of the quantity, in pounds, or fraction thereof, actually delivered according to the weight thereof. It shall be unlawful for any person, firm or corporation delivering ice to refuse, on demand, to allow the purchaser to witness the weighing of the same at the time of delivery, or to refuse, on demand, to furnish the purchaser with a weight slip at the time of delivery containing the name of the person, firm or corporation selling the ice, the number of pounds sold, and signed by the agent or employee of such person, firm or corporation. Whoever, being engaged in the business of selling ice at retail, and not engaged in the delivery of the same under a contract, refuses to sell from any place or vehicle engaged in the regular distribution of ice at retail a piece of ice at the fair value thereof to any person other than an ice dealer, shall, if such person tenders in payment the fair value thereof in the amount of five cents or any multiple thereof not more than fifty cents in legal money of the United States, be guilty of a misdemeanor. [1927]

Sec. 606. Bottles for milk and cream.

Bottles used for the sale of milk or cream shall be of the capacity of one-half gallon, three pints, one quart, one pint, one-half pint, and one gill. Bottles or jars used for the sale of milk or cream shall have clearly blown or otherwise permanently marked in the side of the bottle the capacity of the bottle and the word "Sealed," and in the side or bottom of the bottle the name, initial or trade mark of the manu-

facturer, and a designating number, which designation shall be different for each manufacturer and may be used in identifying the bottles. The designating number shall be furnished by the commissioner of agriculture and industries upon application by the manufacturer, and upon the filing by the manufacturer of a bond in a sum of one thousand dollars, with surety, to be approved by the commissioner, conditioned upon their conformance with the requirements of this section and such regulations as may be promulgated by the state board of agriculture and industries for the purposes of this section. A record of the bonds furnished and the designating numbers and to whom furnished shall be kept in the office of the commissioner. [1927]

Sec. 607. Sale or use of non-standard bottles.

Any manufacturer or dealer who sells or offers to sell milk or cream bottles to be used in the state that do not comply as to size and marking with the provisions of this article [Secs. 587-633], shall suffer a penalty of five hundred dollars, to be recovered by the attorney general in an action against the offender's bondsman, to be brought in the name of the state in the circuit court of Montgomery County, Alabama. Any dealer who offers for sale or who uses, for the purpose of selling milk or cream, jars, or bottles that do not comply with the requirements of this article as to markings and capacity, shall be guilty of offering for sale or using a false or insufficient measure. [1927]

Sec. 608. Sealers' duties as to milk bottles.

Sealers of weights and measures are not required to seal bottles for milk or cream marked as in this article [Secs. 587-633] provided, but they shall have the power to, and shall from time to time, make test on individual bottles in order to ascertain if the provisions of this article are being complied with, and they shall immediately report violations found to the commissioner. [1927]

Sec. 609. Coal: Weighing of on public scales.

When a dealer or dealers in coal in cities or towns, where public scales are kept, may be requested by a person or persons buying as much as five hundred pounds of coal at any one time to weigh such coal upon the public scales, said dealer or dealers shall do so, the person or persons buying the coal to pay the fee for weighing same, if such be of proper weight, otherwise such fee shall be paid by said dealer. Any dealer refusing to weigh or to have weighed such coal as required in this section, or to pay such fee for weighing the same as herein required, shall be guilty of a misdemeanor. [1927]

Sec. 610. Same: Sold by weight; ton.

It shall be unlawful to sell or offer to sell any coal, coke or charcoal in any other manner than by weight, and when sold by the ton, two thousand pounds avoirdupois shall be the weight of the ton.

Code 1940, Title 2, Ch. 1, Art. 36—Weights and Measures—Continued.

No coal, charcoal or coke shall be sold at retail which contained at the time the weight was taken, more water or other liquid substance than is due to natural conditions, weather conditions, or causes incident to the mining, cleaning or handling of the coal, charcoal or coke, except by and with consent of the purchaser. [1927]

Sec. 611. Same: Delivery tickets.

It shall be unlawful for any person to deliver any coal, coke or charcoal without such delivery being accompanied by a delivery ticket and a duplicate thereof, on each of which shall be in ink or other indelible substance, distinctly expressed in pounds, the gross weight of the load, the tare of the delivery vehicle, and the quantity or quantities of coal, coke or charcoal contained in the vehicle used in such deliveries, with the name of the purchaser thereof, and the name of the dealer from whom purchased. One of such tickets shall be surrendered to the commissioner or sealer of weights and measures upon his demand for his inspection, and this ticket or weight slip issued by him when he desires to retain the original shall be delivered to the purchaser of said coal, coke or charcoal, or his agent at the time of the delivery of the fuel; and the other ticket shall be retained by the seller of the fuel. When the buyer carries away the purchase, a delivery ticket showing the actual number of pounds delivered to him must be given to him at the time the purchase is made. [1927]

Sec. 612. Packaged commodities; Marking requirements.

It shall be unlawful to keep for the purpose of sale, offer or expose for sale, or sell, any commodity in package form unless the net quantity of the contents be plainly and conspicuously marked on the outside of the package, in terms of weight, measure or numerical count; provided, however, that reasonable variations or tolerances shall be permitted and that these reasonable variations and tolerances shall be established by rules and regulations made and promulgated by the state board of agriculture and industries; and provided, further, that this section shall not be construed to apply to those commodities in package form, the manner of sale of which is specifically regulated by the provisions of other sections of this article [Secs. 587–633]. [1927]

Sec. 613. Same: Definitions.

The words in "package form" ["in package form"] as used in this article [Secs. 587–633] shall be construed to include a commodity in a package, carton, case, can, box, barrel, bottle, phial, or other receptacle, or in coverings or wrappings of any kind, put up by the manufacturer, or when put up prior to the order of the commodity, by the vendor, which may be labeled, branded, or stenciled, or otherwise marked, or which may be suitable for labeling, branding, or stenciling, or marking otherwise, mak-

ing one complete package of the commodity. The words "in package form" shall be construed to include both the wholesale and the retail package. "Package" as used in this article, does not include any container in which are packed or contained packages of a smaller size of a commodity, but the provisions of this article apply only to the container directly including the commodity. [1927]

Sec. 614. Fruits, nuts, vegetables and grain to be sold by weight; exceptions; "original standard container" defined.

Except as otherwise provided in this article [Secs. 587–633] or except when sold in the original standard container, all fruit, nuts, vegetables and grain shall be sold at retail by avoirdupois weight or numerical count. The words "original standard container," as used in this section shall mean and include only barrels, boxes, baskets, hampers or similar containers, the dimensions or capacity of which is established by regulations of the state board of agriculture and industries, the contents of which have not been removed or repacked by the retailer, and upon which is plainly and conspicuously marked the net quantity of the contents thereof in terms of weight, measure or numerical count. This section shall not apply to the sale, by the bunch, of fresh beets, onions, turnips, carrots and other similar vegetables usually and customarily sold by the bunch. [1927]

Sec. 615. Standard containers for agricultural products.

The state board of agriculture and industries is authorized to fix and promulgate as the official standards for this state for any container for any agricultural product the standard for such product which may have been promulgated or announced therefor under the authority of the congress of the United States, and in carrying out the provisions of this section the commissioner is authorized to co-operate with the United States or any department thereof in accomplishing the matters and things referred to herein. [1923; last amended 1927.]

Sec. 616. Rules and regulations; specifications and tolerances.

The state board of agriculture and industries shall have the right and power to adopt and promulgate all reasonable and necessary rules and regulations for the better enforcement of the provisions of law relative to weights and measures and the sale of commodities, things or service by weight or measure. The board shall prescribe specifications as to the type of make-up and reasonable variations or tolerances for all weights, measures, and weighing and measuring devices, used, offered or exposed for sale, sold or given away in the state. Any weight, measure, or weighing or measuring device which does not comply with these specifications or does not conform with the state's standards within such tolerances shall be a false and incorrect weight, measure, or weighing or measuring device. The board shall prescribe reasonable rules and regulations for the submission of samples and the examination of type and approval

or disapproval of all types of weights or measures or weighing or measuring devices used, offered or exposed for sale, or given away in the state. [1927]

Sec. 617. Standard containers for farm products.

It shall be the duty of the state board of agriculture and industries to fix and promulgate official standards for containers of farm products and to change any of them from time to time as may be found necessary. [1923; last amended 1927.]

Sec. 618. Commodity sales by net weight only; exception.

Whenever any commodity other than bale cotton is sold on a basis of weight, it shall be unlawful to employ any other weight in such sale than the net weight of the commodity; and all contracts concerning goods sold on a basis of weight shall be understood and construed accordingly. Whenever the weight of a commodity is mentioned in this article [Secs. 587-633] it shall be understood and construed to mean the net weight of the commodity. [1927]

Sec. 619. Presumptive evidence.

For the purposes of this article [Secs. 587-633], proof of the existence of weights or measures or weighing or measuring devices in or about any building, enclosure, stand or vehicle in or from which it is shown buying or selling is commonly carried on, shall be presumptive proof of their regular use for such purposes and of their ownership by the person so using or possessing them, and such fact shall be deemed to remain established until disproved beyond reasonable doubt. [1927]

Sec. 620. Measuring devices for oil.

Any person engaged in the business of the sale of oil at retail shall use a standard liquid measure, which measure shall not be of a larger capacity than the amount of the purchase by any purchaser; provided, that this shall not prevent the use of a correct liquid-measuring device when so located and disposed as to be clearly visible to, and readable by the customer from any position which he may reasonably be expected to assume. [1927]

Sec. 621. Weighmasters.

All persons engaged in the business of weighing for hire, who shall weigh or measure any commodity, produce or article, and issue therefor a weight certificate which shall be accepted as the accurate weight upon which the purchase or sale of such commodity, produce or article is based, shall be known as a public weighmaster, and all such weighmasters shall be appointed by the commissioner; provided, that any persons not engaged in the business of weighing for hire, but to whom the services of a certified weigher are necessary for the proper conduct of any business in which they may be engaged, may upon application to the commissioner have one or more of their employees, or some other suitable person, designated by the said commissioner to act as weighmaster

for such person. Each weighmaster shall, before entering upon his duties, make oath, faithfully to execute his trust as a weighmaster. The commissioner shall issue a certificate of such appointment or designation and shall keep a record of same. [1927]

Sec. 622. Same: Rights and duties.

The rights and duties of all weighmasters shall be prescribed by said commissioner with the approval of the board and such weighmasters shall not receive compensation from the state for the duties so performed. [1927]

Sec. 623. Same: Weight certificate.

The commissioner shall also prescribe the form of weight certificate to be used by all public weighmasters in this state. Such certificate shall state thereon the kind of commodity, produce or article, the number of units of the same, the date of the receipt of the commodity, produce or article, the owner, agent or consignee, the total weight of the commodity, produce or article, the vessel, railroad, team, truck or other means by which the commodity, produce or article was received, and any trade or other mark thereon, and such other information as may be necessary to distinguish or identify the commodity, produce or article from a like kind. No certificate other than the one herein prescribed shall be used by any public weighmaster in this state, and such certificate, when so made and properly signed, shall be prima facie evidence of such weights. [1927]

Sec. 624. Same: Seals.

It shall be the duty of every weighmaster in this state to provide himself with a seal, at his own expense, which seal shall have inscribed on the outer margin thereof his name and the word "Alabama," with the words "Public Weigher" inscribed in center of said seal, which seal shall be impressed upon each and every weight certificate issued by such weighmaster, and said seal, when applied to weight certificates, shall be a recognized authority of accuracy. [1927]

Sec. 625. Same: Records.

All public weighmasters shall keep and preserve correct and accurate records of all public weighings as provided by this article [Secs. 587-633], which records shall be open at all times for inspection by the commissioner or his assistants. [1927]

Sec. 626. Same: Contents of certificates of weights.

All certificates of weights and measures, as provided by this article [Secs. 587-633], shall contain the accurate and correct weight of any and all commodities weighed when issued by the public weighmaster. [1927]

Sec. 627. Same: False weight certificates.

Any weighmaster who shall issue a certificate of weights and measures giving a false weight or meas-

Code 1940, Title 2, Ch. 1, Art. 36—Weights and Measures—Continued.

ure of any article or commodity weighed or measured by him or his representative to any person, shall be guilty of a misdemeanor, and in addition thereto shall forfeit his certificate as weighmaster, which certificate, when so forfeited, shall be turned over to the commissioner. [1927]

Sec. 628. Same: Requesting issue of false weight certificate; penalty.

Any person, firm or corporation who shall request a weighmaster to weigh any product, commodity or article falsely or incorrectly, or who shall request a false or incorrect certificate of weight or measure, or any person issuing a certificate of weights and measures who is not a weighmaster as provided for in this article [Secs. 587–633], shall be guilty of a misdemeanor. [1927]

Sec. 629. Same: Reweighings.

When doubt or differences arise as to the correctness of the net or gross weight of any amount or part of any commodity, produce or article for which a certificate of weights and measures has been issued by a public weighmaster, the owner, agent or consignee may, upon complaint to the commissioner, or his assistants, have said amount or part of the amount of any commodity, produce or article reweighed by the commissioner or his assistant, or a public weighmaster designated by him, the services for which reweigh, then performed by the said commissioner or his assistants, shall be gratis. [1927]

Sec. 630. Same: Term; appointment; fee.

The term of appointment for weighmasters shall be for one year, and a fee of two and one-half dollars shall be paid by each person, appointed or designated as weighmaster to the commissioner, which fee shall accrue to the agricultural fund. [1927]

Sec. 631. Same: Bond.

Each weighmaster shall, before entering upon his duties and before securing a certificate of appointment from the commissioner, file with the commissioner a bond in such sum as shall be prescribed by the commissioner, under the rules and regulations promulgated by the state board of agriculture and industries, conditioned that he will faithfully execute his trust as weighmaster and pay damages resulting to any person from his negligence as such. [1927]

Sec. 632. Refusal to permit tests; penalty.

Any person neglecting or refusing to exhibit any weight, measure, or weighing or measuring device, or appliances and accessories connected with any or all of such devices which is in his possession or

under his control, or who by himself, or his employe or agent, or as a proprietor or manager, refuses to exhibit any article, commodity, produce or anything being sold or offered for sale at a given weight or quantity, or ordinarily so sold, to the commissioner or to a sealer, for the purpose of allowing the same to be tested, examined or inspected as provided for in this article [Secs. 587–633] shall be guilty of a misdemeanor. [1927]

Sec. 633. Improper operation of devices.

It shall be unlawful for any person to operate any weighing or measuring device in any other manner than that which would be a regular, and intended method of operation by the manufacturer as is evidenced by the make-up of the device itself as being the proper method of operation. [1927]

Code 1940, Title 37, Ch. 10, Art. 1—Cities and Towns, Weights and Measures.

Sec. 470. Public scales; inspection of weights and measures.

The council or other governing body of any town or city may provide public scales and an inspection of weights and measures, and may provide punishment for persons, firms and corporations using fraudulent weights and measures; * * * [1907]

Code 1940, Title 37, Ch. 10, Art. 5—Cities and Towns, Regulation of Slaughter Houses.

Sec. 499. Slaughter houses may be established; weighing of livestock; fees.

All cities and towns of this state shall have the power to establish, control, and regulate slaughter houses and pens, and * * * to provide for the weighing and herding outside of the city or town, of all livestock intended for slaughter, and to fix, regulate and collect reasonable fees and charges to pay the expenses of carrying out the powers granted in this section. [1907]

Code 1940, Title 2, Ch. 1, Art. 5—"Alabama Seed Law."

Sec. 45 (2). Definitions.

* * * When used in this article [Secs. 45 (1) – 45 (9)]—

(b) The term "agricultural seeds" shall include the seeds of grasses, forage, cereal and fiber crops and any other kinds of seeds commonly recognized within this state as agricultural or field seeds, and mixtures of such seeds. (c) The term "vegetable seeds" shall include the seeds of those crops which are grown in gardens or on truck farms and are generally known and sold under the name of vegetable seeds in this state.* * * (t) The term "labeling" includes all labels, and other written, printed or graphic representations, in any form whatsoever, accompanying and pertaining to any seed whether in bulk or in con-

tainers, and includes invoices and other bills of shipment. * * * [1943]

Sec. 45 (3). Marking requirements.

I. For agricultural seed. Each container of agricultural seed in excess of two pounds which is sold, offered for sale, exposed for sale, or distributed within this state for planting or sowing purposes shall bear thereon or have attached thereto in a conspicuous place a plainly written in ink or printed label of a size not less than $2\frac{3}{8} \times 4\frac{3}{4}$ inches in the English language, giving information for the following items: * * * (9) Net weight. * * *

II. For vegetable seed. * * * Vegetable seed in containers in excess of [two (2) pounds for beans, peas, edible soybeans, edible cowpeas and corn, and one (1) pound for all other vegetable seed] * * * shall be labeled to show * * * (b) net weight, * * * [1943]

Sec. 45 (4). Prohibitions pertaining to marking requirements.

(a) It shall be unlawful for any person to sell, offer for sale, expose for sale, or distribute within this state—* * * (2) Any agricultural, [or] vegetable * * * seed not labeled in accordance with the provisions of this article, [Secs. 45 (1)–45 (9)] or having a false or misleading labeling. * * * (b) It shall be unlawful for any person within this state—* * * (3) To hinder or obstruct in any way any authorized person in the performance of his duties under this article. (4) To fail to comply with a “stop-sale” or “non-use” order. * * * [1943]

Sec. 45 (5). Exemptions.

(a) The provisions of this article [Secs. 45 (1)–45 (9)] do not apply—(1) To seed when sold directly to, and in the presence of the consumer and taken from container properly labeled in accordance with the provisions of this article; but the provisions shall in no way exempt the vendor from the analysis given on the tag or label attached to any container. (2) To seed or grain not intended for sowing or planting purposes if proper indication of such intention is shown. (3) To seed in storage in, or consigned to, a seed cleaning or processing establishment for cleaning or processing; provided, that for seed to be processed and stored in the same room from which seed are delivered for planting, sowing or resale, each bag shall bear a label or there shall be displayed a large placard with the following words “For Processing—Not for sale” and further provided that seed held in storage for interstate shipment need be labeled only with a lot number supported by an analysis in office files, and also provided that any labeling or other representations which may be made with respect to such seed shall be subject to this article. (4) To seed produced in Alabama and sold by one farmer to another with

the provision that if such seed are advertised for sale by a paid advertisement or by free advertisement through publications of the Alabama department of agriculture and industries that such seed shall be subject to all of the requirements of this article. (5) To seed sold or distributed by the grower thereof, unless such grower is also a dealer, to a local merchant in due course of trade and by such local merchant resold in due course of trade, but without advertising and without holding himself out as a dealer as herein defined. [1943]

Sec. 45 (7). Duties and authority of state board of agriculture and industries.

The state board of agriculture and industries shall have power to prescribe, and after public hearing following due public notice, to adopt rules and regulations governing the methods of sampling, inspecting, analysing, testing and examining agricultural [and] vegetable * * * seed, * * * to adopt sizes of containers for seed sold, offered for sale or distributed in Alabama, and such other rules and regulations as may be necessary to secure the efficient enforcement of this article. [Secs. 45 (1)–45 (9)]. [1943]

Sec. 45 (8). Duties and authority of commissioner of agriculture and industries.

It shall be the duty of the commissioner of agriculture and industries, who may act individually or through his authorized agents: (a) To inspect, sample, make analysis of, and test agricultural, [and] vegetable * * * seeds transported, sold, offered or exposed for sale or distribution within this state, for sowing or planting purposes, at such time and place and to such extent as he may deem necessary to determine whether said seeds are in compliance with the provisions of this article [Secs. 45 (1)–45 (9)], and to notify promptly the person who transported, sold, offered or exposed the seed for sale, of any violation. (b) To enter upon any public or private premises during regular business hours in order to have access to seeds subject to this article and the rules and regulations thereunder. (c) To issue and enforce a written or printed “Stop-Sale” or “Suspension from Sale” or “Non-use” order to the owner or custodian of any lot of agricultural * * * or vegetable seed which is found to be in violation of any of the provisions of this article, which shall prohibit further sale or use of such seed until such officer has evidence that the law has been complied with: Provided, that in respect to seeds which have been denied sale, the owner or custodian of such seeds shall have the right to appeal from such order to a court of competent jurisdiction where the seeds are found, praying for a judgment as to the justification and said order and for the discharge of such seed from the order prohibiting this sale in accordance with the findings of the court. * * * [1943]

Code 1940, Title 2, Ch. 1, Art. 5—"Alabama Seed Law"—Continued.

Sec. 45 (9). Seizure; penalty for violations; prosecutions.

Any lot of agricultural, [or] vegetable * * * seed not in compliance with the provisions of this article [Secs. 45 (1)–45 (9)] shall be subject to seizure. Every violation of the provisions of this article shall be deemed a misdemeanor punishable by a fine of not less than ten dollars (\$10.00) and not exceeding one hundred dollars (\$100.00) for the first offense and not exceeding two hundred and fifty dollars (\$250.00) for each subsequent similar offense. The issuance of a "Suspension from Sale or Use" order shall be in accordance with article 33 of Title 2 of the 1940 Code. [1943]

Code 1940, Title 2, Ch. 1, Art. 8—Commercial Feeds.

Sec. 66. Definitions.

The term "commercial feeds" shall be held to include all feed stuffs used for feeding domestic and wild animals and domestic and wild birds; except whole seed or grains, the unmixed meals made directly from entire grains of corn, wheat, rye, barley, oats, buckwheat, flaxseed, kafir and milo when packed for human consumption, whole hays, straws, cotton seed hulls and corn stover when unmixed with other materials. [1911; last amended 1935.]

Sec. 57. Marking requirements; standard packages.

Every lot or parcel of commercial feeds sold in this state shall have affixed thereto a tag or label, in a conspicuous place on the outside thereof, containing a legible and plainly printed statement in the English language, clearly and truly certifying: the net weight of the package (provided that all commercial feeds shall be in standard weight bags or packages of twenty-five, fifty, one hundred, one hundred and fifty, or two hundred pounds, except that packages weighing five pounds, eight and one-third pounds, or ten pounds, net, may be distributed to retailers in fifty or one hundred pound containers and sold only when the packages are tagged or labeled as provided in this article [Secs. 56–68], * * * [1911; last amended 1947.]

Sec. 60. Regulation of bulk sales.

Whenever any commercial feeds as defined in Section 56 of this Article [Secs. 56–68] are kept for sale in bulk, stored in bins, or otherwise, the person keeping the same for sale shall keep on hand cards upon which shall be printed the statement required by the provisions of Section 57 * * * [1911; last amended 1947.]

Sec. 62. Commissioner to be notified of shipments.

It shall be the duty of persons shipping commercial feeds to notify the commissioner in writing by mail or otherwise on the day of shipment, or within twenty-four hours thereafter, of every shipment exceeding five tons. Such notice shall state the brand,

number of sacks, the weight of each sack or package or bundle, and to whom shipped and addressed. [1927]

Sec. 64. Commissioner may suspend sale.

If at any time the commissioner or his duly authorized agent, shall have reason to believe that any feed offered for sale in this state does not comply with the requirements of this article [Secs. 56–68], it shall be his duty by written order to suspend the sale of the same until he shall have satisfied himself, or shall be satisfied by an analysis, or otherwise, that such feed meets the requirements of this article. If he shall find that the same does not comply with this article, then he is authorized to seize or cause to be seized the feed for confiscation as provided for in this chapter. [1927]

Sec. 66. Crushed or ground corn.

* * * Crushed or ground whole ear corn when sold by itself is a commercial feed, as defined in section 56 of this article [Secs. 56–68], and the sale thereof within this state shall be governed by the provisions of this article and the rules and regulations prescribed by the state board of agriculture and industries. [1919; last amended 1923.]

Code 1940, Title 2, Ch. 1, Art. 10—Standard Packages for Corn Meal.

Sec. 134. Corn meal defined.

For the purpose of this article [Secs. 134–135], the term "corn meal" shall be deemed to include all products in the form of meal or grits derived from corn with or without additional processing, such as bolting, degumming, or refining, and all mixtures of same with chemicals and other modifying agents. [1907; last amended 1945.]

Sec. 135. Standard packages.

No person shall sell, offer for sale, expose for sale, have in possession with intent to sell, pack, or deliver in this state corn meal or grits in packages of sizes other than five (5) pounds, ten (10) pounds, twenty-five (25) pounds, fifty (50) pounds, one hundred (100) pounds, and two hundred (200) pounds; provided any person may, on order, weigh and sell, from bulk corn meal or grits, any number of pounds desired by a customer. However, any person may sell, offer for sale, expose for sale, have in possession with intent to sell, pack, or deliver in this state corn meal or grits in weight packages weighing less than five (5) pounds. [1907; last amended 1945.]

Code 1940, Title 2, Ch. 1, Art. 11—Standard Containers for Corn, Grains, and Cotton Seed Hulls.

Sec. 136. Misdemeanor.

Any person who sells corn, oats, rye, wheat, barley, or cotton seed hulls, in sacks or bags, except in quantities hereinafter respectively prescribed, shall be guilty of a misdemeanor. [1923]

Sec. 137. Size sacks authorized to be used; marking requirements.

Oats shall be sold in sacks containing two and one-half and five bushels, weighing net respectively eighty and one hundred and sixty pounds; rye and corn in two and two and one-half bushel sacks weighing net one hundred and twelve pounds and one hundred and forty pounds respectively; wheat in two and two and one-half bushel sacks weighing net respectively one hundred and twenty and one hundred and fifty pounds; barley, in two and three bushel sacks weighing net respectively ninety-six and one hundred and forty-four pounds; and cotton seed hulls in one hundred pound sacks or bags; provided, that such sacks, bags or packages shall have plainly marked or stenciled thereon in large type and figures, the net quantities herein required * * * [1923]

Sec. 138. Bulk sales.

The foregoing provisions shall apply only when said articles are sold in sacks, bags or other packages, and shall not prevent the sale of any of said articles in bulk. These provisions shall not apply to sales of grains or cereals by the producer or grower of such grains or cereals. [1923.]

Code 1940, Title 2, Ch. 1, Art. 12—Cotton, Seed Cotton, and Gins.

Sec. 141. Cotton: Deduction from weight of.

It shall be unlawful for any person in buying or selling baled cotton, or in weighing such cotton for any person other than himself to deduct from the actual weight thereof, as shown on a level-standing beam of the scale, or to use in weighing cotton untested weights, so as to deprive the seller of the cotton of any of its real value. [1887; last amended 1927.]

Sec. 142. Same: Penalty for violating preceding section.

Any person who violates the preceding section shall be guilty of a misdemeanor. But deductions may be made by mutual consent of buyer and seller or their authorized agents or representatives, on wet or damaged cotton bales, on each bale so weighed or deducted from. [1887; last amended 1923.]

Sec. 143. Same: Warehouseman's record.

Any corporation, company, individual, his or their agents, operating or owning places for storing, weighing or dealing in cotton, doing business in this state, who fails to keep a record of all bale cotton weighed by warehousemen, corporations, companies, individuals or their agents for whom each bale of cotton is weighed, with the names of such persons posted on the books daily together with the weight and description of each bale, or who fails to keep such record open to the inspection of the public at all reasonable times, shall be guilty of a misdemeanor. [1889; last amended 1927.]

Sec. 150. Same: Purchaser's records.

Any person who purchases cotton in this state who shall fail to keep a record showing the name and address of the person from whom the same was purchased, the date of said purchase and the identification marks on and weight of said cotton, shall be guilty of a misdemeanor. [1927]

Sec. 157. Same: Marking.

Every person who gins cotton in this state shall mark, label or tag the same in such manner as prescribed by the state board of agriculture and industries. [1907; last amended 1927.]

Sec. 161. Same: Sampling.

No more than six ounces of cotton shall be taken from any bale of cotton, under the pretext of sampling the same; but after the sale of the cotton, and after the weight thereof has been ascertained and agreed upon, the buyer may take from the bale, at his own loss, six ounces more of cotton, for comparison with the sample by which he bought. Any person violating any of the provisions of this section shall be guilty of a misdemeanor; and in prosecutions under this section, the ownership of the cotton need not be alleged or proved. [1927]

Sec. 162. Same: Moving before weighing.

Without the consent of the seller, cotton must not be removed from the place where it may be when sold, until the weight thereof has been ascertained. [1873; last amended 1887.]

Sec. 167. Seed cotton: Records.

All persons engaged in the traffic in seed cotton are required to keep legibly written in a book, which shall be open to public inspection, the names of all persons from whom they purchase or receive, by way of barter or exchange, or traffic of any sort, any seed cotton, with the number of pounds and the date of purchase, barter or exchange. [1919]

Sec. 168. Same: Exceptions.

The foregoing provision of this subdivision [Secs. 167-170] shall not apply to the purchase of seed cotton, sold under process of law, or in satisfaction of landlord's lien, in the collection of his rents, advances or mortgages previously given on the cotton sold; nor to ginners who purchase seed cotton from their customers delivered to their gins. [1919; last amended 1927.]

Sec. 169. Same: Offenses.

Any person who shall engage in the traffic of seed cotton and who shall fail to keep the book or record as provided by law, shall be guilty of a misdemeanor. [1923; last amended 1927.]

Sec. 173. Cotton gins: Rules and regulations.

Power is hereby conferred upon the commissioner, with the approval of the state board of agriculture

Code 1940, Title 2, Ch. 1, Art. 12—Cotton, Seed Cotton, and Gins—Continued.

and industries, to establish rules and regulations not inconsistent with law, for the conduct, management and operation of cotton gins, the separation of sand or other foreign material from the lint or seed, the character, amount and weight of bagging and ties to be used, the marking or tagging of cotton, the records to be kept, reports made as to ginning and other like matters that may tend to protect the interests of the public. [1923; last amended 1927.]

Code 1940, Title 2, Ch. 1, Art. 13—Babcock Test.

Sec. 195. Use of standard test required.

It shall be unlawful for any person, either for himself or another to falsely manipulate or under-read or over-read or take inaccurate samples or make any false determinations by Babcock test or any other contrivance used to determine the quantity of fat in milk or cream or value of milk or cream delivered to a creamery, cheese factory, condensory, ice cream plant, milk plant, or milk depot, or when sold or purchased. * * * cream test must be weighed. The scales must be sensitive and accurate. The tester and owner or owners are jointly responsible for their accuracy. * * * [1923]

Sec. 199. Babcock test bottles, pipettes, and weights.

Any person, firm, company, association, corporation, or agent thereof, engaged in the business of buying milk or cream on the basis of, or in any manner with reference to, the amount or percentage of butterfat contained therein, as determined by the Babcock test, shall use standard Babcock bottles, pipettes, and weights, as defined in specifications for "Standard Babcock Testing Glassware and Weights," which shall be passed by the state board of agriculture and industries. All such Babcock test bottles, pipettes, and weights, so used, shall be subject to inspection, and proper approval or condemnation, in the same manner as is authorized in the inspection of other weighing or measuring devices. It shall be unlawful for any person, persons, firm or company, association, corporation, or any agent or agents thereof, to use any other than standard test bottles, pipettes, and weights to determine the amount of fat in milk or cream bought on the butterfat basis as determined by the Babcock test. All bottles and pipettes used in measuring milk or milk products for making determinations of the per cent of fat in said milk or milk products, shall have clearly blown or otherwise permanently marked in the side of the bottle or pipette the word, "sealed," and in the side of the pipette, or the side or the bottom of the bottle, the name, initials, or trade mark of the manufacturer and his designating number, which designating number shall be furnished by the commissioner of agriculture and industries upon application by the manufacturer and upon the filing by the manufacturer of a bond in the sum of one thousand dollars, with

the sureties to be approved by said commissioner, conditioned upon conformance with the requirements of this section. A record of the bonds furnished, the designating number, and to whom furnished shall be kept in the office of said commissioner. Any manufacturer who sells Babcock or other milk, cream, or butter test bottles or pipettes, to be used in this state, that do not comply with the provisions of this section, shall suffer a penalty of five hundred dollars, to be recovered by the attorney general in action in the name of the state upon the bond of such manufacturer. No person shall use, for the purpose of determining the per cent of milk fat in milk or milk products, any bottles or pipettes purchased after six months from the date on which this article [Secs. 186–207] shall take effect, unless they comply with the provisions of this section relating thereto. [1923]

Code 1940, Title 2, Ch. 1, Art. 15, Secs. 274–281—Eggs.

[ED. NOTE.—These sections provide for the promulgation by the state board of agriculture and industries of weight and grade standards for eggs. The pertinent sections are not given in detail because their provisions relate primarily to quality.]

Code 1940, Title 2, Ch. 1, Art. 16—Commercial Fertilizers.

Sec. 292. Notice of shipments.

It shall be the duty of persons shipping fertilizer or fertilizing material to notify the commission in writing by mail or otherwise on the day of shipment, or within twenty-four hours thereafter of every shipment exceeding five tons and to notify the commissioner of all shipments of five tons or less in accordance with regulations to be adopted by the state board of agriculture and industries. Such notice shall state the brand name, number of sacks, the net weight of each sack or package, the guaranteed analysis, and to whom shipped and their address. [1885; last amended 1935.]

Sec. 295. Marking requirements.

Every bag, barrel or package of commercial fertilizer sold or distributed within this state, shall have affixed thereto a tag or label containing a legible and plainly printed statement in the English language, clearly and truly certifying the following information in the order indicated. (1) Net weight of each bag, barrel or package in pounds; * * * There shall be no objection to the printing of the above information on bags, barrels and packages by the manufacturer, cooperative or importer; however, this is not required. * * * [1923; last amended 1935.]

Sec. 298. Misbranded packages.

If any commercial fertilizer or fertilizer material sold in Alabama shall prove less in weight or in avail-

able phosphoric acid, nitrogen or potash than guaranteed on the tags or branded on the sacks, bags or packages containing the same, and if, by reason of such deficiency, the commercial value of such fertilizer shall fall more than five per cent below the guaranteed total commercial value of such fertilizers, or fertilizer materials, then the purchaser shall be entitled to a refund; and if required to sue for the collection of the same, he shall be entitled to recover not only the purchase price paid for the amount of the shortage, but in addition thereto, he may recover an amount equal to one-half of the total purchase price. [1923]

Code 1940, Title 2, Ch. 1, Art. 17—Standard Packages for Flour.

Sec. 301. Flour defined.

For the purpose of this article [Secs. 301–302], the term “flour” shall include flours derived from cereals or other vegetable sources and mixtures of the same with or without added chemicals or other modifying agents. [1927; last amended 1945.]

Sec. 302. Standard packages.

No person shall sell, offer for sale, expose for sale, have in possession with intent to sell, pack, or deliver in this state flour in packages of sizes other than five (5) pounds, ten (10) pounds, twenty-five (25) pounds, fifty (50) pounds, one hundred (100) pounds, and two hundred (200) pounds; provided any person may, on order, weigh and sell, from bulk flour, any number of pounds desired by a customer. However, any person may sell, offer for sale, expose for sale, have in possession with intent to sell, pack, or deliver in this state flour in weight packages weighing less than five (5) pounds. However, the provisions of this section shall not apply to the sale of flour to commercial bakers or blenders or for export in containers of more than one hundred (100) pounds. [1927; last amended 1945.]

Code 1940, Title 2, Ch. 1, Art. 18—Foods and Drugs.

Sec. 304. Prohibited acts.

No person within this state shall manufacture for sale therein, have in possession with intent to sell, offer or expose for sale, sell, or deliver any article of food or drugs which is adulterated or misbranded within the meaning of this article [Secs. 303–315]. [1909]

Sec. 305. Definitions.

The word “article” when referring to food or drugs, is used in the broad and comprehensive sense and has reference to the food product or the drug product in question. The term “food” as used herein shall include all articles of food, drink, confectionery, or condiment, whether simple, mixed or compound, used or intended for use by man or domestic animals. The term “drug” as used herein shall include all medicines and preparations recog-

nized in the United States pharmacopoeia or national formulary for internal or external use and any substance or mixture of substances to be used for the cure, mitigation or prevention of diseases in man or domestic animals. * * * [1909]

Sec. 308. Misbranding.

The term “misbranded” as used herein, shall apply to all drugs, or foods, or articles which enter into the composition of food, the package or label of which shall bear or contain any statement, design, or device regarding such article or the ingredients or substances contained therein which shall be false or misleading in any particular, * * * [1909]

Sec. 309. Misbranding of foods.

An article of food shall also be deemed misbranded in the following cases: * * * If in package form the name of the article, together with the quantity of the contents in terms of weight, measure, or numerical count and the name and principal address of the manufacturer or other person, responsible for placing the article on the market, be not plainly and conspicuously marked on the outside of the package. If in package form, the package be not filled with the food it purports to contain, within the limits of tolerance fixed by the state board of agriculture and industries, irrespective of whether the quantity of the contents be plainly and conspicuously marked on the outside of the package in terms of weight, measure or numerical count. * * * [1909]

Sec. 311. Guaranty protection.

No dealer shall be prosecuted under the provisions of this article [Secs. 303–315] when he can establish a bona fide guaranty signed by a reputable wholesaler, jobber or manufacturer within the United States, from whom he purchased such articles, that they are not adulterated or misbranded within the meaning of this article, designating it, and that he has no knowledge of such adulteration or misbranding at the time they were purchased. Such guaranty shall contain the name and address of the vendor who shall, be amenable to the prosecutions, fines and other penalties to which the purchaser would otherwise be amenable. [1909; last amended 1927.]

Sec. 314. Prima facie evidence of violation.

The having in possession by any person, firm, or corporation who manufactures or exposes for sale any adulterated or misbranded food within the meaning of this article [Secs. 303–315], shall be prima facie evidence of having in possession with intent to sell in violation of its provisions, except that any manufacturer, wholesaler or jobber, may keep properly identified goods specially set apart in his stock for sale in other states which might otherwise be in violation of the provisions of this article. [1909; last amended 1940.]

Code 1940, Title 2, Ch. 1, Art. 18a—Cosmetics.

Sec. 315(1). Definitions.

(A) As used in this Act, [Secs. 315 (1)–315 (8)] unless the context requires a different meaning: "article," when referring to a cosmetic, is used in the broad and comprehensive sense and has reference to the cosmetic product in question; "cosmetic" means an article intended to be rubbed, poured, sprinkled, or sprayed on, introduced into, or otherwise applied to the human body for cleansing, beautifying, promoting attractiveness, or altering the appearance, and the component parts of such an article; it does not include soap; * * * (B) Other words and phrases used in this Act shall be defined as in Section 1 of Title 2 of the 1940 Code. The Act shall be construed and interpreted pursuant to the rules of construction contained in Title 1 of the 1940 Code. [1947]

Sec. 315(2). Misbranding prohibited.

No person shall, within this State, manufacture for sale, or have in his possession with the intent to sell, or offer or expose for sale, or sell, or deliver, any cosmetic which is adulterated or misbranded within the meaning of this Act [Secs. 315 (1)–315 (8)]. [1947]

Sec. 315(4). When deemed misbranded.

(A) A cosmetic shall be deemed misbranded: 1) if its labeling is false or misleading in any particular; 2) if it is in package form and does not bear a label containing the name and place of business of the manufacturer, packer, or distributor and a statement of the quantity of the contents in terms of weight, measure or numerical count; 3) if any word, statement, or other information required to be placed in the labeling by or under authority of this Act [Secs. 315 (1)–315 (8)] is not placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use; 4) if its container is so made, formed, or filled as to be misleading. (B) The Commissioner of Agriculture and Industries may permit reasonable variations and exemptions of small packages, from item 2 of Subsection A. [1947]

Sec. 315(5). Violation a misdemeanor.

A person who violates any provision of this Act [Secs. 315 (1)–315 (8)] or any rule or regulation duly promulgated by the Board of Agriculture and Industries is guilty of a misdemeanor. [1947]

Sec. 315(6). Prima facie evidence of intent to violate the Act.

The having in possession of an adulterated or misbranded cosmetic shall be prima facie evidence of having it in possession with the intent to sell it in violation of this Act [Secs. 315 (1)–315 (8)]. But a manufacturer, wholesaler, or jobber may keep such

products set apart in his stock for sale in other States if he properly identifies them, although the possession of such products might otherwise be in violation of this Act. [1947]

Sec. 315(7). Guaranty protection.

(A) No dealer shall be prosecuted under this Act [Secs. 315 (1)–315 (8)] when he can establish 1) a bona fide guarantee, signed by a reputable wholesaler, jobber, or manufacturer from whom he purchased the article, that the article is not adulterated or misbranded within the meaning of this Act (designating it), and 2) that he had no knowledge of such adulteration or misbranding at the time the article was purchased. A guarantee given pursuant to this Section must contain the name and address of the vendor from whom the article was purchased. [1947]

Sec. 315(8). Department of Agriculture and Industries to administer.

This Act [Secs. 315 (1)–315 (8)] shall be administered and enforced by the Department of Agriculture and Industries. * * * The Board of Agriculture and Industries shall have the power to make rules and regulations necessary to effectuate the purposes of the Act and to fix the standards of purity and quality of cosmetics. [1947]

Code 1940, Title 2, Ch. 1, Art. 20—Insecticides and Fungicides.

Sec. 330. Misbranding a misdemeanor.

It shall be unlawful for any person to manufacture within the State of Alabama, or to sell within the state, any insecticide, paris green, lead arsenate, or a fungicide, which is adulterated or misbranded within the meaning of this article [Secs. 329–337]; and any person who shall violate any of the provisions of this article, shall be guilty of a misdemeanor. [1923.]

Sec. 335. When deemed misbranded.

* * * For the purpose of this article [Secs. 329–337] an article shall be deemed to be misbranded—in the case of insecticides, paris greens, lead arsenates, and fungicides: * * *; if in package form, and the contents as stated in terms of weight or measure, they are not plainly and correctly stated on the outside of the package. * * * [1923]

Code 1940, Title 2, Ch. 1, Art. 21—Kerosene.

Sec. 338. Definition.

The term "kerosene" wherever used in this article [Secs. 338–346] shall be construed to mean kerosene or other like products of petroleum used for illuminating, heating, or cooking purposes, or for any other purposes for which kerosene is ordinarily and customarily used. * * * [1935]

Sec. 340. Rules and regulations.

The state board of agriculture and industries * * * shall have authority to promulgate

* * * such rules and regulations not inconsistent with the provisions hereof as in their judgment may be necessary to the proper enforcement of this article [Secs. 338-346]. [1935]

Sec. 341. Correct measure.

It is the duty of the commissioner from time to time * * * to determine whether or not said products are sold or offered for sale in correct measure claimed by the person, firm or corporation selling or offering same for sale * * *. [1935]

Sec. 344. Invoice of sale.

* * * No sale or delivery of kerosene shall be made from a tank, wagon, or motor vehicle or delivery truck unless the driver in charge of said vehicle shall deliver to the party receiving such product an invoice showing number of gallons of said product * * *. [1935]

Sec. 345. Violations a misdemeanor.

Any person, firm, association or corporation * * * who sells, offers for sale in or for importation into this state any such product * * * in violation of the laws of this state, shall be guilty of a misdemeanor. * * * [1935]

Code 1940, Title 2, Ch. 1, Art. 25—Agricultural Products.

Sec. 406. Containers for agricultural products.

The commissioner shall have the power to: * * * inspect, test and examine the containers for agricultural products; * * *. The board shall have the power to: * * * determine and adopt standards for any and all containers for agricultural products and to provide for and require the marking of such containers; * * *. [1923; last amended 1935.]

Sec. 410. Limitation.

The provisions of this article [Secs. 405-415] shall apply only when agricultural products are sold in sacks, bags, crates, boxes, packages or other containers. * * * [1935]

Sec. 412. Rules and regulations.

The board is hereby authorized to promulgate all general rules and regulations necessary and practicable to the carrying out of the purposes of this article [Secs. 405-415] by the commissioner. * * * [1923; last amended 1935.]

Sec. 415. Marking requirements; offenses.

* * * After standards for containers for any agricultural products have been promulgated no person shall use in the marketing in any wise of such product any other container or containers than those fixed as standards. In the marketing of any agricultural product the container thereof shall be marked or labeled in accordance with the provisions of this article [Secs. 405-415] and the rules and regulations promulgated by the board with reference thereto.

Any person violating any provisions of this article shall be guilty of a misdemeanor. * * * [1923; last amended 1935.]

Code 1940, Title 2, Ch. 1, Art. 26—Motor Fuels.

Sec. 429. Correct measure.

It is the duty of the commissioner from time to time to * * * determine whether or not said products [gasoline, benzine, naphtha, or other liquid motor fuels] are sold or offered for sale in correct measure claimed by the person, firm or corporation selling or offering same for sale * * *. [1935]

Sec. 431. Rules and regulations.

The state board of agriculture and industries * * * shall have authority to promulgate rules and regulations necessary to secure the safe handling of gasoline or other liquid motor fuels, and other such rules and regulations not inconsistent with the provisions hereof as in their judgment may be necessary to the proper enforcement of this chapter [article, Secs. 416-437]. [1935]

Sec. 434. Invoice of sale.

* * * No sale or delivery of gasoline, benzine, naphtha, or other liquid motor fuel shall be made from a tank-wagon, or motor vehicle or delivery truck unless the driver in charge of said vehicle shall deliver to the party receiving such product an invoice showing number of gallons of said product * * *. [1935]

Sec. 436. Violations a misdemeanor.

Any person, firm, association or corporation * * * who sells, offers for sale in or for importation into this state, any such product otherwise in violation of the laws of this state shall be guilty of a misdemeanor. * * * [1935]

Code 1940, Title 2, Ch. 1, Art. 27—Paint.

Sec. 438. Definition.

The term "paint," as used in this article [Secs. 438-449], shall include white lead in oil, or any compound intended for the same use, paste, or semi-paste, liquid or mixed paint of every kind ready for use, varnishes, drying oils, turpentine, or any compound or product intended for use as paint, or for similar uses. [1923; last amended 1927.]

Sec. 439. Labeling.

Every person who shall sell within this state, any paint as defined in the preceding section, shall accurately label the same. [1923; last amended 1927.]

Sec. 440. Marking requirements.

* * * The label shall also state, in case of liquid paints, and other compounds, on packages holding one quart or more, the net measure of contents of each can, package or container. In case of white lead and other paints and compounds, the label shall show on packages weighing four pounds

Code 1940, Title 2, Ch. 1, Art. 27—Paint—Continued.
or more the net weight of each can, package or container. [1923]

Sec. 449. Failure to label a misdemeanor.

Any failure to label any article as contained in this chapter [article, Secs. 438-449] * * * or any statements of any kind which are misleading or deceptive or which are not true, shall constitute a misdemeanor. [1923]

Code 1940, Title 2, Ch. 1, Art. 33—Sales Regulations.

Sec. 494. Suspension of sale of articles.

If at any time the commissioner or his duly authorized agent, shall have reason to believe that any product or products or article, the possession or sale of which is regulated by any provision of this chapter [Secs. 1-633], do not comply with the requirements of this chapter, as to ingredients, substance, analysis, marking or labeling, weight or measure of the same, it shall be his duty by written order to suspend the sale of the same until he shall have satisfied himself, or shall be satisfied by an analysis, or otherwise, that such product or article is made up, compounded or marked as required by law and rules and regulations under authority of law. If he shall find that the same does not comply with such laws and rules and regulations, either before or after the making of such suspension order, then he is authorized to proceed with regard to the same as provided in this article [Secs. 494-503], or he may order in writing the same to be held at his disposition pending the placing of such product or article in such condition as will meet the requirements of such laws, rules and regulation, under the supervision and direction of the commissioner or his duly authorized agent, or at the discretion of the commissioner proceeding with regards to the same as provided in this article. Provided in case the owner of such product or article denies by written notice to the commissioner or his agent that the same is not in compliance with the laws, rules or regulations and requests a hearing thereon, the commissioner or his agent shall as soon as practicable thereafter proceed as provided in this article, in order that the court may hear and decide said issue and proceed as provided for in this article. Any person who moves, transports, sells or in any other manner disposes of any product or article after such product has been ordered suspended or held as hereinbefore provided shall be guilty of a misdemeanor. Provided that such product or article may be moved, transported or otherwise disposed of by and in compliance with written order by the commissioner. [1923; last amended 1935.]

Sec. 495. Seizure of misbranded articles.

Any article, substance, material, or product, the possession and sale of which is regulated under the provisions of this chapter [Secs. 1-633], which is adulterated, misbranded or under standard, grade, weight or measure claimed within the meaning of any provision of this chapter, and which is manu-

factured for sale, held in possession with intent to sell, offered or exposed for sale, or sold or delivered within this state, shall be liable to be proceeded against in the circuit court of the county where the same is found, and seized for confiscation by writ of attachment for condemnation. * * * If a judgment of condemnation and confiscation is rendered against such article or product as being adulterated, misbranded, or under standard, grade, weight or measure, within the meaning of this article [Secs. 494-503], the same shall be disposed of by destruction or sale, as the court may direct, and the proceeds thereof, if sold, less the legal costs and charges, shall be paid into the agricultural fund, but such goods shall not be sold contrary to the provisions of this article; provided, however, that upon the payment of the costs of such attachment proceedings and the execution and delivery of a good and sufficient bond to the effect that such article shall not be sold or otherwise disposed of contrary to the provisions of this article, the court may by order direct that such article or product shall be delivered to the owner thereof. [1923; last amended 1927.]

Sec. 503. Right of entry.

The commissioner is authorized in person or by deputy or by his agents to have free access at all reasonable hours to all premises, places of business, buildings, transportation facilities, or packages or containers of whatever kind used in the manufacture, transportation, importation, sale or storage of any article, substance, material or product, the sale of which is regulated under the provisions of this chapter [Secs. 1-633], and shall have the power and authority to examine and inspect any parcel, container or receptacle containing or supposed to contain any of said articles, substances, material or product, and upon paying or offering to pay full value of said specimen or sample to take therefrom samples or specimens for analysis, examination and inspection. [1923; last amended 1927.]

Code 1940, Title 8, Ch. 2, Art. 4—Standard Measures for Oysters or Shrimp.

Sec. 116. Oysters and shrimp: Standard measures.

A standard measure for oysters or shrimp is established, which said measure shall consist of a tub or other round vessel of the following dimensions: It shall measure seventeen inches in diameter inside, at the bottom and twenty-one and a half inches in diameter, inside at the top, and fourteen and a half inches inside from bottom to top perpendicularly. Two of these measures filled to the top shall make one barrel, and all shrimp or oysters bought and sold in this state in the shell shall be measured in a measure of these dimensions, or a measure holding a fraction or multiple thereof, and it shall be unlawful for any person to have in his possession any measure for oysters in the shell or shrimp which shall differ inside from the measure herein provided for, or de-

mand or require a greater or less measure in buying or selling; and no vessel or measure shall be used in buying or selling oysters or shrimp until it has been measured and stamped by the oyster inspection [inspector]. The oyster inspector shall measure such measures and shall visit for that purpose each place where oysters or shrimp are bought and sold, and he shall keep a book in which shall be recorded the dimensions of all measures so measured. [1882; last amended 1915.]

Sec. 125. Same: Inspectors.

There shall be appointed by the director [of conservation] with the approval of the governor a chief enforcement officer, a chief oyster inspector and such assistant inspectors as are required properly to execute the functions of the department of conservation as described in this title [Secs. 1-252]. * * * The chief enforcement officer and the chief oyster inspector and assistant oyster inspectors shall be subject to the direction and supervision of the director of conservation. [1892; last amended 1919.]

Code 1940, Title 22, Ch. 8.—Narcotic Drugs.

Sec. 239. Marking requirements.

Whenever a manufacturer sells or dispenses a narcotic drug, and whenever a wholesaler sells and dispenses a narcotic drug in a package prepared by him he shall securely affix to each package in which that drug is contained a label showing in legible English the name and address of the vendor and the quantity, kind, and form of narcotic drug contained therein. * * * [1935]

Sec. 252. Enforcement of law.

It is hereby made the duty of the state board of health, its agents, inspectors, officers and representatives, and all peace officers of the state, and all prosecuting attorneys, to enforce all provisions of this chapter [Secs. 232-255], * * *. [1935]

Sec. 255. Penalties.

Any person violating any provision of this chapter [Secs. 232-255] shall be guilty of a misdemeanor, and upon conviction for the first offense shall be fined not less than fifty dollars nor more than two hundred dollars and may be sentenced to hard labor for the county for not more than six months, and upon conviction for the second offense shall be fined not less than one hundred dollars or more than five hundred dollars and may be sentenced to hard labor for the county for not more than six months, and upon conviction for a subsequent offense shall be fined not less than five hundred dollars and shall be sentenced to hard labor for the county for not more than six months. [1931; last amended 1935.]

Acts 1949, Act No. 207—"Alabama Coal Mine Safety Law of 1949."

Sec. 3. Procurement of standards; testing of scales.

* * * The department [of industrial relations] shall procure, as provided by law, for the

state at the state's expense a full and complete set of standards and other equipment, such as, in its opinion, are necessary in the testing of scales, beams, and other necessary apparatus, to be used for the correct weighing of coal and other material at the coal mines, according to the state standard of weights; and said chief [of the Division of Safety and Inspection of the Department of Industrial Relations] and mine inspectors shall examine, test and cause to be adjusted as often as occasion demands, all scales and other apparatus used in weighing coal at coal mines. At all mines where coal is weighed for payment to miners or sale, a set of United States standard weights, consisting of not less than four, must be on hand for convenience of weighman and check-weighman in testing said scales. [1949]

Sec. 97. Scales to be provided.

The owner or operator of each coal mine, at which the miners are paid by weight, shall provide such mines with suitable scales of standard make for the weighing of all coal, when contracted to be weighed. [1949]

Sec. 98. Ton; miner to be credited with full weight.

All coal mined in this state, contracted for payment by the ton or other measure shall be weighed or measured and the full weight or measure thereof shall be credited to the miner of such coal, and two thousand pounds shall constitute a ton of coal. [1949]

Sec. 99. Check weighman; duties.

In all coal mines the miners employed and working therein may furnish a check weighman or check measurer, who shall, at all times, have full access to and the right to examine the scales, and to see all measures and weights and accounts kept of same, and shall keep an accurate account of the coal, but not more than the above authorized persons shall have such right of access, examination and inspection of scales, measures and accounts at the same time. The weighman and check weighman shall properly test the scales with the United States standard test weights before coal is weighed thereon. [1949]

Sec. 100. Access to scales, etc.

The mine inspector, miners employed in the coal mines and the owner of the land or persons interested in the rental and royalty of such mines, shall at all times have full right of access to scales used at said mines, including tally sheets or tally books in which the weight of the coal is kept, to examine the amount of coal mined, for the purpose of testing the accuracy thereof. [1949]

Sec. 101. Penalty for failure to weigh or to falsely weigh.

Any person or corporation operating any coal mine in which miners or other laborers are employed to mine or cut coal for a compensation to be determined by the weight of the coal mined or cut, who

Acts 1949, Act No. 207—"Alabama Coal Mine Safety Law of 1949"—Continued.

fails to weigh, or cause to be weighed, accurately and correctly, any coal so mined or cut by such miners or laborers, must, on conviction, be fined for each offense not less than ten dollars nor more than one hundred dollars. [1949]

Sec. 112. General penalty.

Any unlawful act for which no other penalty is herein provided, shall be a misdemeanor punishable by a fine of not less than ten dollars, and not more than five hundred dollars or by imprisonment in jail for not more than one year or both such fine and imprisonment. [1949]

Code 1940, Title 29, Ch. 1—Alcoholic Beverages.

Sec. 5. Packages for alcoholic beverages.

The functions, duties and powers of the board [alcoholic beverage control board] shall be as follows:

* * * * *

To determine the nature, form and capacity of all packages to be used for containing liquor, alcohol or malt or brewed beverages to be kept or sold under this chapter [Secs. 1-78], and to prescribe the form and contents of all labels and seals to be placed thereon. [1936-37]

* * * * *

Code 1940, Title 48, Ch. 1, Art. 2—Public Utilities.

Sec. 38. Meters: Rules and regulations to secure accuracy.

The commission [public service commission] may prescribe reasonable rules, regulations, and standards to secure the substantial accuracy of all meters, * * * and appliances for measurement which shall be complied with by the utility and consumer. [1920]

Sec. 39. Same: Inspection and test.

The commission [public service commission] may provide for the inspection of the manner in which any utility complies with the rules, regulations, and standards fixed by the commission to secure the accuracy of all meters, * * * and appliances for measurement, and the commission may examine and test the same under such rules and regulations as it may prescribe * * *. [1920]

Sec. 40. Same: Testing on complaint; testing fees.

Any consumer or user may have any meter or appliance for measuring tested by the commission [public service commission] upon payment of fees fixed by the commission. The commission shall declare and establish reasonable fees to be paid for examining and testing such appliances on the request of consumers, the fee to be paid by the consumer or user at the time of his request, but to be paid by the utility and refunded to the consumer or user if the measuring appliances be found unreasonably defective or incorrect to the substantial disadvantage of the consumer or user. [1920]

Code 1940, Title 14, Ch. 45, Art. 1—Frauds.

Sec. 211. False advertising; penalty.

(a) No person, firm, corporation or association shall, with intent to sell or in anywise dispose of real estate, merchandise, securities, service, or anything offered by such person, firm, corporation or association, directly or indirectly, to the public for sale or distribution, or with intent to increase the consumption thereof, or to induce the public in any manner to enter into any obligation relating thereto, or to acquire title thereto, or an interest therein, make, publish, disseminate, circulate, or place before the public, or cause, directly or indirectly, to be made, published, disseminated, circulated, or placed before the public, in this state, in a newspaper or other publication, or in the form of a book, notice, handbill, poster, bill, circular, pamphlet, or letter, or in any other way, an advertisement of any sort regarding real estate, merchandise, securities, service, or anything so offered to the public, which advertisement contains any assertion, representation or statement of fact which is untrue, deceptive or misleading. * * * (d) No person, firm, corporation or association shall, with intent to sell, or increase the consumption thereof, or create an interest therein, make, publish, disseminate, circulate, or place before the public in this state, or cause, directly or indirectly to be made, published, disseminated, or placed before the public in this state, in a newspaper or other publication, or in the form of a book, notice, handbill, poster, bill, circular or pamphlet, or in any other manner, an advertisement of any sort regarding articles of food, which advertisement contains any assertion, representation or statement which is untrue, deceptive or misleading. * * *

(f) Any person, firm, corporation, association or the agent or servant of any other person, firm, corporation or association violating any provision of this section shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than twenty-five dollars nor more than one thousand dollars, or be imprisoned in the county jail not more than sixty days, or by both such fine and imprisonment; and each sale, advertisement or representation in contravention of the provisions of this section shall be deemed a distinct offense and shall subject the offender to such punishment. [1915; last amended 1931.]

Sec. 225. Weights; coal.

Whoever knowingly sells and delivers any coal, except at the weight and measure prescribed by law, shall, upon conviction, be fined not less than five dollars nor more than one hundred dollars. [1907]

[ED. NOTE.—In the Code 1940, following the foregoing section, it is stated: "This section should be reconciled with tit. 2, Sec. 603, by limiting this section to the sale of coal and by construing tit. 2, Sec. 603 as not applying to the sale of coal. Woodard v. State, 30 Ala. App. 144, 146, 2 So. (2d) 330." See page 46 for Title 2, Sec. 603.]

Compiled Laws Annotated 1949, Vol. 1, Title 35, Ch. 5—Weights and Measures.

Sec. 35-5-1. Standards.

The standards of weights and measures in this Territory shall be those adopted and now used or that may be adopted and used by the United States. [1939]

Sec. 35-5-2. Treasurer, ex-officio inspector of weights and measures.

The Treasurer [of the Territory of Alaska] shall be ex-officio inspector of weight and measures and of weighing and measuring appliances. It shall be his duty to procure and keep such standard sets of weights and measures as may be found necessary to carry out the provisions of this Act [Secs. 35-5-1—35-5-11]; he shall test or cause to be tested, by such standards, all weights, measures, weighing and measuring appliances and devices used in the ascertainment of weight or measure in the buying, selling, or transporting, of goods, wares, merchandise, or other commodities and to seal such as are found accurate with an appropriate seal or mark to be kept by him for that purpose; such seal or mark shall be placed so as to be easily seen, and shall show the date on which the inspection is made. [1939]

Sec. 35-5-3. Incorrect weights and measures.

The inspector shall condemn and seize incorrect weights or measures or weighing or measuring devices that, in his judgment, are not susceptible of satisfactory repair; but such as are incorrect and yet may be repaired he shall mark with a tag, "condemned for repairs." The owner or user of any weights or measures or weighing or measuring appliance so marked or tagged shall have the same repaired or corrected within ninety days unless, upon satisfactory showing, the inspector shall extend such time, and he shall neither use nor dispose of the

same in any way, but shall hold the same at the disposal of the inspector. Any weight or measure, weighing or measuring appliance, that has been condemned for repairs and has not been repaired as required in this section, shall be confiscated by the inspector. [1939]

Sec. 35-5-4. Verification and testing.

Any person may send any weight, measure, weighing or measuring appliance intended for use in this Territory to the inspector for verification and testing. Such person shall give his name and address in full, a description of his occupation or business, and the purpose for which and the place where the same is to be used, and a complete record of such information shall be made and kept by the inspector. [1939]

Sec. 35-5-5. Changing or removing marks; penalty.

Any person who shall willfully or fraudulently change any weight, measure, weighing or measuring appliance after the same has been inspected, tested and sealed by the inspector, or who shall remove or destroy any tag or mark or seal which has been placed in or thereon by the inspector for the purpose of this chapter [Secs. 35-5-1—35-5-11] shall be liable upon conviction to pay a fine of not to exceed Five Hundred, (\$500.00), Dollars or be imprisoned for a period not to exceed one year. [1939]

Sec. 35-5-6. Inspector; deputies; police powers.

The inspector may deputize the employees in his or any Territorial department, with the consent of the head of such department, to aid him in the performance of the duties assigned to him under the provisions of this chapter [Secs. 35-5-1—35-5-11] and he and his authorized agents or assistants are hereby made special policemen and are authorized and empowered to arrest without formal warrant any violators of any provisions of this chapter, and to

Compiled Laws Annotated 1949, Vol. 1, Title 35,
Ch. 5—Weights and Measures—Continued.

seize for use as evidence, without formal warrant, any false weight, false measure or false weighing or measuring appliance found to be used or intended to be used for sale of any commodity in this Territory and may, in the performance of his official duties, enter or go into or upon, without formal warrant, any public place, building, or premises to make such tests as may be necessary to carry out the provisions of this chapter. [1939]

Sec. 35-5-7. Using untested weights and measures; seal; false weights or measures.

After the weights, measures, or weighing or measuring appliances of any person, firm or corporation have been tested and sealed or tested and condemned, such person, firm or corporation may use weights, measures, or weighing and measuring appliances thereafter acquired and not yet tested, provided he or it shall first procure a seal from the inspector and shall permanently affix the same to the particular weight, measure or appliance. The inspector may, in his discretion, deliver such seal, appropriately marked, to the applicant. Any weight, measure or appliance bearing such seal may be used until the inspector shall test and seal or test and condemn the same in the manner as in this Act [Secs. 35-5-1—35-5-11] provided. Nothing herein shall be construed as authorizing or permitting the use of any false weight or measure, or weighing or measuring appliance whether the same be tested or not. [1939]

Sec. 35-5-8. Incorporated towns.

The inspector upon request of any incorporated town, is hereby authorized to loan to such incorporated town, for use therein, the official standards of weights and measures under such reasonable rules and regulations as he may prescribe. [1939]

Sec. 35-5-9. City ordinances.

None of the provisions herein contained shall be construed to alter, modify or repeal any ordinance relating to weights and measures now adopted by any municipality in this Territory, provided that no ordinance relating to weights and measures shall establish standards of weights and measures other than such as will conform to those adopted by this Territory. [1939]

Sec. 35-5-10. "Weight" means "net weight."

Whenever any goods, wares, merchandise, or other commodity is sold on a basis of weight, it shall be unlawful to employ any other weight in such sale than the net weight of such goods, wares, merchandise, or commodity. [1939]

Sec. 35-5-11. False weights and measures; penalty.

Any person who offers or exposes for sale, sells, or uses in the buying or selling of any goods, wares, merchandise, or other commodities or things, a false

weight or measure, or weighing or measuring appliance which has not been sealed by the inspector or who sells less than the quantity he represents or who violates any provision of this Chapter [Secs. 35-5-1—35-5-11] for which a specific penalty has not been provided, or shall knowingly mark or stamp a false weight or measure or false tare upon any cask or package, or shall knowingly sell or offer for sale any cask or package, so marked, or who uses or has in his possession for the purpose of selling or using any device or instrument to be used to falsify any weight or measure is guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not exceeding Five Hundred Dollars or imprisonment not exceeding one year or by both such fine and imprisonment. [1939]

Compiled Laws Annotated 1949, Vol. 2, Title 40, Ch. 3, Art. 1—"Uniform Narcotic Drug Act."

Sec. 40-3-10. Marking requirements.

Whenever a manufacturer sells or dispenses a narcotic drug, and whenever a wholesaler sells or dispenses a narcotic drug in a package prepared by him, he shall securely affix to each package in which that drug is contained a label showing in legible English the name and address of the vendor and the quantity, kind, and form of narcotic drug contained therein. * * * [1943]

Sec. 40-3-19. Enforcement and cooperation.

It is hereby made the duty of the United States Marshals, Deputy Marshals, any officer appointed to enforce narcotic laws in this Territory or other Territorial and municipal law enforcement officers and all United States attorneys and their assistants, to enforce all provisions of this Act [Secs. 40-3-1—40-3-23] and to cooperate with all agencies charged with the enforcement of the laws of the United States, of this Territory, and of all the other states, relating to narcotic drugs. [1943]

Sec. 40-3-20. Penalties.

Any person violating any provision of this Act [Secs. 40-3-1—40-3-23] shall upon first conviction be punished, for the first offense, by a fine not exceeding Five Thousand (\$5,000.00) Dollars, or by imprisonment in the penitentiary not exceeding five years, or by both such fine and imprisonment, and for any subsequent offense, by fine not exceeding Ten Thousand (\$10,000.00) Dollars, or by imprisonment in the penitentiary not less than two years nor more than ten years, or by both such fine and imprisonment. [1943]

Laws 1949, Ch. 129—"Alaska Food, Drug and Cosmetic Act."

Sec. 2. Definitions.

For the purposes of this Act—

(a) The term "Commissioner of Health" means the chief executive of the Alaska Department of Health or his authorized representative.

(b) The term "Board" means the Board of Health of Alaska.

(c) The term "person" includes individual, partnership, corporation, and association.

(d) The term "food" means (1) articles used for food or drink for man or other animals, (2) chewing gum, and (3) articles used for components of any such article.

(e) The term "drug" means (1) articles recognized in the official United States Pharmacopoeia, official Homoeopathic Pharmacopoeia of the United States, or official National Formulary, or any supplement to any of them; and (2) articles intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in man or other animals; and (3) articles (other than food) intended to affect the structure or any function of the body of man or other animals; and (4) articles intended for use as a component of any article specified in clause (1), (2), or (3); but does not include devices or their components, parts, or accessories.

(f) The term "device" (except when used in paragraph (1) of this section and in Section 3 (j), 11 (f) and 15 (c) and 18 (c) means instruments, apparatus, and contrivances, including their components, parts, and accessories, intended (1) for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in man or other animals; or (2) to affect the structure or any function of the body of man or other animals.

(g) The term "cosmetic" means (1) articles intended to be rubbed, poured, sprinkled, or sprayed on, introduced into, or otherwise applied to the human body or any part thereof for cleansing, beautifying, promoting attractiveness, or altering the appearance, and (2) articles intended for use as a component of any such articles; except that such term shall not include soap, intended for cleansing purposes only.

(h) The term "official compendium" means the official United States Pharmacopoeia, official Homoeopathic Pharmacopoeia of the United States, official National Formulary, or any supplement to any of them.

(i) The term "label" means a display of written, printed or graphic matter upon the immediate container of any article; and a requirement made by or under authority of this Act, that any word, statement, or other information appearing on the label shall not be considered to be complied with unless such word, statement, or other information also appears on the outside container or wrapper, if any there be, of the retail package of such article, or is easily legible through the outside container or wrapper.

(j) The term "immediate container" does not include package liners.

(k) The term "labeling" means all labels and other written, printed or graphic matter (1) upon

an article or any of its containers or wrappers, or (2) accompanying such article.

(l) If an article is alleged to be misbranded because the labeling is misleading, or if an advertisement is alleged to be false because it is misleading, then in determining whether the labeling or advertisement is misleading, there shall be taken into account (among other things) not only representations made or suggested by statement, word, design, device, sound or any combination thereof, but also the extent to which the labeling or advertisement fails to reveal facts material in the light of such representations or material with respect to consequences which may result from the use of the article to which the labeling or advertisement relates under the conditions of use prescribed in the labeling or advertisement thereof or under such condition of use as are customary or usual.

* * * * *

(q) The provisions of this Act regarding the selling of food, drugs, devices, or cosmetics, shall be considered to include the manufacture, production, processing, packing, exposure, offer, possession, and holding of any such article for sale; and the sale, dispensing, and giving of any such article, and the supplying or applying of any such articles in the conduct of any food, drug, or cosmetic establishment.

(r) The term "Federal Act" means the Federal Food, Drug, and Cosmetic Act (Title 21 U. S. C. 301 et seq.; 52 Stat. 1040 et seq.). [1949]

Sec. 3. Prohibited acts.

The following acts and the causing thereof within the Territory of Alaska are hereby prohibited:

(a) The manufacture, sale, or delivery, holding or offering for sale of any food, drug, device, or cosmetic that is adulterated or misbranded.

(b) The adulteration or misbranding of any food, drug, device or cosmetic.

(c) The receipt in commerce of any food, drug, device, or cosmetic that is adulterated or misbranded, and the delivery or proffered delivery thereof for pay or otherwise.

(d) The sale, delivery for sale, holding for sale, or offering for sale of any article in violation of Section * * * 16.

* * * * *

(g) The giving of a guaranty or undertaking, which guaranty or undertaking is false, except by a person who relied on a guaranty or undertaking to the same effect signed by, and containing the name and address of, the person residing in the Territory of Alaska from whom he received in good faith the food, drug, device, or cosmetic.

(h) The removal of disposal of a detained or embargoed article in violation of Section 6.

(i) The alteration, mutilation, destruction, obliteration, or removal of the whole or any part of the labeling of, or the doing of any other act with

Laws 1949, Ch. 129—"Alaska Food, Drug and Cosmetic Act"—Continued.

respect to, a food, drug, device, or cosmetic, if such act is done while such article is held for sale and results in such article being misbranded. [1949]

* * * * *

Sec. 4. Injunction.

In addition to the remedies hereinafter provided the Commissioner of Health is hereby authorized to apply to the U. S. District Court for, and such court shall have jurisdiction upon hearing and for cause shown, to grant a temporary or permanent injunction restraining any person from violating any provision of Section 3. [1949]

Sec. 5. Penalties and guaranty.

(a) Any person who violates any of the provisions of Section 3 shall be guilty of a misdemeanor and upon conviction thereof shall be punished by imprisonment in the Federal jail for not more than six months or by a fine of not more than \$500.00, or by both such imprisonment and fine; but if the violation is committed after a conviction of such person under this section has become final, such person shall be subject to imprisonment in the Federal jail for not more than one year, or to a fine of not more than \$500.00, or to both such imprisonment and fine.

(b) No person shall be subject to the penalties of subsection (a) of this section, for having violated Section 3 (a) or (c) if he establishes a guaranty or undertaking signed by, and containing the name and address of, the person residing in the Territory of Alaska from whom he received in good faith the article, to the effect that such article is not adulterated or misbranded within the meaning of this Act, designating this Act. [1949]

* * * * *

Sec. 6. Seizure.

(a) Whenever the Commissioner of Health finds or has probable cause to believe, that any food, drug, device, or cosmetic is adulterated, or so misbranded as to be dangerous or fraudulent, within the meaning of this Act, he shall affix to such article a tag or other appropriate marking, giving notice that such article is, or is suspected of being, adulterated or misbranded and has been detained or embargoed, and warning all persons not to remove or dispose of such article by sale or otherwise until permission for removal or disposal is given by the Commissioner of Health or the court. It shall be unlawful for any person to remove or dispose of such detained or embargoed article by sale or otherwise without such permission. [1949]

Sec. 9. Definitions and standards for food.

Whenever in the judgment of the Commissioner of Health such action will promote honesty and fair dealing in the interest of consumers, the Board shall

promulgate regulations fixing and establishing for any food, or class of food, a reasonable definition and standard of identity, a reasonable standard of quality, and/or reasonable standards of fill of container. In prescribing a definition and standard of identity for any food or class of food in which optional ingredients are permitted, the Board shall, for the purpose of promoting honesty and fair dealing in the interest of consumers, designate the optional ingredients which shall be named on the label. The definitions and standards so promulgated shall conform as far as practicable to the definitions and standards promulgated under authority of the Federal Act. [1949]

Sec. 11. Misbranded food.

A food shall be deemed to be misbranded—

(a) If its labeling is false or misleading in any particular.

* * * * *

(d) If its container is so made, formed, or filled as to be misleading.

(e) If in package form unless it bears a label containing (1) the name and place of business of the manufacturer, packer, or distributor; and (2) an accurate statement of the quantity of the contents in terms of weight, measure, or numerical count; Provided, That under clause (2) of this paragraph reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations prescribed by the Board.

(f) If any word, statement, or other information required by or under authority of this Act to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

* * * * *

(h) If it purports to be or is represented as—

* * * * *

(2) A food for which a standard or standards of fill of container have been prescribed by regulation as provided by Section 9, and it falls below the standard of fill of container applicable thereto, unless its label bears, in such manner and form as such regulations specify, a statement that it falls below such standard. [1949]

* * * * *

Sec. 15. Misbranded drugs and devices.

A drug or device shall be deemed to be misbranded—

(a) If its labeling is false or misleading in any particular.

(b) If in package form unless it bears a label containing (1) the name and place of business of the manufacturer, packer, or distributor; and (2) an

accurate statement of the quantity of the contents in terms of weight, measure, or numerical count; Provided, That under clause (2) of this paragraph reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations prescribed by the Board.

(c) If any word, statement, or other information required by or under authority of this Act to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

* * * * *

(i) If it is a drug and its container is so made, formed, or filled as to be misleading; * * * [1949]

Sec. 16. Exemptions in case of drugs and devices.

A drug sold on a written prescription signed by a member of the medical, dental, or veterinary profession (except a drug sold in the course of the conduct of a business of selling drugs pursuant to diagnosis by mail) shall be exempt from the requirements of Section 15 (b) and (c) if—

(1) Such member of the medical, dental, or veterinary profession is licensed by law to administer such drug, and (2) such drug bears a label containing the name and place of business of the seller, the serial number and date of such prescription, and the name of such member of the medical, dental, or veterinary profession. [1949]

Sec. 19. Misbranded cosmetics.

A cosmetic shall be deemed to be misbranded—

(a) If its labeling is false or misleading in any particular.

(b) If in package form unless it bears a label containing (1) the name and place of business of the manufacturer, packer, or distributor; and (2) an accurate statement of the quantity of the contents in terms of weight, measure, or numerical count: Provided, That under clause (2) of this paragraph reasonable variations shall be permitted, and exemptions as to small packages shall be established by regulations prescribed by the Board.

(c) If any word, statement, or other information required by or under authority of this Act to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

(d) If its container is so made, formed, or filled as to be misleading. [1949]

Sec. 21. Regulations.

(a) The authority to promulgate regulations for the efficient enforcement of this Act is hereby vested in the Board. The Board is hereby authorized to make the regulations promulgated under this Act conform, in so far as practicable, with those promulgated under the Federal Act. [1949]

Code Annotated 1939, Vol. 5, Ch. 76—Weights and Measures.

Sec. 76-101. Standards.

The weights and measures fixed by the United States as standard, and such as shall be supplied by the state in conformity therewith and certified by the national bureau of standards, shall be the state standards by which all weights and measures shall be tried, approved and sealed. [1912; last amended 1928.]

Sec. 76-102. Fees.

The person owning or using weights or measures shall pay to the inspector the following fees for inspecting, testing, and sealing the same:

Counter scales of capacity of six pounds or less-----	\$0.15
Counter scales of capacity of more than six pounds-----	.25
Counter scales of one thousand pounds or less-----	.50
Portable platform scales of capacity of more than one thousand pounds-----	1.00
Dormant or floor scales-----	2.50
Railroad track scales-----	5.00
Spring scales of capacity of thirty pounds or more-----	.50
Spring scales of capacity of less than thirty pounds-----	.25
Other devices for weighing, not herein specified, each-----	.50
Measures containing one gallon or less-----	.05
Measures containing more than one gallon, for each gallon or fractional part thereof-----	.05
Yard measures or fractional parts thereof-----	.05

When a weight or measure is tested by the inspector oftener than once a year, no fee shall be charged for more than one inspection per year unless such weight or measure be found upon the subsequent testing to be false and incorrect. [1912; last amended 1943.]

Sec. 76-102a. State inspector: Appointment.

The state inspector of weights and measures shall be appointed by the governor, with the consent of the senate, for a term ending February 1, 1945, and thereafter for terms of two (2) years. * * * [1943]

Sec. 76-103. Same: Duties.

The inspector shall—

Take charge of the state standard; and keep them in a safe place from which they shall not be removed except for repairs or for certification;

Maintain the state standards in good order and submit them at least once in ten years to the national bureau of standards for certification;

At least once in two years try and prove by the state standards all testing apparatus belonging to any city, and seal the same when found to be accurate by stamping on them the letter "A" and the last two figures of the year, with seals kept for that purpose;

Use a portable set of testing appliances in the inspection of all weights, measures, or devices, owned by the state or by any person in precincts, towns or cities with a population of not more than five thousand¹ nor less than nine hundred inhabitants ac-

cording to the latest official census, and compare such portable set with the state standards at least once annually, and cause it to correspond with the state standards;

Have and keep a general supervision of the weighing and measuring devices, offered for sale;

Upon the written request of any person or state institution test devices used as standards;

At least once annually test all scales, weights, and measures used in checking the receipts or disbursements of supplies in all state institutions and report in writing his findings to the executive officers of the institutions;

On the first day of June in each year make to the governor a report of the work done by his office;

At least once every year inspect the work of local sealers and he may inspect the weighing or measuring appliances of any person;

In all precincts, towns, or cities of not less than nine hundred nor more than five thousands inhabitants, and in other places on request, inspect at least once a year all instruments or mechanical devices for weighing or measuring exposed for sale, used, or employed, within the city by any person;

From time to time weigh or measure packages or amounts of commodities, gas or oil, kept or offered for sale or sold, or in the process of delivery, to determine whether the same contain the amount represented, and whether they are offered for sale or sold in accordance with law, and for such purposes he may without warrant enter into or upon any place or premises, or stop any vendor, dealer, or wagon and proceed to some convenient place for the purpose of making the test.

When the inspector finds a violation of law relating to weights and measure he may cause the violator to be prosecuted. When the inspector finds that instruments correspond with the standards, he shall seal such instruments, with appropriate devices. The inspector shall condemn and seize and may destroy incorrect instrument[s], such as may be repaired he shall mark as "condemned for repairs," and the owner or user shall have the same repaired or corrected within fifteen days and may not meanwhile use or dispose of the same but hold the same at the disposal of the inspector; an apparatus which has been "condemned for repairs" and is not repaired as required shall be confiscated by the inspector. The inspector shall keep in a book, and in a card index system, a complete list of all measuring devices inspected and tested, the name of the person owning the same and the date and result of such inspection. He shall issue from time to time regulations for the guidance and government of city sealers. He shall give a bond in the sum of five thousand dollars, with sureties to be approved by the governor, for the faithful performance of the duties of his office, and for the safety of the standards entrusted to his care and for the surrender thereof immediately to his successor in office or to

the person appointed by the governor to receive them. [1912; last amended 1928.]

1 See section 76-106 providing for a city sealer in each city or town of a population of seven thousand five hundred or over.

Sec. 76-104. Water, electric and gas meters.

In cities or towns with a population of not more than five thousand nor less than nine hundred, at least once in every two years, the inspector shall test the accuracy of every meter used or to be used in the measuring of water, electricity or gas for consumers. If the meter tested be found to measure too fast or too slow by as much as three per cent, such meter shall be condemned by him and shall not be used until corrected and made to measure accurately, and unless made to conform to the standard within thirty days after condemnation, he is not required to retest such condemned water, gas, or electric meter for one year thereafter. The inspector shall keep in a book and card index system a complete list of all meters inspected and tested, the name of the person owning the same, the name of the furnisher of the water, gas, or electricity, the name of the consumer thereof, and the date and result of such inspection. He shall, upon the written request of any person test any water, gas, or electric meters used as standards in the state, and at least once every year, test all water, gas, and electric meters used in any state institution and report in writing his findings to the executive officers of the institution. [1912; last amended 1928.]

Sec. 76-105. City to acquire testing apparatus.

The governing body of each city required to appoint a sealer, shall keep at all times a complete set of testing apparatus, of such materials and construction as the state inspector may designate, and after having been proved shall be sealed and certified to by him and preserved by the city sealer as the public standards for such city. If the legislative body shall neglect for six months so to do, the city clerk on notification and request by the state inspector shall provide such standards and cause the same to be tried, sealed, and deposited at the expense of the city. [1912; last amended 1928.]

Sec. 76-106. City sealer: Appointment; duties.

(a) There shall be a city sealer of weights and measures in each city or town of a population of seven thousand five hundred or over, to be appointed by the governing body for one year, at a salary of not less than nine hundred dollars per annum.

(b) Two or more cities or towns may combine with one set of standards and one sealer, upon the written consent of the state inspector.

(c) The city sealer, within his jurisdiction, shall have the same powers and duties as prescribed in this chapter [Secs. 76-101—76-129] for the state

inspector, except as to state institutions therein. His annual and monthly reports shall be made to the governing body of the city or town and to the state inspector, and his bond shall be in the amount of one thousand dollars. The fees shall be the same as those allowed to the state inspector, collected subject to the same provisions, and shall be paid monthly to the city treasurer with an itemized list thereof. [1912; last amended 1941.]

Sec. 76-107. Offenses; penalties.

Any person who shall offer or expose for sale, sell, use or retain in his possession, a false weighing or measuring device, or one not sealed by the city sealer or the state inspector within one year, or who shall dispose of any condemned weighing or measuring device, or remove any tag placed thereon by a sealer or by the state inspector; or sells or offers for sale any commodity less than the quantity he represents; or sells or offers for sale, or has in his possession for the purpose of selling or using, any device to be used to falsify any weight or measure, shall be guilty of a misdemeanor, and punished by fine of not less than twenty-five, nor more than two hundred and fifty dollars, or by imprisonment for not more than three months or by both such fine and imprisonment, and upon a subsequent conviction he shall be punished by a fine of not less than fifty, nor more than five hundred dollars, or by imprisonment in the county jail for not more than one year, or by both such fine and imprisonment. [1912; last amended 1928.]

Sec. 76-108. Evidence; police powers.

The proximity of any weighing or measuring device to any merchandise kept, sold or offered by any person shall be prima facie evidence of the use of such device for weighing or measuring the same. The inspector and city sealers are hereby made special peace officers, and may arrest without warrant any violator of the law in relation to weights and measures, and may seize for use as evidence and without warrant any false or unsealed weighing or measuring device, or package or amounts of commodities found, offered or exposed for sale or sold in violation of such law. [1912; last amended 1928.]

Sec. 76-109. Meter measurement.

It shall be unlawful for any person to sell water, electric energy, or gas, used or to be used for commercial or domestic purposes, except by meter measurement if the consumer shall request the same; or to charge and collect for a greater amount than actually furnished during the period for which the charge was made; but an allowance of not exceeding three per cent may be made for inaccuracy in meter measurement. * * * The inspector and sealers shall be under the direction of the corporation commission in all matters pertain-

ing to meter inspection. [1912; last amended 1928.]

[ED. NOTE.—In the Arizona Code Annotated 1939, following the foregoing section, it is stated: "Constitution of Arizona, art. 15, Sec. 3 confers exclusive power upon the corporation commission to fix the classifications and rates of the public service corporations above mentioned, cities and towns excepted, and in so far as this section may limit the powers of the corporation commission it is unconstitutional. *State v. Tucson Gas, Elec. Light & Power Co.*, 15 Ariz. 294, 138 Pac. 781. The corporation commission, upon application or upon its own motion, notice, and hearing, possesses the power to require illuminating gas to be sold by meter measurement, and may forbid a gas company from charging and collecting for a greater amount of gas than that 'actually furnished during the period for which charge is made,' if the facts in the case show that such charge is just and reasonable, but the legislature has no such power. *State v. Tucson Gas, Elec. Light & Power Co.*, 15 Ariz. 294, 138 Pac. 781." See page 72 for Constitution of Arizona, art. 15, Sec. 3.]

Sec. 76—110. Officials not to deal in appliances.

It shall be unlawful for the inspector or any city sealer to keep or offer for sale or sell to any dealer in merchandise for use in the state, any weighing or measuring device, or be interested directly or indirectly in such sale. [1912; last amended 1928.]

Sec. 76—111. Meter testing; fees; offenses; penalties.

It shall be unlawful for any person in any city having a city sealer, to install any meter for measuring water, electricity or gas without first having had such meter tested by the city sealer, or to use any such meter which has been tested and condemned by the inspector or city sealer without first having the same corrected. In cities having a sealer every person furnishing water, gas, or electricity shall file at the office of the sealer a complete written list of the readings of all meters, together with the individual meter numbers, and the address of the premises upon which such meter is located, upon the day such readings are made. The fee for making the test of any meter shall be one dollar, to be paid by the party demanding the test, but if the meter is in use and is found to be measuring too fast by as much as three per cent, the furnisher shall pay the fee. Any person violating any provision of this or the two preceding sections shall be guilty of a misdemeanor and punished by a fine of not less than ten, nor more than two hundred and fifty dollars, or by imprisonment for not less than one nor more than ninety days, or by both such fine and imprisonment. The continuance of such violation from day to day shall be deemed a separate offense as to each day. [1912; last amended 1928.]

Sec. 76—112. Obstructing or impersonating inspectors.

Any person who hinders or obstructs in any way the state inspector or any city sealer in his duty, or impersonates in any way said inspector or sealer, shall be guilty of a misdemeanor. [1912; last amended 1928.]

Sec. 76—113. Standards of weights and measures.

For weighing grain, hay, coal, groceries, and other like heavy articles of commerce, the standard unit of weight shall be the pound avoirdupois, containing seven thousand grains troy; for weighing precious metals and jewels the unit shall be the pound troy, containing five thousand seven hundred sixty grains; for weighing goods and medicines when same are used in compound, and filling prescriptions by druggists, the unit shall be the pound apothecary's containing five thousand seven hundred sixty grains troy, but in all other cases, such drugs and medicines shall be sold by avoirdupois weight; for measuring grain, fruit, coal, vegetables, the unit shall be the Winchester bushel, containing two thousand one hundred fifty and forty-two hundredths cubic inches; and for measuring all liquids, except such as enter into the composition of medical preparations, the unit shall be the liquid gallon, containing two hundred thirty-one cubic inches. Such liquids as are used in the composition of medical prescriptions shall be measured by the apothecary's fluid measure. The unit of linear measure shall be the yard, containing thirty-six inches in length, and being identical with the imperial yard of Great Britain. [1912; last amended 1928.]

Sec. 76—114.¹ Bread: Marking requirements.

It shall be unlawful for any person to offer for sale or sell any bread in loaves without having written or stamped thereon, or on the label attached thereto, with indelible letters and figures, the name of the manufacturer and the correct net weight thereof, or at the time when such bread is so wrapped and marked, with an allowance of five per cent for bread over one day old, and of ten per cent if over two days old; all loaves over three days old shall be deemed stale bread and sold as such. [1912; last amended 1928.]

¹ See also Secs. 68—415—68—417, page 78; standard weights of bread, tolerances, scales, enforcement, and exceptions.

Sec. 76—115. Coal: Sale by weight; delivery tickets.

It shall be unlawful to sell or offer to sell coal in any other manner than by weight. No person shall deliver coal without such delivery being accompanied by a delivery ticket in duplicate, on each of which shall be indelibly written the gross weight of the load, the tare of the delivery vehicle, quantity of coal on the container used in such deliveries, and the name of the purchaser and the dealer. One ticket shall be surrendered to the inspector or sealer upon his demand for his inspection, and the other delivered to the purchaser at the time of the delivery or when the sale is made. [1912; last amended 1928.]

Sec. 76—116. Bottles for distilled water, milk, or cream.

Bottles used for the sale of distilled water, milk, and cream, shall be of the capacity of one-half gallon, three pints, one quart, one pint, one-half

pint, and one gill, filled full to the bottom of the lip. The following variations of individual bottles or jars may be allowed, but the average content of not less than twenty-five bottles selected at random from at least four times the number tested must not be in error by more than one-fourth of the tolerances: Six drams above and six drams below on the half gallon, five drams above and five drams below on the three pint, four drams above and four drams below on the quart, three drams above and three drams below on the pint, two drams above and two drams below on the half pint, and two drams above and two drams below on the gill.

Bottles or jars used for the sale of distilled water, milk or cream shall have clearly blown or otherwise permanently marked in the side of the bottles the capacity of the bottles, and in the side or bottom of bottles the name, initials, or trademark, of the dealer using same. Any dealer who uses for the purpose of selling distilled water, milk, or cream, jars or bottles that do not comply with the requirements of this section as to marking and capacity, shall be guilty of using a false or insufficient measure. The inspector and city sealers are not required to seal all such bottles or jars, but they shall from time to time make tests of individual bottles. [1912; last amended 1928.]

Sec. 76-117. Wood and ice: Methods of sale.

It shall be unlawful for any person to sell or offer to sell any cut, sawed or split wood in any other manner than by the cord or fractional part thereof, and no person shall deliver such wood without delivery tickets as heretofore required in the delivery and sale of coal. Ice sold at retail shall be by weight. [1912; last amended 1928.]

Sec. 76-118. Hay: Methods of sale.

It shall be unlawful to sell or offer to sell baled hay in any other manner than by weight, except by an agreement between the seller and the purchaser. No person shall deliver any hay without such delivery being accompanied by delivery tickets as heretofore required in the sale and delivery of coal, except that loose hay in stacks or by wagon load may be sold by measurement by an agreement between the seller and the purchaser. When hay is shipped in carloads the weight of the bales need not be marked. Each bale shall have marked thereon the correct weight in pounds or fractions of a pound avoirdupois; and it shall be unlawful for any person to sell or offer for sale any such bale of hay on which the correct weight has not been marked. An allowance of three per cent in weight for shrinkage shall be made on all bales less than six months old, and of five per cent if over six months old, if the age of such bale be marked thereon. [1912; last amended 1928.]

Sec. 76-119. Meats: Methods of sale.

It shall be unlawful to sell or offer to sell any fresh meat, or fish, in any other manner than by weight. No person shall deliver such fresh meat without a delivery ticket on which shall be indelibly marked in pounds or fractions of a pound avoirdupois, the correct weight and the name of the purchaser and dealer, and given to the purchaser at the time the sale is made. [1912; last amended 1928.]

Sec. 76-121. Packaged commodities: Marking requirements; tolerances.

Where butter, [coffee]¹, tea, baking powder, oatmeal, tapioca and all cereals and farinaceous goods, wheat flour, buckwheat flour, cornmeal, rice, beans, sugar, barley, bran, wheat, oats, corn, potatoes, onions, seed, ham, bacon, lard, lard compounds or substitutes, soda crackers, or dried fruits, are sold in packages or containers, each package or container shall have written or stamped upon the wrapper or upon the package or container the correct weight of the contents, in pounds and ounces, or fractions of a pound avoirdupois; and it shall be unlawful for any person to sell or offer for sale any such package or container of such commodities on which the correct weight of the contents has not been written or stamped. An allowance of not exceeding two and a half per cent shall be made for shrinkage on all containers of wheat flour, buckwheat flour, cornmeal, rice, beans, sugar, barley, bran, wheat, oats, corn, potatoes, onions, seed, ham, bacon, or butter. [1912; last amended 1928.]

¹ The word "coffee" is to be found in the original act and also in the side title in both the Revised Statutes of 1928 and the 1939 Code, but is not contained in the body of the section in either the Revised Statutes or the Code.

Sec. 76-122. Vinegar and oils: Marking requirements.

Where vinegar, sweet oil, or olive oil are sold in bottles or cans, each shall have written or stamped upon the wrapper or upon the bottle or can the correct quantity of the contents in gallons, quarts, pints, or gills, or fractional parts thereof; and it shall be unlawful for any person to sell or offer for sale any such bottle or can upon the wrapper, bottle, or can, of which the correct quantity of the contents has not been written or stamped. [1912; last amended 1928.]

Sec. 76-123. Penalty.

Any person violating any of the eight preceding sections [Secs. 76-114—76-119, 76-121, 76-122] shall be guilty of a misdemeanor, and punished by a fine of not less than five [\$5.00], nor more than two hundred and fifty dollars [\$250]. [1912; last amended 1928.]

Sec. 76-125. Public weighmasters: Definition; bonds; seals.

Any person engaged in the business of weighing cotton or other products for hire, or who shall

Code Annotated 1939, Vol. 5, Ch. 76—Weights and Measures—Continued.

weigh cotton or other products and issue therefor a weight certificate intended to be accepted as an accurate weight upon which a purchase or sale is to be based or who shall engage in the business of weighing motor vehicles, trailers or semi-trailers and issuing weight certificates intended to be accepted as an accurate weight for the purpose of determining the amount of any tax, fee or other assessment on such vehicles, or who shall engage in the business of weighing any object or thing for the public generally for hire, shall be known as a public weighmaster, and shall file a bond with the state inspector of weights and measures in the sum of one thousand dollars, for the faithful performance of his duties, and shall, at his expense, obtain from such inspector a seal for the stamping of weight certificates in such form as the inspector may prescribe. Such seal shall be the property of the state to be returned to the inspector upon termination of the lawful use thereof and any certificate of weight bearing such seal, shall be recognized as accurate. [1927; last amended 1935.]

Sec. 76-126. Same: Weight certificates.

The state inspector shall prescribe a form of weight certificates to be used by public weighmasters, to be known as the State Certificate of Weights and Measures, and shall state therein the kind of product, its number of units, the date of receipt of the product, the owner, agent or consignee, the total weight of the product, the transportation by which received, and such other information as may be necessary to distinguish or identify the product from a like kind, and if a motor vehicle, trailer or semi-trailer, the engine, serial or other identifying number, the date of the weighing and the owner and the weight thereof. No other certificates shall be used by public weighmasters, but whenever there may be issued a warehouse receipt for the product weighed, the form of such warehouse receipt shall be such as is prescribed in the law relating to warehouse receipts, and the certificate of weight may be made a part of such warehouse receipt. Public weighmasters shall keep and preserve correct and accurate records of all public weighing for at least five years, at all times to be open for inspection by the inspector, or his deputy. [1927; last amended 1935.]

Sec. 76-127. Same: False weight certificates; offenses.

Any public weighmaster who issues any false or fraudulent certificate shall be guilty of a misdemeanor, and the inspector may compel the return to him of the state seal or declare his bond as public weighmaster forfeited. Any person who shall request the public weighmaster or any person employed by him to weigh any cotton or other product or any motor vehicle, trailer, or semi-trailer or other object or thing falsely or incorrectly, or

who shall request the issuance of a false or incorrect state certificate of weight, or any person issuing a state certificate of weight who is not a public weighmaster, or any person who violates any other provision of this article [Secs. 76-101—76-129], shall be guilty of a misdemeanor. [1927; last amended 1935.]

Sec. 76-129. Same: Reweighings; deputy weighmasters.

When any doubt or difference arises as to the correctness of the weight of any cotton or other product or of any motor vehicle, trailer or semi-trailer, or other object or thing for which a state certificate of weights has been issued by a public weighmaster, the owner, agent or purchaser may upon complaint to the state inspector, have said cotton or other product or said motor vehicle, trailer or semi-trailer or other object or thing reweighed by the inspector, or by a public weighmaster designated by him, upon depositing a sufficient sum of money to defray actual cost of the reweighing. If on reweighing a difference in the original weight is discovered as a result of fraud, carelessness or faulty apparatus, the cost of reweighing and the loss occasioned by such difference in weight shall be borne by the public weighmaster who issued such certificate. Public weighmasters employing or designating any person to act for them as deputy public weighmaster are responsible for all acts performed by such person, and the public weighmaster shall forward to the inspector the name and address of any person so appointed forthwith upon his appointment. [1927; last amended 1935.]

Constitution, Art. 15; Code Annotated 1939, Vol. 1—
The Corporation Commission.

Sec. 2. Public service corporations.

All corporations other than municipal engaged in carrying persons or property for hire; or in furnishing gas, oil, or electricity for light, fuel, or power; or in furnishing water for irrigation, fire protection, or other public purposes; or in furnishing, for profit, hot or cold air or steam for heating or cooling purposes; or in transmitting messages or furnishing public telegraph or telephone service, and all corporations other than municipal, operating as common carriers, shall be deemed public service corporations. [1911]

Sec. 3.¹ Rules and regulations.

The corporation commission shall have full power to, and shall, * * * make reasonable rules, regulations, and orders, by which such corporations shall be governed in the transaction of business within the state, * * *: Provided, that incorporated cities and towns may be authorized by law to exercise supervision over public service corporations doing business therein, * * *. Code Annotated 1939, Vol. 4, Ch. 49, Art. 6—"Arizona Fertilizer Law of 1937."

Sec. 49-602. Definitions.

* * * * *

"Commercial fertilizer" means any substance, including any combination or mixture of substances, designed and fit for use in inducing increased crop yields or plant growth when applied to the soil, except unmanipulated animal and vegetable manures, liming materials, residue or sludge from sewage disposal plant, and gypsum;

"Fertilizer material" means any substance which is or may be used with another substance in the compounding of mixed fertilizers, or for direct application to the soil, principally as a source of plant food; [1937]

* * * * *

Sec. 49-603. Enforcement officer.

This act [Secs. 49-601—49-625] shall be administered by the state chemist. The head of the department of agricultural chemistry and soils of the agricultural experiment station of the University of Arizona is constituted state chemist for the enforcement of this act. [1937]

Sec. 49-604. Registration.

(a) It shall be unlawful for any person, acting for himself, or as agent, to sell or offer for sale within the state any commercial fertilizer or fertilizer material that has not been registered as required by this section.

(b) Any person who may desire to sell or offer for sale, either by himself or through another person, mixed fertilizer or fertilizer materials in this state, shall first file with the state chemist, on registration forms supplied by him, a signed statement, giving the name and address of the applicant and the following information with respect to each brand or grade, in the following order: 1. weight of each package in pounds; * * * [1937]

Sec. 49-605. Marking requirements.

(a) Each person who offers for sale or sells commercial fertilizer or fertilizer material in this state shall mark upon each container or associate with each shipment or some document relative thereto the information required by subsections (b) and (c) of section 4 [Sec. 49-604]. The information may either be branded or printed directly on the bag or other shipping container, or may be printed on a tag, label, or certificate which shall be affixed to the shipping container or otherwise associated with the shipment, as provided in this section.

(b) If shipped in bags, barrels, or other containers commonly used, the data required by subsections (b) and (c) of section 4 shall be printed:

1. either directly on the package, or, 2. on tags to be affixed to the package by the manufacturer.

* * * * *

(c) If shipped in packages weighing five pounds or less, the information may be printed in any appropriate way on the container in which the material is delivered to the purchaser, or upon a common shipping container in which the smaller packages are shipped. [1937]

* * * * *

Sec. 49-622. Offenses.

Each of the following offenses shall be a misdemeanor and any person upon conviction thereof shall be punished as provided by law for the punishment of misdemeanors:

1. The violation of any one of the following provisions of this act [Secs. 49-601—49-625]: subsection (a) of section 4 [Sec. 49-604]; subsection (b) of section 4; section 5 [Sec. 49-605]; * * * [1937]

Code Annotated 1939, Vol. 4, Ch. 49, Art. 14—"Agricultural Minerals Act of 1947."

Sec. 49-1402. Definitions.

In this act [Secs. 49-1401—49-1413], unless the context otherwise requires:

"manufacturer" means a person engaged in the business of preparing, mixing, or manufacturing agricultural minerals;

"sell" or "sale" includes exchange;

"agricultural minerals" are mineral or chemical substances, or mixture of mineral or chemical substances and organic substances which are applied to the soil primarily for purposes other than as a direct source of plant food except unmanipulated animal or vegetable manures, and unmanipulated residue or sludge from sewage disposal plants; [1947]

"Agricultural Minerals Act of 1947"—Continued.

and address of the applicant and the following information with respect to each brand or grade:
(1) weight of each package in pounds; * * *

(d) For the privilege of registration, the person applying therefor shall pay to the state chemist in advance of registration fifty dollars for each brand or grade, as the case may be. Said registration shall expire on the thirty-first day of December of the year for which it is made. [1947]

* * * * *

Sec. 49-1405. Marking requirements.

Each person who offers for sale or sells agricultural minerals in this state shall mark on each container or associate with each shipment or some document relative thereto the information required by section 4 [Sec. 49-1404]. * * * [1947]

Sec. 49-1412. Penalties.

Any person, who, by himself, or through another, in connection with the sale of any substance or mixture of substances included within the scope of this act [Secs. 49-1401—49-1413]:

(a) Makes any material or substantial misrepresentation;

(b) Makes any false promises of a character likely to influence, induce or deceive;

(c) Causes to be published or distributed false or misleading literature, or causes to be displayed false or misleading advertisements; is guilty of a misdemeanor. [1947]

Code Annotated 1939, Vol. 4, Ch. 49, Art. 9—"Arizona Citrus Fruit Standardization Act."

Sec. 49-903. Enforcement officer.

The provisions of this act [Secs. 49-901—49-925] shall be enforced by the supervisor of inspection¹ * * *. It shall also be the duty of the state entomologist and his deputies and of the state quarantine inspectors to enforce this act. Said supervisor and his deputies and the state entomologist and his deputies and the state quarantine inspectors are hereinafter called the enforcing officers.

In addition to the deputies and clerks, * * *, there shall be appointed by the supervisor of inspection an inspector from among the employees of each citrus fruit packing plant or citrus fruit packer in the state of Arizona, or from among other suitable persons, which employee or other person shall be designated by the person, firm or corporation operating such citrus packing plant, and who shall be compensated by such firm, person or corporation, for his services as inspector. * * * [1933]

¹ See Sec. 49-1005, page 75, Office of Supervisor of inspection created.

Sec. 49-910. Penalty for violations.

Any person who shall violate any of the provisions of this act [Secs. 49-901—49-925] shall be guilty of a misdemeanor and upon conviction thereof shall be fined not more than five hundred dollars (\$500.00), or be imprisoned not more than one year, or both. [1933]

Sec. 49-913. Standard packages.

* * * the supervisor may provide for standard packages other than those established in this act. [Secs. 49-901—49-925], but no standard packages shall be eliminated or changed without two years' notice to the industry involved. [1933]

Sec. 49-914. Definitions.

3. Standard two-compartment lemon box, each compartment: depth, ten; width, thirteen; length, twelve and one-half.

4. Standard two-compartment half lemon box, each compartment: depth, five; width, thirteen; length, twelve and one-half.

(d) Lids for standard containers numbers 1 and 2 (subsection (c)) shall be not more than twenty-six and one-eighth inches in length. Lids for standard containers numbers 3 and 4 (subsection (c)) shall be not more than twenty-seven and one-eighth inches in length. [1933; last amended 1941.]

Sec. 49-923. Irregular containers.

*** Provided, further, that citrus fruits may be offered for sale, sold, or transported in, into or through the state of Arizona, in irregular containers, other than standard packages, when such irregular containers are so marked as to clearly indicate that the same are not standard packages as herein described. [1933]

Code Annotated 1939, Vol. 4, Ch. 49, Art. 10—"The Arizona Fruit and Vegetable Standardization Act."

Sec. 49-1004. Construction of act.

(a) All fresh fruits and vegetables when being packed, or after packing, or when delivered for shipment, loaded, shipped or being transported, offered for sale or sold in the state of Arizona for which grades, standards and standard containers are herein established shall be construed as coming within the meaning of this act [Secs. 49-1001-49-1037]. [1929; last amended 1937.]

* * * * *

Sec. 49-1005. Enforcement officer.

There is hereby created the office of supervisor of inspection, the holder whereof is hereinafter referred to as the supervisor, who shall be appointed by, hold office at the pleasure of, and be under the supervision and direction of the dean of agriculture of the University of Arizona, which supervisor's duties shall be to enforce the provisions of this act [Secs. 49-1001-49-1037]. [1929]

* * * * *

Sec. 49-1026. Standard packages.

*** the supervisor may provide for standard packages other than those established in this act. [Secs. 49-1001-49-1037], but no standard packages shall be eliminated or changed without two years notice to the industry involved. [1929]

* * * * *

Sec. 49-1027. Definitions.

* * * * *

"Containers" or "Packages" shall mean any container used for packing, shipping or selling fruits or vegetables.

"Subcontainers" shall mean any basket or other receptacle used within a container.

* * * * *

"Fruits" or "vegetables" shall mean the food product of any tree, vine or plant which produces

edible fruits or vegetables suitable for human consumption. [1929]

* * * * *

Sec. 49-1031. Violations.

It shall be unlawful:

1. To pack, or cause to be packed, sell, offer for sale, deliver for shipment, load, ship or transport for shipment any fruits or vegetables which do not conform to the requirements of this act [Secs. 49-1001-49-1037];

2. To prepare, deliver for shipment, load, ship, transport, offer for sale or sell for shipment, a deceptive pack, load, arrangement or display of fruits or vegetables, or to mislabel any container or display of such fruits or vegetables. [1929; last amended 1937.]

Sec. 49-1034. Standard packs and containers for cantaloupe.

* * * * *

The following standards are hereby established as standard packs for the respective standard containers as shown (inside depth and width, outside length) :

Jumbo Cantaloupe Crate 13x13x23½ Packed 27, 36 or 45 melons; Standard Cantaloupe Crate 12x12x23½ Packed 27, 36 or 45 melons; Pony Cantaloupe Crate 11x11x23½ Packed 45 or 54 melons; Jumbo Flat Cantaloupe Crate 5x14½x23½ Packed 8, 9, 10, 11 or 12 melons; Standard Flat Cantaloupe [Crate] 4½x13x23½ Packed 9, 12, or 15 melons; California Standard Flat Cantaloupe Crate 4½x13½x23½ Packed 9, 12, or 15 melons; Pony Flat Cantaloupe Crate 4x12x23½ Packed 15 or 18 melons.

*** each crate of cantaloupes shall be conspicuously marked, in letters not less than three-eighths of an inch in height, stating the exact number of melons packed therein, and all cantaloupe packs other than those provided in this section, shall be conspicuously marked, in letters not less than three-eighths of an inch in height "Irregular pack." Packed cantaloupes shall be in standard containers as prescribed in this section, provided, that other sized containers may be used if conspicuously marked, in letters not less than three-eighths of an inch in height, "Irregular sized container." No containers are established for unpacked or loose cantaloupes. Containers which are not lidded shall not be required to show the markings prescribed in this section. [1929]

Sec. 49-1035. Standard packs and containers for lettuce.

* * * * *

Packed lettuce shall be in standard containers as follows: (inside depth and width, outside length) :

Standard crate	13 x 18 x 24½
Half crate	9 x 13 x 24½

provided, that other sized containers may be used if conspicuously marked, in letters not less than

Code Annotated 1939, Vol. 4, Ch. 49, Art. 10—"The Arizona Fruit and Vegetable Standardization Act"—Continued.

three-eighths of an inch in height, "Irregular container."

Head lettuce, when packed, or after packing, or when shipped, delivered for shipment, offered for sale or sold as a standard pack for shipment from the State, shall contain either two dozen, two and a half dozen, three dozen, three and a half dozen, four dozen, four and a half dozen, five dozen, seventy-five or ninety heads of lettuce per crate, and shall be tightly packed, with a slight bulge of crates when lidded, * * *

In the case of head lettuce in standard packs, there shall be the same numerical count of regularly arranged heads in each layer, and no heads shall be placed outside of the regular arrangements of uniform flat layers, excepting that in case of sizes smaller than four and a half dozen, a bridge of from three to four heads shall be permitted.

In case of head lettuce in other than standard packs, there shall not be a variation in numerical count of more than two heads between any two layers in one container.

Both iced and dry packed lettuce shall be considered as packed.

* * * all crates of head lettuce, when packed shall be plainly and conspicuously stamped or stenciled on the outside thereof, in figures not less than three-eighths of an inch in height, with the exact number of heads contained therein; provided, that in the case of crates of sizes packed smaller than four and a half dozen, the contents may vary not more than four heads from the count as marked.

Crates in which lettuce is not packed to conform with the requirements for a standard pack established above shall be conspicuously marked "Irregular pack" in letters not less than three-eighths of an inch in height. [1929]

Sec. 49—1036. Vegetable standards; sizes of bunches; sale by weight.

(a) * * * When bunched, carrots shall be virtually uniform in size, and when ranging in diameter from one to one and one-fourth inches shall contain seven carrots to the bunch; if over one and one-fourth inches, five carrots to the bunch. * * *

(b) * * * When bunched, beets and turnips shall contain not less than four nor more than five roots to the bunch.

(d) [c] * * * Spinach, when being sold, or advertised for sale, whether wholesale or retail, shall be sold by the pound.

(e) [d] * * * Asparagus, bunched or loose, when advertised for sale, offered for sale, or sold, either at wholesale or retail, shall be sold by the pound.

* * *

(j) [i] * * * When prepared for sale, advertised, or offered for sale, or sold, strawberries shall be

contained in the dry pint basket, containing an interior capacity of approximately thirty-three and six-tenths inches. [1929; last amended 1937.]

Code Annotated 1939, Vol. 4, Ch. 50, Art. 9—Dairy Products.

Sec. 50—904. General powers and duties of commissioner.

The commissioner [state dairy commissioner] is empowered to enforce compliance with the provisions of this act [Secs. 50—901—50—954], * * *. [1931]

Sec. 50—940. Testing of milk and cream: Tester's license required; bottles and pipettes; fee.

(a) No person shall be permitted to test milk or cream for the purpose of determining the butterfat content thereof, when the results of such test shall determine the purchase of [or] sales value of [or] the legal standard of such product, unless such tester shall have a state tester's license therefor. * * * (e) Standard eight per cent milk bottles shall be approved for such use. Only standard long neck nine or eighteen gram fifty per cent cream test bottles shall be approved. Standard seventeen and six-tenths millimetre pipettes shall be approved only for use in testing milk. All test charges of cream samples shall be weighed on scales, the sensitivity of which shall be not more than thirty milligrams and the standard weights shall be nine grams and eighteen grams. All test bottles, while in use as such, shall have been tested for accuracy by the commissioner and shall have the letter "A" etched thereon as a guarantee of his approval. Such milk test bottles as shall show an inaccuracy in excess of one-tenth of a one per cent division on the scale of such bottle shall be rejected. A fee of one dollar shall be charged by the state for each dozen such bottles so tested and etched. [1931]

Sec. 50—946. False tests or weights.

It shall be unlawful for any person purchasing dairy products on the basis of butterfat content or weight, to report false test or weight or settle or pay for such products on any other basis than the actual test or weight. Any person violating any of the provisions of this section shall be guilty of a misdemeanor. [1931]

Sec. 50—951. Standard weights of butter packages.

Butter, when sold, offered or exposed for sale in paper containers to the retail trade, shall be in packages of one-quarter pound, one-pound, or two-pound packages, net, standard avoirdupois weight, no tolerance in deficiency being allowed. Any person violating the provision of this section shall be guilty of a misdemeanor. [1931]

Code Annotated 1939, Vol. 4, Ch. 50, Art. 10—Commercial Feeds.

Sec. 50—1001. Definition.

The term "commercial feeds" includes all materials used for feeding animals or birds, except:

1. Unmixed whole seeds or grains, as defined by United States grain standards;

2. The unmixed meals made directly from and consisting of the entire grains of corn, wheat, rye, barley, oats, buckwheat, flaxseed, kaffir, milo, and other grain sorghums;

3. Unground hays, straws, cottonseed hulls, stover and silage, when unmixed with other materials. [1937]

Sec. 50-1002. Marking requirements.

(a) All manufacturers, importers, jobbers, firms, associations, corporations, or persons shall, before selling, offering, exposing for sale, or distributing any brand of commercial feed, have printed on or attached to each bag, package, or carton, in a conspicuous place on the outside, or deliver with each bulk lot, a plainly printed statement, hereafter referred to as the label, containing in clear, legible print in the English language:

1. The net weight of the contents of the package, bag, carton or bulk lot. [1937]

* * * * *

Sec. 50-1012. Offenses; penalties.

(a) Any manufacturer, importer, jobber, firm, association, corporation or person who:

* * * * *

3. Impedes, obstructs, hinders or otherwise prevents or attempts to obstruct or prevent the state chemist or his authorized agent in the performance of his duty,

* * * * *

7. Sells any commercial feed which carries upon or attached to the package any false or misleading statements regarding the contents, feeding value, or net weight thereof, or,

8. Violates any other provision of this act [Secs. 50-1001-50-1015], shall be guilty of a misdemeanor and upon conviction fined not more than one hundred dollars for the first violation and not less than fifty nor more than three hundred dollars for each subsequent violation. [1937]

* * * * *

Sec. 50-1013. Enforcement officer.

(a) The state chemist shall enforce the provisions of this act [Secs. 50-1001-50-1015], and shall have power to prescribe and enforce administrative rules and regulations not in conflict with the provisions hereof.

(b) The head of the department of agricultural chemistry and soils, of the Arizona agricultural experiment station, is hereby designated state chemist for the enforcement of this act. [1937]

Code Annotated 1939, Vol. 5, Ch. 68, Art. 4—Food.

Sec. 68-401. Definitions.

The term "food" as used herein shall include all articles, whether simple, mixed or compound, used

for food, drink, confectionery, or condiment, by man or animal;

The term "misbranded" shall apply to all articles of food, or which enter into the composition of food, the package or label of which bears any false statement, design, or device, regarding such article, or regarding the ingredients, or substances contained therein, which shall be false or misleading in any particular, and to any food product falsely branded as to the place in which it was manufactured, or produced;

The term "package" shall include any container, of whatsoever material or nature, used for enclosing any article of food. [1912; last amended 1928.]

* * * * *

Sec. 68-403. When deemed misbranded.

Food or liquid [liquor]¹ is mislabeled or misbranded.

* * * * *

If it be labeled or branded or colored so as to deceive or mislead, or tend to deceive or mislead the purchaser; or

If it be falsely labeled in any respect; or

* * * * *

If, when in package, and the contents are stated in terms of weight and measure, such weight and measure are not plainly and correctly stated on the outside of the package; or

* * * * *

If, having no label, it is an imitation or adulteration, or is sold or offered for sale under a name, designation, description, or misrepresentation, which is false or misleading in any particular; * * * [1912; last amended 1928.]

¹ The bracketed word "liquor" was inserted in the 1939 Code by its compilers. It was a part of the original act, the word "liquid" being substituted for the word "liquor" in the Revised Statutes of 1928.

Sec. 68-404. Prima facie evidence of violation.

The possession of any adulterated, mislabeled, or misbranded article of food by any manufacturer, producer, jobber, packer, or dealer in food, or agent, or servant of any such person, shall be prima facie evidence of the violation of the provisions of this article [Secs. 68-401-68-425]. [1912; last amended 1928.]

Sec. 68-406. Examination of misbranded food.

The superintendent [of public health] shall cause the director [of the state laboratory] to make examinations and analyses of food on sale in Arizona, suspected of being adulterated, mislabeled, or misbranded. * * * [1912; last amended 1928.]

Sec. 68-410. Penalties; seizure.

Any person violating any provision of this article [Secs. 68-401-68-425] shall be guilty of a mis-

Code Annotated 1939, Vol. 5, Ch. 68, Art. 4—Food
—Continued.

demeanor, and punished by a fine of not less than five nor more than five hundred dollars, or imprisoned not exceeding six months, or by both such fine and imprisonment. Food found to be adulterated, mislabeled, or misbranded, may, by order of any court, be seized and destroyed. [1912; last amended 1928.]

Sec. 68-412. Guaranty protection.

No dealer shall be prosecuted when he can establish a guaranty signed by the wholesaler, jobber, manufacturer, or other party, residing in the United States, from whom he purchased such articles to the effect that the food or liquid¹ is not adulterated, mislabeled, or misbranded, and the dealer at the time of making such sale was not aware that the article was mislabeled. Said guaranty, to afford protection must contain the name and address of the party making the sales to said dealer, and an itemized statement showing the article purchased; or a general guaranty may be filed with the secretary of the United States department of agriculture by the manufacturer, wholesaler, jobber, or other party in the United States and be given a serial number, which number shall appear on each and every package of goods sold under such guaranty with words showing such guarantee under the Food and Drugs Act of the Congress of the United States. If the guarantor resides within this state, and it appears from the certificate of the director of the state laboratory that such articles were adulterated, mislabeled or misbranded, within the meaning of the National Pure Food Act, the county attorney shall forthwith notify the attorney-general of the United States of such violation. [1912; last amended 1928.]

Sec. 68-415.¹ Bread: Standard weights; tolerances.

A loaf of bread sold, offered or exposed for sale, as fresh bread, shall be of the following standard weights: One pound; one and one-half pounds; or multiples of one pound; determined by the average of not less than twenty loaves of one unit, of one kind of bread, weighed with or without wrappers, not less than twelve hours after baking. When twin or multiple loaves are wrapped at the place where baked, or sold to the consumer wrapped and undivided, the loaf must conform to the said weight requirements, and if unwrapped or divided prior to sale, each unit must conform to the weight requirements. A tolerance, in excess of the standard weight, is allowed of one ounce on one pound loaves; one and one-half ounces on one and one-half pound loaves; two ounces on loaves weighing two pounds or more. No tolerance below the standard weight is allowed. [1925; last amended 1928.]

¹ See also Sec. 76-114, page 70; marking requirements for bread.

Sec. 68-416. Same: Scales and weights; enforcement officers.

Every manufacturer or seller of bread shall keep scales and weights, suitable for weighing bread, in a conspicuous place in the bakery or store, and shall, when requested by the buyer and in the buyer's presence, weigh any loaf of bread sold or offered for sale. The state and city inspectors of weights and measures shall enforce the provisions hereof, * * * [1925; last amended 1928.]

Sec. 68-417. Same; Exceptions.

The preceding * * * sections [Secs. 68-415 and 68-416] shall not apply to fancy breads, nor to bread baked by special order of the consumer; nor to stale bread sold as such, the seller shall at the time of sale expressly state to the buyer that it is stale bread, and not offered or sold as stale bread until twelve hours or more after baking. Any person violating any provision of this or the preceding * * * sections shall be guilty of a misdemeanor. [1925; last amended 1928.]

Statutes 1947 Annotated, Vol. 6, Title 79, Ch. 1—Weights and Measures.

Sec. 79-101. Standards of weights and measures.

The set of weights and measures prepared by the United States under the act of Congress, approved the fourteenth day of June, A. D. 1836, and delivered to the Governor of the State of Arkansas, and now deposited in the office of the Secretary of State, be and the same is hereby declared to be the standard of all weights and measures used in this State, and the clerk of the county court of each county in this State shall procure, as soon as practicable, at the expense of the county, a complete set of weights and measures, which shall conform to said standard, and shall be sealed by the Secretary of State. [1859]

Sec. 79-102. State sealing.

The Secretary of State shall procure a seal or stamp, with the letters "S. A." upon it, with which he shall seal all weights and measures which he shall compare with the said standard in his office and find to be correct; and such weights and measures, after being so sealed, shall be a lawful standard for the county by which they were procured; and the Secretary of State shall charge the sum of four dollars [\$4.00] for testing and sealing such weights and measures. Sec. 79-103. County sealing.

The several clerks of the county courts shall, with the seal required by this act to be provided, seal all weights and measures that may be presented to them for that purpose, which correspond with the county standard. [1838]

[ED. NOTE.—In the Arkansas Statutes 1947 Annotated, following the foregoing section, it is stated: "The words 'seal required by this act' refer to Sec. 1 of ch. 156 of the Revised Statutes which read in part 'He shall also procure * * * one seal with the initials of the county; which * * * seal, shall be safely and securely kept by said clerk.'"

The remainder of the section specified the weights and measures which the clerk should obtain and is superseded by Sec. 79-101."]

Sec. 79-104. Testing and sealing by county clerks.

The county clerks of all and every county in the State are hereby directed and required to comply with the law as directed in sections 8003, 8004 and 8005 of Kirby's Digest [Secs. 79-101—79-103], and be prepared at all times to test and seal all scales and measures presented for test and found correct. [1913]

Sec. 79-105. Violation of preceding section: Penalty; compensation for testing scales.

Neglect or failure from any cause to comply with section 1 [Sec. 79-104] of this act shall constitute a misdemeanor and subject the clerk so offending

same, to a fine of one dollar [\$1.00] for each day he fails to be prepared with his tests and seal. The clerk shall receive the sum of ten cents [10c] for each pair of scales or measures presented to him for test, to be paid by the person, firm or corporation presenting same and five cents [5c] per mile one way for traveling to wagon scales and twenty-five cents [25c] for sealing them, to be paid by the owners. [1913]

Sec. 79-106. Duty to have scales and measures tested.

Every person, firm or corporation who buy and sell any kind of goods, produce, cotton, cotton seed, hay, feed stuffs and all kinds of merchandise, usually bought and sold, shall have their scales and measures tested and sealed on or before the first day of September and each year thereafter. Failure to comply with the provisions of this section shall constitute a misdemeanor and shall subject the individual, firm or corporation to a fine of one dollar [\$1.00] for each day so offending. [1913]

Sec. 79-107. Measures and toll dishes.

There shall always be kept in a public mill by the owner or occupier thereof an accurate half bushel measure, and an accurate set of toll dishes. [1895]

Sec. 79-108. Penalty for violation of preceding section.

For each breach of any of the provisions of this act [Secs. 79-107, 79-108], by the owner or occupier of a public mill, he shall forfeit and pay to the party aggrieved by such breach, ten dollars [\$10.00], to be recovered by action (of debt) with costs, before any justice of the peace. [1895]

[ED. NOTE.—In the Arkansas Statutes 1947 Annotated, following the foregoing section, it is stated: "The words 'of debt' were enclosed in parentheses by the compiler since all forms of action heretofore existing were abolished under Sec. 27-201 and but one form of action, called the 'civil action' established under Sec. 27-201."]

Sec. 79-109. Inspection of weights and measures by constables and marshals.

It shall be the duty of the constable of every township and of the marshal of every city or town where complaint be made to him by three [3] or more citizens to inspect any scales, weights and measures used for weighing or measuring any kind of goods or produce or commercial substances, and such officers shall make an annual inspection of all such weights, measures and scales, and if at any time he finds any such scales, weights and measures not to [do not] conform to the lawful standard, he shall cause the person, firm or corporation using same to be prosecuted therefor and one-half of any fine assessed therefor shall be paid to said officer. [1838; last amended 1913.]

Sec. 79-110. Marking requirements for grain, fertilizer, flour, etc.

It shall be unlawful for any corporation, firm, manufacturer, merchant or other dealer, their agent

or employees, to sell, or offer for sale, any grain, chops, bran, fertilizer, meal, or flour in sacks, barrels, or other packages, unless the true weight of such grain, chops, bran, fertilizer, meal, or flour be stamped or marked upon the sacks, barrels, or other packages. [1905]

Sec. 79-111. Penalty for violation of preceding section.

Any corporation, shipper, manufacturer, merchant or other dealer, their agents or employees, who shall violate the provisions of section 1 [Sec. 79-110] of this act, shall be deemed guilty of a misdemeanor, and, upon conviction before any justice of the peace or circuit court, shall be fined in any sum not less than twenty dollars [\$20.00], and every sack, barrel, or other package of such grain, chops, bran, fertilizer, meal or flour offered for sale, in violation of this act [Secs. 79-110, 79-111], shall constitute a separate offense. [1905]

Sec. 79-112. Goods to weigh as marked; penalty.

Every package, bag or bundle of goods or merchandise shall contain in weight what it is branded, marked or said to contain. And any person, firm or corporation violating the provisions of this section shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not less than one dollar nor more than twenty-five dollars [\$25.00] for each package, bag or bundle sold in violation of this law. Sec. 79-117. Fruit and other merchantable commodity: Fraudulent packing; penalty.

Any person who shall pack any fruit, or other merchantable commodity, with the fraudulent intent of thereby cheating others by a misrepresentation of the contents, either as to quality or quantity, shall, on conviction thereof, be punished by a fine, not exceeding five hundred dollars [\$500.00], or by imprisonment at hard labor, not exceeding one [1] year, or both. [1911]

Sec. 79-118. Same: Sale of fraudulent packages; penalty.

Any person who shall sell, pledge or hypothecate any such commodity, knowing the same to be packed in the fraudulent manner aforesaid, with the intent to cheat and deceive shall, on conviction thereof, be punished as provided in the first section [Sec. 79-116] of this act. [1911]

Sec. 79-119. Log measurement: Doyle stick.

The Doyle stick or standard of log measurement be and the same is hereby declared to be the standard by which all saw logs bought, sold, cut or hauled in this State shall be scaled or estimated. [1901]

Sec. 79-120. Use of different measure; penalty.

Any person or persons buying, selling, cutting or hauling sawlogs within the limits of this State, who shall use or attempt to use any combination stick, or any other stick or standard than that mentioned in section one [Sec. 79-119] of this act for the purpose of scaling, or estimating the number of feet in such logs sold, bought, cut or hauled, shall be deemed guilty of a misdemeanor, and upon conviction shall be fined in any sum not less than fifty dollars [\$50.00] nor more than two hundred dollars [\$200] for each offense, to be assessed by the jury trying the case, and to be collected and appropriated as other public fines, provided, that in scaling logs under this act [Secs. 79-119, 79-120], the average diameter inside the bark shall be taken. [1901]

Sec. 79-121. Rule for measurement of timber.

In all contracts for the sale of timber in which the point of measurement to determine the diameter of the log is not specifically provided for, said diameter shall be determined by the diameter of the stump measured at a point the same distance in inches above the ground as the diameter in inches of the timber called for in the contract, regardless of how many inches above the ground the log may have been severed. [1943]

Sec. 79-122. Manner of measurement; exceptions.

In determining the diameter of timber in sales provided for in section 1 [Sec. 79-121] herein, the measurement shall be made from the inside covering one bark to the outside covering of the other bark, provided nothing in this Act [Secs. 79-121—79-123] shall apply to cypress, tupelo gum, and cottonwood. [1943]

Sec. 79-123. Violation termed trespass.

Any violation of this Act [Secs. 79-121—79-123] shall be termed a trespass. [1943]

Sec. 79-124. "Cord" defined.

A cord shall be defined as containing one hundred twenty-eight [128] cubic feet, and a unit of pulp wood shall be defined as containing one hundred and twenty-eight [128] cubic feet and this shall be the basis for purchase of timber for [or] payment of labor in severing where said production is handled on cordage basis. [1939]

Sec. 79-125. Barrel capacity for cistern measurement.

Whenever in any contract for the repair or construction of any cistern in this State, the capacity of which is represented in barrels, there is no other specification of the holding capacity of said barrels, the term "barrel" shall be taken and held, in law, as meaning and intending a holding capacity which is the exact equivalent of the cubical contents of thirty-six [36] times that of the standard gallon

measure of the United States, now in use, and kept, as required by law, in the office of the Secretary of State of Arkansas. [1885]

Statutes 1947 Annotated, Vol. 2, Title 19—Powers of Cities and Towns.

Sec. 19-2303. Weighing or measuring of articles for sale.

They shall have power * * * to provide for the measuring or weighing of hay, wood, or any other article for sale; * * *, and to punish by fines any violation of this provision; * * * [1875; last amended 1901.]

Sec. 19-3301. Maintenance and regulation of markets.

[The city council] * * * may have full power to prevent forestalling, to prohibit or regulate huckstering in the markets, and to adopt such rules and regulations as are necessary to prevent fraud, and to preserve order in the market. They may authorize the immediate seizure, arrest and removal from any market of any person or persons violating its regulations, as established by ordinance, together with any article in their possession, * * *. [1875]

Sec. 19-3401. Power to regulate sale of milk.

Municipalities are hereby authorized to regulate, in accordance with the terms of the 1939 edition of the United States Public Health Service Milk Ordinance, the production, transportation, processing, handling, sampling, examination, grading, labeling and sale of all milk and milk products sold for ultimate consumption within such municipalities. [1935; last amended 1939.]

Statutes 1947 Annotated, Vol. 5, Title 52, Ch. 7—Mine Scales.

Sec. 52-701. Sale of coal by weight.

It shall be the duty of every corporation, person, firm or association engaged in the business of mining coal in this state, to sell said coal by weight and to cause same to be accurately weighed by an authorized weigher, before delivery to any purchaser thereof, or to any person whomsoever for transportation. [1911]

Sec. 52-702. Scales and measures; inspection.

It shall be the duty of every corporation, company, or person engaged in the business of mining and selling coal by weight or measure, (employing ten [10] or more persons), to procure and constantly keep on hand at the proper place the necessary scales and measures and whatever else may be necessary to correctly weigh and measure the coal mined by such corporation, company, or person, and it shall be the duty of the mine inspector to visit each coal mine operated therein, and where such scales and measures are kept, at least once in each year, and test the correctness of such scales and measures. The owner or operator of each coal mine, or any two [2] or more of the miners working

therein, may, in writing, require his attendance at the place where such scales and measures are kept, at other times in order to test the correctness thereof, and it shall be his duty to comply with such request as soon as he can after receiving such request. [1899; last amended 1905.]

[Ed. NOTE.—In the Arkansas Statutes 1947 Annotated, following the foregoing section, it is stated: "In so far as this section relates to measures, it may be superseded by Sec. 52-701. The words 'and employing ten or more persons' were inclosed in parentheses by the compiler, being deemed superseded by Sec. 52-413." Sec. 52-413 provides that "the provisions of all statutes in force heretofore enacted and in force, regulating coal mines, and fixing the duties and jurisdiction of the state mine inspector, shall apply to all coal mines, and all operators of coal mines, irrespective of the number of men employed therein, it being the express intention of this act [section] to remove the exemption from compliance with such statutes now applicable to mines employing less than ten [10] men under ground in twenty-four [24] hours, and the state mine inspector is hereby given jurisdiction under such statutes over all coal mines, regardless of the number of employees therein, and all coal mines and all operators thereof are hereby made subject to the provisions of all such statutes [which] shall be enforced in the number [manner] now provided by law."]

Sec. 52-703. Penalty for violations of scales and measures act.

Any corporation or person violating any of the provisions of this act [Secs. 52-702—52-703] shall be deemed guilty of a misdemeanor, and upon conviction thereof shall, for each offense, be fined not less than twenty-five dollars [\$25] and not more than five hundred dollars [\$500]; and the officers, agents or employees of the corporation or company whose duty it was to do or perform the act, or to cause it to be done and performed, which is the subject of the indictment, may be indicted jointly with said corporation or company, and upon conviction thereof be fined in any sum not less than twenty-five dollars [\$25] nor more than five hundred dollars [\$500]. [1899]

Sec. 52-704. Test weights.

Every agent, owner, lessee, or operator engaged in mining coal in any quantity, (where ten [10] or more men are worked underground), shall furnish and keep on hand for the use of the state mine inspector, for inspecting, testing, and examining scales, 500 pounds of United States standard testing weights. [1905]

[Ed. NOTE.—In the Arkansas Statutes 1947 Annotated, following the foregoing section, it is stated: "The words 'where ten or more men are worked underground' were enclosed in parentheses by the compiler, being deemed superseded by Sec. 52-413." See Ed. note following Sec. 52-702.]

Sec. 52-705. Duties of weighman and check-weighman; oath; election.

The weighman employed at any mine shall, before entering upon his duties, take and subscribe an oath, or affirmation, before some proper officer, to do justice between employer and employee, and

**Statutes 1947 Annotated, Vol. 5, Title 52, Ch. 7—
Mine Scales—Continued.**

to weigh the output from the mine honestly and correctly. The miners engaged in working any mine shall have the privilege, if they so desire, of selecting, by a majority vote, and employing, at their own expense, a check-weighman, who shall in like manner take an oath, and who shall have like rights, powers and privileges, in attending and seeing that coal is correctly weighed, and who shall be subject to same penalties as the regular weighman, and each of such weighmen shall keep account of all coal weighed at the mines in a well-bound book kept for that purpose. * * * [1893]

Sec. 52-706. Coal not to be screened until weighed; exception; penalty.

It shall be unlawful for any mine owner, lessee or operator of coal mines in this State, (where ten [10] or more men are employed underground), employing miners at bushel or ton rates, or other quantity to pass the output of coal mined by said miners over any screen or any other device which shall take any part from the value thereof before same shall have been weighed and duly credited to the employee sending the same to the surface, and accounted for at the legal rate of weights as fixed by the laws of Arkansas, * * * provided, that in Cane Creek, River and Logan townships in Logan county, and all of Johnson county, except Grant township, all coal mined and paid for by weight may be paid for on the mine run basis or upon the screen coal basis, which shall be a matter of agreement between the operators and the miners. * * *

Any owner, agent, lessee or operator of any coal mine in this State (where ten [10] or more men are employed underground), who shall knowingly violate any of the provisions of this section, shall be deemed guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than two hundred dollars [\$200.00] nor more than five hundred dollars [\$500.00] for each offense, or by imprisonment in the county jail for a period of not less than sixty [60] days nor more than six [6] months, or both such fine and imprisonment; and each day any mine or mines are operated thereafter, shall be a separate and distinct offense; proceedings to be instituted in any court having competent jurisdiction. [1915]

[ED. NOTE.—In Arkansas Statutes 1947 Annotated, following the foregoing section, it is stated: "The words 'where ten or more men are employed underground' in both instances were enclosed in parentheses by the compiler, being deemed superseded by Sec. 52-413." See ED. note following Sec. 52-702.]

Sec. 52-707. Transporting coal before weighing forbidden; weighers.

It shall be unlawful for any person, firm, corporation or association to transport coal in trucks or other vehicles from a mine over the public highways, streets, or alleys, in the State of Arkansas,

without such coal has been previously weighed by an official coal weigher hereinafter provided for, except, in case where such coal is being moved from a mine to the nearest official weigher, or where said coal is being transported from a mine to a railroad car to be loaded thereon and weighed and shipped in due course of business. Provided, any person operating scales that have been tested and sealed as provided by the general law shall be, upon demand, authorized as a weigher under the provisions of this act [Secs. 52-701, 52-707—52-717] and be permitted to charge such sums for his service as may be agreed to between such weigher and the transporter of coal. [1941]

Sec. 52-708. Enforcement officer; official weighers; rules and regulations; penalty.

It shall be the duty of the state mine inspector¹ of the State of Arkansas to cause this act [Secs. 52-701, 52-707—52-717] to be enforced. The state mine inspector, a representative of the United Mine Workers of America District 21, and a representative of the Arkansas-Oklahoma Coal Operators Association, to be named by the respective associations, shall make and promulgate reasonable rules and regulations for carrying this act into effect. A copy of said rules and regulations shall be kept on file in the office of the state mine inspector. They shall designate the location of scales and name official coal weighers to weigh said coal, so as to afford weighing facilities at the mines, or as near the mines as may be practicable and convenient to coal producers, coal buyers and coal sellers, and of persons, firms, corporations and associations engaged in transporting coal over the said public highways, streets and alleys. They shall also make and promulgate reasonable rules and regulations for the guidance of official weighers provided for herein in weighing said coal, making and keeping records of such weights, of the vehicles used in the transportation of said coal, and of the movement of such vehicles over and upon said public highways, streets and alleys. When such rules and regulations have been made and promulgated, they shall have the binding force and effect of a law, and a violation of any such rules and regulations shall be deemed to be a misdemeanor and punishable as provided herein. [1941]

¹ Now State Police Department. See Sec. 18, Acts 1949, Act 268, page 88.

Sec. 52-709. Oath and bond of official weigher.

Each said official weigher, before entering upon the discharge of his duties as such, shall take and subscribe to an oath or affirmation to the effect that he is a citizen of the State of Arkansas; he resides in _____ County, the county in which he proposes to act as such official weigher; that he is qualified elector of the state; that he will honestly and correctly weigh all coal brought to him to be weighed; that he will faithfully discharge his duties

as such official weigher, and truly and correctly record and certify to such weights. Such oath or affirmation may be administered by the state mine inspector¹, or by any officer authorized by law to administer oaths in this State. Said official weigher shall also make and execute a bond to the State of Arkansas, for the use and benefit of all persons who may suffer damage on account of the neglect of duty of said official weigher. Said bond shall be in the penal sum of one thousand dollars [\$1,000.00] with good and sufficient surety thereon, to be approved by the state mine inspector. Any person, firm, corporation or association suffering damage by reason of any neglect of official duty by the official weigher, shall have a right of action against him and the sureties on his bond. The said state mine inspector may, in his discretion, accept as sureties on said bond, any bonding company authorized to do business in this State, or individuals. Said bond, when approved, shall be filed in the office of the County Clerk of the county in which said official weigher resides, and be recorded and kept on file as other official bonds are now kept. A certified copy of said bond shall be sufficient for all purposes whatsoever. [1941]

¹ Now State Police Department. See Sec. 18, Acts 1949, Act 268, page 88.

Sec. 52-710. Duties of official weigher; certificates.

Said official coal weigher shall weigh accurately all coal brought to him to be weighed, and shall truthfully certify to the correct weights thereof on such forms as may be prescribed in the rules made and promulgated as hereinbefore provided. Said certificates shall show the date the coal was weighed, and name and address of the seller, and the name of the mine from which the coal was removed; the name and address of the buyer and the destination of said coal; the name and address of the person in charge of the truck or other vehicle in which said coal is being transported; the gross weight of the load, the tare of the truck or vehicle containing the coal, and the net weight of the coal in the load. It shall also state the motor number of the vehicle containing the coal, the license number of the truck or vehicle, if any, the name of the state issuing the license, and such other information as may be required under the rules and regulations herein provided for. [1941]

Sec. 52-711. Fees for weighing.

Said official coal weigher shall charge, demand and receive for his services in weighing and certifying to the weights of said coal as provided for herein, the sum of not more than twenty cents [20c] per ton of two thousand [2,000] pounds thereof weighed by him to be fixed by the rules hereinbefore provided for. He shall receive twenty cents [20c] for each load of coal weighed by him where the coal weighed is less than one [1] ton of two

thousand [2,000] pounds. Said fees shall be paid by the person having the coal weighed and at the time the coal is weighed. Said coal weigher shall receive no other fees or remuneration for his service in weighing said coal or certifying to the weights as provided for herein, or for performing the duties required of him under this act [Secs. 52-701, 52-707—52-717], or as may be provided for under the rules and regulations aforesaid. [1941]

Sec. 52-712. Certificates of weight; carbon copies; to whom delivered.

The certificate provided for herein shall be made out by the said official weigher with a pen and ink or other indelible substance, so that there will be one original and four impression copies, each of which shall be legible. Said official weigher shall, at the time of weighing each load of coal, deliver to the person in charge of the truck or vehicle containing the coal so weighed two [2] true copies of said certificate, one of which copies shall be retained by the said person in charge of the truck or vehicle and kept in his actual possession and upon his person at all times while he is operating said truck or vehicle. If he shall retire from said truck or vehicle before making delivery thereof to the person to whom the load of coal is to be delivered, he shall deliver said copy over to his successor who shall retain it in said manner until he makes delivery of the coal as aforesaid. Such certificate shall be delivered over in immediate succession to any and all persons operating said truck or vehicle until the coal is delivered to its final destination. No person or persons shall operate said truck or vehicle except the one having said certificate in his possession and upon his person. The other said copy shall be by the driver of said truck delivered over to the person to whom the coal is finally delivered. [1941]

Sec. 52-713. Contents of certificate to be recorded.

Said official weigher shall, at the time of weighing each said load of coal enter in a well-bound book the matters and things hereinbefore required to be given in the certificate of said weigher. The forms in said book shall be prescribed in the rules and regulations hereinbefore provided for. The things recorded in said book shall agree with the matters and things set forth in said certificate. He shall retain said book in his possession subject to the inspection of the state mine inspector and any citizen of the State, or any interested party, until his term of office shall expire, at which time he shall deliver said book over to the state mine inspector's¹ office, where it shall be kept as a part of the official records of said inspector's office. [1941]

¹ Now State Police Department. See Sec. 18, Acts 1949, Act 268, page 88.

Sec. 52-714. Disposition of carbon copies of certificate.

Said official weigher, at the close of each day's work of weighing coal shall deliver in person, or

Statutes 1947 Annotated, Vol. 5, Title 52, Ch. 7—
Mine Scales—Continued.

forward by mail, to the state mine inspector¹ at his office, two [2] true copies of each certificate of the loads weighed by him that day. One of said copies shall be retained by the state mine inspector in his office, and the other shall be by him forwarded to the office of the administrative agency of the Bituminous Coal Commission, engaged in the administration of the "Bituminous Coal Act of 1937"² for the use of the officers of said administrative agency. [1941]

¹ Now State Police Department. See Sec. 18, Acts 1949, Act 268, page 88.

² The Bituminous Coal Act of 1937, referred to in this section, was Act of Congress of Apr. 26, 1937, ch. 127, 50 Stat. at Large 72, which, as amended May 21, 1943, ch. 97, 57 Stat. at Large 82, expired August 24, 1943.

Sec. 52-715. Penalty for violations.

Whoever shall be found guilty of violating any provision of this act [Secs. 52-701, 52-707—52-717] shall be deemed guilty of a misdemeanor and upon conviction shall be fined not less than twenty-five [\$25.00] dollars nor more than one hundred [\$100.00] dollars, or be imprisoned in the county jail for not less than fifteen [15] days nor more than sixty [60] days, or by both such fine and imprisonment, in the discretion of the court or jury trying the case. [1941]

Sec. 57-716. Weighers: Appointment; term.

All official coal weighers shall be appointed by the Arkansas State Police Commission, and they shall hold office until their services as such weighers are terminated by the Police Commission. All reports required by said Act No. 382 [Secs. 52-701, 52-707—52-717] to be made by said weighers to the State Mine Inspector shall hereafter be made to the State Police Commission. [1941; last amended 1949.]

Sec. 52-717. Arrests of persons violating act; seizure.

It shall be the duty of all public officers, charged with the duty of enforcing the criminal laws of this state, to make arrests of persons violating any of the provisions of this act [Secs. 52-701, 52-707—52-717]. Members of the State Highway Police Department are hereby charged with the duty of excluding from the public highways of this state all trucks or vehicles hauling coal in violation of this act. It is not intended to repeal any existing laws against illegal use of the highways by trucks or vehicles, but this act shall be cumulative of all existing laws or such other laws as may be hereafter enacted. If any person at the time of his arrest shall have possession of a truck or vehicle being operated in violation of this act, such vehicle and the coal contained therein shall be seized by such arresting officer and held as evidence until released by the court, but not until after said coal has been

weighed and a record made of said coal and truck, as is required by this act. [1941]

Acts 1949, Act 268—Mine Scales, Enforcement and Transfer of Powers.

Sec. 18. Transfer of functions to state police department from state mine inspector.

All powers, duties and requirements conferred upon the Arkansas State Mine Inspector under Act No. 382 of the Acts of the General Assembly of the State of Arkansas, for the year 1941 [Secs. 52-701, 52-707—52-717], are hereby revoked and all such powers, duties and authority conferred upon the said State Mine Inspector by said Act are hereby transferred to and conferred upon the State Police Department of the State of Arkansas; and it shall hereafter be the duty of said State Police Department to administer said Act and to perform all duties and requirements heretofore conferred upon and required of the said State Mine Inspector under said Act. [1949]

Statutes 1947 Annotated, Vol. 5, Title 53, Ch. 5—
Measurement and Sale of Oil and Gas.

Sec. 53-501. Crude petroleum oil measured in gage-tanks; exception.

All crude petroleum oil produced in this State shall be measured in gage-tanks. The pipe lines through which such crude petroleum oil is conveyed from oil wells to such gage-tanks shall be placed on the surface of the ground and no by-passes shall extend from such pipe lines between such oil wells and gage-tanks; providing that this act [Secs. 53-501, 53-502] shall not apply to oil wells in operation prior to the date of the passage of this act. [1939]

Sec. 53-502. Enforcement; records.

The Oil and Gas Commission shall have supervision and control of the measurement of crude petroleum oil produced in this State as set forth in section 1 [Sec. 53-501] of this act. The Commission shall make a daily record of the measurement of such crude petroleum oil and it is authorized and empowered to make reasonable and necessary rules and regulations for the enforcement of the purposes of this act [Secs. 53-501, 53-502]. [1939]

Sec. 53-506. Purchases measured on one hundred per cent tank-tables.

It shall be unlawful for any person, persons, firm or corporation who may purchase any oil produced in this State to in any way discount, dock, or short such crude oil for waste, shrinking or other causes, but such purchases when computed shall be on one hundred per cent [100%] net oil measured on one hundred per cent [100%] tank-tables and corrected to sixty [60] degrees Fahrenheit. All production, runs to storage and deliveries are to be based on one hundred per cent [100%] tank-tables, with proper

adjustments for temperature, B. S. and water. [1911]

Sec. 53-507. Penalty for violating preceding section.

Any person, persons, firm or corporation found guilty of violating the provisions of this act [Secs. 53-506, 53-507] shall be adjudged guilty of a misdemeanor and shall be fined in any sum not less than \$500.00 nor more than \$3,000.00. [1911]

Acts 1949, Act 474—"Standard Gas Measurement Law."

Sec. 2. "Cubic foot of gas" defined.

The term "cubic foot of gas" or "standard cubic foot of gas" means the volume of gas (including natural and casinghead) contained in one cubic foot of space at a standard pressure base and at a standard temperature base. The standard pressure base shall be 14.65 pounds per square inch absolute, and the standard temperature base shall be 60 degrees Fahrenheit. Whenever the conditions of pressure and temperature differ from the above standard, conversion of the volume from these conditions to the standard conditions shall be made in accordance with the Ideal Gas Laws,¹ corrected for deviation. [1949]

¹ The reference here is to physical relations for an ideal gas, and specifically to those physical laws which relate volume to temperature and pressure (of gases) known as Boyle's Law, Charles' Law, and Dalton's Law.

Sec. 3. Sale.

Each and every sale, and each and every purchase, delivery and receipt of gas by volume hereafter made in this State, by, for or on behalf of an oil and gas lease owner, royalty owner thereunder, or other mineral interest owner, shall be made, and such gas shall be measured, calculated, purchased, delivered and accounted for on the basis of "a standard cubic foot of gas", as defined in Section 2 of this act. [1949]

Sec. 4. Penalties for violations.

Any person, association of persons, or corporation who, as purchaser thereto, shall violate any of the provisions of this Act, shall, upon conviction, be punished by a fine of not less than One Hundred Dollars (\$100.00) nor more than One Thousand Dollars (\$1,000.00), for each offense recoverable in the name of the State, in the Circuit Court of the County in which the offense occurred, and each day of such violation shall constitute a separate offense. One-half of such penalty may be recovered by and for the use of any person, association of persons, or corporation whose gas has not been so measured, calculated, or accounted for, such suit to be brought in the name of and for the use of the party or parties aggrieved. [1949]

Sec. 5. Saving clause.

If any part, section, sub-section, paragraph, sentence, clause, phrase, or word contained in this Act

shall be held by the courts to be unconstitutional or invalid, such holding shall not affect the validity of the remaining portions of the Act, and the General Assembly, hereby declares that it would have enacted, and does here now enact, said remaining portions, despite any such invalidity. [1949]

Statutes 1947 Annotated, Vol. 5, Title 54—Log Measurement.

Sec. 54-101. County surveyor to act as timber inspector.

The county surveyors of each county of the State of Arkansas shall be ex-officio timber inspectors for their respective counties and shall discharge the duties and receive the fees herein provided. [1883; last amended 1901.]

Sec. 54-106. Same: Deputy timber inspectors.

Said timber inspectors may appoint one or more deputies for their respective counties, * * * [1883; last amended 1901.]

Sec. 54-301. Certificate of measurement.

Said county timber inspectors shall, in person or by deputy, at the request of any owner of logs, timber or lumber, after a scalement or measurement thereof, make a bill, stating therein the number of logs, the number of feet (board measure) contained in such logs and lumber and the number of feet, cubic, running or board measure, contained in said timber, and at whose request the same was scaled or measured, and to whom scaled or measured, a copy of which bill he shall enter upon the books of his office, to be provided by him and kept for that purpose, with the marks as they occurred upon the logs. A correct bill of the same shall be given to such owner, with a certificate thereto attached that it is a true and correct bill, which bill, so certified, shall be presumptive evidence of the facts therein contained, and of the correctness of such scalement or measurement in all courts, except in favor of the inspector or deputy inspector who made the same. [1883; last amended 1901.]

Sec. 54-302.¹ Method of scaling logs.

Said county timber inspectors and their deputies shall in surveying or measuring logs, make such allowance for hollow, rotten or crooked logs as would make them equal to good, sound, straight, merchantable logs; and all logs that are straight and sound are to be measured at their full size, inside the bark at the small end; and all logs over twenty-four feet long, not exceeding thirty-six feet, shall be scaled or measured as two logs, allowing such rise from the first to the second log as the same may require, or as may seem proper in the opinion of the inspector or his deputy. [1883; last amended 1901.]

¹ See Secs. 79-119-79-122, page 84; standard to be used in measuring logs.

Statutes 1947 Annotated, Vol. 5, Title 54—Log Measurement—Continued.

Sec. 54-311. Fees of timber inspector.

They shall be entitled to receive the following fees for services, viz.: Five cents [5c] per thousand feet for scaling or measuring and making out survey bills for all logs he is called upon to scale or measure; twelve cents [12c] per thousand feet, running measure, for measuring square timber; ten cents [10c] per thousand feet for sawed lumber, including bills; and in all cases such fees shall be paid by the owner of the logs, timber or lumber scaled or measured. * * * [1883; last amended 1901.]

Sec. 54-312. Wage basis for cutting timber.

All wages for piece work when applied to the severance of timber on a cordage basis when such piece work is paid for on the basis of measures of volume or weight, shall be computed upon the basis of such measures of volume or weight as such measures of volume or weight are now or may hereafter be defined by the Statutes of the State of Arkansas. [1939]

Sec. 54-313. Same: Penalty.

Any employer who, in paying wages for piece work, makes payment of an amount less than the wages earned when computed as provided in section 1 of this act [Sec. 54-312], shall be liable to his employee for the difference between the amount paid and the amount of wages earned when computed as provided in section 1 [Sec. 54-312] of this act, shall be liable to said employee for a further sum equal to such difference. [1939]

Sec. 54-314. Price basis for timber purchases.

Any person who purchases products as provided in section one [Sec. 54-312] of this act at a price based on the volume or weight of such products shall pay for the same upon the basis of such measures as such measures are now, or may hereafter be, defined by the Statutes of this State. [1939]

Sec. 54-315. Same: Penalty.

Any person who, in making payment for products bought at a price based on volume, makes a payment of an amount less than the correct total when computed as provided in section 3 [Sec. 54-314] of this act, shall be liable to the seller for the difference between the amount paid and the total when computed as provided in section 3 [Sec. 54-314] of this act, and in addition shall be liable to said seller for a further sum equal to such difference. [1939].

* * * * *

Sec. 82-928. Same: Federal requirements.

The standards of purity and quality together with all rules and regulations governing the quality and the labeling of vinegar which have been or which may hereafter be promulgated and adopted by the secretary of the United States Department of Agriculture under the Federal Food and Drug Act of June 30, 1906, as amended August 23, 1912,¹ shall be in force under this act [Secs. 82-926—82-931]; it being the intent of this act that the same standard of purity and quality and rules and regulations which may now or at any time hereafter be in force under said Federal statute shall also be in force under this act. [1921]

¹ This act was superseded by the Federal Food, Drug, and Cosmetic Act of June 25, 1938, now administered by the Federal Security Agency; 21 U. S. C. 301 et seq.; 52 Stats. 1040 et seq.

Sec. 82-929. Same: Offenses.

It shall be unlawful for any person or persons, firm, partnership, association of persons, company, corporation, or any officer or officers, agent, servant or employee of any such firm, partnership, association of persons, company or corporation, either directly or indirectly to manufacture, produce, sell, offer or expose for sale, any adulterated vinegar within the meaning of this act [Secs. 82-926—82-931], or to sell, expose or offer for sale, any vinegar which is misbranded within the meaning of this act. [1921]

Sec. 82-930. Same: Penalties.

Any person, firm, partnership, association of persons, company, corporation or any officer, agent, servant or employee of such person, firm, partnership, association of persons, company or corporation, violating any of the provisions of this act [Secs. 82-926—82-931], or any of the rules and regulations, governing the quality and labeling of vinegar as set forth and adopted in section 3 [Sec. 82-928] of this act, shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding one thousand dollars [\$1,000] and each day any such person, firm, partnership, association of persons, company or corporation, or any officer, agent, servant, or employee thereof shall manufacture or expose or offer for sale any vinegar, the manufacture and sale of which is prevented by this act, shall constitute a separate offense within the meaning of this act. [1921]

Sec. 82-931. Same: Guaranty protection.

No dealer shall be prosecuted under the provisions of this act [Secs. 82-926—82-931] when he

can establish a guaranty signed by the wholesaler, jobber, manufacturer or other party from whom he purchased such vinegar to the effect that the same is not adulterated or misbranded within the meaning of this act or within the meaning of the rules and regulations governing the quality and labeling of vinegar as set forth and adopted in section 3 [Sec. 82-928] of this act. Said guaranty, to afford protection, shall contain the name and address of the party or parties making the sale of such vinegar to such dealer and in such case said party or parties shall be amenable to the prosecutions, fines and other penalties which would attach, in due course, to the dealer under the provisions of this act. Testing of Milk and Cream.

Sec. 82-913. Jurisdiction.

* * * nothing in this act [Secs. 82-912—82-918] shall be construed to deprive any city of the First or Second Class of any of its police powers now or hereafter granted. * * *

* * * the duties discharged under the terms of this act shall be discharged in so far as is practicable and reasonable in cooperation with the municipal authorities wherever such authorities exist. [1941]

Sec. 82-914. False tests; methods of test; scales; glassware.

It shall be unlawful:

(2) In determining the value of milk, cream or other dairy products by the use of the Babcock test, to give any false reading or in any way manipulate the test so as to give a higher or lower per cent of butterfat than the milk, cream or other dairy products actually contain, or to cause any inaccuracy in reading the per cent of butterfat by securing from any quantity of milk, cream or other dairy products to be tested an inaccurate sample for the test. The result of test reported to producer for basis of payment must be the same as laboratory record of the test, all records to be in indelible pencil or ink and filed for a period of at least sixty [60] days. * * *

(3) To use other than the Babcock method, or such method of testing as may be approved by the American Association of Agricultural Chemists or the American Dairy Science Association, when testing milk or cream, the test of which is to be used as a basis for making payment for the milk or cream thus tested.

(4) To use other than torsion balance scales, or such scales as may be approved by the American Association of Agricultural Chemists or the American Dairy Science Association when weighing cream

for testing, when such tests are to be used as a basis for making payment for such cream.

* * * * *

(6) To use other than specifications for apparatus and chemicals and directions for testing milk and cream which conform to those adopted by the American Association of Agricultural Chemists or the American Dairy Science Association with such additions as are deemed advisable to make them applicable to the provisions of this act [Secs. 82-912—82-918]. All types of test tubes, bottles, pipettes, instruments, or specified weights used in connection with testing or determining the value of milk, cream or other dairy products by the use of the Babcock test shall be approved by the American Association of Agricultural Chemists or the American Dairy Science Association. Cream test weights shall be certified by the manufacturer as to accuracy and stamped on both top and bottom. [1941]

Sec. 82-916. Violations; penalty.

Any person or persons, firm or corporation who shall hinder or obstruct or in any way interfere with the State Health Officer or his deputies while discharging the duties of inspection * * *, or who shall in any way obstruct or hinder said State Health Officer from carrying out the full meaning and intent of sections of this act [Secs. 82-912—82-918], * * * shall be guilty of a misdemeanor and shall be fined a sum not less than twenty-five [\$25.00] dollars, nor more than three hundred [\$300.00] [dollars]. [1941]

Sec. 82-917. Appointment of deputies.

The State Board of Health is hereby authorized and empowered to appoint such deputies and office assistants as in its judgment may be deemed necessary to fully carry out the provisions of this act [Secs. 82-912—82-918]: * * * [1941]

Statutes 1947 Annotated, Vol. 7, Title 82, Ch. 10—
Narcotic Drugs.

Sec. 82-1010. Marking requirements.

Sec. 73-1343. Penalty for violations.

Any railroad in this State failing or refusing to comply with any of the provisions of this act [Secs.

73-1342, 73-1343] shall be subject to a penalty of not less than one hundred [\$100.00] nor more than five hundred dollars [\$500.00], to be paid to the county in which such point of destination lies, for every failure or refusal to comply with the provisions of this act; and each day upon which it may refuse or fail to comply with this act shall constitute a separate offense. [1907]

Sec. 73-1344. Weighing of railroad cars; certificates.

At all such stations it shall be the duty of the railroad company to properly weigh each and every car after the same shall have been loaded and furnish to each shipper by written certificate of weighman within one day after the same shall have been received by said company, correct weights of each car and of the contents of each car delivered to them by the shipper. [1903]

[ED. NOTE.—In Arkansas Statutes 1947 Annotated, following the foregoing section, it is stated: "The words 'all such stations' in this section refer to the stations at which scales were required to be maintained under Sec. 1 of this act which was superseded by Sec. 73-1342. Section 1 of this act, however, was limited to providing scales for the weighing of coal and it is therefore probable that Secs. 73-1344-73-1346 are still limited in their application to the weighing of coal."]

Sec. 73-1345. Contents of certificate of weight.

The certificate of weight to be given to shippers as provided in section 2 [Sec. 73-1344] * * * shall contain in addition to the correct weight of the car and its contents, the date of delivery and the number of the car. [1903]

Sec. 73-1346. Non-compliance with weighing provisions: Penalty.

Any railroad in this State failing or refusing to comply with any of the provisions of this act [Secs. 73-1344-73-1346] shall be subject to a penalty of one hundred dollars [\$100.00] to be paid to the county, for every failure or refusal, and each day upon which it may refuse or fail to comply with this act shall constitute a separate offense. [1903]

[ED. NOTE.—Sec. 73-126, Arkansas Statutes 1947 Annotated, provides for enforcement of laws pertaining to railroads, as follows: "It is hereby made the duty of the Commission [Arkansas Public Service Commission], on complaint, to enforce by necessary order or orders, any or all laws of this State pertaining to railroads and express companies."]

Acts 1907, Act 196—Public Ginners and Weighers.

Sec. 1. Definition.

That each and every person, individual, firm or corporation, who maintain and operate a ginnery for the purpose of ginning, packing, and baling cotton are hereby declared to be a public ginner, and a public and lawful weigher of cotton in his county. [1907]

* * * * *

Sec. 2. Duties; fees; certificates.

It is hereby made the duty of each public ginner to keep an accurate pair of scales and correctly weigh each bale of cotton ginned and baled by him, or caused to be ginned and baled by him, as soon as taken from the press. And he shall keep in a book, to be provided by him, a record of the number of the bales ginned and packed by him, the date each bale was ginned and packed and the name of the owner thereof.

And he shall plainly and securely place upon, or attach to, each bale of cotton so ginned and baled by him, by stamp, tag or otherwise, the number and weight thereof.

He shall be allowed to charge five cents for weighing each bale of cotton so ginned by him. And he shall give to each owner or person for whom he may gin and bale cotton a certificate showing the number and weight of each bale of cotton and the date of ginning. [1907]

Sec. 3. County clerk to test scales.

It shall be the duty of the county clerk to cause to be tested by the standard or test furnished to each county clerk, the scales of each public ginner in his county once a year or as much oftener as may be necessary. [1907]

Sec. 4. Inaccurate or false weighing.

That if any ginner, his agent or employee, knowingly weigh any bale of cotton inaccurately, or falsely weigh same, he shall be guilty of a misdemeanor. [1907]

Sec. 5. Penalty; scope of act.

Any person who shall violate any provision of this act [Secs. 1-5], shall be deemed guilty of a misdemeanor and upon conviction shall be fined in any sum not less than ten dollars nor more than twenty-five dollars.

Provided, the provisions of this Bill shall apply only [to] the counties of Bradley, Drew, Ashley, Nevada, Woodruff, Lincoln, and Chicot. [1907]

Acts 1923, Special, Act 259—County Weigher for Jackson County.

Sec. 1. Election.

That at the next general election for State and county officers, and every two years thereafter, there shall be elected in the same manner and under the same restrictions as provided by law for the election of other county officials, a county weigher for the County of Jackson, who shall hold his office for a term of two years, or until his successors shall have been elected and qualified. [1923]

Sec. 2. Bond.

That any county weigher elected or appointed under the provisions of this Act [Secs. 1-9], before entering upon the duties of his office shall execute

a good and sufficient bond to the State of Arkansas in the sum of two thousand dollars to be conditioned upon the faithful performance of his duties as such officer, said bond to be approved by the county judge of said county. [1923]

Sec. 3. Duties.

That when a county weigher is elected or appointed under the provisions of this Act [Secs. 1-9], he shall prepare a convenient place in the city of Newport in said county, easy of access to the public, and he shall keep a pair of scales which shall be tested as is now provided by law, and shall weigh, without unnecessary delay, all cotton in the bale, cotton seed and coal sold or marketed in the city of Newport or which may be delivered to purchasers in the city of Newport under a purchase made elsewhere in Jackson County. He shall also weigh any cotton in the seed, grain, cattle, hogs, or any other article of produce not above specifically mentioned sold in the city of Newport when either the buyer or seller shall demand the weighing thereof. [1923]

Sec. 4. Appointment of deputies; bond.

That any county weigher elected or appointed under this Act [Secs. 1-9] shall have the power and authority to appoint one or more deputies for whose official acts he shall be responsible, and he shall require of such deputies a good and sufficient bond to the State of Arkansas in the sum of one thousand dollars conditioned upon the faithful performance of his duties as such deputy and for the protection of the county weigher for any loss which he might sustain by any act of such deputy, said appointment and bond to be approved by the county judge of said county. [1923]

Sec. 5. Certificates of weight; records.

Said county weigher, and any deputy appointed, shall deliver to the person or persons having any commodities weighed a certificate giving the gin number and weight of each bale of cotton and the date of weighing, and shall also give a certificate showing the weight and the date of weighing of all cotton in the seed, coal, grain, cattle, hogs or other produce weighed by him. He shall keep a record of all cotton and other commodities weighed by him, and said record shall be kept in his office subject to public inspection at all times. [1923]

Sec. 6. Fees.

Any county weigher elected or appointed under the provisions of this Act [Secs. 1-9] shall receive as full compensation for his services 10 cents for each bale of cotton weighed and 10 cents for each wagon or truck load or each separate amount or draft of cotton, cotton seed, coal, cattle, hogs, hay, grain or other produce that he may be required or called on to weigh. Said fees for such weighing shall be paid by the purchaser. [1923]

Acts 1923, Special, Act 259—County Weigher for Jackson County—Continued.

Sec. 7. Penalty for violations.

If any person or persons, firm or corporation, other than the said county weigher or his legally appointed deputy, shall weigh or attempt to weigh any cotton in the bale, cotton seed, or coal sold or marketed in the city of Newport, where said county weigher maintains scales as provided for in this Act

[Secs. 1-9] and is acting in his official capacity in person or by legally appointed deputy, such person or persons, firms or corporations shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not less than ten dollars nor more than twenty-five dollars, and each weighing or attempted weighing of each bale of cotton or each separate amount of cotton seed or coal shall constitute a separate offense. Constitution, Art. XI—Legislative Power Relating to Weights and Measures.

Sec. 14. Legislature may provide for measurement of merchandise and appointment of officers for such measurement.

The legislature may by general and uniform laws provide for the inspection, measurement and graduation of merchandise, manufactured articles and commodities, and may provide for the appointment of such officers as may be necessary for such inspection, measurement and graduation. [1911]

Deering's Business and Professions Code, Div. V, Ch. 1—General Provisions Relating to Weights and Measures.

[Ed. NOTE.—Under Statute 1939, Ch. 43, Sec. 1, providing for the codification of certain weights and measures laws, which codification is published in Deering's Business and Professions Code as Division V, and under several other statutes, certain previously enacted statutes relative to weights and measures were repealed. These repealed statutes were originally enacted, or were based upon, statutes enacted during the period 1872–1935.]

Sec. 12001. Definitions limited to this division.

The definitions in this chapter [Secs. 12001–12027] apply to this division [Secs. 12001–13001] only and do not affect the provisions of any other division. [1939]

Sec. 12002. Definitions: Department.

“Department” means the State Department of Agriculture. [1939]

Sec. 12003. Same: Director.

“Director” means the Director of Agriculture of the State of California. [1939]

Sec. 12004. Same: State Sealer.

“State Sealer” means the chief of the division of the department charged with the enforcement of the provisions of this division [Secs. 12001–13001]. [1939]

Sec. 12005. Same: Deputy State Sealer.

“Deputy State Sealer” means any sealer appointed by the State to serve in a county having no county sealer. [1939]

-------------------------------------	-----

Sec. 12006. Same: County Sealer.

“County Sealer” means any sealer appointed by a county.¹ [1939]

¹ See Sec. 12200, page 106.

Sec. 12008. Same: “Sealer,” when used separately.

“Sealer,” when used without qualification, includes the State Sealer, Deputy State Sealers, and county sealers and their deputies. [1939]

Sec. 12009. Same: Sell.

“Sell,” in any of its variant forms, includes barter, exchange, trade, keep for sale, offer for sale, or expose for sale, in any of their variant forms. [1939]

Sec. 12010. Same: Use.

“Use,” in any of its variant forms includes keep for use in any of its variant forms. [1939]

Sec. 12011. Same: Person.

“Person” includes person, firm, corporation or association. [1939]

Sec. 12011.5. Same: Copies; standards; copies of the standard weights and measures.

Wherever in this division [Secs. 12001–13001] the terms “copies” or “standards” or “copies of the standard weights and measures” are used, such terms shall refer to the original standards in the possession of the department or to true and accurate copies derived therefrom. [1939]

Sec. 12011.6. Same: Container.

“Container” means any receptacle or carton, whether lidded or unlidded, into which a commodity is packed or placed, or any wrappings with or into which any commodity is wrapped or put for sale. [1949]

Sec. 12012. Director's powers, how exercised.

The director may exercise any power conferred upon the department or upon the State Sealer by

Deering's Business and Professions Code, Div. V, Ch. 1
—General Provisions Relating to Weights and Measures—Continued.

this division [Secs. 12001–13001] through the State Sealer or otherwise. [1939]

Sec. 12013. Police powers of sealers.

All sealers and their deputies, in the performance of their official duties, have the powers of peace officers. [1939]

Sec. 12014. Sealing or condemning without test.

Any sealer who seals any weight, measure, balance or weighing or measuring instrument or apparatus before first testing and making it conform with the standards of the State, or who condemns any weight, measure, balance or weighing or measuring instrument or apparatus without first testing it is guilty of a misdemeanor. [1939]

Sec. 12015. Sealer's duty to prosecute.

Any sealer having knowledge of a violation of any of the provisions of any law relating to weights and measures shall cause the violator to be prosecuted. [1939]

Sec. 12016. Interference with sealer.

Any person who hinders or obstructs in any way any sealer, or his deputy, in the performance of his official duties, is guilty of a misdemeanor. [1939]

Sec. 12017. Corporate responsibility.

All officers, directors and managers of corporations, whose respective corporations use or sell any weights, measures, or weighing or measuring instruments which are subject to inspection shall comply with the provisions of this division [Secs. 12001–13001] on behalf of their respective corporations; and all officers, directors and managers of corporations, whose respective corporations sell any commodity which is subject to inspection shall comply with the provisions of this division on behalf of their respective corporations.

In case any corporation violates any of the provisions of this division, the corporation and the officers thereof directly concerned with the act or acts constituting such violation shall be severally guilty of a misdemeanor. [1939]

Sec. 12018. Refusal to exhibit.

Any person neglecting or refusing to exhibit any weight, measure, weighing or measuring instrument, or appliances and accessories connected therewith in his possession or under his control, to any sealer for inspection and examination is guilty of a misdemeanor. [1939]

Sec. 12019. False weight or measure: Definition of.

A false weight or measure is one which does not conform to the standard established or recognized by this division [Secs. 12001–13001]. [1939]

Sec. 12020. Same: Use of false weight or measure; misdemeanor.

Every person who uses any weight or measure, or any weighing or measuring instrument, knowing it to be false, is guilty of a misdemeanor. [1939; last amended 1947.]

Sec. 12021. Same: False labeling or tare; misdemeanor.

Every person who knowingly marks or stamps false or short weight or measure, or knowingly takes false tare, on any container, or knowingly sells any container so marked, is guilty of a misdemeanor. [1939; last amended 1941.]

Sec. 12022. Concealing materials to increase weight; penalty.

Every person who, in putting up in any container, goods usually sold by weight, puts in or conceals therein any other substance including moisture, except such moisture as may be included or absorbed by the goods or commodity contained therein during preparation for market or processing in accordance with ordinary commercial practice, for the purpose of increasing the weight of such container with intent thereby to sell the goods therein or to enable another to sell the same, for an increased weight, is punishable by fine of not less than twenty-five dollars (\$25.00) for each offense. [1939; last amended 1941.]

Sec. 12023. Sale by net weight, measure, or count required.

Every person who by himself or his employee or agent, or as the employee or agent of another, sells any commodity, at, by, or according to gross weight or measure, or at, by, as, of, or according to any weight, measure or count which is greater than the true net weight, measure or count thereof, or which is less than the standard net weight, standard net measure or standard net count, including tolerances, as such standards and tolerances are established pursuant to the provisions of this division [Secs. 12001–13001] is guilty of a misdemeanor. [1939]

Sec. 12024. Misrepresentation of quantity.

Every person, who by himself, or through or for another, sells any commodity in less quantity than he represents it to be is guilty of a misdemeanor. [1939]

Sec. 12024.4. Poultry, fowl and rabbits: To be sold by live weight, dressed weight, or table dressed weight; marking requirements when sold in original packages.

It shall be unlawful for any retailer to sell or advertise for sale to the consumer any poultry, fowl, or rabbits, in any manner other than live weight, dressed weight, or table dressed weight; provided, however, that this does not prevent the sale of baby chicks, turkey poults, started chicks, started poults, laying hens, or breeding stock by the head count.

"Live weight" shall mean the weight of poultry, fowl, or rabbits alive.

"Dressed weight" shall mean the weight of the poultry or fowl, after being killed, and plucked of feathers.

"Table dressed weight" shall mean the weight of poultry or fowl when completely dressed or dismembered for cooking.

"Dressed weight" and "table dressed weight" of rabbit shall be synonymous, and shall mean the weight of the rabbit, after being killed, and skinned, and the head, feet, and entrails removed.

In each separate transaction the weight of the poultry, fowl, or rabbit, upon which the basis of settlement is made, shall be the weight of the commodity when prepared and delivered in the manner as specified by the customer.

Provided, however, that any commodity specified in this section need not be weighed at time of sale when the commodity is sold in the wrapper or container in which it was received, or into which it was packed, and on which appears the net weight of the commodity therein, as marked by the processor, packer, wholesaler, or jobber, and further providing that the name and address of the processor, packer, wholesaler, or jobber, shall be clearly and conspicuously stated in connection with the statement of net weight. [1949]

Sec. 12024.5. Sale of meat, fish, poultry, etc. by weight required.

It shall be unlawful for any person to sell or advertise for sale in retail stores for consumer use any dressed poultry or any other fowl or rabbits in dressed form, or smoked, fresh or pickled meats or fish other than by weight determined at time of sale on a scale or a beam properly sealed in accordance with the provisions of this division [Secs. 12001-13001]; provided, however, that any commodity specified in this section need not be weighed at time of sale when sold in the wrapper or container in which it was received by the retailer or into which it was packed and on which appears the net weight of the commodity therein as marked by the manufacturer, processor, packer, wholesaler, or jobber. [1939; last amended 1949.]

Sec. 12025. Refusal to exhibit commodity; misdemeanor.

Any person, who by himself, or his employee or agent, or as a proprietor or manager, refuses to exhibit any commodity being sold at a given weight or quantity, or ordinarily so sold, to a sealer for the purpose of allowing the same to be proved as to the quantity thereof is guilty of a misdemeanor. [1939]

Sec. 12026. Violation of provisions a misdemeanor.

Except as otherwise specifically provided, any person violating any of the provisions of this division [Secs. 12001-13001] is guilty of a misdemeanor. [1939]

Sec. 12027. Rules and regulations.

The director may make rules and regulations for the purpose of carrying out the provisions of this division [Secs. 12001-13001]. [1939]

Deering's Business and Professions Code, Div. V, Ch. 2, Art. 1—State Administration.

Sec. 12100. Supervision of weighing and measuring devices.

Where not otherwise provided by law, the Department of Agriculture has general supervision of the weights and measures and weighing and measuring devices sold or used in the State. [1939]

Sec. 12101. Investigations by department of agriculture.

The department shall investigate conditions in the various counties and cities in respect to weights and measures, and to the sale of goods, wares and merchandise, commodities and foodstuffs in containers. [1939]

Sec. 12102. Departmental reports.

The department shall annually report to the Governor, and shall prior to each regular session report to the Legislature the work under this division [Secs. 12001-13001], and shall make such recommendations as may be proper and necessary. [1939]

Sec. 12103. Departmental records.

The department shall keep a complete record of all of its acts, a record of prosecutions, and the reports of the various sealers. These records and reports shall be open to the public. [1939]

Sec. 12103.5. Enforcement officers.

The duty of enforcing this division [Secs. 12001-13001] and carrying out its provisions and requirements is vested in the director and in each sealer acting under the supervision and direction of the director. [1945]

Sec. 12104. Instructions to sealers.

The department shall issue instructions and make recommendations to the county sealers and such instructions and recommendations shall govern the procedure to be followed by such officers in the discharge of their duties. [1939]

Sec. 12105. Departmental biennial inspections.

The department shall, at least once in two years, inspect the work of the local sealers and may inspect the weights, measures, balances or any other weighing or measuring devices of any person. [1939]

Sec. 12106. Equipment of state institutions to be tested.

The department shall, at least once annually and as often as requested by the Department of Finance or the executive officer of a State institution, test the scales, weights and measures used in checking the receipt and disbursement of supplies in any

Deering's Business and Professions Code, Div. V, Ch. 2, Art. 1—State Administration—Continued.

State institution, and shall report in writing its findings to the executive officer of the institution concerned and to the Department of Finance. [1939]

Sec. 12107. Tolerances and specifications.

The department may establish tolerances and specifications for commercial weighing and measuring apparatus for use in the State similar to the tolerances and specifications recommended by the National Bureau of Standards, and it may establish a standard or standards of net weight or net measure, or net count of any commodity, except any manufactured commodity consisting of four or more staple ingredients, and prescribe such tolerances for the same as may be necessary for the proper protection of the public.

Whenever a standard of net weight or net measure or net count has been established for any commodity, it is unlawful to sell such commodity by, at, or for a quantity greater or less than the standard by more than the prescribed tolerance. [1939; last amended 1945.]

Sec. 12107.5. Container tares.

The department may establish a tare or tares for each of the several types of containers used in making deliveries of edible agricultural commodities to shippers, processors or other handlers and prescribe such tolerances as may be necessary for the proper protection of persons engaging in transactions wherein the computation of tares affects the purchase price.

Such tares shall be established in accordance with rules and regulations promulgated by the director. The director, and sealers under his supervision and direction, shall be the enforcing officers of this section.

Any person who deducts a tare for the containers herein specified shall keep a record of such deductions for one year, which record shall be subject to inspection by the director and any sealer.

It shall be unlawful to deduct any such container tare different than a tare established by the director. A violation of this section shall constitute a misdemeanor. [1945]

Deering's Business and Professions Code, Div. V, Ch. 2, Art. 2—Local Administration.

Sec. 12200. County sealer: Appointment; term; removal; expenses; deputies.

There is in each county the office of county sealer of weights and measures. The county sealer shall be appointed by the board of supervisors, except in chartered counties where a different method of appointment is prescribed. The term of office of such sealer is four years from and after his appointment and until his successor is appointed but he may be removed as hereinafter provided.

In addition to his salary each county sealer and deputy county sealer is entitled to his necessary traveling and other expenses incurred in the performance of his duties.

A county sealer may, with the consent of the power appointing him, appoint a deputy or deputies when necessary or expedient to carry out the duties of his office. Such deputies shall serve at the pleasure of the county sealer.

The sealer may employ such clerks and employees as may be approved by the appointing power. Any such clerk or employee shall not have authority to enforce the provisions of this chapter [Secs. 12100-12217]. [1939; last amended 1947.]

Sec. 12201. Same: Vacancy.

If from any cause a vacancy occurs in the office of county sealer, the director upon learning of such vacancy shall immediately transmit to the board of supervisors or other appointing power a list of persons certified by him to be eligible for the position. If the appointing power fails to appoint a county sealer within 30 days after the receipt of such list, the director shall assign as soon as practicable a Deputy State Sealer who shall perform all the duties of the county sealer in such county.

The actual cost of such services shall be paid by the county in the same manner in which other claims against the county are paid.

The compensation for a Deputy State Sealer shall be in accordance with the salary range established by the State Personnel Board for this classification. In addition to this compensation, the Deputy State Sealer shall be repaid by the county for his actual traveling expenses in connection with his work in the county. [1939; last amended 1947.]

Sec. 12202. Examination for county and deputy county sealers; Eligibility.

The director shall cause to be examined persons desiring to become county sealers and deputy county sealers and shall prescribe rules and regulations governing such examinations given for the purpose of determining the fitness, experience, and qualifications of candidates for these positions. Successful candidates shall be given a certificate of eligibility which shall be good for five years unless revoked. [1939]

Sec. 12203. Eligibility certificates for county sealers.

No person shall hereafter be appointed to the office of county sealer or deputy county sealer unless he has a certificate of eligibility from the director; provided that, if the position of deputy county sealer cannot be filled from the lists, a temporary appointment may be made, upon the written recommendation of the director, for a period not exceeding six months. Certificates of eligibility of incumbent county sealers and deputy county sealers shall be renewed upon expiration without further examination. [1939; last amended 1947.]

Sec. 12204. Same: In chartered counties.

In chartered counties providing for civil service examination of sealers and deputy sealers the director shall issue a certificate of eligibility without further examination upon presentation of a certificate showing the candidate has passed such examination. In such counties the board or commission responsible for such civil service examination may require a certificate of eligibility from the director as a minimum qualification. [1939]

Sec. 12205. Attendance at meetings of sealers' association.

For the purpose of advising himself on the best and most efficacious methods of performing his duties and conducting his office, every county sealer and Deputy State Sealer serving in a county shall attend the annual meeting of the voluntary association of the sealers of the State and such other meetings as the department or the board of supervisors requires.

He shall be allowed all actual and necessary traveling expenses incurred while on any service that requires him to go outside the county. Such expenses shall be a charge against the county in which he is employed. [1939]

Sec. 12206. Jurisdiction of county sealers.

The jurisdiction of a sealer appointed by, or a Deputy State Sealer employed for, a county extends over the entire territorial limits of the county. [1939]

Sec. 12209. Sealers' standards and reports.

Every sealer shall:

(a) Carefully preserve all copies of the standards of weights and measures in his possession;

(b) Keep the copies in a safe and suitable place when not actually in use;

(c) Annually and at such other times as the department requires file with the department a written report of the work done by him, of the weights, measures, weighing and measuring instruments inspected or tested by him, the result of such inspection, of all prosecutions instituted by him for violations of the provisions of this division [Secs. 12001-12901] and of all other matters and things pertaining to his duties or which may be required by the department. [1939]

Sec. 12209.5. Educational material.

Each sealer may, when so directed by the board of supervisors, issue and cause to be distributed to such persons as he may deem proper illustrative material or statements best adapted to insure the correct use of weights and measures and weighing and measuring devices and may prepare exhibits designed to inform the public for its protection of the duties performed by weights and measures officials. [1941]

Sec. 12210. Testing of weighing and measuring devices.

Each sealer shall, within his county inspect, try and test all weights, scales, beams, measures of any kind, instruments or mechanical devices for weighing or measurements, and tools, appliances and accessories connected with any or all such instruments or measures, sold, or used by any proprietor, agent, lessee or employee in proving the size, quantity, extent, area, weight or measurement of quantities, things, produce, articles for distribution or consumption, purchased or offered or submitted by such person or persons for sale, hire or reward and ascertain if the same are correct. [1939]

Sec. 12211. Inspection of packaged goods; seizure.

Each sealer shall, from time to time, weigh or measure packages, containers or amounts of commodities sold, or in the process of delivery, in order to determine whether the same contain the quantity or amount represented and whether they are being sold in accordance with law.

Whenever a package or container is found to contain a less amount than that represented, the sealer shall in writing order same off sale and require that an accurate statement of quantity be placed on each such package or container before same may be released for sale by the sealer in writing. The sealer may seize as evidence any package or container which is found to contain a less amount than that represented. [1939; last amended 1949.]

Sec. 12212. Frequency of tests.

Each sealer shall, at least once in each year, or as much oftener as he deems necessary, see that the weights, measures and all weighing and measuring apparatus, used in his county are correct. [1939]

Sec. 12213. Right of entry.

Each sealer may, in the general performance of his duty, without formal warrant, enter or go into or upon, any stand, place, building or premises or stop any vendor, peddler, junk-dealer, driver of a coal, ice, delivery, or other wagon or vehicle, containing commodities for sale or delivery and, if necessary, require him to proceed with the commodity to some place which the sealer may specify for the purpose of making the proper tests. [1939]

Sec. 12214. Removal of sealer from office.

Upon satisfactory evidence presented to the director that the county sealer of any county is guilty of neglect of duty, incompetence, or misconduct in office, the trial board hereinafter provided for shall hold a hearing or hearings at such times and places as it shall provide.

The director and the president of the voluntary association of the sealers of the State shall select an impartial third person who, with them, shall com-

Deering's Business and Professions Code, Div. V, Ch. 2,
Art. 2—Local Administration—Continued.

pose a county sealer's trial board to determine whether the sealer is guilty of the charges presented.

At least 10 days prior to the date of hearing the director shall give notice in writing to said sealer of the time and place of hearing and such information as to the nature of the charges as will enable the sealer to make a defense thereto.

At such hearing or hearings, the trial board shall hear such evidence as is offered and thereafter within 30 days make an order dismissing the charges or an order disqualifying the sealer.

In case the order disqualifies the sealer, the director shall forthwith revoke the sealer's certificate of eligibility and declare the office vacant and a copy of the order shall be immediately transmitted by the director to the board of supervisors and the auditor of the county in which the sealer held office.

The certificate of a deputy sealer may be revoked in the same manner and for the same causes that a certificate of a sealer may be revoked. [1939; last amended 1947.]

Deering's Business and Professions Code, Div. V,
Ch. 3—Standards of Weights and Measures.

Sec. 12300. Construction of contracts for work or sale of commodities.

Contracts made within this State for work to be done or for anything to be sold or delivered by weight or measure shall be construed according to the common standards, or according to the weights and measures of the metric system authorized by Congress, as the contract provides. [1939]

Sec. 12301. Contract based on metric system.

No contract or pleading is invalid or subject to objection because the weights or measures expressed or referred to therein are weights or measures of the metric system. [1939]

Sec. 12302. Common standards of weights and measures.

The standard weights and measures now in charge of the State Department of Agriculture and furnished to this State by the government of the United States, are the common standards of weights and measures throughout the State, and consist of:

(a) One standard yard measure.

(b) One set of standard weights, comprising one Troy pound, and nine avoirdupois weights of one, two, three, four, five, ten, twenty, twenty-five, and fifty pounds, respectively.

(c) One set of standard Troy ounce weights, divided decimally from 10 ounces to the one ten-thousandth of an ounce.

(d) One set of standard liquid capacity measures, consisting of one wine gallon of two hundred and thirty-one cubic inches, one half-gallon, one quart, one pint, and one half-pint measure.

(e) One standard half-bushel, containing one

thousand and seventy-five cubic inches and twenty-one hundredths of a cubic inch, according to the inch hereby adopted as the standard. [1939]

Sec. 12303. State standards of weights and measures.

The standards of weights and measures received from the United States, such new weights and measures as may be received in addition thereto or renewal thereof, and such copies as shall be procured by the State and certified by the National Bureau of Standards are the State standards by which all State and county standards of weights and measures shall be tried, proved and sealed. [1939]

Sec. 12304. Same: Safekeeping of; certification of.

The standards shall be kept by the department in a safe and suitable place in its office from which they shall not be removed except for repairs or certification.

The department shall maintain such standards in good order and shall submit them at least once in ten years to the National Bureau of Standards for certification. [1939]

Sec. 12305. Same: Copies of; when used.

In addition to the original standards, the State shall also have a complete set of copies of the original standards of weights and measures for adjusting county standards. The original standards shall not be used except for the adjustment of this set of copies and for certification purposes. [1939]

Sec. 12306. Same: Additional copies of; copies for deputy state sealers.

Additional complete sets of copies of the original standards of weights and measures may be purchased by the department when necessary for use by any deputy State sealer employed in counties. The department shall provide copies of the original standards for use by deputy State sealers in counties. [1939]

Sec. 12308. County copies of State standards.

The legislative body of each county shall, upon the appointment of a sealer provide copies of the State's standards of weights and measures at county expense. These copies shall be verified and certified to by the department. [1939]

Sec. 12309. Same: By whom furnished; test and approval of; certification of.

The department shall, at the request of the legislative body of any county, furnish copies of the standard weights and measures of the State at the expense of the county requesting them. It shall upon request of the legislative body of any county or upon the request of a sealer of any such county test and approve copies of the State's standards of weights and measures procured by such county to be used by a county sealer.

Copies furnished under the provisions of this section or copies tested and approved shall be true

and correct; shall be sealed and certified to; and stamped with the letter "C". Such copies need not be of the same material or construction as the standards of the State and such copies may be furnished in any suitable materials or construction that the county requiring the same may specify, subject to the approval of the department. [1939]

Sec. 12310. Same: Correction of by department.

The department shall inspect and correct the standards used by each county and at least once in two years compare the same with those in its possession and keep a record of the same.

Sealers shall, upon the request of the department, deliver to it the copies of the State's standards of weights and measures in their possession, and used in the discharge and performance of their duties, for verification and certification. Any incidental expense of such comparison and verification shall be borne by the county whose weights and measures are compared and verified. [1939]

Sec. 12311. Sealer's duty to have copies of standards in his possession tested and proved.

Every sealer shall, at least every two years, cause to be proved and tested by the department copies of the standards in his possession. If, upon inspection, the copies of the weights and measures tested are found to be incorrect, they shall be adjusted, if practicable, but if not, new copies shall be procured and certified to in the same manner as original copies. [1939]

Sec. 12312. Certified standards as evidence.

In any prosecution for a violation of any of the provisions of this division [Secs. 12001-13001] any copy of the standards of weights and measures of the State furnished, procured, and certified to under the provisions of this division, shall be admitted in evidence upon the trial as prima facie true and correct. [1939]

**Deering's Business and Professions Code, Div. V,
Ch. 4—Units of Weight and Measure.**

Sec. 12400. Standard units of weight.

The standard avoirdupois and troy weights are the units of weight from which all other weights are derived and ascertained. [1939]

Sec. 12401. Same: Avoirdupois pound; hundredweight; ton; ounce.

The avoirdupois pound, which bears to the troy pound the ratio of seven thousand to five thousand seven hundred sixty, is divided into sixteen equal parts, called avoirdupois ounces; the hundred weight consists of one hundred avoirdupois pounds, and twenty hundred weight constitutes a ton. The avoirdupois ounce is divided into sixteen equal parts called avoirdupois drams. [1939]

Sec. 12402. Same: Troy ounce; pennyweight; grain.

The troy ounce is equal to the twelfth part of

the troy pound. The troy pennyweight is equal to the twentieth part of the troy ounce, and the troy grain is equal to the twenty-fourth part of the troy pennyweight. [1939]

Sec. 12403. Same: Apothecary's pound; ounce; dram; scruple; grain.

The apothecary's pound is equal to the troy pound. The apothecary's ounce is equal to the twelfth part of the apothecary's pound. The apothecary's dram is equal to the one-eighth part of the apothecary's ounce. The scruple is equal to the one-third part of the apothecary's dram, and the grain is equal to one-twentieth of the scruple. [1939]

Sec. 12404. Full weight in avoirdupois tons and pounds: Violation a misdemeanor.

In all sales of coal, hay, and other commodities, usually sold by the ton or fractional parts thereof, the seller shall give to the purchaser full weight, at the rate of two thousand pounds to the ton.

In all sales of articles which are sold in commerce by avoirdupois weight, the seller shall give to the purchaser full weight, at the rate of sixteen ounces to the pound.

Any person violating this section is guilty of a misdemeanor. [1939]

Sec. 12405. Standard units of measure: Gallon; quart; pint; gill; fluid ounce; fluid dram.

The standard gallon and its parts are the units of capacity for liquids, from which all other measures of liquids are derived and ascertained. The liquid quart is equal to the one-fourth part of the standard gallon. The pint is equal to the one-eighth part of the gallon. The gill is equal to the one-fourth part of the pint. The fluid ounce is equal to the one-sixteenth part of the pint. The fluid dram is equal to the eighth part of the fluid ounce, and the minim is equal to the sixtieth part of the fluid dram. [1939]

Sec. 12406. Same: Barrel; hogshead.

The barrel is equal to thirty-one and a half gallons. Two barrels constitute a hogshead. [1939]

Sec. 12407. Same: Half-bushel.

The standard half-bushel is the unit of capacity for substances other than liquids, from which all other measures of such substances are derived and ascertained. [1939]

Sec. 12408. Same: Subdivisions of bushel.

The peck, half-peck, quarter-peck, quart, and pint measures for measuring commodities other than liquid are derived from the half-bushel by successively dividing that measure by two. [1939]

Sec. 12409. Bushel weights.

Whenever wheat, rye, shelled Indian corn, barley, buckwheat, flaxseed, or oats, are sold by the bushel,

Deering's Business and Professions Code, Div. V, Ch. 4
—Units of Weight and Measure—Continued.

and no special agreement as to the weight or measurement is made by the parties, the bushel consists of 60 pounds of wheat, of 56 pounds of rye, of 56 pounds of shelled Indian corn, of 48 pounds of barley, of 48 pounds of buckwheat, of 56 pounds of flaxseed, and 32 pounds of oats. [1939; last amended 1941.]

Sec. 12410. Heap-measure sales; dimensions of measures.

The measures of capacity for coal, ashes, marl, manure, Indian corn in the ear, fruit, and roots of every kind, and for all other commodities commonly sold by heap-measure, are the half-bushel and its multiples and subdivisions; and the measures used to measure such commodities shall be made circular, with plane and even bottom, and shall be of the following diameters from outside to outside: the bushel, nineteen and a half inches; half-bushel, fifteen and a half inches, and the peck, twelve and a third inches. [1939]

Sec. 12411. Heaping of measures.

All commodities sold by heap-measure shall be heaped up in the form of a cone; the outside of the measure, by which the same are measured, to be the limit of the base of the cone, and such cone to be as high as the article will admit. [1939]

Sec. 12412. Standard units of measure: Yard.

The standard yard is the unit or standard measure of length and surface from which all other measures of extension, whether lineal, superficial, or solid, are derived and ascertained. [1939]

Sec. 12413. Same: Foot; inch.

The yard is divided into three equal parts, called feet, and each foot into twelve equal parts, called inches. For measures of cloths and other commodities commonly sold by the yard it may be divided into halves, quarters, eighths and sixteenths. [1939]

Sec. 12414. Same: Rod; pole; perch; mile; chain; link.

The rod, pole, or perch contains five and a half yards, and the mile one thousand seven hundred sixty yards. The chain for measuring land is twenty-two yards long, and divided into one hundred equal parts, called links. [1939]

Sec. 12415. Same: Acre.

The acre for land-measure shall be measured horizontally, and contains ten square chains, and is equivalent in area to a rectangle sixteen rods in length and ten in breadth. Six hundred forty acres constitute a square mile. [1939]

Sec. 12416. Log measurement.

There shall be but one standard for the measurement of logs throughout this State; provided, however, that the parties to any contract may agree upon the use of any other table, scale, or method for the measurement of logs under the contract. [1939; last amended 1941.]

Sec. 12417. Same: Spaulding's Table.

The following table, known as Spaulding's Table for the Measurement of Logs, is hereby made the standard and table for the measurement of logs throughout this State.

Sec. 12418. Same: For long logs.

For the measurement of logs of any greater length than indicated in the table set forth in the preceding section, the computation shall be made in accordance with the table. [1939]

Sec. 12419. Same: Where measured.

For the purpose of computation, all logs shall be measured at the small end and inside the bark. [1939]

Sec. 12420. Same: Allowance for rot, etc.

Allowance shall be made for rot, shake, or other defects in logs measured by scale so as to make the survey express the actual quantity of merchantable lumber in each log. [1939]

Deering's Business and Professions Code, Div. V, Ch. 5—Weighing and Measuring Devices.

Sec. 12500. Definitions.

As used in this chapter [Secs. 12500–12515]:

(a) "Weighing instrument" means any device, contrivance, apparatus, or instrument used, or designed to be used, for ascertaining weight and includes any tool, appliance, or accessory used or connected therewith.

(b) "Measuring instrument" means any device, contrivance, apparatus, or instrument used, or designed to be used, for ascertaining measure and includes any tool, appliance, or accessory used or connected therewith.

(c) Weights or measures or weighing, measuring, or counting instruments for sale or use for commercial purposes shall include person weighers and devices which are used at the time of, or for the purposes of, the trading in, exchanging, selling or purchasing of commodities but shall not include such devices when for use or operation solely within a plant or business as a part of the manufacturing, processing or preparing for market of commodities. [1939; last amended 1949.]

Sec. 12500.5. Approval of types; certificates.

The director by rules and regulations shall provide for submission for approval of types or designs of weights, measures, or weighing, measuring, or

counting instruments or devices, used for commercial purposes, and shall issue certificates of approval of such types or designs as he shall find to meet the requirements of this code and the tolerances and specifications thereunder.

It shall be unlawful to sell or use for commercial purposes any weight or measure, or any weighing, measuring, or counting instrument or device, of a type or design which has not first been so approved by the department; provided, however, that any such weight, measure, instrument, or device in use for commercial purposes prior to the effective date of this act may be continued in use unless and until condemned under the provisions of this code. [1949]

Sec. 12501. Pre-sale and pre-use testing and sealing.

Except as provided in the following section, every person who, for commercial purposes, uses or sells weights or measures or weighing instruments or measuring instruments shall, before using or before selling the same, cause such weights or measures or weighing instruments or measuring instruments to be sealed and marked by the sealer of the county in which the same are used or sold. [1939; last amended 1949.]

Sec. 12502. Testing and sealing after assembly.

Any weighing or measuring instrument, which, after being sold and before being used for weighing or measuring, it is necessary to assemble or set up, may be sold without first being tested and sealed but shall be tested and sealed before being used. [1939]

Sec. 12503. Testing upon complaint.

Upon a written request of any resident of a county, there appearing reasonable ground therefor, the sealer shall test or cause to be tested, as soon thereafter as is practicable, the weights, measures, or weighing or measuring instruments used in buying or selling by the person designated in such request. [1939]

Sec. 12504. Testing upon request.

Upon the written request of any person using for a commercial purpose, or having for use or sale

any weight, measure, or weighing or measuring instrument for use or intended to be used commercially in any county, the sealer for such county shall test or cause to be tested, as soon thereafter as is practicable, the weight, measure, or weighing or measuring instrument referred to in the written request.

Such written request shall not relieve the person making it from any violation of the provisions of this division [Secs. 12001-13001] or of the responsibility for using or selling any false or unsealed weight, measure, or weighing or measuring instrument. [1939; last amended 1947.]

Sec. 12505. Marking of approved devices.

Whenever a sealer compares weights and measures or weighing or measuring instruments and finds that they correspond, or causes them to correspond, to the standards in his possession, he shall seal or mark such weight or measure or weighing or measuring instrument with an appropriate device, placed so as readily to be seen, showing that the weight or measure or weighing or measuring instrument is correct and the date of the inspection. If a lead seal is used the date may be shown by the year only. [1939]

Sec. 12506. Condemnation; seizure and rejection.

A sealer shall condemn and seize and may destroy incorrect weights and measures and weighing and measuring instruments which in his best judgment are not susceptible of repair, but any which he finds susceptible of repair, he shall cause to be marked with a tag or other suitable device with the words "Out of order". [1939]

Sec. 12507. Time allowed for repairs; seizure for failure to repair.

The owners or users of any weights or measures or weighing or measuring instruments which have been marked "Out of Order," shall have them repaired or corrected within 30 days, but until they have been repaired or corrected and tested the owners or users thereof may neither use nor dispose of them in any way.

In the event that the owner or user of any weights or measures or weighing or measuring instruments marked "Out of Order" shall have refused or neglected to have them repaired or corrected within thirty (30) days they shall be subject to seizure by the sealer. Any weights or measures or weighing or measuring instruments which have been seized by the sealer under the provisions of this section shall be subject to such disposition as shall be ordered by a court of competent jurisdiction upon petition for a disposition order by the sealer. The sealer shall petition the court for such disposition order periodically, but not more often than once in each calendar year.

A notice of such petition shall be given to the

owner or user from whom the equipment was seized in the same manner as a summons in a civil action. [1939; last amended 1941.]

Sec. 12508. Removal of official tags.

Any person who removes or obliterates any tag or device placed upon any weight, measure, or weighing or measuring instrument by a sealer is guilty of a misdemeanor. [1939]

Sec. 12509. Approval of repaired equipment.

When any weight, measure, or weighing or measuring instrument has been repaired and corrected, and has been reinspected and found correct the sealer shall remove the tag or device with the words "Out of order," and shall seal and mark such weight, measure, or weighing or measuring instrument in the manner provided for the marking of the same where, upon inspection, it is found correct. [1939]

Sec. 12510. Misdemeanors declared; possession of false weight or measure prima facie evidence of intention to violate law.

Any person, who by himself, or through or for another, does any of the following is guilty of a misdemeanor:

(a) Uses, in the buying or selling of any commodity, or retains in his possession a false weight or measure or weighing or measuring instrument.

(b) Sells any weight or measure or weighing or measuring instrument which has not been sealed within one year, except weighing or measuring instruments required to be assembled prior to use.

(c) Uses any condemned weight or measure or weighing or measuring instrument contrary to law.

(d) Sells or uses any device or instrument to be used or calculated to falsify any weight or measure.

(e) So locates or positions a weighing or measuring device used in retail trade, except as used exclusively in preparation of packages put up in advance of sale, that its indications can not be accurately read or the weighing or measuring operation can not be observed by the purchaser under ordinary circumstances.

Possession of a false weight or measure or weighing or measuring instrument or records thereof is prima facie evidence of intention to violate the law. [1939; last amended 1941.]

Sec. 12511. Period for use or sale of tested and correct instruments without further test; inspection during period.

Any weight, measure, or weighing or measuring instrument tested and found correct by any sealer may be used or sold within this State for one year without any further test. If tested and sealed and certified to as correct by the National Bureau of Standards, it may be sold without being first tested and sealed by a sealer. In either case, it shall be subject to inspection and testing notwithstanding that it has been tested and sealed either by a sealer or by the National Bureau of Standards. [1939]

Deering's Business and Professions Code, Div. V, Ch. 5
—Weighing and Measuring Devices—Continued.

Sec. 12512. Taking more than quantity represented.

Any person who, either by himself, or through or for another, buys, offers to buy, takes or offers to take, or who causes or permits to be bought, offered to be bought, or offered to be taken, any commodity, produce, article, or thing in a greater weight, measure, or quantity than he represents it to be or contain when said person as buyer, or potential buyer, furnishes the weight, measure, or weighing or measuring instrument by means of which the amount, weight, measure, or quantity, of the commodity bought or taken, or offered to be bought or taken, is determined, is guilty of a misdemeanor. [1939]

Sec. 12513. Departmental testing authority.

Any sealing or testing of any weight, measure, weighing or measuring instrument by any employee of the department authorized for the purpose shall have the same force and effect as a sealing or testing by a sealer or his deputy. [1939]

Sec. 12514. Sales by sealer unlawful.

No sealer shall sell or be interested directly or indirectly in the sale of any weighing or measuring instrument. [1939]

Sec. 12515. Repair, sale or installation of weighing instrument; failure to notify county sealer.

Any person having made repairs or adjustments for hire to any weighing instrument or to any measuring instrument when not its owner, user or operator nor an employee regularly employed by him, or any person having sold or installed any such instrument, who within 24 hours after such instrument has been sold, installed, repaired or adjusted, fails to notify the sealer of the county in which such instrument has been sold, installed, repaired or adjusted, that such sale, installation, repair or adjustment has been made, is guilty of a misdemeanor. [1945]

Deering's Business and Professions Code, Div. V,
Ch. 6—Containers.

Sec. 12601. Purpose and construction of chapter.

This chapter [Secs. 12601–12615] is designed to protect purchasers of any commodity within its provisions against deception or misrepresentation as to the quantity or amount of the commodity purchased, and as against the seller shall be strictly construed with a view to effect its object. [1939]

Sec. 12602. Application of chapter.

Except as provided in the following section the provisions of this chapter [Secs. 12601–12615] apply to any commodity when sold, offered or exposed for sale in containers. [1939]

Sec. 12603. Exemptions.

The provisions of this chapter [Secs. 12601–12615] do not apply:

(a) To a sale of a commodity when such sale is made from bulk and the quantity is weighed, measured or counted for the immediate purpose of such sale;

(b) To the sale of a commodity in any container of a net weight of one-half ounce or less avoirdupois, or of a net measure of one-half fluid ounce or less;

(c) To a sale of medicine, when prescribed by a licensed physician, veterinarian, or dentist, or to a sale of medicinal or pharmaceutical preparations or mixtures of two or more medicinal substances. [1939]

Sec. 12604. Definition.

As used in this chapter [Secs. 12601–12615] "container" means any receptacle or carton, whether lidded or unlidded, into which a commodity is packed or placed, or any wrappings with or into which any commodity is wrapped or put for sale. [1939; last amended 1947.]

Sec. 12605. False construction or fill; seizure.

No container wherein commodities are packed shall have a false bottom, false side walls, false lid or covering, or be otherwise so constructed or filled, wholly or partially, as to facilitate the perpetration of deception or fraud.

Any sealer may seize any container which facilitates the perpetration of deception or fraud and the contents of such container. By order of the justice's, municipal or superior court of the township, city, or county within which a violation of this section occurs, the containers seized shall be condemned and destroyed or released upon such conditions as the court may impose to insure against their use in violation of this chapter [Secs. 12601–12615]. The contents of any condemned container shall be returned to the owner thereof if he furnishes proper facilities for such return. [1939; last amended 1941.]

Sec. 12606. General marking requirements and exceptions.

Whenever any commodities are sold in containers, the net quantity of the contents of the container shall be plainly and conspicuously marked, branded, or otherwise indicated on the side or top thereof or on a label or tag attached thereto. The provisions of this section do not apply:

(a) To containers while being used for the delivery of a food which, in accordance with the practice of the trade, is to be processed, labeled, packed or repacked on premises other than where originally placed in such containers.

(b) To transparent wrappings, devoid of any words, letters or numerals, used as a means of protecting the commodity, when the weight or count of the contents, or any portion thereof, is accurately determined at time of, and for the immediate purpose of, sale.

(c) To an unlidded container when the weight of the contents, or any portion thereof, can be accu-

ately determined at the time of, and for the immediate purpose of sale, by the seller at the request of the buyer, on a weighing device installed for the purpose on the premises of the seller and sealed in accordance with the provisions of this division [Secs. 12001–13001].

(d) To an unlidded container when the count of the contents, or any portion thereof, is accurately determined at time of, and for the immediate purpose of, sale. [1939; last amended 1947.]

Sec. 12607. General marking requirements.

The designation of the quantity of the commodity shall be the net amount and shall be expressed in terms of weight, measure or numerical count so that the quantity of the contents so marked shall be the net amount of the commodity in the package or container. No trade-mark, brand number, number or numerals in combination or otherwise, shall be used on the side, top or ends of the container which will facilitate deception or misrepresentation. [1939; last amended 1941.]

Sec. 12608. Marking for solids and fluids.

The statement designating the quantity of the commodity shall be expressed in the terms of weight, measure, numerical count, or combination of numerical count and weight or measure, which are generally used by consumers to express quantity of such food and shall give accurate information as to the quantity thereof. If no general consumer usage exists which expresses accurate information as to the quantity of such food, the statement shall be in terms of liquid measure if the food is liquid, or in terms of weight if the food is solid. The quantity of viscous or semisolid foods, or of a mixture of solids and liquids, may be stated in terms of weight or measure or both. When products are packed in brine or other non-edible preserving fluids, the weight or measure of the brine or non-edible fluid shall not be included in the weight or measure of the edible or other commodity indicated on the container. [1939; last amended 1947.]

Sec. 12609. Marking in terms of avoirdupois weight, liquid measure and dry measure.

A statement of weight shall be in terms of the avoirdupois pound and ounce. A statement of liquid measure shall be in terms of the United States gallon of 231 cubic inches, one-half gallon, quart, pint, and fluid ounce, and, with the exception of liquid petroleum products, shall express the volume at 68° Fahrenheit (20° Centigrade). A statement of dry measure shall be in terms of the United States bushel of 2150.42 cubic inches, peck, dry quart, and dry pint. In lieu thereof, the statement of weight or measure may be in terms of the metric system of weight or measure. A statement of numerical count shall be expressed either in English words or Arabic numerals. [1939; last amended 1947.]

Sec. 12610. Units to be used in marking.

If the quantity of the commodity in the container equals or exceeds the smallest unit of weight or measure which is specified in Section 12609, the statement of quantity shall be expressed in the number of the largest of such units contained therein. Where such number is a whole number and a fraction, there may be substituted for the fraction its equivalent in smaller units. The stated number of any unit which is smaller than the largest unit specified in Section 12609 shall not equal or exceed the number of such smaller units in the next larger unit so specified. [1939; last amended 1947.]

Sec. 12611. Marking in terms of minimum quantity.

The quantity of the contents may be stated in terms of minimum weight, minimum measure or minimum count, but in such cases the designation shall approximate the actual quantity and there shall be no tolerance below the stated minimum. [1939]

Sec. 12612. Packing, etc., commodity in container not conforming to chapter.

It is unlawful to pack, ship, or sell any commodity in a container which does not conform to all the specifications of this chapter [Secs. 12601–12615]; or which is not conspicuously marked, branded, or otherwise labeled as required by this chapter; or on which any word, statement or other information required by this chapter is not prominently placed, in such terms and with such conspicuousness, as compared with other words, statements, designs or devices on the label or container, as to render it likely to be read and understood by ordinary persons under customary conditions of purchase and use. [1939; last amended 1947.]

Sec. 12613. Compliance with Federal laws and regulations.

The sale of any commodity in a container complying with any act of Congress or the opinions and regulations issued by the Secretary of Agriculture and appertaining to weight or measure or count does not violate the provisions of this chapter [Secs. 12601–12615]; nor does the sale of alcoholic beverages in containers complying with a rule, regulation or an approval of the United States Treasury Department, Bureau of Internal Revenue, Alcohol Tax Unit or of the State Department of Public Health and pertaining to weight, measure or count constitute a violation of the provisions of this chapter. [1939; last amended 1947.]

Sec. 12614. When discrepancies in marking and actual contents not a violation.

When a commodity in a container is sold and there is a discrepancy between the actual quantity of the commodities in the container and the net quantity of the contents thereof indicated on the container or between the fill of the commodity in

Deering's Business and Professions Code, Div. V, Ch. 6
—Containers—Continued.

the container and the capacity of the container there is no violation of this chapter [Secs. 12601–12615]:

(a) If such discrepancy is due to unavoidable leakage, shrinkage, evaporation, waste, or causes beyond the control of the seller acting in good faith.

(b) If the seller purchased the commodity in the container, in good faith, relying upon the indication of the net contents thereof, and sold the commodity in the container without altering the contents thereof or the indication of the contents thereof and the container had the name of a packer, manufacturer, wholesaler, or jobber thereon at the time the seller purchased it. [1939; last amended 1941.]

Sec. 12615. Penalty for violations.

The violation of any provision of this chapter [Secs. 12601–12615] is a misdemeanor punishable by a fine of not less than twenty-five dollars nor more than five hundred dollars, or by imprisonment in the county jail for not exceeding six months, or by both. [1939]

Deering's Business and Professions Code, Div. V,
Ch. 7—Public Weighmasters.

Sec. 12700. Definition.

A public weighmaster is:

(a) Any person who weighs, measures or counts any commodity and issues therefor a signed or initialed statement or memorandum of the weight, measure, or count accepted as the accurate weight or measure or count upon which the purchase or sale of the commodity is based.

(b) A person engaged in the business of public weighing for hire. [1939; last amended 1943.]

Sec. 12700.1. Persons not deemed public weighmasters.

The following shall not be construed to be public weighmasters:

(a) Retailers weighing or measuring commodities for sale by them at retail directly to consumers;

(b) Producers of agricultural commodities or livestock weighing commodities produced or purchased by them or by their producer neighbors, when no charge is made for such weighing, and no signed or initialed statement or memorandum is issued of the weight upon which a purchase or sale of the commodity is based;

(c) Common carriers issuing waybills or bills of lading on which are recorded, for the purpose of computing transportation charges, the weights of commodities offered for transportation;

(d) Weighers licensed under the provisions of Section 676¹ of the Agricultural Code when performing the duties for which they are licensed;

(e) Employees of the department authorized to weigh agricultural products under the provisions of Chapter 8² of Division 5 of this code, when performing the duties authorized thereby. [1943]

¹ Sec. 676 provides for the licensing of weighers and samplers of milk.

² See pages 120–122.

Sec. 12700.5. Receipt showing weight of fish, etc.

The issuance of a receipt showing the weight of fish, mollusks, or crustaceans pursuant to Section 1091 of the Fish and Game Code¹ does [not?] constitute the issuance of a weight or measure certificate under this chapter [Secs. 12700–12712]. [1941]

¹ See page 123.

² The word "not?" and brackets inserted by Compiler of Deering's Business and Professions Code.

Sec. 12700.6. Warehouse receipt signed by weighmaster constitutes issuance of state certificate.

A warehouse receipt, of a form approved by the department and issued in accordance with the law, when signed by a licensed public weighmaster or deputy public weighmaster showing the weight, measure or count of any commodity stored in a warehouse, constitutes the issuance of a state certificate of weights and measures under this chapter [Secs. 12700–12712.] [1949]

Sec. 12701. Bond; license fees; issuance and revocation of licenses.

Each public weighmaster shall pay a license fee of ten dollars (\$10) for the fiscal year or any part thereof to the department for the locality of the place of principal business and an additional license fee of two dollars and fifty cents (\$2.50) for each additional locality where service as a public weighmaster is rendered.

An additional license fee of one dollar (\$1) for each fiscal year or part thereof shall be paid for each deputy public weighmaster and for each additional license fee the department shall issue a deputy's certificate.

Persons previously licensed to be public weighmasters shall, between May 1st and July 1st of each year, pay each required license fee for the fiscal year commencing with July 1st of such year, which shall be for all or any part of such year. Failure of a person previously licensed to renew his license on or before July 1st of any one year shall ipso facto forfeit his right to serve as a public weighmaster. No license shall be issued to a person who has so failed to renew his license and forfeited his right to serve as a public weighmaster until written application shall have been made by him to the department and accompanied by a restoration fee in an amount twice that required as the regular license fee or fees.

Before any license is issued to any public weighmaster, the applicant shall execute and deliver to

the director a surety bond in the sum of one thousand dollars (\$1,000) executed by the applicant as principal and by a corporate surety company qualified and authorized to do business in this State as surety. Said bond shall be conditioned upon the faithful and honest compliance with the provisions of this chapter. Said bond shall be to the State in favor of every person availing himself of the services and certifications issued by a public weighmaster.

The department, after a hearing, may refuse to issue or may revoke a public weighmaster license issued to any person who cannot capably or reliably perform the duties of a public weighmaster, or who has not capably or reliably performed the duties of a public weighmaster, and it may, after a hearing, refuse to renew a public weighmaster license to any person who has not capably or reliably performed the duties of a public weighmaster.

The department, after a hearing, may refuse to issue or may revoke, or may refuse to renew a deputy public weighmaster certificate issued to any person who cannot capably or reliably perform the duties of a deputy public weighmaster, or who has not capably or reliably performed the duties of a deputy public weighmaster.

The proceedings of the hearings referred to in this section shall be conducted in accordance with Chapter 5 of Part 1 of Division 3 of Title 2 of the Government Code, and the director shall have all the powers granted therein. [1939; last amended 1949.]

Sec. 12702. Deputies.

Public weighmasters may employ or designate any person to act for them as deputy public weighmaster, and shall be responsible for all acts performed by such person. The public weighmaster shall forward to the department the name and address of persons so appointed. [1939]

Sec. 12703. Seals.

Each public weighmaster shall obtain a public weighmaster seal for applying an impression upon or stamping weight or measure certificates. The public weighmaster seals shall be the property of the State and shall be forfeited and returned to the department upon termination of the performance of the duties as public weighmaster.

Seals which have been returned to the department shall be kept in a safe place for a period of four years, after which time they shall be defaced and destroyed or otherwise disposed of by the department.

The public weighmaster seal shall be of a form and design prescribed by the department and furnished at the expense of the public weighmaster. The public weighmaster seal shall be a recognized authority of accuracy and the stamp or impression thereof shall be applied to all weight or measure

certificates at the time of issuance. [1939; last amended 1945.]

Sec. 12704. Weight certificates.

The department shall prescribe a form of weight and measure certificates to be used by public weighmasters. The certificate used by a public weighmaster shall be known as the "state certificate of weights and measures" and no other form of certificate shall be used by public weighmasters.

The certificate shall state thereon:

- (a) The kind of product or article.
- (b) The number of units of the product or article.
- (c) The date on which the product or article was weighed, measured or counted.
- (d) The owner, agent or consignee.
- (e) Either the gross weight of the product and the vehicle or container thereof, or the tare weight of the unladen vehicle or container, or both such gross and tare weights; or the true net weight, measure, or count of the product.
- (f) The vessel, railroad or other means by which the product was received. If motor vehicle carrier is used, the license number of any vehicle or trailer shall be stated on the certificate.
- (g) Any trade or other mark thereon.
- (h) The name of the city or town where such product or article was weighed, measured or counted.

(i) The complete signature of the weighmaster or deputy weighmaster who weighed, measured or counted the product or article.

(j) Such other information as may be necessary to identify the product or distinguish it from a like kind.

It shall be unlawful for a public weighmaster to use a public weighmaster certificate form purchased by him for use in connection with his service as a public weighmaster until a sample of such form has been inspected and approved in writing by the department. Such approval shall not be required of a public weighmaster when using public weighmaster certificate forms for which approval has been previously received by the printer, stationer or other supplier whose business includes the supplying of such approved forms.

Public weighmaster certificate forms shall be the property of the State and all unused public weighmaster certificate forms shall be forfeited and returned to the department by any person who has served as a public weighmaster upon termination of the performance of his duties as public weighmaster. [1939; last amended 1949.]

Sec. 12705. Records.

All public weighmasters shall keep and preserve, as records, for a period of four years, true copies of all certificates issued upon public weighings, measurements or counts. These records shall at all times

Deering's Business and Professions Code, Div. V, Ch. 7
—Public Weighmasters—Continued.

be open for inspection by the director or by a sealer or his deputy. [1939; last amended 1945.]

Sec. 12706. Issuance of false certificate; misdemeanor; action on violation of section.

State certificates of weights and measures shall contain the accurate and correct weight or measure or count of any and all commodities or products weighed or measured or counted.

Any public weighmaster who issues a State certificate of weights and measures without first weighing, measuring, or counting the article or commodity, or who knowingly issues a state certificate of weights and measures giving thereon a false weight or measure or count of the article or commodity weighed or measured or counted by him, or who alters a state certificate of weights and measures, is guilty of a misdemeanor.

The department may direct and compel the return of the State seal, or declare the bond of any public weighmaster forfeited, or both, where such public weighmaster has been guilty of a violation of this section. [1939; last amended 1949.]

Sec. 12707. Offenses by others than weighmasters.

Any person is guilty of a misdemeanor who does any one of the following acts:

(a) Requests a public weighmaster, or any person employed by him, to weigh or measure any commodity falsely or incorrectly.

(b) Requests a false or incorrect State certificate of weights and measures.

(c) Issues a State certificate of weights and measures when he is not a public weighmaster or deputy public weighmaster.

(d) Possesses unfilled or unused state certificate of weights and measures forms if he is not a public weighmaster or a deputy public weighmaster. This subdivision does not apply to a person engaged in the business of printing state certificate of weights and measures forms nor to his representative. [1939; last amended 1949.]

Sec. 12708. Reweighings upon complaint.

When doubt or differences arise as to the correctness of the net or gross weight or measure of any amount or part of any commodity for which a State certificate of weights and measures has been issued by a public weighmaster, the owner, agent, or consignee may, upon complaint to the department have the amount or part thereof reweighed by the department or a public weighmaster designated by it, upon depositing a sufficient sum of money to defray the actual cost of reweighing with the department.

If, on reweighing, a difference from the original certified weight is discovered as the result of fraud, carelessness, or faulty apparatus, the cost of reweighing shall be borne by the public weighmaster

responsible for the issuance of the erroneous certificate. [1939]

Sec. 12709. Identification of commodities weighed.

All amounts, lots, shipments, or consignments of commodities, except fungibles, after having been weighed, shall be piled or stored separately, as near as can be, or in some manner marked in order that they may be distinguished from others of a like kind. [1939; last amended 1943.]

Sec. 12710. Method of weighing; net weight; actual weight; double draft weights.

When any commodity is sold subject to public weighmaster weights, such weights shall be the true net weight. Net weight is the correct or actual weight of the commodity excluding the weight of the container or conveyance. Actual weight shall mean the weight obtained from one draft of vehicle loads. In determining the net weight of any commodity, the entire weight of the vehicle and load must rest on the scale at one time. Until December 31, 1943, double draft (two-spot) weights may be recorded on "State certificate of weights and measures"; provided, the words "two-spot" or "double draft" are stamped thereon, and when so stamped shall not be construed a violation of Section 12706 of this code. [1939; last amended 1941.]

Sec. 12711. Violations as misdemeanors.

Any person who violates any of the provisions of this chapter [Secs. 12700-12712] is guilty of a misdemeanor. [1939]

Sec. 12712. Saving provision for municipal or port district terminal weighing.

Nothing in this chapter [Secs. 12700-12712] except the provisions of Sections 12702 to 12705, inclusive, limits the right of any municipal corporation or port district that is operating wharves, piers or terminal facilities for the handling of goods and cargo in the accommodation and promotion of commerce and navigation, and each of them is hereby empowered in that connection, to act as a public weighmaster and to issue public weighmaster's certificates. [1939]

Deering's Business and Professions Code, Div. V,
Ch. 8—Terminal Weighing.

Sec. 12801. Construction of chapter.

None of the provisions of this chapter [Secs. 12801-12816] shall be construed to conflict with or in any way supplant any of the provisions of Chapter 7 [Secs. 12700-12712] of this division [Secs. 12001-13001]. [1939]

Sec. 12802. Definition of agricultural products.

As used in this chapter [Secs. 12801-12816], "agricultural products" includes corn, wheat, oats, rye, barley, grain sorghums and rice. [1939]

Sec. 12803. Enforcement officer; duties and powers.

The director shall carry out the provisions of this chapter [Secs. 12801-12816].

The director may:

(a) Fix the compensation in accordance with the State Civil Service Law and determine the duties of such employees as shall be necessary to carry out the provisions of this chapter.

(b) Establish weighing stations and weighing districts and change them from time to time as circumstances require.

(c) Promulgate, amend, or repeal rules and regulations for the weighing of agricultural products for the purpose of carrying out the provisions of this chapter.

(d) Fix and determine reasonable charges for the weighing of agricultural products when such service is rendered by an employee of the department.

(e) Provide, upon request of an interested party, and with the consent of the management of the industry where the service is to be performed, regular weighing service at industrial points located within or without a regularly established weighing district.

(f) Provide, upon request of an interested party and with the consent of the management of the industry where the service is to be performed, employees for the weighing of any agricultural product, manufactured product or by-product thereof. [1939]

Sec. 12804. Payment of costs.

The industry requesting regular weighing service shall guarantee payment of costs. [1939]

Sec. 12805. Weighings at other places.

If weighing is to be done at other than a regularly established weighing station the person requesting such service shall pay, in addition to the regular fees, such costs as the director may assess. [1939]

Sec. 12806. Fees.

The fees for weighing agricultural products shall be paid by the party requesting the service or the industrial plant where the weighing is done and shall be a lien upon the products. The director shall so adjust the fees that in his judgment they will meet the expenses necessary to carry out the provisions of this chapter [Secs. 12801-12816 and may prescribe a different scale of fees for different localities.

The director may collect such fees in advance of performing the services, but need not do so if in his opinion the benefits of this service would be lessened by such advance payments. [1939]

Sec. 12807. Bond of weighers; temporary help.

Each employee who weighs agricultural products under this chapter [Secs. 12801-12816] or issues weight certificates thereof shall give a surety bond to the State in such sum as the director determines.

The bond shall be approved by and filed with the director and conditioned upon the faithful discharge of the employee's duties. The cost of the bond shall be paid by the State. The director may employ temporary help for a period not to exceed 10 consecutive working days without requiring the filing of a bond. [1939]

Sec. 12808. Action by aggrieved persons.

Any person aggrieved by any official act or the neglect of duty of any such employee or by reason of neglect or failure of such employee to comply with the provisions of this chapter [Secs. 12801-12816] or of the rules and regulations of the director, may bring an action upon such bond for the recovery of all damages suffered thereby. [1939]

Sec. 12809. Certificate of authority to weigh.

The director shall issue to each employee authorized to weigh agricultural products, a certificate of such authority, and each employee shall, upon demand of any one in authority, produce the certificate when entering any premises for the purpose of carrying out the provisions of this chapter [Secs. 12801-12816]. [1939]

Sec. 12810. Duties of weigher.

The employees of the department, before opening the doors of any car containing agricultural products upon arrival at any weighing station, shall first:

(a) Ascertain the condition of such cars.

(b) Determine whether or not any leakages have occurred in transit.

(c) Determine whether or not the doors are properly secured and sealed.

A record of such facts shall be made in all cases, giving seal numbers.

The employees shall break the seal of all cars of agricultural products subject to State weighing.

Sec. 12811. Personal interest of weighers forbidden.

No employee who weighs agricultural products shall be interested, directly or indirectly, in the purchasing or selling of agricultural products which he is employed to weigh officially. [1939]

Sec. 12812. Weighings outside working hours.

When the director deems it advisable to load or unload cars or cargoes of agricultural products on days or during hours other than usual working days or usual working hours, he shall provide the necessary employees for the weighing of such agricultural products.

The time of service of such employees, whether in the regular employ of the department or hired specially for the occasion, shall not be limited or restricted to eight hours of service during any one calendar day while doing such weighing.

Such employees, whether in the regular employ of the department or hired specially for the occa-

Terminal Weighing—Continued.**

sion, shall be entitled to reasonable compensation for their services, in addition to their compensation for their services performed during usual working days and usual working hours. The compensation shall be fixed by the director and paid by the party requesting such unusual service and shall be in addition to the regular fees for weighing. [1939]

Sec. 12813. Suitable scales to be provided.

All warehouse, dock, mill and elevator operators shall provide suitable and satisfactory scales for the purpose of weighing agricultural products under the provisions of this chapter [Secs. 12801–12816]. [1939]

Sec. 12814. Reweighings; fees; tolerances.

Any interested party may call for reweighing of any specific lot. The regular weighing fees shall be paid by the party requesting such services, unless the variation from the original weight shall be greater than a reasonable tolerance. The director shall establish such tolerance. [1939]

Sec. 12815. Collections, how credited.

All money collected under the provisions of this chapter [Secs. 12801–12816] shall be paid into the State treasury and placed to the credit of the Department of Agriculture fund. [1939]

Sec. 12816. Violations as misdemeanors.

Violation of any provisions of this chapter [Secs. 12801–12816] is a misdemeanor. [1939]

**Deering's Business and Professions Code, Div. V,
Ch. 9, Art. 1—Products in Burlap Bags.**

Sec. 12900. Tare deduction for bag; exception.

Every person who purchases fruit, peas, or wool in burlap bags owned by the seller and deducts a tare on account of such bag, shall pay to the seller thereof at the time of delivery the salvage value of such bag after using.

This section shall not apply to farm products sold on the basis of gross weight if a specific agreement is made to that effect. [1939]

Sec. 12901. When tare deduction unlawful.

It is unlawful when purchasing grain in its original condition and in burlap bags to deduct a tare on account of the container. The purchaser shall pay a like price for the grain and container based upon the total weight of both. The word "grain" includes wheat, barley, corn, oats, rye, rice, flax and grain sorghums. [1939]

Sec. 12902. Construction of chapter.

The provisions of this chapter [Secs. 12900–12910] supersede all of the other provisions of this division [Secs. 12001–13001] and of any other act,

as they may relate or apply to the sale of grain in burlap bags. [1939]

Sec. 12903. Violation a misdemeanor.

The violation of any of the provisions of this chapter [Secs. 12900–12910] is a misdemeanor. [1939]

**Deering's Business and Professions Code, Div. V,
Ch. 9, Art. 2—Tare on Baled Hops.**

Sec. 12910. Allowable weight.

There shall be allowed on baled hops a tare at the rate of 2 per cent of the weight of the bale for the cloth or other material used in baling. [1939]

**Deering's Business and Professions Code, Div. V,
Ch. 9, Art. 3—Baling Hay.**

[ED. NOTE.—Sections 12915 to 12921, inclusive, herein, were added to Division V, Business and Professions Code, by Ch. 131, Stats. 1943, p. 880, and represent codification of the Hay Baling Act, 1919, heretofore found in the General Laws.]

Sec. 12915. "Baler" and "presser" defined.

As used in this article [Secs. 12915–12921], the term "baler" or "presser" refers to a person owning or having possession of or operating a hay press. [1943]

Sec. 12916. Scales to be tested and sealed.

Any person baling hay for compensation shall employ scales that have been tested and sealed by a sealer. [1943]

Sec. 12917. Net weight.

Any record of weight forming the basis in settlement for baling hay shall be the true net weight of the baled hay.

Any record of weight forming the basis of settlement in the sale or purchase of baled hay shall be the true net weight of the baled hay. [1943]

Sec. 12918. Falsely increasing weight.

No baler or presser of hay shall put or conceal in any bale of hay anything whatever for the purpose of increasing the weight of the bale with intent to defraud. [1943]

Sec. 12919. Standard weight.

Hay shall be sold by avoirdupois weight and a ton shall consist of 2,000 pounds net weight.

Hay may be sold by the bale in which case the net weight of bale shall be indicated on a tag securely fastened to the bale. [1943]

Sec. 12920. Broken bales.

When any hay is shipped by a common carrier in bales and the bales become broken, the approximate weight of the broken bales shall be included in the total weight of the hay shipped. [1943]

Sec. 12921. Penalty for violations.

Any person violating any of the provisions of this article [Secs. 12915-12921] is guilty of a misdemeanor and shall be punished by a fine of not less than fifty dollars (\$50) or more than one hundred dollars (\$100). [1943]

Deering's Business and Professions Code, Div. V, Ch. 9, Art. 4—Wool Products.

[Ed. NOTE.—This section, based on Stats. 1937, Ch. 465, Sec. 1, was added to Division V, Business and Professions Code, by Ch. 130, Stats. 1943.]

Sec. 12925. Deduction for tags, fribs, crutchings or other off-wools; violation a misdemeanor.

No person purchasing wool from a producer shall make a specific deduction for tags, fribs, crutchings or other off-wools, either on a basis of the percentage of the weight or percentage of the value of the wool. Any provision in a contract to purchase wool from a producer, providing for such a deduction is invalid.

Violation of this section is a misdemeanor. [1943]

Deering's Business and Professions Code, Div. V, Ch. 10—Flour and Meal Containers.

Sec. 13000. Standard weights; exceptions.

It shall be unlawful for any person, partnership, corporation, company, cooperative society, or organization to pack for sale, sell, offer or expose for sale any of the following commodities except in containers of net avoirdupois weights of five (5), ten (10), twenty-five (25), fifty (50), and one hundred (100) pounds, and multiples of one hundred (100) pounds: Wheat flour, self-rising wheat flour, phosphated wheat flour, bromated flour, enriched flour, enriched self-rising flour, enriched bromated flour, corn flour, corn meals, hominy and hominy grits.

The provisions of this chapter [Secs. 13000-13001] shall not apply to (a) the retailing of flours, meals, hominy and hominy grits direct to the consumer from bulk stock, or (b) the sale of flours and meals to commercial bakers or blenders in containers of more than one hundred (100) pounds, or for export, or (c) flours, meals, hominy, and hominy grits packed in containers the net contents of which are less than four (4) pounds, or (d) the exchange of wheat for flour by mills grinding for toll. [1945]

Sec. 13001. Penalty for violations.

The violation of this chapter [Secs. 13000-13001] is a misdemeanor punishable by a fine of not less than twenty-five dollars (\$25) nor more than five hundred dollars (\$500) for each offense. [1945]

Deering's Fish and Game Code, Div. IV, Part 2, Ch. 5, Art. 5—Weight Receipt for Fish.¹

Sec. 1091. Duty to make receipt; form; matters to be shown.

Every person engaged in the business of buying, canning, curing or preserving fish, or manufactur-

ing fish meal, fish oil or fish fertilizer, or dealing in fish, mollusks or crustaceans, shall make a legible record in the form of a receipt in triplicate on forms to be furnished by the commission [fish and game commission]. The receipt must show the weight of each species of fish, mollusks or crustaceans received, the name of the fisherman, the Division of Fish and Game registration number of the boat or the name of the dealer from whom the fish, mollusks or crustaceans were received, the name of the person receiving same, date received, and the price paid to the fisherman. [1933]

Deering's Business and Professions Code, Div. VII, Part 1, Ch. 4, Art. 6—Itinerant Merchants.

Sec. 16410. Necessity for carrying manifests; weight to be shown.

All itinerant merchants and their agents and employees shall carry on each motor vehicle used by them a manifest on a form prescribed by the commission [Railroad Commission of the State of California] showing a description of the goods in the vehicle, the place where and the person from whom the goods were purchased. If the goods are purchased by weight, the weight and the name and address of the person weighing the goods shall be shown on the manifest. [1941]

Deering's Business and Professions Code, Div. VIII, Ch. 5—Standard Bread Loaf.

[Ed. NOTE.—Sections 19800-19808, inclusive, herein (based on Stats. 1921, Ch. 704, as amended by Stats. 1939, Ch. 636, now repealed), were added to Division VIII, Business and Professions Code, by Stats. 1947, Ch. 411, Sec. 1.]

Sec. 19800. Loaves to weigh within limits set out.

All loaves of bread, sliced or unsliced, made or procured for the purpose of sale, sold, offered or exposed for sale in the State of California shall weigh, until 24 hours after baking, within the limits hereinafter set out, for standard loaves and standard large loaves, as herein defined. [1947]

Sec. 19801. Weight of standard loaf.

"Standard loaf" shall weigh not less than 15 ounces, and not more than 17 ounces avoirdupois. [1947]

Sec. 19802. Weight of standard large loaf.

"Standard large loaf" shall weigh not less than 22½ ounces and not over 25½ ounces avoirdupois. [1947]

Sec. 19803. Weight of twin or multiple loaves.

Bread commonly known as "twin loaves" or multiple loaves may be made or procured for the purpose of sale, sold, offered or exposed for sale, providing each unit of such twin or multiple loaf conforms to the standard weights as herein defined for standard loaf and standard large loaf or any multiple of either of such weights. [New, 1947.]

Deering's Business and Professions Code, Div. VIII,
Ch. 5—Standard Bread Loaf—Continued.

Sec. 19804. Marking requirements.

Whenever any bread is sold in any wrappings there shall appear on the body of the wrappings in letters so as to be clear and legible to the buyer or prospective buyer, in a color contrasting with the background, the words "standard loaf" or "standard large loaf" as the case may be, and such label shall also comply in all respects with the provisions of Chapter 6 of Division 5 of the Business and Professions Code of the State of California.¹ [New, 1947.]

¹ See pages 116–118.

Sec. 19805. Exceptions.

The provisions of this chapter [Secs. 19800–19809] shall not apply to crackers, pretzels, biscuits, buns, scones, rolls or loaves of fancy bread weighing less than one-fourth of a pound avoirdupois or to what is commonly known as "stale bread," sold as such, provided the seller shall, at the time of sale, expressly state to the buyer that the bread so sold is stale bread. [1947]

Sec. 19806. Unlawful acts; misdemeanor; inspection.

Any person, firm or corporation who shall make or procure for the purpose of sale, sell, offer or expose for sale within the State of California any bread in loaves otherwise than herein provided for or in conflict with the standard weights of bread when baked as herein fixed, shall be guilty of a misdemeanor. All inspection of the weight of bread shall be made on the premises of the maker or manufacturer or on the premises of the retail store from which the bread is sold, or offered for sale or exposed for sale by averaging the weight of not less than ten loaves of bread of any one unit of a specific brand name and such average weight per loaf shall not be less than the minimum or more than the maximum weight herein fixed for the respective loaf for such unit; provided, however, that in the event 10 loaves of bread of any one unit of a specific brand name shall not be available at the time of inspection, the average of weight shall be made upon the basis of such loaves of bread of any one unit of the brand name as may be available. [1947; 1947 amended 1949.]

Sec. 19807. Enforcement.

The enforcement of the provisions of this chapter [Secs. 19800–19809] shall be under the supervision of the Chief of the State Bureau of Weights and Measures. [1947]

Sec. 19808. Violations a misdemeanor.

Any person who violates any provision of this chapter [Secs. 19800–19809] shall be guilty of a misdemeanor.¹ [1947]

Deering's Business and Professions Code, Div. VIII,
Ch. 7—"California Gasoline and Oil Substitution Act" and "California Crude Oil and Gasoline Importation Act."

Secs. 20700–20982.

[ED. NOTE.—The "California Gasoline and Oil Substitution Act," although under the direct enforcement of the Division of Weights and Measures of the Department of Agriculture, has been omitted from this publication because it contains no provisions falling specifically within the "weights and measures" category, to which this publication is limited. The act is noted here, however, because it does deal with commodities measured by devices which are regularly supervised by weights and measures officials and because the act makes reference from time to time to such devices. The title of the act is as follows:

"An act to prevent fraud or misrepresentation in the distribution and sale of gasoline or other motor fuel, distillate, kerosene and lubricating oil; regulating the distribution and sale of such products and the use of brands and trademarks in connection therewith; providing for the licensing of persons, firms, associations or corporations, installing and using motor vehicle fuel pumps; regulating signs, placards, posters, streamers, cards and other advertising media advertising gasoline or other motor vehicle fuel or the price thereof; defining the powers and duties in relation thereto of the Division of Weights and Measures of the Department of Agriculture, and persons authorized by it, sealers of weights and measures, and their deputies and other officers; defining 'gasoline' and prescribing specifications for products sold or offered for sale as 'gasoline'; prescribing penalties for the violation of provisions hereof; and repealing acts and parts of acts inconsistent herewith."

The act itself, along with the "California Crude Oil and Gasoline Importation Act," has been codified as Secs. 20700–20982 by Ch. 86, Stats. 1941, with amendments and additions by Ch. 554, Stats. 1941; Chs. 296, 573, and 574, Stats. 1947; Chs. 760, 1385, and 1386, Stats. 1949.]

Deering's Business and Professions Code, Div. VIII,
Ch. 10—Antifreeze.

Sec. 21700. Definitions: Antifreeze.

"Antifreeze," as used in this chapter [Secs. 21700–21722], means any substance or preparation intended for use as the cooling medium, or to be added to the cooling liquid, in the cooling system of internal combustion engines to prevent freezing of the cooling liquid or to lower its freezing point. [1949]

Sec. 21701. Same: Department.

"Department," as used in this chapter [Secs. 21700–21722], means the Department of Agriculture, acting through the Division of Weights and Measures. [1949]

Sec. 21704. Same: Labeling.

"Labeling," as used in this chapter [Secs. 21700–21722], includes all written, printed, or graphic representations, in any form whatsoever, imprinted upon or affixed to any container of antifreeze or accompanying any antifreeze. [1949]

Sec. 21712. When deemed misbranded.

An antifreeze is misbranded: (1) If its labeling is false or misleading in any particular; or (2) if

in package form it is not conspicuously labeled on the outside of the package with * * * an accurate statement of the net contents in terms of weight or measure. [1949]

Sec. 21716. Enforcement.

The department, and each county sealer acting under the supervision and direction of the department, shall enforce the provisions of this chapter [Secs. 21700-21722], * * * [1949]

Sec. 21720. Unlawful sales.

It is unlawful to sell or distribute any antifreeze which is adulterated or misbranded, or which is not registered, or without a valid permit as required by this chapter [Secs. 21700-21722]. [1949]

Sec. 21721. Violation a misdemeanor.

Violation of any provision of this chapter [Secs. 21700-21722] is a misdemeanor.¹ [1949]

¹ See Sec. 19, page 149; punishment for misdemeanor.

Deering's General Laws, Vol. 1, Act 1081—"Short-weight Butter Sales Law."

Sec. 1. Grade of offense.

Any person or persons, firm or corporation who offers for sale roll-butter not of full weight to each roll, shall be guilty of a misdemeanor. [1893]

Deering's Health and Safety Code, Div. XXI, Ch. 2—"Pure Drugs Act."

[ED. NOTE.—Stats. 1939, Ch. 730, Sec. 1, which provided for the addition of Secs. 26200-26385, inclusive, to the Health and Safety Code, also provided for the repeal of all former statutes relating to the subjects covered therein, the repealed statutes dating from 1852-1937.]

Sec. 26200. "Drug" defined.

"Drug" means (1) articles recognized in the official United States Pharmacopoeia, official Homeopathic Pharmacopoeia of the United States, or official National Formulary, or any supplement to any of them; (2) articles intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease in man or other animals; (3) articles (other than food) intended to affect the structure or any function of the body of man or other animals; and (4) articles intended for use as a component of any article specified in clause (1), (2), or (3). [1939]

Sec. 26201. Articles not regarded as drugs.

"Drug" does not include devices or their components, parts, or accessories. [1939]

Sec. 26202. "Device" defined.

"Device" means instruments, apparatus, and contrivances, including their components, parts and accessories, intended (1) for use in the diagnosis, cure, mitigation, treatment, or prevention of disease

in man or other animals; or (2) to affect the structure or any function of the body of man or other animals. [1939]

Sec. 26204. "Label" defined.

"Label" means a display of written, printed or graphic matter upon the immediate container of any article. [1939]

Sec. 26205. When labeling requirements are considered complied with.

A requirement made by or under authority of this chapter [Secs. 26200-26385] that any word, statement, or other information appear on the label shall not be considered to be complied with unless such word, statement, or other information also appears on the outside container or wrapper, if any there be, of the retail package of such article, or is easily legible through the outside container or wrapper. [1939]

Sec. 26207. "Labeling" defined.

"Labeling" means all labels and other written, printed or graphic matter (1) upon an article or any of its containers or wrappers, or (2) accompanying such article. [1939]

Sec. 26213. Scope of provisions regulating sales.

The provisions of this chapter [Secs. 26200-26385] regarding the selling of drugs and devices, shall be considered to include the manufacture, production, processing, packing, exhibition, offering, possessing, and holding of any such article for sale; the sale, dispensing, and giving of any such article; and the supplying or applying of any such articles in the conduct of any establishment. [1939]

Sec. 26214. "Package" defined.

"Package" includes any phial, bottle, jar, demijohn, carton, bag, case, can, box or barrel or any receptacle, vessel or container of whatsoever material or nature which may be used by a manufacturer, producer, jobber, packer or dealer, for inclosing or containing any drug. [1939]

Sec. 26215. "Federal act" defined.

"Federal act" means the Federal Food, Drug, and Cosmetic Act. [1939]

Sec. 26240. "Misbranded" defined.

The term "misbranded" shall apply to all drugs or devices, the package or label of which bears any statement, design, or emblem regarding such article or the ingredients or substances contained therein which shall be false or misleading in any particular, and to any drug or device which is falsely branded or labeled as to the county, city and county, city, town, State, Territory, District of Columbia, or foreign country in which it is manufactured or produced. [1939]

Deering's Health and Safety Code, Div. XXI, Ch. 2—
"Pure Drugs Act"—Continued.

Sec. 26241. Marking requirements; tolerances and exemptions.

A drug or device shall be deemed to be misbranded if in package form unless it bears a label containing (1) the name and place of business of the manufacturer, packer, or distributor; and (2) an accurate statement of the quantity of the contents in terms of weight, measure or numerical count.

Under clause (2) of this section reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations prescribed by the board. [1939]

Sec. 26242. Misbranded if not prominently labeled.

A drug or device shall be deemed to be misbranded if any word, statement, or other information required by or under authority of this chapter [Secs. 26200-26385] to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs or emblems, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use. [1939]

Sec. 26249. Misleading containers.

A drug shall be deemed to be misbranded (1) if its container is so made, formed, or filled as to be misleading; * * * [1939]

Sec. 26252. Exemptions from labeling requirements.

A drug sold on a written prescription signed by a member of the medical, dental or veterinary profession (except a drug sold in the course of the conduct of a business selling drugs pursuant to diagnosis by mail) shall be exempt from the requirements of this article [Secs. 26240-26254] if:

(1) Such member of the medical, dental or veterinary profession is licensed by law to administer such drug; and

(2) Such drug bears a label containing the name and place of business of the seller, the serial number and date of such prescription, and the name of such member of the medical, dental or veterinary profession. [1939]

Sec. 26280. Manufacture, importation, sale, etc. when misbranded prohibited.

The manufacture, production, preparation, compounding, packing, selling, offering for sale, advertising or keeping for sale within the State of California, or the introduction into this State from any other State, Territory, or the District of Columbia, or from any foreign country, of any drug or device which is adulterated or misbranded is prohibited. [1939; last amended 1943.]

Sec. 26281. Penalty for manufacture, importation, sale, etc. when misbranded.

Any person who imports or receives from any other State or Territory or the District of Columbia or from any foreign country, or who having so received delivers for pay or otherwise or offers to deliver to any person, any drug or device which is adulterated or misbranded, or any person who manufactures, produces, prepares, compounds, packs, sells, offers for sale, or keeps for sale, in the State of California any such adulterated or misbranded drug or device shall be guilty of a misdemeanor punishable as provided in section 26295. [1939; last amended 1943.]

Sec. 26282. Exemption of goods intended for export.

No article shall be deemed misbranded or adulterated within the provisions of this chapter [Secs. 26200-26385] when intended for export to any foreign country and prepared or packed according to the specifications or directions of the foreign purchaser when no substance is used in the preparation or packing thereof in conflict with the laws of the foreign country to which the article is intended to be shipped.

If the article is in fact sold or offered for sale for domestic use or consumption, then this section shall not exempt the article from the operation of any of the other provisions of this chapter. [1939; last amended 1943.]

Sec. 26283. Alteration of labeling.

The alteration, mutilation, destruction, obliteration, or removal of the whole or any part of the labeling of, or the doing of any other act with respect to, a drug or device is unlawful if such act results in such article being misbranded. [1939]

Sec. 26285. Misbranding prohibited.

The adulteration or misbranding of any drug or device is prohibited. [1939]

Sec. 26293. Possession, etc. prima facie evidence of violation.

The possession, sale, or offering for sale of any adulterated, mislabeled or misbranded drugs or devices by any manufacturer, producer, jobber, packer or dealer in drugs or devices, or broker, commission merchant, agent, employee or servant of any such manufacturer, producer, jobber, packer, or dealer shall be prima facie evidence of the violation of this chapter [Secs. 26200-26385.] [1939]

Sec. 26295. Penalty for violations.

Any person who violates any of the provisions of this chapter [Secs. 26200-26385] is guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than twenty-five dollars or more than five hundred dollars, or by imprisonment in the county jail for a term not exceeding six months, or by both such fine and imprisonment.

If the violation is committed after a conviction of such person under this section has become final, such person shall be subject to imprisonment for not more than one year in the county jail, or a fine of not more than \$1,000, or both such imprisonment and fine. [1939]

Sec. 26296. Guaranty protection.

No dealer shall be prosecuted under the provisions of this chapter [Secs. 26200-26385] if after receipt of an article he has used reasonable care in the use and handling thereof and he can produce a guaranty signed by the wholesaler, jobber, manufacturer, or other party located or residing in the United States from whom he purchased such article, to the effect that the same is not adulterated, or misbranded within the meaning of this chapter; provided, however, that as to drug contained in an original unbroken package, no retailer, who after the receipt of such package has used reasonable care in the use and handling thereof, shall be prosecuted under this chapter for a violation of any provision thereof in connection with any article received by such retailer in the regular channels of trade and as usual first-class merchantable stock and not as seconds, or damaged articles or merchandise or job lots purchased under such conditions as to put the purchaser on notice that such merchandise was not regular first-class merchandise. The guaranty must be dated prior to the date of sale of the article. [1939; last amended 1943.]

Sec. 26297. Kinds of guaranty; when produced.

Such guaranty may be either general or special and must be produced prior to the time of certification of facts to the district attorney for prosecution. [1939]

Sec. 26298. General guaranty.

A general guaranty shall guarantee without condition or restriction all of the products or articles produced, prepared, compounded, packed, distributed, or sold by the guarantor as not adulterated, mislabeled or misbranded within the meaning of this chapter [Secs. 26200-26385]. [1939]

Sec. 26299. Special guaranty.

A special guaranty shall guarantee in the same manner as a general guaranty the particular articles listed in an invoice of the articles, and shall be attached to or shall fully identify such invoice. [1939]

Sec. 26300. Requirements of guaranty.

To afford protection all guaranties must contain the name and address of the party or parties making the sales of such articles to the person. [1939]

Sec. 26301. Extent of guaranty's protection.

A guaranty shall protect a person only where the article covered by such guaranty remains identical, both as to composition and labeling, with the

article as composed and labeled when received by the person from the guarantor. [1939]

Sec. 26302. When guaranty refers to Federal act.

If the guaranty is to the effect that such article is not adulterated or misbranded within the meaning of the Federal act, it shall be sufficient for all the purposes of this chapter [Secs. 26200-26385] and have the same force and effect as though it referred to this chapter whether given by a person residing in the United States or elsewhere, unless at any time the standard for the article concerned under this chapter is higher than the standard for a like article under the Federal act. [1939; last amended 1943.]

Sec. 26303. Procedure for breach of guaranty by foreign wholesaler, etc.

In case the wholesaler, jobber, manufacturer or other party making such guaranty to the person resides without this State and it appears from the certificate of the Chief of the Bureau [Division] of Laboratories that such article or articles were adulterated or misbranded, within the meaning of this chapter [Secs. 26200-26385] or the Federal act, the district attorney must forthwith notify the Attorney General of the United States of such violation. [1939; last amended 1943.]

Sec. 26321. Rules and regulations.

The authority to promulgate regulations for the efficient enforcement of this chapter [Secs. 26200-26385] is vested in the board [State Board of Public Health]. The board is authorized to make the regulations promulgated under this chapter conform, in so far as practicable, to those promulgated under the Federal act. The violation of a regulation promulgated under this chapter shall be deemed to be a violation of this chapter. [1939]

Sec. 26326. Sheriffs as enforcement officers.

The sheriffs of the respective counties of the State are hereby appointed agents for the enforcement of this chapter [Secs. 26200-26385]. [1939]

Sec. 26327. Right of entry.

Any agent shall have free access, at all reasonable hours, for the purpose of examining any place where it is suspected that any article of adulterated or misbranded drugs and devices exist. [1939; last amended 1943.]

Sec. 26328. Taking of sample.

If a sale is refused upon a tender of the market price of the articles, the agent may take from any person samples of any articles suspected of being adulterated or misbranded, and shall deliver or forward such samples to the State laboratory for examination and analysis. [1939; last amended 1943.]

Sec. 26329. Police powers.

The Chief of the Bureau of Food and Drug Inspections and the agents and inspectors of the

"Pure Drugs Act"—Continued.

board shall have the powers possessed by peace officers in this State. [1939]

Sec. 26330. Right to inspect factories and vehicles.

The board [State Board of Public Health] or its duly authorized agent shall have free access at all reasonable hours to any factory, warehouse, or establishment in which drugs or devices are manufactured, processed, packed, or held for introduction into commerce, or to enter any vehicle being used to transport or hold such drugs and devices, in commerce, for the purpose:

(1) of inspecting such factory, warehouse, establishment, or vehicle to determine if any of the provisions of this chapter [Secs. 26200-26385] are being violated; and

(2) to secure samples or specimens of any drugs and devices after paying or offering to pay for such sample. [1939]

Sec. 26332. Discretion as to minor violations.

Nothing in this chapter [Secs. 26200-26385] shall be construed as requiring the board [State Board of Public Health] to report for the institution of proceedings under this chapter, minor violations of this chapter, whenever the board believes that the public interest will be adequately served in the circumstances by a suitable written notice or warning. [1939]

Sec. 26360. Misbranded articles to be tagged.

Whenever a duly authorized agent of the board [State Board of Public Health] finds, or has probable cause to believe, that any drug or device is adulterated, or so misbranded as to be dangerous or fraudulent, he shall affix to such article a tag or other appropriate marking giving notice that such article is, or is suspected of being, adulterated or misbranded and has been detained or quarantined, and warning all persons not to remove or dispose of such article by sale or otherwise until permission for removal or disposal is given by such agent or the court. [1939]

Sec. 26361. Seizure and quarantine when misbranded.

Whenever the findings of the State laboratory or of the Chief of the Bureau of Food and Drug Inspections show after investigation and examination that any drug or device found in the possession of any person is adulterated or misbranded the drug or device may be seized and quarantined. [1939; last amended 1943.]

Sec. 26362. Disposition after seizure and quarantine.

The drug or device shall not thereafter be sold, offered for sale, removed or otherwise disposed of until further notice in writing from the director or the Chief of the Bureau of Food and Drug Inspections. [1939; last amended 1945.]

Sec. 26380. Procedure by sheriff on receipt of verified complaint.

On presentation to him of a verified complaint of the violation of any provisions of this chapter [Secs. 26200-26385], the sheriff of any county of this State shall at once obtain by purchase a sample of the adulterated or misbranded drug or device complained of, and divide the article into three parts. Each part shall be sealed by the sheriff with a seal provided for that purpose. If the package be less than four pounds in weight or in volume less than two quarts, three packages of approximately the same size shall be purchased and the marks and tags upon each package noted as above. [1939; last amended 1943.]

Sec. 26381. Distribution of samples by sheriff.

One sample shall be delivered to the party from whom procured or to the party guaranteeing such merchandise, one sample shall be sent to the director of the State laboratory, and the third sample shall be sent to, and held under seal by, the board [State Board of Public Health]. [1939]

Deering's Health and Safety Code, Div. XXI, Ch. 3—
"Pure Foods Act."

[ED. NOTE.—Stats. 1939, Ch. 731, Sec. 1, which provided for the addition of Secs. 26450-26624, inclusive, to the Health and Safety Code, also provided for the repeal of all former statutes relating to the subjects covered therein, the repealed statutes dating from 1852-1937.]

Sec. 26450. "Food" defined.

"Food" includes all articles used for food, drink, liquor, confectionery, condiment, or chewing gum by man or other animals, whether such articles are simple, mixed or compound. [1939]

Sec. 26451. "Package" defined.

"Package" includes any phial, bottle, jar, demijohn, carton, bag, case, can, box or barrel or any receptacle, vessel or container of whatsoever material or nature which may be used by a manufacturer, producer, jobber, packer or dealer, for inclosing or containing any article of food. [1939]

Sec. 26452. "Label" defined.

The term "label" means a display of written, printed or graphic matter upon the immediate container of any article. [1939]

Sec. 26453. Compliance with labeling requirements.

A requirement made by or under authority of this chapter [Secs. 26450-26624] that any word, statement, or other information appear on the label shall not be considered to be complied with unless such word, statement, or other information also appears on the outside container or wrapper, if any there be, of the retail package of such article, or is easily legible through the outside container or wrapper. [1939]

Sec. 26455. "Labeling" defined.

The term "labeling" means all labels and other written, printed or graphic matter (1) upon any article or any of its containers or wrappers, or (2) accompanying such article. [1939]

Sec. 26459. Scope of provisions regulating sales.

The provisions of this chapter [Secs. 26450-26624] regarding the selling of food, shall be considered to include the manufacture, production, processing, packing, exposure, offer, possession, and holding of any such article for sale; the sale, dispensing, and giving of any such article; and the supplying or applying of any such articles in the conduct of any food establishment. [1939]

Sec. 26460. "Federal act" defined.

The term "Federal act" means the Federal Food, Drug, and Cosmetic Act. [1939]

Sec. 26461. Construction of provisions in conflict with other laws.

The provisions of this division [Secs. 26200-26624] shall be so construed as to not be in conflict with the provisions of the Agricultural Code, or with the provisions of the Alcoholic Beverage Control Act and the rules and regulations adopted pursuant thereto, and in the event of a conflict, the provisions of the Alcoholic Beverage Control Act or the rules and regulations adopted pursuant thereto shall control. [1939]

Sec. 26462. Application of chapter in respect to beer.

Beer, being subject to the Alcoholic Beverage Control Act in other respects, shall be subject only to the provisions of this chapter [Secs. 26450-26624] which relate to adulteration and misbranding. [1939]

Sec. 26490. Elements of misbranding generally.

A food shall be deemed to be misbranded:

(1) If its labeling is false or misleading in any particular;

* * * * *

(4) If its container is so made, formed or filled as to be misleading. [1939; last amended 1943.]

Sec. 26491. Marking requirements; tolerances and exemptions.

A food shall be deemed to be misbranded if in package form, unless it bears a label containing * * * (2) an accurate statement of the quantity of the contents in terms of weight, measure or numerical count.

Under clause (2) of this section reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations prescribed by the board [State Board of Public Health]. [1939; last amended 1943.]

Sec. 26492. Misbranded if not prominently labeled.

A food shall be deemed to be misbranded if any word, statement, or other information required by or under authority of this chapter [Secs. 26450-26624] to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs or emblems, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use. [1939; last amended 1943.]

Sec. 26494. Misbranded if slack filled.

A food shall be deemed to be misbranded if it purports to be or is represented as:

* * * * *

(2) A food for which a standard or standards of fill of container have been prescribed by regulation as provided by sections 26540 and 26541 and it falls below the standard of fill of container applicable thereto, unless its label bears, in such manner and form as such regulations specify, a statement that it falls below such standard. [1939]

Sec. 26510. Manufacture, importation, sale, etc. when misbranded prohibited.

The manufacture, production, preparation, compounding, packing, selling, offering for sale or keeping for sale or advertising within the State of California, or the introduction into this State from any other State, Territory, or the District of Columbia, or from any foreign country, of any article of food which is adulterated or misbranded is prohibited. [1939; last amended 1943.]

Sec. 26511. Penalty for importation, manufacture, sale, etc. when misbranded.

Any person who imports or receives from any other State or Territory or the District of Columbia or from any foreign country, or who having so received delivers for pay or otherwise or offers to deliver to any other person, any article of food which is adulterated or misbranded, or any person who shall manufacture or produce, prepare or compound, or pack or sell, or offer for sale, or keep for sale, or advertise in the State of California any such adulterated or misbranded food, shall be guilty of a misdemeanor punishable as provided in section 26519. [1939; last amended 1943.]

Sec. 26512. Exports exempted.

No article of food shall be deemed adulterated or misbranded within the provisions of this chapter [Secs. 26450-26624] when prepared for export beyond the jurisdiction of the United States and prepared or packed according to specifications or directions of the foreign purchaser, when no substance is used in the preparation or packing thereof in

**Deering's Health and Safety Code, Div. XXI, Ch. 3—
"Pure Foods Act"—Continued.**

conflict with the laws of the foreign country to which the article is intended to be shipped.

If such foods are in fact sold or kept or offered for sale for domestic uses and consumption, then this section shall not exempt the article from the operation of any provisions of this chapter. [1939; last amended 1943.]

Sec. 26513. Alteration of labeling.

The alteration, mutilation, destruction, obliteration, or removal of the whole or any part of the labeling of, or the doing of any other act with respect to a food is unlawful if such act results in such article being misbranded. [1939]

Sec. 26515. Misbranding prohibited.

The adulteration or misbranding of any food is hereby prohibited. [1939]

Sec. 26518. Possession, etc. prima facie evidence of violation.

The possession, sale, or offering for sale of any adulterated or misbranded article of food by any manufacturer, producer, jobber, packer, or dealer in food, or broker, commission merchant, agent, employee or servant of any such manufacturer, producer, jobber, packer, or dealer, shall be prima facie evidence of the violation of this chapter [Secs. 26450-26624]. [1939; last amended 1943.]

Sec. 26519. Penalty for violations.

Any person who violates any of the provisions of this chapter [Secs. 26450-26624] is guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than twenty-five dollars or more than five hundred dollars, or by imprisonment in the county jail for a term not exceeding six months, or by both such fine and imprisonment.

If the violation is committed after a conviction of such person under this section has become final, such person shall be subject to imprisonment for not more than one year in the county jail, or a fine of not more than \$1,000, or both such imprisonment and fine. [1939]

Sec. 26520. Guaranty protection.

No dealer shall be prosecuted under the provisions of this chapter [Secs. 26450-26624] if after receipt of an article he has used reasonable care in the use and handling thereof and he can produce a guarantee signed by the wholesaler, jobber, manufacturer, or other party located or residing in the United States from whom he purchased such article, to the effect that the same is not adulterated or misbranded within the meaning of this chapter; provided, however, that as to food contained in an original unbroken package, no retailer, who after the receipt of such package has used reasonable care in the use and handling thereof, shall be prosecuted under this chapter for a violation of any

provision thereof in connection with any article received by such retailer in the regular channels of trade and as usual first-class merchantable stock and not as seconds, or damaged articles or merchandise or job lots purchased under such conditions as to put the purchaser on notice that such merchandise was not regular first-class merchandise. [1939; last amended 1943.]

Sec. 26521. Kinds of guaranty; when produced.

Such guaranty may be either general or special and must be produced prior to the time of certification of facts to the district attorney for prosecution. [1939]

Sec. 26522. General guaranty.

A general guaranty shall guarantee without condition or restriction all of the products or articles produced, prepared, compounded, packed, distributed, or sold by the guarantor as not adulterated or misbranded within the meaning of this chapter [Secs. 26450-26624]. [1939; last amended 1943.]

Sec. 26523. Special guaranty.

A special guaranty shall guarantee in the same manner as a general guaranty the particular articles listed in an invoice of the articles, and shall be attached to or shall fully identify such invoice. [1939]

Sec. 26524. Requirements of guaranty.

To afford protection all guaranties must contain the name and address of the party or parties making the sales of such articles to the person. [1939]

Sec. 26525. Extent of guaranty's protection.

A guaranty shall protect a person only where the article covered by such guaranty remains identical, both as to composition and labeling, with the article as composed and labeled when received by the person from the guarantor. [1939]

Sec. 26526. When guaranty refers to Federal act.

If the guaranty is to the effect that such article is not adulterated or misbranded within the meaning of the Federal act it shall be sufficient for all purposes of this chapter [Secs. 26450-26624] and have the same force and effect as though it referred to this chapter whether given by a person residing in the United States or elsewhere. [1939; last amended 1943.]

Sec. 26527. Procedure for breach of guaranty by foreign wholesaler, etc.

In case the wholesaler, jobber, manufacturer or other party making such guaranty to the person resides without this State and it appears from the certificate of the Chief of the Division of Laboratories that such article or articles were adulterated or misbranded, within the meaning of this chapter [Secs. 26450-26624] or the Federal act, the district attorney must forthwith notify the Attorney Gen-

eral of the United States of such violation. [1939; last amended 1943.]

Sec. 26540. Regulations regarding standard of fill of containers.

Whenever in the judgment of the board [State Board of Public Health] such action will promote honesty and fair dealing in the interest of consumers, the board may promulgate regulations establishing for any food or class of food a reasonable definition and standard of identity, or reasonable standard of quality or fill of container.

No standard of identity or fill of container shall be established for beer as defined in the Alcoholic Beverage Control Act. * * * In prescribing any standard of fill of container, the board shall give due consideration to the natural shrinkage in storage and in transit of fresh natural food and to need for the necessary packing and protective material. * * * [1939]

Sec. 26542. Rules and regulations; exemptions.

The authority to promulgate regulations for the efficient enforcement of this chapter [Secs. 26450-26624] is vested in the board [State Board of Public Health]. The board shall promulgate regulations exempting from the provisions of this chapter food which is in accordance with the normal practice of the trade introduced or offered for introduction into trade and which is being delivered to an establishment where it is to be processed, labeled or packed on condition that such food shall conform with the provisions of this act upon its removal from such processing, labeling or packing establishment. The regulations promulgated and the definitions and standards prescribed pursuant to this chapter shall not require higher standards and shall not be more restrictive than the definitions, standards and regulations which are in force, or promulgated by the Federal Security Agency, Food and Drug Administration, under the provisions of the Federal act or by the Animal Foods Inspection Division of the United States Department of Agriculture, in the event that any such definitions, standards, or regulations are in force thereunder. The violation of a regulation promulgated under this chapter shall be deemed to be a violation of this chapter. [1939; last amended 1941.]

Sec. 26547. Sheriffs as enforcement officers.

The sheriffs of the respective counties of the State are hereby appointed agents for the enforcement of this chapter [Secs. 26450-26624]. [1939]

Sec. 26548. Right of entry.

Any agent shall have free access, at all reasonable hours, for the purpose of examining any place where it is suspected that any article of adulterated or misbranded food exists. [1939; last amended 1943.]

Sec. 26549. Taking of samples.

If a sale is refused upon a tender of the market price of the articles, the agent may take from any person samples of any articles suspected of being adulterated or misbranded, and shall deliver or forward such samples to the State laboratory for examination and analysis. [1939; last amended 1943.]

Sec. 26550. Refusal to sell sample.

Any person who refuses to sell to any agent of the board [State Board of Public Health] any sample of food upon tender of the market price therefore, or who conceals any food from such officer, or who withholds from the officer information respecting the place where such food is kept or stored is guilty of a misdemeanor punishable as provided in section 26519. [1939]

Sec. 26551. Police powers.

The Chief of the Bureau of Food and Drug Inspections and the agents and inspectors of the State Board of Public Health shall have the powers possessed by peace officers in this State. [1939]

Sec. 26553. Right to inspect factories and vehicles.

The board [State Board of Public Health] or its duly authorized agent shall have free access at all reasonable hours to any factory, warehouse, or establishment in which foods are manufactured, processed, packed, or held for introduction into commerce, or to enter any vehicle being used to transport or hold such foods, in commerce, for the purpose:

(1) of inspecting such factory, warehouse, establishment, or vehicle to determine if any of the provisions of this chapter [Secs. 26450-26624] are being violated; and

(2) to secure samples or specimens of any food after paying or offering to pay for such sample. [1939]

Sec. 26555. Discretion as to minor violations.

Nothing in this chapter [Secs. 26450-26624] shall be construed as requiring the board [State Board of Public Health] to report for the institution of proceedings under this chapter, minor violations of this chapter, whenever the board believes that the public interest will be adequately served in the circumstances by a suitable written notice of warning. [1939]

Sec. 26580. Misbranded articles to be tagged.

Whenever a duly authorized agent of the board [State Board of Public Health] finds, or has probable cause to believe, that any food is adulterated, or so misbranded as to be dangerous or fraudulent, he shall affix to such article a tag or other appropriate marking, giving notice that such article is, or

Deering's Health and Safety Code, Div. XXI, Ch. 3—
"Pure Foods Act"—Continued.

is suspected of being, adulterated or misbranded and has been detained or quarantined, and warning all persons not to remove or dispose of such article by sale or otherwise until permission for removal or disposal is given by such agent or the court. [1939]

Sec. 26581. Seizure and quarantine when misbranded.

Whenever the findings of the State laboratory or of the Chief of the Bureau of Food and Drug Inspections show after investigation and examination, that any food found in the possession of any person is adulterated or misbranded, the food may be seized and quarantined. [1939; last amended 1943.]

Sec. 26582. Disposition after seizure and quarantine.

The food shall not thereafter be sold, offered for sale, removed or otherwise disposed of until further notice in writing from the board [State Board of Public Health], the director [director of public health], or the Chief of the Bureau of Food and Drug Inspections. [1939; last amended 1945.]

Sec. 26584. Authority to seize and destroy.

Food found to be adulterated or misbranded may, by order of a court or judge, or, in the absence of such an order, with the written consent of the owner thereof, be seized or destroyed. [1939; last amended 1943.]

Sec. 26600. Procedure by sheriff on receipt of verified complaint.

On presentation to him of a verified complaint of the violation of any provisions of this chapter [Secs. 26450-26624], the sheriff of any county of this State shall at once obtain by purchase a sample of the adulterated or misbranded food complained of, and divide the article into three parts. Each part shall be sealed by the sheriff with a seal provided for that purpose. If the package be less than four pounds in weight or in volume less than two quarts, three packages of approximately the same size shall be purchased and the marks and tags upon each package noted as above. [1939; last amended 1943.]

Sec. 26601. Distribution of samples by sheriff.

One sample shall be delivered to the party from whom procured or to the party guaranteeing such merchandise, one sample shall be sent to the Chief of the Division of Laboratories, and the third sample shall be sent to, and held under seal by, the board [State Board of Public Health]. [1939]

Sec. 26615. Establishment of local enforcement divisions.

The board [State Board of Public Health] may organize and establish local food inspection and enforcement divisions with headquarters at such points and with jurisdiction over such territory as the board shall by order specify. [1939]

Sec. 26616. "Local food inspection and enforcement division" construed.

For the purposes of this chapter [Secs. 26450-26624], the term "local food inspection and enforcement division" shall be construed to mean the local health department, headed by the duly appointed, qualified and acting health officer of any county, city, or city and county, designated by order of the board [State Board of Public Health] to act as such division within the territory specified in such order. Such territory may include one or more counties, cities, or cities and counties. [1939]

Sec. 26617. Duties of local division.

A local food protection and enforcement division shall make, or cause to be made, examinations and analyses of food which is suspected of being adulterated or misbranded and which is on sale within the territory where such local division has jurisdiction. [1939; last amended 1943.]

Sec. 26618. Police powers of division health officer.

Within the territory over which a local division has jurisdiction, the health officer of any local food protection and enforcement division and his deputies, shall have the same powers as are possessed by peace officers of this State. [1939]

Sec. 26622. Samples to be furnished local health officer by sheriff.

In exercising the powers conferred upon him by section 26547 the sheriff of a county shall furnish samples of all adulterated or misbranded foods seized or purchased by him to the health officer of the local food inspection and enforcement division, if any, having jurisdiction over the territory within which such seizure or purchase is made. In carrying out the duties imposed by section 26600 a sheriff shall purchase an additional sample and forward the same to such health officer. [1939; last amended 1943.]

Sec. 26623. Construction of article.

The provisions of this article [Secs. 26615-26624] shall not be construed as repealing, either directly or by implication, any of the existing sections of this chapter [Secs. 26450-26624], but shall be construed as constituting an alternative method of enforcing the same. [1939]

Deering's Health and Safety Code, Div. XXI, Ch. 9—
Olive Oil.

Sec. 28475. Definition.

"Olive oil," as used in this chapter [Secs. 28475-28488], means the edible oil obtained from the fruit of the olive tree (*olea europea* L.). [1947]

Sec. 28483. Packing and labeling.

All olive oil manufactured or sold in the State shall be packed in drums or sealed containers not

larger in size than five-gallon cans; and shall bear the following information on the label:

(a) Net contents. [1947]

* * * * *

Sec. 28487. Enforcement.

The board [State Board of Public Health] shall enforce the provisions of this chapter [Secs. 28475-28488]. [1947]

Sec. 28488. Violation of chapter: Misdemeanor; punishment.

Any person violating any of the provisions of this chapter [Secs. 28475-28488] is guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than five hundred dollars (\$500) nor more than one thousand (\$1,000), or by imprisonment in the county jail for not exceeding one year, or by both such fine and imprisonment. [1947]

Deering's Agricultural Code, Div. IV, Ch. 8—"Milk and Milk Products Act of 1947."

[ED. NOTE.—Stats. 1947, Ch. 939, which provided for the addition of Secs. 440-750.4, inclusive, to the Agricultural Code, also provided for the repeal of all former statutes relating to the subjects covered therein, the repealed statutes dating from 1919 to 1945.]

Sec. 687. Tolerances in weights, measures, etc.

No tolerance in weights, measures, percentages of milk fat or moisture, or any other measure or standard shall be permitted, except where specific provisions are made therefor. [1947]

Sec. 688. Babcock glassware, weights, and scales; specifications and tolerances.

All measuring glassware, weights or scales used by licensed testers or licensed technicians shall be accurate. All glassware shall be examined by the director [of agriculture] and if found to be accurate, each piece shall have a legible or indelible distinguishing mark placed upon it by the department. All Babcock glassware and scales shall comply with the following specifications:

(a) Milk test bottle. The total percent graduation shall be 8. The graduated portion of the neck shall have a length of not less than 63.5 millimeters and the graduation shall represent whole per cent, five-tenths per cent and tenths per cent. The error in the total graduation or in any part thereof shall not exceed one-tenth of 1 per cent. The neck shall be cylindrical for at least five millimeters below the lowest and above the highest graduation mark.

(b) Fifty per cent nine-gram long-neck cream-test bottle. The total per cent graduation shall be 50. The graduated portion of the neck shall have a length of not less than 120 millimeters. The graduation shall represent 5 per cent, 1 per cent and five-tenths per cent. The cylindrical part of the neck shall extend at least five millimeters below the lowest and above the highest graduation mark.

Each bottle shall bear at the top of the neck above the graduations, in plain legible characters, a mark defining the weight of the charge to be used—nine grams. The error in the total graduation or in any part thereof, shall not exceed twenty-five hundredths of 1 per cent.

(c) Fifty per cent 18-gram long-neck cream-test bottle. The total per cent graduation shall be 50. The graduated portion of the neck shall have a length of not less than 120 millimeters. The graduation shall represent 5 per cent, 1 per cent and five-tenths per cent. The cylindrical part of the neck shall extend at least 5 millimeters below the lowest and above the highest graduation mark. Each bottle shall bear at the top of the neck above the graduations, in plain legible characters a mark defining the weight of the charge to be used—18 grams. The error in the total graduation or in any part thereof shall not exceed twenty-five hundredths of 1 per cent.

(d) Seventeen and six-tenths milliliter pipette. The delivery tube shall have a length of 100 to 120 millimeters and an outside diameter between 4.5 and 5.5 millimeters, and a straight nozzle. The pipette shall contain 7.6 millimeters of water at 20 degrees Centigrade when the bottom of the meniscus coincides with the mark on the suction tube. The error in the graduation shall not exceed five one hundredths of a milliliter.

(e) Scales or balance. The scales or balance used in weighing cream samples into the test bottles shall have a sensibility of not more than 30 milligrams. [1947]

[ED. NOTE.—For penalty for rendering inaccurate, incorrect, or false tests, see Sec. 381a, page 149.]

Sec. 689. Fees for glassware examinations.

A fee of two dollars (\$2.00) shall be paid by the owner of said glassware to the department for every dozen pieces of Babcock glassware examined. The department shall charge fees for examining glassware and apparatus used in methods of testing other than the Babcock test, sufficient to cover the actual cost of such examination. All moneys received under this section shall be paid into the Department of Agriculture Fund. [1947; last amended 1948.]

Deering's Agricultural Code, Div. V, Ch. 2—"Fruit, Nut and Vegetable Containers."

Sec. 781. Definitions.

As used in this chapter [Secs. 781-831]:

(a) "Container" means any box, crate, lug, chest, basket, carton, barrel, keg, drum, sack, or other receptacle.

(b) "Subcontainer" means any container when being used within another container.

* * * * *

Deering's Agricultural Code, Div. V, Ch. 2—Fruit, Nut and Vegetable Containers—Continued.

(g) "Fruits, nuts, or vegetables" means the food product of any tree, vine or plant.

* * * * *

(l) "Agent" includes broker, commission merchant, auctioneer, solicitor, seller on consignment, and any other person acting upon the actual or implied authority of another.

(m) "Mislabel" means the placing or presence of any false or misleading statement, design, or device, upon any container, or upon the label or lining of any such container, or upon the wrapper of any fresh or dried fruit, nut or vegetable, or upon any fruit, nut or vegetable, or upon any placard used in connection therewith and having reference to such fresh or dried fruits, nuts or vegetables. A statement, design or device is false or misleading, when the fresh or dried fruit, nut or vegetable, or container to which it apparently or actually refers, does not conform in every respect to such statement. [1933; last amended 1941.]

* * * * *

Sec. 782. Enforcement; rules and regulations.

The director of agriculture and the commissioners of each county of the State, their deputies and inspectors, under the supervision and control of the director shall enforce this chapter [Secs. 781–831]. * * *

The director may prescribe methods of selecting samples of lots or containers of fruits, nuts and vegetables on a basis of size or other specific classification, * * *; and make such other rules and regulations as are necessary to secure uniformity in the enforcement of this chapter. [1933; last amended 1941.]

* * * * *

Sec. 783. Right of entry; inspection; prosecutions; seizures.

All enforcing officers may enter and inspect any place or conveyance within the county or district over which they have jurisdiction, where any fresh or dried fruits, nuts or vegetables are produced, stored, packed, delivered for shipment, loaded, shipped, being transported, or sold, and inspect all such fresh or dried fruits, nuts and vegetables and the containers thereof and equipment found in any such places or conveyances and take for inspection, such representative samples of the produce and such containers, as may be necessary to determine whether or not this chapter [Secs. 781–831] has been violated. * * *

All enforcing officers shall cause the prosecution of any person whom they know or have reason to believe to be guilty of violating any of the provisions of this chapter. Any enforcing officer may, while enforcing the provisions of this chapter, seize and hold as evidence all or any part of any pack,

load, bulk lot, consignment or shipment of fresh or dried fruits, nuts or vegetables packed, delivered for shipment, loaded, shipped, or being transported or sold in violation of this chapter, or any container of such product, as may in his judgment be necessary to secure the conviction of the party he knows or believes has violated or is violating any of the provisions of this chapter.

Any prosecution for the violation of any provisions of this chapter may be made in any county where any part of the offense occurred. Any evidence taken by any enforcing officer in any county may be admitted in evidence in any prosecution in any other county. [1933; last amended 1939.]

* * * * *

Sec. 784. Unlawful to use non-standard containers.

It is unlawful to prepare, pack, place, deliver for shipment, deliver for sale, load, ship, transport, cause to be transported or sell any fruits, nuts or vegetables in bulk or in any container or subcontainer unless such fruits, nuts and vegetables, and their containers, conform to the provisions of this chapter [Secs. 781–831]. [1933; last amended 1939.]

Sec. 784.3. False, deceptive or misleading statement, representation or assertion.

It is unlawful to make any statement, representation or assertion orally, by public outcry or proclamation, or in writing, or by any other manner or means whatever concerning the quality, size, maturity, condition of, or any other matter relating to fruits, nuts or vegetables, which is false, deceptive or misleading in any particular. [1935; last amended 1941.]

Sec. 784.4. Unlawful to move tagged containers.

It is unlawful to move any fruits, nuts or vegetables, or their containers to which any warning tag or notice has been affixed, or to remove such warning tag or notice from the place where it is affixed, except under written permit from an enforcing officer or under his specific direction. [1935; last amended 1939.]

Sec. 784.5. Packing in layers not of approximately same count; tight pack.

Except as otherwise provided, it is unlawful to pack any fruits, nuts, or vegetables in layers in containers having straight sides, unless there is approximately the same numerical count in each layer. All packed fruits, nuts, or vegetables must be so packed that they will not move in the container, provided, however, fruits or vegetables which, after having been in storage or after having been shipped, fail to meet this requirement due to unavoidable natural shrinkage occurring after packing, shall not be construed to be in violation of the requirements of this provision. [1935; last amended 1945.]

Sec. 784.6. Fancy pack: Exposed and unexposed portion to be same.

It is unlawful to pack any mixture of fresh or dried fruits, with or without nuts, glazed fruits, or confections, unless the contents of the lower layers or unexposed portion are of the same kind and quality, and in the same proportion, as to count, volume, and weight, as the contents of the top layer or any unexposed portion. [1935; last amended 1947.]

Sec. 784.7. Unlawful not to submit containers for inspection.

It is unlawful to refuse to submit any container, subcontainer, load, or display of fruits, nuts, or vegetables to the inspection of any enforcing officer, or to refuse to stop any vehicle containing any fruits, nuts, or vegetables, for the purpose of inspection by an enforcing officer. [1935]

Sec. 785. Nonstandard containers declared public nuisances; condemnation and destruction of.

(a) Any fruits, nuts or vegetables, packed, stored, delivered for shipment, loaded, shipped, or being transported or sold in violation of this chapter [Secs. 781-831], together with their containers, are a public nuisance and shall be held by the person in whose possession they may be and shall not be moved from the place where they may be, except upon the written permission or upon the specific direction of an enforcing officer.

(b) The enforcing officer may affix a warning tag or notice to such nuisance, and may give notice of such violation to the packer or owner, or to any person in possession of such fruits, nuts or vegetables. If such person, so notified, refuses or fails within 24 hours to recondition or re-mark the same so as to comply with all requirements of this chapter and legally to dispose of such as do not comply with all requirements of this chapter, all such non-complying lots of fruits, nuts or vegetables, together with their containers, may be seized by any enforcing officer. [1933; last amended 1945.]

* * * * *

Sec. 785.3. Director may enjoin repeated violations.

The director [of agriculture] may bring an action to enjoin the second or other repeated violation or threatened second or other repeated violation of any provision of this chapter [Secs. 781-831] in the superior court in and for the county in which the violation occurred or is about to occur. * * * [1939]

Sec. 785.6. Civil liability of violator.

Any person who violates any provision of this chapter [Secs. 781-831] shall, in addition to any penalty otherwise provided, be liable civilly, in an action brought by the director [of agriculture], for a penalty in an amount equal to the value which the fruits, nuts, or vegetables involved in

the violation would have if they conformed to the requirements of this chapter. The value of such noncomplying fruits, nuts and vegetables shall be the current market value of the lowest priced grade of a marketable commodity of like kind and nature at the time and place of the violation. Any money recovered under this section shall be paid into the Department of Agriculture fund. [1939]

Sec. 790. Standards established.

There are hereby established standards for fruits, nuts and vegetables which shall include apricots, avocados, berries, cherries, citrus fruits, dates, grapes, nectarines, peaches, pears, oriental persimmons, plums, and fresh prunes, "wonderful" pomegranates, quinces, walnuts, artichokes, asparagus, Brussels sprouts, cantaloupes, carrots, cauliflower, celery, green corn, head lettuce, Italian sprouting broccoli, melons, onions, peas, potatoes, sweet potatoes, tomatoes and apples. [1933; last amended 1949.]

Sec. 790.5. Emergency standards.

Whenever, upon petition of persons interested in the growing or handling of fruits, nuts, or vegetables, or upon his own motion the director [of agriculture] finds that any provision of this chapter [Secs. 781-831] relating to standards for any commodity or type of container, or relating to any markings required on any container, or any arrangement of the produce within a container, is difficult or impossible of performance by reason of laws or orders promulgated by authority of the Government of the United States, or because of scarcity of materials, labor, or equipment used in the production or marketing of any commodity regulated by this chapter, or that any such provision of this chapter results in serious waste of useful produce otherwise available for human consumption or in serious waste of other resources, or prevents utilization of new technological developments, to the serious disadvantage of California producers, he may establish emergency standards for any such commodity or container, or for the marking of containers, or for the arrangement of produce within the container; and until expiration as hereinafter provided, such emergency standards shall be in full force and effect, notwithstanding any other provision of this chapter, and all provisions of this chapter applying to standards shall apply to such emergency standards in lieu of the standards set forth in this chapter.

All emergency standards established under the provisions of this section shall be reasonably calculated to effectuate the purposes of the standards which they supersede. * * *, and no emergency standards shall be construed to modify in any respect any provision of this chapter designed to prevent deception or mislabeling * * *. [1947]

Deering's Agricultural Code, Div. V, Ch. 2—Fruit, Nut and Vegetable Containers—Continued.

Sec. 791. Apricots: Containers for.

* * * * *

Apricots, when packed, shall be in standard containers numbers 1, 5, 6, 7, 8, 9, 22a, 22b, 24 or 27.

Other size containers may be used if conspicuously marked on the outside of the end which bears any marks intended to describe the contents of such container, in letters not less than one-half inch in height, "irregular container." [1933; last amended 1935.]

Sec. 793. Strawberries and other berries: Containers for.

* * * * *

All strawberries shall be in the dry pint basket, containing an interior capacity of approximately thirty-three and six-tenths cubic inches. All other berries shall be in the dry pint basket or in the dry one-half pint basket containing an interior capacity of approximately sixteen and eight-tenths cubic inches. [1933]

Sec. 794. Cherries: Containers for.

* * * * *

Cherries shall be in standard containers numbers 4, 10, 11, 12, 12A, 22C, 25 or 27.

Other size containers may be used if conspicuously marked on the outside of the end which bears any marks intended to describe the contents of such container, in letters not less than one-half inch in height, "irregular container."

Standard container number 15, the cherry box 3 inches in depth, $9\frac{3}{4}$ inches in width and $18\frac{1}{8}$ inches in length, inside measurements, and the lug 4 inches in depth, $13\frac{1}{2}$ inches in width and $16\frac{1}{8}$ inches in length, inside measurements, shall be considered standard for cherries until January 1, 1942. [1933; last amended 1941.]

Sec. 795.8. Standard citrus field picking box.

Except as otherwise permitted by the tolerance provided in this section, the standard citrus field picking box shall have a cubic content of 3,115 cubic inches and shall not have cleats over one inch high. The volume added to such box by the cleats shall not be considered in computing the cubic content.

Every citrus field picking box that is not standard must be conspicuously marked on an outside end with the word "irregular" and with the cubic content in cubic inches, in letters and figures not less than one inch in height.

All contracts entered into, and all settlements made with growers on the basis of citrus field picking boxes shall be on the basis of the standard box unless such contract or settlement be in writing and expressly provide in type as conspicuous as the balance thereof that the box involved is irregular and state its actual cubic content.

In order to provide for reasonable variation in the cubic content of standard citrus field picking boxes because of atmospheric changes, normal use and normal manufacturing variations, a tolerance of 4 per cent either above or below said standard cubic content shall be permissible. An equal tolerance shall be permissible in the case of irregular citrus field picking boxes above or below the cubic content as marked thereon. [1941]

Sec. 796.1. Markings on containers of citrus fruit.

* * * * *

All containers of packed citrus fruits when packed shall bear upon them in plain sight and in plainly legible letters on one outside end: The name of the packer thereof together with a sufficiently explicit address to permit ready location of such packer; the number * * * of the citrus fruit in the container, except that containers of tangerines, mandarins and limes when not regularly packed, may instead be marked with the cubical capacity of the container; * * * [1941; last amended 1948.]

Sec. 796.3. Count of oranges; number marked on containers; average diameter.

The count of oranges packed in standard containers numbers 53 and 54 and the number marked on the containers as required in Section 796.1 shall be one of the numbers tabulated in Column A, below, and the average diameter marked on the containers shall be the corresponding measurement in Column B, below. The average diameter in inches of the oranges in the container, as determined by inspection of a representative sample, shall be not less than the corresponding measurement tabulated in Column B.

Sec. 796.4. Count of grapefruit; number marked on containers; average diameter.

The count of grapefruit packed in standard containers numbers 53 and 54 and the number marked on the containers as required in Section 796.1 shall be one of the numbers tabulated in Column A, below, and the average diameter marked on the containers shall be the corresponding measurement in Column B, below. The average diameter in inches of the grapefruit in the container as determined by inspection of a representative sample, shall be not less than the corresponding measurement tabulated in Column B.

Sec. 796.5. Count of lemons; number marked on containers; average diameter.

The count of lemons packed in standard container number 56 and the number marked on the containers as required in Section 796.1 shall be one of the numbers tabulated in Column A, below, and the average diameter marked on the containers shall be the corresponding measurement in Column B, below. The average diameter in inches of the lemons in the container, as determined by inspection of a representative sample, shall be not less than the corresponding measurement tabulated in Column B.

[1945]

Sec. 802.6. Grapes: Containers for.

All grapes intended for shipment out of the State of California shall be placed in standard containers numbers 1, 1B, 1C, 2, 5, 6, 7, 8, 9, 9A, 28, 29, 30A, 37A, 37B, 37C, 37D, 37E, 37F, 37G, 38H, 38I, 38J, 49, and 50 subject to the restrictions and additions specified in this chapter [Secs. 781-831]. Except as otherwise designated, all such containers shall be considered as standard for grapes when packed with or without pads.

The depth dimension of containers, exclusive of cleats, designated for grapes in this chapter shall apply only to the depth of the head of each such container.

Containers designated as 37A, 37B, 37C, 37D, 37E, 37F and 37G shall be standard for grapes when used without cleats or with any one of the following defined cleats attached to the top of each end piece; however, no such container shall be less than $4\frac{1}{16}$ nor more than $6\frac{19}{16}$ inches in depth, including the depth of a cleat on each end.

1. Cleat $\frac{3}{8}$ inch depth and $1\frac{1}{16}$ inch width.
2. Cleat $\frac{1}{2}$ inch depth and $1\frac{1}{16}$ inch width.
3. Cleat $1\frac{1}{16}$ inch depth and $1\frac{1}{16}$ or $\frac{7}{8}$ or $1\frac{3}{8}$ inch width.
4. Cleat $\frac{3}{4}$ inch depth.

5. Cleat $\frac{7}{8}$ inch depth and $1\frac{1}{16}$ inch width.

Only the depth measurement of these cleats shall be used to increase the depth measurements of the container.

Containers designated as 5, 6, 7, 8, 9, 9A, 30A, 38H, 38I and 38J shall be standard for grapes when used with or without any style of cleat providing the sides of the container are not placed above the container head.

Containers numbers 28, 29, 49 and 50 shall be standard for grapes only when (1) containing grapes packed in sawdust, cork or similar packing material in sufficient amount to completely surround and cover the grapes and (2) used without cleats.

Containers numbers 30A and 38H shall be standard for grapes only when containing bunches which are (1) individually wrapped in paper or other protective wrapping material and (2) packed in excelsior or other similar packing material.

Container number 37G shall also be considered standard for grapes when each head piece is beveled across each bottom corner at an angle of 45 degrees, starting 2 inches from each such corner, and is notched at the center of the base by a triangle with a base of 4 inches and an altitude of 2 inches and bottom slats are attached to each bevel and to each side of the notch, so as to affect the contour of the box.

Containers designated as 37D, 37F and 37G shall also be considered standard for grapes when constructed as display lugs defined herein and subject to the following restrictions. No other container shall be considered standard for grapes when so constructed.

Standard Display Lug: Container 37G when constructed as a "display lug" shall have a $5\frac{3}{4}$ inch head (1) "slotted" $1\frac{1}{4}$ inches or less from the top or (2) consisting of a top piece $1\frac{1}{4}$ inches deep nailed or fastened to a bottom piece $4\frac{1}{2}$ inches in depth, and shall be used without a cleat or cleats; however, when a pad filler is placed in the bottom of the container a $\frac{3}{8}$ or $1\frac{1}{16}$ inch cleat may be placed on each end of the container on top of the head in such a manner as to add $\frac{3}{8}$ or $1\frac{1}{16}$ of an inch to the height of each end piece.

Special Display Lug: Container 37F when constructed as a "display lug" shall have a $5\frac{1}{2}$ inch head (1) "slotted" $1\frac{1}{4}$ inches or less from the top or (2) consisting of a top piece $1\frac{1}{4}$ inches deep nailed or fastened to a bottom piece $4\frac{1}{4}$ inches in depth, and shall be used without a cleat or cleats.

Special Display Lug: Container 37D when constructed as a "display lug" shall have a $5\frac{1}{2}$ inch head (1) "slotted" $1\frac{1}{4}$ inches or less from the top or (2) consisting of a top piece $1\frac{1}{4}$ inches deep nailed or fastened to a bottom piece $3\frac{7}{8}$ inches in depth, with or without a $\frac{5}{8}$ inch cleat making a total depth of $5\frac{1}{8}$ or $5\frac{3}{4}$ inches.

Deering's Agricultural Code, Div. V, Ch. 2—Fruit, Nut and Vegetable Containers—Continued.

The term "display lug" shall mean a lug with a two-piece or slotted head (with or without cleats) and sides consisting of two pieces, constructed in such a manner that when packed with grapes and lidded, an entire upper section of the lug, together with the lid, can readily be removed, thereby displaying the grapes. [1941; last amended 1943.]

Sec. 803. Peaches: Containers for.

All containers of fresh peaches shall bear upon them in plain sight and in plain letters on one outside end: * * * the size description, when the peaches are packed in the four-basket crate or the count, when wrapped and packed throughout, in straight side containers in uniform layers and rows.

In the case of the four-basket crate the numerical description of the pack in the top layer of the baskets shall be used to designate size. When the count is used to designate the contents of the container a variation of four peaches more or less than the number stated shall be allowed. [1933; last amended 1943.]

Sec. 803.5. Nectarines: Standard containers; marking requirements.

All containers of fresh nectarines shall bear upon them in plain sight and in plain letters on one outside end: * * * the size description, when the nectarines are packed in the four-basket crate or the count, when wrapped and packed throughout, in straight side containers in uniform layers and rows.

In the case of the four-basket crate the numerical description of the pack in the top layer of the basket shall be used to designate size. When the count is used to designate the contents of the container a variation of four nectarines more or less than the number stated shall be allowed.

Nectarines, when packed, shall be in standard containers numbers 1, 1A, 5, 6, 7, 8, 9, 9A, 9B, 12B, 15, 16, 17, 18, 18A, 25, 26, 27 or 27A. Other size containers may be used if conspicuously marked on the outside of the end which bears any marks intended to describe the contents of such container, in letters not less than one-half inch in height, "irregular container." [1949]

Sec. 804. Pears: Containers for.

All containers of pears shall bear upon them in plain sight and in plain letters on one outside end: * * * the size description when the pears are packed in the four-basket crate or the

count when wrapped and packed throughout, in straight side containers in uniform layers and rows.

In the case of the four-basket crate the numerical description of the pack in the top layer of the baskets shall be used to designate size. When the count is used to designate the contents of the container a variation of four pears more or less than the number stated shall be allowed. [1933; last amended 1947.]

Sec. 806. Plums and fresh prunes: Containers for.

All containers of plums and fresh prunes, shall bear upon them in plain sight and in plain letters on one outside end all of the following information:

(d) A designation indicating the size of the plums or fresh prunes in the container as follows:

(1) When packed in the four-basket crate, the description of the arrangement of the pack in the top layer of the baskets.

(2) When wrapped and packed throughout in a straight side container, the count.

(3) When packed without wrappers throughout the container or by the "face and fill" method, in any container other than the four-basket crate, the "row count" directly followed by the word "row," "rows" or the letter "R" all in like size type, or the numerical description.

(4) When loose in any closed container, the numerical description. "Row count" shall mean the number of rows of plums or fresh prunes packed laterally across the end of the container.

"Numerical description" shall mean the numerical arrangement which the plums and fresh prunes would pack in the top layer of a basket if packed in the standard four-basket crate * * *.

When the actual count is used to designate the contents of the container, a variation of four plums or fresh prunes more or less than the number stated shall be allowed.

Plums and fresh prunes shall be in standard containers numbers 1, 1A, 5, 6, 7, 8, 9, 12A, 12B, 14, 15, 16, 17, 18A, 22B, 23, 24, 25, 26 or 27.

Container number 23 shall be standard for plums and fresh prunes only when such fruits are wrapped and packed throughout the container.

Container number 25 shall be standard for plums and fresh prunes only when used with a three-eighths inch cleat or an eleven-sixteenths inch cleat regardless of any other provision of Section 828.85.

Container number 25 may be used without a cleat or with any cleat other than those provided for in this section and other size containers than those provided in this section may be used if conspicuously marked on the outside of the end which bears any marks intended to describe the contents of such containers, in letters not less than one-half

inch in height, "irregular container." [1933; last amended 1949.]

Sec. 810. Artichokes: Containers for.

Artichokes shall be in standard containers numbers 21, 21A and 22.

In the case of container number 21A, if any marking intended to describe the container is placed upon such container, the designation used shall contain the term "special." [1933; last amended 1949.]

Sec. 810.5. Asparagus: Containers for and markings.

All markings required by this section which are on containers less than one-half the size of standard containers numbers 51 and 52 may be in letters smaller than one-half inch in height; provided, such markings are in plain sight and in plain letters.

Asparagus packed in bunches that weigh not less than two pounds per bunch shall be in standard containers as follows:

(a) Bunches in which the stalks are seven and one-fourth inches or longer in length shall be in standard container number 51. (b) Bunches in which the stalks are less than seven and one-fourth inches in length shall be in standard container number 52.

Other size containers may be used if conspicuously marked on the outside of the end which bears any marks intended to describe the contents of such container, in letters not less than one-half of an inch in height with the words "irregular container." [1933; last amended 1949].

Sec. 811. Cantaloupes: Markings on containers.

All containers of cantaloupes in which the pack does not conform to the standard pack provisions for cantaloupes in section 829 shall be conspicuously marked in letters not less than one-half inch in height "irregular pack." [1933; last amended 1937.]

Sec. 812.3. "Bunched carrots" defined.

"Bunched carrots" means carrots with tops attached tied together in a group and does not include carrots with tops removed. [1939; last amended 1947.]

Sec. 812.4. Same: Containers for.

Bunched carrots when in closed wooden containers shall be packed either in standard container 45C, with a nine inch depth, or in standard containers 45, 45A or 45B. [1939; last amended 1949.]

Sec. 812.5. Same: Number and weight of.

Bunched carrots shall conform to the following requirements:

(b) Regardless of size of the carrots each bunch shall consist of no less than four carrots and shall weigh not less than one pound including tops. [1939; last amended 1947.]

Sec. 812.6. Same: Bunches per container.

Bunched carrots, when packed in closed, wooden standard containers numbers 45, 45A, or 45B, shall consist of not more than six dozen bunches, and when packed in a closed, wooden standard container number 45C with a nine inch depth shall consist of not more than three dozen bunches. [1939; last amended 1947.]

Sec. 812.7. Same: Marking of containers.

All closed containers of bunched carrots shall bear upon them in plain sight and in plain letters and numbers on one outside end the following:

(b) The exact number of dozens of bunches in letters and figures at least one inch in height followed by the term "doz." or "dozen." [1939]

Sec. 814. Head lettuce: Containers for; number of heads per container; marking of containers.

In addition to other packing requirements in this chapter [Secs. 781-831] head lettuce, when packed or placed in layers, shall contain either two dozen, two and one-half dozen, three dozen, three and one-half dozen, four dozen, five dozen, 75 or 90 heads of lettuce per standard container numbers 45A and 45B with a slight bulge of crates when lidded.

All containers of lettuce shall bear upon them in plain sight and in plain letters on one outside end, * * *, and in figures not less than one-half inch in height the exact number of heads contained therein; provided, that in the case of lettuce packed in lidded or closed containers without ice the exact number of heads may be marked on the lid of the container, and provided further, that in the case of 10 per cent of the crates in any lots the contents may vary not more than three heads from the count as marked.

All containers of head lettuce shall be standard containers numbers 45A, 45B, or 45C. [1933; last amended 1947.]

Sec. 819. Sweet potatoes: Containers for.

All sweet potatoes when in containers which are closed must be in standard containers numbers 27, 47, 48A and 50A. The container requirements of this section shall not apply to sweet potatoes in

Nut and Vegetable Containers—Continued.

sacks or containers which are not closed. [1933;
last amended 1941.]

Sec. 822. Apples: Markings on containers.

All containers of apples shall bear upon them in plain sight and in plain letters on one outside end: * * *; the minimum net weight of the apples contained therein, or the cubical contents of the package, and in the case of wrapped packed apples the numerical count. A variation of five apples, more or less, than the number stated, shall be allowed. * * * [1933; last amended 1943.]

Sec. 823. Same: Standard and irregular containers; dimensions; marking.

All wrapped apples shall be in one of the following containers: Standard wooden apple box, depth inside, $10\frac{1}{2}$ inches; width inside, $11\frac{1}{2}$ inches; length inside, 18 inches. Standard fireboard apple box, depth inside, $11\frac{1}{2}$ inches; width inside, $11\frac{1}{2}$ inches; length inside, 18 inches, with a tolerance of one-fourth inch in all dimensions. Half wooden apple box, depth inside, $5\frac{1}{4}$ inches; width inside, $11\frac{1}{2}$ inches; length inside, 18 inches. Half fireboard apple box, depth inside, $5\frac{1}{16}$ inches; width inside, $11\frac{1}{2}$ inches; length inside, 18 inches, with a tolerance of one-fourth inch in all dimensions. Apples which are not wrapped shall be in one of the standard containers defined in this section, or in one of the standard apple lugs of the following dimensions: (a) Depth inside, $7\frac{1}{2}$ inches; width inside, $13\frac{1}{2}$ inches; length inside, $21\frac{1}{4}$ inches. (b) Depth inside, $7\frac{3}{4}$ inches; width inside, 14 inches; length inside, $22\frac{5}{8}$ inches. (c) Depth inside, $6\frac{1}{2}$ inches; width inside, $13\frac{1}{2}$ inches; length inside, $20\frac{5}{8}$ inches. Containers designated as (a), (b) and (c) shall be considered as standard when used with or without cleats. Apples which are not wrapped may be in other size containers, and wrapped apples may be in containers smaller than the half apple box, if these are conspicuously marked, in letters not less than one-half inch in height, "irregular container." Such marking is not required on open containers of apples which are not place packed or well packed. [1933; last amended 1943.]

Sec. 828. Standard containers established; definitions; marking; method of measurement.

There are hereby established standard containers and standard packs for the fruits, nuts and vegetables mentioned in Section 829, when being packed or placed in any container, or after packing, or when delivered for shipment, loaded, shipped, being transported, or sold in any container. These standard containers are permissive unless otherwise provided in this chapter [Secs. 781–831]. The words "standard" or "standard container" shall not be placed on any container unless such container con-

forms to the requirements specified for the standard containers of such fruit, nut or vegetable. When the fruit, nut or vegetable is packed in a standard container and in conformity to the standard pack established for such product, and then only, may the container be marked with the words "standard pack" or "standard container and pack."

The numbers, names, and dimensions of standard containers are set forth in the following sections. All measurements, unless otherwise specified, are measurements inside in inches, and reading from left to right are measurements of depth, width, and length, respectively. [1933; last amended 1941.]

Sec. 828.1. Standard, berry, and climax baskets.

1. Standard basket, approximately 8 inches square on top, $6\frac{1}{2}$ inches square on bottom and 4 inches deep, inside measurements.

1A. Standard basket, approximately $5\frac{3}{4}$ inches in width, and $11\frac{1}{4}$ inches in length on top; $5\frac{3}{8}$ inches in width, and $10\frac{1}{2}$ inches in length on the bottom; and $3\frac{5}{16}$ inches in depth, all inside measurements.

1B. Standard basket, approximately $5\frac{1}{4}$ inches square on top, $4\frac{1}{4}$ inches square on bottom and $3\frac{3}{4}$ inches deep, inside measurements.

1C. Standard basket, approximately 8 inches square on top, $6\frac{1}{2}$ inches square on bottom and 5 inches deep, inside measurements.

2. Standard four quart climax basket with following dimensions: length of bottom piece, 12 inches; width of bottom piece, $4\frac{1}{2}$ inches; thickness of bottom piece, $\frac{3}{8}$ of an inch; height of basket, $41\frac{1}{16}$ inches, outside measurements; top of basket, length 14 inches, width $6\frac{1}{4}$ inches, outside measurements. Basket to have cover $6\frac{1}{4}$ inches by 14 inches, when cover is used.

3. Standard berry basket: (a) dry pint containing an interior capacity of approximately $33\frac{3}{10}$ cubic inches. (b) Dry one-half pint containing an interior capacity of approximately $16\frac{8}{10}$ cubic inches. [1939; last amended 1941.]

Sec. 828.7. Lid and container lengths.

Standard containers numbers 45A, 45B and 45C, when lidded, shall have a lid not over twenty-five inches in length. The inside length shown hereinabove for the standard containers numbers 45, 45A, 45B, 45C and 46, shall be a minimum length, with maximum outside length of these containers of twenty-four and one-half inches; and the inside lengths of these containers shall be measured between the end slats, except that if flat end posts wider than one and one-half inches are used, the inside length shall be measured between the posts. [1939]

Sec. 828.75. Grape drums and kegs.

49. Standard grape drum, containing two thousand six hundred forty-two cubic inches, fourteen inches deep, fifteen and one-half inches wide, inside.

50. Standard grape keg containing two thousand six hundred forty-two cubic inches minimum. [1939]

Sec. 828.76. Standard bushel basket.

50A. Standard bushel basket containing 2150.42 cubic inches. [1941]

Sec. 828.8. Pyramid asparagus crates.

51. Standard pyramid asparagus crate, maximum depth inside, eleven inches; length inside, eighteen inches; width at the bottom inside, eleven inches; maximum width at the top inside, ten inches; minimum width at the top inside, nine inches.

52. Standard pyramid asparagus crate, maximum depth inside, ten inches; length inside, eighteen inches; width at the bottom inside, eleven and one-half inches; maximum width at the top inside, ten inches; minimum width at the top inside, nine inches. [1939]

Deering's Agricultural Code, Div. V, Ch. 2—Fruit, Nut and Vegetable Containers—Continued.

Sec. 828.83. Orange, grapefruit and lemon boxes.

No.	Name	Depth inside in inches	Width inside in inches	Length inside in inches
53	Standard two-compartment orange or grapefruit box, each compartment to be -----	11½	11½	12
54	Standard one-compartment orange or grapefruit box -----	11½	11½	24

56	Standard two-compartment lemon box, each compartment to be --	9⅞	13	12½
57	Standard two-compartment half lemon box, each compartment to be -----	4½⅞	13	12½

For the purpose of permitting to be used up lemon box shook manufactured or contracted for to comply with former standards, the following containers numbers 58 and 59 shall be considered as standard for lemons only until December 31, 1942, and after that date containers numbers 56 and 57 shall be the only standard containers for lemons.

58	Standard two-compartment lemon box, each compartment to be --	10	13	12½
59	Standard two-compartment half lemon box, each compartment to be -----	5	13	12½

To allow for reasonable variations in the size of packing containers by reason of manufacturing variations, atmospheric conditions and other factors affecting the size of such containers, the following tolerances from the foregoing dimensions are hereby permitted:

The total inside length of the two compartments of the standard two-compartment orange or grapefruit box, or the standard two-compartment half orange or grapefruit box, shall not be less than 23⅞ inches nor more than 24½ inches;

The total inside length of the standard one-compartment orange or grapefruit box shall not be less than 23⅞ inches nor more than 24½ inches;

The total inside length of the two compartments of the standard two-compartment lemon box, or the standard two-compartment half lemon box, shall not be less than 24⅞ inches nor more than 25½ inches;

If made of wood, tolerance of one-eighth of an inch is hereby permitted in width or depth of any of said standard containers "across the grain" of the wood used in the manufacture thereof, over or under the sizes above specified, and a tolerance of one-thirty-second of an inch over or under such sizes in width or depth "with the grain."

On and after March 1, 1942, lids for the above standard orange or grapefruit boxes shall not exceed 26½ inches in length, and for the above standard lemon boxes shall not exceed 27½ inch in length. [1941]

Sec. 828.85. Lengths of two-compartment containers; sides above heads.

In standard containers numbers 32 and 34 the average inside length of the two compartments, between center and end pieces, shall be not less than 11½₁₆ inches.

Containers designated as standard for apricots, cherries, peaches, pears and plums and fresh prunes in this chapter [Secs. 781-831], shall be considered standard for each such commodity, when used with or without a cleat or cleats, even though the sides of the container are placed above the container head.

These standard containers are hereinafter referred to by their respective numbers. [1939; last amended 1941.]

Sec. 829. Standard containers: Specified.

The standard containers and packs for the following fruits, nuts and vegetables are specified in the following sections.

Any reference in this code to section 829 refers also to sections 829.1. to 829.45, inclusive. [1933; last amended 1939.]

Sec. 829.1. Same: Apricots, berries, cherries, oranges, grapefruit, and lemons.

1. Fresh apricots, numbers 1, 5, 6, 7, 8, 9, 22A, 22B, 24 or 27.

2. Strawberries, number 3a.

3. Red and blackcap raspberries, blackberries, dewberries and loganberries, numbers 3a or 3b.

4. Cherries, numbers 4, 10, 11, 12, 12A, 22C, 25 or 27.

5. Oranges and grapefruit, numbers 53, 54 and 55; lemons, numbers 56, 57, or 58, 59, as provided in Section 828.83. [1939; last amended 1941.]

Sec. 829.15. Same: Grapes.

6. Grapes when packed in sawdust, cork or similar packing material, numbers 28, 29, 49 or 50. Grapes with each bunch individually wrapped in paper or other protective wrapping material and packed in excelsior or other similar packing material, numbers 30A and 38H. All other grapes, numbers 1, 1B, 1C, 2, 5, 6, 7, 8, 9, 9A, 37A, 37B, 37C, 37D, 37E, 37F, 37G, 38I or 38J. [1939; last amended 1941.]

Sec. 829.2. Same: Peaches, pears, persimmons, plums, prunes, and pomegranates.

7. Fresh peaches, numbers 1, 1A, 5, 6, 7, 8, 9, 9A, 9B, 12B, 15, 16, 17, 18, 18A, 25, 26, 27 or 27A.

8. Fresh pears, numbers 1A, 5, 6, 7, 8, 9, 16, 17, 18, 19, 20, 26, 27 or 29A. Container number 19 shall be standard only when used with three pads or cushions.

9. Oriental persimmons, numbers 6, 7, 8, 13, 14, 15, 16, 17, 18, 27 or 32.

10. Plums or fresh prunes, numbers 1, 1A, 5, 6,

7, 8, 9, 12A, 12B, 14, 15, 16, 17, 18A, 22B, 23, 24, 25, 26, or 27.

11. "Wonderful" pomegranates, number 34. [1939; last amended 1945.]

Sec. 829.25. Same: Artichokes.

12. Globe artichokes, numbers 21, 21A or 22. Globe artichokes when packed as a standard pack in all standard containers shall be tightly packed and when in standard containers numbers 21 or 22 with a bulge; and when in standard container number 21 shall have a minimum net weight of thirty-five pounds. The following sizes may be put up as standard packs in the standard container number 21:

Size 1. Packed with not more than sixty artichokes.

Size 2. More than sixty but not more than seventy-five artichokes.

Size 3. More than seventy-five but not more than ninety-six artichokes.

Size 4. More than ninety-six but not more than one hundred twenty-five artichokes.

Size 5. Shall constitute a standard pack in the standard container number 22 and shall pack not more than one hundred twenty-five artichokes in this container. [1939; last amended 1949.]

Sec. 829.3. Same: Cantaloupes.

13. Cantaloupes, numbers 39, 40, 41, 42, 43 or 44. The following counts of cantaloupes when packed, are hereby established as standard packs for the respective standard containers as follows:

Standard pack counts	Container Number	Standard container name
27, 36, or 45 -----	39	Standard cantaloupe crate.
45 or 54 -----	40	Pony cantaloupe crate.
18, 23, 27, 36, 41 or 45 -----	41	Jumbo cantaloupe crate.
9, 12, or 15 -----	42	Standard cantaloupe flat.
9, 12, or 15 -----	43	Special cantaloupe flat.
8, 9, 11, or 12 -----	44	Special cantaloupe flat.

[1939; last amended 1949.]

Sec. 829.35. Same: Carrots and cauliflower.

14. Carrots, numbers 45, 45A, 45B or 45C.

15. Cauliflower, number 46.

[1939; last amended 1945.]

Sec. 829.4. Same: Lettuce.

16. Lettuce, numbers 45A, 45B and 45C.

[1939; last amended 1941.]

Sec. 829.45. Same: Sweet potatoes, tomatoes and asparagus.

17. Sweet potatoes, Numbers 27, 47, 48, 48A and 50A.

18. Tomatoes, Number 27.

19. Asparagus, Numbers 51 and 52.

[1939; last amended 1941.]

Sec. 829.5. Experimental containers.

Nothing in this chapter [Secs. 781-831] prohibits the preparation, packing, shipment or sale under permit of the director of fruits, nuts or vegetables

in any experimental type of containers not conforming to the standards prescribed in this chapter, if each such container is conspicuously marked in letters not less than one-half inch in height, "Experimental Container."

Application for such permit shall be made to the director at least fifteen days before shipment, stating: (1) the name of the product, (2) the quantity intended to be shipped, (3) the description and inside dimensions of the container, expressed in inches, and (4) the quantity of such product, if any, shipped by the applicant in all types of containers during the preceding year, or if no shipments of such product were made by the applicant during the preceding year, then an estimate of the total quantity which such applicant will ship in all types of containers during the current year.

If the director finds that the container is not deceptive in shape, design, or capacity, he may issue to the applicant a permit for the shipment of a specified quantity of the product in such containers within a specified period, not exceeding one year. If the applicant during the preceding calendar year has shipped products of the kind specified in the application during the preceding year, no permit shall be issued for the shipment in experimental containers of more than 5 percent of the quantity of any such product shipped in all types of containers by such person in the preceding calendar year.

Any type of container for which a permit has been issued, which is uniformly marked as provided in this section, and which is not used for shipping fruits, nuts, and vegetables in excess of the quantities specified in the permit, shall be deemed an experimental type of container within the meaning of this section. [1937; last amended 1949.]

Sec. 829.6. Consumer packages: Requirements; fruits.

Nothing in this chapter [Secs. 781-831] prohibits the preparation, packing, shipment or sale of fresh fruits, including grapes, singly or in combination with dried fruits, nuts, dates, candies, preserves or any other commodity in substantial quantities in any "consumer package" or container not conforming to the container or marking requirements prescribed in this chapter, if such containers of fresh fruit: (1) Are transported, displayed for sale and sold unbroken and not in any part or unit of measurement other than the entire package; (2) when made of similar materials and of similar design or shape, to those used for standard containers, are not of a size within 15 per cent of the cubical content of any standard container defined in this chapter for such commodity; and (3) are clearly and conspicuously marked on one side or end or on the top with the words "direct-to-consumer" or "consumer package" or "gift package" or some similar designation, approved by the director, in letters at least one-half inch in height. This section is in-

tended to prevent any deception or evasion of the standard container provisions of this chapter and shall not apply to citrus fruits or berries when the container consists of citrus fruits alone or berries alone. [1947]

Sec. 829.7. Same: Vegetables, melons and tomatoes.

Nothing in this chapter [Secs. 781–831] prohibits the preparation, packing, shipment or sale of vegetables, cantaloupes, melons, or tomatoes in any “consumer package” or container not conforming to requirements of this chapter as to containers, markings or packing requirements provided in the specific commodity section for each such commodity, if each container (1) is clearly and conspicuously marked with the words “consumer package” or some similar designation, approved by the director, in letters at least one-half inch in height; and (2) is not of a size within 15 per cent of the cubical contents of any standard container defined in this chapter for such commodity.

Nothing in this section shall be construed to modify any of the provisions of this chapter relating to deception or mislabeling. [1947]

Sec. 830. Exemption from standards during transportation or delivery.

Fruits, nuts, and vegetables, of the kinds specified in this chapter [Secs. 781–831], if not wrapped or packed, are exempt from the standards established in this chapter when being transported or delivered to the destinations and for the purposes herein set forth, or when prepared, loaded, shipped, or sold under the following conditions:

(a) From a packing plant which has not proper or adequate facilities for processing, grading, packing, or reconditioning, to another packing plant within the State which has such facilities;

(b) To a by-product plant within the State for commercial processing, preserving, or manufacture of by-products for resale; provided, that dates are not exempt from the standards established by Section 798 of this code, except when being transported or delivered (a) to a distillery for the manufacture of brandy or alcohol; or (b) to any person for the production of any product which is not for human consumption;

(c) To a feed yard within the State for livestock feeding purposes;

(d) To a dumping ground or waste disposal plant within the State for disposal;

(e) From the orchard or field where they were produced to a packing plant within the State for first processing, grading, or packing. [1933; last amended 1947.]

Sec. 831. Penalty for violations.

The violation of any of the provisions of this chapter [Secs. 781–831] is a misdemeanor and pun-

ishable by a fine of not less than fifty dollars nor more than five hundred dollars, or by imprisonment in the county jail for not more than six months, or by both. [1933]

Deering's Agricultural Code, Div. V, Ch. 2a—Honey Standards.

Sec. 840. Definitions.

When used in this chapter [Secs. 840–845.2]:

* * * * *

(f) * * * Any pack shall be considered deceptive which is “slack-filled” unless the container is so marked, even though such containers are marked with the proper net weight of the honey contained therein.

(g) “Slack-filled” means that the contents of any container occupy less than ninety-five per cent of the volume of the closed container.

* * * * *

(k) “Honey” means the nectar of floral exudations of plants gathered and stored in the comb by honey bees (*apis mellifica*). It is a laevo-rotatory, contains not more than twenty (20) per cent of water, not more than twenty-five (25) one-hundredths of one per cent of ash, not more than eight (8) per cent of sucrose, its specific gravity is not less than 1.412, its weight not less than eleven (11) pounds, twelve (12) ounces per standard gallon of 231 cubic inches at sixty-eight (68) degrees Fahrenheit.

(l) “Comb honey” means honey in the comb.

(m) “Adulterated honey” shall mean any honey to which has been added honeydew, glucose, dextrose, molasses, sugar, sugar sirup, invert sugar, or any other similar product or products, other than the nectar of floral exudations of plants gathered and stored in the comb by honey bees.

(n) “Extracted honey” means honey which has been removed from the comb.

[1935; last amended 1937.]

Sec. 841. Enforcement.

The director [director of agriculture] and the commissioners of each county of the State, their deputies and inspectors, under the supervision and control of the director shall enforce this chapter [Secs. 840–845.2]. * * * * * [1935]

Sec. 842. Shipment, sale, etc. of honey in containers.

It is unlawful to prepare, pack, place, deliver for shipment, deliver for sale, load, ship, transport or sell any honey, adulterated honey or any product marked, labeled or designated as honey, in bulk or in any container or subcontainer, which does not conform to the provisions of this chapter [Secs. 840–845.2]. [1935; last amended 1937.]

Sec. 843. When a public nuisance; seizure and destruction.

Any honey, packed, stored, delivered for shipment, loaded, shipped, or being transported or sold in violation of any of the provisions of this chapter [Secs. 840-845.2] and its containers, is a public nuisance, and shall be held by the person in whose possession such honey may be and shall not be moved from the place where it may be, except under the specific direction of a proper enforcing officer. The enforcing officer may affix a warning tag or notice of such nuisance. If, after notice of such violation is given to the packer or owner of such honey, or to the agent of such packer or owner, such person, so notified, refuses, or fails within twenty-four hours, to recondition or remark the same so as to comply with all requirements of this chapter, such honey and its containers may be seized by the director [of agriculture] or any enforcing officer and by order of the justice's, municipal or superior court of the county, city, or township within which the same may be, shall be condemned and destroyed, or released upon such conditions as the court, in its discretion, may impose to insure that it will not be packed, delivered for shipment, shipped, transported, or sold in violation of this chapter. * * *

Sec. 843.2. Markings on containers: How made.

When any markings are used or required to be used by this chapter [Secs. 840-845.2], on any container of honey to identify the container or describe the contents thereof, such markings must be plainly and conspicuously marked, stamped, stenciled, printed, labeled or branded in the English language in letters large enough to be readily discernible, by any person, on the top, front, or side of any container. If the marking is on a placard used in display the placard must be placed or posted in such a position that there is no doubt as to the product it is to identify. [1935]

Sec. 844. Marking of comb honey.

All comb honey shall be conspicuously marked, either on the section or on its individual container, with * * * (2) the net weight of the comb section, stated in terms of whole ounces; * * *

Sec. 844.1. Markings on containers of extracted honey.

All containers or subcontainers of extracted honey shall be conspicuously marked with * * * (2) the net weight of the honey in the container; * * *

As applied to extracted honey:

* * * * *

(d) Any "slack filled" container shall be conspicuously marked "slack filled".

* * * * *

Extracted honey in containers holding five ounces or more, shall be packed, offered for sale and sold in the exact units of weight as set forth in the table of standard weights of honey in containers provided for in Section 845. [1937; last amended 1939.]

Sec. 845. Standard containers.

There are hereby established standard units of net weight of honey in containers.

Containers which hold the following units of weight of honey are referred to as standard containers:

60 pounds	3 pounds	12 ozs. avoirdupois
12 pounds	2½ pounds	8 ozs. avoirdupois
10 pounds	2 pounds	5 ozs. avoirdupois
6 pounds	1½ pounds	
5 pounds	1 pound	

[1935; last amended 1939.]

Sec. 845.1. Exemptions from chapter.

All honey which is not graded, and which is intended to be used in commercial processing, as for clarifying and packing in retail or wholesale containers, or for the manufacture of honey products for resale or which is being delivered to any person for grading, packing, processing, or reconditioning, is exempt from the provisions of this chapter [Secs. 840-845.2]. The containers of such honey must not bear any false or misleading statements, and such honey must not be deceptively packed. [1935; last amended 1937.]

* * * * *

Sec. 845.2. Penalty for violations.

The violation of any of the provisions of this chapter [Secs. 840-845.2] is a misdemeanor and punishable by a fine of not less than ten dollars nor more than five hundred dollars, or by imprisonment in the county jail for not more than six months, or by both. [1935]

Deering's Agricultural Code, Div. V, Ch. 3—Containers for Canned Fruits and Vegetables.

Sec. 854. Standard size cans for ripe olives.

The standard size of cans for canned ripe olives packed, shipped, delivered for shipment, or sold in the State are:

(a) Buffet can, which is a cylindrical can two and eleven-sixteenths inches in diameter by three and one-quarter inches in altitude.

(b) Six ounce, which is a cylindrical can two and eleven-sixteenths inches in diameter and four inches in altitude.

(c) No. 1 tall, which is a cylindrical can three inches in diameter and four and twenty-one thirty-seconds inches in altitude.

(d) Cylinder pint, which is a cylindrical can two and eleven-sixteenths inches in diameter and six inches in altitude.

(e) Cylinder quart, which is a cylindrical can

Deering's Agricultural Code, Div. V, Ch. 3—Containers for Canned Fruits and Vegetables—Continued.

three and three-eighths inches in diameter and seven and one-quarter inches in altitude.

(f) No. 2½, which is a cylindrical can four inches in diameter and four and eleven sixteenths inches in altitude.

(g) No. 10, which is a cylindrical can six and one-eighth inches in diameter and six and fifteen-sixteenths inches in altitude. [1933]

Sec. 870. False or misleading marks; olive container label.

There shall be no false or misleading marking or designation on any container of canned fruit, vegetable or ripe olives. The label covering the walls of a container of olives, except when packed in clear glass, shall show * * * a statement of the approximate number of olives contained in the can, * * *. [1933; last amended 1935.]

Sec. 871. Federal standards and marking requirements.

The standard of quality, condition, and/or fill of container and requirements for marking of canned fruits and vegetables, including olives, shall be, * * *, that promulgated or to be promulgated by the Secretary of the United States Department of Agriculture. The foregoing markings for canned ripe olives shall be enforced until such time as requirements for markings for canned ripe olives shall be promulgated by the United States Department of Agriculture, at which time the above markings for canned ripe olives shall be changed to comply with the regulations of the United States Department of Agriculture. [1933]

Sec. 872. Enforcement.

The Director of Public Health shall enforce this chapter [Secs. 851–883] and for that purpose may:

(a) Enter and inspect every place within the State where canned fruits and/or vegetables, including olives, are canned, stored, shipped, delivered for shipment, or sold, and to inspect all fruits and/or vegetables, including olives, and containers found in any such place.

(b) Seize and retain possession of any canned olives or canned fruits and/or vegetables packed, shipped, delivered for shipment, or sold in violation of any of the provisions of this chapter, and hold same pending the order of the court. [1933]

* * * * *

Sec. 877. Guaranty protection.

No person shall be convicted of a violation of any provision of this chapter [Secs. 851–883] if he establishes a guaranty, signed by the person residing or lawfully engaged in business in the State, by or for whom the canned fruit, including olives, in question were originally packed, to the effect that the product in question complies in all respects with the provisions of this chapter. Such guaranty,

to afford protection, shall contain the name and address of the party making such guaranty, and such guarantor shall be amenable to all of the prosecutions, fines and penalties provided for by this chapter. [1933]

Sec. 878. Penalty for violations.

Any person, firm, company or corporation violating any of the provisions of this chapter [Secs. 851–883] shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than five dollars nor more than five hundred dollars, or shall be imprisoned in the county jail for a term not exceeding six months, or by both such fine and imprisonment. * * * [1933]

Deering's Agricultural Code, Div. V, Ch. 7, Art 3—Economic Poisons.

Sec. 1061. Definition.

As used in this article [Secs. 1061–1079]:

(a) "Economic poisons" includes any substance, or mixture of substances intended to be used for preventing, destroying, repelling, or mitigating any and all insects, fungi, bacteria, weeds, rodents, predatory animals or any other form of plant or animal life which is, or which the director [of agriculture] may declare to be, a pest, which may infest or be detrimental to vegetation, man, animals or households, or be present in any environment whatsoever. [1933; last amended 1935.]

* * * * *

Sec. 1064. When misbranded.

Economic poison is misbranded when:

* * * * *

(f) In package form, and the contents, if stated in terms of weight or measure, are not plainly and correctly stated on the outside of the package. [1933; last amended 1949.]

* * * * *

Sec. 1066. Sale unlawful when misbranded.

It is unlawful to sell any adulterated or misbranded economic poison. [1933; last amended 1943.]

Sec. 1067. Guaranty protection.

In any prosecution of any agent or dealer under the provisions of section 1066 it is a complete defense to prove that the adulterated or misbranded economic poison which is the basis of said prosecution was guaranteed by the party from whom said agent or dealer purchased the same to be not adulterated or misbranded. [1933]

Sec. 1068. Rules and regulations.

The director [of agriculture] shall make rules and regulations for carrying out the provisions of this article [Secs. 1061–1079]. * * * [1933]

Sec. 1075. Seizure and quarantine.

The director [of agriculture] may seize and quarantine any economic poison which is adulterated, or misbranded within the meaning of this article [Secs. 1061-1079], * * *. It shall be unlawful for any person to transport, destroy or dispose of any quarantined economic poison without securing a permit from the director. [1933; last amended 1939.]

Deering's Agricultural Code, Div. V, Ch. 7a—Commercial Feeding Stuffs.

Sec. 1081. Definition.

"Commercial feeding stuffs" includes all feeding stuffs and concentrates used for feeding live stock and poultry except the following:

- (a) Whole seeds or grains, when unmixed.
- (b) Fresh green roughage, and unprocessed liquid milk in all its forms.
- (c) Whole hays, straws, cottonseed hulls, corn stover and wet citrus waste residue, when unprocessed and unmixed with other materials.
- (d) Wet garbage, and salt except in block or chunk form.
- (e) Preparations which are sold as or represented to be primarily for the cure or mitigation of disease.
- (f) Preparations which are sold for feeding domestic pets; such as, dogs, cats, and birds. [1933; last amended 1941.]

Sec. 1083. Marking requirements.

Every lot or parcel of commercial feeding stuffs sold or distributed within this State except as otherwise provided in this chapter [Secs. 1081-1092] or by specific regulation of the director [of agriculture] declaring the statement not to be applicable to certain products, shall have affixed thereto a tag or label, in a conspicuous place on the outside thereof, containing a legible and plainly printed statement certifying:

- (a) The net weight of the contents of the lot or parcel. [1933; last amended 1947.]

* * * * *

Sec. 1083.3. Invoices to customers; numbering and particulars; tags and stamps; exempt services.

Any person who manufactures, processes, or mixes any commercial feeding stuffs, for another, shall, when such commercial feeding stuffs (special mixes) are not to be resold, furnish to the person for whom said commercial feeding stuffs are manufactured or mixed, a numbered invoice which shall have written or printed thereon the date of sale and the name and the number of pounds of each ingredient entering into such commercial feeding stuffs. Each package of such commercial feeding stuffs mixture shall have attached thereto a written or printed tag upon which shall be stated: The

product in the package is a special mix; the number and date of the invoice; the name of the mixer or manufacturer; and the net weight of the contents. * * * The provisions of this chapter [Secs. 1081-1092] shall not apply to services classed as "toll milling" or "custom milling." The processing of exempt commodities by the person negotiating the sale of such exempt commodities shall not be classed as "toll milling" or "custom milling." [1935; last amended 1947.]

Sec. 1086. Mislabeling defined.

Commercial feeding stuffs shall be deemed to be mislabeled if in any respect they are not as represented. [1933; last amended 1941.]

Sec. 1089. Violations; penalties.

Any person is guilty of a misdemeanor and is punishable by a fine of not more than one hundred dollars (\$100) for the first violation and not less than one hundred dollars (\$100) for each subsequent violation, who:

- (a) sells or distributes in this State, any commercial feeding stuffs without having attached thereto such labels, * * * as are required by this chapter [Secs. 1081-1092];
- (b) obstructs or prevents or attempts to prevent the department [of agriculture] or its authorized agent in the performance of its duty in connection with the provisions of this chapter;

* * * * *

- (i) makes any false or fraudulent claim or representation, relating to any commercial feeding stuffs, on any label or invoice, or in any advertisement, or in any other manner. [1933; last amended 1947.]

* * * * *

Sec. 1091. Enforcement officer; rules and regulations.

The director [of agriculture] shall enforce the provisions of this chapter [Secs. 1081-1092] and prescribe and enforce such rules and regulations relating to the sale of, * * * commercial feeding stuffs as he may deem necessary to carry into effect the full intent and meaning of this chapter. [1933; last amended 1947.]

Deering's Agricultural Code, Div. V, Ch. 8, Secs. 1101 to 1108.1—Eggs.

[ED. NOTE.—These sections comprise requirements for the grading of eggs including minimum weights for the different size grades, and are not given in detail because the requirements relate primarily to quality.]

Deering's Agricultural Code, Div. VI, Ch. 5—Agricultural Warehouses.

Sec. 1231. Definitions.

As used in this chapter [Secs. 1231-1258]:

- (a) "Warehouse" means every elevator, building, structure, or other protected enclosure within

Deering's Agricultural Code, Div. VI, Ch. 5—Agricultural Warehouses—Continued.

the State, in which any agricultural product is or may be stored. [1933]

* * * * *

Sec. 1232. Powers of director.

The director [of agriculture] is authorized:

(a) To investigate the storage, warehousing, classifying according to grade and otherwise, weighing and certification of products. [1933]

* * * * *

Sec. 1240. Classifier's license.

The director [of agriculture] may, upon presentation or [of] satisfactory proof of competency, issue to any person a license to classify any product or products, stored or to be stored in a warehouse licensed under this chapter [Secs. 1231-1258], according to grade or otherwise and to certificate the grade or other class thereof, or to weigh the same and certificate the weight thereof, or both to classify and weigh the same and to certificate the grade or other class and the weight thereof, upon condition that such person agrees to comply with and abide by the terms of this chapter and of the rules and regulations prescribed hereunder. [1933]

Sec. 1241. Suspension or revocation of license.

Any license issued to any person to classify or to weigh any product under this chapter [Secs. 1231-1258] may be suspended or revoked by the director [of agriculture] whenever he is satisfied, after opportunity afforded to the licensee concerned for a hearing, that such licensee has failed to classify or to weigh any agricultural product correctly. * * * [1933; last amended 1945.]

Sec. 1247. Contents of receipts.

Every receipt issued for products stored in a warehouse shall embody within its written or printed terms:

* * * * *

(f) A description of the products received, showing the quantity, or, in case of products customarily put up in bales or packages, the marks, numbers, or other means of identification and the weight of such bales or packages. [1933]

* * * * *

Sec. 1254. Suspension or revocation of license.

The director [of agriculture] may suspend or revoke any license issued under this chapter [Secs. 1231-1258], for any violation of or failure to comply with any provisions of this chapter or of the rules and regulations made hereunder or upon the ground that unreasonable or exorbitant charges have been made for services rendered. Pending investigation, the director, whenever he deems necessary, may suspend a license temporarily without hearing. * * * [1933; last amended 1945.]

Deering's Agricultural Code, Div. VI, Ch. 9—Farm Products.

Sec. 1299.18. Definitions.

As used in this chapter [Secs. 1299.18-1300.9i]:

* * * * *

(c) The term "farm products" includes all agricultural, horticultural, viticultural and vegetable products of the soil, honey and bees-wax, flaxseed and cottonseed, but shall not include timber and timber products, milk and milk products.

(d) The term "processor" means any person engaged in the business of processing, or manufacturing farm products, who solicits, buys, contracts to buy, or otherwise takes title to or possession or control of, farm products from the producer thereof for the purpose of processing or manufacturing the same and selling, reselling or redelivering the same in dried, canned, extracted, fermented, distilled, frozen, or other preserved or processed form.

Retail merchants having a fixed or established place of business in this State shall not be included within the term "processor"; provided, however, that such exemption shall apply only to retail merchants who do not also sell at wholesale farm products processed or manufactured by them. [1935; last amended 1947.]

Sec. 1299.19. Weighing by public weighmaster.

In all cases where farm products are sold to and purchased by processors on the basis of weight, such products shall be weighed by a public weighmaster, licensed under the laws of this State, and a certificate as to such weight issued by him to the seller, and settlement for such product shall be made on the weight shown thereby. [1939; last amended 1945.]

Sec. 1300. Exemptions.

This chapter [Secs. 1299.18-1300.9i] does not apply to or include any nonprofit cooperative association organized and operating under and by virtue of the provisions of Chapter 4, Division VI of the Agricultural Code of this State or of similar laws of any other States or the District of Columbia or the United States or the agents of such organizations in the performance of their duties as such except as to that portion of the activities of such organization, or agent, as involves the handling or dealing in the farm products of nonmembers of such organizations. [1935; last amended 1939.]

Sec. 1300.6. Penalty for violations; civil liability.

(1) Any person is guilty of a misdemeanor and is punishable by a fine of not more than one thousand dollars (\$1,000), or by imprisonment in the county jail for not more than one (1) year, or by both fine and imprisonment, who under the provisions of this chapter [Secs. 1299.18-1300.9i]:

* * * * *

(e) Who fails to comply in every respect with this chapter.

* * * * *

(4) Any person who violates any provisions of this chapter shall be liable civilly in the sum of five hundred dollars (\$500) for each and every violation, such sum to be recovered in an action by the director [of agriculture] in any court of competent jurisdiction. All sums recovered under this section shall be deposited in the State Treasury to the credit of the Department of Agriculture Fund. [1935; last amended 1949.]

Penal Code of 1947—Misdemeanor.

Sec. 19. Punishment of misdemeanor when not otherwise prescribed.

Except in cases where a different punishment is prescribed by any law of this State, every offense declared to be a misdemeanor is punishable by imprisonment in the county jail not exceeding six months, or by fine not exceeding five hundred dollars, or by both. [1933]

Penal Code of 1947, Part 1, Title X—False Tests as to Dairy Products.

Sec. 381a. Penalty for rendering inaccurate, incorrect, or false tests as to dairy products.

Any person, or persons, whether as principals, agents, managers, or otherwise, who buy or sell dairy products, or deal in milk, cream or butter, and who buy or sell the same upon the basis of their richness or weight or the percentage of cream, or butter-fat contained therein, who use any apparatus, test-bottle or other appliance, or who use the "Babcock test" ¹ or machine of like character for testing such dairy products, cream or butter, which is not accurate and correct, or which gives wrong or false percentages, or which is calculated in any way to defraud or injure the person with whom he deals, is guilty of a misdemeanor, and upon conviction shall be fined not more than five hundred dollars (\$500.00) or imprisoned in the county jail not more than six (6) months. [1901]

¹ See Sec. 688, Agricultural Code, page 133.

Deering's General Laws, Vol. 2, Act 3796—"Alcoholic Beverage Control Act."

Sec. 34. Packages not conforming to statute.

* * * * *

(b) It shall be unlawful for any rectifier or wholesaler of distilled spirits to deliver to the premises of any on- or off-sale general licensee or for any on- or off-sale general licensee to sell or have in his possession at the licensed premises distilled spirits in package containing more than one gallon and, after December 31, 1937, in packages containing less than one-half pint; except that the provisions of this paragraph shall not apply to

packages of distilled spirits in containers less than one-half pint which are sold and delivered to railroad, sleeping car or steamship companies for use and consumption on trains or boats. [1935; last amended 1945.]

* * * * *

[ED. NOTE.—The State Board of Equalization shall enforce the provisions of Act 3796. See Sec. 38 of said act.]

Sec. 53.6. Containers for beer.

* * * No beer intended for sale in the State of California, except for export, shall be contained in bottles, jugs or cans having a capacity of more than 64 ounces, * * *, provided that nothing in this paragraph shall be construed to prohibit the possession or sale by a qualified licensee of draft or unpasteurized beer from or in metal or wood kegs of a capacity of three and one-half (3½) gallons or more. [1937]

Deering's General Laws, Vol. 2, Act 6386—"Public Utilities Act."

Sec. 46. Gas, electricity, water and heat: Measuring appliances; testing before use; testing upon request; fees.

(a) The commission [railroad commission] shall have power, * * * to ascertain and fix just and reasonable standards, classifications, regulations, practices, measurements, or service to be furnished, imposed, observed and followed by all electrical, gas, water and heat corporations; * * * to establish reasonable rules, regulations, specifications, and standards to secure the accuracy of all meters and appliances for measurements; and to provide for the examination and testing of any and all appliances used for the measurement of any product, commodity or service of any such public utility.

* * * * *

(c) Any consumer or user of any product, commodity or service of a public utility may have any appliance used in the measurement thereof tested upon paying the fees fixed by the commission. The commission shall establish and fix reasonable fees to be paid for testing such appliances on the request of the consumer or user, the fee to be paid by the consumer or user at the time of his request, but to be paid by the public utility and repaid to the consumer or user if the appliance is found defective or incorrect to the disadvantage of the consumer or user, under such rules and regulations as may be prescribed by the commission. [1915; last amended 1919.]

Deering's Water Code—Miner's Inch.

Sec. 24. Miner's Inch of Water.

The standard miner's inch of water shall be equivalent to one and one-half cubic feet of water per minute, measured through any aperture or orifice. [1943; based on Stats. 1901, Ch. 222, Sec. 1.]

1935 Statutes Annotated, Vol. 4, Ch. 175—Weights and Measures.

Sec. 1. Standard of weights and measures.

The weights and measures accepted and used by the government of the United States at the present time, except as hereinafter provided, shall be deemed the lawful standard of weights and measures of the people of this state. [1868]

Sec. 2. Ton.

The ton shall be twenty hundred pounds weight, avoirdupois. [1868]

Sec. 3. Bushel weights; bushel for charcoal; perch of stone; perch of brickwork; foot wall of brick; size of brick; method of measuring inch of water.

Sixty pounds of wheat, fifty-six pounds of rye, fifty-six pounds of Indian corn, seventy pounds of corn in the ear, forty-eight pounds of barley, thirty-two pounds of oats, sixty pounds of potatoes, sixty pounds of beans, sixty pounds of clover seed, forty-five pounds of timothy seed, forty-four pounds of hemp seed, fifty-two pounds of buckwheat, fourteen pounds of blue grass seed, fifty pounds of corn meal, fifty-seven pounds of onions, eighty pounds of salt, eighty pounds of lime, eighty pounds of mineral coal, respectively, shall be the standard weight of a bushel of each of the foregoing articles; and twenty-five hundred cubic inches of charcoal shall be the standard measure of a bushel; and a perch of stone in mason work shall be considered sixteen and one-half cubic feet; and for brick work measure, when laid up in wall, shall be counted twenty-two brick per cubic foot for foot wall, and fifteen brick for what is known as eight-inch wall; a common brick to be eight and one-half inches in length, four and one-quarter inches in width, and two and three-eighths inches in thickness; and water sold by the inch by any individual or cor-

poration shall be measured as follows, to-wit: Every inch shall be considered equal to an inch square orifice under a five-inch pressure, and a five-inch pressure shall be from the top of the orifice of the box put into the banks of the ditch, to the surface of water; said boxes, or any slot or aperture through which such water may be measured, shall in all cases be six inches perpendicular, inside measurement, except boxes delivering less than twelve inches, which may be square, with or without slides; all slides for the same shall move horizontally and not otherwise; and said box put into the banks of ditch shall have a descending grade from the water in ditch of not less than one-eighth of an inch to the foot. [1868; last amended 1874.]

Sec. 4. Treasurer to procure standards.

It shall be the duty of the treasurer of this state to procure as soon as possible from the proper department of the federal government, all necessary weights and measures for the use of the state, and as soon as he shall receive them, to give public notice through two or more newspapers, for thirty days, to each and every board of county commissioners in the state, to obtain copies or duplicates of said weights and measures. [1868]

Sec. 5. Equipment: Comparison with standards; approval; condemnation.

All vendors and traders in goods, wares and merchandise, gold dust and other articles of traffic shall, within ninety days after the reception of the standards by said commissioners, have their balances, weights and measures compared with said standards of their respective counties, and approved and marked by the county inspector, and if the same are found to be correct, to be sealed with the name or initial letters of the county inscribed thereon, or condemned by him if found incorrect. [1868]

Sec. 6. Appointment of inspector; bond.

On the first regular meeting of the board of county commissioners in each county in this state, after the passage of sections 1 to 11 of this chapter [Secs. 1-19], and thereafter annually, on the first regular meeting of every year, said county commissioners may appoint a fit and proper person, who shall be styled "Inspector of weights and measures," and shall give bond to the county for the faithful performance of the duties of his office as said commissioners may direct. [1868; last amended 1935.]

Sec. 7. Fees of inspector.

Each county board may make out a list of fees to be charged, and which fees, when charged, shall be recoverable in any court, as any other debt or account is recovered. Each county board may also establish the salary or compensation of said inspector. [1868; last amended 1935.]

Sec. 8. Inspector's tools.

It shall be the duty of each county board, as aforesaid, to furnish to each inspector all the necessary tools, marks and brands which he may require, to be paid for out of the county funds. [1868]

Sec. 9. Offenses; penalty.

All persons, for the purpose of weighing or measuring goods, wares, merchandise, water or other articles of traffic, actually sold by him, not in accordance with sections 1 to 11 of this chapter [Secs. 1-19], shall be deemed guilty of a misdemeanor, and upon conviction thereof may be imprisoned not exceeding one year, or fined not exceeding one thousand dollars, at the discretion of the court in which the conviction shall be obtained. [1868]

Sec. 10. Inspector's duty.

Whenever it shall come to the knowledge of the inspector that any person within his county has violated any of the provisions of sections 1 to 11 of this chapter [Secs. 1-19], it shall be his duty to enter a complaint against him before some magistrate having jurisdiction of the offense thereof, to the end that the offender may be punished and fined according to this law. [1868]

Sec. 12. Weight certificate for coal or coke.

All persons retailing coal or coke in cities of the first or second class, and incorporated towns, whether existing under special charter or otherwise, shall furnish the consignee or purchaser of coal or coke to the amount of one-quarter ($\frac{1}{4}$) of a ton or more, a certificate of weight signed by the owner or agent of official city or town scales. [1893]

Sec. 13. Same: Contents.

The certificate as aforesaid shall plainly state the net weight of the wagon or cart on which the coal or coke is loaded, the net weight of the coal or coke on the said wagon or cart, the total weight of the

coal or coke, and wagon or cart, the license number and name of the driver delivering the coal or coke, the name of the dealer, the name of the weighmaster, and the street number of the location of the scales where the certificate may be issued. [1893]

Sec. 14. Same: Penalty.

Any dealer or driver of any wagon or cart delivering coal or coke without the official certificate of the owner or agent of an official city or town scales shall, on conviction, be fined not less than twenty (20) dollars and not over one hundred (100) dollars together with the cost of suit, for each and every offense. Any driver of a wagon or cart, who may be found delivering coal or coke of a less weight than the certificate calls for, shall, on conviction, be fined not less than thirty (30) dollars or confined one (1) month in the county jail, or both, at the discretion of the court, together with the costs of the suit, for each and every offense. Any owner or agent of any official city or town scales who may be found giving a false certificate of the weight of any coal or coke to be delivered, shall, on conviction, be fined not less than fifty (50) dollars and not more than one hundred (100) dollars, together with costs of suit, for each and every offense. [1893]

Sec. 17. Standard containers for small fruits and berries; exceptions.

On and after the first day of November, 1915, A. D., it shall be unlawful for any person, firm or corporation to sell or offer for sale baskets or other open containers for small fruits or berries, filled or unfilled, within the state of Colorado, which shall contain when even full less than one dry quart or sixty-seven and two-tenths (67.2) cubic inches, one pint which shall contain when even full less than thirty-three and six-tenths (33.6) cubic inches, one-half pint which shall contain when even full less than sixteen and eight-tenths (16.8) cubic inches, or multiples of the dry quart; provided, that nothing herein contained shall prevent the sale of baskets or other open containers for small fruits or berries, filled or unfilled, of smaller than the above sizes if the basket or container is stamped with letters at least three-fourths ($\frac{3}{4}$) of an inch in height, "short measure" on both ends or both sides, and also stating the cubical contents of such basket or other open container. [1915]

Sec. 18. Same: Penalty.

Any person, firm or corporation who shall violate any provision of the last preceding section shall be guilty of a misdemeanor, and for each offense upon conviction thereof, be fined not to exceed one hundred (100) dollars, or sentenced to the county jail for not more than twelve (12) months, either or both, in the discretion of the court. [1915]

1947 Supplement to 1935 Colorado Statutes Annotated, Vol. 2, Ch. 5, Art. 8—"Insecticide, Fungicide and Rodenticide Act of 1947"—Continued.

Sec. 97(9). Seizures.

(a) Any economic poison or device that is distributed, sold, or offered for sale within this state or delivered for transportation or transported in intrastate commerce or between points within this state through any point outside this state shall be liable to be proceeded against in any district court in any county of the state where it may be found and seized for confiscation by process of libel for condemnation:

- (1) In the case of an economic poison,
- (a) If it is adulterated or misbranded;
- (b) If it has not been registered under the provisions of section 97 (4) of this article;
- (c) If it fails to bear on its label the information required by this article; [1947]

* * * *

[Ed. NOTE.—Sec. 97 (7) (not included herein) provides for exemptions with respect to economic poisons, including those used officially by State or Federal officials, used experimentally, and intended for export.]

1935 Statutes Annotated, Vol. 2, Ch. 49—Milk and Cream.

Sec. 3. Enforcement officer.

The state dairy commissioner¹ shall cause to be enforced the provisions of * * * this chapter [Secs. 1-29] and all other state laws regarding the production, manufacture and sale of dairy products. * * * [1913; last amended 1931.]

¹ Now Chief of the Dairy Section, Department of Agriculture. See Laws 1949, Ch. 100, Sec. 9, Subdiv. (c), page 163.

Sec. 8. Babcock tests; glassware; offenses.

It shall be unlawful for any person, or persons engaged in buying, selling, testing or handling, or engaged in determining the value of milk, cream or other dairy products by the use of the Babcock test, to give by himself or his agent any false reading of the test or to manipulate the test in any way so as to give a higher or lower per cent. of butter fat than the milk, cream, or other dairy products actually contain, or to cause any inaccuracy in reading the per cent. of butter fat by securing from any quantity of milk, cream or other dairy product to be tested, an inaccurate sample for the test. * * *

In the use of the Babcock test, the standard milk measure or pipettes shall have a capacity of 17.6 cubic centimeters, and the standard test tubes or bottles for milk shall have a graduated capacity of two cubic centimeters for each 10 per cent. marked on the necks thereof; cream shall be tested by weight and the standard unit for testing shall be 9 grams or 18 grams, and it shall be unlawful to use any other standards of milk or cream measures in creameries or cheese factories or any other place where milk or cream is purchased by or furnished to a receiver and the value of said milk or cream

is determined by the per cent. of butter fat contained in the same.

It shall be unlawful for any manufacturer, merchant, dealer or agent to offer for sale or to sell a milk pipette or measure, test tube, or bottle which is inaccurate or not correctly marked or graduated as herein described. [1913; last amended 1923.]

* * * *

Sec. 13. Weight tickets for milk and cream.

An itemized daily weight ticket covering every shipment of milk or cream shall be furnished with each settlement to the producer or his agent. [1933]

Sec. 27. Obstructing officials; penalty.

Whosoever shall refuse to allow the inspection herein provided for or shall in any way hinder or obstruct the proper officers performing their duties hereunder shall be punished by a fine not exceeding one hundred (\$100) dollars, or by imprisonment in the county jail not exceeding thirty (30) days. [1913]

Sec. 29. General penalty.

Any person, company, or corporation or any agent or servant of a person, company, or corporation violating any of the provisions of * * * this chapter [Secs. 1-29], for violation of which punishment is not elsewhere herein prescribed, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than ten dollars (\$10) nor more than two hundred dollars (\$200) and not over sixty days in jail for each offense. [1913]

1935 Statutes Annotated, Vol. 3, Ch. 58, Art. 2—Narcotic Drugs.

Sec. 37. Marking requirements.

1. Whenever a manufacturer sells or dispenses a narcotic drug, and whenever a wholesaler sells or dispenses a narcotic drug in a package prepared by him, he shall securely affix to each package in which that drug is contained a label showing in legible English the name and address of the vendor and the quantity, kind, and form of narcotic drug contained therein. * * * [1935]

Sec. 46. Enforcement officers.

It is hereby made the duty of [the] state board of health, its officers, agents, inspectors, and representatives, and of all peace officers within the state, and of all district attorneys, to enforce all provisions of sections 28 to 49 of this chapter [Secs. 1-70], except those specifically delegated, and to cooperate with all agencies charged with the enforcement of the laws of the United States, of this state and of all other states, relating to narcotic drugs. [1935]

Sec. 47. Penalties.

Any person violating any provision of sections 28 to 49, both inclusive, of this chapter [Secs. 1-70] shall, upon conviction, be punished for the first offense by a fine not exceeding three hundred dol-

lars (\$300), or by imprisonment in the county jail for not exceeding six months, or by both such fine and imprisonment; and for any subsequent offense, by a fine not exceeding one thousand dollars (\$1,000.00), or by imprisonment in the state penitentiary for not exceeding five years, or by both such fine and imprisonment. [1935; last amended 1947.]

1935 Statutes Annotated, Vol. 3, Ch. 69, Art. 1—Food.

Sec. 2. Offenses; penalty.

It shall be unlawful for any person to manufacture, or sell, or expose for sale, or deliver, or give away, or ship, or offer for shipment, within this state, any article of food, or drug, which is adulterated, or misbranded, within the meaning of sections 2 to 11 of this chapter [Secs. 1-124], except as such article may be in the original package and the subject of interstate commerce under the federal jurisdiction; and any person who shall violate any of the provisions of this section shall be guilty of a misdemeanor, and for each offense shall, upon conviction thereof, be punished by a fine of not exceeding five hundred dollars, or by imprisonment of not exceeding one year, or by both such fine and imprisonment, in the discretion of the court, and for each subsequent offense and conviction thereof shall be punished by a fine of not more than one thousand dollars, or by imprisonment for one year, or by both such fine and imprisonment in the discretion of the court. But no article shall be deemed misbranded or adulterated within the provisions of sections 2 to 11 of this chapter when intended for export to any foreign country and prepared, or packed, according to the specifications or directions of the foreign purchaser, * * *; but if said article shall be in fact sold, or exposed for sale, or delivered, or given away, or shipped or offered for shipment, for use or consumption within this state, then this provision shall not exempt said article from the operation of any of the provisions of sections 2 to 11 of this chapter. [1908; last amended 1921.]

Sec. 3. Rules and regulations.

The state board of health shall make uniform rules and regulations for carrying out the provisions of sections 2 to 11 of this chapter [Secs. 1-124], * * *. But such rules and regulations shall not be more stringent than, nor conflict with, the rules and regulations adopted, or which may hereafter be adopted, for the enforcement of the food and drugs act of the United States, approved June 30, 1906,¹ regulating the misbranding or adulteration, of drug or food products for interstate commerce. [1907]

¹ This act has been superseded by the Federal Food, Drug and Cosmetic Act of June 25, 1938, 21 U.S.C. 301 et seq., 52 Stat. at L. 1040 et seq.

Sec. 6. Definition of food.

* * * The term "food," as used in sections 2 to 11 of this chapter [Secs. 1-124], shall include all articles used for food, drink, confectionery, or condiment, by man or other animals, whether simple, mixed or compound. [1907]

Sec. 8. When food deemed misbranded.

For the purposes of sections 2 to 11 of this chapter [Secs. 1-124] an article shall also be deemed to be misbranded:

In case of food:

Third—if in package form and the contents are stated in terms of weight or measure, they are not plainly and correctly stated on the outside of the package. [1907]

Sec. 9. Guaranty protection.

No dealer shall be prosecuted under the provisions of sections 2 to 11 of this chapter [Secs. 1-124] when he can establish a guaranty signed by the wholesaler, jobber, manufacturer, or other person residing in this state, from whom he purchased any article in question, to the effect that the same is not adulterated or misbranded. Such guaranty, to afford protection, shall contain the name and address of the person making the sale of such article to such dealer, and in such case said person shall be amenable to the prosecutions, fines and other penalties which would attach, in due course, to the dealer under the provisions of sections 2 to 11 of this chapter. [1907]

Sec. 10. Seizure and confiscation.

Any article of food, drug, or liquor, that is adulterated, or misbranded, within the meaning of sections 2 to 11 of this chapter [Secs. 1-124], that is manufactured, or sold, or exposed for sale, or delivered, or given away, or shipped, or offered for shipment, within this state, together with its box, bottle, can, or other container, except as such article may be in the original package and the subject of interstate commerce under the federal jurisdiction, is hereby declared to be a nuisance, and shall be abated upon a complaint, hearing and judgment, or order, of court in a proceeding in the district court, of the district where such article of food, drug or liquor, is found, by seizure and confiscation for destruction or sale. * * * [1907]

1935 Statutes Annotated, Vol. 3, Ch. 69, Art. 9—Standard Containers for Fruits and Vegetables.

Sec. 65. Standard packages.

¹ Now Commissioner of Agriculture. See Laws 1949, Ch. 100, Sec. 9, page 162.

Sec. 67. Rules and regulations for marking of containers.

The director [director of markets ¹] is hereby authorized to promulgate such rules and regulations relative to the proper marking of containers, * * * of all fruits and/or vegetables, as provided in section 84 ² of this chapter [Secs. 1-124]. [1931]

¹ Now Commissioner of Agriculture. See Laws 1949, Ch. 100, Sec. 9, page 162.

² The fruits and vegetables mentioned in section 84 are as follows: peaches, cantaloupes, honeydew melons, honeyball melons, watermelons, head lettuce, broccoli, cauliflower, green peas, potatoes, onions, cabbage, and spinach.

Sec. 81. Deceptive pack.

It shall be unlawful to prepare, deliver for shipment, load, ship, transport, offer for sale or sell for shipment a deceptive pack, load, arrangement or display of fruits or vegetables within the meaning of this subdivision [Secs. 60-101], or to mis-label any container or display of such fruits or vegetables. A deceptive pack or load is hereby defined as one which is so arranged as to * * * misrepresent the contents. [1931]

Sec. 92. Marking requirements for melons and cantaloupes.

All containers of melons and cantaloupes shall be marked in letters not less than three-eighths inch in height with the number of melons contained therein, or if not so marked shall be marked in letters not less than three-eighths inch in height, "irregular pack."

* * * * *

Standard melon and/or cantaloupe crates shall be of the following sizes: ¹

Jumbo standard crate	13	x 13	x 23½
Standard cantaloupe crate	12	x 12	x 23½

Standard honeydew crate	6½	x 16¼	x 23½
Pony honeydew crate	5	x 14½	x 23½

[1931]

¹ All sizes are given in inches.

Sec. 101. Violations; penalty.

Any person, firm, corporation or other organization which violates any provisions of this subdivision [Secs. 60-101] or willfully interferes with the director [director of markets ¹], his deputies, inspectors or employees, in the performance or on account of the execution of his or their duties as

provided by this subdivision shall be deemed guilty of a misdemeanor. Any person convicted under this subdivision shall be punished by the revoking of his license by the director and by a fine of not more than five hundred dollars or by imprisonment in the county jail for not more than three months, or by both such fine and imprisonment in the discretion of the court. (13) Provisions to require the packaging of any agricultural commodity in containers, and to set standards for such containers, in conformity with the regulations or authority contained in any mar-

keting agreement or order issued, adopted or promulgated under authority of this article. [1939; last amended 1941.]

¹ Now Commissioner of Agriculture. See Laws 1949, Ch. 100, Sec. 9, page 162.

Sec. 56. Penalty for violations.

* * * * *

B. Every person who violates any provision of this article [Secs. 46-63] or any provision of any marketing order duly issued by the director ¹ hereunder, shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not less than fifty dollars nor more than five hundred dollars, or by imprisonment for not less than ten days nor more than six months, or by both such fine and imprisonment. Each day during which any of the violations above referred to continue shall constitute a separate offense. [1939]

* * * * *

¹ Now Commissioner of Agriculture. See Laws 1949, Ch. 100, Sec. 9, page 162.

Sec. 62. Exceptions.

The provisions of this article [Secs. 46-63] shall not be applicable to retailers of agricultural commodities except to the extent that any retailer also engages in the processing or distribution of agricultural commodities as defined in this article. [1939]

1935 Statutes Annotated, Vol. 4, Ch. 110, Art. 8—
Weighing of Coal at Mines.

Sec. 101. Scales; testing; weights certified.

It shall be the duty of every corporation, company or person engaged in the business of mining and selling by weight, to procure and constantly keep on hand, at the proper place, the necessary scales and whatever else may be necessary to correctly weigh the coal mined and taken out by the workmen or miners of such corporation, company or person, and it shall be the duty of the inspector of weights and measures of each county, in which the coal is mined and sold, to visit each coal mine operated therein, once each year, unless oftener requested by the owner or the miners, to test the correctness of the scales. If in any county there is no inspector of weights and measures, then the deputy inspector of coal mines of the district in which the mine is located, shall be required to test the correctness of such scales within a reasonable time after application is made by either the owner or the miners. All weights necessary for testing and adjusting scales shall be duly certified and shall be provided by the owner. [1913]

Sec. 102. Manner of weighing coal.

All coal mined on a tonnage basis shall be weighed in the car or other receptacle in which it is removed from the mine before it is screened, or

before it passes over, or is dumped upon any screen or any other device which may let, or be capable of letting a portion of the coal drop through such screen or device, and the miner shall be paid for the mining of such coal according to the weight so ascertained at such price per ton of two thousand pounds as may be agreed upon by and between such owner and miner or miners who mine the same, except that where coal is mined from pitching veins the miners shall be paid upon a yardage basis, except when otherwise agreed to between owner and miner. [1913; last amended 1929.]

Sec. 103. Check weighman; Election; duties.

Hereafter at each coal mine, at the option of the majority of miners working on a tonnage basis therein, there shall be employed from among the employees of said mine one or more check weighmen, whose wages shall be paid by the miners therein employed on a tonnage basis.

* * * The duties of such check weighman shall be to see that all coal mined in the mine at which he is employed, is correctly weighed and accredited, and for that purpose every such aforesaid owner shall give to such check weighman access to all scales and weights used for that purpose and to all books wherein the weights of the coal mined by the miners of said mines are recorded. The owner shall provide a convenient and suitable office on the tippie for weighing coal, which said office shall be kept in a comfortable and sanitary condition. [1913; last amended 1929.]

1935 Statutes Annotated, Vol. 4, Ch. 110, Art. 11—
False Weighing of Ore.

Sec. 247. Ore Dealers: False weights and scales; penalty.

Any person, association or corporation, or the agent of any person, association or corporation engaged in the business of milling, sampling, concentrating, reducing, shipping or purchasing ores, as aforesaid, who shall keep or use any false or fraudulent scales or weights for weighing ore, or who shall keep or use any false or fraudulent assay scales or weights for ascertaining the assay value of ore, knowing them to be false, every person so offending shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined in a sum not exceeding one thousand (1,000) dollars, nor less than one hundred (100) dollars, or imprisonment not more than one year, or both, at the discretion of the court. [1877]

Sec. 261. Same: Bond.

Each application ¹ shall be accompanied by a bond to be approved by the said secretary of state to the people of the state of Colorado in the penal sum of three thousand dollars (\$3,000.00), with two or more sufficient sureties, and conditioned that the obligor will not violate any law relating to such business. If any person shall be aggrieved by the

1935 Statutes Annotated, Vol. 4, Ch. 110, Art. 11—
False Weighing of Ore—Continued.

misconduct of any such licensee through his violation of any law relating to such business, and shall recover a judgment therefore, such person may, after a return unsatisfied in whole or in part of any execution issued upon said judgment, maintain an action in his own name upon such bond herein required in any court of competent jurisdiction. The secretary of state shall furnish to anyone applying therefor a certified copy of any such bond filed with him, upon the payment of a fee of twenty-five cents, and such certified copy shall be prima facie evidence in any court that such bond was duly executed and delivered by each person whose name appears thereon. * * * [1915]

¹ This refers to an application for a license to engage in the business referred to in section 247, which application is made to the secretary of state as provided in section 260, this section not being included in this publication.

Sec. 266. Same: Penalty for violations.

Any violation of this subdivision [Secs. 259-267] shall be deemed a misdemeanor and shall be punished by a fine of not less than one hundred dollars (\$100.00) and not more than one thousand dollars (\$1,000.00) or by imprisonment in the county jail for not less than thirty days or more than six months or both such fine and imprisonment. * * * [1915]

1947 Supplement to 1935 Statutes Annotated, Vol. 4,
Ch. 118, Art. 1—Fuel Products.

Sec. 1. Definitions.

(a) "Person" as used in this article [Secs. 1-37] means an individual, trust or estate, partnership, association, joint stock company or corporation, and any receiver by law appointed.

(b) "Fuel products" as used in this article means and includes all gasoline, benzine, benzene, naphtha, benzol, kerosene, and other volatile and inflammable liquids, produced, compounded, and offered for sale or used for the purpose of generating heat, light, power in internal combustion engines, cleaning, or for any other similar or like usage. [1931; last amended 1941.]

Sec. 2. Classification.

In furtherance of the purposes of this article [Secs. 1-37] all "fuel products" as defined in section 1 (b) shall be divided into three classifications, as follows:

Class A. Gasoline, benzine, benzene, naphtha, and benzol.

Class B. Kerosene.

Class C. All other "fuel products" as defined in section 1 (b) and not included in either class A or B.

Fuel products included in class C as defined in this article shall be subject to inspection. [1931; last amended 1941.]

Sec. 16. Compartments on tank trucks; capacity measure.

* * * * *

(b) The state inspector of oils shall measure the capacity of each compartment of every transport, tank, truck, or delivery truck to determine the accurate capacity thereof, and said capacity shall be printed or stenciled on each compartment in letters not less than one inch in height. [1931; last amended 1943.]

Sec. 23. Sealing of measuring devices.

No person or agent or employee of any person, shall use any motor [meter] or mechanical device for the measurement of oil or gasoline unless the same has been sealed as correct and the sealing approved by the state inspector of oils or one of his deputies in writing. Any person, or agent or employee of any person, who shall change or in any way tamper with the said seal shall be subject to the penalties hereinafter provided. [1931; last amended 1941.]

Sec. 26. Penalty for violations.

Any person, firm, or corporation or any officer, agent, servant or employee thereof, who shall violate any provision of this article [Secs. 1-37] shall be deemed guilty of a misdemeanor and fined not less than fifty dollars (\$50.00) nor more than three hundred dollars (\$300.00), or be imprisoned not more than ninety (90) days, or shall suffer both such fine and imprisonment, and each separate sale or attempt to sell in violation of the provisions of this article shall be deemed a separate offense. [1931; last amended 1941.]

1935 Statutes Annotated, Vol. 4, Ch. 128, Art. 3,
Secs. 11 to 16—Eggs.

[ED. NOTE.—These sections comprise requirements for the grading of eggs including minimum weights per dozen for the several grades, and as they relate primarily to quality they are not given in detail in this publication.]

1935 Statutes Annotated, Vol. 4, Ch. 134, Art. 3—
Ton Measure for Coal Mined on Public Lands.

Sec. 84. Ton defined.

Any person, association, copartnership or corporation leasing and operating coal lands under the provisions of this article [Secs. 44-88] shall pay to the deputy register of the state board of land commissioners a minimum price of not less than fifteen (15) cents for each and every ton of coal mined from said lands, * * *. The term ton, as herein used, means twenty-seven (27) cubic feet of coal, measured in solid, and shall be ascertained by the measurements of the space from which the coal is mined, deducting therefrom all spaces occupied by slate or other impurities, such measurements shall be made by the mineral department, according to the provisions of this article; provided, however, that when possible and when the state board of land

commissioners shall so order, the coal tonnage may be determined by the coal miners' pay roll check numbers or railroad shipment, * * * [1919; last amended 1925.]

1935 Statutes Annotated, Vol. 4, Ch. 137—"Public Utilities Law."

Sec. 2. "Commission" defined.

(a) The term "commission" when used in this chapter [Secs. 1-68] means the public utilities commission of the state of Colorado. [1913; last amended 1915.]

* * * * *

Sec. 32. Standards for electricity, gas and water; testing of meters.

(a) The commission shall have power, after hearing had upon its own motion or upon complaint, to ascertain and fix just and reasonable standards, classifications, regulations, practices, measurements or service to be furnished, imposed, observed and followed by all electrical, gas, and water public utilities; * * * to establish reasonable rules, regulations, specifications and standards to secure the accuracy of all meters and appliances for measurement and weighing; and to provide for the examination and testing of any and all appliances used for the measurement or weighing of any product, commodity or service of any such public utility.

* * * * *

(c) Any consumer or user of any product, commodity or service of a public utility may have any appliance used in the measurement thereof tested upon paying the fees fixed by the commission. The commission shall establish and fix reasonable fees to be paid for testing such appliances on the request of the consumer or user, the fee to be paid by the consumer or user at the time of his request, but to be paid by the public utility and repaid to the consumer or user if the appliance is found defective or incorrect to the disadvantage of the consumer or user, under such rules and regulations as may be prescribed by the commission. [1913]

1935 Statutes Annotated, Vol. 4, Ch. 160, Art 14—Commercial Feeding Stuffs.

Sec. 213. Definition.

For the purposes of this Act the term "commercial feeds" shall mean and include all materials used for feeding animals or birds, except for the following:

(a) Unmixed whole seeds or grains, as defined by U. S. grain standards;

(b) The unmixed meals made directly from and consisting of the entire grains of corn, wheat, rye, barley, oats, buckwheat, flaxseed, kafir, and other seeds or grains;

(c) Feeds that are ground and mixed for or by a

feeder according to his specific direction and delivered directly to him for his sole use and not for distribution;

(d) Whole hays, straws, sugar beet by-products, ensilage, and cane molasses when unmixed with other materials. [1929; last amended 1949.]

Sec. 214. Marking requirements.

Every lot or parcel of commercial feeding stuffs sold, offered or exposed for sale or distributed within this state, shall have printed on the container in a conspicuous place on the outside thereof, or on a tag attached thereto, a legible statement in the English language clearly and truly certifying:

(a) The net weight of the contents of the package, lot or parcel; [1929]

* * * * *

Sec. 223. Violations; penalty; seizure.

Any manufacturer, importer, jobber, firm, association, corporation, or person who shall impede, obstruct, hinder or otherwise prevent or attempt to prevent said director [director of markets¹] or his authorized agent in the performance of his duty in connection with the provisions of this article [Secs. 213-225], or who shall sell, offer or expose for sale or distribute in this state any commercial feeding stuffs as defined in section 213 of this chapter [Secs. 1-225] without complying with the requirements of the provisions of this article, * * * shall be deemed guilty of a violation of the provisions of this article and upon conviction thereof shall be fined not more than one hundred dollars (\$100.00), for the first violation and not less than one hundred dollars (\$100.00), for each subsequent violation, and in addition to the penalty provided in this section, the lot of feeding stuffs shall be subject to seizure and condemnation and sale as the court may direct; the proceeds from such sale and all penalties recovered under this article shall be paid to the director. The court may in its discretion release the feeding stuffs so seized when the requirements of the provisions of this article have been complied with, and upon payment of all costs and expenses incurred by the state in any proceedings connected with such seizure. [1929]

¹ Now Commissioner of Agriculture. See Laws 1949, Ch. 100, Sec. 9, page 162.

Sec. 225. Enforcement officer; rules and regulations.

The said director [director of markets¹] is hereby empowered to enforce the provisions of this article [Secs. 213-225], and to prescribe and enforce such rules and regulations relating to the sale of commercial feeding stuffs as he may deem necessary to carry into effect the lawful intent and meaning of this article. [1929]

¹ Now Commissioner of Agriculture. See Laws 1949, Ch. 100, Sec. 9, page 162.

1935 Statutes Annotated, Vol. 4, Ch. 166—Transient Dealers.

Sec. 1. Transient dealer defined.

The term "transient dealer," for the purpose of this chapter [Secs. 1-13], shall mean and include any person, either principal or agent, who engages in the business of traveling about carrying or conveying with him for sale and selling manufactured goods, manufactured wares or manufactured merchandise, so carried or conveyed with him for sale, and it shall also include peddlers and hawkers of manufactured goods, manufactured wares and manufactured merchandise. [1911]

Sec. 11. Short weight or measure; penalty.

* * * no "transient dealer" shall commit any fraud in the transaction of his business as a "transient dealer," sell any manufactured goods, wares or merchandise by any false or short weight or measure, * * *. And every person who shall be convicted of a violation of any provision of this section shall be punished by a fine of not less than ten (10) dollars, and not more than one hundred (100) dollars, or by imprisonment in the county jail for not less than ten (10) days, and not more than one (1) year, or by both such fine and imprisonment. [1911]

Laws 1949, Ch. 100—"State Department of Agriculture Act of 1949."

Sec. 2. Definitions.

* * * * *

(a) "Department" means the State Department of Agriculture.

* * * * *

(d) "Commission" means the State Agricultural Commission.

(e) "Commissioner" means the Commissioner of Agriculture. [1949]

Sec. 3. State Department of Agriculture: Creation.

There is hereby created, as an administrative department in the executive branch of the state government, a State Department of Agriculture, hereinafter referred to as the department. [1949]

Sec. 4. Same: Powers and duties.

The Department shall have and exercise the following functions, powers and duties.

* * * * *

(6) To foster and encourage the standardizing, grading, inspection, labeling, handling, storage and marketing of agricultural products. And, after investigation and public hearings thereon, acting in

cooperation with the United State Department of Agriculture, to establish and promulgate standard grades and other standard classifications of and for agricultural products, except milk or milk products for fluid consumption.

* * * * *

(13) To determine for the protection of owners, buyers, creditors or other interested parties the validity of warehouse receipts for any such products by verifying quantities, grade and classification thereof.

(14) To enforce the state laws or regulations relating to fruit and vegetable inspection and grading; * * * the registration, inspection and analysis of commercial feeding stuffs; * * * the inspection of warehouses * * *; the inspection of commercial fertilizers; * * *

(17) To promulgate rules and regulations for * * * the governing of milk or cream weighing and testing operations; to enforce such rules and regulations, * * * [1949]

Sec. 7. Commissioner of Agriculture.

(1) The administrative and executive head of the State Department of Agriculture shall be the Commissioner, which office is hereby created. The Commissioner shall be appointed by the Governor, subject to the constitution and laws of the state, on recommendation of the commission [State Agricultural Commission]. * * *

(2) The office of director of agriculture is hereby abolished and all powers and duties of said director of agriculture are hereby transferred to the Department of Agriculture to be exercised by the Commissioner. [1949]

Sec. 9. Transfer of functions.

(a) The Director of Agriculture and the Director of Markets. Wherever in the statutes the words and phrases "director" or "director of markets" or "director of agriculture" are used, the same shall mean Commissioner of Agriculture or his duly authorized representative, and all powers and duties vested in said director, or director of markets or director of agriculture, are hereby transferred to the Department of Agriculture, to be exercised by the Commissioner or his duly authorized representative. Specifically, the foregoing transfers shall be made effective in the following chapters and subdivision:

* * * * *

Chapter 66, Session Laws of Colorado, 1939, cited as the Colorado Agricultural Marketing Act of 1939, and Chapter 4, Session Laws of Colorado, 1911.

Sections 60 to 124, Chapter 69, 1935 Colorado Statutes Annotated, Chapters 131, 132 and 133, Session Laws of Colorado, 1911, Ch. 100, Session Laws of Colorado, 1913, and Chapter 128, Session Laws of

Colorado, 1945, relating to fruit and vegetables, inspection and grading. * * *

Sections 213 to 225, Chapter 160, 1935 Colorado Statutes Annotated, relating to commercial feeding stuffs. * * *

The office of director of markets is hereby abolished and all powers and duties vested in said office shall be transferred to the Department of Agriculture to be administered as the Commissioner may direct.

* * * * *

(c) The State Dairy Commissioner. All rights, powers, and duties now vested in the dairy commissioner by the provisions of Chapter 49, 1935 Colorado Statutes Annotated, are hereby transferred to the Department of Agriculture, to be administered as the Commissioner of Agriculture may direct. The office of State Dairy Commissioner is hereby abolished. Wherever in the law, the term dairy commissioner is used, it shall mean Chief of the Dairy Section. [1949]

* * * * *

Laws 1949, Ch. 107—"Commercial Fertilizer Law of 1949."

Sec. 2. Enforcement.

This Act [Secs. 1-22] shall be administered by the Commissioner of Agriculture, hereinafter referred to as the "commissioner", or by his duly authorized representatives. [1949]

Sec. 3. Definitions.

(a) The term fertilizer material means any substance containing water-soluble Nitrogen, available Phosphoric Acid, or water-soluble Potash used primarily as a plant nutrient and for compounding mixed fertilizer except unmanipulated animal and vegetable manures.

(b) The term mixed fertilizer means only water-soluble Nitrogen, available Phosphoric Acid or water-soluble Potash in a combination of mixture.

(c) The term commercial fertilizer includes mixed fertilizers only of Nitrogen, Phosphoric Acid and Potash quality, either singly or in combination.

* * * * *

(e) The term soil amendment means any material applied to the soil for purposes of changing soil alkalinity or acidity, or exchangeable base percentages or to increase trace element potentials. The purposes for which intended must be stated on the package or bag, together with the printed phrase not sold as a fertilizer. * * * [1949]

Sec. 5. Marking requirements.

(a) Any commercial fertilizer or soil amendment offered for sale or distributed in this State in bags, barrels, or other containers shall have placed on or

affixed to the container in written or printed form the net weight, * * * either on tags affixed to the end of the package or directly on the package.

(b) If distributed in bulk, a written or printed statement of the net weight * * * shall accompany delivery and be supplied to the purchaser. [1949]

* * * * *

Sec. 10. What constitutes misbranding.

A commercial fertilizer or soil amendment is misbranded if it carries any false or misleading statement upon or attached to the container, or if false or misleading statements concerning its agricultural value are made on the container or in any advertising matter associated with the commercial fertilizer or soil amendment. [1949]

Sec. 13. Short weight; penalty.

If any commercial fertilizer or soil amendment in the possession of the consumer is found by the commissioner to be short in weight, the registrant of said commercial fertilizer or soil amendment shall, within thirty days after notice from the commissioner, pay to the consumer a penalty equal to four times the value of the actual shortage. [1949]

Sec. 15. Stop sale orders.

The commissioner may issue and enforce a written or printed "Stop Sale, Use, or Removal" order to the owner or custodian of any lot of commercial fertilizer or soil amendment, and to hold at a designated place, when the commissioner finds said commercial fertilizer or soil amendment is being offered or exposed for sale in violation of any of the provisions of this Act [Secs. 1-22]. The commissioner shall release the commercial fertilizer, so withdrawn, when the requirements of the provisions of this Act have been complied with, and all costs and expenses incurred in connection with the withdrawal have been paid. [1949]

Sec. 16. Seizure.

Any lot of commercial fertilizer, or soil amendment, not in compliance with the provisions of this Act [Secs. 1-22] shall be subject to seizure on complaint of the commissioner to a court of competent jurisdiction in the district in which said commercial fertilizer or soil amendment is located. * * * [1949]

Sec. 17. Penalties for violations.

Any person, firm or corporation who shall violate any of the provisions of this Act [Secs. 1-22] or the rules and regulations issued thereunder shall be deemed guilty of a violation of the provisions of this Act and upon conviction thereof shall be fined not less than one hundred (\$100) dollars for the first violation and not less than one hundred (\$100)

Laws 1949, Ch. 107—"Commercial Fertilizer Law of 1949"—Continued.
dollars or more than five hundred (\$500) dollars for each subsequent violation. [1949]

Laws 1949, Ch. 111—"Colorado Anti-Freeze Act."
Sec. 1. Definition.

* * * * *
(a) "Anti-freeze" shall include all substances and preparations intended for use as the cooling medium, or to be added to the cooling liquid, in the cooling system of internal combustion engines to prevent freezing of the cooling liquid or to lower its freezing point; * * * [1949]

Sec. 4. When deemed misbranded.
Anti-freeze shall be deemed to be misbranded:
(a) If its labeling is false or mis-leading in any particular; or
(b) If in package form it does not bear a label containing * * * an accurate statement of the quantity of the contents in terms of weight or measure on the outside of the package. [1949]

Sec. 5. Enforcement.
The State Inspector of Oils shall enforce the provisions of this Act [Secs. 1-14] by inspections, chemical analysis, or any other appropriate methods. * * * [1949]

Sec. 11. Penalties for violations.
If any person, partnership, corporation, or association shall violate the provisions of this Act [Secs. 1-14], or fail to comply with any of the provisions of this Act, such person, partnership, corporation or association shall be deemed guilty of a misdemeanor and, upon conviction shall be fined any sum not less than \$50.00, and not exceeding \$300.00 for each offense. [1949]

Laws 1949, Ch. 240—Livestock Sales Rings.
Sec. 2. Definitions.

* * * * *
(a) The term "livestock" shall mean and include horses, mules, cattle, burros, swine, sheep, goats and poultry.
(b) The term "Livestock Sales Ring" when used in this Act [Secs. 1-21] shall mean any place, establishment or facility commonly known as a "livestock sales ring" conducted or operated for compensation or profit as a livestock sales ring, consisting of pens, or other enclosures and their appurtenances, in which live horses, mules, cattle, burros, swine, sheep, goats and poultry are received, held or assembled for either public or private sale. The person, partnership or corporation owning or controlling premises defined as a "Livestock Sales Ring" shall be compensated for the use of the premises and the services performed in handling the livestock in connection with the sale. [1949]

Sec. 10. Scales.
All scales used in the operation of livestock sales rings shall come under and be controlled by Colorado's weights and measures laws. [1949]

1935 Statutes Annotated, Vol. 2, Ch. 48—False Weights and Measures.
Sec. 314. False weights and scales: Penalty.

If any person shall knowingly have, keep or use any false or fraudulent scales or weights for weighing gold or gold dust or any other article or commodity, every such person so offending shall, on conviction, be fined not exceeding five hundred dollars, or imprisoned in the county jail not exceeding six months. [1868]

Sec. 315. False grain measures: Penalty.
If any person shall knowingly sell by false weights or measures, or shall knowingly use false measures at any mill, in taking toll for grinding corn, wheat, rye or other grain, he shall be deemed a common cheat, and on conviction shall be fined not less than two hundred dollars and be imprisoned in the county jail not exceeding three months. [1868]

1935 Statutes Annotated, Vol. 2, Ch. 48—False Advertising.
Sec. 317. Unlawful acts.

Any person, firm, corporation or association who, with intent to sell or in any wise dispose of merchandise, securities, service, or anything offered by such person, firm, corporation, or association directly or indirectly, to the public for sale or distribution, or with intent to increase the consumption thereof, or to induce the public in any manner to enter into any obligation relating thereto, or to acquire title thereto, or an interest therein, makes, publishes, disseminates, circulates, or places before the public, or causes, directly or indirectly, to be made, published, disseminated, circulated, or placed before the public, in this state, in a newspaper or other publication, or in the form of a book, notice, hand-bill, poster, bill, circular, pamphlet, or letter, or in any other way, an advertisement of any sort regarding merchandise, securities, service, or anything so offered to the public, which advertisement contains any assertion, representation or statement which is untrue, deceptive or misleading, shall be guilty of a misdemeanor. [1915]

Sec. 318. Same: Penalty.
On conviction of each and every offense, as herein above set forth, the violator shall be punished by a fine of not less than ten dollars, nor more than three hundred dollars, or by imprisonment in the county jail for a term not exceeding thirty days, or by both such fine and imprisonment. [1915]

Ch. 321—Commissioner of Weights and Measures,
Sealers and Inspectors.

Sec. 6747. State commissioner of weights and measures; inspectors; duties; powers.

The commissioner of food and drugs shall be state commissioner of weights and measures. The commissioner may appoint inspectors of weights and measures, with all the powers incident to that office, when directed so to act by the commissioner. Said commissioner shall take charge of the standards adopted under the provisions of section 6773, as the standards of the state, and cause them to be kept in a fireproof building belonging to the state, or in a suitable place in his office, from which they shall not be removed except for repairs or for certification, and he shall take all other necessary precautions for their safe-keeping. He shall maintain the state standards in good order and shall submit them, at least once in ten years, to the national bureau of standards for certification. He shall, at least once in two years, test by the state standards all standard weights, measures and other apparatus which belong to any county, city or borough and shall seal such apparatus as is found to be accurate, by stamping thereon, with seals kept for that purpose, the letter "C" and the last two figures of the year of certification. He shall have general supervision of the weights, measures and weighing and measuring devices sold, offered for sale or used in the state. He, or the inspectors by his direction, shall, at least once in each year, test all scales, weights and measures used in checking the receipt or disbursement of supplies in each institution for the maintenance of which moneys are appropriated by the general assembly, and he shall report, in writing, his findings to the supervisory board and to the executive officer of the institution concerned, and, at the request of such board or executive officer, he shall appoint, in writing, one or more employees, in the service of each institution, who shall act as special deputies for the purpose of checking the receipt or disbursement of supplies. He shall keep a complete record of the standards, balances and other apparatus belonging to the state, and take a receipt for the same from his successor in office. He, or the inspectors at his direction, shall, at least once in two years, inspect the work of the local sealers throughout the state and shall have power to inspect and ascertain the correctness of all

weights, scales, beams, measures, instruments or mechanical devices for measuring, and tools, appliances or accessories connected with any such instruments or measures kept, offered or exposed for sale, sold, used or employed by any proprietor, agent, lessee or employee in proving the size, quantity, extent, area or measurement of quantities, things, produce or articles for distribution or consumption, offered or submitted by such person or persons for sale, hire or reward; and shall, from time to time, weigh or measure packages or amounts of commodities of any kind kept for the purpose of sale, offered for sale or sold, or in the process of delivery, in order to determine whether the same contain the amounts represented, and whether they be offered for sale or sold in accordance with law. They may, in the performance of their official duties, enter, without warrant, into or upon any stand, place, building or other premises, or stop any vendor, peddler, junk dealer or driver of any vehicle transporting or containing coal, coke, ice or other commodity, or any dealer, and require him to proceed to some place which they may specify, for the purpose of making tests. Said commissioner or the inspectors may seal any such weighing or measuring instrument or apparatus which is found to be correct and may seize and destroy any incorrect weight, measure or weighing or measuring instrument. The commissioner shall issue, from time to time, regulations for the guidance of county, city and borough sealers, and such regulations shall govern the procedure to be followed by such officers in the discharge of their duties. [1911; last amended 1947.]

Sec. 6748. County and city standards.

The county commissioners of each county and the common council of each city required to appoint a sealer under the provisions of this chapter [Secs. 6747-6752] shall procure, at the expense of the county or city, and shall keep, at all times, a complete set of weights and measures and other apparatus, of such materials and construction as the commissioner of weights and measures may direct. All such weights, measures and other apparatus, having been tried and accurately proven by him, shall be sealed and certified to by him and shall then be deposited with and preserved by the county or city sealer as public standards for such county or city. Whenever the county commissioners of any county or the common council of any such city

shall neglect, for six months, so to do, the treasurer of the county, or the city clerk or comptroller of such city, as the case may be, on notification and request by the commissioner of weights and measures, shall provide such standards and cause the same to be tried, sealed and deposited, at the expense of the county or city. [1846]

Sec. 6749. County sealer of weights and measures.

The county commissioners of each county shall, on November 1, 1951, and quadrennially thereafter, appoint a county sealer of weights and measures, who shall hold office for four years from said date and until his successor is appointed and has qualified. Said county sealer shall keep a complete record of all of his official acts and shall make an annual report to the county commissioners, and, on or before November first in each year, shall make a report, duly sworn to, to the state commissioner of weights and measures, on blanks to be furnished by the commissioner. He shall be paid such compensation as shall be fixed by the senators and representatives resident in the same county at their biennial meeting, and no fee shall be charged by him, or by the county, for the inspection, testing or sealing of weights, measures or weighing or measuring devices. Unless otherwise provided by law, the county sealer shall have power, within his county, to inspect, test, try and ascertain the correctness of all weights, scales, beams, measures, instruments or mechanical devices for measuring, and tools, appliances or accessories connected with any such instruments or measures kept, offered or exposed for sale, sold or used or employed within the county by any proprietor, agent, lessee or employee in proving the size, quantity, extent, area or measurement of quantities, things, produce or articles for distribution or consumption, offered or submitted by such person or persons for sale, hire or reward; and he shall have power to, and shall, from time to time, weigh or measure packages or amounts of commodities of any kind kept for the purpose of sale, offered for sale or sold or in the process of delivery, in order to determine whether the same contain the amounts represented and whether they are offered for sale or sold in accordance with law. He shall, at least twice each year, and as much oftener as he may deem necessary, see that the weights, measures, and all apparatus used in the county, including those under the care of city and town sealers of weights and measures, are correct. He may, in the performance of his official duties, enter, without warrant, into or upon any stand, place, building or other premises, or stop any vendor, peddler, junk dealer or driver of any vehicle transporting coal, coke, ice or any similar commodity, or any dealer and require him to proceed to some place which such sealer may specify, for the purpose of making tests. The county sealer of weights and measures shall cause any person vio-

lating any of the provisions of this chapter [Secs. 6747-6752] relating to weights and measures to be prosecuted. Whenever such sealer shall compare weights, measures or weighing or measuring instruments, and find that they correspond, or shall cause them to correspond, with the standards in his possession, he shall seal or mark such weights, measures or weighing or measuring instruments with appropriate devices, to be approved by the commissioner of weights and measures. He shall condemn and seize, and may destroy, incorrect weights, measures or weighing or measuring instruments which, in his judgment, are not susceptible of satisfactory repair; but he shall mark or tag such as are incorrect and yet may be repaired, as "condemned for repairs," in a manner prescribed by the commissioner. The owner or user of any weights, measures or weighing or measuring instruments which are so marked shall have the same repaired or corrected within ten days and, until so repaired or corrected, such owner or user shall neither use nor dispose of the same in any way, but shall hold the same at the disposal of the sealer. Any apparatus which has been so condemned for repairs and has not been repaired as hereinbefore required shall be confiscated by the sealer.

The county sealer of weights and measures shall, forthwith upon his appointment, give a bond in the penal sum of one thousand dollars, with sureties to be approved by the county treasurer, for the faithful performance of the duties of his office. Nothing in the foregoing provisions shall be construed to prevent two or more counties from combining the whole or any part of their respective counties, as may be agreed upon by the county commissioners, with one set of standards and one sealer, upon the written consent of the commissioner of weights and measures. A county sealer appointed in pursuance of an agreement of such combination shall, subject to the terms of his appointment, have the same authority, jurisdiction and duties as if he had been appointed by each of the authorities who are parties to the agreement. The salary of the county sealer of weights and measures shall be paid by the county treasurer on order drawn by the county commissioners. [1911; last amended 1937.]

Sec. 6750. City sealers of weights and measures.

There shall be a city sealer of weights and measures in each city of not less than twenty five thousand population, according to the last preceding official state or United States census, to be appointed by the mayor, subject to the approval of the common council. He shall, in such city, perform the same duties and have the same powers as the county sealer in the county. In those cities in which no sealer is required by this section, the county sealer of the county shall perform the same duties and have the same powers as in the county.

**General Statutes, Revision of 1949, Vol. III, Title 50,
Ch. 321—Commissioner of Weights and Measures,
Sealers and Inspectors—Continued.**

Nothing in the foregoing provisions shall be so construed as to prevent any county and any of the cities situated therein from combining the whole or any part of their respective territories, as may be agreed upon, with one sealer, subject to the written approval of the commissioner of weights and measures. A sealer appointed in pursuance of any agreement for such combination shall, subject to the terms of his appointment, have the same jurisdiction and duties as if he had been appointed by each of the authorities who are parties to the agreement. [1911]

Sec. 6751. Police powers.

The commissioner of weights and measures, his inspectors and the county and city sealers of weights and measures shall each have power to arrest, without warrant, any violator of the laws relating to weights and measures, and to seize, without warrant, for use as evidence, any false or unsealed weight, measure or weighing or measuring device, or package or amount of any commodity, found to be used, retained, offered or exposed for sale or sold in violation of the law. [1911]

Sec. 6752. Town standards; inspectors.

The selectmen of each town shall provide standard weights and measures of various kinds, as may be recommended and approved by the commissioner of weights and measures, and cause them to be tried and compared with the state standards. The board of selectmen in any town may appoint an inspector of weights and measures and fix his salary to be paid by the town. The inspector of weights and measures in each town shall have the custody of its weights and measures. He shall annually try, by the town standards, the weights and measures used in trade in such town, destroy such as he shall be unable to make correspond with the standards and stamp such as shall be found or made true, with the capital initial letter or letters of the name of the town, and the year of such inspection. [1846; last amended 1911.]

**General Statutes, Revision of 1949, Vol. III, Title 50,
Ch. 322—Licensing of Public Weighers.**

Sec. 6753. License required; fees; revocation of license.

Any person who is in possession of suitable scales or is employed by a person, firm or corporation in possession of suitable scales may be licensed as a public weigher by the commissioner of weights and measures, provided said commissioner is satisfied that such person is of good reputation and competent to perform the duties of such office and that the scales to be used by such person are of suitable design, in good repair and sealed by a sealer of weights and measures or by a state inspector of

weights and measures. Each such licensee shall be qualified to perform the duties of a public weigher as prescribed in section 6763, and upon payment of the sum of three dollars shall receive a license to serve as a public weigher. All licenses issued to public weighers under the provisions of this section shall be for the period ending on the first day of July, 1949, and thereafter such licenses shall be issued for the period ending on the first day of July in each successive three-year period. Each person licensed under this section shall be given a numbered license certificate which shall be kept at the place where the public weigher is engaged in weighing and such certificate shall be available for inspection at all times. A license may be revoked by the commissioner after a hearing, on due notice to the licensee, for dishonesty, incompetency, inaccuracy, refusal to weigh as required by law, or for any violation of the provisions of the statutes relating to weights and measures. All fees collected by the commissioner of weights and measures under this section and section 6764 shall be added to the appropriation for the commissioner of weights and measures, and said commissioner shall pay from said appropriation all expenses incurred in carrying out the provisions of this chapter [Secs. 6753-6756]. [1937; last amended 1943.]

Sec. 6754. Duties.

Each public weigher shall weigh all articles brought to him for weighing, provided such articles are customarily sold by weight, and provided such public weigher is equipped with the particular kind of scales customarily used for weighing such articles. [1943]

Sec. 6755. Fees.

A licensed public weigher shall be entitled to charge a fee in such amount as is approved by the commissioner of weights and measures and upon the payment of such fee shall issue a certificate of the weight of such articles. [1943]

Sec. 6756. Penalties.

Any public weigher who violates any provision of the statutes relating to weights and measures shall, upon a first conviction, be fined not less than twenty dollars nor more than two hundred dollars or imprisoned not more than three months or be both fined and imprisoned. Upon any subsequent conviction any such person shall be fined not less than fifty dollars nor more than five hundred dollars or imprisoned in the county jail not more than one year, or be both fined and imprisoned. [1943]

**General Statutes, Revision of 1949, Vol. III, Title 50,
Ch. 323—Weight and Measurement of Specific
Articles.**

Sec. 6757. Pound; hundred weight; ton; barrel; gallon.

The avoirdupois pound shall bear to the troy pound the relation of seven thousand to five thousand seven hundred and sixty. The hundred

weight shall contain one hundred avoirdupois pounds; and the ton, twenty hundred weight. The barrel for liquids shall contain thirty-one and one-half gallons, except the barrel for beer, ale and porter which shall contain thirty-one gallons; and the hogshead, two barrels. The liquid gallon shall contain two hundred and thirty-one cubic inches. [1827; last amended 1935.]

Sec. 6758. Bushel; charcoal; flour; potatoes; flour and potato barrel.

The bushel in struck measure shall contain twenty-one hundred and fifty and forty-two hundredths cubic inches, and in heap measure twenty-five hundred and sixty-four cubic inches, except that each bushel of charcoal shall contain twenty-seven hundred and forty-eight cubic inches. When sold by weight, the bushel of charcoal shall weigh twenty pounds when commercially dry; the barrel of flour, one hundred and ninety-six pounds and the barrel of potatoes, one hundred and fifty pounds. [1827; last amended 1935.]

¹ A slight change in arrangement has been made for convenience of reference.

Sec. 6760. Weight of sand and gravel.

A cubic yard of sand shall contain twenty-six hundred pounds, and a cubic yard of gravel, twenty-eight hundred pounds. [1917]

Sec. 6761. International log rule.

The international log rule is adopted as the standard log rule for determining the board foot content of saw logs and all contracts entered into after October 1, 1943, for the purchase and sale of saw logs shall be made on the basis of such standard rule, unless some other method of measurement is specifically agreed upon. [1943]

Sec. 6762. Cotton thread; marking requirements; penalty.

Each manufacturer of cotton sewing thread, and each person engaged in putting up such thread on spools or in packages of one pound weight or less, intended for sale, shall, before the same shall be offered for sale, affix to or impress upon each spool or package, a label or stamp designating its weight or length in yards. Any such manufacturer, or person engaged as aforesaid, who shall neglect to affix to or impress upon each spool or package such a label or stamp, or shall, with intent to deceive, affix to or impress upon or suffer to be affixed to or impressed upon any such spool or package a label or stamp specifying that it contains a greater number of yards, or a greater quantity of thread by five per cent than it does contain, shall be fined five dollars for each of such spools or packages; and any trader who shall offer for sale such thread, knowing or having reason to believe that it is falsely labeled or stamped in regard to length or quality, shall be subject to the same fine. [1869]

Sec. 6763. Sale of coal and coke by weight.

All coal and coke sold, except in accordance with a written agreement with the purchaser otherwise, or offered for sale, in this state, shall be sold or offered for sale by weight. No person, firm or corporation shall deliver any coal or coke without first having such coal or coke weighed by a public weigher on stationary scales suitable for the weighing of coal or coke, which have been tested and

Ch. 323—Weight and Measurement of Specific Arti-
cles—Continued.

sealed by an authorized sealer or inspector of weights and measures. Such coal or coke shall be accompanied while in transit by a delivery ticket and a duplicate original thereof, on which shall be distinctly expressed in ink, or other indelible substance, in pounds, the weight of the coal or coke contained in the vehicle or other receptacle, together with the name and address of the seller, the name and address of the purchaser, the signature and license number of the public weigher and the date of the weighing, together with the number of bags or sacks of such commodity, when the bags or sacks shall be representative of the quantity contained in the vehicle used for transporting such coal or coke, provided coal or coke sold or offered for sale in this state in quantities of fifty pounds or less, in paper bags, sacks or similar containers, when the name and address of the dealer and the net contents of avoirdupois weight shall be distinctly and indelibly marked in ink or otherwise on such paper bags, sacks or similar containers, shall be exempt from the provisions of this section requiring delivery tickets and duplicates thereof. One of such duplicate delivery tickets shall be surrendered, upon demand, to any sealer or inspector of weights and measures for his inspection, and such ticket, or, when the sealer shall desire to retain one of the duplicate tickets, a weight slip, issued by the seller and signed and dated by the sealer or inspector, shall be delivered to the purchaser or his agent or representative, at the time of the delivery of such coal or coke, and the other duplicate ticket shall be retained by the seller for a period of one year, subject to inspection by any sealer or inspector of weights and measures. If the purchaser or his agent shall take such coal or coke from the seller's place of business, a delivery ticket in the form required by this section and signed by a public weigher shall be given to the purchaser or his agent at the time of delivery. No person shall sell or deliver, or attempt to sell or deliver, or offer to sell or deliver less than the amount of coal or coke represented in the delivery tickets therefor, provided a tolerance at the rate of five pounds to the ton shall be allowed for unavoidable wastage and variation in scales. No public weigher shall weigh coal or coke loaded on a vehicle for transportation thereon and sign a delivery ticket therefor, unless he shall have first weighed the vehicle empty on the same day and on the same scales, in order to determine the true net weight of such load of coal or coke. Any person who violates any provision of this subsection shall be fined not more than two hundred dollars or imprisoned not more than six months or both. [1911; last amended 1939.]

Sec. 6764. Same: Location of scales; fee for testing scales outside the state.

All scales tested and approved by the commissioner shall be located within this state or within an

additional adjoining area extending at least five miles, but not more than ten miles, from the state boundaries; the outside boundary of such additional adjoining area beyond the five mile minimum to be fixed by the commissioner of weights and measures, and to be based upon the commissioner's facilities for testing and inspecting scales located outside the state and for maintaining reasonable supervision of weighing at such scales. The commissioner shall charge a fee of ten dollars for testing and approving any scales located outside the state. [1937; last amended 1939.]

Sec. 6765. Same: Not to apply to foreign or interstate commerce.

No provision of sections 6763 and 6764 shall apply or be construed to apply to foreign or interstate commerce, except to the extent that such application may be effective under the constitution of the United States and under the laws of the United States enacted pursuant thereto. [1937; last amended 1939.]

Sec. 6766. Bottles for milk and cream.

Typical glass milk bottles conforming to the requirements of this section may be used and re-used as liquid measures in dispensing milk, skimmed milk, buttermilk or cream. Containers made of paper composition or similar substance may be used in dispensing such commodities, but shall not be used more than once. Bottles may be made in the following capacities: One quart, one pint, ten fluid ounces, one-half pint and one gill. All such bottles shall be so made as to hold their rated capacity when filled to a well defined mark, and, when in use, shall be so filled. Each milk bottle shall be clearly and permanently marked with its capacity, with the word "Sealed" and, for purposes of identification, with the name, initials, or trademark of the manufacturer and the manufacturers' mold designation which identifies the pattern or design of the bottle. The capacity designation and the word "Sealed" shall not be on the bottom of the bottle. Each manufacturer of bottles selling marked bottles in this state shall register with the commissioner of weights and measures his name and address and the mark, designated by said commissioner, by which his bottles may be clearly distinguished from the bottles of other manufacturers. Said commissioner shall prepare a table of tolerances to be allowed in excess or deficiency on individual bottles and on the average capacity of bottles in any one lot, a copy of which table of tolerances shall be furnished to all sealers of weights and measures and to other interested persons. Any person receiving, in this state, a shipment of new milk bottles in a quantity equal to one gross or more shall immediately notify the city or county sealer of weights and measures having jurisdiction, and such sealer, being so notified, shall immediately proceed to examine a reasonable number of such bottles and shall ascertain as to whether the bottles are accurate

in capacity within the tolerances to be allowed in excess or deficiency on individual bottles, and on the average capacity of bottles, as prepared by said commissioner. If such bottles are found to be accurate within the specified tolerances, the sealer shall notify the owner of his findings and permit the use of such bottles in this state. When he finds that the bottles are inaccurate beyond the limits of the tolerances in excess or deficiency as to individual bottles, or inaccurate beyond the prescribed tolerance for the average bottle, he shall immediately impound such bottles and hold them in his possession for a period of not less than ten days. On making such seizure, he shall immediately notify both the purchaser and the manufacturer of such bottles and, at the end of thirty days from seizure, he may destroy such bottles. Any person who, by himself or by his agent or as the servant or agent of another, violates the provisions of this section, shall be subject to the penalties provided in section 6775. [1937; reenacted 1949.]

Sec. 6767. Testing machines used in weighing milk or cream.

The state commissioner of weights and measures, or his deputy or inspectors, at his direction, shall, at least once in each year, and oftener if in his judgment it shall be necessary, inspect and ascertain the correctness of all weights, scales, beams, instruments or mechanical devices used by any person, firm or corporation engaged in the business of purchasing milk or cream by weight. They may, for such purpose, and in the general performance of their official duties, enter, without warrant, into any place, building or premises. Said commissioner, or his deputy or inspectors, shall seal any such weighing instrument or instruments, or apparatus found to be correct, and may seize and destroy any such instrument or apparatus found to be incorrect. [1933]

Sec. 6768. Sale of preheated petroleum products to be by weight.

The quantity of all preheated petroleum products sold, offered for sale or delivered at retail shall be determined by weight, such weighing to be done by a public weigher licensed by the state of Connecticut, who shall weigh such products in the containers or vehicles in which they are to be delivered and on scales that have been tested and sealed by an authorized sealer or inspector of weights and measures. [1945]

Sec. 6769: Same: Delivery tickets; requirements.

Each vehicle or container of such petroleum products while in transit for delivery shall be accompanied by a delivery ticket and a duplicate original thereof, on which shall be distinctly expressed in ink or other indelible substance (a) in pounds, the gross and tare weights of the vehicle or container; (b) the net weight of such petroleum products contained in such vehicle or container and its

specific gravity or the gravity determined by accepted standard practice of using the formula of the American Petroleum Institute at sixty degrees Fahrenheit; (c) the quantity of petroleum products so transported expressed in gallons or in barrels computed at forty-two gallons per barrel, the method of determining such gallonage or barrelage to be by accepted standard practice on the basis of the products being at a temperature of sixty degrees Fahrenheit; (d) the name and address of the seller; (e) the name and address of the purchaser; (f) the signature and license number of the public weigher; and (g) the date of the weighing. One of such duplicate delivery tickets shall be surrendered upon demand to any sealer or inspector of weights and measures for his inspection, and such ticket, or, when such sealer desires to retain one of the duplicate tickets, a weight slip issued and signed and dated by the sealer or inspector shall be delivered to the purchaser or his agent or representative at the time of delivery of such petroleum products, and the other duplicate ticket shall be retained by the seller for a period of one year, during which time it shall be subject to inspection by a sealer or inspector of weights and measures. If the purchaser takes such petroleum products from the vendor's place of business, a delivery ticket in the form required by this section, signed by a licensed public weigher, shall be given to the purchaser or his agent at the time of delivery. No person shall sell or deliver, attempt to sell or deliver or offer to sell or deliver less than the amount of such petroleum products represented by the delivery tickets therefor, provided a tolerance at the rate of five pounds to the ton shall be allowed. [1945]

Sec. 6770. Same: Public weighers to secure tare weight.

No public weigher shall weigh such petroleum products loaded on a vehicle or in a container for transportation and sign a delivery ticket therefor unless he has secured the tare weight of the vehicle or the container in which such petroleum products are loaded for the purpose of delivery. [1945]

Sec. 6771. Same: Exemptions.

The provisions of sections 6768 to 6772, inclusive, shall not apply to barge, railroad track car or drum deliveries. [1945]

Sec. 6772. Same: Penalty for violations.

Any person who, by himself, his employee or agent, or as the employee or agent of another, violates any of the provisions of sections 6768 to 6771, inclusive, shall, upon a first conviction, be fined not less than twenty dollars nor more than two hundred dollars or imprisoned not more than three months or be both fined and imprisoned. Upon any subsequent conviction any such person shall be fined not less than fifty dollars nor more than five hundred dollars or imprisoned in the

county jail not more than one year or be both fined and imprisoned. [1945]

General Statutes, Revision of 1949, Vol. III, Title 50, Ch. 324—General Provisions Relating to Weights and Measures.

Sec. 6773. Standards of weights and measures.

The weights and measures received from the United States under a resolution of Congress approved June 14, 1836, and such new weights and measures as shall be received from the United States as standard weights and measures in addition thereto or in renewal thereof, and such as shall be supplied by the state in conformity therewith and certified by the national bureau of standards, shall be the state standards, by which all county and municipal standards of weights and measures shall be tried, proved and sealed. [1846]

Sec. 6774. Seals and tags: Definitions.

The word "seal", when used in statutory provisions relating to weights and measures, shall mean a mark of identification which may, in the form of a stamped impression, paster, wafer or certificate, be attached to, or made a part of, any weighing or measuring instrument or device, by a sealer of weights and measures, as visible evidence that the device or instrument bearing such mark of identification has been legally tested, found correct and sealed by such sealer. The word "tag", when so used, with respect to weighing or measuring instruments or devices, shall mean a mark, label, tag or certificate indicating that the instrument or device to which it is attached is defective and illegal for use. [1937]

Sec. 6775. Penalties.

Any person, who, by himself or by his servant or agent or as the servant or agent of another, shall offer or expose for sale, sell or use in the buying or selling of any commodity or thing or for hire or reward or shall retain in his possession a false weight or measure or weighing or measuring device or any weight or measure or weighing or measuring device which shall not have been sealed by the sealer of weights and measures within one year; or who shall dispose of any condemned weight, measure or weighing or measuring device contrary to the provisions of the statutes; or shall tamper with, mark, deface, remove, forge or counterfeit any seal or tag attached to a weighing or measuring instrument or device by a sealer of weights and measures; or who shall sell or offer or expose for sale less than the quantity he shall represent; or who shall buy and receive any commodity the weight or measure of which is determined by weights or measures of the purchaser and shall give credit or pay for a

quantity of such commodity less than that received by him; or who shall sell or offer or expose for sale any commodity in a manner contrary to the provisions of the statutes; or who shall sell or offer for sale or have in his possession for the purpose of selling any device or instrument to be used to, or calculated to, falsify any weight or measure, shall, upon a first conviction, be fined not less than twenty dollars nor more than two hundred dollars or imprisoned not more than three months or be both fined and imprisoned. Upon any subsequent conviction any such person shall be fined not less than fifty dollars nor more than five hundred dollars or imprisoned in the county jail not more than one year or be both fined and imprisoned. Any person who shall hinder or obstruct the commissioner of weights and measures or any inspector or any county or city sealer in the performance of his official duties shall be fined not less than two dollars nor more than two hundred dollars or imprisoned not more than ninety days or be both fined and imprisoned. Any person who shall impersonate the commissioner of weights and measures or any inspector or any county or city sealer, by use of his seal or a counterfeit of his seal, or otherwise, shall be fined not less than one hundred dollars nor more than five hundred dollars or imprisoned not more than one year or be both fined and imprisoned. [1930; last amended 1937.]

General Statutes, Revision of 1949, Vol. I, Title 6, Ch. 27—Public Weighers and Measurers.

Sec. 609. Duties of public weighers.

Each public weigher, upon payment of his lawful fees, shall accurately weigh any heavy or bulky article of merchandise brought to him for that purpose, and sign and give a certificate of its weight to the person bringing the same. [1842]

Sec. 610. Scales and fees.

Towns in which public weighers are appointed shall make such regulations relative to the scales and other apparatus to be used by such weighers as they may deem necessary for the public protection and convenience, and prescribe the fees, not exceeding twenty cents for each weighing, to be paid to such weighers, half by the seller and half by the purchaser, or may delegate to the selectmen the powers and duties specified in this section; and the rate of fees so established shall be recorded in the town records and shall not be changed during the time for which such weighers are appointed. [1842]

Sec. 611. Penalties.

Any public weigher who wilfully neglects to weigh any article legally brought to him for that purpose and to give a certificate of the weight thereof according to law, except in a matter in which he has an interest, or who gives a certificate of the weight of any article in which he has an

interest, and any person selling any heavy or bulky article of merchandise, usually sold by weight, who, upon the request of any purchaser thereof who shall offer to pay for the weighing of same, refuses to have the same weighed by a public weigher in the town where such purchaser resides, shall be fined five dollars. [1842]

Sec. 612. Duties of measurers of wood.

The selectmen of each town may appoint annually, and oftener if necessary, two or more of its inhabitants to be measurers of wood offered for sale within the town, who shall be duly sworn, and receive such compensation for their services as the town may prescribe; and any of them, on request of the owner of any wood so offered for sale, shall, without delay, measure it and sign and give him a certificate of its quantity. [1834]

General Statutes, Revision of 1949, Vol. I, Title 17, Ch. 113—Sale of Gasoline and Motor Oils.

Sec. 2546. Standard gallon; sealing of vehicle tanks and meters; delivery tickets; exceptions; penalty.

(a) The standard gallon shall be the unit of measurement for all sales of gasoline, kerosene, fuel oils or similar substances sold or offered for sale for the purpose of creating power or heat, and each retail delivery of gasoline in a quantity of fifty gallons or more and each retail delivery of kerosene, fuel oil or similar substance in a quantity of five gallons or more shall be the complete contents of a vehicle tank or it shall be through a meter. Each such tank or meter shall be sealed by a sealer of weights and measures before being used. The term "vehicle tank," as used herein, shall mean a container, which may or may not be subdivided into two or more compartments, mounted upon a wagon or motor truck and used for the delivery of such fluids. The term "compartment" shall mean the entire tank whenever the tank shall not be subdivided; otherwise it shall mean any one of those subdivided portions of the tank which are designed to hold such fluids. Each delivery shall be accompanied by a delivery ticket and a duplicate thereof, on which shall be distinctly expressed in ink or other indelible substance, in gallons, the quantity of such fluid so delivered, with the name of the seller and the name of the purchaser of such fluid. One of such tickets shall be surrendered, upon demand, to the sealer of weights and measures, for his inspection, and such ticket or, when the sealer desires to retain the original ticket, a measure slip issued by the seller or his agent, shall be delivered to the purchaser or his agent or representative at the time of the delivery of such fluid, and the other ticket shall be retained by the seller. If the purchaser or his agent take such fluid from the place of purchase, a delivery ticket showing the actual number of gallons delivered shall be given to the purchaser or his agent, at the time of deliv-

ery. The method of determining the number of gallons of any such fluid delivered shall be by measuring the same in measures that have been tested and sealed by a sealer of weights and measures.

(b) The provisions of this section shall not apply to barge, railroad tank car or drum delivery. (c) Any person who, by himself or by his agent or employee, or as the employee or agent of another, violates any provision of this section, shall be subject to the penalties provided in section 6775¹. [1935; last amended 1937.]

General Statutes, Revision of 1949, Vol. II, Title 21, Ch. 138—Standard Packages for Farm Products.

Sec. 3065. Establishment of standards.

The commissioner of farms and markets is authorized to * * * establish and maintain standard packages * * * for farm and horticultural crops, including poultry and poultry products, such standards, as far as possible, to be identical with similar standards established under authority of the congress of the United States. * * * [1921; last amended 1945.]

Sec. 3070. Rules and regulations.

The commissioner [of farms and markets] may prescribe rules and regulations for carrying out the provisions of sections 3065 * * *. [1927]

General Statutes, Revision of 1949, Vol. II, Title 21, Ch. 140—Containers for Apples.

Sec. 3086. Definitions.

The word "person," as used in this chapter [Secs. 3086—3093], shall include persons, firms, corporations, societies and associations, and the acts of agents and employees shall be construed to be the acts of their principals and employers as well as of the agents and employees. The words "closed package" shall mean a barrel, box or other container the contents of which cannot be sufficiently seen for the purposes of inspection without opening the container. Apples packed in closed or open packages shall be deemed to be misbranded if their measure, quality or grade shall not conform in every particular to the brand or mark upon or affixed to the package or if the faced or shown surface shall give a false representation of the contents of the package. [1919]

Sec. 3087. Enforcement.

The commissioner of farms and markets shall have authority to enforce the provisions of this chapter [Secs. 3086—3093]. * * * [1921]

Sec. 3088. Standard barrels; standard bushel; other containers.

The standard barrel of apples shall be of the following dimensions when measured without distention of its parts: Length of stave, twenty-eight and one-half inches; diameter of head, seventeen

General Statutes, Revision of 1949, Vol. II, Title 21,
Ch. 140—Containers for Apples—Continued.

and one-eighth inches; distance between heads, twenty-six inches; circumference of bulge, sixty-four inches, outside measurement, and the thickness of staves not greater than four-tenths of an inch; provided any barrel of a different form having a capacity of seven thousand and fifty-six cubic inches shall be a standard barrel. The standard bushel for apples shall be a container having a capacity of not less than one United States standard bushel or twenty-one hundred fifty and forty-two hundredths cubic inches. Containers for apples other than the standard barrel or bushel shall be marked in terms of capacity or count. [1919]

Sec. 3092. Penalty for violations.

Any person who shall misbrand or pack, repack, sell, distribute or offer or expose for sale or distribution apples in violation of any provision of this chapter [Secs. 3086–3093], or who shall wilfully alter, efface or remove or cause to be altered, effaced or removed, wholly or partly, any brands or marks required to be put upon a closed package under the provisions of this chapter, shall be fined not more than fifty dollars for the first offense and not more than two hundred dollars for each subsequent offense. [1919]

Sec. 3093. Guaranty protection.

No person who shall sell or distribute or offer or expose for sale or distribution misbranded apples shall be deemed to have violated any of the provisions of this chapter [Secs. 3086–3093] if it shall appear that he acted in good faith solely as a distributor, or if he shall furnish a guaranty signed by the person from whom he received the apples, with the address of such person, that the apples are not misbranded. In any such case, the person from whom the distributor received the apples shall be liable for the acts of the distributor who relied upon his guaranty to the same extent as the distributor would have been liable under the provisions of this chapter. [1919]

General Statutes, Revision of 1949, Vol. II, Title 21,
Ch. 144—Testing and Weighing of Milk and Cream.

Sec. 3179. Babcock test; Fraudulent manipulation; penalty.

No person, firm or corporation, or agent or servant thereof, engaged in the business of buying milk or cream on the basis of the percentage of butter-fat contained therein, shall under-read, over-read or otherwise fraudulently manipulate the samples or the test commonly known as the "Babcock test" used for determining the percentage of such fat in such milk or cream, or falsify the record thereof, * * * or use for such test any other pipette than the standard 17.6 milliliters pipette in the case of milk. In all tests of cream, the cream shall

be weighed and not measured into the test bottle, using nine grams or eighteen grams. Any person, firm or corporation, or agent or employee thereof, violating any provision of this section shall be fined not less than twenty-five dollars nor more than five hundred dollars or imprisoned not more than twelve months or be both fined and imprisoned. [1927; reenacted 1949.]

Sec. 3182. Weighing.

Each person, firm or corporation engaged in the business of buying milk or cream by weight shall have such milk or cream weighed by a licensed weigher. Each licensed weigher shall post his license in plain view in the room where the weighing is done. The commissioner [of farms and markets] may revoke such license for failure to post it as above mentioned or for any other just cause. Each such license which shall have been revoked shall be returned to the commissioner. [1927; last amended 1945.]

Sec. 3187. Examination of apparatus.

The commissioner [of farms and markets] and his agents are authorized to enter the premises and to examine the test and weight records and testing apparatus of any person, firm or corporation for the purpose of carrying out the provisions of sections 3177 to 3190, inclusive. [1927; last amended 1945.]

Sec. 3191. Babcock milk-test bottles; penalty.

No person or corporation buying milk or cream and making payments therefor based on the results of the Babcock test shall use any bottle or pipette for the purpose of determining the relative or proportional amount of butter-fat of any milk or cream, unless such bottle or pipette shall have been tested and stamped as accurate by the Connecticut Agricultural Experiment Station at New Haven. Any person who violates any provision of this section shall be fined not less than seven dollars nor more than two hundred dollars or imprisoned not more than six months or be both fined and imprisoned. [1901]

Sec. 3200. Measurement of milk or cream; penalty.

All sales of milk or cream shall be made by wine measure. * * * Any person who violates any provision of this section shall be fined seven dollars for each offense. [1907]

Sec. 3208. Rules and regulations relating to milk.

The milk regulation board may, after public hearing, make, amend, repeal or suspend rules and regulations, concerning the production, transportation, processing, handling, sampling, examination, grading, labeling, regrading and sale of milk and milk products, * * *. For the purposes of this section, "milk" shall mean cow's milk or goat's milk * * *. [1935; last amended 1939.]

General Statutes, Revision of 1949, Vol. II, Title 30, Ch. 185—Butter and Bread.

Sec. 3892. Print butter: Marking requirements.

No person shall, by himself, his servant or agent, sell or offer or expose for sale, or have in his possession with intent to sell, any print butter unless the package or wrapper containing the same shall have conspicuously printed thereon, in letters or figures not less than one-half inch in height, in plain Gothic type, the net weight of the butter contained therein. Any person who shall violate any provision of this section shall be fined not more than twenty-five dollars. [1909]

Sec. 3893. Bread weights and marking requirements.

The word "bakery" is defined, for the purpose of this section and of chapter 192, as follows: A building or part of a building wherein is carried on the production of bread, cakes, doughnuts, crullers, pies, cookies, crackers, spaghetti, macaroni, or other food products made either wholly or in part of flour or meal, and including all frozen or canned baked goods. All restaurants, hotels, private institutions, home bakeries, establishments operating doughnut frying equipment and other similar places, offering their products for sale, shall be included. Standard loaves of bread, produced in any bakery and procured or kept for the purpose of sale, offered or exposed for sale or sold, shall be of the following standard avoirdupois weight: One pound or additional fraction of one pound up to a maximum of four pounds. The provisions of this section shall not apply to biscuits, buns, crackers, rolls or loaves weighing less than one-quarter pound per unit, or to what is commonly known as "stale" bread, and sold as such, provided the seller at the time of sale shall expressly state to the buyer that the bread so sold is stale bread. Loaves of bread produced in any bakery which shall weigh less than the standard minimum weight of one pound herein provided for, which shall be procured or kept for the purpose of retail sale, offered or exposed for sale or sold, shall have their weight plainly and conspicuously stated in one of the following ways: The weight marks on such wrappers or labels shall be printed in plain, heavy, gothic, capital letters and figures not less than five thirty-seconds of an inch in height and shall not be affixed to the loaf in a manner or with a gum or paste which is unwholesome or insanitary. Bread when wrapped in the bakery for the purpose of retail sale shall bear labeling showing an accurate determination of weight in the same manner as heretofore provided. No loaf of bread shall be produced in any bakery which shall, within twelve hours after baking, vary more than one ounce per pound below the standard or marked weight. The weight of twelve loaves of bread selected at random shall not be less than the total of the standard of

marked weight of such loaves. Any person who, by himself or his agent or servant, violates any provision of this section * * * shall, upon the first conviction, be fined not more than two hundred dollars and, upon a subsequent conviction, be fined not more than five hundred dollars or imprisoned not more than six months or both. [1923; reenacted 1949.]

General Statutes, Revision of 1949, Vol. II, Title 30, Ch. 186—"Connecticut Food, Drug and Cosmetic Act."

Sec. 3930. Definitions.

* * * * *

(d) "commissioner" shall mean the commissioner of food and drugs and "director" shall mean the director of the agricultural experiment station;

* * * * *

(f) "food" shall mean (1) articles used for food or drink for man or other animals and (2) chewing gum, and (3) articles used for components of any such article;

(g) "drug" shall mean (1) articles recognized in the official United States pharmacopoeia, official homeopathic pharmacopoeia of the United States or official national formulary, or any supplement to any of them; (2) articles intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease in man or other animals; (3) articles, other than food, intended to affect the structure or any function of the body of man or any other animal; and (4) articles intended for use as a component of any article specified in this subsection; but shall not include devices or their components, parts or accessories;

* * * * *

(i) "cosmetic" shall mean (1) articles intended to be rubbed, poured, sprinkled or sprayed on, introduced into, or otherwise applied to the human body or any part thereof for cleansing, beautifying, promoting attractiveness or altering the appearance and (2) articles intended for use as a component of any such articles; except that such term shall not include soap;

* * * * *

(k) "label" shall mean a display of written, printed or graphic matter upon the immediate container of any article, provided a requirement made by or under authority of this chapter [Secs. 3929-3956] that any information or other word or statement appear on the label shall not be considered to be complied with unless such information or other word or statement also appears on the outside container or wrapper, if any there be, of the retail package of such article, or is easily legible through the outside container or wrapper;

(l) "immediate container" shall not include package liners;

General Statutes, Revision of 1949, Vol. II, Title 30, Ch. 186—"Connecticut Food, Drug and Cosmetic Act"—Continued.

(m) "labeling" shall mean all labels and other written, printed or graphic matter (1) upon any article or any of its containers or wrappers or (2) accompanying such article, provided, if an article be alleged to be misbranded because the labeling is misleading, or if an advertisement be alleged to be false because it is misleading, then, in determining whether the labeling or advertisement is misleading, there shall be taken into account, among other things, not only representations made or suggested by statement, word, design, device or sound, or any combination thereof, but also the extent to which the labeling or advertisement fails to reveal facts material in the light of such representations * * * [1939; last amended 1941.]

Sec. 3931. Prohibited acts.

The following acts and the causing thereof shall be prohibited: (a) the sale in intrastate commerce of any food, drug, device or cosmetic that is adulterated or misbranded; (b) the adulteration or misbranding of any food, drug, device or cosmetic in intrastate commerce; (c) the receipt in intrastate commerce of any food, drug, device or cosmetic that is adulterated or misbranded, and the sale thereof in such commerce for pay or otherwise; * * * (g) the refusal to permit entry or inspection as authorized by section 3954; (h) the giving of a guaranty or undertaking in intrastate commerce, referred to in subsection (c) of section 3933, that is false; * * * [1939]

Sec. 3932. Injunction.

In addition to the remedies hereinafter provided, the commissioner [of food and drugs] is authorized to apply to the superior court for, and such court shall have jurisdiction upon hearing and for cause shown to grant, a temporary or permanent injunction restraining any person from violating any provision of section 3931, irrespective of whether or not there exists an adequate remedy at law. [1939]

Sec. 3933. Penalties; guaranty protection.

(a) Any person who violates any provision of section 3931 shall, on conviction thereof, be imprisoned not more than six months or fined not more than five hundred dollars or both; but, if the violation be committed after a conviction of such person under this subsection has become final, such person shall be imprisoned not more than one year or fined not more than one thousand dollars or both. (b) Notwithstanding the provisions of subsection (a) of this section, any person who violates any provision of section 3931, with intent to defraud or mislead, shall be imprisoned not more than one year or fined not more than one thousand dollars or both. (c) No person shall be subject to

the penalties of subsection (a) of this section for having violated subsection (a) or (c) of section 3931 if he shall establish a guaranty or undertaking signed by and containing the name and address of the person residing in this state from whom he received the article in good faith, to the effect that such article is not adulterated or misbranded within the meaning of this chapter [Secs. 3929-3956]. In such guaranty this chapter shall be designated by title. * * * [1939]

Sec. 3934. Seizure.

(a) Whenever the commissioner [of food and drugs] or his duly authorized agent shall find, or have probable cause to believe, that any food, drug, device or cosmetic is offered or exposed for sale, or held in possession with intent to distribute or sell, or is intended for distribution or sale in violation of any provision of this chapter [Secs. 3929-3956], whether it is in the custody of a common carrier or any other person, he may affix to such article a tag or other appropriate marking, giving notice that such article is, or is suspected of being, in violation of this chapter and has been embargoed. Within twelve days after an embargo has been placed upon any article, the embargo shall be removed by the commissioner or a summary proceeding for the confiscation of the article shall be instituted by the commissioner. * * * [1939; last amended 1947.]

Sec. 3936. Minor violations.

Nothing in this chapter [Secs. 3929-3956] shall be construed as requiring the commissioner [of food and drugs] to report, for the institution of proceedings under this chapter, minor violations of this chapter, whenever he shall believe that the public interest will be adequately served in the circumstances by a suitable written notice or warning. [1939]

Sec. 3938. Standards of fill of container.

Whenever the commissioner [of food and drugs] and director [of the agricultural experiment station] shall agree that such action will promote honesty and fair dealing in the interest of consumers, they, acting jointly, shall promulgate regulations fixing and establishing for any food or class of food a reasonable definition and standard of identity or a reasonable standard of quality or reasonable standards of fill of container, or any two or all of such definitions or standards. * * * [1939]

Sec. 3940. Food: When deemed misbranded.

A food shall be deemed to be misbranded: (a) If its labeling shall be false or misleading in any particular; * * * (d) if its container shall be so made, formed or filled as to be misleading; (e) if in package form, unless it shall bear a label containing * * * (2) an accurate statement of the quantity of the contents in terms of weight,

measure or numerical count; provided, under subdivision (2) of this subsection, reasonable variations shall be permitted, and exemptions as to small packages shall be established by regulations promulgated by the commissioner [of food and drugs] and director [of the agricultural experiment station], acting jointly; (f) if any information or other word or statement, required by or under authority of this chapter [Secs. 3929-3956] to appear on the label or labeling, shall not be prominently placed thereon with such conspicuousness, as compared with other words, statements, designs or devices, in the labeling, and in such terms, as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use. * * * (h) if it shall purport to be or is represented as * * * (2) a food for which a standard or standards of fill or container have been prescribed by regulations as provided by section 3938, and it shall fall below the standard of fill of container applicable thereto, unless its label shall bear, in such manner and form as such regulations specify, a statement that it falls below such standard; * * * [1939]

Sec. 3944. Drugs and devices: When deemed misbranded.

A drug or device shall be deemed to be misbranded: (a) If its labeling shall be false or misleading in any particular; (b) if in package form, unless it shall bear a label containing * * * (2) an accurate statement of the quantity of the contents in terms of weight, measure or numerical count; provided, under subdivision (2) of this subsection, reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations promulgated by the commissioner [of food and drugs] and director [of the agricultural experiment station], acting jointly; (c) if any information or other word or statement, required by or under authority of this chapter [Secs. 3929-3956] to appear on the label or labeling, shall not be prominently placed thereon with such conspicuousness, as compared with other words, statements, designs or devices in the labeling, and in such terms, as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use; * * * (i) (1) if it shall be a drug and its container shall be so made, formed or filled as to be misleading * * *. [1939; last amended 1947.]

Sec. 3948. Cosmetics: When deemed misbranded.

A cosmetic shall be deemed to be misbranded: (a) If its labeling shall be false or misleading in any particular; (b) if in package form, unless it shall bear a label containing * * * (2) an accurate statement of the quantity of the contents in terms of weight, measure or numerical count; provided, under subdivision (2) of this subsection, reasonable variations shall be permitted, and ex-

emptions as to small packages shall be established, by regulations prescribed by the commissioner [of food and drugs] and director [of the agricultural experiment station], acting jointly; (c) if any information or other word or statement, required by or under authority of this chapter [Secs. 3929-3956] to appear on the label or labeling, shall not be prominently placed thereon with such conspicuousness, as compared with other words, statements, designs or devices in the labeling, and in such terms, as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use; or (d) if its container shall be so made, formed or filled as to be misleading. [1939]

Sec. 3954. Right of entry.

For the purpose of enforcing the provisions of this chapter [Secs. 3929-3956], the commissioner, or his authorized representative, is authorized (1) to enter, at reasonable times, any factory, warehouse or establishment subject to this chapter, or to enter any vehicle being used to transport or hold food, drugs, devices or cosmetics in intrastate commerce and (2) to inspect, at reasonable times, such factory, warehouse, establishment or vehicle and all pertinent equipment, finished and unfinished materials, containers, labeling and advertisements therein. [1939]

General Statutes, Revision of 1949, Vol. II, Title 30, Ch. 187—"Retail Drug Control Act."

Sec. 3958. Illegal advertising.

(a) No drug retailer shall use advertising, whether printed, radio or display or of any other nature, which is intentionally inaccurate in any material particular or misrepresents merchandise, in respect to its * * * quantity * * *; and no drug retailer shall use advertising or selling methods which tend to deceive or mislead the customer. * * * [1935].

Sec. 3960. Penalty for violation.

Any person responsible for a wilful violation of the provisions of this chapter [Secs. 3957-3960] shall be fined not more than five hundred dollars. [1935]

General Statutes, Revision of 1949, Vol. II, Title 30, Ch. 188—"Uniform State Narcotic Drug Act."

Sec. 3969. Marking requirements.

(1) When a manufacturer shall sell or dispense a narcotic drug and when a wholesaler shall sell and dispense a narcotic drug in a package prepared by him, he shall securely affix to each package in which that drug is contained a label showing in legible English the name and address of the vendor and the quantity, kind and form of narcotic drug contained therein. * * * [1935]

General Statutes, Revision of 1949, Vol. II, Title 30, Ch. 188—"Uniform State Narcotic Drug Act"—Continued.

Sec. 3980. Enforcement officers.

The state department of health, the commissioners of pharmacy, the authorized agents of such officials and the police authorities and police officers in their respective jurisdictions and all state's attorneys, shall enforce all provisions of this chapter [Secs. 3961-3982], except those specifically delegated, and shall cooperate with all agencies charged with the enforcement of the laws of the United States, of this state and of all other states, relating to narcotic laws [drugs]. [1935; last amended 1939.]

Sec. 3981. Penalty for violations.

Any person who violates any provision of this chapter [Secs. 3961-3982] shall be fined not more than two thousand dollars or be imprisoned not more than five years or both. [1935]

General Statutes, Revision of 1949, Vol. II, Title 31, Ch. 204—"Liquor Control Act."

Sec. 4228. Enforcement.

The commission [liquor control commission] shall have power to enforce the provisions of this chapter [Secs. 4222-4323], and may make all necessary rules and regulations for that purpose and for carrying out, enforcing and preventing violation of, all or any of the provisions of this chapter, * * * and for protecting the public against fraud or overcharge; * * * [1933; last amended 1945.]

Sec. 4305. Penalties.

Any person convicted of a violation of any provision of this chapter [Secs. 4222-4323], for which a specified penalty is not imposed, shall, for each offense, be fined not more than one thousand dollars or imprisoned not more than one year or both. [1935]

Sec. 4320. Bottling and marking requirements.

* * * and there shall be no advertising, labeling, bottling or canning of alcoholic liquor which shall, in any way, deceive or tend to deceive a purchaser or consumer of such alcoholic liquor as to the nature, quality or quantity of such liquor, and all advertising, labeling, bottling or canning of alcoholic liquors shall be subject to such rules and regulations as the liquor control commission shall prescribe. [1939; last amended 1945.]

Sec. 4321. Capacity of beer containers.

No beer except such as shall be imported from a foreign country shall be sold by any retail permittee for consumption off the premises, in bottles, cans or other containers having a capacity of other than

twelve, sixteen or thirty-two fluid ounces. The provisions of this section shall not apply to beer sold in wooden or metal barrels. [1941]

General Statutes, Revision of 1949, Vol. II, Title 40, Ch. 264—Gas, Electricity, and Water.

Sec. 5670. Commission to fix standard measure for sale of gas by meter.

The commission [public utilities commission] shall have power to fix the standard measure for the sale of illuminating gas by meter * * * [1917]

Sec. 5671. Inspection of meters.

Upon petition of any person and the payment of a fee of one dollar for each meter, the [public utilities] commission shall cause to be inspected any meter used in measuring electricity, gas or water supplied to such petitioner. Said commission may prescribe such limits of variation from accurate registration by such meters as it may determine to be reasonable. The company supplying electricity, gas or water through any such meter shall reimburse the petitioner for such inspection fee if such meter be found not to register accurately within the limit of variations so prescribed, and shall not again use such meter until corrected and approved by the commission. [1911; last amended 1935.]

Sec. 5672. Water meters.

Any water company supplying water to the inhabitants of any city, town, village or borough, for domestic, manufacturing or fire protection purposes, may refuse to furnish water except by metered measurement at established rates, to the owner or occupant of any premises upon which water is allowed to be wasted, by reason of defective fixtures or otherwise, after notification to such owner or occupant, and reasonable time given to him to make necessary repairs. [1921]

1949 Supplement to the General Statutes, Title XLIX,
Ch. 319—Commercial Fertilizer.

Sec. 581a. Marking requirements.

Any person, company, manufacturer, dealer or agent, before selling or offering for sale in this state any commercial fertilizer or fertilizer materials except stable manure in its original condition, shall brand or attach to each bag, barrel or package the following items, preferably in the following order: (1) Weight of each package, in pounds; * * * [1949]

General Statutes, Revision of 1949, Vol. III, Title 49,
Ch. 320—Commercial Feeding Stuffs.

Sec. 6740. Definition.

The term "concentrated commercial feeding stuffs," within the meaning of this chapter [Secs. 6740-6746], shall include linseed meals, cottonseed meals, pea meals, bean meals, coconut meals, gluten meals, gluten feeds, dried brewers' grains, dried distillers' grains, malt sprouts, dried beet pulp, hominy feeds, cerealine feeds, rice meals, alfalfa meals, oat feeds, corn and oat chop, corn and oat feeds, scratch feeds, digestor tankage, ground meat scraps, ground fish scraps, mixed feeds, provenders, bran, middlings and mixed feeds made wholly or in part from wheat, rye or buckwheat, and all materials of a similar nature intended for the feeding of domestic animals, including poultry; but shall not include hays, straws, corn stover, ensilage, whole grains or the unmixed meals made directly from the whole grains of wheat, rye, barley, oats, Indian corn, broom corn, rice, buckwheat and flaxseed, or feed ground from whole grain and sold directly from the manufacturer to the consumer. * * * [1925]

Sec. 6741. Marking requirements.

Each lot or parcel of concentrated commercial

feeding stuffs sold or offered or exposed for sale shall have conspicuously affixed thereto a plainly printed statement certifying (1) the number of net pounds of feeding stuff contained therein, * * * provided such statement shall not be affixed by wire or other metallic device, and provided, in the case of cottonseed meal which shall be sold for fertilizer or in the case of any concentrated feeding stuff sold in bulk, the dealer may issue, in lieu of the printed statement herein described, a certificate which shall contain the information required by this section. [1925]

Sec. 6744. Enforcement.

The commissioner of food and drugs shall enforce the provisions of this chapter [Secs. 6740-6746] and, when evidence is submitted by the Connecticut Agricultural Experiment Station that any provision of sections 6741 and 6742 have been violated, he shall make complaint to the prosecuting officer having jurisdiction. [1925]

Sec. 6745. Penalty for violations.

Any manufacturer, importer, agent or other person selling or offering or exposing for sale any concentrated commercial feeding stuff in relation to which all the provisions of sections 6741 and 6742 shall not have been complied with, shall be fined not more than one hundred dollars for the first offense and not more than two hundred dollars for each subsequent offense. [1925]

Revised Code 1935, Ch. 82—Weights and Measures.

3419. Sec. 1. Custody of standards.

The State Chemist is made the custodian of the standard weights and measures of the United States,

belonging to this State, together with balances for adjusting duplicate standards.

The State Chemist is required to keep the same in good order, and shall, upon demand, try and

Revised Code 1935, Ch. 82—Weights and Measures
—Continued.

prove the duplicate standards of weights and measures belonging to the several Counties, by and with the originals in his custody, and shall cause them to be made uniform and correct. [1909]

3420. Sec. 2. Standards of weights and measures.

The standard weights and measures of the United States, now deposited in the custody and office of the State Chemist, are the true and legal standards for this State; and the duplicate thereof, deposited with the several Prothonotaries,¹ are true duplicate standards by which all weights and measures, used within this State, shall be tried and regulated. [1852]

¹ See Sec. 4304, page 190.

3421. Sec. 3. County regulators of weights and measures.

A Regulator of weights and measures for each county shall be appointed by the Governor, to serve at his pleasure.

The said Regulator shall be sworn, or affirmed, to perform the duties of his office faithfully and impartially.

He shall, within thirty days from his appointment, give bond to the State, with sufficient surety, to be approved by the Governor, in the sum of one thousand dollars, conditioned for the faithful performance of the duties of his office; and if such bond be not filed in the secretary's office within the time aforesaid, his commission shall be void; the Regulators shall devote their full time towards carrying out the duties of their office and shall be paid for their services annually one thousand eight hundred dollars in New Castle County and twelve hundred dollars in Kent and Sussex Counties, said salaries to be paid by the State Treasurer as other salaries of State employees are paid. The Regulators shall be reimbursed for their reasonable expenses after the same have been duly certified by the Governor or such person as may hereafter be designated by him; said expenses shall not be allowed for a sum exceeding fifty dollars for any one month for each Regulator. [1852]

3422. Sec. 4. Same: Duties of, in Kent and Sussex Counties.

In Kent and Sussex Counties the Regulator of Weights and Measures shall visit at least once during the year, every incorporated town in his county, for the purpose of regulating, by and with the duplicate standards aforesaid, without charge, any weights and measures, scales, balances, or other weighing apparatus, that may be in use; and shall stamp the same plainly with the letter "S," and the initial of his county should the same be correct.

Whenever he shall see fit so to do, or whenever he shall be so requested, the Regulator of Weights and Measures in Kent or Sussex County shall weigh any quantity of coal or ice on its way to or in

process of delivery and the expense of weighing same shall be paid to him by the Levy Court of the County upon presentation of a receipted bill therefor, showing the payment thereof by him. [1915; last amended 1919.]

3423. Sec. 5. Same: General duties and powers.

The Regulator shall, in like manner, in his County, at all other times, regulate such weights and measures, scales, or balances, as may be brought to him, or of which he may have knowledge. And he shall diligently inquire for all unstamped weights and measures, scales and balances, which are used within his county for buying or selling.

Each regulator shall have power, within his respective jurisdiction, to test all instruments and devices used in weighing or measuring anything sold or to be sold. Such test shall include all appliances connected or used with such instruments or devices. For the purpose of making such test, each regulator, at any reasonable time and without formal warrant, may enter upon any premises; and may, on any public highway, stop any vendor or dealer, or the agent or servant of such vendor or dealer, or stop any vehicle used in delivering any commodity which is weighed or measured as delivered. He may condemn and mark as condemned, or may seize, any false or illegal instrument or device used, or intended to be used, in weighing or measuring. If he shall seize any such instrument or device, he shall retain possession thereof until it shall have been used as evidence in any prosecution under the laws of this Commonwealth relating to weights and measures. After the determination of such prosecution the false or illegal instrument or device shall be destroyed, unless otherwise ordered by the proper Court.

Each Regulator shall have the power within his respective jurisdiction to make arrests for all violations of Chapter 82 of the Revised Code of Delaware, 1935, as amended. The Deputies of the respective Regulators shall have the same power. [1915; last amended 1943.]

3424. Sec. 6. Same: Monthly Reports.

Each Regulator shall make a complete report each and every month to the Governor, or such State official or employee as may be designated by him to receive such report, covering all official acts on his part and furnishing a complete itemized statement of all expenses incidental to the performance of his duties. [1931]

3425. Sec. 7. Offenses and penalties for Kent and Sussex Counties.

If any person in Kent or Sussex County, shall buy, sell, or barter, by any weight or measure, scale, balance, or other weighing apparatus, that has not been duly regulated and stamped, or if any person shall make, or use, a false stamp, or brand, for stamping weights, or measures, he or she shall be

fined Twenty-five Dollars and pay in addition thereto the costs in the case. One-half of said fine when recovered shall be paid to the informer. [1915]

3426. Sec. 8. New Castle County: Duties and powers of regulator.

The Regulator of Weights and Measures for New Castle County shall, as often as he may deem necessary, go to all stores, offices, booths, stalls or other places of business in his County where any beams, scales, weights and measures are used for the purpose of buying or selling any goods, chattels or other things, and test and adjust or cause to be tested and adjusted (if possible) all such beams, scales, weights and measures, and stamp the same plainly with the letter "S" and the initial of his County and the current year. He shall also in like manner, at all other times, test and adjust such beams, scales, weights and measures as may be brought to him for that purpose. The said regulator shall have the same powers prescribed in Section 5 [Sec. 3423] of this Chapter. [1915]

3427. Sec. 9. Same: Seizure of false equipment; application of law.

The said Regulator of Weights and Measures for New Castle County is required to immediately seize and deliver to the Attorney General all false beams, scales, weights and measures that he may find within the County, which he is unable to adjust, together with a written report giving such information in regard thereto as may be required of him by the Attorney General; and all the provisions of this Chapter [Secs. 3419. Sec. 1-3443. Sec. 25] relating to the inspection of beams, scales, weights and measures in New Castle County used for the purpose of buying or selling shall also extend to all such beams, scales, weights and measures as are or may be used in said county for ascertaining weights and measures for the purpose of charging for freight, tonnage, transportation, commission and all other charges, when such charges are regulated by weight or measure. [1909]

3428. Sec. 10. Same: Offenses and penalties.

In case any user or owner of such beams, scales, weights and measures within the County of New Castle, in this State, shall refuse or neglect to comply with any of the requisitions which the said regulator is by this Chapter [Secs. 3419 Sec. 1-3443. Sec. 25] authorized or directed to make or shall knowingly sell or buy any false beams, scale, weight, or measure; or shall purposely alter any beam, scale, weight, or measure, so that the capacity is diminished or increased after the same shall have been adjusted and stamped; or shall, in buying or selling, knowingly use any beam, scale, weight, or measure, so altered, or shall purposely alter any beam, scale, weight, or measure so as to impair the adjustment thereof after the same shall have been

adjusted and stamped; or shall knowingly have in his possession any beam, scale, weight, or measure so altered as aforesaid; or shall knowingly buy, sell, use, or barter by any beam, scale, weight, or measure, or other weighing or measuring apparatus that has not been duly adjusted and stamped as aforesaid; or shall knowingly make, use, or have in possession any false stamp or brand for stamping any beams, scales, weights, or measures, he or they shall be guilty of a misdemeanor and upon conviction thereof shall, for the first offense, be fined not less than ten or more than twenty dollars or imprisoned for a term not exceeding ten days, and, for every subsequent offense, be imprisoned for a term not exceeding thirty days. One-half of all fines recovered for violations of any of the provisions of Sections 8 to 12 [Secs. 3426-3430], inclusive, of this Chapter [Secs. 3419. Sec. 1-3443. Sec. 25], shall be paid by the officer receiving the same to the informer and the other half to the Treasurer of New Castle County.

Any person, partnership or corporation fraudulently misrepresenting the amount of a commodity contained in a package, bag, box or any other kind of container displayed for sale, exhibited for sale, or offered for sale, or sold by said person, partnership or corporation and which said package, bag, box or other container shall contain less than the amount of the quantity of the commodity so represented shall be guilty of a misdemeanor and shall be fined for the first offense not less than ten dollars or more than twenty dollars or imprisoned for a term not exceeding ten days and for every subsequent offense be imprisoned for a term not exceeding ten days. [1883; last amended 1943.]

3429. Sec. 11. Same: Weights and measures in public markets.

All beams, scales, weights and measures tested, adjusted and stamped under the provisions of Sections 8 to 12 [Secs. 3426-3430], inclusive, of this Chapter [Secs. 3419. Sec. 1-3443. Sec. 25], which shall be used in the public markets and market houses of any city or incorporated town in said County, shall be liable to be tested and adjusted by the Regulator of Weights and Measures of such city or town, but no fee shall be charged therefor; provided, however, that if, upon such testing and adjustment, such beams, scales, weights, or measures shall be found to be false, the person or persons in whose possession the same shall be found shall pay to the Regulator of Weights and Measures of such city or town the fees allowed to such regulator for like services under the ordinances and regulations of said city or town. [1883]

3430. Sec. 12. Same: Oaths relative to commercial equipment.

The said Regulator of Weights and Measures for New Castle County is authorized and empowered to administer an oath or affirmation to any or all

Revised Code 1935, Ch. 82—Weights and Measures
—Continued.

proprietors or owners of any beams, scales, weights or measures, named in Sections 8 to 11 [Secs. 3426–3429], inclusive, of this Chapter [Secs. 3419. Sec. 1–3413, Sec. 25], to ascertain whether they are used for the purpose of buying or selling, as is contemplated by said Sections. [1885]

3431. Sec. 13. Duplicate standards.

The Levy Courts of the three Counties shall cause to be made available to the Regulators of the respective counties, as named under this Chapter [Secs. 3419. Sec. 1–3443. Sec. 25], who shall preserve and keep the same in good order, the duplicate standards and balances and other equipment now used by the said Regulators in the performance of their duties; that thereafter all equipment shall be furnished by the State.

The said Regulators shall attend, with duplicate standards, at the office of the State Chemist, when required by him in writing so to do, for the purpose of having them regulated by the originals. [1931]

3433. Sec. 15. Standard measure for milk and cream; penalty.

It shall be unlawful for any person, firm or corporation to sell or offer for sale, or to demand from any person, firm or corporation offering for sale, either wholesale or retail, any milk, skim milk or cream according to any other standard of measurement than that known as the liquid or wine measure containing two hundred and thirty-one cubic inches to the gallon. Provided, that nothing in this Section will prevent the sale of milk, skim milk or cream by weight or percentage of butterfat.

Every person, firm or corporation and every officer, agent, servant or employee of such person, firm or corporation, who shall violate any of the provisions of this Section, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than twenty-five nor more than one hundred dollars, or shall be imprisoned for a term of not less than ten or more than thirty days, or both, at the discretion of the Court. [1909]

3434. Sec. 16. Charcoal, bushel for.

The Standard Measure of Charcoal in this State shall be two thousand seven hundred and forty-eight cubic inches for each and every bushel thereof, and when sold by weight, a bushel shall be twenty pounds, commercially dry. [1885]

3435. Sec. 17. Mason work, rules for measurement of.

The following shall be the rules for the measurement of mason work in this State:

The units of measurement shall be as follows:

1. For excavation, the cubic yard.

For concrete foundation, the cubic yard.

For concrete floors, the superficial foot.

For dimension stone footings, the superficial foot.

For dimension stone bridge masonry, the cubic foot.

For dimension stone surface dressing, the superficial foot, extra price.

For rubble work, the perch of twenty-four and three-quarters cubic feet.

For rubble work surface dressing, the superficial foot, extra price.

For brick work, the thousand brick.

For plastering plain surfaces, the superficial yard.

For plastering cornices, the running and superficial foot.

2. A perch of stone shall contain, when measured in the wall, twenty-four and three-quarters cubic feet; when measured in square piles on the ground, twenty-seven cubic feet.

When measured in boats, thirty cubic feet.

When measured in cars, thirty-one and one-half cubic feet.

All stone to be measured in the wall when practicable.

Any mason work contracted for, in which the contractor agrees to furnish both materials and labor at a stated sum per perch, shall be measured and computed according to the following rules governing the measurement of mason work, i. e., mason measure shall be the basis of settlement.

3. Excavation:

All excavation to be measured and computed by the actual amount of material displaced. No allowance for rehandling. Walls to be measured by the lineal foot in depth.

4. Concrete:

Foundation, measure actual contents. Floor, measure actual surface laid, except that no deduction be made for open tile drains.

5. Dimension stone:

Footings to be measured each course separately. No deductions for drain or other openings under walls two feet, or less, in width.

Bridge masonry, compute actual cubic contents.

Surface dressing of all kinds extra.

6. Rubble work:

Footings to be measured by actual cubic contents.

Footings are all such foundation courses not exceeding sixteen inches in height as are wider than the body of wall above.

7. Walls:

Compute actual contents and for each angle or corner of ninety degrees in a vertical wall, add two cubic feet for each foot in height of the wall, if the wall is battered add two and one-half cubic feet for each foot in height.

For each angle of more or less than ninety degrees in any wall, add two feet in length of wall.

8. Partition walls:

Intersections of walls, measure actual contents of the walls and add one cubic foot for each foot in

height for each angle made by the faces of the intersecting walls.

9. Circular walls:

For round walls, for length of walls, take one and one-fourth times the girt measure.

10. Pilasters and projections:

All projections, such as chimney breasts, piers connected with walls and pilasters, to be measured actual cubic contents and add thereto one cubic foot for each intersection of the sides of such projection with the wall, and two cubic feet for each outer corner for each foot in height. If such projections are battered on the outer face, add two and one-half cubic feet instead of two cubic feet for each outer corner for each foot in height.

11. Piers:

Square or polygon piers, to be measured actual cubic contents; if vertical, two cubic feet to be added for each corner for each foot in height. If battered, add instead two and one-half cubic feet for each corner for each foot in height.

12. Round piers, add three feet to the measured diameter of the pier, and compute the contents, with this sum used as the diameter, the height to be taken as measured.

13. Stepped piers or piers with vertical off-sets.

Stepped piers or piers diminishing from the bottom by off-sets shall be computed by the above rule No. 10. And also add the sum of the areas of the level surface of the several steps (excepting the top of the pier) multiply by one foot in height.

Provided, however, That all such parts of independent piers as are six inches or more below the surface of the ground are to be computed actual contents, and one cubic foot added for each foot in height or depth.

14. Recesses and slots:

All recesses and slots to be measured solid, and in addition thereto allow one cubic foot for each foot in height.

15. Arches:

Stone arches are classed as cut stone work.

16. Openings:

Deduct contents of windows, doors and other openings, measured from top of sill to spring of arch, and add three cubic feet for each jamb for each foot in height of opening. No deduction to be made for cut stone trimmings and lintels.

17. Jambs:

For any jamb, caused by differences in heights in parts of the same wall, or in adjacent walls, except in junctions of partition walls, add two cubic feet for each foot in height.

18. Change in height of walls after having been leveled:

Compute the additional amount of masonry and add thereto one foot in height of wall.

19. Gables:

Gables to be computed one and one-half times the actual contents.

20. Beam filling:

For beam filling, on level walls, add one foot in height of wall; on gable add one foot in height of wall by the extreme width of gable at its base.

21. Minimum height and thickness of wall:

No wall to be computed at less than eighteen inches in thickness, nor one foot in height.

22. Brickwork:

Compute the actual number of bricks laid.

When in the wall and practicable, the number of bricks to be estimated by actual count; when not practicable to so count them the following rule to be taken as a basis for estimating the number, viz:

Every superficial foot of one-half brick (four and one-half inches) wall to be estimated at six and one-half bricks; of one brick (nine inches) wall at thirteen bricks, etc. Increase the number of bricks by six and one-half bricks for every additional half brick in thickness of wall.

23. Measurement of party walls:

Party walls to be measured according to the above rules, and joist holes to be charged at the rate of fifteen cents each.

24. Plastering and lathing:

To be measured by the superficial yard from floor to ceiling for walls, and from wall to wall of ceiling.

25. Corners, beads, etc:

All corners, angles, beads, quinks, rule joints and mouldings to be measured by the lineal foot on their longest extension.

Add one foot for each stop or mitre.

26. Cornices:

Length of cornices to be measured on walls. Plain cornices, of two feet girt, or less, to be measured on walls by the lineal foot.

Plain cornices exceeding two feet girt to be measured by the superficial foot.

Add one lineal foot by girt for each stop or mitre.

Enriched cornices (cast work) by the lineal foot for each enrichment.

27. Arches, corbels, etc:

Arches, corbels, brackets, rings, centre pieces, pilasters, capitals, vases, resettes, basses, pendants, and niches, by the piece.

28. Openings:

Openings in plastering to be measured between grounds. No deduction to be made for opening of nine feet or less.

For openings of more than nine feet square, deduct contents of openings. [1893]

3436. Sec. 18. Minimum bread weight; offenses; penalty.

All loaves of bread manufactured from wheat flour in whole or in part, sold or offered for sale in this State by the baker or manufacturers thereof or by any other person whether wholesale or retail, shall weigh at least one pound avoirdupois weight.

If any baker or manufacturer of bread into loaves from wheat flour in whole or in part, or any other

Revised Code 1935, Ch. 82—Weights and Measures
—Continued.

person shall in this State sell or offer to sell to any person any such loaf of said bread that shall weigh less than one pound avoirdupois weight he, she or they, or it shall be guilty of a misdemeanor, and upon conviction thereof shall forfeit and pay to the County wherein such sale or offer to sell is made, a fine of not less than five dollars, and not more than twenty-five dollars, and upon default of the payment of said fine shall be imprisoned in the County Jail not exceeding thirty days. [1898]

3437. Sec. 19. Standard containers for fruits and vegetables.

The Standard pint basket or cup for fruit and berries in this State shall contain a full pint.

The Standard quart basket or cup for fruit and berries in this State shall contain a full quart.

The Standard hamper in this State shall hold a full bushel.

The Standard barrel for fruit and produce shall hold eleven pecks.

The Standard peach basket shall hold one-half of a bushel.

For the Summer Apple the Standard basket shall hold one bushel.

The standard basket for all Potatoes, Tomatoes, Turnips, Onions and Cabbage shall hold five-eighths of a bushel.

In measuring all forms of fruit and produce dry measure shall be used.

Every person or corporation in this State handling, shipping or selling fruit or produce in cups or baskets, hampers, barrels, peach baskets, summer apple baskets, and all Potato, Tomato, Turnip, Onion and Cabbage baskets shall use the Standard cup or basket, hamper, barrel, peach basket, summer apple basket, or Potato, Tomato, Turnip, Onion or Cabbage basket, or if he or it shall use a different size from that herein designated as Standard for any of these fruits or produce, he shall clearly mark upon the outside of such cup or basket, hamper, barrel, peach basket, Summer apple basket or Potato, Tomato, Turnip, Onion or Cabbage basket, in figures not less than one inch in height the exact amount which such cup or basket, hamper, barrel, peach basket, Summer apple basket or Potato, Tomato, Turnip, Onion or Cabbage basket, does hold.

Whoever shall violate the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be fined a sum not less than Ten Dollars for each offense. [1913]

3438. Sec. 20. Coal: Standard ton; penalty.

The legal standard ton for coal in this State shall be two thousand pounds avoirdupois weight; any coal dealer or other person selling or sending out into the highways, lanes, or streets of this State, or any city or town of this State, or otherwise dis-

posing of a load of coal containing less than two thousand pounds avoirdupois for a ton, except when delivering fractions of a ton, or, if delivering a fraction of a ton and said fraction of a ton contains less relatively than the legal standard of two thousand pounds avoirdupois, the dealer or other person so acting shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be compelled to pay a fine of fifty dollars. [1939; last amended 1942.]

3439. Sec. 21. Kent and Sussex Counties: Coal and ice; offenses; penalty.

Every person, firm or corporation delivering or attempting to deliver in the way of sale in Kent or Sussex County of this State any quantity of coal or ice purporting to be of a greater net weight than the same shall actually be at the time of delivery shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of one hundred dollars for the first offense, which fine shall be doubled for any second offense and doubled progressively for each subsequent offense thereafter, which penalty shall in Kent and Sussex Counties be in lieu of the penalty prescribed by Section 20 [Sec. 3438] of this Chapter [Secs. 3419. Sec. 1—3443. Sec. 25]. [1919]

3440. Sec. 22. Solid Fuels: Definitions; sale by weight; enforcement officers; tolerance.

(1) Wherever used in this Act [Secs. 3438, 3440, and 3441], "Solid Fuel" shall mean and include anthracite, semi-anthracite, bituminous or semi-bituminous coal, lignite coal, briquettes, charcoal, boulets, coke, gas house coke, petroleum coke, petroleum carbon or any other manufactured or patented fuel not sold by liquid or metered measure.

"Person" shall mean and include an individual, partnership, association of individuals, corporations, or other form of business enterprise.

(2) Solid fuel shall be sold by weight. No person shall sell or deliver or attempt or offer to sell or deliver, or cause to permit to be sold or delivered, any solid fuels less than two thousand pounds by weight to the ton of solid fuel, or a proper proportion thereof, in quantities of less than a ton.

(3) It shall be the duty of the Regulator of Weights and Measures for each County to inspect at least once in every three months the scales used by every dealer in solid fuels maintaining a place of business in the County, and to make periodical inspections and tests of the weights of deliveries of solid fuel of each dealer therein delivering solid fuels, to a purchaser or purchasers within the County, provided, however, that the said Regulator of Weights and Measures, in testing a load of or other quantity of solid fuel shall not compel such dealer or the dealer's agent or employee to go an unreasonable distance to a testing scale but shall

use the nearest platform scales that are available and equipped for that purpose.

In all tests or inspections of the weight of solid fuels, a tolerance of two per centum of the weight thereof shall be permitted to allow for variations in scales and conditions not within the control of the dealer, provided, however, that such tolerance shall in no case exceed one hundred and seventy-five pounds for any load of solid fuels. [1929; last amended 1939.]

3441. Sec. 23. Same: Unlawful to sell except by weight; delivery ticket; exceptions; licensed weighmaster; fees; certificate of origin; place of weighing and reweighing; violations; penalty.

* * * All solid fuels shall be sold by weight and shall be weighed by a licensed Weighmaster appointed by the Regulator of Weights and Measures of the County. No person shall sell or deliver, or cause or permit to be sold or delivered, any solid fuels without each such sale or delivery being accompanied by a delivery ticket of a licensed Weighmaster, said delivery ticket to be given to the purchaser or purchaser's representative, or to an agent of the person receiving such solid fuels, and in all cases an exact copy or duplicate of the ticket delivered to the purchaser shall be retained by the person making such sale or delivery. On said delivery ticket there shall be distinctly and indelibly stated the quantity or quantities in pounds of the solid fuel contained in the cart, wagon, truck, or other vehicle or container used in making delivery, the date of weighing, the date of sale, the name and address of the seller, the name and address of the purchaser, together with an impression of the official seal or stamp of the Weighmaster who performed the weighing. The tare and gross weights of the vehicle transporting solid fuel and the net weight of each delivery must be determined by the licensed weighmaster on the same scale, and in no case shall a licensed Weighmaster certify to the net weight of any solid fuel on any weight or delivery ticket, if, between the time of the taking of the tare weight, or weight of the vehicle without the load, and the time of taking of the gross weight or weight of the vehicle with the load, said vehicle shall have left the place or premises where such scale is located. Any Regulator of Weights and Measures of the several Counties, deputies, or other law enforcing officers of the State, or of any County, city, or other incorporated town, who finds any quantity of solid fuel ready for or in the process of delivery, may direct the person in charge of the vehicle carrying said solid fuel to convey the same to an available stationary scale suitable for weighing the vehicle transporting the solid fuel, located in the State of Delaware, and operated by a licensed Weighmaster, for the purpose of weighing and determining the net weight of the solid fuel, in accordance with the provisions of this Section and the next preceding

section. It shall be unlawful for any seller or driver or other person in charge of the vehicle containing such solid fuel, or from which such solid fuel has been unloaded, upon the request and direction of any Regulator of Weights and Measures, or his deputies, or other law enforcing officers of the State, County, city or other incorporated town, to refuse and fail to take the said vehicle and solid fuel to a scale operated by a licensed Weighmaster to permit the said solid fuel and vehicle to be weighed.

The provisions of this section and the next preceding section shall not apply to solid fuel sold for delivery to one destination by the entire railroad car or cargo direct from the vessel or railroad car containing the same and accepted by the purchaser on the original bill of lading, railroad freight bill or invoice, as proof of weight; nor shall the provisions of this section and the next preceding section apply to sales of solid fuel in quantities of fifty pounds or less in paper bags, sacks, or packages; provided, such bags, sacks, or packages in which the solid fuel is sold or delivered are plainly and conspicuously marked with the correct weight of the contents.

The Regulators of Weights and Measures in their respective counties shall have the authority to compel the driver or operator of any vehicle transporting solid fuels to convey the same to an available stationary scale suitable for weighing the said vehicle, located in the State of Delaware, and said scale being operated by a licensed Weighmaster, for the purpose of weighing and determining the tare weight of said vehicle. The Regulator of Weights and Measures shall also have the authority to take any vehicle transporting solid fuels to any suitable scale and he, himself, may operate the said scale and determine the tare weight of any vehicle transporting solid fuels.

(2) The Regulator of Weights and Measures of each County shall appoint as a licensed Weighmaster in and for the County, any person who shall possess the qualifications hereinafter provided and shall make application for such appointment, assigning to each licensee an official number. Any person shall be appointed a Weighmaster who shall be a person of good character, capable of and experienced in the operation of a stationary scale, and shall have been a resident of this State for not less than six months prior to his appointment. Licenses shall be issued to individuals only and not to firms or corporations, but any firm or corporation may have as many of their members or employees licensed as they may desire. The term of appointment of each Weighmaster shall be three years, but any Weighmaster may have his license revoked by the Regulator of Weights and Measures by whom he was appointed, for misconduct in office, dishonesty, incompetency, violation of a pro-

—Continued.

vision of this Act, or in case any such Weighmaster shall cease to possess the qualifications specified for his original appointment. For each appointment so made, the Regulator of Weights and Measures shall receive from the licensee a fee of \$5.00 for the use of the State. All fees so received shall be paid over to the State not later than the tenth of the month following the month when received. Each Weighmaster shall provide himself at his own expense, with a seal or stamp containing on the outer margin, his name, the name of the County in which he is licensed, followed by the word "Delaware," and shall also contain the word "Weighmaster" and his official number, together with a date indicator to show the date the seal or stamp was used by the Weighmaster on each weight or delivery ticket. No Weighmaster shall delegate his authority to another person.

No Weighmaster shall receive any salary or other compensation from the State for the performance of his duties, but each Weighmaster may charge and retain for the owner of the scale used for weighing, a fee not exceeding twenty-five cents for each weighing performed for any person other than the owner of the scale, said fee to be paid by the dealer, trucker or seller of the solid fuels so weighed. A separate fee may be charged by a Weighmaster for each delivery of solid fuel requiring a separate weight ticket. A licensed Weighmaster shall keep a permanent record of all vehicles weighed by him other than the vehicles owned and operated by the owner of the scale, showing the date, the name and address of the seller, the State registration number of the vehicle, and the tare and gross weight of the delivery, such records to be available at all times during business hours for the inspection of the Regulator of Weights and Measures of the County wherein the scale is located. All persons engaged in the sale and delivery of solid fuel and duly licensed to transact such business in the State of Delaware, equipped with a stationary scale and employing a licensed Weighmaster, shall, during business hours, permit the use of such scale for the purpose of weighing vehicles transporting solid fuels, in addition to those vehicles operated in his own business, in order to provide weighing facilities for carrying out the provisions of this section and the next preceding section. Said person shall also furnish, without charge, the necessary space within his yard to unload and reload the solid fuel from and to the vehicle containing such solid fuel to be weighed, provided, however, that he shall not be required to supply any labor in connection with either the unloading or reloading of the solid fuel so weighed. All vehicles used in the transportation of solid fuel shall be conspicuously marked with permanent letters on the exterior of the right and left sides thereof in plain view and

easily discernible, the name and address of the registered owner. The letters shall be at least three inches in height and not less than one-half inch in width.

(3) The word "Certificate of Origin" when used in this section means a signed certificate containing the following:

a. Name and location of, and the name of the owner or operator of the breaker, colliery, or other place of production where the solid fuel to which it refers is produced or if the solid fuel to which it refers comes from a yard, pocket or other place of storage where solid fuel is commingled and stored outside the State other than a colliery, breaker or other place of production, then the name of the owner or operator of the yard, pocket or other place of storage.

b. The kinds, size and weight of the solid fuel.

c. The name and address of the person claiming ownership of said solid fuel.

d. The name and address of the driver of the truck hauling said solid fuel and the State Registration number of the truck.

e. The name and address of the person or persons to whom said solid fuel is to be delivered, or in the event that said solid fuel is not intended for delivery to any particular person or persons, the name and address of the owner and yard to which it is to be taken.

The Certificate shall be filled in and prepared by typewriter, ink, or indelible pencil, and shall be signed in ink or indelible pencil by the person who is operating the truck, and by the person or his duly appointed agent who is the owner of the breaker, colliery, place of production, yard, pocket or other place of storage, as the case may be, where the solid fuel to which the Certificate of Origin refers, is loaded on the truck outside the State of Delaware.

It shall be unlawful for any person to haul, transport, purchase, sell or deliver in the State of Delaware, any solid fuel brought into the State from outside the State by motor truck except in accordance with the provisions of this section. Such solid fuel shall be accompanied at all times until delivered, by a Certificate of Origin and a duplicate original of such Certificate of Origin shall be filed as hereinafter provided.

Every driver of a motor truck or other vehicle bringing solid fuel into the State of Delaware from outside the State, for sale and delivery within the State, shall, upon entering the State, proceed forthwith before delivery of the load of solid fuel, to the nearest available stationary scale, suitable for weighing the tare and gross weight of the vehicle, to the place or places or each delivery, to have the solid fuel weighed by a duly licensed Weighmaster in accordance with the requirements of this Section and the next preceding section, and shall then and there file with said licensed Weighmaster a

duplicate original of the required Certificate of Origin. No licensed Weighmaster shall weigh up any such load of solid fuel and sign a weight ticket therefor unless and until a duplicate original of the Certificate of Origin for such solid fuel shall be filed with and retained by the Weighmaster in the form required by this section. Such Weighmaster upon signing or using his official stamp on such weight ticket shall make a notation thereon of the number and the date of the Certificate of Origin, and shall also sign or officially stamp and date the Certificate of Origin accompanying the load of solid fuel. Nothing herein contained shall be construed to require the weighing in the State of Delaware of any load of solid fuel which is merely being transported through the State, but the driver of any truck transporting such load of solid fuel shall, in any event, file a duplicate original of the required Certificate of Origin with a duly licensed Weighmaster at the nearest available scale after entering the State. Where the solid fuel transported by motor truck from outside the State of Delaware is delivered to a coal yard in the State and unloaded for storage, the driver of said motor truck shall forthwith file with the owner of said yard, or his representative, the duplicate original Certificate of Origin required for each delivery made and the said owner or his representative shall forward weekly to the Regulator of Weights and Measures for his respective County the Certificates of Origin covering all receipts of solid fuel delivered to said yard for storage during the preceding week.

The Certificate of Origin as herein provided shall be issued only on forms to be supplied upon application therefor to the Secretary of the State of Delaware. The Certificates shall be serially numbered and issued in duplicate, consecutively. A nominal charge to cover the cost of supplying such forms may be made by the Secretary of State. Said Certificates shall be non-transferrable and any person who has in his possession, or who files with a licensed Weighmaster, a false Certificate of Origin, shall be deemed guilty of a violation of this Act [Secs. 3438, 3440, and 3441]. The Secretary of the State of Delaware shall issue such blank Certificates of Origin to any person who is the owner or operator of a colliery, breaker, place of production, or who is the owner or operator of a yard, pocket or other place of storage outside the State of Delaware upon application therefor, but such person shall show the necessity for the issuance of said Certificate and shall furnish proof to the Secretary of State that all solid fuel produced or stored is not stolen and is legally acquired at its source. The Secretary of State shall monthly send a revised list of all Certificates of Origin issued by him to the Regulator of Weights and Measures of each County, who shall, in turn, send similar lists to all licensed

Weighmasters appointed by him. All licensed Weighmasters shall keep a written record of all Certificates of Origin received by him at the time of weighing any solid fuel brought into the State. Said Weighmasters shall weekly forward to the Regulator of Weights and Measures of his respective County the Certificates of Origin filed with him for the weighing of solid fuel during the preceding week. The Regulator of Weights and Measures of each County shall retain for his official record said Certificates of Origin. Any person directly interested in the sale, distribution, hauling or transportation of solid fuel in the State of Delaware, and any association composed of persons who are so interested, shall be entitled to sue for and to have injunctive relief in any Court of the State of Delaware having jurisdiction over the parties against actual or threatened violations of this section or the next preceding section. The Regulator of Weights and Measures shall have power to adopt regulations, not inconsistent with this Chapter [Secs. 3419, Sec. 1—3443, Sec. 25], to make effective the provisions of this section and the next preceding section of this Chapter.

For the purpose of carrying out the provisions of this section and the next preceding section pertaining to the sale of solid fuels, the Regulator of Weights and Measures of the several Counties may appoint a deputy or deputies, who shall have full power and authority to perform the duties of his office in so far as those duties pertain to the sale of solid fuels and the enforcement of the provisions set forth in this section and the next preceding section pertaining thereto. The appointment of a deputy shall be recorded in the office of the Recorder of Deeds in and for the county in which the Regulator of Weights and Measures and the deputy are appointed. Said deputy shall be sworn, or affirmed, to perform the duties of his office faithfully and impartially. He shall, within thirty days from his appointment, give bond to the State, with sufficient surety, to be approved by the Governor, in the sum of One Thousand Dollars, conditioned for the faithful performance of the duties of his office. Any deputy appointed under this section shall not receive compensation from the State of Delaware for his services in this capacity. All such deputies shall be under the control of the Regulator of Weights and Measures by whom appointed, which Regulator shall have the right to revoke the appointment at any time without cause.

Any person, firm, or corporation who shall violate any provisions of this and the next preceding section shall forfeit and pay a fine of not less than Fifty Dollars nor more than One Hundred Dollars, or be imprisoned for a term not exceeding thirty days, or both, in the discretion of the Court, for the first offense, and forfeit and pay a fine of not

less than One Hundred Dollars nor more than Two Hundred and Fifty Dollars, or be imprisoned for a term not exceeding three months, or both, in the discretion of the Court, for each subsequent offense.

* * * * *

No provision of this section shall apply or be construed to apply to foreign or interstate commerce except in so far as the same may be effective pursuant to the United States Constitution and to the laws of the United States enacted pursuant thereto. [1933; last amended 1945.]

3442. Sec. 24. Oysters in shell, measure for.

The measure for oysters sold in the shell by the bushel, shall be as provided in Section 165 [2966] of Chapter 74.¹ [1915]

¹ See next following section.

Revised Code 1935, Ch. 74, Art. 3—Measure for
Oysters Sold in Shell.

2966. Sec. 165. Measure; violations; penalty.

All oysters sold in the shell by the bushel measure in this State, shall be measured in a circular bushel tub with straight sides and straight solid bottom, and said tub shall have the following dimensions, viz: fifteen inches in diameter across the top from inside to inside, and thirteen inches and three-quarters across the bottom from inside to inside, and twenty inches diagonal from inside chime to top. Any person or persons engaged in buying or selling oysters in this State and measuring the same in any measure contrary to the provisions of this Section shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be fined ten dollars and costs. The person or persons upon failure to pay said fine shall be imprisoned for a term of not less than twenty days nor more than thirty days in the County Jail. The proceeds to go one-half to the informer and one-half to be paid over to the Collector of Oyster Revenue, for the use of the State. Any Justice of the Peace in any County of this State shall have jurisdiction to hear and determine all violations of this Section with the power to enforce its provisions. [1899]

Revised Code 1935, Ch. 113—Custody of Duplicate
Standards of Weights and Measures by Prothonotaries.

4304. Sec. 19. Custody of duplicate standards of weights and measures by prothonotaries.

The Prothonotary shall preserve and keep in good order the duplicate standards of weights and measures deposited in his office; but he shall allow the regulator of weights and measures of his County free access to, and use of, the said duplicates, and the occasional custody of them, as may be required for the discharge of his duties. [1852]

Laws 1941, Vol. 43, Ch. 204—Deputy Regulators of
Weights and Measures.

Sec. 1. Appointment.

The Governor of the State of Delaware shall appoint not more than five persons resident in New Castle County, not more than five persons resident in Kent County, and not more than fifteen persons resident in Sussex County, who shall be known as Deputy Regulators of Weights and Measures, and who shall serve for the same terms as the Regulator of Weights and Measures of the respective counties in which they are appointed. [1941]

Sec. 2. Oath of office.

All persons appointed under the provisions of Section 1 hereof shall be of good moral character and shall before entering upon the execution of their respective duties subscribe to the same oath or affirmation as is required of the Regulator of Weights and Measures in the respective counties. [1941]

Sec. 3. Duties.

The persons so appointed as Deputies shall be under the control and direction of the Regulator of Weights and Measures of the respective counties of which the Deputies are resident.

Whenever any person, firm or corporation having any poultry, produce or other farm products to be weighed and certified, such person, firm or corporation may make application upon the Regulator of Weights and Measures for the county where such commodity to be weighed is located for the assignment of a Deputy to weigh the same, and thereupon the Regulator of Weights and Measures to whom such application shall be made shall designate one or more Deputies under his supervision and direction to proceed accurately and honestly to weigh the commodities whose weight it is desired to be determined or certified, keep accurate account of the said weighing so that accurate totals may be turned over to the person, firm or corporation applying for the services of said Regulator of Weights and Measures, and the totals shall be certified to and signed by the Deputy or Deputies who shall have weighed such articles or commodities. [1941]

Sec. 4. Fees for services.

For the services rendered, the applicant making the request for such weighing shall pay the sum of two and one-half cents per coop for Poultry; and two and one-half cents per one hundred pounds gross weight for all other articles or commodities, but in no case shall any Deputy receive less than Five Dollars for his services for each place visited. The fees herein provided for shall be for the sole use of the Deputy or Deputies who shall weigh and certify their findings upon the request of the applicant. [1941]

Sec. 5. Standards to be provided.

The Levy Courts of the respective counties shall furnish to the Regulator of Weights and Measures in and for the respective counties such standard weights and supplies as shall be necessary to furnish an accurate check upon the scales used in any weighing operation carried on hereunder. [1941]

Revised Code 1935, Ch. 83—Sale and Inspection of Bread Stuffs.

3444, Sec. 1. Bushel weights of wheat, Indian corn and Indian meal.

When wheat or Indian corn is sold by the bushel, and there is no special agreement as to the measurement or weight thereof, the bushel shall consist of sixty pounds of wheat, fifty-six pounds of shelled corn and sixty-eight pounds of corn on the cob, provided, however, that if corn on the cob is sold prior to December 15th next after it has matured, the bushel shall consist of seventy-two pounds. Whenever Indian corn meal shall be sold by the bushel, and no special agreement as to the measurement or weight thereof shall be made by the parties, the bushel, if sifted, shall consist of forty-four pounds, and if unsifted the bushel shall consist of forty-eight pounds. [1866; last amended 1945.]

3445, Sec. 2. Containers for exportation of breadstuffs, flour, and meal: Sizes; exceptions; penalty.

All casks for the exportation of breadstuffs shall be made of good seasoned materials, well hooped and nailed, and shall be of the following sizes, viz: No. 1, 27 inches long, 16½ inches diameter at the head, and to contain 196 pounds; No. 2, 22¾ inches long, 12½ inches diameter, and to contain 98 pounds; and if any person shall export from New Castle County to any foreign port, or place, beyond the United States, or shall sell for such exportation, any wheat flour, rye flour, or middlings of wheat, packed in casks made of unseasoned materials, or of other dimensions, or of less weight per cask, than these respectively, he shall forfeit and pay to the flour inspector forty cents per cask, and shall have remedy over for damages against the miller, or cooper, who furnished the same.

Indian corn meal, made from corn sufficiently kiln-dried, shall be packed for exportation from New Castle County, or from Middleford, or Seaford, in Sussex County, to any foreign port, or any port in the United States where there are no inspection laws, in strong tight hogsheads, made of good seasoned white, or red oak, well hooped and secured, the staves forty-one inches long, twenty-seven inches diameter at the head, and to contain eight hundred pounds net, or in casks twenty-six inches long, sixteen and one-half inches diameter, and to contain one hundred and ninety-six pounds,

or in half barrels twenty-two inches long, twelve and one-half inches diameter, and to contain ninety-eight pounds, under the same penalty herein provided for flour; except that wheat flour, or kiln-dried Indian corn meal, may be exported in sacks, or packages, if inspected and passed, and the same fees paid for inspection as in proportion for barrels. [1852]

3446, Sec. 3. Breadstuffs: Marking requirements; penalty.

Each miller shall brand, or mark, with his own name, or some name by which it may be distinguished as his, every cask, or hogshead, or breadstuffs manufactured by him for exportation, and mark the kind and quality, and weight, tare and net, under penalty of twenty cents for each cask, or hogshead, not branded, to anyone who will sue for the same; and if any person shall mark a false weight, or wrong tare, to the disadvantage of the purchaser, he shall forfeit and pay to the inspector one dollar for each cask, or hogshead, so falsely branded. [1852]

3448, Sec. 5. Flour and Meal: Marking requirements; penalty.

Each and every bag, package, parcel or box of flour or grain meal of any kind, exposed or offered for sale to consumers in this State, shall have marked or printed prominently, distinctly and conspicuously thereon the correct and exact weight in avoirdupois of the flour or other grain meal contained in such bag, package, parcel or box.

It shall be unlawful for any person or persons, firm or firms, corporation or corporations to offer or expose for sale, any bag, package, parcel or box of flour or any kind of grain meal, unless the same has printed or marked thereon as aforesaid the exact and correct weight as aforesaid. Every person or firm or firms violating the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall forfeit and pay a fine of twenty-five dollars, besides the costs of suit.

If any person or persons, firm or firms, corporation or corporations shall print or mark the weight of flour or other grain meal on any such bag, package, parcel or box as aforesaid falsely or incorrectly, or in any way to deceive the public, such person or persons, firm or firms, corporation or corporations, shall upon conviction thereof, forfeit and pay a fine of twenty-five dollars besides the costs of suit. [1899]

3449, Sec. 6. Enforcement officers.

The Governor shall appoint a flour inspector, who shall reside in the City of Wilmington, and another who shall reside in or near Middleford, or Seaford, who shall appoint the necessary deputies. Each inspector, or deputy, shall be duly sworn, or affirmed, and shall hold his office for four years. [1852]

Revised Code 1935, Ch. 83—Sale and Inspection of
Bread Stuffs—Continued.

3450. Sec. 7. Exportation from New Castle County without inspection unlawful.

No person shall ship, or load, for exportation from New Castle County to any foreign port, or to any port in the United States where there are no inspection laws, any superfine, or common flour, or middlings, or any rye flour, or Indian corn meal, before the same is duly inspected. [1852]

3451. Sec. 8. Inspection; penalty.

The Inspector shall try the packing and quality, by boring and piercing; or, if necessary, by unpacking. If, on unpacking, the quantity be found insufficient, the miller shall pay all charges of unpacking and repacking, besides the penalty provided in section 2 [Sec. 3445] of this chapter [Secs. 3444. Sec. 1—3456. Sec. 13]; * * * [1852]

Revised Code 1935, Ch. 21, Art. 5—Commercial Feeding Stuffs.

625. Sec. 58. Definition; marking requirements; special tags for violations; penalties; enforcement.

(1) The term "Commercial Feeds" shall be held to include all materials used for feeding animals or birds, except the following:

(a) Unmixed whole seeds or grains; as defined by the U. S. grain standards.

(b) The unmixed meals made directly from and consisting of the entire grains of corn, wheat, rye, barley, oats, buckwheat, flaxseed, kafir, milo, and other seeds or grains.

(c) Whole hays, straws, cottonseed hulls, stover and silage, when unmixed with other materials.

(2) All manufacturers, importers, jobbers, firms, associations, corporations or persons shall before selling, offering or exposing for sale or distributing in this state any brand of commercial feed have printed on, or attached to each bag, package, carton, or can delivered with each bulk lot a plainly printed statement, hereafter referred to as the label, in a conspicuous place on the outside, containing a legible and clearly printed statement in the English language clearly and truly stating:

(a) The net weight of the contents of the package, bag, carton, can or bulk lot;

* * * * *

(9) If it shall appear from the examination of any sample of feed or other evidence that any of the provisions of this Act [625. Sec. 58] have been violated, the State Board of Agriculture or its duly authorized deputy may affix or cause to be affixed to each package of commercial feed appearing to be in violation of any of the provisions of this Act a special tag setting forth that the commercial feed to which the tag is affixed is in apparent violation of the commercial feed law of the State of Delaware and must not be distributed, transported, sold or otherwise disposed of nor may the special tag be

removed, defaced or destroyed without written permission of the State Board of Agriculture, and the State Board of Agriculture shall cause notice of such apparent violation to be given to the manufacturer and the dealer from whom said sample was taken; any party so notified shall be given an opportunity to be heard under such rules and regulations as may be prescribed by the State Board of Agriculture. After such hearing, if it appears that any of the provisions of this Act have been violated, the State Board of Agriculture may certify the facts to the proper prosecuting attorney and furnish that officer with a copy of the results of the analysis or other examination of such sample, duly authenticated by the analyst or other agent or officer making the examination, under the oath of such analyst, agent or officer.

(10) Any manufacturer, importer, jobber, firm, association, corporation or person who shall impede, obstruct, hinder or otherwise prevent or attempt to prevent the said State Board of Agriculture or any authorized agent of the said State Board of Agriculture in the performance of his duty in connection with the provisions of this Act [625. Sec. 58], or who shall sell, offer or expose for sale or distribute in this State any commercial feeds as defined in Paragraph 1, without complying with the requirements of the provisions of this Act, * * * or shall sell, offer, or expose for sale or distribute in this State any commercial feed which carries any false or misleading statements upon or attached to the package, * * * or if the number of net pounds set forth upon the package is not correct, * * * or who shall violate any other provision of this Act, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not more than fifty dollars (\$50.00) for the first violation and not less than fifty dollars (\$50.00) for each subsequent violation. * * *

(11) The State Board of Agriculture is hereby empowered to enforce the provisions of this Act [625. Sec. 58] and to prescribe and enforce administrative rules, regulations, definitions and standards which shall be in harmony with the provisions of this Act and the official pronouncements of the Association of American Feed Control Officials, Incorporated, and such administrative rules, regulations, definitions and standards when so prescribed shall have all the effect and authority of the remainder of this Act. [1921; last amended 1943.]

Revised Code 1935, Ch. 21, Art. 8—Testing of Milk and Cream.

635. Sec. 68. Testing; Offenses.

It shall be unlawful for any person, association, co-partnership, or corporation, their agents or servants engaged in the business of buying milk or cream on the basis of or in any manner with reference to the amount or percentage of butterfat

contained therein, to take, collect or use for testing purposes an unfair or an inaccurate sample, to underread, overread or erroneously manipulate the test commonly known as the "Babcock test" used for determining the percentage of such fat in said milk or cream, * * * or to use for such test quantities other than seventeen and six-tenths (17.6) cubic centimeters in the case of milk and nine grams or eighteen grams in the case of cream. In all tests of cream, the cream shall be weighed and not measured into the test bottle. [1909]

636. Sec. 69. Test equipment to be inspected.

No person, association, copartnership, or corporation, purchasing milk or cream and paying for the same on the basis of the percentage of butterfat contained therein shall, if the percentage of butterfat is ascertained by the said "Babcock test", use any test glassware except standard Babcock test glassware and weights which have been previously inspected and approved by the State Board of Agriculture. If the proportion of butterfat is determined by any method other than the "Babcock test" no utensil or instrument shall be used in such determination until the same has been inspected and approved by the State Board of Agriculture. [1909]

642. Sec. 75. Enforcement; rules and regulations.

The State Board of Agriculture shall be charged with the enforcement of the provisions of this Article [Secs. 634. Sec. 67—654. Sec. 87] and the said Board shall have authority to make such rules and regulations as are necessary for the proper enforcement of this Article. Nothing contained in this Section shall be construed to prevent any individual from prosecuting anyone violating any of the provisions of this Article.

For violation of any of the provisions of this Article proceedings may be instituted against the owner or manager who is responsible for the business transacted, together with the certified tester or the person weighing and sampling either or all, to be held equally responsible. [1909]

643. Sec. 76. Penalty for violations.

Any person or persons violating any of the provisions of this Article [Secs. 634. Sec. 67—654. Sec. 87], except Section 68, shall be guilty of a misdemeanor and upon conviction thereof shall be sentenced to pay a fine of not less than ten dollars or more than fifty dollars, or imprisonment in the county jail for not less than ten days or more than thirty days, or both, at the discretion of the court. Any person or persons found guilty of violation of Section 68 of this Article shall be guilty of a misdemeanor and upon conviction thereof shall be sentenced to pay a fine of not less than one hundred dollars or more than one thousand dollars, or im-

prisonment in the county jail for not more than nine months. [1909]

645. Sec. 78. Inspection of Babcock test equipment; offenses.

Every person, firm, company, association, corporation, or agent thereof, engaged in the business of buying milk or cream on the basis of, or in any manner with reference to, the amount of percentage of butterfat contained therein, as determined by the "Babcock test," shall use standard "Babcock" bottles, pipettes, and weights, as defined in Section 79 of this Article [Secs. 634. Sec. 67—654. Sec. 87]. All such Babcock test bottles, pipettes, and weights, so used, shall have been inspected for accuracy by the State Board of Agriculture, or its proper officer or agent, and shall be legibly and indelibly marked by the said State Board of Agriculture, or its inspectors of weights and measures, with the letters "S. G. D." (Standard Glassware Delaware), and no Babcock bottle, pipette, or weight, shall be used for such test unless so examined and marked by the said inspectors of weights and measures. It shall be unlawful for any person, persons, firm or company, association, corporation, or any agents, to use any other than standard test bottles, pipettes, and weights, which have been examined and marked as provided in this Section, to determine the amount of fat in milk or cream bought on the butterfat basis as determined by the Babcock test. [1921]

646. Sec. 79. Specifications for Babcock test equipment.

The term "Standard Babcock Testing Glassware" shall apply to glassware and weights complying with the following specifications:

(a) Standard Milk Test Bottles.

GRADUATION. The total per centum graduation shall be eight. The graduated portion of the neck shall have a length of not less than sixty-three and five-tenths millimeters (two and one-half inches). The graduation shall represent whole per centum, five-tenths per centum, and tenths per centum. The tenths per centum graduation shall not be less than three millimeters in length; the five-tenths per centum graduations shall be one millimeter longer than the tenths per centum graduation, projecting one millimeter to the left; the whole per centum graduations shall extend at least one-half way around the neck to the right and projecting two millimeters to the left of the tenths per centum graduations. Each per centum graduation shall be numbered, the number being placed on the left of the scale. The error at any point of the scale shall not exceed one-tenth per centum.

NECK. The neck shall be cylindrical, and the cylindrical shape shall extend for at least nine millimeters below the lowest and above the highest graduation mark. The top of the neck shall be flared to a diameter of not less than ten millimeters.

Revised Code 1935, Ch. 21, Art. 8—Testing of Milk and Cream—Continued.

BULB. The capacity of the bulb up to the junction of the neck shall not be less than forty-five cubic centimeters. The shape of the bulb may be either cylindrical, or conical with the smallest diameter at the bottom. If cylindrical, the outside diameter shall be between thirty-four and thirty-six millimeters; if conical, the outside diameter of the base shall be between thirty-one and thirty-three millimeters, and the maximum diameter between thirty-five and thirty-seven millimeters.

The charge of the bottle shall be eighteen grams.

The total height of the bottle shall be between one hundred and fifty and one hundred and sixty-five millimeters (five and seven-eighths and six and one-half inches).

(b) Standard Cream Test Bottles.

Three types of bottles shall be accepted as standard cream test bottles: a fifty per centum, nine gram, short-neck bottle; a fifty per centum, nine gram, long-neck bottle; and a fifty per centum, eighteen gram, long-neck bottle.

Fifty per centum, nine gram, short-neck bottles:

GRADUATION. The total per centum graduation shall be fifty. The graduated portion of the neck shall have a length of not less than sixty-three and five-tenths millimeters (two and one-half inches). The graduation shall represent five per centum, one per centum, and five-tenths per centum. The five per centum graduations shall extend at least half way around the neck to the right. The five-tenths per centum graduation shall be at least three millimeters in length, and the one per centum graduation shall have a length intermediate between the five per centum and the five-tenths per centum graduations. Each five per centum graduation shall be numbered, the number being placed on the left of the scale. The error at any point of the scale shall not exceed five-tenths per centum.

NECK. The neck shall be cylindrical, and the cylindrical shape shall extend at least nine millimeters below the lowest, and nine millimeters above the highest graduation mark. The top of the neck shall be flared to a diameter of not less than ten millimeters.

BULB. The capacity of the bulb up to the junction of the neck shall not be less than forty-five cubic centimeters. The shape of the bulb may be either cylindrical, or conical, with the smallest diameter at the bottom. If cylindrical, the outside diameter shall be between thirty-four and thirty-six millimeters; if conical, the outside diameter of the base shall be between thirty-one and thirty-three millimeters, and the maximum diameter between thirty-five and thirty-seven millimeters.

The charge of the bottle shall be nine grams. All bottles shall bear on top of the neck, above the graduations, in plainly legible characters, a mark

defining the weight of the charge to be used (nine grams).

The total height of the bottle shall be between one hundred and fifty and one hundred and sixty-five millimeters (five and seven-eighths and six and one-half inches), same as standard milk test bottles.

Fifty per centum, nine grams, long-neck bottles:

The same specifications in every detail as specified for the fifty per centum, nine grams, short-neck bottle, shall apply for the long-neck bottle, with the exception, however, the total height of this bottle shall be between two hundred and ten and two hundred and thirty-five millimeters (eight and one-fourth and eight and seven-eighths inches), and that the total length of the graduation shall not be less than one hundred and twenty millimeters.

Fifty per centum, eighteen grams, long-neck bottles:

The same specifications in every detail as specified for the fifty per centum, nine grams, long-neck bottles, except that the charge of the bottle shall be eighteen grams. All bottles shall bear, on the top of the neck, above the graduation, in plainly legible characters, a mark defining the weight of the charge to be used (eighteen grams).

(c) The Standard Babcock Pipette.

Total length of pipette, not more than three hundred and thirty millimeters (thirteen and one-fourth inches). Outside diameter of suction tube, six to eight millimeters.

Length of suction tube, one hundred and thirty millimeters. Outside diameter of delivery tube, four and five-tenths to five and five-tenths millimeters. Length of delivery tube, one hundred to one hundred and twenty millimeters. Distance of graduation mark above bulb, thirty to sixty millimeters. Nozzle, straight. Delivery, seventeen and six-tenths cubic centimeters of water at twenty degrees Centigrade in five to eight seconds.

(d) Standard Weights.

(1) The standard weights shall be of nine (9) grams and eighteen (18) grams denominations.

(2) Any person violating any of the provisions of Sections 67 to 79, inclusive, of this Article [Secs. 634. Sec. 67—654. Sec. 87], shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten dollars (\$10.00) nor more than fifty dollars (\$50.00) and pay the costs of prosecution.

(3) The State Board of Agriculture of the State of Delaware, through its inspectors of weights and measures, shall be charged with the enforcement of the provisions of Sections 78 and 79 of this Article. [1921]

Revised Code 1935, Ch. 21, Art. 10—Liming Materials.

667. Sec. 100. Marking requirements.

Any person, manufacturer, corporation, dealer, agent or importer that shall sell, offer or expose for

sale any liming material to be used in agriculture in this State shall affix or cause to be affixed to every package or sample or lot of such liming material in a conspicuous place on the outside thereof a tag, label, stencil or certificate, which shall be accepted as a guarantee of the person, importer, manufacturer, corporation or agent, and which shall have plainly printed thereon in the English language the following information:

1. The net weight of the package or sample, excluding goods shipped in bulk. [1923]

* * *

672. Sec. 105. Rules and regulations.

The State Board of Agriculture or its authorized agent or agents are hereby empowered to issue such licenses and to prescribe and enforce such rules and regulations relating to the inspection and sale of liming materials as may be deemed necessary to carry into full effect the intent and meaning of this Article [Secs. 666. Sec. 99—674. Sec. 107] * * * [1923]

674. Sec. 107. Penalty for violations; enforcement.

Any person or persons selling, offering, or exposing for sale, * * * [liming materials], unless accompanied by the statement required by Section 100 [Sec. 667] of this Article [Secs. 666. Sec. 99—674. Sec. 107] or when so accompanied, if the said statements shall be false in any particular, or without having complied with all the foregoing provisions of this Article, shall be guilty of a misdemeanor; and on conviction shall be sentenced to pay a fine of not less than ten, nor more than fifty dollars for the first offense, and not less than one hundred dollars for each subsequent offense. It shall be the duty of the State Board of Agriculture to enforce the provisions of this Article; * * * [1923]

Revised Code 1935, Ch. 22—Commercial Fertilizer.

689. Sec. 2. Marking requirements.

Every company, firm, corporation or person who shall sell, offer or expose for sale, or have in his possession with intent to sell, in this State, any commercial fertilizer, shall affix conspicuously to every package thereof a plainly printed statement, clearly and truly certifying the number of net pounds of fertilizer in the package, * * *. Any manufacturer or dealer who shall fail to affix conspicuously such statement to every package of commercial fertilizer that he may have for sale, offer, or expose for sale, * * * shall be guilty of a misdemeanor, and upon conviction thereof shall be fined Two Hundred Dollars for the first offense and Three Hundred Dollars for each subsequent offense; * * * [1935]

690. Sec. 3. Registration.

Before any commercial fertilizer is sold, offered or exposed for sale in this State, the manufacturer,

importer or party who causes it to be sold, exposed or offered for sale, shall file with the Secretary of State Board of Agriculture, under oath the statement required to be affixed under Section 2 of this Chapter [Secs. 688. Sec. 1—708. Sec. 21]. [1927]

699. Sec. 12. Definition.

The term "Commercial Fertilizer," as used in this Chapter [Secs. 688. Sec. 1—708. Sec. 21], shall be construed to mean any and every substance imported, manufactured, prepared, or sold for fertilizing or manuring purposes, except barnyard and stable manure, marl, lime and wood ashes. [1917]

701. Sec. 14. General penalty.

Any manufacturer or vendor of any commercial fertilizer who shall sell or offer or expose for sale any commercial fertilizer without having previously complied with the provisions of this Chapter [Secs. 688. Sec. 1—708. Sec. 21], as hereinbefore set forth, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not less than Fifty Dollars nor more than Five Hundred Dollars. [1927]

702. Sec. 15. Penalty for removing or defacing label, or selling without label.

Any company, firm, corporation or person, who shall wilfully remove from or deface or change any label or tag or brand affixed to any package of commercial fertilizer under the provisions of this Chapter [Secs. 688. Sec. 1—708. Sec. 21], before such commercial fertilizer has been used for manurial purposes, or who shall sell such commercial fertilizer without a label or tag being affixed thereto at the time of sale, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be fined not less than Ten, nor more than Fifty Dollars for each offense. [1927]

704. Sec. 17. General penalty.

Any company, firm, corporation, or person violating any of the provisions of this Chapter [Secs. 688. Sec. 1—708. Sec. 21], or who fails to comply with any of the requirements of this Chapter, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall, when no other penalty is prescribed, be fined not less than Ten nor more than One Hundred Dollars for each offense. But this Chapter shall not be construed to apply to any one who manufactures fertilizer for his own use and not for sale. [1917]

705. Sec. 18. Enforcement.

The Secretary of the State Board of Agriculture shall report to the Attorney General all violations of the provisions of this Chapter [Secs. 688. Sec. 1—708. Sec. 21]. [1917]

Revised Code 1935, Ch. 22—Commercial Fertilizer
—Continued.

706. Sec. 19. Rules and regulations; penalty.

The State Board of Agriculture shall have power to adopt such means and to make rules and regulations as they may deem necessary to carry into effect the true intent and meaning of this Chapter [Secs. 688. Sec. 1—708. Sec. 21], and a violation of these rules and regulations shall be deemed a misdemeanor, and shall be punishable by a fine not to exceed One Hundred Dollars at the discretion of the Court. [1917]

Revised Code 1935, Ch. 100, Art. 3—Wood-corder
for Towns.

3902. Sec. 7. Duties; sale without corder's measurement; penalty; fee; length of wood.

The Town Commissioners may appoint a wood-corder for the town, who shall by himself, or a deputy, attend, when called on, to measure wood, under penalty of one dollar and fifty cents to anyone who will sue.

If any person shall buy or sell wood, without measurement, in a town where there is a corder, he shall forfeit and pay to such corder one dollar and fifty cents.

The corder's fee for putting up and measuring wood, shall be ten cents per cord, to be paid equally by the buyer and seller.

All such wood shall be of the length of eight, or four feet from the extremity at one end, to the beginning of the carf at the other. [1852]

Revised Code 1935, Ch. 100, Art. 27—Food.

3993. Sec. 98. Unlawful to sell, etc. misbranded article.

It shall be unlawful for any person to manufacture, sell or trade in, within the State of Delaware, any article of food * * * which is * * * misbranded, * * * within the meaning of this Article [Secs. 3993. Sec. 98—4009. Sec. 114.] [1921]

3994. Sec. 99. Definitions.

The term "food," as used in this Article, shall include all articles used for food, drink, confectionery or condiment by man or other animal, whether simple, mixed or compound; * * * [1921]

3997. Sec. 102. When deemed misbranded.

* * * * *

For the purposes of this Article [Secs. 3993. Sec. 98—4009. Sec. 114], an article shall also be deemed to be misbranded:

* * * * *

In the case of food:

* * * * *

2. If it be labeled or branded so as to deceive or mislead the purchaser, * * *

3. If in package form, the quantity of the contents be not plainly and conspicuously marked on the outside of the package in terms of weight, measure or numerical count. [1921]

* * * * *

3998. Sec. 103. Guaranty protection.

No dealer shall be prosecuted under the provisions of this Article [Secs. 3993. Sec. 98—4009. Sec. 114] when he can establish a guaranty signed by the wholesaler, jobber, manufacturer, or other party residing in the United States, from whom he purchases such articles, to the effect that the same is not adulterated or misbranded within the meaning of this Article, designating it. Said guaranty, to afford protection, shall contain the name and address of the party or parties making the sale of such articles to such dealer, and in such case said party or parties shall be amenable to the prosecutions, fines and other penalties which would attach, in due course, to the dealer under the provisions of this Article. [1921]

3999. Sec. 104. Penalty.

Any person who shall violate any of the provisions of Sections 98 to 104, inclusive, of this Article [Secs. 3993. Sec. 98—4009. Sec. 114] shall be deemed guilty of a misdemeanor, and for each offense shall, upon conviction thereof, be fined not to exceed five hundred dollars, or shall be sentenced to not more than one year's imprisonment, or both such fine and imprisonment in the discretion of the Court, and for each subsequent offense and upon conviction thereof shall be fined not more than one thousand dollars, or sentenced to one year's imprisonment, or both such fine and imprisonment, in the discretion of the Court. [1921]

* * * * *

4000. Sec. 105. Exceptions.

The provisions of this Article [Secs. 3993. Sec. 98—4009. Sec. 114], shall not apply to articles of food, or to mixtures or compounds of foods, offered for sale in this State, when prepared, labeled, branded, or inspected, in compliance with the Federal Laws and department regulations established thereunder. [1921]

4002. Sec. 107. Enforcement; rules and regulations.

It shall be the duty of the State Board of Health of the State of Delaware to enforce all the provisions of this Article [Secs. 3993. Sec. 98—4009. Sec. 114], and to promulgate rules and regulations to carry out the same so far as they relate to foods; * * *. The rules and regulations officially prescribed for the enforcement of the Act of Congress,

approved June 30, 1906,¹ entitled "An Act for preventing the manufacture, sale or transportation of adulterated or misbranded or poisonous or deleterious foods, drugs, medicines and liquors, and for regulating traffic therein and for other purposes", and Acts amendatory thereof, so far as applicable, shall be adopted by the said officials for the enforcement of said Article. [1921]

Revised Code 1935, Ch. 100, Art. 42—Narcotic Drugs.

4094. Sec. 199. Marking requirements.

(1) Whenever a manufacturer sells or dispenses a narcotic drug, and whenever a wholesaler sells or dispenses a narcotic drug in a package prepared by him, he shall securely affix to each package in which that drug is contained a label showing in legible English the name and address of the vendor and the quantity, kind, and form of narcotic drug contained therein. * * * [1935]

4104. Sec. 209. Enforcement; penalty for violations.

* * * * *

It is hereby made the duty of the State Board of Health, its officers, agents, inspectors and representatives, and of all peace officers within the State, and of the Attorney General, to enforce all provisions of this Article [Secs. 4087. Sec. 192—4104. Sec. 209], except those specifically delegated, and to co-operate with all agencies charged with the enforcement of the laws of the United States, of this State, and of all other States, relating to narcotic drugs.

Any person who violates or fails to comply with any of the provisions or requirements of this Article shall upon conviction be deemed guilty of a misdemeanor, and shall be punished by a fine of not more than Three Thousand Dollars (\$3,000.00) or by imprisonment for not more than ten years, or both, in the discretion of the Court. The Municipal Court of the City of Wilmington shall have concurrent jurisdiction of all violations of the provisions and requirements of this Article occurring

within the corporate limits of the City of Wilmington. [1935]

Laws 1943, Vol. 44, Ch. 67—Purchase and Sale of Lima Beans, Peas, etc. for Canning or Processing.

Sec. 1. Weight or measure determined according to standard weights and measures.

Whenever any lima beans, peas or other leguminous vegetables are purchased and sold in this State for canning or processing or any other kindred purpose whatever, either within or without this State, and one of the factors determining the purchase price to be paid therefor is the weight or measure thereof, after being severed and/or hulled from the vines, then in all such instances the weight or measure thereof, as the case may be, shall be determined according to standard weights and measures established by the appropriate Laws of this State with reference thereto. Such weight or measure, as the case may be, shall, in all such instances, be determined openly and, should he so require, in the presence of the seller or the seller's representative. Such weight or measure, as the case may be, shall, in all such instances, be determined at the place or Viner Station [at] which such lima beans, peas or other leguminous vegetables, as aforesaid, are vined and/or hulled. [1943]

Sec. 3. Penalty for violations.

Any person, firm or corporation, and any employee, servant or agent of any person, firm or corporation, who shall violate any of the provisions of this Act [Secs. 1—3] shall be guilty of a misdemeanor and upon conviction thereof shall be punished for the first offense by a fine of not less than Ten Dollars (\$10.00) nor more than Fifty Dollars (\$50.00) or by imprisonment of not more than ten (10) days or by both fine and imprisonment in the discretion of the Court and for the second and each subsequent offense to be punished by a fine of not less than Fifty Dollars (\$50.00) nor more than Two Hundred Fifty Dollars (\$250.00), or by imprisonment for not more than two (2) months, or by both fine and imprisonment in the discretion of the Court. Sec. 10-101a. Title of Superintendent of Weights, Measures, and Markets changed to Director.

After April 11, 1946, the Superintendent of Weights, Measures, and Markets shall be known as the Director of Weights, Measures, and Markets. [1946]

Sec. 10-102. Bond of superintendent.

The superintendent¹ shall, before entering upon the performance of his duties, give bond to the District of Columbia in the penal sum of \$5,000, signed by two sureties or by a bonding company,

Code, 1940 Edition, Title 10, Ch. 1—Weights, Measures, and Markets—Continued.

to be approved by the Commissioners, conditioned on the faithful discharge of the duties of his office, and shall take and subscribe an oath or affirmation before the commissioners that he will faithfully and impartially discharge the duties of his office, which bond and oath shall be deposited with the Commissioners. [1921]

¹ Title of Superintendent of Weights, Measures, and Markets changed to Director; see Sec. 10-101a.

Sec. 10-103. Powers and duties of superintendent.

The Superintendent¹ and, under his direction, his assistants and inspectors, shall have exclusive power to perform all the duties provided in sections 10-101 to 10-120, 10-122 to 10-134, * * *. They shall, at least every six months, and oftener when the Superintendent thinks proper, inspect, test, try, and ascertain whether or not they are correct, all weights, scales, beams, measures of every kind, instruments or mechanical devices for weighing or measuring, and all tools, appliances, or accessories connected with any or all such instruments or mechanical devices for weighing or measuring used or employed in the District of Columbia by any owner, agent, lessee, or employee in determining the weight, size, quantity, extent, area, or measurement of quantities, things, produce, or articles of any kind offered for transportation, sale, barter, exchange, hire, or award, or the weight of persons for a charge or compensation, and shall approve and seal, stamp, or mark, in the manner prescribed by the Commissioners, such devices or appliances as conform to the standards kept in the office of the Superintendent, and shall seize and destroy or mark, stamp, or tag with the word "condemned" such as do not conform to the standards, and shall also mark the date of such condemnation upon the same. Any weight, scale, beam, measure, weighing or measuring device of any kind which shall be found to be unsuitable for the purpose for which it is intended to be used or of defective construction or material shall be condemned. No person shall use or, having the same under his control, shall permit to be used for any of the purposes enumerated in said sections any weight, scale, beam, measure, weighing or measuring device whatsoever unless the same has been approved in accordance with the provisions of said sections within six months prior to such use, or that does not conform to the standards kept in the office of the Superintendent of Weights, Measures, and Markets, or that does not bear the approval seal, stamp, or mark prescribed by the Commissioners, or which, having been condemned, has not thereafter been approved as provided in said sections.

Any person who shall acquire or have in his possession after the passage of sections 10-101 to 10-120, 10-122 to 10-134, * * * any scale, weighing

instrument, or nonportable measure or measuring device, subject to inspection or test under the provisions of said sections, which has not been approved in accordance with the provisions of said sections within six months prior to acquisition or possession and which does not bear the approval seal, stamp, or mark prescribed by the Commissioners, shall notify the Superintendent in writing at his office, giving a general description thereof, and the street and number or other location where same may be found, and it shall be the duty of the Superintendent to cause the same to be inspected and tested within a reasonable time after receipt of such notice. Any person who shall acquire or have in his possession after the passage of said sections any portable measure or measuring device, subject to inspection or test under the provisions of said sections, which has not been approved in accordance with the provisions of said sections within six months prior to acquisition or possession and which does not bear the approval seal, stamp, or mark prescribed by the Commissioners shall cause the same to be taken to the office of the Superintendent for inspection and test.

Every peddler, hawker, huckster, transient merchant, or other person with no fixed or established place of business shall, before using any weight, scale, measure, weighing or measuring device for any of the purposes enumerated in sections 10-101 to 10-120, 10-122 to 10-134, * * * cause the same to be taken to the office of the Superintendent for inspection and test semi-annually, and shall not use for the purposes herein mentioned any weight, scale, measure, weighing or measuring device which has not been approved within six months prior to the time of such use, and does not bear the approval seal, stamp, or mark prescribed by the Commissioners. [1921; last amended 1945.]

¹ Title of Superintendent of Weights, Measures, and Markets changed to Director; see Sec. 10-101a.

Sec. 10-103a. Advancement of moneys for investigational work.

The Disbursing Officer of the District of Columbia is authorized to advance to the Director of the Department of Weights and Measures, and Markets, upon requisition previously approved by the Auditor of the District of Columbia, sums of money, not exceeding \$200 at any one time, to be used exclusively in connection with investigations and detection of short weights and measures. [1948]

Sec. 10-104. Approval of altered or repaired equipment.

No person shall use or, having the same under his control, permit to be used, any weight, scale, measure, weighing or measuring device, or any attachment or part thereof after the same has been altered or repaired without the same having been inspected and approved as provided in sections 10-101 to 10-120, 10-122 to 10-134, * * * after such alterations or repairs have been made,

and no persons shall alter, obliterate, detach, obscure, or conceal any condemnation seal, stamp, mark, tag, or label, attached or impressed by the superintendent¹ or any of his assistants or inspectors, without written permission of the superintendent. [1921]

¹ Title of Superintendent of Weights, Measures, and Markets changed to Director; see Sec. 10-101a.

Sec. 10-105. Refusal to allow tests.

No person shall neglect, fail, or refuse to exhibit any weight, scale, beam, measure, weighing or measuring device, subject to inspection or test under the provisions of sections 10-101 to 10-120, 10-122 to 10-134, * * * to the superintendent¹ or any of his assistants or inspectors for the purpose of inspection and test, and no person shall in any manner obstruct, hinder, or molest the superintendent or any of his assistants, inspectors, or other employees in the performance of their duties. [1921]

¹ Title of Superintendent of Weights, Measures, and Markets changed to Director; see Sec. 10-101a.

Sec. 10-106. Records.

The superintendent¹ shall keep in his office a record of weighing and measuring devices inspected, which record shall show the type of device, the name and address of the owner, the date of inspection, and whether the same was approved or condemned. Such record shall be open to the public during regular office hours. [1921]

¹ Title of Superintendent of Weights, Measures, and Markets changed to Director; see Sec. 10-101a.

Sec. 10-107. False weight, measure, or count prohibited.

No person shall sell, offer for sale, keep, or expose for sale anywhere in the District of Columbia any commodity of any kind as a weight, measure, or numerical count greater than the actual or true weight, measure, or numerical count thereof, and no person shall take or attempt to take more than the actual and true weight, measure, or numerical count of any commodity, when, as buyer, he is permitted by the seller to determine the weight, measure, or numerical count thereof. No person shall charge or collect for any commodity or commodities a sum greater than the price or prices indicated or quoted at the time of sale. No person shall charge, collect, or accept any money for any commodity which he shall not have delivered or which he shall not have agreed to deliver. When a whole number or fraction, or both, are used in representing the price or quantity of any commodity, thing, or service offered or exposed for sale, such number or combination of numbers shall be of such size as to indicate clearly the price or quantity of such commodity, thing or service. [1921; last amended 1945.]

Sec. 10-108. Sales by net weight; ton defined.

When any commodity is sold by weight it shall be net weight. When any commodity is sold by the ton, it shall be understood to mean two thousand pounds avoirdupois. [1921; last amended 1945.]

Sec. 10-109. Coin-in-the-slot machines.

No person, firm, or corporation shall erect, operate, or maintain, or cause to be erected, operated, or maintained within the District of Columbia any coin-in-the-slot machine or automatic vending device without placing in charge thereof some responsible person. No such machine shall be maintained for use when the same is not in perfect working order, and the person in charge as well as the owner of such machine or device shall be held responsible for operating or maintaining any such machine or device which is not in perfect working order. A sign or placard shall be placed on every such machine or device in a conspicuous place and shall contain the name and business address of the owner and of the person in charge of such machine or device, and shall state that the person in charge of such machine or device will refund to any person money deposited by him for which the commodity or service promised expressly or impliedly has not been received, and such person shall so refund such money. [1921]

Sec. 10-110. Sales tickets: Furnished on request; contents.

Every person, firm, or corporation shall, when a sales ticket is given with a purchase, cause such sales ticket to show the correct name and address of such person, firm, or corporation and the weight, measure, or numerical count, as the case may be, of each commodity sold to the purchaser, and every such person, firm, or corporation is hereby required to deliver such sales ticket to such purchaser when requested to do so by such purchaser at the time of the sale. [1921]

Sec. 10-111. Coal, charcoal, and coke: Sale of; delivery ticket; exceptions.

It shall be unlawful to sell or offer for sale in the District of Columbia any coal, charcoal, or coke in any manner other than by weight. No person shall sell or deliver or attempt to deliver to any purchaser within the District of Columbia any coal, charcoal, or coke unless the quantity so sold or delivered or attempted to be delivered to each purchaser shall have been weighed separately. No person shall deliver to any purchaser within the District of Columbia any coal, charcoal, or coke unless the same shall have been kept separated from any other coal, charcoal, coke, or other commodity after same has been weighed as aforesaid until final delivery thereof.

No person shall deliver or attempt to deliver any coal, charcoal, or coke in a quantity of one-fourth of a ton or more without accompanying the same by

Code, 1940 Edition, Title 10, Ch. 1—Weights, Measures, and Markets—Continued.

a delivery ticket and a duplicate thereof, the original of which shall be in ink or indelible substance, on each of which shall be clearly and distinctly expressed the following information:

(a) The gross weight of the load, the tare weight of the delivery vehicle, and the net weight of the coal, charcoal, or coke expressed in pounds avoirdupois;

(b) The name of the owner and location of the scale on which the coal, charcoal, or coke shall have been weighed;

(c) Name and address of the seller and of the purchaser; and

(d) The name of the person who weighed said coal, charcoal, or coke.

Upon demand of the Superintendent¹ or any of his assistants or inspectors upon the person in charge of the vehicle of delivery, the original of these tickets shall be surrendered to the official making such demand. The duplicate ticket shall be delivered to the purchaser of said coal, charcoal, or coke, or to his agent or representative, at the time of delivery of such coal, charcoal, or coke. Upon demand of the Superintendent or any of his assistants or inspectors, or of the purchaser or intended purchaser, his agent, or representative, the person delivering such coal, charcoal, or coke shall convey the same forthwith to a public scale, owned and operated as hereinafter provided, or to any legally approved private scale in the District of Columbia, the owner of which may consent to its use, and shall permit the verifying of the weight, and after the delivery of such coal, charcoal, or coke shall return forthwith with the wagon, truck, or other vehicle used to the same scale and permit to be verified the weight of the wagon, truck or other vehicle.

When coal, charcoal, or coke is sold in quantities of one-fourth ton or more, it shall be sold in quantities of one-fourth ton, one-half ton, one ton, or in multiples of a ton. When coal, charcoal, or coke is sold in quantities of less than one-fourth ton, it shall be weighed at the time of delivery or sold in packages containing one hundred pounds, fifty pounds, twenty-five pounds, fifteen pounds, or ten pounds. No package of coal, charcoal, or coke shall be made for sale, kept for sale, offered for sale, exposed for sale, or sold unless it shall have distinctly and conspicuously printed on the outside thereof in plain bold-face type, not smaller than thirty-six point, the name of the commodity, the quantity of contents in pounds, and the name and address of the maker of said package. When coal, charcoal, or coke is sold and delivered in packages, no delivery ticket shall be required.

No coal, charcoal, or coke shall be sold which contains at the time the weight is taken more water

or other liquid substance than is due to the natural condition of the coal, charcoal, or coke.

Every vendor of coal, charcoal, or coke shall cause his name and address to be distinctly and conspicuously displayed in letters and figures at least four inches high on both sides of every vehicle used by or for him for the sale or delivery of coal, charcoal, or coke. In case of an estate, the trustee, administrator, or executor, or other person in charge of the affairs of such estate shall be deemed to be the vendor. [1921; last amended 1945.]

¹ Title of Superintendent of Weights, Measures, and Markets changed to Director; see Sec. 10-101a.

Sec. 10-112. Ice: Sale by weight; scale graduations.

It shall be unlawful to sell, within the District of Columbia, any ice in any manner other than by weight, such weight to be ascertained at the time of delivery of such ice, and every person, or in case of a firm, copartnership, or corporation, the person in charge of its business in the District of Columbia, engaged in the sale of ice shall keep on each of his or its wagons or other vehicles used in the sale or delivery of ice, while in use, a scale suitable for weighing ice which has been tested and approved in accordance with the provisions of sections 10-101 to 10-120, 10-122 to 10-131, * * *. Every scale used for weighing ice in making sales in quantities of one hundred pounds or less shall have graduations of one pound or less. Scales used for weighing ice in making sales in quantities of more than one hundred pounds may have graduations of five pounds or less. [1921]

Sec. 10-113. Bread: Standard loaf; marking requirements; tolerances.

The standard loaf of bread manufactured for sale, sold, offered, or exposed for sale in the District of Columbia shall weigh one pound avoirdupois, but bread may also be manufactured for sale, sold, offered, or exposed for sale in loaves of one-half pound, one pound and a half, or multiples of one pound, but shall not be manufactured for sale, sold, offered, or exposed for sale in other than the aforesaid weights. Every loaf of bread manufactured for sale, sold, offered, or exposed for sale in the District of Columbia shall have affixed thereon in a conspicuous place, a label at least one inch square, or, if round, at least one inch in diameter, upon which label there shall be printed in plain bold-face Gothic type, not smaller than twelve point, the weight of the loaf in pound, pounds, or fractions of a pound, as the case may be, whether the loaf be a standard loaf or not, the letters and figures of which shall be printed in black ink upon white paper. The business name and address of the maker, baker, or manufacturer of the loaf shall also be plainly printed on each such label. Every seller of bread in the District of Columbia shall keep a suitable scale which shall have been inspected and

approved in accordance with the provisions of sections 10-101 to 10-120, 10-122 to 10-134, * * * in a conspicuous place in his bakery, bakeshop, or store, or other place where he is engaged in the sale of bread, and shall, whenever requested by the buyer, and in the presence of the buyer, weigh the loaf or loaves of bread sold or offered for sale. Nothing herein shall apply to crackers, pretzels, buns, rolls, scones, or to loaves of fancy bread weighing less than one-fourth of one pound avoirdupois, or to what is commonly known as stale bread, provided the seller shall, at the time the sale is made, expressly state to the buyer that the bread so sold is stale bread: *Provided*, That any loaf of bread weighing within 10 per centum in excess or within 4 per centum less than standard weight shall be deemed of legal weight. [1921]

Sec. 10-114. Bottles for milk and cream.

Bottles or jars used for the sale of milk or cream shall be of the capacity of one gallon, half gallon, three pints, one quart, one pint, half pint, or one gill. Such bottles or jars shall have clearly blown or otherwise permanently marked in the side of each such bottle or jar or printed on the cap or stopple the name and address of the person, firm, or corporation who or which shall have bottled such milk or cream. Any person who uses, for the purpose of selling milk or cream, bottles or jars which do not comply with the requirements of this section shall be deemed guilty of using false measure. [1921; last amended 1945.]

Sec. 10-115. Standard containers for fruits, vegetables, and other dry commodities; offenses.

Standard containers for the sale of fruits, vegetables, and other dry commodities in the District of Columbia shall be as follows:

(a) Standard barrel for fruits, vegetables, and other dry commodities other than cranberries, shall be of the following dimensions when measured without distention of its parts: Length of stave, twenty-eight and one-half inches; diameter of heads, seventeen and one-eighth inches; distance between heads, twenty-six inches; circumference of bulge, sixty-four inches, outside measurement; and the thickness of staves not greater than four-tenths of an inch: *Provided*, That any barrel of a different form having a capacity of seven thousand and fifty-six cubic inches shall be a standard barrel. The standard barrel for cranberries shall be of the following dimensions when measured without distention of its parts: Length of staves, twenty-eight and one-half inches; diameter of head, sixteen and one-fourth inches; distance between heads, twenty-five and one-fourth inches; circumference of bulge, fifty-eight and one-half inches, outside measurement; and the thickness of staves not greater than four-tenths of an inch. It shall be unlawful to sell, offer, or expose for sale in the District of Columbia a barrel containing fruits or vegetables or any other dry com-

modity of less capacity than the standard barrels defined in this section, or subdivisions thereof known as the third, half, and three-quarter barrel.

(b) Standards for climax baskets for grapes and other fruits and vegetables shall be the two-quart basket, four-quart basket, and twelve-quart basket, respectively.

The standard two-quart climax basket shall be of the following dimensions: length of bottom piece, nine and one-half inches; width of bottom piece, three and one-half inches; thickness of bottom piece, three-eighths of an inch; height of basket, three and seven-eighths inches, outside measurement; top of basket, length eleven inches and width five inches, outside measurement. Basket to have a cover five by eleven inches, when a cover is used.

The standard four-quart climax basket shall be of the following dimensions: Length of bottom piece, twelve inches; width of bottom piece, four and one-half inches; thickness of bottom piece, three-eighths of an inch; height of basket, four and eleven-sixteenths inches, outside measurement; top of basket, length fourteen inches; width six and one-fourth inches, outside measurement. Basket to have cover six and one-fourth inches by fourteen inches, when cover is used.

The standard twelve-quart climax basket shall be of the following dimensions: Length of bottom piece, sixteen inches; width of bottom piece, six and one-half inches; thickness of bottom piece, seven-sixteenths of an inch; height of basket, seven and one-sixteenth inches, outside measurement; top of basket, length nineteen inches, width nine inches, outside measurement. Basket to have cover nine inches by nineteen inches, when cover is used.

(c) The six-basket carrier crate for fruits and vegetables shall contain six four-quart baskets, each basket having a capacity of two hundred and sixty-eight and eight-tenths cubic inches.

(d) The four-basket flat crate for fruits and vegetables shall contain four three-quart baskets, each basket having a capacity of two hundred and one and six-tenths cubic inches.

(e) The standard box, basket, or other container for berries, cherries, shelled peas, shelled beans, and other fruits and vegetables of similar size shall be of the following capacities standard dry measure: One-half pint, pint, and quart. The one-half pint shall contain sixteen and eight-tenths cubic inches; the pint shall contain thirty-three and six-tenths cubic inches; the quart shall contain sixty-seven and two-tenths cubic inches.

(f) Standard lug boxes for fruits and vegetables shall be the one-half bushel box and the one-bushel box.

The one-half bushel lug box shall be of the following inside dimensions: Length, seventeen inches; width, ten and five-tenths inches; depth, six inches.

The one-bushel lug box shall be of the following inside dimensions: Length, twenty and three-fourths

Code, 1940 Edition, Title 10, Ch. 1—Weights, Measures, and Markets—Continued.

inches; width, thirteen inches; depth, eight inches; and no lug box of other than the foregoing dimensions shall be used in the District of Columbia.

(g) The standard hampers for fruits and vegetables shall be the one-peck hamper, one-half bushel hamper, one-bushel hamper, and one and one-half bushel hamper.

The one-peck hamper shall contain five hundred and thirty-seven and six-tenths cubic inches; the one-half bushel hamper shall contain one thousand and seventy-five and twenty-one one-hundredths cubic inches. The one-bushel hamper shall contain two thousand one hundred and fifty and forty-two one-hundredths cubic inches, and the one and one-half bushel hamper shall contain three thousand two hundred and twenty-five and sixty three one-hundredths cubic inches.

(h) The standard round-stave baskets for fruits and vegetables shall be the one-half-bushel basket, one-bushel basket, one and one-half-bushel basket, and two-bushel basket.

The one-half bushel basket shall contain one thousand and seventy-five and twenty-one one-hundredths cubic inches. The one-bushel basket shall contain two thousand one hundred and fifty and forty-two one-hundredths cubic inches. The one and one-half-bushel basket shall contain three thousand two hundred and twenty-five and sixty-three one-hundredths cubic inches, and the two-bushel basket shall contain four thousand three hundred and eighty-four one-hundredths cubic inches.

(i) The standard apple box shall contain two thousand one hundred and seventy-three and five-tenths cubic inches and be of the following inside dimensions: Length, eighteen inches; width, eleven and one-half inches; depth, ten and one-half inches.

(j) The standard pear box shall be of the following inside dimensions: Length, eighteen inches; width, eleven and one-half inches; depth, eight and one-half inches.

(k) The standard onion crate shall be of the following inside dimensions: Length, nineteen and five-eighths inches; width, eleven and three-sixteenths inches; depth, nine and thirteen-sixteenths inches.

(l) No person shall sell, offer, or expose for sale in the District of Columbia any fruits, vegetables, grain, or similar commodities in any manner except in the standard containers herein prescribed or by weight or numerical count; and no person shall sell, offer, or expose for sale, except by weight or numerical count, in the District of Columbia any commodity in any container herein prescribed which does not contain, at the time of such offer, exposure, or sale, the full capacity of such commodity compactly filled: *Provided*, That fresh beets, onions, turnips, rhubarb, and other similar vegetables, usually and customarily sold by the bunch, may be sold by the bunch.

All kale, spinach, and other similar leaf vegetables shall be sold at retail by net weight. [1921]

Sec. 10-116. Substitution of containers for dry measure.

Nothing in sections 10-101 to 10-120, 10-122 to 10-134, * * * contained shall be construed as permitting the use as a dry measure or substituting for a dry measure any of the following containers: Barrels, boxes, lug boxes, crates, hampers, baskets, or climax baskets; and the use of any such container as a measure is hereby expressly prohibited, and the user shall be fined or imprisoned as herein provided for other violations of said section. [1921]

Sec. 10-117. Marking requirements for food packages.

No person shall sell, offer, or expose for sale in the District of Columbia any food in package form unless the quantity of contents is plainly and conspicuously marked on the outside of each package in terms of weight, measure, or numerical count. The commissioners are authorized to establish and allow reasonable variation, tolerances, and exemptions as to small packages. [1921]

Sec. 10-118. Wood: Cord; standard loads.

A cord of wood shall contain one hundred and twenty-eight cubic feet. Wood more than eight inches in length shall be sold by the cord or fractional part thereof, and when delivered shall contain one hundred and twenty-eight cubic feet per cord when evenly and compactly stacked. Split wood, eight inches or less in length, may be sold by such standard loads as shall be fixed by the commissioners. [1921]

Sec. 10-119. Standard liquid gallon, quart, pint, half pint, gill, and fluid ounce; automatic pumps; measure for ice cream, sherbet, and similar frozen food products.

The standard liquid gallon shall contain two hundred and thirty-one cubic inches; the half gallon, one hundred and fifteen and five-tenths cubic inches; the quart, fifty-seven and seventy-five hundredths cubic inches; the pint, twenty-eight and eight hundred and seventy-five thousandths cubic inches; the half pint, fourteen and four hundred and thirty-seven thousandths cubic inches; the gill, seven and two hundred and eighteen thousandths cubic inches; the fluid ounce, one and eight-tenths cubic inches; and no liquid measure of other than the foregoing capacities, except multiples of the gallon, shall be deemed legal liquid measure in the District of Columbia: *Provided*, That any automatic pump for the measurement of gasoline shall have graduations of fractional parts of a gallon in terms of either decimal or binary-submultiple subdivisions.

The standard measure for ice cream, sherbet, and similar frozen food products shall be of the following capacities: One-half pint, pint, quart, half gallon, gallon, two gallons, two and one-half gallons,

and multiples of the gallon; and no person shall use in determining the quantity of ice cream kept for sale, offered for sale, or sold in the District of Columbia any measure of other than the foregoing capacities. [1921; last amended 1946.]

Sec. 10-120. Shucked oysters, fish, meat, poultry, etc.: How sold.

Shucked oysters shall be sold only by liquid measure or numerical count, and whenever there is included in the sale by measure of shucked oysters more than 10 per centum of oyster liquid or other liquid substance, the vendor shall be deemed guilty of selling short measure. All fish, meat, poultry, meat products, lard, lard substitutes, butter, butter substitutes, and cheese shall be sold by avoirdupois weight. [1921; last amended 1945.]

Sec. 10-121. Corn: Barrel for.

Three hundred and fifty pounds of corn on the cob shall constitute a barrel and two hundred and eighty pounds of shelled corn shall constitute a barrel; *Provided*, That nothing in this section shall be held to prohibit the sale of corn on the cob by the barrel. [1899]

[**ED. NOTE.**—The act of 1898 (30 Stat., Ch. 30, p. 765) relating to flour and flour inspection, among other provisions, set up the 196 pound barrel as the barrel for flour in the District of Columbia. Although this act has not been repealed the Code Committee have declared it "obsolete" and therefore it has not been included in the Code of 1940 or in this publication. Its full text may be found in the 1929 Code, Title 20, Part 13, and the specific section relating to the weight of the flour barrel is Section 425 at page 228.]

Sec. 10-122. Automatic measuring pumps: "Out of use" sign; inspection.

Every user of an automatic measuring pump or similar device, shall, when the supply of the commodity which he is measuring for sale with such pump or similar device, is insufficient to deliver correct measure of such commodity by the usual or customary method of operating such pump or device or when, for any cause whatever, such pump or device does not, by the usual or customary method of operating same, deliver correct measure, place a sign with the words, "Out of use" in a conspicuous place on such pump or device where it may readily be seen, and shall forthwith cease to use the same until his supply of such commodity is replenished or until such pump or device is repaired, adjusted, or otherwise put in condition to deliver correct measure. All automatic measuring pumps or other similar measuring devices in use shall be subject to inspection, and approval or condemnation, whether used for measuring or not. [1921]

Sec. 10-123. Stated price for stated quantity; pro rata for smaller quantities.

Whenever any commodity is offered for sale at a stated price for a stated quantity, a smaller quantity

shall be sold at a pro rata price unless the purchaser is informed to the contrary at the time of sale. [1921]

Sec. 10-124. Additional duties of superintendent.

The superintendent,¹ or under his direction, his assistants and inspectors, shall from time to time weigh or measure and inspect packages or amounts of commodities of whatever kind kept for sale, offered or exposed for sale, sold, or in the process of delivery, in order to determine whether or not the same are kept for sale, offered for sale, or sold in accordance with the provisions of sections 10-101 to 10-120, 10-122 to 10-134, * * * and no person shall refuse to permit such weighing, measuring, or inspection whenever demanded by the superintendent or any of his assistants or inspectors. [1921]

¹ Title of Superintendent of Weights, Measures, and Markets changed to Director; see Sec. 10-101a.

Sec. 10-124a. Investigation and detection of misrepresentation and false advertising in connection with food sales.

The Superintendent¹ of Weights, Measures, and Markets is further authorized to make purchases of food in connection with the investigation and detection of sales of food by misrepresentation or false advertising in violation of sections 22-1411 to 22-1413²; and there are authorized to be appropriated annually such sums as may be necessary for carrying out the purposes of this section. [1921; last amended 1945.]

¹ Title of Superintendent of Weights, Measures, and Markets changed to Director; see Sec. 10-101a.

² See page 208.

Sec. 10-125. Superintendent not to deal in appliances.

It shall be unlawful for the superintendent¹ or any employee of his office to vend any weights, measures, weighing or measuring device, or to offer or expose the same for sale, or to be interested, directly or indirectly, in the sale of same. [1921]

¹ Title of Superintendent of Weights, Measures, and Markets changed to Director; see Sec. 10-101a.

Sec. 10-126. Police powers; right of entry.

There is hereby conferred upon the superintendent¹, his assistants and inspectors, police power, and in the exercise of their duties they shall, upon demand, exhibit their badges to any person questioning their authority; and they are authorized and empowered to make arrests of any person violating any of the provisions of sections 10-101 to 10-120, 10-122 to 10-134, * * *. The superintendent, his assistants, and inspectors may, for the purpose of carrying out and enforcing the provisions of this chapter [Secs. 10-101—10-137] and in the performance of their official duties, with or without formal warrant, enter or go into or upon any stand, place, building, or premises, except a private residence, and may stop any vendor, ped-

dler, dealer, vehicle, or person in charge thereof for the purpose of making inspections or tests. [1921]

¹ Title of Superintendent of Weights, Measures, and Markets changed to Director; see Sec. 10-101a.

Sec. 10-127. Specifications and tolerances.

The Commissioners are hereby authorized and empowered to establish tolerances and specifications for scales, weights, measures, weighing or measuring instruments or devices, and containers used in the District of Columbia. The Commissioners shall prescribe and allow for barrels, containers, and packages, provided for in sections 10-101 to 10-120, 10-122 to 10-134, * * * the same specifications, variations, or tolerances that have been prescribed or established, or that may hereafter be prescribed or established for like barrels, containers, or packages by any officer of the United States in accordance with any requirement of an act of Congress. [1921]

Sec. 10-128. Public weighmasters.

The Commissioners are authorized to appoint public weighmasters and grant licenses for the location of public scales in the District of Columbia under such regulations as they may prescribe, and authorize such weighmasters to charge such fees as the Commissioners may approve and fix in advance, and they may grant permits, revocable on thirty days' notice, for the location of such public scales on public space under their control. No person other than a duly appointed and qualified public weighmaster shall do public weighing or make any charge or accept any compensation therefor. [1921]

Sec. 10-129. Powers and duties of superintendent conferred on assistants and inspectors.

The powers and duties granted to and imposed on the superintendent¹ by sections 10-101 to 10-120, 10-122 to 10-134, * * * are also hereby granted to and imposed on his assistants and inspectors when acting under his instructions. [1921]

¹ Title of Superintendent of Weights, Measures, and Markets changed to Director; see Sec. 10-101a.

Sec. 10-130. Enactment and enforcement of rules and regulations; supervision of produce and other markets; investigations and reports.

The Commissioners are authorized and empowered to make such regulations as may be necessary for the control, regulation, and supervision of all markets owned by the District of Columbia and that the Superintendent¹, under the direction of the Commissioners, shall have supervision of all produce and other markets owned by the District of Columbia, shall enforce such regulations regarding the operation of the same as the Commissioners may make, shall make such investigations regarding

the sale, distribution, or prices of commodities in the District of Columbia as the Commissioners may direct, and shall make reports and recommendations in connection therewith. [1921; last amended 1945.]

¹ Title of Superintendent of Weights, Measures, and Markets changed to Director; see Sec. 10-101a.

Sec. 10-131. Definitions.

Wherever the word "Commissioners" is used in sections 10-101 to 10-120, 10-122 to 10-134, * * * it shall be construed to mean the Commissioners of the District of Columbia. Whenever the word "superintendent"¹ is used in said sections, it shall be construed to mean the superintendent of weight, measures, and markets. [1921]

¹ Title of Superintendent of Weights, Measures, and Markets changed to Director; see Sec. 10-101a.

Sec. 10-132. Same.

The word "person," as used in sections 10-101 to 10-120, 10-122 to 10-134, * * * shall be construed to include copartnerships, companies, corporations, societies, and associations. Wherever any word in said sections is used in the singular, it shall be construed to mean either singular or plural, and wherever any word in said sections is used in the plural, it shall be construed to mean either plural or singular, as the circumstances demand. [1921]

Sec. 10-133. Saving clause.

Sections 10-101 to 10-133, and every provision of each section, is hereby declared to be an independent section or provision, and the holding of any section or provision of any section to be void, ineffective, or unconstitutional for any cause whatever shall not be deemed to affect any other section or provision thereof. [1921]

Sec. 10-134. Penalties; prosecutions.

Any person violating any of the provisions of sections 10-101 to 10-133 shall be punished by a fine not to exceed \$500, or by both such fine and imprisonment not to exceed six months. All prosecutions under sections 10-101 to 10-120, 10-122 to 10-134, * * * shall be instituted by the corporation counsel or one of his assistants in the police court of the District of Columbia. [1921]

Code, 1940 Edition, Title 43, Ch. 3—Public Utilities, Testing of Meters.

Sec. 43-320. Rules and regulations of commission.

The commission [public utilities commission] * * * shall establish reasonable rules, regulations, specifications, and standards to secure the accuracy of all meters and appliances for measurements, and every public utility is required to carry into effect all orders issued by the commission relative thereto. [1913]

Sec. 43-321. Test and examination; fees.

The commission [public utilities commission] shall provide for the examination and testing of any and all appliances used for the measuring of any product or service of a public utility. Any consumer or user may have any such appliance tested upon payment of the fees fixed by the commission. The commission shall declare and establish reasonable fees to be paid for testing such appliances on the request of the consumers or users, the fee to be paid by the consumer or user at the time of his request, but to be paid by the public utility and repaid to the consumer or user if the appliance be found defective or incorrect to the disadvantage of the consumer or user. [1913]

Code, 1940 Edition, Title 43, Ch. 6—Public Utilities, Inspectors of Gas and Electric Meters.

Sec. 43-603. Appointment of inspectors; duties; inspecting meters upon request.

The commission [public utilities commission] shall appoint inspectors of gas meters, whose duty it shall be, when required by the commission, to inspect, examine, prove, and ascertain the accuracy of any and all gas meters used or intended to be used for measuring or ascertaining the quantity of gas for light, heat, or power furnished by any person or corporation to or for the use of any person or corporation, and when found to be or made to be correct, the inspector shall seal all such meters and each of them with some suitable device, which device shall be recorded in the office of the commission.

No corporation or person shall furnish, set, or put in use any gas meter which shall not have been inspected, proved, and sealed by an inspector of the commission.

The commission shall appoint inspectors of electric meters, whose duty it shall be, when required by the commission, to inspect, examine, and ascertain the accuracy of any and all electric meters used or intended to be used for measuring and ascertaining the quantity of electric current furnished for light, heat, or power by any person or corporation to or for the use of any person or corporation, and to inspect, examine, and ascertain the accuracy of all apparatus for testing and proving the accuracy of electric meters; and when found to be or made to be correct the inspector shall stamp or mark all such meters and apparatus with some suitable device, which device shall be recorded in the office of the commission. No corporation or person shall furnish, set, or put in use any electric meter the type of which shall not have been approved by the commission or any meter not approved by an inspector of the commission.

Every gas corporation and electrical corporation shall provide, repair, and maintain such suitable premises and apparatus and facilities as may be

required and approved by the commission for testing and proving the accuracy of gas and electric meters furnished for use by it, and by which apparatus every meter may be tested.

If any consumer to whom a meter has been furnished shall request the commission in writing to inspect such meter, the commission shall have the same inspected and tested; if the same, on being so tested, shall be found to be more than two per centum defective or incorrect to the prejudice of the consumer, the inspector shall order the gas or electrical corporation forthwith to remove the same and to place instead a correct meter, and the expense of such inspection and test shall be borne by the corporation; if the same, on being so tested, shall be found to be correct, the expense of such inspection and test shall be borne by the consumer.

The commission shall prescribe such rules and regulations to carry into effect the provisions of this section as it may deem necessary and shall fix uniform reasonable charges for the inspection and testing of meters upon complaint. [1913; last amended 1939.]

Code, 1940 Edition, Title 43, Ch. 9—Public Utilities, Penal Provision.

Sec. 43-906. Penalty for violations.

If any public utility shall violate any provision of chapters 1-10 [Secs. 43-101—43-1007] * * * or shall do any act herein prohibited, or shall fail or refuse to perform any duty enjoined upon it for which a penalty has not been provided, or shall fail, neglect, or refuse to obey any lawful requirement or order made by the commission [public utilities commission], or any judgment or decree made by any court upon its application for every such violation, failure, or refusal, such public utility shall forfeit and pay to the District of Columbia the sum of two hundred dollars for each such offense. * * * [1913]

Code, 1940 Edition, Title 33, Ch. 4—Narcotic Drugs.

Sec. 33-412. Marking requirements.

(a) Whenever a manufacturer sells or disposes of a narcotic drug, and whenever a wholesaler sells or dispenses a narcotic drug in a package prepared by him, he shall securely affix to each package in which that drug is contained a label showing in legible English the name and address of the vendor and the quantity, kind, and form of narcotic drug contained therein. * * * [1938]

Sec. 33-422. Enforcement.

It is hereby made the duty of the major and superintendent of police of the District of Columbia to enforce all provisions of this chapter [Secs. 33-401—33-425], except those specifically delegated, and to cooperate with all agencies charged with the

Code, 1940 Edition, Title 33, Ch. 4—Narcotic Drugs
—Continued.

enforcement of the laws of the United States relating to narcotic drugs. [1938]

* * * * *

Sec. 33-423. Penalties for violations.

Any person violating any provision of this chapter [Secs. 33-401—33-425], or of any regulation made by the Board of Pharmacy under authority of said sections, shall upon conviction be punished, for the first offense, by a fine of not less than one hundred dollars nor more than one thousand dollars, or by imprisonment for not exceeding one year, or by both such fine and imprisonment, and for any subsequent offense by a fine of not less than five hundred dollars nor more than five thousand dollars, or by imprisonment for not exceeding ten years, or by both such fine and imprisonment. [1938]

Code, 1940 Edition, Title 22, Ch. 14—False Advertising.

Sec. 22-1411. Unlawful acts.

It shall be unlawful in the District of Columbia for any person, firm, association, corporation, or advertising agency, either directly or indirectly, to

display or exhibit to the public in any manner whatever, whether by handbill, placard, poster, picture film, or otherwise; or to insert or cause to be inserted in any newspaper, magazine, or other publication printed in the District of Columbia; or to issue, exhibit, or in any way distribute or disseminate to the public; or to deliver, exhibit, mail, or send to any person, firm, association, or corporation any false, untrue, or misleading statement, representation, or advertisement with intent to sell, barter, or exchange any goods, wares, or merchandise or anything of value * * *. [1916]

Sec. 22-1413. Same: Penalty.

Any person, firm, or association violating any of the provisions of section 22-1411 shall upon conviction thereof, be punished by a fine of not more than five hundred dollars or by imprisonment of not more than sixty days, or by both fine and imprisonment, in the discretion of the court. A corporation convicted of an offense under the provisions of section 22-1411 shall be fined not more than five hundred dollars, and its president or such other officials as may be responsible for the conduct and management thereof shall be imprisoned not more than sixty days, in the discretion of the court. [1901; last amended 1917.]

¹ A slight change has been made in the arrangement for convenience of reference.

Sec. 531.02. Contracts governed by standards.

All contracts made within this state for work to be done or anything to be sold or delivered by weight or measure shall be taken and construed according to the standard of weights and measures adopted as the standard of this state. [1901]

Sec. 531.03. Marking requirements for packaged commodities.

All merchants, commission merchants, grocers, provision dealers, storekeepers and other persons, before selling or offering for sale any grain, flour, meal, grits, corn, wheat, rye, oats, bran, beans, Irish potatoes, sweet potatoes or peanuts, already put up, packed or placed in any sack, bag or barrel, in original packages, shall have marked or stamped or stenciled upon such sack, bag or barrel, so sold or offered for sale, with its contents in figures, at least one inch in length, the exact weight in pounds avoirdupois of such bag, sack or barrel, with its contents. If the bag, sack or barrel is of a dark or

black color such figures shall be marked, stamped or stenciled in light colored ink or pencil; if the bag, sack or barrel is of a light color, then the marking, stamping or stenciling shall be in black or dark pencil, but in all cases the stamping, marking or stenciling shall be plain, legible, and placed conspicuously on such bag, sack or barrel. [1901]

Sec. 531.04. Standard crate for tomatoes.

The legal and standard crate for tomatoes shall measure ten inches in depth, eleven inches in width, and twenty-four inches in length, on the outside. [1917]

Sec. 531.05. Standard basket for tomatoes.

The legal and standard basket for use in tomato crates shall measure nine and one-half inches long in the bottom, five inches wide in the bottom and four and one-half inches deep, all of the last aforementioned measurements being inside measurements. The length of the inside of the top hoop of each basket shall be thirty-two and one-half inches. [1917]

Sec. 531.06. Only standard containers lawful for tomatoes.

No crate or basket intended for the sale, shipment or delivery for sale or shipment of tomatoes, except of the standard measure herein specified, shall be manufactured or sold. [1917]

Sec. 531.07. Penalty: For selling by false weight or measure.

Whoever knowingly sells by false weight or measure, shall be punished by imprisonment not exceeding six months, or by fine not exceeding one thousand dollars. [1832]

Sec. 531.08. Same: For failing to have weights and measures tested.

Whoever refuses to have his weights and measures tested, or refuses to pay the fees for the same, or whoever, after his weights and measures have been tested, fails to make them conform to the standard, and keep them conformed, shall be punished by imprisonment not exceeding sixty days, or by fine not exceeding one hundred dollars. [1892]

Sec. 531.09. Same: For merchant offering to sell grain, etc., without marking sack.

Any merchant, commission merchant, grocer, provision dealer, storekeeper or other person, or any officer, agent, clerk or employee of any merchant, commission merchant, grocer, provision dealer or storekeeper who shall offer for sale, attempt to sell or sell any of the articles mentioned in Section 531.03, already put up, placed or packed in any sack, bag or barrel, in original packages, without having such sack, bag or barrel marked, stamped or stenciled as in the manner therein prescribed before offering for sale, attempting to sell or selling the same, shall be punished by fine not exceeding two hundred

dollars for each offense, or by imprisonment for not more than three months. [1901]

Sec. 531.10. Same: For merchant selling by short weight.

Any merchant, commission merchant, grocer, provision dealer, storekeeper, or other person, or any officer, agent, clerk or employee of any merchant, commission merchant, grocer, provision dealer, or storekeeper, who shall sell or dispose of any sack, bag or barrel with its contents, containing any of the articles mentioned in Section 531.03 upon which the weight in avoirdupois of such sack, bag or barrel with its contents has been marked, stamped or stenciled as provided, and the weights so stamped, marked or stenciled shall not be the true and correct weight of such sack, bag or barrel with its contents, but the weight so marked, stamped or stenciled shall be a greater weight than the true and the correct weight of such sack, bag or barrel with its contents, shall be punished for each offense by a fine not exceeding two hundred dollars or by imprisonment for not more than three months. [1901]

Sec. 531.11. Same: For selling tomatoes in crates other than standard measure.

Every crate or basket used for the sale or delivery of tomatoes shall be of the Florida standard measure as provided by this chapter [Secs. 531.01—531.34], and no person shall use any crate or basket for such sale, shipment or delivery, unless the same be of such standard measure. This shall not apply to local persons, dealers in or growers of tomatoes, or shipments within the state. Any person violating any of the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding one hundred dollars or by imprisonment in the county jail not exceeding thirty days. [1917]

Sec. 531.12. Unlawful to sell certain commodities except by pound.

It is unlawful for any dealer to sell, offer for sale, barter, exchange, or otherwise dispose of, any of the different commodities named in Section 531.01, except by the pound. Any person violating this section shall be guilty of a misdemeanor. [1917]

Sec. 531.16. State standards of weights and measures.

The weights and measures received from the United States under joint resolutions of congress approved June 14, 1836, and July 27, 1866, and/or such new weights and measures as shall be received from the United States as standard weights and measures in addition thereto or in renewal thereof, and/or such weights and measures in conformity therewith as shall be supplied by the state shall, when the same have been certified by the national bureau of standards, be the state standards of weights and measures. [1945]

Statutes Annotated, Vol. 16, Title 31, Ch. 531—
Weights, Measures and Standards—Continued.

Sec. 531.17. Office standards; verification; certification of state standards.

(1) In addition to the state standards of weights and measures provided for in Section 531.16, there shall be supplied by the state at least one complete set of copies thereof to be kept at all times in the offices of the commissioner and to be known as office standards, and such other weights, measures and apparatus as may be found necessary to carry out the provisions of this law [Secs. 531.16–531.33], to be known as working standards. Such weights, measures and apparatus shall be verified by the commissioner or his inspectors at his direction upon their initial receipt and at least once in each year thereafter the office standards by direct comparison with the state standards and the working standards by comparison with the office standards. When found accurate upon these tests the office and working standards shall be sealed by stamping on them the letters “Fla.” and, in the case of working standards, the last two figures of the year, with seals which the commissioner shall have and keep for that purpose. The office or working standards shall be used in making all comparisons of weights, measures and weighing or measuring devices submitted for test in the office of the commissioner and the state standards shall be used only in verifying the office standards and for scientific purposes.

(2) The commissioner shall maintain the state standards in good order and shall submit them at least once in ten years to the national bureau of standards for certification. He shall keep a complete record of the standards, balances and other apparatus belonging to the state. [1945]

Sec. 531.18. Enforcement.

The duty of administering this law [Secs. 531.16–531.33] and enforcing its provisions and requirements shall be and is hereby vested in the commissioner of agriculture of the State of Florida who is hereby authorized to employ such agents and persons as in his judgment shall be necessary therefor to act as inspectors in carrying out the provisions of this law and whose salaries shall be fixed by the commissioner. In the administration and enforcement of this law the commission may act by and through such persons as he shall designate and/or employ to act as his inspectors for that purpose. [1945]

Sec. 531.19. Regulations.

The commissioner shall issue from time to time regulations for the enforcement of the provisions of this law [Secs. 531.16–531.33]. The said regulations may include specifications and tolerances for all weights, measures and weighing and measuring devices of the character of those specified in Section 531.20. For the purposes of this law, apparatus shall be deemed to be correct when it con-

forms to all applicable requirements promulgated as specified in this section; other apparatus shall be deemed to be incorrect. [1945]

Sec. 531.20. Inspecting, trying, approving, etc., weights and measures.

When not otherwise provided by law the commissioner shall have the power and is hereby authorized to inspect, test, try and ascertain if they are correct, all weights, measures and weighing or measuring devices kept, offered or exposed for sale, sold or used or employed in proving the size, quantity, extent, area or measurement of quantities, things, produce or articles for distribution or consumption purchased or offered or submitted for sale, hire or award, or in computing any charge for services rendered on the basis of weight or measure, or in determining weight or measure when a charge is made for such determination; and he shall have the power to and shall from time to time weigh or measure and inspect packages or amounts of commodities of whatsoever kind kept for the purpose of sale, offered or exposed for sale, or sold, or in the process of delivery, in order to determine whether the same contain the amounts represented and whether they be offered for sale or sold in a manner in accordance with law. He shall as often as he deems necessary and practicable see that all weights, measures and weighing or measuring devices used are correct. He may for that purpose and in the general performance of his official duties enter and go into or upon and without formal warrant, any stand, place, building or premises, or stop any vendor, peddler, delivery vehicle, or any person whatsoever and require him, if necessary, to proceed to some place which the commissioner may specify for the purpose of making the proper tests. Whenever the commissioner finds a violation of the statutes relating to weights and measures, he may cause the violator to be prosecuted. [1945]

Sec. 531.21. Approval of weights, measures, etc.

Whenever the commissioner compares weights, measures of [or] weighing or measuring devices and finds that they correspond, or causes them to correspond, with the standards in his possession he shall seal or mark such weights, measures or weighing or measuring devices with appropriate identification. [1945]

Sec. 531.22. Condemnation of illegal weights and measures.

(1) The commissioner shall condemn and seize and may destroy incorrect weights, measures or weighing or measuring devices which, in his best judgment, are not susceptible of satisfactory repair; but such as are incorrect and yet in his best judgment may be repaired, he shall mark or tag as “Condemned for repairs.”

(2) The owners or users of any weights, measures or weighing or measuring devices of which such disposition is made shall have the same repaired

and corrected within such reasonable time as may be specified by the commissioner and they may neither use nor dispose of the same in any way but shall hold the same at the disposal of the commissioner. Any weights, measures or weighing or measuring devices which have been "condemned for repairs," and have not been repaired as required above shall be confiscated by the commissioner. [1945]

Sec. 531.23. Inspectors: Powers, duties, etc.

The powers and duties given to and imposed upon the commissioner by Secs. 531.20-531.22 are hereby given to and imposed upon his inspectors also, when acting under his instructions and at his direction. [1945]

Sec. 531.24. Seizure of illegal weights and measures for evidence.

The commissioner and his inspectors are hereby specifically authorized and empowered to seize for use as evidence, without formal warrant, any false or unsealed weight, measure or weighing or measuring device or package or amount of commodity found to be used, retained or offered or exposed for sale or sold in violation of law. [1945]

Sec. 531.25. Obstruction of commissioner, inspectors, etc., prohibited.

It shall be unlawful for any person to in any way hinder or obstruct the commissioner or his inspectors in the performance of his or their official duties under this law [Secs. 531.16-531.33], or to fail or refuse to obey any lawful order of the commissioner or his inspectors given under authority of this law. It shall also be unlawful for any person to in any way impersonate the commissioner or his inspectors by the use or counterfeit of his or their seal or otherwise. [1945]

Sec. 531.26. Packages, containers, etc., to be marked.

It shall be unlawful to keep for the purpose of sale, offer or expose for sale or sell, any commodity in package form unless the net quantity of the contents be plainly and conspicuously marked on the outside of the package in terms of weight, measure or numerical count; provided, however, that reasonable variations or tolerances shall be permitted and that these reasonable variations or tolerances and also exemptions as to small packages shall be established by rules and regulations made by the commissioner. And provided, further, that this section shall not be construed to apply to those commodities in package form the manner of sale of which is specifically regulated by the provisions of other sections of this law [Secs. 531.16-531.33]. [1945]

Sec. 531.27. Definitions.

(1) The words "in package form" as used in this law [Secs. 531.16-531.33] shall be construed to in-

clude a commodity in a package, carton, case, can, box, barrel, bottle, phial or other receptacle, or in coverings or wrappings of any kind, put up by the manufacturer, or when put up out of the presence of the purchaser by the vendor, which may be labeled, branded or stenciled, or otherwise marked, or which may be suitable for labeling, branding or stenciling, or marking otherwise, making one complete package of the commodity. The words "in package form" shall be construed to include both the wholesale and the retail package.

(2) The term "gallon" shall be understood to mean a unit of 231 cubic inches, of which the liquid quart, liquid pint and gill are, respectively, the one-quarter, the one-eighth and the one-thirty-second parts.

(3) The term "bushel" when used in connection with dry measures and standard containers, shall be understood to mean a unit of 2150.42 cubic inches of which the dry quart and dry pint, respectively, are the one-thirty-second and one-sixty-fourth parts.

(4) The term "barrel" when used in connection with flour shall be understood to mean a unit of 196 pounds avoirdupois weight, and fractional parts of a barrel shall be understood to mean like fractional parts of 196 pounds.

(5) The term "barrel" when used in connection with beer, ale, porter and other similar fermented liquor, shall be understood to mean a unit of 31 gallons, and fractional parts of a barrel shall be understood to mean like fractional parts of 31 gallons.

(6) The term "ton" shall be understood to mean a unit of 2,000 pounds avoirdupois weight.

(7) The term "cord" when used in connection with wood shall be understood to mean the amount of wood which is contained in a space of 128 cubic feet when the wood is ranked and well stowed and one-half of the kerf of the wood is included.

(8) All contracts concerning the sale of goods shall be construed in accordance with the provisions of this section.

(9) The word "person" as used in this law shall be construed to import both the plural and singular, as the case demands, and shall include individuals, partnerships, corporations, companies, societies and associations. The word "commissioner" wherever used in this law means the commissioner of agriculture of the State of Florida.

(10) The words "weight, measures, or (and) weighing or (and) measuring devices" as used in this law shall be construed to include all weights, scales, beams, measures of every kind, instruments and mechanical devices for weighing or measuring, and any appliances and accessories, connected with any or all such instruments.

(11) The words "sell" or "sale" as used in this law shall be construed to include barter and exchange. [1945]

Statutes Annotated, Vol. 16, Title 31, Ch. 531—
Weights, Measures and Standards—Continued.

Sec. 531.28. Misleading packages, containers, etc.; standards of fill.

It shall be unlawful to keep for the purpose of sale, offer or expose for sale, or sell any commodity in package form if its container is so made, formed or filled, or if it is so wrapped as to mislead the purchaser as to the quantity of the contents; or if the contents of its container fall below the standard of fill prescribed by regulations promulgated as provided in this section. For the effectuation of the purposes of this section the commissioner is hereby authorized to promulgate regulations fixing and establishing for any commodity in package form a reasonable standard of fill of container. [1945]

Sec. 531.29. Textiles: Marking weight or measure on tag or label.

It shall be unlawful to keep for the purpose of sale, offer or expose for sale, or sell, any commodity composed in whole or in part of cotton, wool, linen or silk, or any other textile material on a spool or similar holder, or in a container or band, or in a bolt or roll, or in a ball, coil or skein, or in any similar manner, unless the net amount of the commodity in terms of weight or measure shall be definitely, plainly and conspicuously marked on the principal label, if there be such a label; otherwise, on a wrapping, band or tag attached thereto, except when put up in the presence of the purchaser. [1945]

Sec. 531.30. Net weights to apply.

Whenever any commodity is sold on a basis of weight it shall be unlawful to employ any other weight in such sale than the net weight of the commodity; and all contracts concerning goods sold on a basis of weight shall be understood and construed accordingly. Whenever the weight of a commodity is mentioned in this law [Secs. 531.16–531.33] it shall be understood and construed to mean the net weight of the commodity. [1945]

Sec. 531.31. Penalties for violations.

Any person who, by himself or by his servant or agent, or as the servant or agent of another person, shall offer or expose for sale, sell, use in the buying or selling of any commodity or thing or for hire or award, or in the computation of any charge for services rendered on the basis of weight or measure, or in the determination of weight or measure when a charge is made for such determination, or retain in his possession a false weight or measure, or weighing or measuring device; or who shall dispose of any condemned weight, measure or weighing or measuring device contrary to law, or remove any tag placed thereon by the commissioner or his inspectors at his direction; or who shall sell or offer or expose for sale less than the quantity he represents of any

commodity, thing or service, or shall take or attempt to take more than the quantity he represents, when, as the buyer, he furnishes the weight, measure or weighing or measuring device by means of which the amount of commodity, thing or service is determined; or who shall keep for the purpose of sale, offer or expose for sale or sell any commodity in a manner contrary to law; or who shall use in retail trade, except in the preparation of packages put up in advance of sale, a weighing or measuring device which is not so positioned that its indications may be accurately read and the weighing or measuring operation observed from some position which may reasonably be assumed by a customer; or who shall violate any provision of this law [Secs. 531.16–531.33], or who shall sell or offer for sale or use or have in his possession for the purpose of selling or using, any device or instrument to be used to or calculated to falsify any weight or measure, shall be guilty of a misdemeanor and shall be punished by a fine of not more than five hundred dollars, or by imprisonment for not more than six months, or by both such fine and imprisonment. [1945]

Sec. 531.32. Injunctions against violations; jurisdiction.

In addition to the remedies provided in this law [Secs. 531.16–531.33], and notwithstanding the existence of any adequate remedy at law, the commissioner is hereby authorized to apply by a bill in equity to a circuit court or circuit judge and such circuit court or circuit judge shall have jurisdiction upon hearing and for cause shown to grant a temporary or permanent injunction, or both, restraining any person from violating or continuing to violate any of the provisions of this law or for failing or refusing to comply with the requirements of this law or any rule or regulation duly promulgated as in this law authorized, such injunction to be issued without bond. [1945]

Sec. 531.34. Flour: Standard weight containers; definition of "wheat flour"; marking requirements; exceptions; penalties for violations.

(1) Hereafter the standard measures of wheat flour shall be containers of net avoirdupois weights of two, five, ten, twenty-five, fifty and one hundred pounds.

(2) The term "wheat flour" as used herein means: Plain wheat flour, self-rising wheat flour, phosphated wheat flour, bromated wheat flour, enriched wheat flour, enriched self-rising wheat flour and enriched phosphated wheat flour as defined in the standards of identity promulgated by the federal security agency under date of May 26, 1941 (volume 6, federal register, pages 2574 to 2582, inclusive), or as they may be amended.

(3) Each container shall have its net weight, and the name and address of the actual manufacturer or distributor printed or plainly marked on it in letters and figures clearly legible.

(4) No person shall pack for sale, sell or offer for sale in Florida any wheat flour except in containers of the standard net weights and in accordance with the labeling provisions.

(5) The provisions of this section do not apply to the retailing of flour direct from the manufacturer to the consumer, nor to the sale of flour to the bakery trade, nor to the exchanging of wheat for flour, nor to flour packed in cartons, the net contents of which are five pounds or less.

(6) Any person violating any of the provisions of this section shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not exceeding one hundred dollars, or by imprisonment in the county jail not exceeding thirty days, or by both such fine and imprisonment.

(7) This section shall take effect six months after the expiration of the national emergency which was declared to exist by the proclamation of the President of the United States on May 27, 1941. [1945]

Statutes Annotated, Vol. 14, Title 26, Ch. 375—
Standard Measure for Oysters and Clams.

Sec. 375.19. Standard measures; stamps; fees.

As a standard measure, a half barrel of oysters shall consist of a tub or other round vessel of the following dimensions, or the cubical equivalent thereof, to-wit: It shall measure eighteen and one-half inches inside at the top, and seventeen inches from bottom to top, and twenty-five and one-half inches diagonal, the unit of such tub or measure may be in the shape of an inverted frustrum of a cone. Two of these measures, filled, rounded and banked shall make one barrel, and all oysters or clams bought and sold in this state in the shell shall be measured in a measure of this equivalent, or measure holding a fraction or multiple thereof; and it shall be unlawful for any person to have in his possession any measure for oysters or clams in the shell which differs in equivalent size from the measure herein provided for; or demand or require a cargo of less or greater measure in buying or selling; and no vessel or measure shall be used in buying or selling oysters or clams until it has been measured and stamped by the supervisor of conservation, or some conservation agent, with a metal tag or stamp, showing the quantity of oysters or clams such measure will hold.

The state board of conservation shall make, or have made, to be paid out of any funds to the credit of the state conservation fund, such measures, to be sold at actual cost, and to have the supervisor of conservation or some conservation agent visit, for the purpose of measuring all vessels used in buying or selling of oysters or clams, each place where oysters or clams are bought or sold, and the state board of conservation shall keep a book in which

shall be recorded the dimensions of all measures so measured. For each stamp or tag the said board shall charge the sum of twenty-five cents from the person to whom it is issued, and such moneys shall be deposited in the state conservation fund.

The state board of conservation shall keep a book, to be known as the oyster and clam measure record, in which shall be registered the name of each person to whom such stamp or tag was issued, and the date of issuance and its number, and said record shall be open for the inspection of the public. [1913; last amended 1921.]

Sec. 375.33. Penalty for violations.

Any person willfully violating any of the provisions of this chapter [Secs. 375.01-375.33] unless otherwise provided, shall, upon conviction, be punished by a fine not exceeding one hundred dollars, or by imprisonment not exceeding six months. [1913]

Statutes Annotated, Vol. 16, Title 31, Ch. 500—
"Florida Food, Drug and Cosmetic Law."

Sec. 500.03. Definitions.

For the purpose of this chapter [Secs. 500.01—500.32]—

(1) The term "Commissioner" means the commissioner of agriculture of the State of Florida.

(2) The term "person" includes individual, partnership, corporation and association.

(3) The term "food" means (a) articles used for food or drink for man or other animals, (b) chewing gum, and (c) articles used for components of any such article.

(4) The term "drug" means (a) articles recognized in the official United States Pharmacopoeia, official Homeopathic Pharmacopoeia of the United States, or official National Formulary, or any supplement to any of them; and (b) articles intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease in man or other animals; and (c) articles, (other than food) intended to affect the structure or any function of the body of man or other animals; and (d) articles intended

for use as a component of any article specified in clauses (a), (b), or (c) but does not include devices or their components, parts or accessories.

(5) The term "device" (except when used in subsection 11 and in sections 500.04 (10), 500.11 (6), 500.15 (3) and 500.18 (3) means instruments, apparatus and contrivances including their components, parts and accessories, intended (a) for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in man or other animals; or (b) to affect the structure or any function of the body of man or other animals.

(6) The term "cosmetic" means (a) articles intended to be rubbed, poured, sprinkled, or sprayed on, introduced into, or otherwise applied to the human body or any part thereof for cleansing, beautifying, promoting attractiveness, or altering the appearance, and (b) articles intended for use as a component of any such articles, except that such term shall not include soap.

* * * * *

(8) The term "label" means a display of written, printed or graphic matter upon the immediate container of any article; and a requirement made by or under authority of this chapter that any word, statement or other information appear on the label shall not be considered to be complied with unless such word, statement, or other information also appears on the outside container or wrapper, if any there be, of the retail package of such article, or is easily legible through the outside container or wrapper.

(9) The term "immediate container" does not include package liners.

(10) The term "labeling" means all labels and other written, printed, or graphic matters (a) upon an article or any of its containers or wrappers, or (b) accompanying such article.

(11) If an article is alleged to be misbranded because the labeling is misleading, or if an advertisement is alleged to be false because it is misleading, then in determining whether the labeling or advertisement is misleading, there shall be taken into account (among other things) not only representations made or suggested by statement, word, design, device, sound, or in any combination thereof, but also the extent to which the labeling or advertisement fails to reveal facts material in the light of such representations * * *.

(12) The term "advertisement" means all representations disseminated in any manner or by any means, other than by labeling, for the purpose of inducing, or which are likely to induce, directly or indirectly, the purchase of food, drugs, devices or cosmetics.

* * * * *

(16) The provisions of this chapter regarding the selling of food, drugs, devices, or cosmetics, shall be considered to include the manufacture, production,

processing, packing, exposure, offer, possession, and holding of any such article for sale; and the sale, dispensing, and giving of any such article; and the supplying or applying of any such articles in the conduct of any food, drug or cosmetic establishment. [1939]

Sec. 500.04. Prohibitions.

The following acts and the causing thereof within the State of Florida are prohibited:

(1) The manufacture, sale or delivery, holding or offering for sale of any food, drug, device, or cosmetic that is adulterated or misbranded.

(2) The adulteration or misbranding of any food, drug, device, or cosmetic.

(3) The receipt in commerce of any food, drug, device, or cosmetic that is adulterated or misbranded, and the delivery or proffered delivery thereof for pay or otherwise.

* * * * *

(5) The dissemination of any false advertisement.

(6) The refusal to permit entry or inspection, or to permit the taking of a sample, as authorized by section 500.21.

(7) The giving of a guaranty or undertaking which guaranty or undertaking is false, except by a person who relied on a guaranty or undertaking to the same effect signed by, and containing the name and address of the person residing in the State of Florida from whom he received in good faith the food, drug, device or cosmetic. [1939]

* * * * *

Sec. 500.05. Injunction.

In addition to the remedies hereinafter provided the commissioner may apply to a circuit court for, and such court shall have jurisdiction upon hearing and for cause shown to grant a temporary or permanent injunction restraining any person from violating any provision of section 500.04; irrespective of whether or not there exists an adequate remedy at law. [1939]

Sec. 500.06. Seizure.

(1) When a duly authorized agent of the commissioner finds, or has probable cause to believe, that any food, drug, device, or cosmetic is adulterated, or so misbranded as to be dangerous or fraudulent, within the meaning of this chapter [Secs. 500.01-500.32], he shall affix to such article a tag or other appropriate marking giving notice that such article is, or is suspected of being adulterated or misbranded and has been detained or embargoed, and warning all persons not to remove or dispose of such article by sale or otherwise until permission for removal or disposal is given by such agent or the court. It is unlawful for any person to remove or dispose of such detained or embargoed article by sale or otherwise without such permission.

(2) When an article detained or embargoed under subsection (1) has been found by such agent to be adulterated, or misbranded, he shall forthwith and without delay, and in no event later than fifteen days after the affixing of such notice, petition the judge of the municipal court, county court, criminal court of record, or circuit court in whose jurisdiction the article is detained or embargoed for an order for condemnation of such article. When such agent has found that an article so detained or embargoed is not adulterated or misbranded, he shall remove the tag or other marking.

(3) If the court finds that a detained or embargoed article is adulterated or misbranded, such article shall, after entry of the decree, be destroyed at the expense of the claimant thereof, under the supervision of such agent; and all court costs and fees and storage and other proper expenses, shall be taxed against the claimant of such article or his agent: provided, that when the adulteration or misbranding can be corrected by proper labeling of the article and after such costs, fees, and expenses have been paid and a good and sufficient bond, conditioned that such article shall be so labeled or processed, has been executed, the court may by order direct that such article be delivered to the claimant thereof for such labeling or processing under the supervision of an agent of the commissioner. The expense of such supervision shall be paid by the claimant. Such bond shall be returned to the claimant of the article on representation to the court by the commissioner that the article is no longer in violation of this chapter, and that the expenses of such supervision have been paid. [1939]

* * * * *

Sec. 500.09. Standards of fill of container.

When in the judgment of the commissioner such action will promote honesty and fair dealing in the interest of consumers, the commissioner of agriculture with the advice and consent of the state chemist shall promulgate regulations fixing and establishing for any food or class of food under its common or usual name so far as practicable a reasonable definition and standard of identity, or reasonable standard of quality or fill of container * * *. [1939]

Sec. 500.11. When food deemed misbranded.

A food shall be deemed to be misbranded—
(1) If its labeling is false or misleading in any particular.

* * * * *

(4) If its container is so made, formed, or filled as to be misleading.

(5) If in package form, unless it bears a label containing (a) the name and place of business of the manufacturer, packer, or distributor; (b) an accurate statement of the quantity of the contents

Statutes Annotated, Vol. 16, Title 31, Ch. 500—"Federal Food, Drug and Cosmetic Law"—Continued.

in terms of weight, measure or numerical count; provided, that under clause (b) of this subsection reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations prescribed by the commissioner.

(6) If any word, statement, or other information required by or under authority of this chapter [Secs. 500.01-500.32] to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

* * * * *

(8) If it purports to be or is represented as—

* * * * *

(b) A food for which a standard or standards of fill of container have been prescribed by regulation as provided by section 500.09 and it falls below the standard of fill of container applicable thereto, unless its label bears, in such manner and form as such regulations specify, a statement that it falls below such standard. [1939]

* * * * *

Sec. 500.12. Exemptions.

* * * * *

(4) The commissioner shall promulgate regulations exempting from any labeling requirement of this chapter [Secs. 500.01-500.32] (a) small open containers of fresh fruits and fresh vegetables and (b) food which is, in accordance with the practice of the trade, to be processed, labeled, or repacked in substantial quantities at establishments other than those where originally processed or packed, on condition that such food is not adulterated or misbranded under the provisions of this chapter upon removal from such processing, labeling, or repacking establishment. [1939]

Sec. 500.15. When drugs and devices deemed misbranded.

A drug or device is deemed misbranded:

(1) If its labeling is false or misleading in any particular.

(2) If in package form unless it bears a label containing (a) the name and place of business of the manufacturer, packer, or distributor; and (b) an accurate statement of the quantity of the contents in terms of weight, measure, or numerical count; provided, that under clause (b) of this subsection, reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations prescribed by the commissioner with the advice and consent of the state chemist.

(3) If any word, statement, or other information

required by or under authority of this chapter [Secs. 500.01-500.32] to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

* * * * *

(9) If it is a drug and its container is so made, formed, or filled as to be misleading; * * * [1939; last amended 1949.]

Sec. 500.18. When cosmetics deemed misbranded.

A cosmetic shall be deemed to be misbranded—

(1) If its labeling is false or misleading in any particular.

(2) If in package form unless it bears a label containing * * * (b) an accurate statement of the quantity of the contents in terms of weight, measure, or numerical count; provided, that under clause (b) of this subsection reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations prescribed by the commissioner with the advice and consent of the state chemist.

(3) If any word, statement, or other information required by or under authority of this chapter [Secs. 500.01-500.32] to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

(4) If its container is so made, formed, or filled as to be misleading. [1939]

Sec. 500.19. When advertisement misleading.

(1) An advertisement of a food, drug, device, or cosmetic is deemed to be false if it is false or misleading in any particular. [1939]

* * * * *

Sec. 500.20. Regulations.

(1) The authority to promulgate regulations for the efficient enforcement of this chapter [Secs. 500.01-500.32] is vested in the commissioner. The commissioner may make the regulations promulgated under this chapter conform in so far as practicable with those promulgated under the federal act [Title 21 U.S.C. Sec. 301 et seq.; 52 Stat. 1040 et seq.] [1939]

* * * * *

Sec. 500.21. Right of entry.

The commissioner or his duly authorized agent shall have free access at all reasonable hours to any factory, warehouse, or establishment in which foods, drugs, devices or cosmetics are manufactured, processed, packed, or held for introduction into com-

merce, or to enter any vehicle being used to transport or hold such foods, drugs, devices or cosmetics in commerce, for the purpose: (1) of inspecting such factory, warehouse, establishment, or vehicle to determine if any of the provisions of this chapter [Secs. 500.01-500.32], or any regulation promulgated under its authority, are being violated, and (2) to secure samples or specimens of any food, drug, device or cosmetic after paying or offering to pay for such sample, * * *

The commissioner may appoint inspectors for making such inspections and taking such samples as are necessary for the proper enforcement of this chapter. * * * [1939]

Sec. 500.22. Publicity.

(1) The commissioner may cause to be published from time to time reports summarizing all judgments, decrees, and court orders which have been rendered under this chapter [Secs. 500.01-500.32], including the nature of the charge and the disposition thereof.

(2) The commissioner may also cause to be disseminated such information regarding foods, drugs, devices, and cosmetics as the commissioner deems necessary in the interest of public health and the protection of the consumer against fraud. Nothing in this section shall be construed to prohibit the commissioner from collecting, reporting and illustrating the results of these investigations. [1939]

Sec. 500.24. Penalty for violations; guaranty protection.

(1) Any person who violates any of the provisions of section 500.04 shall be guilty of a misdemeanor and shall on conviction thereof be subject to imprisonment for not more than six months or a fine of not more than five hundred dollars; but if the violation is committed after a conviction of such person under this section has become final, such person shall be subject to imprisonment for not more than one year, or a fine of not more than one thousand dollars.

(2) No person shall be subject to the penalties of subsection (1) of this section, for having violated section 500.04 (1) or (3), if he establishes a guaranty or undertaking signed by, and containing the name and address of the person residing in the State of Florida or the manufacturer from whom he received in good faith the article, to the effect that such article is not adulterated or misbranded within the meaning of this chapter [Secs. 500.01-500.32], designating this chapter. "Filled cheese" is defined to be cheese made from

skimmed milk or partly skimmed milk with the addition of some vegetable or animal fat.

* * * * *

"Imitation butter" is defined to be any product containing any fat other than that derived from milk or cream and made in the appearance of butter or designed to be used for any of the purposes for which butter is used. [1931]

Sec. 502.09. Marking requirements.

Imitation butter and filled cheese in package or wrapped form which are required by this chapter [Secs. 502.01-502.34] to be labeled, unless otherwise provided, shall be conspicuously marked in the English language in legible letters of not less than eight point heavy Gothic type on the principal label with the following items:

* * * * *

(2) The quantity of the contents in terms of weight, measure or numerical count. Under this requirement, reasonable variations shall be permitted, and small packages shall be excepted in accordance with the rules of the commissioner of agriculture.

* * * * *

The above items shall be printed in such a way that there shall be a distinct contrast between the color of the letters and that of the background upon which they are printed. [1931]

Sec. 502.20. Enforcement.

The commissioner of agriculture shall enforce the provisions of this chapter [Secs. 502.01-502.34] * * *. [1931]

Sec. 502.25. Power of inspectors.

The several officers and inspectors of the commissioner of agriculture, and of the several municipalities or counties of the State of Florida may enforce and carry out the provisions of this chapter [Secs. 502.01-502.34] in all particulars, and to that end they are vested with full power and authority to do all such things as may be necessary to be done in that regard. [1931; last amended 1947.]

Sec. 502.26. Injunction to restrain violation.

In addition to the other remedies provided for by this chapter [Secs. 502.01-502.34], the commissioner of agriculture may proceed in any of the courts of this state by injunction to restrain any threatened continued violation of this chapter * * *. [1931; last amended 1947.]

Sec. 502.27. Penalty for violations.

Any person who shall violate any of the provisions of this chapter [Secs. 502.01-502.34], or shall do or commit any act declared to be unlawful, or shall violate any reasonable rule or regulation made or promulgated by the commissioner of agriculture

Statutes Annotated, Vol. 16, Title 31, Ch. 502—Imitation Butter and Filled Cheese—Continued.

by virtue of the authority given shall be punished by a fine of not more than five thousand dollars, or by imprisonment of not more than twelve months in the county jail. [1931]

Statutes Annotated, Vol. 16, Title 31, Ch. 523—Turpentine and Rosin.

Sec. 523.01. Definition.

When used in this chapter [Secs. 523.01–523.21]:
(1) "Naval stores" means spirits of turpentine and rosin. [1941]

* * * * *

Sec. 523.08. Appointment of inspectors.

The governor may appoint a supervising inspector of naval stores, one or more inspectors of naval stores at large, and may appoint in each port in this state to which naval stores are, or may be consigned for sale or shipment, a sufficient number of competent inspectors for the business at such port. The supervising inspector, inspector of naval stores at large and inspectors of naval stores, shall be subject to removal by the governor at any time for cause; * * * [1941]

Sec. 523.15. Duties of inspector.

It shall be the duty of any inspector, upon notice given by any producer or agent of any producer, to attend at such time and place at or near the port for which he is appointed, or elsewhere if he be an inspector at large, as he may be required, for the purpose of inspecting spirits of turpentine and grading and weighing rosin, and to ascertain the true amount and quality thereof, and to mark the same by branding, or in some other durable manner, on each barrel, receptacle or package, and to issue at once in triplicate, sworn certificates of inspection, the original to be furnished to the producer or shipper; and the duplicate and triplicate to the buyer or factor and the supervising inspector of naval stores respectively; and the person for whom such inspection is made shall be at liberty to appeal to the supervising inspector to establish the incorrectness of such inspection. * * * [1941]

Sec. 523.16. Unlicensed persons not to make inspections.

It shall be unlawful for a person other than a licensed state inspector, or an inspector appointed by the department of agriculture of the United States, to measure and inspect or grade, mark or brand, for a fee, or fees, any naval stores in this state. * * * [1941]

Sec. 523.17. Methods of inspection.

Insofar as any method, standard, type or grade shall have been or may be established by or under the authority of the department of agriculture of

the United States, the inspection and grading of the quality of rosin and spirits of turpentine, or measuring the quantities thereof, shall conform with such method, standard, type or grade. [1941]

Sec. 523.18. Fees.

An inspector of naval stores shall receive for his services in inspecting rosin, including weighing, inspection and cooperage, six cents per barrel of approximately five hundred pounds, and for inspecting turpentine, including measuring of contents, inspection, bunging and cooperage, nine cents per barrel of approximately fifty gallons, and no more, to be paid by the owner or party for whom the inspection is made. When any such rosin or turpentine shall be in any receptacle or package other than a barrel, the inspector for inspecting same shall receive for his services, per barrel or fraction thereof, the contents of such receptacle or package, the same fee or amount of compensation hereinbefore allowed for inspecting each barrel. An inspector shall not be obliged to inspect any article or quantity until the fee thereof shall have first been paid. [1941]

Sec. 523.20. False marking; penalty.

If any inspector, or inspector of naval stores at large, shall knowingly and wilfully place on any barrel, receptacle, or package of spirits of turpentine or rosin, any mark or brand falsely indicating the quality or quantity of the contents thereof, he shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than five hundred dollars or by imprisonment in the county jail for not more than six months, or by both such fine and imprisonment at the discretion of the court. [1941]

Statutes Annotated, Vol. 16, Title 31, Ch. 525—Gasoline and Oil Inspection.

Sec. 525.07. Duties and powers of inspector; penalties.

The commissioner of agriculture shall inspect, or cause to be inspected, from time to time by his duly authorized agents or inspectors, all measuring devices used in selling or distributing gasoline or kerosene, both wholesale and retail. The commissioner of agriculture shall define and fix the tolerances to be allowed, in excess or deficiency on all such measuring devices; that on all such devices found to be giving accurate measure within the tolerances fixed by the commissioner of agriculture shall be placed a lead and wire seal in such a way that the metering adjustment cannot be changed without breaking the seal. Any device that is found to be giving measure in excess of the tolerances fixed by the commissioner of agriculture shall be considered inaccurate and the commissioner of agriculture or his agents at their discretion shall either give the operator or owner of measuring device a reasonable time in writing to fix such device or the

commissioner or his agents may condemn or prohibit the further use of said device and by the use of a lead and wire seal obstruct the mechanism in such a way that it cannot be operated without breaking such seal and such device shall not again be operated in this state without the written consent of the commissioner of agriculture. Any person, company, firm or corporation who shall operate any pump without the written consent of the commissioner of agriculture, that has been condemned by a duly authorized inspector or agent of the commissioner because of giving short measure in excess of the tolerances fixed by the commissioner shall, upon conviction thereof, be punished as hereinafter provided. Any person, company, firm or corporation who shall install or operate a gasoline or kerosene measuring device in this state which by mechanical means is designed or used for the purpose of giving short measure shall be punished as hereinafter provided. It shall be unlawful for any person, company, firm or corporation, to break out, or remove¹ any seal applied by the commissioner of agriculture, or his duly authorized inspectors or agents, to a gasoline or kerosene measuring device and anyone convicted of breaking such seal shall be punished as hereinafter provided. Any person who violates any of the provisions of this section, or any regulation or tolerance issued pursuant thereto, upon conviction thereof, shall be punished by a fine of not more than five hundred dollars, or sixty days in county jail, or by both such fine or imprisonment. [1919; last amended 1943.]

¹ Words "break out or remove" probably should read "break, cut, or remove."

Sec. 525.08. Right of entry.

In the performance of their duties, the commissioner of agriculture or any of his duly authorized agents shall have free access at all reasonable hours to any store, warehouse, factory, storage house, or railway depot, where oils are kept or otherwise stored, for the purpose of examination or inspection * * *. The refusal to admit an inspector to any of the above mentioned premises during reasonable hours, shall be construed as prima facie evidence of a violation of this chapter [Secs. 525.01-525.17]. [1919]

Sec. 525.14. Rules and regulations.

The commissioner of agriculture shall promulgate such rules and regulations not inconsistent with the provisions of this chapter [Secs. 525.01-525.17] as in his judgment may be necessary to the proper enforcement of this chapter; * * * [1919]

Sec. 525.17. Penalty for violations.

Any person who shall knowingly violate any of the provisions of this chapter [Secs. 525.01-525.17] or any rule or regulation promulgated by the commissioner of agriculture, shall, upon conviction

thereof, unless otherwise provided, be punished by a fine of not more than one thousand dollars, or by imprisonment in the state prison for not more than twelve months. [1919]

Statutes Annotated, Vol. 16,—Title 31, Ch. 526—Liquid Fuels.

Sec. 526.01. Fraud and deception in sale of.

No person shall store, sell, offer or expose for sale any liquid fuels, lubricating oils, greases or other similar products in any manner whatsoever, which may deceive, tend to deceive or has the effect of deceiving the purchaser of said products, as to the nature, quality or quantity of the products so sold, exposed or offered for sale. [1933]

Sec. 526.08. Participation of officer, etc. of corporation in violations.

If any firm, copartnership, association or corporation violates any of the provisions of this chapter [Secs. 526.01-526.11], every director, officer, agent, employee or member participating in, aiding or authorizing the act or acts constituting a violation of this chapter, shall be guilty of violating this chapter, and shall be subject to the punishment herein provided. [1933]

Sec. 562.09. Enforcement officer.

The commissioner of agriculture shall enforce the provisions of this chapter [Secs. 526.01-526.11]. [1933]

Sec. 526.11. Penalty for violations.

Any person who shall violate any of the provisions of this chapter [Secs. 526.01-526.11] shall be guilty of a misdemeanor, and upon conviction for a first offense, shall be punishable by a fine of not more than two hundred dollars or by imprisonment for not more than thirty days, and for a second or subsequent offense, by a fine of not less than five hundred dollars nor more than one thousand dollars or by imprisonment for not more than one year. [1933]

Statutes Annotated, Vol. 16, Title 31, Ch. 536—Timber and Lumber Inspectors.

Sec. 536.01. Appointment.

The governor shall appoint a sufficient number of timber and lumber inspectors in each county of the state, who shall hold their offices for four years, subject to removal by the governor for good cause shown. The inspectors shall receive the compensation and be subject to the rules prescribed by law. [1877]

Sec. 536.03. Duties.

When any person desires the attendance and service of any inspectors of lumber, he shall give notice and inform all interested parties of his intention of calling for the aid of such inspector, at least three days previous to the time when he shall

Statutes Annotated, Vol. 16, Title 31, Ch. 536—Timber and Lumber Inspectors—Continued.

require said inspector to inspect and measure the lumber in question. The inspector, when summoned, shall attend at the place and the day to which he may be called, and faithfully measure all lumber he may be required to do, and any report and return he may make concerning thereof shall be received as the correct measurement of the same; provided, nevertheless, that the several interested parties may, at all times, be at liberty to establish the incorrectness of such return and report, in any suit regularly commenced in any court of this state having jurisdiction of the same. [1828]

Sec. 536.04. Standard of measurement.

Doyle's rule and log book for the measurement of saw logs is adopted as the standard rule for the measurement of saw logs, whether round or square, which are required to be scaled or measured within the limits of this state. [1889]

Sec. 536.05. Fees.

The inspectors shall receive the following fees for their services, to wit: Two dollars for every twenty miles they may travel in going to and from the place at which they may be required to attend, and twelve and a half cents for every thousand superficial feet of ranging lumber, and twenty-five cents for every hundred cubic feet of live oak or cedar timber or lumber, and fifty cents for every thousand staves they may inspect and count; which fees may be recovered in any court having jurisdiction thereof, from the several parties interested in the measuring and inspecting the lumber measured and inspected, who are made jointly and severally liable therefor. [1849; last amended 1861.]

Sec. 536.06. Penalty for transporting unmeasured lumber.

If any person transports from any county of this state any lumber or staves without complying with the provisions of section 536.03, after he has been notified by any person interested in said lumber of his wish and intention to have the same so measured, he shall forfeit to the state a sum not exceeding two hundred dollars. [1828]

Sec. 536.20. Penalty for using non-standard measure; exception.

Any person buying or selling logs or square timber by any other measure or scale than Doyle's rule and log book, or any timber inspector willfully making return of any inspection scale or measurement of timber except according to said book, shall be punished by fine of not exceeding two hundred dollars for each offense, or by imprisonment for not exceeding six months; provided, when it is mutually agreed between the buyer and the seller, a measure or scale other than Doyle's rule book may be adopted and a survey can be

made by a party other than a commissioned inspector. [1889]

Statutes Annotated, Vol. 17, Title 32, Chs. 562, 569—Alcoholic Beverages.

Sec. 562.08. Container limit.

No distributor or vendor shall sell spirituous beverages in containers having a capacity of more than forty ounces. [1935; last amended 1941.]

Sec. 569.06. Limitation of size of individual wine containers; penalty.

It is unlawful for any person to sell within this state any wine in individual containers holding more than one gallon of such wine. Provided, that qualified distributors and manufacturers may sell to other qualified distributors or manufacturers such wine in any size containers. Any person convicted of a violation of this section shall be guilty of a misdemeanor and shall be punished accordingly. [1939; last amended 1941.]

[Ed. NOTE.—The governor and the director of the state beverage department enforce the provisions of the beverage law.]

Statutes Annotated, Vol. 17, Title 33, Ch. 576—Commercial Fertilizers.

Sec. 576.01. Definitions.

* * * * *

(1) The term "fertilizer material" means any substance containing nitrogen, phosphoric acid, potash, or any recognized plant food element or compound which is used primarily for its plant food content or for compounding mixed fertilizers except unmanipulated animal and vegetable manures.

(2) The words "mixed fertilizer" shall be construed to mean the combination or mixture of two or more fertilizer materials.

(3) The term "commercial fertilizer" includes mixed fertilizer of fertilizer materials. [1901; last amended 1949.]

* * * * *

Sec. 576.04. Marking requirements.

(1) Every package of commercial fertilizer manufactured, imported, transported, distributed, stored, kept or offered for sale or sold in or into the State of Florida, shall have securely attached a tag on which shall be plainly and legibly printed * * * the net contents of the package in pounds * * *

(3) * * * When commercial fertilizer is shipped in bulk by rail there shall be fastened on the inside wall of the car near the door a tag of the same kind as is used in the case of package shipments bearing the same information as required or permitted in the case of package shipments. * * * When commercial fertilizer is shipped in bulk by truck, wagon, or other vehicle, the tags required in this section, bearing proper labels or

stamps and cancelled with the date of their use shall be attached to the copy of the invoice and shall be delivered to the receiver. [1901; last amended 1949.]

Sec. 576.09. Enforcement; rules and regulations.

This chapter [Secs. 576.01-576.11] shall be administered and its provisions and all rules and regulations adopted and promulgated hereunder shall be enforced by the Commissioner of Agriculture of the State of Florida. [1949]

* * * * *

Sec. 576.10. Penalties for violations.

(1) Whoever violates any of the provisions of this chapter [Secs. 576.01-576.11] by doing anything herein prohibited or by failing or refusing to do anything herein required to be done shall be deemed guilty of a misdemeanor and upon conviction shall be fined not more than five hundred dollars or imprisoned for not more than six months or by both such fine and imprisonment.

(2) All rules and regulations heretofore made and promulgated under existing commercial fertilizer laws which are consistent with the provisions of Chapter 576, Florida Statutes, as herein amended, shall remain in force and effect until superseded, modified, or repealed as in this chapter provided. [1901; last amended 1949.]

Statutes Annotated, Vol. 17, Title 33, Ch. 577—Insecticides and Fungicides.

Sec. 577.01. Definitions.

In construing this chapter [Secs. 577.01-577.20], where the context permits, the word, phrase or term:

* * * * *

(12) "Agricultural insecticide or fungicide" shall include any substance or mixture of substances intended to be used for preventing, destroying, repelling or mitigating any and all insects, fungi, or other plant pests, collectively or individually, which may infest or be detrimental to vegetation.

(13) "Label" includes any legend, design or device printed, stenciled, stamped, seared, impressed upon or attached to the article or its container.

(14) "Package" means the individual container into which agricultural insecticide or fungicide is placed for sale or sold. [1937]

* * * * *

Sec. 577.02. Misbranding.

(1) It is unlawful for any person to manufacture, deliver, sell, or offer for sale in this state, any agricultural insecticide or fungicide which is misbranded within the meaning of this chapter [Secs. 577.01-577.20].

(2) For the purposes of this chapter an agricultural insecticide or fungicide shall be deemed to be misbranded if:

(a) The package or label thereon bears any false or misleading statement, design or device regarding such articles or the ingredients or substances contained therein.

(b) It is labeled or branded so as to deceive or mislead the purchaser. [1937]

* * * * *

Sec. 577.03. Marking requirements.

All persons, before selling or offering for sale any agricultural insecticide or fungicide for use within this state shall brand or attach to each separate package in which it is sold a plainly printed label showing * * * the net weight or volume content of the package, * * *. [1937]

Sec. 577.14. Enforcement; rules and regulations.

The commissioner of agriculture shall administer and enforce the provisions of this chapter [Secs. 577.01-577.20], * * * and shall promulgate rules and regulations for carrying out the provisions of this chapter * * * [1937]

Sec. 577.17. Withholding from sale when misbranded.

The commissioner of agriculture shall withhold from sale any agricultural insecticide or fungicide which is misbranded, not branded, or irregular in any way until such lot of agricultural insecticide or fungicide shall comply with the terms and provisions of this chapter [Secs. 577.01-577.20]. [1937]

Sec. 577.18. Exceptions.

No section or provision of this chapter [Secs. 577.01-577.20] shall be construed as referring or applying to agricultural insecticides or fungicides stored by manufacturers or importers for use in manufacturing, nor shall it be construed as applying to sales of such insecticides or fungicides by one manufacturer or importer to another; provided that manufacturers or importers are not required to attach labels to agricultural insecticides or fungicides until they are offered for sale. [1937]

Sec. 577.20. Penalty for violations.

Anyone failing to comply with the provisions of this chapter [Secs. 577.01-577.20], or violating any of such provisions, shall be deemed guilty of a misdemeanor and, upon conviction, shall be fined not exceeding fifty dollars for the first offense and not exceeding two hundred dollars for any subsequent offense. [1937]

Statutes Annotated, Vol. 17, Title 33, Ch. 578—
"Florida Seed Law."

Sec. 578.09. Marking requirements.

Each container of agricultural or vegetable seed sold, offered for sale, exposed for sale or distributed within this state for sowing or planting purposes shall bear thereon or have attached thereto, in a

conspicuous place, a label or tag plainly written or printed in the English language, giving the following information:

(1) For agricultural seeds.—

* * * * *

(c) Net weight.

* * * * *

(2) For vegetable seeds in containers of more than one pound.—

* * * * *

(b) Net weight.

* * * * *

(3) For vegetable seeds in containers of eight ounces to one pound.—

* * * * *

(b) Net weight. [1945]

* * * * *

Sec. 578.10. Exemptions.

(1) The provisions of Section 578.13 shall not apply to any common carrier in respect to any seed transported or delivered for transportation in the ordinary course of its business as a carrier. Provided, that such carrier is not engaged in processing or merchandising seed subject to the provisions of this law [Secs. 578.01-1, 578.08-578.14, 578.18-1, 578.22-578.25].

(2) The provisions of Sections 578.09 and 578.13 do not apply:

(a) To seed or grain not intended for sowing or planting purposes.

(b) To seed in storage in, consigned to or being transported to seed cleaning or processing establishments for cleaning or processing only. Provided, that any labeling or other representation which may be made with respect to the unclean seed shall be subject to this law.

(3) No person shall be subject to the criminal penalties of this law for having sold, offered or exposed for sale in this state any agricultural or vegetable seeds which were incorrectly labeled or represented as to kind and variety or origin, which seeds cannot be identified by examination thereof, unless he has failed to obtain an invoice or grower's declaration giving kind and variety and origin.

(4) When grown, sold and delivered by the producer on his own premises; provided, that the growing of such seed is merely incidental to his business of farming. If, however, said seed be advertised for sale through any medium or if said seed is delivered by a common carrier (except when transported for the purpose of being recleaned as hereinbefore provided), said seed must be labeled in accordance with the provisions of this law. Provided, that in no case shall such farmer be allowed

to sell over one thousand pounds of agricultural seed during any one year without registering as a seed dealer.

(5) When seeds are sold from a duly labeled container and taken therefrom in the presence of the purchaser, the container in which such seeds are delivered to the purchaser will not be required to have a label or tag unless so requested by the purchaser. This however, shall not relieve or exempt any seed dealer from any liability imposed by the Florida seed law. [1945]

Sec. 578.11. Enforcement.

(1) The duty of administering this law [Secs. 578.01-1, 578.08-578.14, 578.18-1, 578.22-578.25] and enforcing its provisions and requirements shall be vested in the commissioner [of agriculture] * * * [1945]

Sec. 578.13. Prohibitions.

(1) It shall be unlawful for any person to sell, offer for sale, expose for sale, transport or distribute any agricultural or vegetable seed within this state:

* * * * *

(b) Not labeled in accordance with the provisions of this law, or having false or misleading labeling.

(c) Pertaining to which there has been a false or misleading advertisement. [1945]

* * * * *

Sec. 578.18-1. Violation a misdemeanor.

Every violation of any of the provisions of Sections 578.01-1, 578.08-578.14, 578.22-578.25 shall be deemed a misdemeanor and punishable as such. [1945]

Statutes Annotated, Vol. 17, Title 33, Ch. 580—Commercial Feeds.

Sec. 580.01. Definitions.

The term "commercial feeds" shall be held to include all materials used for feeding domestic animals or birds, except the following:

(1) Unmixed whole seeds or grain, as defined by U. S. grain standards.

(2) Whole hays, straws, cottonseed hulls, stover and silage, when unmixed with other materials. Provided, however, hays, straws, stover, silage, or similar materials, when ground, either mixed or unmixed, and cottonseed hulls when ground and unmixed, shall constitute commercial feeds and be registered and tagged accordingly. * * * [1939; last amended 1941.]

Sec. 580.03. Marking requirements.

All manufacturers, importers, jobbers, firms, associations, corporations or persons, before selling or offering for sale or transporting in this state any brand of commercial feed, shall have attached to each bag, package, carton, or have delivered with each bulk lot, a statement, hereafter referred to as

the label or tag, clearly and legibly printed in the English language which fully and truly gives the following:

(1) The net weight of the contents of the package, bag, carton or bulk lot. [1939; last amended 1941.]

* * * * *

Sec. 580.08. Enforcement; rules and regulations.

The commissioner of agriculture is empowered to enforce the provisions of this chapter [Secs. 580.01—580.22], and to prescribe and enforce administrative rules, regulations and standards, which shall be in harmony with the provisions of this chapter. [1939]

Sec. 580.22. Penalties for violations.

Any manufacturer, importer, jobber, firm, association, corporation or person who shall sell, * * * in this state, * * * any commercial feed which carries any false or misleading statements upon or attached to the package, * * * or if the number of net pounds set forth upon the package is not correct, or who shall violate any other provision of this chapter [Secs. 580.01—580.22], shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not more than fifty dollars for the first violation and not less than fifty dollars nor more than two hundred and fifty dollars for each subsequent violation. * * * [1939; last amended 1941.]

Statutes Annotated, Vol. 17, Title 33, Ch. 601—"The Florida Citrus Code of 1949."

Sec. 601.03. Definitions.

In construing this chapter [Secs. 601.01—601.112] where the context permits the word, phrase or term:

* * * * *

(7) "Citrus fruit" means any fruit of the citrus family and includes grapefruit, oranges, tangerines, and limes;

* * * * *

(13) "Commission" means the Florida citrus commission * * *

(14) "Commissioner" means the commissioner of agriculture of the State of Florida;

* * * * *

(18) "Citrus fruit dealer" means any consignor, commission merchant, consignment shipper, cash buyer, broker, agent, association, cooperative association, express shipper, or dealer as herein defined; but the term shall not include retail establishments exclusively which sell direct to consumers.

* * * * *

(35) "Standard packed box" means one and three-fifths bushels of citrus fruit, whether in bulk or in containers; [1949]

* * * * *

Sec. 601.10. Powers of citrus commission.

The commission shall have and shall exercise such general and specific powers as are delegated to it by this chapter and other statutes of the State of Florida, which such powers shall include, but not be confined to, the following:

* * * * *

(2) To act as the general supervisory authority over the administration and enforcement of this chapter and to exercise such other powers and perform such other duties as may be imposed upon it by other laws of the State of Florida.

* * * * *

(5) To investigate violations of the provisions of this chapter * * *, and to report its findings or recommendations in connection therewith to the commissioner [of agriculture.]

* * * * *

(7) To adopt, promulgate, alter, rescind, modify, amend and enforce rules and regulations not inconsistent with existing laws, to regulate and control methods and practices followed or used in the harvesting, grading, packing, canning, concentrating, or otherwise processing citrus fruits for human consumption, * * *. [1949]

Sec. 601.11. Standard containers for citrus fruits.

The commission shall have full and plenary power to and shall establish state grades for citrus fruits and canned and concentrated products thereof, and for containers therefor, and shall prescribe rules or regulations governing the marking, branding, labeling, tagging, or stamping of citrus fruit, or the canned or concentrated products thereof, and upon containers therefor for the purpose of showing the name and address of the person marketing such citrus fruit or the canned or concentrated products thereof, * * *, the amount of the canned or concentrated products thereof, and the quality, type, size, dimensions, and shape of container therefor, * * *; provided, however, that no standard, regulation, rule, or order under this section which is repugnant to any requirement made mandatory under federal law or regulations shall apply to citrus fruit, or the canned or concentrated products thereof, or to containers therefor, which are being shipped from this state in interstate commerce. All citrus fruit and the canned and concentrated products thereof sold, or offered for sale, or offered for shipment within or without the State of Florida shall be graded and marked as required by this section and the regulations, rules, and orders adopted and made under authority of this section, which regulations, rules and orders shall, when not inconsistent with state or federal law, have the force and effect of law. [1949]

Statutes Annotated, Vol. 17, Title 33, Ch. 601—
"The Florida Citrus Code of 1949"—Continued.

Sec. 601.15. Excise tax: Number of pounds equivalent to standard packed box.

* * * * *

(3) (a) There is hereby levied and imposed the following excise taxes upon each standard-packed box of the following citrus fruits grown in this state, to-wit: grapefruit, three cents per box; oranges, two cents per box; tangerines, five cents per box; and limes, four cents per box.

(b) When grapefruit are purchased, acquired, or handled on a weight basis rather than under the standard-packed-box basis, eighty-five pounds thereof shall be considered equal to or the equivalent of one standard-packed box for tax purposes under this section.

(c) When oranges are purchased, acquired, or handled on a weight basis rather than under the standard-packed-box basis, ninety pounds thereof shall be considered equal to or the equivalent of one standard-packed box for tax purposes under this section.

(d) When tangerines are purchased, acquired, or handled on a weight basis rather than under the standard-packed-box basis, ninety-five pounds thereof shall be considered equal to or the equivalent of one standard-packed box for tax purposes under this section.

(e) When limes are purchased, acquired, or handled on a weight basis rather than under the standard-packed-box basis, ninety pounds thereof shall be considered equal to or the equivalent of one standard-packed box for tax purposes under this section. [1949]

Sec. 601.27. Commissioner of agriculture: Powers.

The inspection in the State of Florida of all citrus fruit and the canned and concentrated products, thereof, and the certifying as to grades and qualifications thereof, and the enforcement of all provisions of this chapter [Secs. 601.1-601.112] and/or all rules, regulations and/or orders made pursuant to and under authority of this chapter, shall be under the direction, supervision, and control of the commissioner [of agriculture]; * * * [1949]

Sec. 601.29. Same.

The powers of the commissioner shall include, but not be limited to, the following:

(1) To make such rules, regulations, and orders as may be necessary to carry out such of the provisions of this chapter [Secs. 601.1-601.112] as impose duties and powers on the commissioner [of agriculture] or his authorized inspectors, employees, or agents which said rules, regulations, and orders shall have the effect and force of law when consistent therewith.

* * * * *

(3) Personally or through his authorized inspector, employee, or agent, to forbid and prohibit the shipment or sale of any citrus fruit or the canned or concentrated products thereof found to be in violation of any of the provisions of this Act [Chapter], or in violation of any rule, regulation, or order made or adopted under authority of this chapter.

* * * * *

(5) To cause prosecution to be instituted for violation of any of the citrus laws or for violation of any rule, regulation, or order promulgated by the Commission [Florida Citrus Commission] or by the Commissioner [of agriculture.] [1949]

* * * * *

Sec. 601.64. Citrus fruit dealers: Misrepresentation as to quantity.

It is unlawful in, or in connection with any transaction relative to the purchase, handling, sale, and accounting of sales of citrus fruit:

* * * * *

(4) For any citrus fruit dealer to make, for a fraudulent purpose, any false or misleading statement concerning the condition, quality, quantity, or disposition of * * *, any citrus fruit which is received by such citrus fruit dealer or bought or sold or contracted to be bought or sold by such citrus fruit dealer; * * * [1949]

Sec. 601.65. Same: Liability for violations.

If any citrus fruit dealer violates any provisions of this law he shall be liable to the person injured thereby for the full amount of damages sustained in consequence of such violation. Such liability may be enforced either (1) by complaint to the commissioner [of agriculture], * * * or (2) by suit in any court of competent jurisdiction; but this section shall not in any way abridge or alter the remedies now existing at common law or by statute, and these provisions are in addition to such remedies. [1949]

Sec. 601.85. Standard shipping box for fresh fruit.

The specifications for the standard legal shipping box, crate, or container to be used in shipping fresh citrus fruits shall be as established by the commission [Florida Citrus Commission]; but provided that the unit of a standard-packed box, commonly called one and three-fifths bushels, shall contain an inside cubical measurement of three thousand four hundred and fifty-six cubic inches. [1949]

Sec. 601.86. Standard field boxes for fresh citrus fruit.

All field boxes used in the purchase, sale or handling of citrus fruit from or for the grower by a citrus fruit dealer in the State of Florida shall be of the uniform standard size of thirty-one and one-half inches long, thirteen inches high, and twelve inches wide, inside measurements, and shall be divided into two compartments by a center partition of at least three-fourths-inch thickness; and each of

these compartments thus created shall have a cubical capacity of not to exceed twenty-four hundred cubic inches. [1949]

Sec. 601.87. Same: Use of cleats on boxes.

The height of the end heads and the center partition of field boxes shall in no case be increased more than one and one-fourth inches by the addition of cleats or any similar addition to the height so that the total height of said boxes from the inside bottom to the top of said cleats shall not exceed fourteen and one-fourth inches. It is unlawful to place cleats or any other device or thing on the bottom or top, other than herein provided, of any standard citrus field box whereby the space between the field boxes when stacked will be greater than the space that exists between such standard field boxes as herein defined. [1949]

Sec. 601.88. Same: Oversized boxes to be stamped.

It is unlawful to use any field box that exceeds the total capacity of forty-nine hundred cubic inches in the purchase, sale, or handling of oranges, grapefruit, tangerines, or limes by a citrus fruit dealer from or for a grower, unless all field boxes exceeding this dimension shall have plainly stamped on both ends of the box in letters of the dimension of one inch in height and width the words "over size." [1949]

Sec. 601.111. Penalties for violations.

Any person violating any provision of this chapter [Secs. 601.1-601.112], or of the rules or regulations of the commission [Florida Citrus Commission], or of the commissioner [of agriculture] shall be guilty of a misdemeanor and be punished by fine of not exceeding one thousand dollars, or imprisonment not exceeding one year, or by both such fine and imprisonment in the discretion of the court. [1949]

Sec. 601.112. Exemption.

The provisions of this chapter [Secs. 601.1-601.112] shall not apply to any citrus products heretofore processed or which may be processed prior

to August 1, 1949, from the 1948-49 citrus crop. [1949]

Statutes Annotated, Vol. 22, Title 44, Ch. 865—False Packing.

Sec. 865.04. Penalty.

Whoever fraudulently puts into barrel, bale of cotton, cask or other package of sugar, rice or pork, or any other article of provisions, any dirt, rubbish or other thing, shall be punished by fine not exceeding one thousand dollars. [1832]

Statutes Annotated, Vol. 22, Title 44, Ch. 817—False Advertising.

Sec. 817.06. Unlawful acts.

No person shall with intent to sell or in any wise dispose of merchandise, securities, service or anything offered by such person, directly or indirectly, to the public, for sale or distribution, or with intent to increase the consumption thereof, or with intent to induce the public in any manner to enter into any obligation relating thereto, or to acquire title thereto, or any interest therein, knowingly or intentionally make, publish, disseminate, circulate or place before the public, or cause, directly or indirectly, to be made, published, disseminated or circulated or placed before the public in this state in a newspaper or other publication or in the form of a book, notice, handbill, poster, bill, circular, pamphlet or letter or in any other way, an advertisement of any sort regarding such merchandise, securities, service or anything so offered to the public which advertisement contains any assertion, representation or statement which is untrue, deceptive or misleading. [1927]

Sec. 817.07. Same: Penalty.

Any person found guilty of a violation of Sec. 817.06 shall be deemed guilty of a misdemeanor and shall be punished by fine not exceeding two hundred dollars or imprisonment not exceeding ninety days. [1927]

[1880; last amended 1906.]

¹ See Sec. 112-111, page 231; sale of dry commodities by weight or count.

Sec. 112-102. Seal.

For the purpose of marking all weights and measures, the ordinaries shall procure for their respective counties a marking instrument, seal or stamp, which conforms to the standards established by the Congress of the United States, which shall be the standards of this State. [1803; last amended 1839.]

Sec. 112-103.¹ Seller to have weights and measures sealed; penalty.

All persons engaged in selling by weights and measures shall apply to the ordinaries of their respective counties and have their weights and meas-

ures so marked, and in default thereof shall not collect more than three-fourths of any account, note, or other writing, the consideration of which is any commodity sold by their weights and measures: Provided, that this section shall not apply to any person selling by weights and measures who has applied to the ordinary of his county and found that the county has not been supplied with the necessary standards for testing weights and measures. [1893]

¹ See Sec. 5-511, page 236; no deduction for turn of scales.

Sec. 112-104.¹ Procedure upon complaint for deficient weights and measures.

Any citizen may complain to the ordinary of the deficiency of any weights and measures, whether marked or not, and upon such complaint it shall be the duty of said ordinary to notify the person complained of, and give him the name of the complainant, and specify a day, not more than ten days distant, when he shall submit his weights and measures to the test of the ordinary; and if the complaint is found to be true within the seller's knowledge, he shall be deemed a person selling by false weights and measures, and shall be presented by the grand jury as such, if no person shall appear and prosecute. [1893]

¹ See Sec. 112-9901, page 232; punishment for use of false weights and measures.

Sec. 112-105. County standards.

The Governor shall procure standards of weights and measures for each county which does not have them, and they, together with the marks provided by the ordinary, shall be kept in his office for the inspection of the citizens. [1839]

Sec. 112-106. Same: Notice of procurement.

When such standards are obtained, it is the duty of such ordinary to give sixty days' written notice thereof at the door of the courthouse, and in the public newspaper where the sheriff of the county advertises his sales. [1839]

Sec. 112-107. Standards of weights and measures.

The weights and measures received from the United States under joint resolutions of Congress approved June 14, 1836 and July 27, 1866, and/or such new weights and measures as shall be received from the United States as standard weights and measures in addition thereto or in renewal thereof, and/or such weights and measures in conformity therewith as shall be supplied by the State shall, when the same shall have been certified by the National Bureau of Standards, be the State standards of weights and measures. [1941]

Sec. 112-108. Rules and regulations.

The State Commissioner of Agriculture shall have and keep a general supervision of the weights and measures, and weighing or measuring devices of-

fered for sale, sold, or in use in the State. He shall also have authority to promulgate rules and regulations for enforcement of this law [Secs. 112-107—112-115], such rules and regulations may include specifications and tolerances for weighing and measuring devices and for package goods put up prior to time of sale. [1941]

Sec. 112-109. Powers and duties of enforcement officers.

When not otherwise provided by law the State Commissioner of Agriculture, his deputies or inspectors at his directions, shall have the power, and it shall be his duty to inspect, test, try, and ascertain if they are correct, all weights, measures, and weighing or measuring devices kept, offered, or exposed for sale, sold, or used or employed in proving the size, quantity, extent, area, or measurement of quantities, things, produce, or articles for distribution or consumption purchased or offered or submitted for sale, hire, or award, or in computing any charge for services rendered on the basis of weight or measure, or in determining weight or measure when a charge is made for such determination; and he shall have the power to and shall from time to time weigh or measure and inspect packages or amounts of commodities of whatsoever kind kept for the purpose of sale, offered or exposed for sale, or sold or in the process of delivery, in order to determine whether the same contain the amounts represented, and whether they be offered for sale or sold in a manner in accordance with law. He may for the purpose, above mentioned, and in the general performance of his official duties, enter and go into or upon, and without formal warrant, any stand, place, building, or premises, or stop any vendor, peddler, junk dealer, coal wagon, ice wagon, delivery wagon, or any person whatsoever, and require him, if necessary, to proceed to some place which the Commissioner of Agriculture, his deputies or inspectors at his directions, may specify, for the purpose of making the proper tests. Whenever the Commissioner of Agriculture, his deputies or inspectors at his directions, find a violation of the statutes relating to weights and measures, he shall cause the violator to be prosecuted. [1941]

Sec. 112-110. Exception regarding prosecutions.

There shall be no prosecution under this law [Secs. 112-107—112-115] for any discrepancy between actual weight or volume at the time of sale and the weight marked on the container, if such discrepancy is due to unavoidable leakage, shrinkage, evaporation or waste, or to causes beyond the control of the seller acting in good faith. [1941]

Sec. 112-111. Sale of commodities; "original package" defined.

It shall be unlawful to sell, except for immediate consumption on the premises, liquid commodities in any other manner than by weight or liquid measure, or commodities not liquid in any other

Code Annotated, Book 30, Title 112, Ch. 112-1—
Weights and Measures—Continued.

manner than by measure of length, by weight, or by numerical count: Provided, however, that nothing in this section shall be construed to prevent the sale of fruits, vegetables, and other dry commodities in the standard barrel; or of berries and small fruits in standard boxes; or of vegetables or fruits usually sold by the head or bunch in this manner: Provided further, that nothing in this section shall be construed to apply to foodstuffs put up in original packages. For the purposes of this section the term "original package" shall be construed to include a commodity in a package, carton, case, can, barrel, bottle, box, phial, or other receptacle, or in coverings or wrappings of any kind, put up by the manufacturer, which may be labeled, branded, or stenciled, or otherwise marked, or which may be suitable for labeling, branding, or stenciling, or marking otherwise, making one complete package of the commodity. The words "original package" shall be construed to include both the wholesale and the retail package, and must be plainly marked as to the net content. Provided that a box or carton used for shipping purposes containing a number of packages which are individually marked as hereinbefore provided shall not be required to bear the weight of their contents. [1941]

Sec. 112-112. Approval, condemnation, seizure and destruction of weights and measures.

In the event the Commissioner of Agriculture, his assistants or inspectors, finds weights, measures and weighing and measuring devices accurate and otherwise in proper condition, or after he causes the same to be made accurate and otherwise in proper condition [] to place his seal or tag of approval upon such weighing or measuring devices. In the event he find [finds] any of the said weights, measures or weighing and measuring devices to be inaccurate or otherwise not in proper condition, and yet in his best judgment such devices or device may be repaired, [] to place his seal or tag showing that the same has been condemned because of their inaccuracy or faulty mechanical condition, upon said device or devices and serve written notice why said device or devices have been condemned upon the person, firm or corporation, or their agent, using, operating, and having possession of such devices, which said notice shall be served upon the person in charge of the place of business where such device or devices are located, and said notice shall contain a demand upon the person, firm or corporation to discontinue the use thereof, and not to dispose of such device until the repairment or regulation of such device or devices have been approved by the Commissioner of Agriculture, his assistants or inspectors. Unless such inaccurate or improper weighing or measuring devices are repaired and made correct within a reasonable time after the service of such notice as herein provided, said in-

spector shall seize and destroy the same in the name and under the authority of the State of Georgia. [1941]

[ED. NOTE.—In the Georgia Code Annotated, following the foregoing section, it is stated: "This section is set out as it appears in both the published Act and in the Act filed in the Secretary of State's office. Apparently, the words 'it shall be his duty,' or their equivalent, have been omitted at the points indicated by brackets."]

Sec. 112-113. Removal of tag unlawful.

It shall be unlawful for anyone to deface or remove any seal, tag or [of] approval or condemnation placed on any device by any weights and measures official. [1941]

Sec. 112-114. Powers and duties of deputies and inspectors.

The powers and duties given to and imposed upon the State Commissioner of Agriculture of weights and measures are hereby given to and imposed upon his deputy and inspectors also, when acting under his instructions and at his direction. [1941]

Sec. 112-115.¹ Public Utility Corporations exempted.

The provisions of this law [Secs. 112-107—112-115] shall not apply to public utility corporations under the jurisdiction of the Georgia Public Service Commission. [1941]

Penalties for Violations of Weights and Measures Law.

Sec. 112-9901. Selling by false weights and measures.

If any person shall knowingly buy or sell by false weights or measures, he shall be deemed a common cheat, and shall be punished as for a misdemeanor. [1851-2]

Sec. 112-9902. Penalty for violation of Secs. 112-107 to 112-115.

Any person who, by himself or by his servant or agent, or as the servant or agent of another person, firm, corporation or association, shall violate any provisions of sections 112-107 to 112-115 or who shall violate any regulation promulgated by authority in such sections, shall be guilty of a misdemeanor, and upon conviction thereof in any court of competent jurisdiction, shall be fined not less than \$25 or not more than \$200 or by imprisonment for not more than three months, or by both such fine and imprisonment, upon first conviction and upon a second or subsequent conviction, shall be fined not less than \$100 or more than \$500 or by imprisonment of not less than three months, or by both such fine and imprisonment. [1941]

Laws 1949, No. 284—Certified Public Weighers.

Sec. 1. Who may be licensed.

Any person who shall weigh, measure, or record the indications or readings of weighing or measur-

ing and declare the weight, measure, reading or recording to be the true weight, measure, reading or recording of any commodity, article or product, may be licensed under the provisions of this Act [Secs. 1-13] and shall be known as a Certified Public Weigher of Georgia. [1949]

Sec. 2. Enforcement; rules and regulations.

The provisions of this Act [Secs. 1-13] shall be administered by the Commissioner of Agriculture of Georgia, and he is hereby empowered to make and promulgate rules and regulations necessary for the enforcement of this Act. [1949]

Sec. 3. Application for license permit.

Any person who desires to be a certified public weigher in this State shall apply for and obtain a license permit from the Commissioner of Agriculture by filing a formal application as follows:

"I, _____, a citizen of the United States, residing at _____ County of _____, have familiarized myself with the law relative to licensing of certified public weighers, do hereby make application for license permit as a certified public weigher.

"I certify that I am morally and physically fit to perform the duties imposed upon a certified public weigher, and that I will, if licensed, faithfully and accurately make true recordings, and will comply with the law and rules and regulations relating to certified public weighers to the best of my knowledge and ability.

Upon his appointment as a certified public weigher, a license permit shall be issued to him authorizing the applicant to weigh, measure and record any/all commodities. [1949]

Sec. 4. Duties.

It shall be the duty of certified public weighers licensed under this Act [Secs. 1-13] to issue a certificate of weight, measure, count or recording on forms to be approved by the State Director of Weights and Measures, and to comply with the provisions of this Act and rules and regulations relating thereto. [1949]

Sec. 5. Bond.

Any such persons, firms, or corporations who shall have their employees or agents designated as certified public weighers shall post a surety bond in the

sum of \$1,000.00 (one thousand dollars) payable to the Commissioner of Agriculture for the benefit of persons, firms, or corporations issuing a certified public weigher's certification of any weight or measure of any commodity or thing conditioned as follows:

If the principal shall faithfully comply with the rules and regulations governing a certified public weigher, as prescribed by the Commissioner of Agriculture, in writing, from the period beginning _____ and ending December 31, 194____, and shall indemnify the Commissioner of Agriculture, for the use and benefit of persons, who suffer injury or damage as a result of the negligence, incompetence, or misconduct of principal in performing the aforesaid duties of a certified public weigher, then this obligation to be void; otherwise of full force and virtue. [1949]

Sec. 6. Official seal.

It shall be the duty of every certified public weigher so licensed under this law [Secs. 1-13] to obtain through the State Department of Agriculture an official seal, which seal [shall] have inscribed thereon the following words: "Georgia Certified Public Weigher" or such other design or legend as the State Director of Weights and Measures may deem appropriate. The seal shall be stamped or impressed upon each and every weight, measure, count, reading or recording certificate issued by such certified public weigher, and when so applied the certificate shall be recognized and accepted as a declaration of the official, true and accurate weight, measure, count, reading or recording of the commodity, product or article weighed, measured or counted with the tolerance allowed by the "Weights and Measures Act" of this State. [1949]

Sec. 7. Violations by weigher; penalty.

Any certified public weigher who shall issue a certificate giving a false weight, measure, count or reading, or who shall misrepresent the weight, measure, count or reading of any commodity, produce or article, or who shall otherwise violate any of the provisions of this Act [Secs. 1-13] or violate any of the rules promulgated by authority of this Act, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than ten (\$10.00) dollars nor more than five hundred (\$500.00) dollars, or by imprisonment for not more than six months in the discretion of the court, and, in addition thereto, his license as a certified public weigher shall be revoked and he shall forfeit his seal which, when so forfeited shall be turned over to the Commissioner of Agriculture. [1949]

Sec. 8. Other violations; penalty.

Any person, firm, or corporation who shall request a certified public weigher to weigh, measure,

Laws 1949, No. 284—Certified Public Weighers—
Continued.

count, read or record any commodity, product or article falsely or incorrectly, or who shall request a false or inaccurate certificate of weight, measure, count, reading or recording; or any person issuing a certificate of weight, measure, count, recording within the meaning of this Act [Secs. 1-13], who is not licensed as a certified public weigher in accordance with this Act, or any person who shall in any way impersonate by acting as, or for, a certified public weigher, or any person who shall erase, change or alter any certificate issued by a certified public weigher, shall be guilty of a misdemeanor and upon conviction thereof shall be punished as is prescribed under the laws of Georgia.

Sec. 9. Weights and measures to be used.

It shall be unlawful for any certified public weigher to use any weights, measures, reading or recording device, which has not been tested and approved by the State Director of Weights and Measures, or his assistant, deputy or inspector, in accordance with the "Weights and Measure Act." ¹ [1949]

¹ See Secs. 112-101—112-9902, pages 230-232.

Sec. 10. License fees.

Certified public weighers shall be licensed for a period of one year beginning on the first day of July and ending on the thirtieth day of June, next, and a fee of [five] (\$5.00) dollars shall be paid to the Commissioner of Agriculture by each person so licensed at the time application is filed. A fee of two (\$2.00) dollars shall be required of all renewals of license as a certified public weigher. In addition thereto the applicant shall pay the actual cost of seals required under this Act [Secs. 1-13]. [1949]

Sec. 11. Surrender of seal.

In the interest of public welfare, the seal herein provided for a certified public weigher shall be the property of the State of Georgia and shall be returned to the Commissioner of Agriculture upon termination of the duties as a certified public weigher. Failure or refusal of a person licensed as a certified public weigher under this Act [Secs. 1-13] to surrender the official seal to the Commission [Commissioner] of Agriculture upon termination of his license or for malfeasance in office, shall be a misdemeanor and any person convicted thereof shall be punished by a fine of not less than ten dollars nor more than two hundred dollars, or by imprisonment for not more than three months, in the discretion of the court. [1949]

Sec. 12. Revocation of license permit.

Any license permit as a certified public weigher may be revoked by the Commissioner of Agriculture for malfeasance in office or for the violation of

any provision of this Act [Secs. 1-13] or for violation of any rule or regulation promulgated under the terms hereof, after reasonable notice and opportunity for a hearing before the Commissioner of Agriculture. [1949]

Code Annotated, Book 2, Title 5, Part I, Ch. 5-3—
State Warehouse Department.

Sec. 5-301. State Warehouse Commissioner.

The Director of the State Bureau of Markets shall be the State Warehouse Commissioner. [1918; last amended 1920.]

[ED. NOTE.—SEC. 5-204, Ga. Code Ann., provides that "The Director [of Markets] shall be the chief executive officer of the Bureau of Markets * * * and he shall—

(a) Investigate methods and practices in connection with the * * * weighing, packing, transportation, storage, inspection and sale of agricultural products of all kinds within this State * * *"]

Sec. 5-303. Lint Cotton: Appointment of officers; rules and regulations.

The Commissioner shall have the power to appoint graders, officers, clerks and all necessary employees to carry out the provisions of this Chapter [Secs. 5-301—5-320] * * *. He shall also prescribe rules and regulations not inconsistent with the intent and spirit of this Chapter, to carry the same into effect. [1918; last amended 1920.]

Sec. 5-310. Same: Storage; marking requirements.

The Commissioner [State Warehouse Commissioner] may receive for storage lint cotton, properly baled, with an inspection tag showing that it had been legally weighed, and that a Federal or State grader, as hereafter may be provided, has graded said cotton. There shall be receipts issued for such cotton under the seal in the name of the said Commissioner, stating location of warehouse, identification mark on each bale, its weight and grade, and whether long or short staple, so as to be able to deliver on surrender of receipts the identical cotton for which it was given; * * * [1918; last amended 1920.]

Sec. 5-311. Same: Bales to be tagged.

The grades, weights and identification marks provided for by this Chapter [Secs. 5-301—5-320] shall be evidenced by tags affixed to the bale of cotton, and the receipts issued must be duplicate of the identification upon the said tags. [1918]

Code Annotated, Book 2, Title 5, Part II, Ch. 5-5—
Weighing of Cotton, Rice, Etc.

Sec. 5-501.¹ Cotton weighers: Oath.

It shall not be lawful for any scalesman, salesman, or other person, in any of the cities, towns, or villages, to weigh any bale, bag, or package of cotton, tierce or half-tierce of rice, or any other article of produce disposed of by weight, without first taking and subscribing an oath, before some person authorized by law to administer it, that he will justly,

impartially, and without deduction, weigh all such cotton and all other articles of produce disposed of by persons that may be shown to him for that purpose, and tender a true account thereof to the party or parties concerned, if so required. This section shall apply only to parties weighing said articles for sale, and not to persons weighing their own produce. [1875; last amended 1889.]

¹ Penalty for violation of Sec. 5-501, see Sec. 5-9907, page 238. Punishment for putting rubbish in cotton or rice, see Sec. 26-7405, page 239.

Sec. 5-502. Same: Oath to be recorded.

Such oath, when taken, must be filed in the office of the ordinary of the county, and a minute made thereof. [1875]

Sec. 5-503. Same: Deductions by weigher.

The weigher may make such deduction for wet, or other cause, as may be reasonable, when the seller or his agent shall thereto consent: Provided, that if the weigher, with the consent of the seller or his agent, makes a deduction from the gross weight of any bale, bag, or package of cotton because of the bagging and fastenings on said bale, bag, or package, the deduction shall be not more than 24 pounds if it is covered with jute bagging, and not more than 16 pounds if it is covered with cotton bagging, except in the case of any bale, bag, or package of cotton not fastened with iron ties nor with ropes, in which case the deduction shall be not more than ten pounds if it is covered with jute bagging, and not more than five pounds if it is covered with cotton bagging. In every case in which a deduction is made from the gross weight of any bale, bag, or package of cotton because of the bagging and fastenings on said bale, bag, or package, the weigher, in tendering a true account thereof to the party or parties concerned, shall state the gross weight of each bale, bag, or package, and also the number of pounds deducted for bagging and fastenings, and the net weight. [1876; last amended 1889.]

Sec. 5-504.¹ Deduction for bagging and ties from weight of cotton.

It shall be unlawful for any person, firm or corporation engaged in the business of buying cotton, as principal or agent, to deduct any sum for bagging and ties from the weight or price of any bale of cotton when the weight of the bagging and ties does not exceed six per cent. of the gross weight of such bale of cotton. In the event that the weight of the bagging and ties exceeds six per cent. of the gross weight of such bale of cotton, only the excess over the said six per cent. may be deducted. [1911]

¹ Penalty for violation of Sec. 5-504, see Sec. 5-9908, page 238. Illegal charge for weighing cotton, see Sec. 5-9910, page 238.

Sec. 5-505. Same: Appointment of public weigher.

Upon the application or petition of at least 50 citizens or producers of cotton in any county, made

to the county commissioners of a county when they administer the affairs of a county, or to the ordinary of the county when he administers the affairs of the county, he or they shall appoint one competent and discreet person who shall be known as the public weigher and grader of cotton in such county. Upon his appointment by them, they shall issue to him a commission authorizing him to weigh and grade all cotton that may be brought to him for such purpose by the citizens of said county: Provided, he shall first take an oath to faithfully perform the duties of such weigher and grader, and give bond conditioned upon the accurate and faithful performance of his duty subject to be enforced by any person that shall be damaged on account of a failure in the performance of his duty, said recovery to be had in any court having jurisdiction of the parties and subject-matter. [1912]

Sec. 5-506. Same: Appointment of deputies.

Said weigher and grader shall be authorized, when it becomes necessary, to appoint a deputy or deputies to act within said county to assist him in weighing and grading of cotton. In the appointment of such deputies he shall not appoint any one who is not of good character and competent to perform such duties. [1912]

Sec. 5-507. Same: Fees for weighing; duties; scales to be tested.

As compensation for the weighing, grading, issuing certificates, as to weights and grades, and stamping same upon the bale of cotton, such weigher and grader shall have for such service, and be allowed to charge the party desiring to have said cotton weighed and graded the sum of 20 cents per bale. It shall be the duty of the weigher and grader or his deputy, upon their appointment, to provide a platform and scales with ample facilities for handling cotton with speed and at a minimum cost, at which platform or platforms, all cotton sold in said market or shipped may first be weighed, graded and stamped, if so desired by the seller, producer, or buyer, and upon the application by the parties, it shall be the weigher's duty to immediately weigh, grade and stamp upon the cotton weights and grade, and issue to the applicant a certificate showing the same and enter the same in a book to be kept by him. The appointed public weigher and grader shall be responsible, on his bond, for the official act of his deputy, and each weigher or deputy shall have his scales tested at least once every thirty days by the standard weights in the office of the ordinary as provided by law. [1912]

Sec. 5-508. Same: Removal from office.

The county commissioners or ordinary, whichever has the appointing power, upon good and sufficient cause shown, after 10 days' notice, in writing, personally served upon the public weigher and grader, shall inquire into his conduct and if they find suf-

ficient reason, remove any such officer from office, and appoint another in his stead, and in the same manner may remove any deputy by such public weigher appointed. [1912]

Sec. 5-509. Tare on rice.

The tare to be allowed on rice shall be the actual tare, as nearly as can be determined, except in cases of the sale of a single tierce, half tierce, or barrel, where a tare of 10 per centum shall be allowed, unless otherwise agreed on between the buyer and seller. [1863]

Sec. 5-510. Tare on other articles.

In other cases where tare is usually allowed, the actual tare, as nearly as the same can be ascertained, shall be allowed, except where the seller and purchaser may expressly agree upon a different rule. [1863]

Sec. 5-511.¹ No deduction for turn of scales, etc.

It shall not be lawful for any purchaser or weigher to make any deduction from the weight of any article for or on account of the draft or turn of the scales or steelyard, under a penalty, for every such offense, of \$500, to be recovered in any court having jurisdiction, one-half to go to the informer by whom the suit may be brought, and the other half to the use of the county where the offense may be committed. [1863]

¹ See Sec. 112-103, page 230; penalty for selling by unmarked weights.

Sec. 5-512. Regulations by city, town and county authorities.

The corporate authorities of all cities and towns may make such further regulations for the weighing of produce of all descriptions, including fees for weighing, as in their judgment may tend to effect the objects of the foregoing provisions, and the ordinaries of the respective counties shall have the same power, to be exercised outside the jurisdiction of said incorporated cities or towns; but, until altered by such authorities or ordinaries, fees for weighing shall be such as are now fixed by law. [1863]

Code Annotated, Book 2, Title 5, Part III, Ch. 5-8—
Apples, Closed Packages.

Sec. 5-801. Rules and regulations.

The Commissioner of Agriculture is hereby directed to establish and promulgate, from time to time, official standard grades for all closed packages of apples, by which the quantity, quality, and size may be determined, and prescribe and promulgate rules and regulations governing the marking which shall be required upon packages of apples for the purpose of showing the name and address of the producer or packer, the variety, quantity, quality, and size of the product, or any of them: * * * [1927; last amended 1933.]

Sec. 5-802. Marking requirements.

Whenever such standard for the grade or other classifications of apples under this Chapter [Secs. 5-801—5-806] becomes effective, every closed package containing apples grown and packed for sale or transported for sale by any person, firm, company, or organization shall bear conspicuously upon the outside thereof, in plain words and figures, such markings as are prescribed by the Commissioner of Agriculture under the provisions of this Chapter. * * * [1927; last amended 1933.]

Sec. 5-803. Enforcement; right of entry; deputies; right to halt shipments.

The Commissioner of Agriculture shall be charged with the enforcement of the provisions of this Chapter [Secs. 5-801—5-806], and for that purpose shall have the power: (a) To enter and to inspect, personally or through any authorized agent, every place where apples are produced, packed, or stored for sale, shipped, delivered for shipment, offered for sale, or sold, and to inspect such places and all apples and containers and equipment found in any such place. (b) To appoint, superintend, control, and discharge such inspectors and subordinate inspectors as in his discretion may be deemed necessary, for the special purpose of enforcing the terms of this Chapter, to prescribe their duties and fix their compensation. (c) Personally, or through any authorized agent or any such inspector, to forbid the movement of any closed package or packages of apples found to be in violation of any of the provisions of this Chapter, which have not been actually accepted by a common carrier for shipment in interstate traffic, and to require the same to be repacked or remarked. A carload of apples shall not be considered as actually accepted by a common carrier for shipment until the loading is finished, the car sealed, and the bill of lading issued. (d) To cause prosecutions to be instituted for violations of this Chapter. [1927; last amended 1933.]

Sec. 5-804. Prima facie evidence.

When apples in closed packages are delivered to a railroad station or a common carrier for shipment, or delivered to a storage house for storage, such delivery shall be prima facie evidence that the apples are offered or exposed for sale. [1927; last amended 1933.]

Sec. 5-805. Dealers protected by inspection.

No person, firm, or corporation shall be prosecuted under the provisions of this Chapter [Secs. 5-801—5-806] when he or it can establish that the apples offered for sale have passed inspection by an authorized inspector of this State, and bear the official State inspection stamp, or by an inspection of the United States Department of Agriculture, and found to be packed and marked in accordance with the requirements of the Commissioner of Agriculture of Georgia. [1927; last amended 1933.]

Sec. 5-806.¹ Restriction of sales.

* * * and no apples shall be offered for sale which do not bear on the packages the marks and grades prescribed in section 5-802. [1927; last amended 1933.]

Code Annotated, Book 2, Title 5, Part IV, Ch. 5-11—
Fertilizers and Fertilizer Materials.

Sec. 5-1105. Marking requirements.

Every bag or package of commercial fertilizer sold within the State shall have printed on bag or package, or affixed thereto, a tag containing a legible and plainly printed statement in the English language, the following:

1. Net weight of each bag or package in pounds. [1924; last amended 1929.]

* * * * *

Sec. 5-1123.¹ Seizure.

All fertilizer or fertilizer material sold or offered for sale in violation of law shall be condemned and seized by the Commissioner of Agriculture or his agents, * * *. [1937-38]

¹ Penalty for violation of Ch. 5-11, see Sec. 5-9931, page 239. The Commissioner of Agriculture is charged with the enforcement of Ch. 5-11, see Sec. 5-1001, Ga. Code Ann.

Code Annotated, Book 2, Title 5, Part V, Ch. 5-15—
Insecticides and Fungicides.

Sec. 5-1502. Marking requirements.

It shall be the duty of all manufacturers, jobbers, dealers and agents in advance of offering calcium arsenate, lead arsenate, and dust mixtures containing sulphur, lead arsenate and lime, and other insecticides and fungicides commonly used on cotton, field crops, and fruits, for sale, to brand on each package, containing the same, the words, "Calcium Arsenate," "Lead Arsenate," and "Dust Mixtures containing Sulphur, Lead Arsenate and Lime," and the weight of the package in full, * * * [1920]

Sec. 5-1507. Rules and regulations.

The State Entomologist is hereby authorized and required * * * to make such rules and regulations as, in his judgment, shall be necessary for the protection of the people, and make thoroughly effective the provisions of this Chapter [Secs. 5-1501—5-1509], and such regulations shall have the force of law. [1920; last amended 1931.]

Sec. 5-1508.¹ Enforcement.

It shall be the duty of the Commissioner of Agriculture to prosecute each and every violator of any of the provisions of this Chapter [Sec. 5-1501—5-1509]. [1920]

Code Annotated, Book 2, Title 5, Part VI, Ch. 5-16—
Naval Stores and Lumber.

Sec. 5-1601.¹ Appointment, oath and bond of inspectors; method of measurement; specifications; cord of firewood.

Inspectors may be appointed, their duties prescribed, their fees fixed, and inspection and marking regulations adopted, by the corporate authorities of any city, for the inspection of pitch, tar, turpentine, rosin, staves, shingles, timber, wood, and lumber, for measuring and gauging the said articles, or any of them, within the limits of said cities; and the same power may be exercised by the ordinary of every county, outside the limits of such town, and within the limits of such county: Provided, such regulations be not inconsistent with the following provisions:

1. No person shall be permitted to inspect, measure, or gauge, except such as may be regularly appointed, under a penalty of \$500 for every offense, one-half to go to the informer, and the other half to the corporation or court having the appointment of inspectors. Every person so appointed shall be required to take an oath or affirmation faithfully to perform the duties of the office to the best of his skill and ability, and shall moreover give bond and security for the faithful discharge of the duties thereof. All vacancies may be filled by the appointing power. [1794; last amended 1823.]

2. In all seaport towns where timber or lumber is brought for exportation, or otherwise, the same shall be inspected and measured, and bills for such measurement shall be made out in superficial measurement. [1799]

3. All square timber shall be measured as follows: The length shall be counted from pinhole and the size from the middle of the stick, taking the smallest side and the face, throwing off fractions, and allowing one-half of the wane-edge on the side and face; and other flatted timber, usually known as saw or mill logs, shall be measured one-half from the smallest end. [1863]

4. All sticks which are rotten, hollow, split, or broken shall be declared refuse by the inspector, and the seller shall only be allowed one-half the measurement; but if the defect be at or near the end, only so much as is defective shall be declared refuse. [1863]

5. The hook to the dip-rod shall not be less than 1¾ inches long. [1863]

6. Ranging timber, scantlings, and boards shall be deemed merchantable only when they have square edges, and are sound and without decay; nevertheless, if any scantling or board to be measured and inspected shall be split, decayed, or fractured more than two feet, and less than six feet from the end thereof, such split, decayed, or fractured part shall be left out and not counted in the measurement. [1794]

Code Annotated, Book 2, Title 5, Part VI, Ch. 5—16—Naval Stores and Lumber—Continued.

7. Heading shall be $2\frac{1}{2}$ feet long, six inches broad, one inch thick on one edge, and not less than three-quarters of an inch on the other edge, round and free from decay, worm or knot holes; shingles to be 22 inches long, not less than $3\frac{1}{2}$ inches wide, a half-inch thick at the thick end, not decayed, and free from worm or knot holes. [1794]

8. Pipe, hoghead, and barrel staves shall be considered merchantable only when conditioned as follows: Pipe staves to be at least 54 inches in length, three inches in breadth, and one inch thick on the thin edge, sound and free from worm or knot holes; hoghead staves to be 43 inches long, three inches broad, and not less than three-quarters of an inch thick on the edges, sound and free from worm or knot holes; barrel staves to be $2\frac{1}{2}$ feet long, three inches wide, and not less than three-quarters of an inch on their edges, sound and free from worm or knot holes. [1816]

9. Every cord of firewood shall measure eight feet in length, four in breadth, and four in height. Any person to whom such wood is offered for sale, who may suspect any deficiency, shall have the right to have the same measured and corded by any sworn inspector or measurer of the place; and in case of any deficiency appearing, the seller shall, besides paying the fees of the inspector, make good the deficiency without delay, or forfeit, before any court having jurisdiction, the sum of \$2 for every cord so deficient; in case of no deficiency appearing, the fees of the inspector or measurer shall be paid by the buyer. The corporate authorities of any town or city may make such further regulations on this subject as to them shall appear proper to insure the objects of this section. [1766]

¹ Penalty for violation of timber or lumber law, see Sec. 5-9949, page 239.

Sec. 5-1603. Specifications for turpentine barrels.

Every barrel of soft turpentine shall be formed of good and sufficient staves, three-quarters of an inch thick, not exceeding five inches wide, not less than 30 nor more than 32 inches long; the head not less than one nor more than $1\frac{1}{2}$ inches thick, and the barrel secured with 12 good hoops. [1863]

Sec. 5-1605. Powers of corporate authorities of seaport towns.

The corporate authorities of any seaport town may make such further regulations for the inspection of rosin, pitch, tar, and turpentine, and for the discovery of fraud in making and vending said articles, as to said authorities respectively shall seem proper. [1863]

Code Annotated, Book 2, Title 5, Part XXX, Ch. 5—99—Penalties For Violations of Title 5.

Sec. 5-9907. Weighing cotton or other produce without oath.

Any person who shall violate the provisions of section 5-501, making it unlawful to weigh cotton and other produce without first taking the oath therein prescribed, and the factor or person employ-

ing him, shall be guilty of a misdemeanor. [1875; last amended 1876.]

Sec. 5-9908. Unauthorized deduction for bagging and ties from weight of cotton.

For each and every violation of section 5-504 the offender shall be guilty of a misdemeanor and shall be fined in the sum of not less than \$25 nor more than \$50, or imprisonment not less than 15 days, nor more than 30 days: Provided, this law shall not apply to what is known in the trade as round bales, and bales of cotton which weigh less than 300 pounds. [1911]

Sec. 5-9910. Illegal charge for weighing cotton; scope of section.

If any scalesman, salesman, or other person engaged in the business of weighing cotton bales shall charge or receive more than 10 cents per bale for weighing the same, or charge or receive, for reweighing any bale of cotton which has once been taxed 10 cents for weighing, more than five cents for such reweighing, he shall be guilty of a misdemeanor. This section shall embrace a merchant, factor or other person in whose employment the offender may be at the time of the violation, if the illegal charge is made with the consent or knowledge of the employer. [1880-1; last amended 1895.]

Sec. 5-9913. Marking requirement for bales of cottonseed hulls.

Any person, firm or corporation who shall sell cottonseed hulls in bales or packages, without having the weight thereof plainly stamped or branded on each bale or package, shall be guilty of a misdemeanor. [1901]

Sec. 5-9928. Violation of Chapter 5-8 relating to closed packages of apples.

Any person, firm, company, organization, or corporation, who shall violate any of the provisions of Chapter 5-8 [Secs. 5-801—5-806] relating to grading, marking, shipping, etc., of apples shall be punishable by a fine of not more than \$500 or imprisonment for a period not to exceed 90 days, either or both, for each offense. [1927]

Sec. 5-9931.¹ Violating fertilizer laws.

Every manufacturer, mixer, jobber or dealer violating any of the fertilizer laws of this State, shall be guilty of a misdemeanor. [1929]

¹ See Chap. 5-11, page 237.

Sec. 5-9937. Violation of Chapter 5-15, relating to insecticides and fungicides.

Any person who shall violate any of the provisions of Chapter 5-15 [Secs. 5-1501—5-1509], relating to insecticides and fungicides, shall be deemed guilty of a misdemeanor. • • • [1920]

Sec. 5-9941. Fraudulent brands on naval stores.

If an inspector shall fraudulently place * * * any other than the exact number of gallons upon a barrel of spirits of turpentine, he shall be guilty of a misdemeanor. [1887; last amended 1895.]

Sec. 5-9949. Violations of timber or lumber law.

Any inspector or other person who shall violate any of the provisions of Chapter 5-16 [Secs. 5-1601—5-1623] so far as the same relates to the inspection and measurement of timber or lumber, shall forfeit his office, and be punished as for a misdemeanor. [1873; last amended 1895.]

Code Annotated, Book 6, Title 18, Ch. 18-3—Railroad Scales.

Sec. 18-320. Weighing facilities to be furnished by carrier; overweightings and false billing; penalty.

Every railroad or transportation company in this State shall furnish suitable and adequate facilities for correctly weighing all freight offered for shipment in carload lots in this State at points where the volume of business offered is sufficient to warrant the expense; and if any officer or agent of a railroad or transportation company, or person acting for or employed by such railroad or transportation company, shall, by reason of overweightings or false billing, cause such railroad or transportation company to charge on any shipment for more than the actual weight of such shipment, the said railroad or transportation company shall be liable to the owner of such shipment in damages for an amount equal to twice the charges on the excess weight so charged. [1889]

[ED. NOTE.—Jurisdiction over railroads is vested in the Public Service Commission. Ga. Code Ann., Title 93, Sec. 93-307.]

Sec. 18-321.¹ Weigher's oath.

Whenever any railroad company in this State shall weigh any cars loaded with freight to be shipped and charged for by the carload, such weighing shall be done by a sworn weigher, as provided for the weighing of cotton, rice, and other produce. [1882-3]

¹ See section 5-501, page 234; scalesman to be sworn.

Sec. 18-322. Method of weighing cars.

When such cars are weighed singly they shall be uncoupled at both ends and weighed one at a time. When any railroad company shall transport timber, lumber, or other like articles of freight, which, from length, laps over from one car to another, such company may cause as many as two or three such cars so loaded to be weighed together, after uncoupling them at both ends from other cars, and in all such instances the aggregate weight of the freight upon said two or three cars

shall be averaged so that each of the cars shall be charged with an equal amount of the total weight, and the shipper be made to pay freight as if each of the cars so weighed together did actually contain an equal portion of the whole load: Provided, that in such cases the shipper shall not pay less than the amount of freight due on full carloads. [1882-3]

Sec. 18-323. Penalty for non-compliance with two preceding sections.

Any railroad company failing, refusing, or neglecting to comply with any of the provisions of the two preceding sections shall be held liable in an action for damages, to be brought in the county where such weighing is done, at the instance of any person aggrieved, and the recovery shall be in a sum not less than \$100 nor more than \$200 for each offense. [1882-3]

Code Annotated, Book 10, Title 26, Part XII, Ch. 26-74—Cheats.

Sec. 26-7403. Sale of bread under assize.

Any baker or other person selling bread under the assize established by the corporation of any city, town, or village, or the rules laid down by law, shall be deemed a cheat, and shall be punished as for a misdemeanor. [1865-6]

Sec. 26-7405.¹ Falsely increasing weight of commodities; penalty.

Any person who shall put or cause to be put into any bale of cotton, vessel of sugar, rice, pork, beef, or other provisions, wool, or other article, prepared for market, any dirt, rubbish, or other thing, for the purpose of adding to and increasing the weight or bulk of said cotton, sugar, rice, beef, pork, or other provisions or things, shall be deemed a common cheat, and shall be punished by a fine equal to the value of the thing thus fraudulently packed or put up, and imprisonment and labor in the penitentiary for not less than one year nor more than five years. The bare possession or ownership of such commodities, so fraudulently packed or put up, shall not of itself authorize a conviction, where sufficient evidence of knowledge or privity on the part of the owner, or the person in possession is not produced on the trial. [1874]

¹ Weighing of cotton, rice, etc., see Sec. 5-501, page 234, and Sec. 5-9907, page 238.

Sec. 26-7410. Defrauding and cheating by other means.

Any person using any deceitful means or artful practice, other than those which are mentioned in Part XII [Secs. 26-7401—26-7410] of this Title, by which an individual, or a firm, or a corporation, or the public is defrauded and cheated, shall be punished as for a misdemeanor. [1865-6; last amended 1902.]

Code Annotated, Book 14, Title 42, Ch. 42-1—Food.

Sec. 42-101. Chief food inspector: Appointment; duties.

The Commissioner of Agriculture is hereby authorized to appoint, by and with the advice of the State Chemist, a chief food inspector, * * *. He shall be chargeable with all the duties and shall exercise all the powers as prescribed in this Title [Secs. 42-101—42-9921] except such as appertain to the adulteration, misbranding and imitation of drugs and medicines. * * * [1906; last amended 1919.]

Sec. 42-106. Rules and regulations for enforcement.

The Commissioner of Agriculture, with the advice of the Attorney General, may establish such rules and regulations as shall not be inconsistent with the provisions of this Title [Secs. 42-101—42-9921], and as in his judgment will best carry out the requirements thereof. [1906]

Sec. 42-107. Definition of food.

* * * The term "food" as used herein shall include all articles used for food, drink, confectionery, or condiment by man or other animals whether simple, mixed, or compounded. [1906]

Sec. 42-110. When deemed misbranded.

* * * * *

For the purposes of this Title [Secs. 42-101—42-9921] an article shall also be deemed to be misbranded—

* * * * *

In case of food:

* * * * *

2. If it shall be labeled or branded so as to deceive or mislead the purchaser, * * *

3. If in package form, the quantity of the contents shall not be plainly and conspicuously marked on the outside of the package in terms of weight, measure, or numerical count: Provided, however, that reasonable variations shall be permitted, and tolerances and also exemptions as to small packages shall be established by rules and regulations made in accordance with the provisions of section 42-303.

4. If the package containing it or its label shall bear any statement, design, or device regarding the ingredients of the substances contained therein, which statement, design, or device shall be false or misleading in any particular: * * * [1906; last amended 1913.]

Sec. 42-114. Seizure and condemnation.

Any article of food, * * * or liquor that is adulterated or misbranded within the meaning of this Title [Secs. 42-101—42-9921] shall be liable to be proceeded against in any court within the county where the same is found, and seized for confiscation by a process of libel for condemnation. And if such article shall be condemned as being

adulterated or misbranded, or of a poisonous or deleterious character, within the meaning of this Title, the same shall be disposed of by destruction or sale, as the court may direct, * * *. [1906]

Sec. 42-115.¹ Guaranty protection.

No dealer shall be prosecuted under the provisions of this Title [Secs. 42-101—42-9921] when he shall establish a guaranty signed by the wholesaler, jobber, manufacturer, or other party residing in this State, from whom he purchases such articles, to the effect that the same are not adulterated or misbranded within the meaning of this Title, designating them [it]. Said guaranty, to afford protection, shall contain the name and address of the party, making the sale of such articles to such dealer, and in such case the said party shall be amenable to the prosecutions, fines, and other penalties which would attach, in due course, to the dealer under the provisions of this law. [1906]

¹ Penalty for selling, etc. misbranded foods, see Sec. 42-9901, page 242.

Code Annotated, Book 14, Title 42, Ch. 42-2—Concentrated Commercial Feeding Stuffs.

Sec. 42-201. Definition.

The term "concentrated commercial feeding stuff," as used herein, shall include cottonseed meal, linseed meal, corn and cob meal, cocoanut meal, gluten feeds, gluten meal, germ feeds, corn feeds, starch feeds, sugar feeds, dry brewer's grains, malt sprouts, dried distiller's grain, dried beet refuse, hominy feed, cerealine feeds, rice meals, rice brans, rice polish, peanut meal, oat feeds, corn and oat feeds, corn bran, wheat bran, wheat middlings, wheat shorts, ground beef or fish scraps, mixed feeds, clover meal, alfalfa meal and feeds, peavine meal, cottonseed meal feeds, whole seeds and grains and meals, mixed or unmixed, made from such seeds or grains, and all other materials of a similar nature. [1906]

Sec. 42-202. Marking requirements; standard packages.

Every lot or parcel of concentrated commercial feeding stuff and condiment feed used for feeding domestic animals or poultry, sold, or offered or exposed for sale, shall * * * have affixed thereto, or printed on the bag or other package, in a conspicuous place on the outside thereof, a legible and plainly printed statement, clearly and truly certifying the number of net pounds of feeding stuff contained therein: Provided, that all concentrated commercial feeding stuffs shall be in standard-weight bags or packages of 50, 75, 100, 125, 150, 175 or 200 pounds each; * * * [1906]

Sec. 42-210.¹ Seizure.

If it appears from any examination of [or] analysis of an official sample of any commercial feeding stuff that any of the provisions of this Chapter [Secs. 42-201—42-212] have been violated,

the Commissioner of Agriculture or his deputy or agents shall have the power to seize such feeding stuffs, * * * [1937]

¹ Penalty for violation of Ch. 42-2, see Sec. 42-9922, page 242.

Code Annotated, Book 14, Title 42, Ch. 42-3—Flour, Grits, and Corn Meal.

Sec. 42-301. How packed and marked.

All flour, grits, and corn meal packed in barrels or half-barrels made of any material, or any package made of wood or metal in which flour, grits, or corn meal are or may be offered for sale, shall be well made and of good material; shall have the net weight of flour, grits, or meal plainly marked on the head, top, or side of the barrel or package with a stencil, or paper label or pencil, with letters and figures not less than one inch in length, and shall have the tare marked on the reverse end or side of the barrel or package in like manner. [1906]

Sec. 42-302. Standard weight packages.

Every miller, bolter, blender, or mixer, or other person who manufactures or who buys flour, grits and corn meal, for the purpose of repacking shall sack the same in containers of net avoirdupois weights when packed of two, five, 10, 25, 50, and 100 pounds and multiples of 100 pounds. These provisions shall apply to wheat flour, self-rising wheat flour, phosphated wheat flour, bromated flour, enriched flour, enriched self-rising flour, enriched bromated flour, corn flour, corn meals, hominy and hominy grits: Provided, however, that the provisions of this section shall not apply to (a) the retailing of flours, meals, hominy, and hominy grits direct to the consumer from bulk stock, or (b) the sale of flours and meals to commercial bakers or blenders in containers of more than 100 pounds, or (c) for export or (d) flours, meals, hominy and hominy grits packed in cartons the net contents of which are less than five pounds, provided the number of pounds net weight shall be clearly designated on the outside of the container, or (e) the exchange by mills grinding for toll. [1906; last amended 1945.]

Sec. 42-303.¹ Same: Tolerances.

From the weights above specified variations for inaccuracies will be allowed as follows: On all packages weighing 90 pounds or over, an allowance of one-fourth of one per cent., and on all packages smaller than 90 pounds an allowance of one-half of one per cent., less than the weight specified in the preceding section. [1906]

¹ Penalty for violation of Ch. 42-3, see Sec. 42-9904, page 242.

Code Annotated, Book 14, Title 42, Ch. 42-5—Testing of Milk and Cream.

Sec. 42-501. Enforcement.

The Commissioner of Agriculture, by himself or his deputies, shall be charged with the enforcement

of this Chapter [Secs. 42-501—42-562]. [1929; last amended 1935.]

Sec. 42-504. Method of test; scales; glassware.

* * * * *

None other than the Babcock method, or such method of testing as may be approved by the Commissioner of Agriculture, may be employed when testing milk or cream, the test of which is to be used as a basis for making payment for the milk or cream thus tested. None other than the Torsion balance scales, or such scales as may be approved by the Commissioner of Agriculture, may be used when weighing cream for testing, when such tests are to be used as a basis for making payment for such cream. It shall be unlawful to use adjustable scale weights in determining the weight of cream used in the Babcock test. * * * Specifications for apparatus and chemicals and directions for testing milk and cream must conform to those adopted by the American Dairy Science Association, with such additions as shall be deemed advisable by the Commissioner of Agriculture, to make them conform to the provisions of this Chapter [Secs. 42-501—42-562]. All test tubes, bottles, pipettes, burettes or instruments used in connection with testing or determining the value of milk, cream, or other dairy products by the use of the Babcock test, must be United States Government standard and shall be approved by the Commissioner of Agriculture. * * * [1929; last amended 1935.]

Sec. 42-507.¹ Bottles and pipettes: How marked; tests of.

All bottles and pipettes used in measuring milk or milk products for determining the percentage of fat in said milk or milk products shall have clearly blown or otherwise permanently marked in the side of the bottle or pipette the word "sealed," and in the side of the pipette or the side or bottom of the bottle, the initials or trade-mark of the manufacturer and his designating number, which number shall be furnished by the Commissioner of Agriculture upon application by the manufacturer and the filing of a bond in the sum of \$1,000 with surties to be approved by the Commissioner, conditioned upon conformance with the requirements of this section. A record of the bonds furnished, the designating numbers, and to whom furnished, shall be kept in the office of the Department of Agriculture. Any manufacturer who sells Babcock, or other milk, cream, or butter test bottles or milk pipettes, to be used in this State, that do not comply with the provisions of this section, shall suffer a penalty of \$500, to be recovered by the Attorney General in an action in the name of the State, under the bond of such manufacturer. The Commissioner of Agriculture shall prescribe specifications with which the glassware mentioned in this section shall comply. The unit of graduation for all Babcock or other glassware shall be the true cubic centimeter,

Testing of Milk and Cream—Continued.

or the weight of one gram of distilled water at four degrees centigrade. The Commissioner of Agriculture shall from time to time make tests of individual bottles and pipettes in use, in order to ascertain whether the above provisions are being complied with, and shall report any violations to the Attorney General. [1929; last amended 1935.]

1 Penalty for violation of Sec. 42-507, see Sec. 42-9912, page 242.

Code Annotated, Book 14, Title 42, Ch. 42-8—"Uniform Narcotic Drug Act."

Sec. 42-811. Marking requirements.

(1) Whenever a manufacturer sells or dispenses a narcotic drug, and whenever a wholesaler sells and dispenses a narcotic drug in a package prepared by him, he shall securely affix to each package in which that drug is contained a label showing in legible English the name and address of the vendor and the quantity, kind, and form of narcotic drug contained therein. * * * [1935]

Sec. 42-820.¹ Enforcement officer.

It is hereby made the duty of the Commissioner of Agriculture, his officers, agents, inspectors, and representatives, and of all peace officers within the State, and of all prosecuting attorneys, to enforce all provisions of this Chapter [Secs. 42-801—42-822], except those specifically delegated, and to cooperate with all agencies charged with the enforcement of the laws of the United States, of this State, and of all other States, relating to narcotic drugs. Code Annotated, Book 14, Title 42, Ch. 42-99—
Penalties for Violations of Title 42.

Sec. 42-9901. Misbranded food; penalty.

It shall be unlawful for any person to manufacture, sell or offer for sale, any article of food, * * * or liquors, which is adulterated or misbranded, * * * within the meaning of Chapter 42-1 [Secs. 42-101—42-118]. Any person who shall violate any of the provisions of this section shall be guilty of a misdemeanor, and for each offense shall, upon conviction thereof, be fined not to exceed \$500, or shall be sentenced to one year's imprisonment, or both such fine and imprisonment, in the discretion of the court; and for each subsequent offense, and on conviction thereof shall be fined not exceeding \$1,000, or sentenced to one

year's imprisonment, or both such fine and imprisonment, in the discretion of the court: * * * [1906]

Sec. 42-9902. Failure to stamp weights on sacks of flour and meal.

If any miller or manufacturer of flour or corn meal, or any merchant or dealer offering said articles for sale, shall fail to stamp or have printed on each sack in which either of said articles is packed, in plain figures, not less than one and one-half inches in length, the exact weight of the contents thereof, he shall be guilty of a misdemeanor: Provided, that this section shall not apply to grit ground for toll, nor to millers, merchants, or dealers, selling flour or meal in quantities less than a full sack, or in any quantities when sold by weight. [1889; last amended 1890-1]

Sec. 42-9904. Violation of sections relating to packing, etc. of flour, etc.

Any person who shall violate sections 42-301, 42-302, and 42-303, relating to packing, marking, and weighing flour, grits, and corn meal, shall be guilty of misdemeanor. [1906]

Sec. 42-9912. Punishment of dealer in milk products for using unlawful bottles and pipettes.

Any dealer who uses, for the purpose of determining the per cent. of milk fat in milk or milk products, any bottles or pipettes that do not comply with the provisions of section 42-507, relating to such articles, shall be guilty of a misdemeanor. [1929]

Sec. 42-9917. Violation of Uniform Narcotic Drug Act.

Any person violating any provision of Chapter 42-8 [Secs. 42-801—42-822] shall be guilty of a felony, and shall, upon conviction, be punished by imprisonment in the penitentiary at hard labor for not less than one nor more than 10 years: Provided, that the jury on the trial may recommend that the defendant be punished as for a misdemeanor, and if the trial judge shall approve the recommendation the defendant shall be so punished. [1935]

Sec. 42-9922. Violation of Chapter 42-2 relating to commercial feeding stuff.

Any manufacturer, mixer, importer, jobber, firm, association, corporation or person who shall sell, offer or expose for sale, or distribute in this State, any commercial feeding stuffs without having attached thereto, or furnished therewith, such * * * labels as required by the provisions of Chapter 42-2 [Secs. 42-201—42-212], * * *, or shall impede, obstruct, hinder or otherwise prevent or attempt to prevent said Commissioner of Agriculture or his authorized agent in the performance of his duty in connection with the provisions of said Chapter, or who shall sell, offer or expose for sale or distribute in this State any commercial feeding stuffs as defined in section 42-201, without com-

plying with the provisions of said Chapter, * * * or violate any other provision of said Chapter, or official rules and regulations relative thereto, shall be deemed guilty of a violation of said Chapter, and upon conviction thereof shall be fined not more than \$100 for the first violation, and not less than \$100 for each subsequent violation, or upon failure to pay same shall be punished as for a misdemeanor. [1937]

Code Annotated, Book 14, Title 45, Ch. 45—
Oysters.

Sec. 45-812. Marking of oyster containers.

* * * Each package containing oysters canned in this State, or raw shucked oysters, or oysters in the shell, gathered in this State, shall be stamped by the canner, dealer, or distributor, with the quantity of oysters contained in each can, barrel or other package in which the same are offered for sale within the State or shipped therefrom. * * * [1924]

Sec. 45-817. Oyster measures; specifications; destruction; penalty.

All oysters sold in the shell in tidewater Georgia shall be measured in circular tubs, with straight sides, straight and solid bottoms, with holes in the bottom not more than one-half inch in diameter. A bushel tub shall measure 18 inches from the inside across the bottom, and 21 inches from the bottom to the top or chine. All measures used for buying or selling oysters shall have a brand, to be adopted by the Commissioner of Game and Fish, stamped thereon by the Commissioner or his lawful inspectors or patrolmen. All measures found in the possession of any person not meeting the requirements of this section shall be destroyed by the Commissioner of Game and Fish. Any person or persons violating this section shall be guilty of a misdemeanor and upon conviction thereof shall be fined not less than \$10 nor more than \$50 or imprisoned for not less than 10 days nor more than 30 days in the discretion of the court. [1924; last amended 1931.]

Code Annotated, Book 22, Title 73, Ch. 73-1—Paint.

Sec. 73-101. Enforcement officer; rules and regulations.

The chief drug inspector is hereby charged with the proper enforcement of all the provisions of this Chapter [Secs. 73-101—73-106], and is empowered to formulate and promulgate such rules and regulations as may be necessary in carrying out the purposes of this Chapter. * * * [1920; last amended 1939.]

Sec. 73-102. Definition.

The term "paint," as used in this Chapter [Secs. 73-101—73-106], shall include white lead basic, carbonate of sublimate, in any kind of oil, or any

compound intended for the same use, paste or semipaste, and liquid or mixed paint ready for use. [1920]

Sec. 73-103. Marking requirements.

The labels on containers of paints shall clearly and distinctly state * * * the quantity contained in the package; this, in the case of liquid or mixed paints, to be designated in United States standard gallons or fraction thereof, and in the case of paste or semipaste paints, such as are commonly sold by weight, to be shown by weight avoirdupois. Said labels shall be printed in the English language in plain, legible type. [1920]

Sec. 73-106.¹ Same: Prima facie evidence.

Having in possession by any person or persons, firm or corporation, or agent or employee of any person or persons, firm or corporation dealing in said articles, of any article hereinbefore described and not properly labeled, shall be considered prima facie evidence that the same is kept by such person, firm or corporation, in violation of the provisions of this Chapter [Secs. 73-101—73-106] and punishable under it. Gasoline and Oils.

Sec. 73-201.¹ Appointment of State Oil Chemist.

The Comptroller General is hereby required to appoint a chemist * * * to be designated as the State Oil Chemist, * * * [1927]

¹ Penalty for violation of Secs. 73-201—73-227, see Sec. 73-9902, page 244.

Sec. 73-202. Appointment of oil inspectors.

* * * it shall be the duty of the Comptroller General to appoint six oil inspectors, * * * [1927; last amended 1937.]

Sec. 73-220.¹ Inspection of self-measuring pumps; condemnation.

It shall be the duty of the inspectors herein provided for to familiarize themselves with the accuracy and adjusting devices on the various makes of self-measuring pumps in use, and they shall carefully inspect all of such pumps located in the territory assigned to them at least once every 90 days. When such pumps shall be found to be giving [accurate measure with a variation of not exceeding four ounces from the]² actual measure on a measurement of five gallons, the inspector shall place a lead and wire seal, to be provided by the Comptroller General, on the adjusting device or devices in such way that the adjustment cannot be altered without breaking the seal. If any pump shall be found to be giving inaccurate measure in excess of four ounces, the inspector shall then and there notify

Code Annotated, Book 22, Title 73, Ch. 73-2—
Gasoline and Oils—Continued.

the operator of the pump, whether owner or lessee, to make the necessary adjustments, the inspector to lend his assistance with the standard measure provided for testing such pumps; after the adjustments shall have been made, the adjusting devices shall be sealed in the manner provided for those pumps found originally accurate. The inspector shall notify the operator (whether owner or lessee) of every pump that apparently has been altered for the purpose of giving short measure in excess of eight ounces on a measure of five gallons, or that cannot be adjusted within a range of eight ounces, either over or under, on a measure of five gallons, that it must immediately be adjusted, the inspector to lend his assistance with the standard measure for testing such pumps. Should the operator fail or refuse to then and there make such adjustments as shall be necessary to bring the measure within the allowed variation, the same shall be condemned and dismantled immediately by the inspector examining the same, and such pump shall not again be operated without the written consent of the Comptroller General. Inspectors shall be required to report to the Comptroller General immediately the name and number of all pumps condemned and dismantled. When any pump shall be condemned under the provisions of this Chapter [Secs. 73-201—73-227] by any inspector, it shall be the duty of the inspector to immediately make affidavit, before the ordinary of the county in which the pump is located, that the said pump is being operated by the person who shall be named in the affidavit, contrary to law; and thereupon the ordinary shall issue an order to the person named in the affidavit to show cause before him on the day named in the order, not more than 10 days nor less than three days from the issuance of the order, why the said pump should not be confiscated and dismantled. On the day named in the order, it shall be the duty of the said ordinary to hear the respective parties and to determine whether or not the pump has been operated contrary to the provisions of this Chapter, and if the said ordinary shall find that the said pump has been so operated, then he shall forthwith issue an order adjudging the pump to be forfeited and confiscated to the State, and direct the sheriff of the county to dismantle the said pump and take same into his possession, and, after 10 days' notice by posting or publication, as the court may direct, to sell the pump to the highest bidder for cash; the proceeds of said sale, or as much thereof as may be necessary, shall be used by the sheriff, first, to pay the cost, which shall be the same as in cases of attachment, and the sheriff shall thereupon pay over and deliver the residue, if any, to the person from whose possession the pump shall have been taken. It shall be unlawful to install or operate any self-measuring pump, which can be secretly

manipulated in such manner as to give short measure. Such inaccurate self-measuring pump shall be condemned as heretofore provided in this section, and thereafter it shall be unlawful for any person to sell any kerosene or gasoline from such pump until such pump shall have been made or altered so as to comply with the provisions of this Chapter and shall have been inspected and approved for service by the inspector. It shall be unlawful for anyone to break a seal applied by an inspector to a pump, without first securing consent of the Comptroller General, which consent may be given through one of the duly authorized inspectors. [1927]

Sec. 73-9901. Selling deceptively labeled paint.

Whoever shall sell, or offer or expose for sale, any paint which shall be labeled or marked in such manner as to tend to deceive the purchaser as to its nature or composition, or which shall not be accurately labeled, as required in Chapter 73-1 [Secs. 73-101—73-106], shall be guilty of a misdemeanor, and for each offense shall, upon conviction thereof, be punished by a fine of not less than \$25 and not more than \$100, or by imprisonment in the county jail not exceeding 60 days. [1920]

Sec. 73-9902. Violation of petroleum products law.

Any person or association of persons, firm, or corporation, who shall violate any of the provisions of Chapter 73-2 [Secs. 73-201—73-227], relating to inspection, labeling, sale, etc., of gasoline, kerosene, and other petroleum products, or any rule or regulation promulgated by the Comptroller General for the enforcement of said Chapter, shall, upon conviction thereof, be punished as for a misdemeanor. [1927]

Sec. 73-9905. Operating condemned self-measuring gasoline pumps.

Any person, company, firm, or corporation who shall reinstall and operate any pump, without the

written consent of the Comptroller General, which has been condemned by a duly authorized inspector as provided for in Chapter 73-2 [Secs. 73-201—73-227] because of giving short measure in excess of eight ounces to the measurement of five gallons, shall be deemed guilty of a misdemeanor. [1927]

Sec. 73-9906. Operating short-measure gasoline pumps.

Any person, company, firm, or corporation who shall install or operate a self-measuring pump which has a device or other mechanical means used for the purpose of giving short measure, shall, upon conviction thereof, be punished as for a misdemeanor. [1927]

Sec. 73-9907. Misbranding of petroleum products.

Any person or association of persons, firm or corporation who shall violate any of the provisions of sections 73-222 * * *, inclusive, for pre-

venting deception, substitution and misbranding of liquid fuels, oils, grease, and similar products, shall upon conviction thereof be punished as for a misdemeanor. [1937]

or of measure, used by any person, in the buying or selling or the transportation, or the receiving for shipment, or in the ascertainment of weight or measure, of goods, wares, merchandise, liquids, fruits, vegetables or any other commodity, to be tested by such standard scales, beams, weights and measures, and whenever such scales, beams, weighing machines, measures, devices or appliances shall be found to correspond to such standard scales, beams, weights and measures in his possession, he shall cause to be sealed or marked, under his name, each scale, beam, weighing machine, measure, device or appliance with an appropriate device showing that such scale, beam, weighing machine, measure, device or appliance is correct, and the date of the inspection, which device shall be placed so as to be easily seen. [1921; last amended 1929.]

Sec. 7473. Sealing; record of sales.

All weighing appliances and measures as mentioned and included in section 7472 shall be so

Revised Laws 1945, Part C, Title 19, Ch. 142—
Weights and Measures—Continued.

sealed within two days of the date of purchase and of the acceptance and delivery of such appliance or measure, and notice thereof, by both the buyer and the seller shall, within such two days, be given to the enforcing officer upon forms as he may provide and which shall be recorded by him. [1921]

Sec. 7474. Incorrect weights and measures.

The enforcing officer shall condemn and seize, and may destroy any incorrect scale, beam, weighing machine, measure, device or appliance which in his best judgment is not susceptible of repair; but any scale, beam, weighing machine, measure, device or appliance which shall be found to be incorrect, but which in his best judgment is susceptible of repair, he shall cause to be marked with a tag or other suitable device with the words "out of order." The owner or user of any scale, beam, weighing machine, measure, device or appliance, which has been marked "out of order" as herein provided, may have the same repaired or corrected within thirty days, but until the same has been repaired or corrected and tested as herein provided, the owner or user thereof may neither use nor dispose of the same in any way, but shall hold the same at the disposal of the enforcing officer.

When the same has been repaired or corrected, the owner or user thereof shall notify the enforcing officer who shall again cause such scale, beam, weighing machine, measure, device or appliance, which had been found incorrect and marked as herein provided, to be tested, and until such scale, beam, weighing machine, measure, device or appliance has been retested as hereinbefore provided and found correct, the same shall not be used or in any way disposed of by the owner or user. When any such scale, beam, weighing machine, measure, device or appliance has been repaired or corrected and has been retested and found correct, the enforcing officer shall cause the tag or device with the words "out of order" to be removed therefrom, and shall seal or mark such scale, beam, weighing machine, measure, device or appliance in the manner provided for the marking of the same where, upon inspection, it is found correct. [1921; last amended 1929.]

Sec. 7475. Identification of owner.

Any person presenting any weighing appliance or measure to the enforcing officer for verification and testing shall give his full name, address, and description of occupation and business and the purpose for which such weighing appliance or measure is to be used; such information shall be recorded by the enforcing officer. [1921]

Sec. 7476. Tolerance or error permissible in excess or deficiency.

The following shall be tolerance or permissible error, either in excess or deficiency:

EVEN BALANCE OR EQUAL ARM SCALES:

Load (pounds)	Tolerance on parts requiring employment of removable weights	Tolerance on beam or reading face	Sensibility reciprocal
	Ounces	Ounces	Ounces
1-----	$\frac{1}{16}$	$\frac{1}{16}$	$\frac{1}{8}$
2-----	$\frac{1}{16}$	$\frac{1}{8}$	$\frac{1}{8}$
4 to 6-----	$\frac{1}{8}$	$\frac{1}{8}$	$\frac{1}{4}$
8 to 12-----	$\frac{1}{4}$	$\frac{1}{8}$	$\frac{1}{2}$
15 to 20-----	$\frac{1}{4}$	$\frac{1}{2}$	$\frac{3}{4}$
24 to 30-----	$\frac{3}{8}$	$\frac{1}{2}$	1
40-----	$\frac{1}{2}$	$\frac{1}{2}$	$1\frac{1}{4}$
50-----	$\frac{1}{2}$	$\frac{3}{4}$	$1\frac{1}{2}$

The manufacturers' tolerance on new scales shall not be greater than one-half the values given.

The term "sensibility reciprocal" shall mean the weight required on the pan, plate or platform to cause it to move from its position of equilibrium when the scale is in balance, to a position of equilibrium at the limit of its motion.

UNEQUAL ARM OR MULTIPLE LEVER
COUNTER SCALES USING RATIO WEIGHTS:

The tolerance on beam or reading face shall be the same as for equal arm scales.

Pounds	On ratio	Pounds	On ratio
50-----	$\frac{1}{2}$ ounce	400-----	.4 ounces
100-----	1 "a	500-----	.5 "
200-----	2 ounces	600-----	.6 "
300-----	3 "		

The sensibility reciprocal shall not exceed that of equal arm scales.

SPRING SCALES:

The term "spring scale" shall mean a scale in which the weight indications depend on the change of shape or of dimensions of an elastic body or system of bodies; *provided*, however, that scales in which metallic bands or strips are employed for the primary purpose of fulfilling the functions of knife edges and bearings shall not be considered within the meaning of this definition.

Tolerances. The tolerance allowable on all spring scales shall not be greater than one-fourth of one minimum graduation on the reading face or dial; *provided*, that the manufacturers' tolerance on new scales shall not be greater than one-half of the values given.

COMPUTING SCALES:

The tolerance on all computing scales shall be no greater than one-fourth of one minimum graduation at any point on the dial or reading face; *provided*, that the manufacturers' tolerance on new

computing scales shall not be greater than one-eighth of such minimum graduation.

AUTOMATIC OR DIAL SCALES OTHER THAN SPRING SCALES OR COMPUTING SCALES:

The tolerance on automatic or dial scales, other than spring scales or computing scales, shall be one-fourth of one minimum graduation up to the first half of the capacity of the dial and one-half of one graduation thereafter and to the full capacity of the scale.

All liquid or dry measures shall be in accordance with standard.

PLATFORM SCALES:

Class A shall include all portable platform scales and dormant type scales where installed inside of a building having side walls and roof.

Class B shall include wagon scales, motor truck scales, railroad scales and also dormant type scales not inside of building.

Tolerances. Manufacturers' tolerance on new scales shall not be greater than one-half the following:

Load (pounds)	Tolerance, on ratio	Class A on beam	Tolerance, on ratio	Class B on beam
	Ounces	Ounces	Ounces	Pounds
50 -----	$\frac{1}{2}$	1	-----	-----
100 -----	1	2	-----	-----
200 -----	2	4	-----	-----
300 -----	3	6	-----	-----
400 -----	4	8	-----	-----
500 -----	5	10	10	$1\frac{1}{4}$
600 -----	6	12	12	$1\frac{1}{2}$
		Pounds	Pounds	Pounds
800 -----	8	1	1	2
1,000 -----	8	1	1	2
	Pounds			
2,000 -----	1	2	2	4
4,000 -----	-----	-----	4	8
10,000 -----	-----	-----	10	20
20,000 -----	-----	-----	20	40
30,000 -----	-----	-----	30	60

The sensibility reciprocal on all platform scales, except counter scales, shall not be greater than two minimum graduations on the beam, and on new scales not greater than one-half that amount. [1921; last amended 1929.]

Sec. 7477. Method of testing scales.

The method of testing scales shall be as follows:

All counter scales, spring scales and computing scales shall be tested to their full capacity, and at half capacity at each point of the platform bearing. Portable scales of five hundred to a thousand pound capacity must be tested to one-fourth their capacity and at each point of bearing of the platform. Larger portable and dormant type scales must be tested to five hundred pounds and at each point of

bearing of the platform. Wagon and motor truck scales must be tested with one thousand pounds, and, where possible, with a load approximating one-fourth the scale capacity as a dead load and a thousand pound test thereafter. The thousand pound test must be applied at the point of each bearing of the platform. Test for railroad track scales of fifty tons capacity or over, shall be not less than ten thousand pounds or not greater than their rated sectional capacity, and shall be applied at each point of bearing of the platform. [1929]

Sec. 7478. Inspectors.

Any of the designated chiefs of police or the sheriff of the city and county may deputize any one of the employes in his department to aid him in the performance of his duties under this chapter [Secs. 7471-7483]. [1921]

Sec. 7479. Standards.

The standards of weights and measures shall be those adopted, and now used, or that may be adopted and used by the United States. [1921]

Sec. 7480. Bushel.

Whenever any wheat, rye, Indian corn, barley or oats shall be sold by the bushel, and no special agreement as to the measurement shall be made by the parties, the bushel shall consist of sixty pounds of wheat, and fifty pounds of rye, of fifty-six pounds of Indian corn, or forty-eight pounds of barley and of thirty-two pounds of oats. [1921]

Sec. 7481. Fees.

The charges for testing and certification shall be as follows:

For scales:	
From one to thirty pounds weight capacity -----	\$.50
Over thirty pounds to three hundred pounds weight capacity -----	1.25
Over three hundred pounds to one thousand pounds weight capacity -----	2.00
Over one thousand pounds to six thousand pounds weight capacity -----	2.50
Over six thousand pounds to sixteen thousand pounds weight capacity -----	3.50
Over sixteen thousand pounds to thirty thousand pounds weight capacity -----	5.00
Over thirty thousand pounds to sixty thousand pounds weight capacity -----	7.50
Over sixty thousand pounds weight capacity -----	10.00
For measures of extension -----	.50
For pump or pumping measure or appliance -----	.50
For any other instrument used for weighing or measuring and not specifically mentioned herein -----	.50

No charge shall be made for more than two inspections in any one year.

All fees collected under the provisions of this chapter [Secs. 7471-7483] shall be paid into the treasury of the county for which the inspection, testing and sealing is made, as a municipal realization. [1921; last amended 1941.]

Revised Laws 1945, Part C, Title 19, Ch. 142—
Weights and Measures—Continued.

Sec. 7482.¹ Unlawful use of weights and measures; penalty.

If any person shall, for any of the purposes mentioned in section 7472, use or cause to be used any weighing or measuring machine or appliance as mentioned in or necessarily included within the meaning of this chapter [Secs. 7471-7483], and which weighing or measuring machine or appliance has not been duly sealed or marked, or which weighing or measuring machine or appliance has been marked "out of order" and has not been retested and found correct, he shall be deemed guilty of a misdemeanor and shall be punished by a fine not exceeding one hundred dollars, and the court may order the confiscation and destruction of such weighing or measuring machine or appliance.

Any person who shall be injured or defrauded by the use of any such weighing or measuring machine or appliance may maintain an action for damages against the offender, and, if judgment be rendered in his favor, he shall recover double damages and costs of the action. [1921; last amended 1929.]

¹ See Sec. 11362, false weights or measures, page 252.

Sec. 7483. Unlawful changing; removal of marks; penalty.

Any person who shall wilfully or fraudulently change any weighing or measuring machine or appliance as mentioned in or necessarily included within the meaning of this chapter [Secs. 7471-7483], after the same has been inspected, tested and sealed or marked by the enforcing officer, or who shall change, remove or destroy any tag, seal or mark which may have been placed in or thereon by the enforcing officer for the purposes of this chapter, shall be deemed guilty of a misdemeanor and shall be punished by a fine not exceeding one hundred dollars. [1921; last amended 1929.]

Revised Laws 1945, Part A, Title 6, Ch. 41, Part I—
"Hawaii Food, Drug and Cosmetic Act."

Sec. 2205. "Selling" includes what.

The provisions of part I [Secs. 2201-2231] regarding the selling of food, drugs, devices, or cosmetics, shall be considered to include the manufacture, production, processing, packing, exposure, offer, possession, and holding of any such article for sale; and the sale, dispensing, and giving of any such article; and the supplying or applying of any such article in the conduct of any food, drug or cosmetic establishment. [1941]

Sec. 2206. Prohibited acts.

The following acts and the causing thereof within the Territory by any person are hereby prohibited:

(a) The manufacture, sale, or delivery, holding or offering for sale of any food, drug, device, or cosmetic that is adulterated or misbranded.

(b) The adulteration or misbranding of any food, drug, device, or cosmetic.

(c) The receipt in commerce of any food, drug, device, or cosmetic that is adulterated or misbranded, and the delivery or proffered delivery thereof for pay or otherwise.

* * * * *

(e) The dissemination of any false advertisement.

(f) The refusal to permit entry or inspection, or to permit the taking of a sample, as authorized by sections * * * 2224-2228.

(g) The giving of a guaranty or undertaking which guaranty or undertaking is false, except by a person who relied on a guaranty or undertaking to the same effect signed by, and containing the name and address of the person residing in the territory from whom he received in good faith the food, drug, device, or cosmetic.

(h) The removal or disposal of a detained or embargoed article in violation of sections 2226-2228.

(i) The alteration, mutilation, destruction, obliteration, or removal of the whole or any part of the labeling of, or the doing of any other act with respect to a food, drug, device or cosmetic, if such act is done while such article is held for sale and results in such article being misbranded. [1941]

* * * * *

Sec. 2207. Injunction.

In addition to the remedies hereinafter provided the commissioner [food commissioner] is hereby authorized to apply to a circuit judge sitting in equity for, and such judge shall have jurisdiction upon hearing and for cause shown, to grant, a temporary or permanent injunction restraining any person from violating any provision of section 2206; irrespective of whether or not there exists an adequate remedy at law. [1941]

Sec. 2208. Regulations for standards of fill of containers.

Whenever in the judgment of the board [board of health] such action will promote honesty and fair dealing in the interest of consumers, the board shall prescribe regulations fixing and establishing for any food or class of food a * * * reasonable standard of * * * fill of container. * * *

Sec. 2210. When food deemed misbranded.

A food shall be deemed to be misbranded:

(a) If its labeling is false or misleading in any particular.

* * * * *

(d) If its container is so made, formed, or filled as to be misleading.

(e) If in package form, unless it bears a label containing * * * (2) an accurate statement of the quantity of the contents in terms of weight,

measure, or numerical count; *provided*, that under clause (2) of this paragraph reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations prescribed by the board.

(f) If any word, statement, or other information required by or under authority of part I [Secs. 2201–2231] to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

* * * * *

(h) If it purports to be or is represented as:
* * * (2) a food for which a standard or standards of fill of container have been prescribed by regulation as provided by section 2208, and it falls below the standard of fill of container applicable thereto, unless its label bears, in such manner and form as such regulations specify, a statement that it falls below such standard. [1941]

* * * * *

Sec. 2215. When drugs or devices deemed misbranded.

A drug or device shall be deemed to be misbranded:

(a) If its labeling is false or misleading in any particular.

(b) If in package form, unless it bears a label containing * * * (2) an accurate statement of the quantity of the contents in terms of weight, measure, or numerical count; *provided*, that under clause (2) of this paragraph reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations prescribed by the board.

(c) If any word, statement, or other information required by or under authority of this part I [Secs. 2201–2231] to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

* * * * *

(i) If it is a drug and its container is so made, formed, or filled as to be misleading; * * * [1941]

Sec. 2218. When cosmetics deemed misbranded.

A cosmetic shall be deemed to be misbranded:

(a) If its labeling is false or misleading in any particular.

(b) If in package form, unless it bears a label containing * * * (2) an accurate statement of the quantity of the contents in terms of weight,

measure, or numerical count; *provided*, that under clause (2) of this paragraph reasonable variations shall be permitted, and exemptions as to small packages shall be established by regulations prescribed by the board.

(c) If any word, statement, or other information required by or under authority of this part I [Secs. 2201–2231] to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

(d) If its container is so made, formed, or filled as to be misleading. [1941]

Sec. 2220. Enforcement; rules and regulations.

(a) The board [board of health] shall have the power, with the approval of the governor, to adopt, prescribe and enforce such rules or regulations as it may deem necessary for the efficient enforcement of this part I [Secs. 2201–2231]. The board is hereby authorized to make the rules or regulations prescribed under this part I conform in so far as practicable with those promulgated under the federal Act.¹ [1941]

* * * * *

¹ Federal Food, Drug and Cosmetic Act. 21 U.S.C. 301 et seq.; 52 Stat. 1040 et seq.

Sec. 2221. Appointment of food commissioner and deputies.

In order to assist in carrying out the provisions of this part I [Secs. 2201–2231], the board [of health] shall appoint a duly qualified food commissioner or analyst, * * *. The board may also appoint deputy commissioners or analysts. [1941]

Sec. 2226. Right of entry; seizure.

The [food] commissioner or any of his deputies shall have the power in the performance of their duties to enter at all reasonable hours into any creamery, factory, restaurant, store, salesroom, storage-room, drug store or lavatory, or any place where they have probable cause to believe that food, drugs, devices, or cosmetics are made, prepared, sold, or kept, exhibited or offered for sale, and to open any cask, tub, bottle, case or package containing or supposed to contain any such food, drug, device, or cosmetic, and examine or cause to be examined the contents thereof. In case any food, drug, device, or cosmetic is found to be adulterated or misbranded within the meaning of this part I [Secs. 2201–2231] and the owner or person in charge thereof refuses to comply with the instructions of the commissioner or any of his deputies for the proper disposal thereof, such food, drug, device, or cosmetic shall be liable to seizure. The commissioner or any of his deputies shall affix to such article or articles

Revised Laws 1945, Part A, Title 6, Ch. 41, Part I—
"Hawaii Food, Drug and Cosmetic Act"—Continued.

a tag or other appropriate marking, giving notice that such article is, or is suspected of being adulterated or misbranded, and has been detained or embargoed, and warning all persons not to remove or dispose of such article by sale or otherwise until permission for removal or disposal is given by the commissioner or any of his deputies or by the court or judge having jurisdiction over such matters. Upon the request of the commissioner or any of his deputies, made to such court, the court shall order and direct that such food, drug, device, or cosmetic be seized and delivered into the custody of the court, and the same shall be held in such custody until a hearing has been held to determine as to whether or not it is adulterated or misbranded. [1941]

Sec. 2231. Penalty for violations; exceptions.

(a) Any person who violates any of the provisions of section 2206 shall be guilty of a misdemeanor, and upon conviction shall be fined not exceeding two hundred, nor less than ten dollars, or imprisoned not exceeding one hundred nor less than thirty days, or both.

(b) No person shall be subject to the penalties of subsection (a) of this section, for having violated section 2206 (a) or (c) if he establishes a guaranty or undertaking signed by, and containing the name and address of, the person residing in the Territory from whom he received in good faith the article, to the effect that such article is not adulterated or misbranded within the meaning of this part I [Secs. 2201-2231], designating this part I.

(c) No publisher, radio-broadcast licensee, or agency or medium for the dissemination of an advertisement, except the manufacturer, packer, distributor, or seller of the article to which a false advertisement relates, shall be liable under this section by reason of the dissemination by him of such false advertisement, unless he has refused, on the request of the board to furnish the board the name and post office address of the manufacturer, packer, distributor, seller or advertising agency, residing in the Territory who caused him to disseminate such advertisement. Sec. 2610. Marking requirements.

Whenever a producer, manufacturer or wholesaler of habit-forming drugs, or an apothecary, sells or dispenses any such drug to a producer, manufacturer or wholesaler thereof, or to an apothecary, physician, dentist, veterinarian or practitioner, he shall securely affix to each package in which that drug is contained a label showing in legible English the name and address of the vendor or dispenser

and the amount, quantity, kind and form of narcotic drug contained therein. * * * [1931]

Sec. 2620. Enforcement.

This chapter [Secs. 2601-2622] shall be enforced by the board of health of the Territory. [1931]

Sec. 2621. Penalties.

Any person violating any provision of this chapter [Secs. 2601-2622], upon conviction (unless some other specific penalty is provided by this chapter for the offense of which he is convicted), shall be punished, for the first offense, by a fine not exceeding one thousand dollars, or by imprisonment for a period not exceeding one year, or by both fine and imprisonment, and for any subsequent offense, by a fine not exceeding two thousand dollars, or by imprisonment for a period not exceeding one year, or by both fine and imprisonment. [1931]

Revised Laws 1945, Part C, Title 19, Ch. 137—Intoxicating Liquors.

Sec. 7262. Labels on containers.

All persons manufacturing any liquor for sale under the provisions of this chapter [Secs. 7221-7295] shall securely and permanently attach to every container thereof, as the same is manufactured, a label stating name of manufacturer, kind and quantity of liquor contained therein, and the date of its manufacture. Every container containing liquor for sale by any person holding a wholesale or retail license shall have securely and permanently attached to it a label setting forth the kind and quantity of liquor contained therein and by whom manufactured. In addition to the foregoing requirements, all such labels shall conform in all respects to the then existing federal laws and regulations regarding such labels. [1933-4; last amended 1937.]

Sec. 7283. Penalty for violations.

If any person shall violate any provisions of this chapter [Secs. 7221-7295] or any rule or regulation in effect by authority of this chapter, whether in connection therewith a penalty is referred to or not, for which violation no penalty is specifically prescribed, or if any minor shall purchase any intoxicating liquor, he shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than five hundred dollars or by imprisonment not exceeding six months or by both fine and imprisonment. [1933-4; last amended 1941.]

Revised Laws 1945, Part D, Title 30, Ch. 263—False Weights and Measures.

Sec. 11362. Gross cheat.

Whoever, in the sale or purchase or any merchandise or other property, shall use any false weight or

measure; or cheat another by the fraudulent use of any legal weight or measure; as for example, by dexterously sliding a yard stick, or by putting some other thing into a measure partly to fill the same, even though the vendee and vendor be present, is guilty of a gross cheat. [1869]

Sec. 11365. Same: Penalty.

Whoever is convicted of * * * gross cheat [under Sec. 11362] shall be punished by imprisonment of not more than one year, or by a fine not exceeding one thousand dollars, or by both such fine and imprisonment. [1896; last amended 1941.]

Revised Laws 1945, Part D, Title 30, Ch. 263—False Advertising.

Sec. 11373. Unlawful acts; penalty.

Any person, who, with intent to sell or in any wise dispose of merchandise, securities, service, or anything offered by such person, directly or indirectly, to the public for sale or distribution, or with intent to increase the consumption thereof, or to induce the public in any manner to enter into any obligation relating thereto, or to acquire title thereto, or an interest therein, makes, publishes, disseminates, circulates, or places before the public, or causes, directly or indirectly, to be made, published, disseminated, circulated, or placed before the public, in a newspaper or other publication, or in the form of a book, notice, handbill, poster, bill, circular, pamphlet, or letter, or in any other way, an advertisement of any sort regarding merchandise, securities, service, or anything so offered to the public, which advertisement contains any assertion, representation, or statement of fact which is untrue, deceptive or misleading, shall be guilty of a misdemeanor; *provided*, that the provisions of this section shall not apply to any owner, publisher, agent or employee of a newspaper for the publication of such an advertisement published in good faith and without knowledge of the falsity thereof; *provided*, further, that any advertisement shall be deemed untrue, deceptive, or misleading within the meaning of this section which uses, with or without the use of the word "value" or the word "worth" or other synonymous terms, any word or words, figure or figures, which falsely or fraudulently convey or which by reasonable intentment falsely or fraudulently convey to a reader the meaning that the merchandise, securities, service, or other things so advertised are of a greater value or worth more than or were previously sold or offered for sale at a price higher than the price quoted in said advertisement. For the purpose of this section the words "worth" or "value" shall be taken to be the prevailing market price, wholesale if the offer is at wholesale, retail if the offer is at retail, at the time of publication of such advertisement in the locality wherein said

advertisement is published. Whoever is convicted of the violation of the provisions of this section shall be punished by fine not exceeding five hundred dollars, or by imprisonment for not more than thirty days. [1925; last amended 1941.]

Revised Laws 1945, Part D, Title 30, Ch. 289—Weight of Bread.

Sec. 11791. Weight of loaf; penalty for selling underweight.

A loaf of bread for sale shall be one pound in weight. Bread, unless chiefly composed of rye or maize, shall not be manufactured for sale or sold except in the following net weights twelve hours after baking: three-quarters pound; one pound; one and a half pounds; two pounds or other pound weights.

Variations at the rate of one ounce per pound over and one ounce per pound under the above specified weights are permitted in individual loaves, but the average weight of not less than twenty-five loaves of any one unit of any one kind shall be not less than the weight prescribed by this chapter [Sec. 11791].

Twin or multiple loaves may be sold, *provided* they conform to the above weight requirements.

Whoever violates any provision of this chapter shall be guilty of a misdemeanor and punished by a fine of not more than twenty-five dollars for each offense. [1919]

Session Laws 1945, Series A-24: Act 60. [Chapter 18A]—Economic Poisons.

[Sec. 1180.01.] Sec. 1. Definitions.

As used in this Act [Secs. 1-10]:

(b) The term "economic poison" means and includes any substance used for the prevention, destruction or repulsion of insects, fungi, bacteria, weeds, rodents or any other form of plant or animal life which may be a pest or detrimental to vegetation, man, animals or households.

(c) "Board" means the board of commissioners of agriculture and forestry.

(d) "Director" means the director of the division of marketing of the board of commissioners of agriculture and forestry.

(e) The term "label" means and includes any written, printed or graphic matter upon or affixed to any can, sack or other container of economic poisons. [1945]

[Sec. 1180.02.] Sec. 2. Rules and regulations.

The board shall have power to make such rules and regulations regarding the sale, registration and labeling of economic poisons as it may deem necessary to carry into effect the full intent and meaning of this Act [Secs. 1-10]. It may register or refuse the registration of any economic poison which may

be sold or offered or exposed for sale or distribution within the territory, which does not comply with all provisions of this Act or other regulations which may be hereafter made by the board. * * * [1945]

[Sec. 1180.05.] Sec. 5. Sales prohibited.

No person shall solicit or receive orders for the purchase of, sell, or offer for sale, within the territory, or import or cause to be imported into the territory, any type or brand of economic poisons which type or brand has not been registered and labeled in the manner provided in this Act [Secs. 1-10]. [1945]

[Sec. 1180.06.] Sec. 6. Removal from sale.

Any economic poisons offered for sale in violation of the provisions of this Act [Secs. 1-10] must, in accordance with rules and regulations of the board, be removed from sale by the vender thereof upon his receiving notice from the board of such violation. The vender must withhold such economic poisons from sale until such violation has been corrected. [1945]

[Sec. 1180.07.] Sec. 7. Marking requirements.

(a) There shall be stamped on or printed on each parcel, lot or container of economic poison or on the tag or label affixed thereto in a conspicuous place, a plainly written statement in the English language which shows the following facts with respect to each such parcel, lot or container:

1. The net weight of the parcel, lot or container. [1945]

* * * * *

[Sec. 1180.09.] Sec. 9. Penalty for violations.

Every person who violates any provision of this Act [Secs. 1-10] or of any rule or regulation issued thereunder shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than one hundred dollars for the first offense and a fine of not less than one hundred dollars nor more than one thousand dollars for each offense thereafter. [1945]

Session Laws 1945, Series A-29: Act 252. [Chapter 20]—Standard Containers for Agricultural Commodities.

[Sec. 1311.01.] Sec. 1. Definitions.

As used in this Act [Secs. 1-12], the term:

(a) "Board" means the board of commissioners of agriculture and forestry;

(b) "Director" means director of the division of marketing of the board of commissioners of agriculture and forestry;

* * * * *

(d) "Agricultural commodity" means fresh fruits

and fresh vegetables of every kind and character, whether or not frozen or packed in ice, which have been produced within the Territory of Hawaii; [1945]

* * * * *

[Sec. 1311.02.] Sec. 2. Enforcement; civil liability; injunction; penalty for violations.

It shall be the duty of the director to administer and enforce the provisions of this Act [Secs. 1-12] and any rules or regulations made by the board pursuant thereto.

The following penalties, remedies, procedures and actions shall apply in instances of violations and complaints of violations of the provisions of this Act, or of the rules and regulations issued by the board under the authority of this Act:

(a) Any person who violates any provisions of this Act or any rule or regulation issued thereunder shall be liable civilly in an action brought by the director for a penalty in an amount not to exceed a sum of five hundred dollars for each and every violation. Any money recovered by the director under this provision shall be deposited in the marketing inspection and agriculture control fund;

(b) Violation of this Act or of any regulation issued thereunder is declared a public nuisance and may be enjoined or abated as such in a suit filed and prosecuted in the circuit by the director and/or the attorney general. The several circuit courts are hereby vested with jurisdiction to prevent and restrain violation of this Act or of any regulation effective thereunder;

(c) Every person who violates any provision of this Act or of any rule or regulation issued thereunder shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than fifty dollars nor more than five hundred dollars. Each day during which any of the above violations referred to continue shall constitute a separate offense; [1945]

* * * * *

[Sec. 1311.04.] Sec. 4. Rules and regulations.

The board shall have power to make rules and regulations as follows:

Defining * * * standard containers for packing of particular agricultural commodities and prohibiting the sale, offering for sale, or transportation of agricultural commodities unless packed in standard containers * * * [1945]

[Sec. 1311.05.] Sec. 5. Prohibition of deceptive packing.

No person shall sell, expose or offer for sale, or transport for sale in open or closed packages agricultural commodities packed in such manner that the face or shown surface is so superior to the unexposed portion as to quality, size, condition or in any other respect as to materially misrepresent the contents. [1945]

Session Laws 1947, Series A-36: Act 84. [Chapter 20A.]—Mixed Feeding Stuffs.

[Sec. 1320.01.] Sec. 1. Definitions.

As used in this Act [Secs. 1-11]:

* * * * *

(b) The term "mixed feeding stuffs" means and includes any feeding stuff which is a mixture or blend of more than one feed ingredient designed to be used for the purpose of feeding livestock, poultry and rabbits, but does not include wet garbage or mixed feeds for dogs, cats, or other domestic pets.

(c) "Board" means the board of commissioners of agriculture and forestry.

(d) "Director" means the director of the division of marketing of the board of commissioners of agriculture and forestry.

(e) The term "label" means and includes any written, printed or graphic matter upon or affixed to any can, sack or other container of mixed feeding stuffs. [1947]

[Sec. 1320.02.] Sec. 2. Enforcement.

The board shall have power to make such rules and regulations regarding the sale, registration and labeling of mixed feeding stuffs as it may deem necessary to carry into effect the full intent and meaning of this Act [Secs. 1-11]. [1947]

* * * * *

[Sec. 1320.05.] Sec. 5. Sales prohibited.

No person shall solicit or receive orders for the purchase of, sell, or offer for sale, within the Territory, or import or cause to be imported into the

Territory, any type or brand of mixed feeding stuffs, which type or brand has not been registered and labeled in the manner provided in this Act [Secs. 1-11]. [1947]

[Sec. 1320.06.] Sec. 6. Removal from sale.

Any mixed feeding stuffs offered for sale in violation of the provisions of this Act [Secs. 1-11] must, in accordance with rules and regulations of the board, be removed from sale by the vender thereof upon his receiving notice from the board of such violation. The vender must withhold such mixed feeding stuffs from sale until such violation has been corrected. [1947]

[Sec. 1320.07.] Sec. 7. Marking requirements.

There shall be stamped on or printed on each parcel, lot, or container of mixed feeding stuff weighing fifty pounds or more, or on a tag or label affixed thereto in a conspicuous place, a plainly written statement in the English language which shows the following facts with respect to each such parcel, lot or container:

1. The net weight of the parcel, lot, or container. [1947]

* * * * *

[Sec. 1320.10.] Sec. 10. Penalties.

Every person who violates any provision of this Act [Secs. 1-11] or of any rule or regulation issued thereunder shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than \$100.00 for the first offense and a fine of not less than \$100 for each offense thereafter. Code Annotated (1947), Vol. 11, Title 71, Ch. 1—
Weights and Measures, Powers and Duties of
Department of Agriculture.

Sec. 71–101. Custody of standards; enforcement of laws.

The department of agriculture shall have the care and custody of the authorized public standards of weights and measures and of balances and other apparatus of all kinds owned by the state. It shall maintain the state standards in good order and submit them at least once in every ten years to the national bureau of standards for verification. It shall compare and adjust by the state standards all county, municipal and other official standard weights, measures, balances and measuring devices which may be sent or brought to it for that purpose, and shall seal the same when found or made to conform to the state standards, by stamping upon each the letter "I" and the last two figures of the year in which the said comparison and adjustment have been made, with seals which it will have and keep for that purpose: provided, that it may refuse to compare and seal any weights, measures, balances or measuring devices as standards for any county, municipality or public offices which do not conform to the type approved by the national bureau of standards for such use. It shall enforce all laws now existing or which may hereafter be enacted in any manner whatever relating to weights and measures and false weights. [1905; last amended 1913.]

[Ed. NOTE.—In the Idaho Code Annotated 1947, following the foregoing section, it is stated: "Legislation on the subject of weights and measures may be found as follows: R. S., Secs. 1250, 1251; 1890–1891, p. 204; 1889, p. 142; 1903, p. 87. An act of 1905, p. 364, am. 1907, p. 340, formed the basis of R. C., Secs. 1541–1545. An act of 1909, p. 231, H. B. 172, abolished the office of dairy, food and oil commissioner, the then ex officio inspector and sealer of weights and measures, and transferred his duties to the dairy, food and sanitary inspector. An act of 1913, ch. 84, p. 241, was a more detailed law and superseded most of the former law. Its repealing clause being general, however, Compiled Laws retained some of the provisions of R. C., Secs. 1541, 1543 and all of Sec. 1545. The law was reenacted as C. L., ch. 109. It provided for a state sealer of weights and measures.

"Session Laws 1919, ch. 8, Sec. 51, p. 69, repealed C. L. 109; 1; Sec. 38 of the same act (Sec. 67–3401 herein) abolished the offices of the state sealer and his deputies, and Sec. 26 (Sec. 67–2601 herein) vested their powers and duties in the department of agriculture. The substitutions of offices and officials authorized by that act have been made accordingly, the text of pre-existing law not being changed except in so far as necessary in making such substitutions.]"

Sec. 71–102. Inspection of weights and measures on request; seal.

The department of agriculture may try and prove weights, measures, balances and other measuring devices on request, for any person, corporation or institution, and when the same are found or made

to conform to the state standards, and otherwise fulfill such reasonable requirements as it shall make, the department may seal the same with a seal which it shall have and keep for that purpose. [1913]

Sec. 71–103. Records; annual report; regulations.

The department of agriculture shall keep a record of all of the weights, measures, balances or other measuring devices, sealed or condemned by it, and shall make an annual report to the governor on or before January 1, of each year, a copy of which shall be filed with the national bureau of standards. It shall issue, from time to time, regulations for the guidance of county, municipal and all other inspectors or sealers of weights and measures, and the said regulations shall govern the procedure to be followed by the aforesaid officers in the discharge of their duties. [1913]

Sec. 71–104. Additional records and reports.

The department of agriculture shall keep records of all weights and measures, balances and measuring devices inspected, sealed or condemned by it, giving the name of the owner or agent, the place of business, the date of inspection, and kind of apparatus so inspected, sealed or condemned, and shall make a biennial report of the same to the governor on or before the first day of December, giving in addition to the above, an inventory of the standards and apparatus in its possession, and such other information as the department may deem important. [1913]

Sec. 71–105. Testing, sealing, condemning and tagging of weights and measures; fees for testing.

The department of agriculture shall try and prove all weights, measures, balances and measuring devices used in the State of Idaho, and when the same are found or made to conform to the authorized standards, it shall seal and mark such weights, measures, balances and measuring devices with a seal to be kept by it for that purpose, and issue its certificate showing that such weights, measures, balances and measuring devices have been inspected and do conform to the authorized standards. The department of agriculture shall have power to collect from all persons, firms and corporations who are using weights, measures, balances, and measuring and weighing devices in the state of Idaho an annual inspection fee, with the exception that such fee shall be waived on devices owned by the state of Idaho. The annual fee for such inspection shall be as follows: For each portable scale one dollar; for each counter scale fifty cents; for each stationary warehouse scale two dollars; for each wagon, motor truck or stock scale five dollars; for each retail gasoline measuring device, fifty cents; for each vehicle tank under five hundred gallon capacity, seven dollars and fifty cents; for each vehicle tank over five

Code Annotated (1947), Vol. 11, Title 71, Ch. 1—Weights and Measures, Powers and Duties of Department of Agriculture—Continued.

hundred gallon capacity a fee of one and one-half cents per gallon. The commissioner of agriculture shall have the authority to fix a reasonable fee on all weighing and measuring devices not included in this section. Such fees shall be paid to said department at the time of the first inspection after January first of each year. A receipt shall be issued by the inspector for such payment. All fees collected under the provisions of this act shall be deposited in the said treasury into a special fund to be known as "Weights and Measures Inspection Fund," and in addition thereto the said fund shall consist of any appropriations made by the legislature of said fund; that said fund is hereby perpetually appropriated, and declared to be a continuing fund to be used by the department of agriculture in its department of weights and measures for the purpose of making such inspections as herein provided for the purchase of necessary equipment, supplies, and for the employment of such extra help as is necessary, and for the payment of such other and additional expenses as are necessarily incurred; provided, that no obligation shall be incurred under this title [Secs. 71-101—71-411] in excess of the amount available in said fund. The department of agriculture shall have the authority to inspect any measuring or weighing device as often as the department deems necessary, but only an annual fee shall be collected for such service. Where any weight, measure, balance or measuring device is found to be false or untrue, or which does not conform to the standards and yet may be repaired, it shall be marked or tagged as "condemned for repairs," and the owners or users shall have the same repaired within such time as the department may require, and any weight or measure or weighing or measuring device that has not been repaired within the required time and any weight or measure or weighing or measuring device that is, in the judgment of the department, not susceptible to satisfactory adjustment or repair, may be confiscated and may be taken into possession by the inspector of the department. Whoever shall remove any mark or tag placed on any weighing or measuring device by the department of agriculture, without its approval or consent, shall be guilty of a misdemeanor and upon conviction thereof shall be subject to a fine of not less than twenty dollars nor more than \$200.00, or imprisonment in the county jail for a period not to exceed sixty days. [1913; last amended 1947.]

Sec. 71-106. Right of entry.

The department of agriculture through its officers, shall have full power to enter any premises in or on which any weights, measures, balances or measuring devices may be located or used for the purpose of trade, for the purpose of inspecting, ad-

justing and sealing or condemning the same. [1913]

Code Annotated (1947), Vol. 11, Title 71, Ch. 2—Weights and Measures, Standards.

Sec. 71-201. Standards of weights and measures.

Such standard weights and measures as have been furnished to this state by the government of the United States, in accordance with a joint resolution of congress, approved June 17, 1836, and such weights, measures, balances and measuring devices as may be received from the United States as standard weights, measures, balances and measuring devices, in addition thereto or in renewal thereof, shall be the authorized standards of the state of Idaho. [1905; last amended 1913.]

Sec. 71-202. Standard units of measure: Yard; rod; pole; perch; mile; chain; acre.

The units of standard measures of length and surface from which all other measures of extension, whether linear, superficial or solid, shall be derived and ascertained, are the standard of length designated in this title [Secs. 71-101—71-411]. The yard is divided into three equal parts called feet, and each foot into twelve equal parts called inches. For measures of cloth and other commodities commonly sold by the yard, the yard may be divided into halves, quarters, eighths and sixteenths. The rod, pole or perch contains five and one-half yards; the mile, 1760 yards; the chain for measuring land is twenty-two yards long and is divided into 100 equal parts called links. The acre of land measure shall be measured horizontally and contain ten square chains, equivalent in area to a rectangle sixteen rods in length and ten rods in breadth; 640 acres being contained in a square mile. [1913]

Sec. 71-203. Standard units of weight: Hundredweight; ton; pound.

The units of standards of weight, from which all other weights shall be derived and ascertained, shall be the standard weights designated in this title [Secs. 71-101—71-411]. The hundredweight consists of 100 avoirdupois pounds, and a ton contains twenty hundredweight. Whenever, hereafter in this title, the word "pound" is used, it shall mean the avoirdupois pound, unless otherwise distinctly specified. [1913]

Sec. 71-204. Standard units of measure: Peck; half-peck; quarter-peck; quart; pint; half-pint.

The units of standards of measure of capacity for commodities, not liquids, from which all other measures shall be derived and ascertained, shall be the standards for such commodities designated in this title [Secs. 71-101—71-411]. The peck, half-peck, quarter-peck, quart, pint and half-pint measures for measuring commodities which are not liquids shall be derived from the half-bushel by successively dividing that measure by two. [1913]

Sec. 71-205. Same: Half-gallon; quart; pint; half-pint; gill.

The units of standards of measures of capacity for liquids, from which all other measures shall be derived and ascertained, shall be the standard liquid measures designated in this title [Secs. 71-101—71-411]. The liquid gallon shall be divided by continual division by the number 2 so as to make half-gallons, quarts, pints, half-pints and gills. [1913]

Sec. 71-206. Same: Electrical measure.

The standard of electrical measures recognized by the national bureau of standards, when procured by the state, shall be the standard of electrical measures in the state of Idaho. [1913]

Sec. 71-207. Metric system legal.

The weights and measures of the metric system shall be legal weights and measures in the state of Idaho. [1913]

Sec. 71-208. Barrel, bushel sack, and bushel weights.

Whenever any of the following articles shall be contracted for, or sold, or delivered, and no special contract or agreement shall be made to the contrary, such sale and all computations for payment or settlement therefor shall be by weight.

The net weight per barrel or bushel, or divisible merchantable quantities of a barrel or bushel, shall be as follows:

Wheat flour, per barrel, one hundred ninety-six pounds; per half-barrel, ninety-eight pounds; per quarter-barrel sack, forty-nine pounds; per one-eighth barrel sack, twenty-four pounds; per one-sixteenth barrel sack, twelve pounds.

Corn meal, per bushel sack, forty-eight pounds; per half-bushel sack, twenty-four pounds; per quarter-bushel sack, twelve pounds.

¹ A slight rearrangement has been made for convenience of reference.

Sec. 71-209. Standard of measurement for stone masonry.

The perch is the standard of measurement of stone masonry and contains sixteen and one-half solid feet. [1883]

Sec. 71-210. Cord of wood.

Unless otherwise especially agreed upon, a cord of wood shall contain one hundred twenty-eight cubic feet, eight feet long, four feet high and four feet wide. [1913]

Sec. 71-211. Construction of contracts.

All contracts, sales or purchases hereafter made for work to be done, or for anything to be sold or delivered or done, by weight or measure, within this state, shall be taken and construed in terms of, and according to, the standards of weights and measures adopted by this title [Secs. 71-101—71-411], except where parties have agreed upon any other calculations or measurements; and all statements and representations of any kind referring to the weights or measures of commodities sold or purchased, or exposed for sale, shall be understood in terms of the standards of weights or measures aforesaid. [1913]

Sec. 71-212. Sale of dry commodities.

All dry commodities, not otherwise specified in this title [Secs. 71-101—71-411], shall be sold only by standard and dry measure, standard weight, or numerical count, except where parties otherwise agree. [1913]

Sec. 71-213. Apple boxes.

A box or packet of apples shall contain 2150.42 cubic inches. [1905]

Sec. 71-214. Standard berry boxes; marking requirements.

Berries and small fruits, whenever sold in boxes, shall be sold in boxes containing a standard dry quart or dry pint, and if said boxes contain less than this amount, the information must be given to the purchaser, and such packages must be labeled with a statement of the net contents. [1913]

Code Annotated (1947), Vol 11, Title 71, Ch. 2—
Weights and Measures, Standards—Continued.

Sec. 71-215. Bottles for milk and cream; sale of other liquid commodities.

All milk or cream that shall be sold in bottles shall be sold only in bottles containing half-pints, pints, quarts, half-gallons or gallons. All other liquid commodities shall be sold only by standard liquid measure or standard weight, except where parties otherwise agree. [1913]

Sec. 71-216. Lard containers: Marking requirements.

Each pail or bucket of lard, lard-compound or lard substitute offered or exposed for sale in the state of Idaho, shall have the net weight plainly stamped upon the label in letters not less than a quarter-inch high. [1913]

Sec. 71-217. Bread: Minimum weight; sale of; marking requirements.

Bread, unless composed in chief parts of rye or maize, shall be sold only in a loaf weighing not less than sixteen ounces, or a loaf weighing in multiples of eight ounces if the weight exceeds one pound, weighed not less than twelve hours after baking. Provided that a variation at the rate of one ounce per pound over and one ounce per pound under the above specified unit weight is permitted in individual loaves, but the average weight of not less than twelve loaves of any one unit weight shall not be less than the weight prescribed for such loaf. Bread, when sold, shall, upon the request of the buyer, be weighed in his presence, and if found deficient in weight, additional bread shall be delivered to make up the legal weight, except that this section shall not apply to rolls or to fancy bread weighing less than one-quarter of a pound. [1913; last amended 1949.]

Sec. 71-218.¹ Sale of butter; marking requirements.

A print or package of butter shall contain sixteen ounces avoirdupois, and when a print or package of butter containing less than sixteen ounces avoirdupois shall be sold, its net weight shall be disclosed by the seller to the buyer and a statement of the net weight be distinctly printed on the wrapper thereof. [1913]

¹ See also section 37-333, page 270.

Sec. 71-219. Prima facie evidence of correct quantity; tolerances.

The selling and delivery of any commodity or article of merchandise shall be prima facie evidence of representations on the part of the vendor that the quantity sold and delivered was the quantity bought by the vendee. There shall be taken into consideration the usual and ordinary leakage, evaporation or waste that may take place from the time the package is filled by the vendor until the selling of the same; a slight variation from the stated weight, measure or quantity for individual packages is per-

missible, provided this variation is as often above as below the weight, measure or quantity stated or represented, except that this section shall not apply to meats packed in sacks, crates or boxes. [1913]

Sec. 71-220. Flour, corn meal, hominy and hominy grits: Standard weight containers; exceptions.

It shall be unlawful for any person, partnership, corporation, cooperative society, association or other organization, to pack for sale, sell, offer or expose for sale in this state any of the following commodities except in containers of net avoirdupois weights of two (2), five (5), ten (10), twenty-five (25), fifty (50), and one hundred (100) pounds, and multiples of one hundred pounds; wheat flour, self-rising wheat flour, phosphated wheat flour, bromated flour, enriched flour, enriched self-rising flour, enriched bromated flour, corn flour, corn meals, hominy and hominy grits: provided however, that the provisions of this act [Secs. 71-220—71-221] shall not apply to (a) the retailing of flours, meals, hominy and hominy grits direct to the consumer from bulk, or (b) the sale of flours and meals to commercial bakers or blenders or for export in containers of more than one hundred (100) pounds, or (c) flours, meals, hominy and hominy grits packed in cartons, bags or packages, the net contents of which are less than five (5) pounds, or (d) the exchange of wheat for flour by mills grinding for toll. [1945; last amended 1947.]

Sec. 71-221. Same: Penalty for violations.

Any violation of this act [Secs. 71-220—71-221] shall constitute a misdemeanor, and upon conviction the offender shall be fined not to exceed three hundred dollars (\$300.00) for each offense, or imprisoned in the county jail not exceeding ninety days. [1945]

Code Annotated (1947), Vol. 11, Title 71, Ch. 3—
Weights and Measures, Penalties.

Sec. 71-301. Penalty for interference.

Whoever hinders, obstructs or in any way interferes with any sealer or other person authorized to inspect weights and measures, while in the performance of said inspection, or whoever fails to produce, upon demand by such authorized sealer or inspector, all weights and measuring devices in or upon his place of business or in his possession for use in manufacture or trade, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be subject to a fine of not less than five dollars nor more than \$100.00. [1913]

Sec. 71-302.² Penalty for using false weights and measures.

Any person, persons, firm or corporation, who shall use any false scales, beam, weight or measure, or who shall mark or stamp false weight or measure on any container, package or cask, or who shall sell, offer for sale, or have in his possession for sale, any article which does not conform to the United States

standards or the standards designated in this title [Secs. 71-101—71-411], or neglects, fails to conform with, or violates any of the provisions of this title, shall be guilty of a misdemeanor, and upon conviction, shall be fined not to exceed \$300.00 for each offense, or imprisoned in the county jail not exceeding ninety days. [1905; last amended 1913.]

1 For additional penalties for false weights and measures, see Secs. 18-7201—18-7207, page 274.

Code Annotated (1947), Vol. 11, Title 71, Ch. 4— "Weighmaster's Licensing Act."

Sec. 71-402. Licensing of weighmasters.

Any person may make application to the commissioner of agriculture for a weighmaster's license. Application for a weighmaster's license shall be in writing on a form prescribed by the commissioner of agriculture. Each applicant shall furnish satisfactory evidence of good moral character, ability to weigh accurately and to make correct weight tickets. Upon receipt of the application with satisfactory evidence of qualifications, on or before July 1, 1949, and annually thereafter, and a license fee of \$2.50, the commissioner shall issue an annual weighmaster's license. No weighmaster's license shall be issued to any applicant for such license who is under the age of eighteen or who has been convicted of any felony within five years or has paid any fine or completed any sentence of confinement for any felony within five years, or to any person whose license issued under this act [Secs. 71-401—71-411] has been revoked. [1949]

Sec. 71-403. Bond.

Each application shall be accompanied by a bond in the penal sum of \$1,000.00, executed by the applicant as principal and a solvent surety company authorized to do business in this state as a surety. Said bond shall be for a period of one year and conditioned on the faithful performance of the duties of such weighmaster. All bonds given under the provisions of this chapter [Secs. 71-401—71-411], after their approval, shall be filed in the office of the commissioner of agriculture. Any person who may suffer loss or damage from any wrongful acts of the weighmaster in his capacity as such, shall in addition to other legal remedies, have a right of action in his own name on such bond for all damages not exceeding \$1,000.00, suffered by such person by reason of said loss or damage of said weighmaster; provided, however, that the aggregate liability of the surety to all such persons shall, in no event, exceed the sum of such bond. [1949]

Sec. 71-404. Posting of license.

All weighmasters licensed under the provisions of this act [Secs. 71-401—71-411] shall post the original or certified copy of the weighmaster's license in a conspicuous place on the premises where the weighmaster is engaged in weighing. [1949]

Sec. 71-405. Certified copies of license.

A certified copy of a weighmaster's license may be procured by the holder of the original upon payment of a fee of \$1.00 for each copy of each license. [1949]

Sec. 71-406. Signature of licensed weighmaster.

No person shall sign the name of a weighmaster licensed under the provisions of this act [Secs. 71-401—71-411] except the person to whom the weighmaster's license is issued, or his representative. [1949]

Sec. 71-407. False weight tickets; penalty.

Any person who shall mark, stamp, or write any false weight ticket, scale ticket, or weight certificate, knowing it to be false, shall be guilty of a misdemeanor, and upon conviction thereof, shall be fined not to exceed \$300.00 for each offense, or imprisoned in the county jail for not more than six months, or both. [1949]

Sec. 71-408. Enforcement of act; rules and regulations.

The commissioner of agriculture may adopt and publish rules and regulations necessary for the administration of this act [Secs. 71-401—71-411]. [1949]

Sec. 71-410. Revocation of license.

A license issued under the provisions of this act [Secs. 71-401—71-411] may be revoked by the commissioner of agriculture, or the renewal thereof, may be refused by the commissioner of agriculture, for dishonesty, incompetency, inaccuracy, for any false statement made in any part of the application for a weighmaster's license, and for any violation of any of the provisions of this act. If the commissioner shall refuse to grant any license provided for herein or shall refuse to grant a renewal thereof to any applicant, or shall revoke any license previously granted by him, he shall give such applicant, or licensee, fifteen days' notice of his intended action in writing by registered mail, giving reasons therefor, and upon the request of the applicant or licensee, shall afford him an opportunity for hearing as early as practicable within not to exceed twenty days after receipt of such request. Upon such hearing, the commissioner or his duly authorized agent, may administer oaths and may issue subpoenas for the attendance of witnesses and the production of relevant books and papers and may require a re-examination of the licensee. Upon such hearing, the department shall either rescind, its order of revocation or, good cause appearing therefor, may revoke such license. [1949]

Sec. 71-411. Standard weight and tare ticket.

All commodities weighed on public platform scales, having a capacity of five tons or over, shall be recorded on standard weight and tare ticket prepared in triplicate, stating:

Code Annotated (1947), Vol. 11, Title 71, Ch. 4—
"Weighmaster's Licensing Act"—Continued.

- (a) Name and address of licensed weighing agency,

- (h) Net weight,
- (i) Full signature of weigher. [1949]

Code Annotated (1947), Vol. 9, Title 50, Ch. 11—
Municipal Corporations, General Powers.

Sec. 50-1101. Powers.

* * * any municipal corporation may, by ordinance or by-laws, exercise the powers prescribed in the following sections, 50-1102 to 50-1138, inclusive. [1915]

Sec. 50-1119. Regulation of weights and measures.

Establish standard weights and measures, and regulate the weights and measures to be used in the municipality, and to regulate the weighing and measuring of every commodity sold in the municipality, in all cases not otherwise provided by law. [1893]

Sec. 50-1120. Inspection of hay, grain, and fuel.

Provide for the inspection of hay, grain and coal, and the measuring of wood and fuel to be used in the municipality, and to determine the place or places of the same, and to regulate and prescribe the place or places of exposing for sale, hay, coal and wood; to fix the fees and duties of persons authorized to perform the duties named in this section. [1893]

Code Annotated (1947), Vol. 9, Title 50, Ch. 14—
Municipal Corporations, Regulation of Weights and Measures.

Sec. 50-1401. Establishment of weights and measures department; verification of standards.

Any municipality in the state may establish a department of public inspection of weights and measures, and shall have power to appoint a sealer and deputies and fix their compensation, and to pass such ordinances not in conflict with the state laws as may be deemed necessary; and if a city or municipality shall establish such a department it shall provide the sealer with suitable quarters, a set of standards to be specified by the department of agriculture, and all other equipment for the proper performance of his duties. All municipal standards shall be tried, proved, and sealed under the direction of the department of agriculture, and shall be returned to him [it] for verification at least once every five years. They shall make reports to the department of agriculture on blanks to be furnished

by it on or before the first day of September of each year. [1913]

Sec. 50-1402. Municipal wagon scales.

The city council of any city or the board of trustees of any village of the state of Idaho are authorized and empowered to buy, establish and maintain public wagon scales in such municipality, and the said city council or board of trustees are authorized and empowered to buy and maintain scales already in use in the said municipality, the same to be used and maintained as a public wagon scale in such municipality for the public use therein. [1917]

Sec. 50-1403. Same: Maintenance; rules and regulations; weighmaster; weight certificate.

The city council of any city or the board of trustees of any village or any such municipality wherein such public wagon scales are maintained shall have control of such scales and shall make such rules or regulations in regard to the maintenance and use of the same as they shall deem proper, and the said city council or board of trustees shall biennially appoint a public weighmaster, whose duty it shall be to have charge of such scales and properly weigh all articles and commodities thereon as hereafter provided and give a statement to such person applying to have such articles weighed, and such statement shall be prima facie evidence of the correct weight of such articles or commodities; and the city council or board of trustees shall fix the compensation of said weighmaster, which compensation shall be paid out of the treasury of such municipality, and shall, from time to time, fix the price to be charged for weighing any article or commodity thereon, and the weighmaster shall collect such charge at the time of weighing such articles or commodities and shall, at the end of each month, pay all moneys collected by him for such charge into the treasury of the municipality and file with the clerk of such municipality a statement of the amount of all such moneys collected. [1917]

Sec. 50-1404. Same: Bond of weighmaster.

Such public weighmaster, as may be appointed within such municipality, shall give a bond to the state of Idaho in the amount to be fixed by the said city council or board of trustees, and in no case shall such bond be for less than \$200.00 [1917]

Code Annotated (1947), Vol. 5, Title 22, Ch. 6—
Commercial Fertilizers.

Sec. 22-602. Definition.

The term "commercial fertilizer" shall be held to include allumite, gypsum, lime, phosphate in its natural form, and any other commercial fertilizer, imported, manufactured, prepared or sold for fertilizing, manurial, soil enriching or soil corrective purposes; providing, however, that this act [Secs.

22-601—22-612] shall not apply to any stocks of commercial fertilizers that may be in the hands of dealers in the state of Idaho at the time this act goes into effect, nor shall it apply to animal manure which has not been artificially treated, or to materials sold to manufacturers or importers. [1931]

Sec. 22-603. Marking requirements.

Every lot or parcel of mixed commercial fertilizer sold, offered or exposed for sale, or distributed within this state shall have on each bag or container, in a conspicuous place on the outside, a legible and plainly printed statement in the English language, clearly and truly certifying:

a. The net weight of the contents of the package, lot or parcel; [1931]

* * * * *

Sec. 22-607. Examinations to determine net weight.

The commissioner of agriculture of the state of Idaho shall, at least once a year, direct a qualified chemist, or his agent, to obtain in open market at least one sample of each brand of commercial fertilizer offered for sale in this state, and to make proper analyses and tests to determine (1) the net weight of the contents of each package examined; * * * [1931; last amended 1947.]

Sec. 22-612. Penalty for violations.

Any corporation, co-partnership or person who shall sell, or offer for sale, any commercial fertilizer in this state without first having complied with the provisions of this act [Secs. 22-601—22-612], * * * shall be guilty of a misdemeanor, and shall upon conviction thereof be fined not less than twenty-five dollars, nor more than \$300.00 for each offense, * * *, provided, however, that for any deficit less than five per cent in weight * * * the manufacturer or seller shall not be liable to any penalty, or for damages hereunder. [1931]

Code Annotated (1947), Vol. 5, Title 22, Ch. 7—
Containers for Farm Products.

Sec. 22-701. Farm products defined.

* * * The term "farm products" within the meaning of this section shall be deemed to mean all products, except livestock, grown in garden, on farm, ranch, or orchard, including poultry and poultry products, butter, cream, cheese and all other dairy products. [1917; last amended 1923.]

Sec. 22-702. Standards.

After investigation and public hearing the department of agriculture may, from time to time, as far as practicable, establish and promulgate standards for open and closed receptacles for farm products and standards for the grade and other classification of farm products, by which their quantity, quality or value may be determined, and prescribe and promulgate rules and regulations governing the

marks, brands and labels which may be required upon receptacles for farm products for the purpose of showing the name and address of the producer or packer, the quantity, nature and quality of the product, or any of them, and for the purpose of preventing deception in reference thereto; provided, that any standard for any farm product or receptacle therefor or any requirement for making receptacles for farm products now or hereafter established under authority of the congress of the United States, shall forthwith, as far as applicable and practicable, be established or prescribed and promulgated by the department as the official standard or requirement in this state: provided further, that no standard established or requirement for marking prescribed under this chapter [Secs. 22-701—22-707] shall become effective until the expiration of six months after it shall have been promulgated. [1917]

Sec. 22-707. Penalty for violations.

Any person, firm, corporation or other organization who violates any provision of this chapter [Secs. 22-701—22-707] or of the rules and regulations made under this chapter for carrying out the provisions of this section, fails or refuses to comply with any requirement of this chapter or who willfully interferes with the department, its agents or employees in the execution or on account of the execution of its or their duties under this chapter, shall be guilty of a misdemeanor.¹ [1917]

Livestock Sales Ring.

Sec. 25-1701. Definitions.

When used in this act [Secs. 25-1701—25-1717]: (a) the term "live stock" shall mean and include horses, mules, cattle, swine; (b) the term "live stock sales ring" shall mean any place where a person, partnership, association or corporation shall assemble live stock for either public or private sale. [1947]

Sec. 25-1702. License.

Any person, partnership, association or corporation upon making to the commissioner of agriculture a written statement satisfactory to the commissioner of said department, showing financial responsibility and ownership or control of adequate facilities for selling, weighing, the care, sorting, feeding, loading, unloading and shipment of livestock for the operation of a live stock sales ring, and tendering the fee prescribed herein may procure a license from said commissioner to establish and operate within the state of Idaho for one year a live stock sales ring as hereinbefore defined; and the operation of a live stock sales ring in this state, without a license, is a penal offense punishable as hereinafter provided. [1947]

Sec. 25-1703. Exceptions.

The provisions of this act [Secs. 25-1701—25-1717] shall not apply to sales conducted by live stock breeders associations, or by 4-H Clubs, or by exposition societies, where there is maintained either state or federal inspection, or to farm sales, or collective farm sales or pool sales conducted by county agents. [1947]

Sec. 25-1706. Weighmaster's license.

No license or renewal license to establish or operate any live stock sales ring within the State of Idaho shall be issued nor shall any duly licensed live stock sales ring within this state continue to operate unless the live stock handled by said live stock sales ring shall be weighed by a licensed weighmaster. [1947; last amended 1949.]

Sec. 25-1708. Enforcement; rules and regulations.

The commissioner of agriculture may adopt and publish rules and regulations necessary for the administration of this act [Secs. 25-1701—25-1717]. [1947]

Sec. 25-1713. Regulation of scales.

All scales used in the operation of live stock sales rings must conform with the rules and regulations of the commissioner of agriculture. [1947]

Sec. 25-1715. Certain sales rings excepted.

Whenever the commissioner of agriculture finds that live stock sales rings located at stockyards which are now posted as stockyards by the secretary of agriculture of the United States under and pursuant to the terms and provisions of the Packers and Stockyards Act, 1921 (42 U. S. Statutes at Large, P. 159) and laws amendatory thereof, are already rendering and performing services required under the various sections of this act [Secs. 25-1701—25-1717] in order to avoid duplication regarding these matters, the commissioner of agriculture need not enforce said sections of the act, but this section shall in no way or manner authorize cancellation of licenses or fees or the bond of the weighmaster as provided in this act. [1947]

Sec. 25-1716. Penalty for violations.

Any person, association, partnership or corporation, their agents, servants or employees, who shall violate any provision or requirement of this act [Secs. 25-1701—25-1717], or any rule or regulation adopted by the commissioner of agriculture pursuant to this act, shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punishable by a fine of not less than one hundred dollars nor more than one thousand dollars, or by imprisonment in the county jail for not more than one year, or by both. [1947]

Code Annotated (1947), Vol. 5, Title 25, Ch. 27—
Commercial Feeding Stuffs.

Sec. 25-2701. Definition.

The term "commercial feeding stuffs" shall be held to include all materials, single or mixed, intended for use in feeding or mixing for livestock, poultry and fur bearing animals or represented by any seller or distributor of such material as suitable for such purpose, except whole seeds or grains, the unmixed meals made directly from and consisting of the entire grains of corn, wheat, rye, barley, oats, buckwheat, flaxseed, grain sorghums, peas and beans; whole hays, straws, cotton seed hulls, corn stover and ground or whole mill screenings when unmixed with other materials. [1929; last amended 1947.]

Sec. 25-2702. Marking requirements.

Every lot or parcel of commercial feeding stuffs sold, offered or exposed for sale or distributed within this state shall have affixed thereto a tag or label in a conspicuous place on the outside thereof containing a legible and plainly printed statement in the English language, clearly and truly certifying:

(a) The net weight of the contents of the package, lot or parcel; [1929; last amended 1947.]

sale in bulk or otherwise stored, the manufacturer, importer, jobber, firm, association, corporation or person keeping the same for sale shall keep on hand cards, tags or labels upon which shall be printed the statement required by the provisions of section 25-2702, and when such feeding stuffs are sold at retail in bulk or in packages belonging to the purchaser, the manufacturer, importer, jobber, firm, association, corporation or person shall display at the point of sale the card, tag or label upon which appears the statement required by the provisions of section 25-2702. [1929; last amended 1947.]

Sec. 25-2709. Penalty for violations.

A manufacturer, importer, jobber, firm, association, corporation or persons who shall sell, offer or expose for sale or distribute in this state, any commercial feeding stuffs without having attached thereto or furnished therewith such labels, or tags, as are required by the provisions of this chapter [Secs. 25-2701—25-2714], * * * or who shall impede, obstruct, hinder or otherwise prevent or attempt to prevent said commissioner of agriculture or his authorized agent in the performance of his duty in connection with the provisions of this chapter or who shall sell, offer or expose for sale or distribute in this state any commercial feeding stuffs as defined in section 25-2701, without complying with the requirements of the provisions of this chapter, * * * shall be deemed guilty of a violation of the provisions of this chapter and upon conviction thereof shall be fined not more than \$100.00 for the first violation and not less than \$100.00 and not more than \$300.00 for each subsequent violation. * * * [1929; last amended 1947.]

Sec. 25-2710. Enforcement; rules and regulations.

The commissioner of agriculture is hereby empowered to enforce the provisions of this chapter [Secs. 25-2701—25-2714] and to prescribe the form of tags, stamps or labels to be used and to prescribe and enforce such rules and regulations relating to the sale of commercial feeding stuffs as he may deem necessary to carry into effect the full intent and meaning of this chapter, * * *. Code Annotated (1947), Vol. 6, Title 31, Ch. 11—
County Public Wagon Scales.

Sec. 31-1101. Establishment by county.

The county commissioners of any county outside of any incorporated city or village may, upon petition of ten freeholders in any county within the state of Idaho, establish and maintain public wagon scales at such point within such county as may be designated in said petition: provided, that the persons signing the petition shall certify that the peti-

tioners regularly deliver their produce to the point designated in said petition. [1917]

Sec. 31-1102. Rules and regulations; appointment and duties of weighmaster.

The county commissioners of such county wherein such public scales are maintained shall have control of such scales and shall make such rules and regulations in regard to the maintenance and use of the same as they shall deem proper, and the said county commissioners shall appoint as many public weighmasters as they may deem necessary and fix their compensation. Such weighmasters shall have charge of such scales and properly weigh all articles and commodities thereon and give a statement to such persons applying to have such article or commodity weighed, and such statement shall be prima facie evidence of the correct weight of such articles or commodities. They shall collect such charge at the time of weighing such article or commodity as shall be fixed by the board of county commissioners, and at the end of each month make a written report of all moneys collected by them for such charge and pay to the treasurer of such county all of such funds; provided, however, such weighmaster shall retain as his compensation such portions of the above moneys which he has collected as may have been fixed by the board of county commissioners. [1917]

Sec. 31-1103. Establishment by individuals; county control.

If the aforesaid petitioners or a less number desire to establish a public wagon scale and dedicate the same to the public use, they may do so at their own expense, and such public scale shall be subject to the same rules and regulations and all of the provisions of this chapter [Secs. 31-1101—31-1105] as though originally established by and at the expense of the board of county commissioners, or the board of county commissioners may contribute any parts of the expense of erecting such public wagon scale, and the persons desiring the same shall pay the balance of such purchase-price: provided, that in case either method hereinbefore mentioned is adopted in establishing the wagon scale, the said scale shall become the property of the county in which it is situated and be subject to the rules and regulations of the boards of county commissioners and all of the provisions of this chapter relating to county public wagon scales. [1917]

Sec. 31-1104. Payment of expenses; receipts.

Any expense incurred under the provisions of this chapter [Secs. 31-1101—31-1105] relating to county public wagon scales, except compensation to weighmasters, which, in all cases, shall be paid as provided in section 31-1102, shall be paid out of the current expense fund of the said county, and all moneys received from weighing charges as herein provided shall be credited to the current expense fund of the county in which such scale is situated. [1917]

Sec. 31-1105. Weight certificate.

All statements issued by any weighmaster under the provisions of this chapter [Secs. 31-1101—31-1105] shall be made in triplicate, one copy of which shall be retained by the weighmaster, one copy shall accompany the report to the county commissioners, and the original statement shall be given to the person for whom such weighing was done. * * * [1917]

Code Annotated (1947), Vol. 7, Title 37, Ch. 2—
Misbranding of Food.

Sec. 37-201. Manufacture of misbranded articles prohibited; penalty.

It shall be unlawful for any person to manufacture within the state of Idaho any article of food * * * or liquor which is * * * misbranded * * * within the meaning of this chapter [Secs. 37-201—37-222]; and any person who shall violate any of the provisions of this section or shall fail to comply with the same, shall be guilty of a misdemeanor, and for such offense shall, upon conviction thereof, be fined in a sum not to exceed \$500.00 or be imprisoned in the county jail for a term not to exceed six months, or be punished by both such fine and imprisonment. [1911]

Sec. 37-202. Sale prohibited when misbranded; penalty.

It shall be unlawful for any person to sell, keep for sale, or offer for sale within the state of Idaho any article of food * * * or liquor which is * * * misbranded within the meaning of this chapter [Secs. 37-201—37-222], and any person who shall sell, keep for sale, or offer for sale any article of food * * * or liquor which is * * * misbranded within the meaning of this chapter, shall be guilty of a misdemeanor and shall be punished therefor as provided for in section 37-201. [1911]

Sec. 37-203. Rules and regulations.

The department of public health is authorized and directed to make and publish uniform rules and regulations not in conflict with this chapter [Secs. 37-201—37-222] or other laws of the state of Idaho, which rules and regulations shall be in harmony with those adopted and promulgated by the United States department of agriculture¹, in so far as they are applicable to and not in conflict with the provisions of this chapter or any other law of the state of Idaho, * * *. [1911]

¹ Now Federal Security Administration.

Sec. 37-204. Food defined.

* * * The term "food" as herein used shall include all articles used for food, drink, confectionery or condiment by man or other animals, or in the preparation of food, drink, confectionery or

condiment, whether dispensed, mixed or compounded. [1911]

Sec. 37-208. Misbranded defined.

The term "misbranded," as used herein, shall apply to all * * * liquors or articles of food or articles which enter into the composition of food, the package or label of which shall bear any statement, design or device regarding such article, or the ingredients or substances contained therein, which shall be false or misleading in any particular, * * *. [1911]

Sec. 37-210. When food deemed misbranded.

For the purpose of this chapter [Secs. 37-201—37-222] food shall be deemed misbranded:

* * * *

2. * * *; if it be labeled or branded so as to deceive or mislead the purchaser, * * *

3. If in package form, and the contents are stated in terms of weight or measure, the net weight or measure is not plainly or correctly stated on the outside of the package.

4. If the package containing it or its labeling shall bear any statement, design or device regarding the ingredients or the substance contained therein, which statement, design or device shall be false or misleading in any particular * * *. [1911]

Sec. 37-211. Guaranty protection.

No dealer shall be prosecuted under the provisions of this chapter [Secs. 37-201—37-222] when he can establish a guaranty signed by the wholesaler, jobber, manufacturer, or other party from whom he purchased such articles to the effect that the same is not adulterated or misbranded, within the meaning of this chapter designating it. Said guaranty, to afford protection, shall contain the name and addresses of the party or parties making the sale of such articles to the dealer, and the date sold, and in such case, said party or parties shall be amenable to the prosecutions, fines and other penalties which would attach in due course to the dealer under the provisions of this chapter: provided, that this exemption shall not apply when such dealer knew or ought to have known that such * * * liquors or foods so sold, offered or kept for sale were adulterated or misbranded within the meaning of this chapter. [1911]

Sec. 37-214. Right of entry and inspection.

For obtaining information regarding the suspected violations of law, the department of public health, or its duly appointed assistants, shall have access to all places where any article of food or other article, the manufacture or sale of which is restricted, regulated or prohibited by this chapter [Secs. 37-201—37-222], is stored or prepared for sale, or may be manufactured, kept for sale, or sold, * * * and they may inspect any packages,

Said bottle and pipette shall be certified to by the department as a standard and shall bear the official stamp of the department. Any person not a licensee may secure test bottles and pipettes from the department at cost. * * * [1925; last amended 1947.]

Code Annotated (1947), Vol. 7, Title 37, Ch. 6—
Standardization of Glassware for Babcock Tests.

Sec. 37-601. Standard glassware to be used; inspection.

Every person, firm or corporation receiving or purchasing milk or cream on the basis of the amount of butter fat contained therein as determined by the Babcock test, shall use the standard Babcock test bottles and pipettes, as defined in section 37-603, and all Babcock test bottles and pipettes shall have been inspected for accuracy by the department of dairy husbandry of the university of Idaho, at Moscow, Idaho, or its agent, and shall be legibly and

indelibly marked by the department of dairy husbandry or its agent with the letters S. G. I., meaning "Standard Glassware Idaho." It shall be unlawful for any firm or corporation or any of their agents to use other than standard test bottles and pipettes which have been examined and marked as provided by this section, to determine the amount of fat in milk or cream received or purchased on the butter-fat basis. [1927]

Sec. 37-602. Fees for testing glassware.

For all testing of glassware by the said department of dairy husbandry or its agent, a fee of three cents shall be paid by the owner of said glassware so examined, and said fee shall be used by the department of dairy husbandry to defray the cost of testing such glassware. [1927]

Sec. 37-603. Specifications for standard glassware.

The term "Standard Babcock testing glassware" shall apply to glassware complying with the following specifications:

a. Standard Milk Test Bottles.

Graduation for Milk Test Bottles. The total per cent graduation shall be eight. The graduated portion of the neck shall have a length of no less than sixty-three and five-tenths millimeters (two and one-half inches), the graduations shall represent whole per cent, five-tenths per cent, and tenths per cent. The tenths per cent graduations shall not be less than three millimeters in length; the five-tenths per cent graduations shall be one millimeter longer than the tenths per cent, graduations projecting one millimeter to the left; the whole per cent graduation shall extend at least one-half way around the neck to the right and project two millimeters to the left of the tenths per cent graduation. Each per cent graduation shall be numbered, the number being placed on the left of the scale. The error at any point of the scale shall not exceed one-tenth per cent.

Neck. The neck shall be cylindrical and the cylindrical shape shall extend for at least nine millimeters below the lowest and above the highest graduation mark. The top of the neck shall be flared to a diameter of not less than ten millimeters.

Bulb. The capacity of the bulb up to the junction of the neck shall not be less than forty-five cubic centimeters. The shape of the bulb may be either cylindrical or conical with the smallest diameter at the bottom. If cylindrical, the outside diameter shall be between thirty-four and thirty-six millimeters; if conical, the outside diameter of the base shall be between thirty-one and thirty-three millimeters, and the maximum diameter between thirty-five and thirty-seven millimeters. The charge of the bottle shall be 18 grams. The total height of the bottle shall be between one hundred [fifty] and one hundred sixty-five millimeters, (five and seven-eighths inches and six and one-half inches).

b. Standard Cream Test Bottles.

Three types of bottles shall be accepted as standard cream test bottles, a fifty per cent nine-gram short-neck bottle, a fifty per cent nine-gram long-neck bottle, and a fifty per cent eighteen-gram long-neck bottle.

Fifty Per Cent Nine-gram Short-neck Bottle-Graduation. The total per cent graduation shall be fifty. The graduated portion of the neck shall have a length of not less than sixty-three and five-tenths millimeters (two and one-half inches). The graduation shall represent five per cent, one per cent and five-tenths per cent. The five per cent graduation shall extend at least half-way around the neck to the right.

The five-tenths per cent graduations shall be at least three millimeters in length, and one per cent graduations shall have a length intermediate between the five per cent and five-tenths per cent graduations. Each five per cent graduation shall be numbered, the number being placed on the left of the scale. The error at any point of the scale shall not exceed five-tenths per cent.

Neck. The neck shall be cylindrical and the cylindrical shape shall extend at least nine millimeters below the lowest and nine millimeters above the highest graduation mark. The top of the neck shall be flared to a diameter of not less than ten millimeters.

Bulb. The capacity of the bulb up to the junction of the neck shall not be less than forty-five cubic centimeters. The shape of the bulb may be either cylindrical or conical with the smallest diameter at the bottom. If cylindrical, the outside diameter shall be between 34 and 36 millimeters. If conical, the outside diameter of the base shall be between thirty-one and thirty-three millimeters and the maximum diameter between thirty-five and thirty-seven millimeters.

The charge of the bottle shall be nine grams.

All bottles shall bear on the top of the neck above the graduations in plainly legible characters, a mark, defining the weight of the charge to be used (nine grams).

The total height of the bottle shall be between one hundred fifty and one hundred sixty-five millimeters (five and seven-eighths inches and six and one-half inches), same as standard milk test bottles.

Fifty Per cent, Nine-gram, Long-neck Bottle. The same specifications in every detail as specified for the fifty per cent nine-gram, short-neck bottle shall apply for the long-neck bottle, with the exception, however, that the total height of this bottle shall be between two hundred ten and two hundred thirty-four millimeters (eight and one-fourth inches and eight and seven-eighths inches) and that the total length of the graduation shall be not less than one hundred twenty millimeters.

Fifty Per Cent, Eighteen-gram, Long-neck Bottle. The same specifications in every detail as specified

Code Annotated (1947), Vol. 7, Title 37, Ch. 6—
Standardization of Glassware for Babcock Test—
Continued.

for the fifty per cent nine-gram, long-neck bottle shall apply, with the exception that the charge of the bottle shall be eighteen grams, and the mark defining the weight of the charge placed at the top of the neck shall be eighteen.

The total length of the standard Babcock pipette shall be not more than three hundred thirty millimeters, (thirteen and one-fourth inches). Outside diameter of suction tube six to eight millimeters. Length of suction tube one hundred thirty millimeters. Outside diameter of delivery tube four and five-tenths to five and five-tenths millimeters. The length of delivery tube one hundred to one hundred twenty millimeters. Distance of graduation mark above bulb thirty to sixty millimeters. Nozzle straight. Delivery seventeen and six-tenths cubic centimeters of water at twenty degrees Centigrade in five to eight seconds. [1927]

Sec. 37-604. Violation a misdemeanor.

A violation of any of the provisions of this chapter [Secs. 37-601—37-606] shall constitute a misdemeanor.¹ [1927]

Sec. 37-2310. Marking requirements.

(a) Whenever a manufacturer sells or dispenses a narcotic drug in a package prepared by him he shall securely affix to each package in which that drug is contained a label showing in legible English the name and address of the vendor and the quantity, kind, and form of narcotic drug contained therein. * * * [1937]

Sec. 37-2319. Enforcement officer.

It is hereby made the duty of the department of law enforcement, its officers, agents, inspectors, and representatives, and of all peace officers within the state, and of all county attorneys, to enforce all provisions of this act [Secs. 37-2301—37-2323], except those specifically delegated, and to cooperate with all agencies charged with the enforcement of the laws of the United States, of this state, and of all other states, relating to narcotic drugs. [1937]

Sec. 37-2320. Penalties for violations.

Any person violating any provision of this act [Secs. 37-2301—37-2323] shall upon conviction be punished, for the first offense, by a fine not exceeding three hundred (300) dollars, or by imprisonment in the county jail for not exceeding six (6) months or by both such fine and imprisonment, and for any subsequent offense, by a fine not exceeding one thousand (1,000) dollars, or by imprisonment in the state prison for not less than one or more than

fourteen years, or by both such fine and imprisonment. [1937]

Sec. 37-2322. Same.

Any violation of the provisions of this act [Secs. 37-2301—37-2323], the penalty for which is not herein specifically provided shall be deemed a misdemeanor¹ and punishable as such. [1937]

¹ See Sec. 18-113, page 274.

Code Annotated (1947), Vol. 7, Title 38, Ch. 9—
Measuring Lumber.

Sec. 38-907. Certificate of measurement; prima facie evidence.

Each lumber inspector shall, in person or by deputy, at the request of any owner of logs, timber or lumber, after a scalement or measurement thereof, make a bill stating therein the number of logs, the number of feet, board measure, contained in such logs and lumber, and the number of feet, cubic running or board measure, contained in said timber, and at whose request the same was scaled or measured, and to whom scaled or measured, a copy of which he shall enter upon the books of his office, to be provided by him and kept for that purpose, with the marks as they occurred upon the logs. A correct bill of the same shall be given to such owner, with a certificate thereto attached that it is a true and correct bill, which bill so certified shall be presumptive evidence of the facts therein contained, and of the correctness of such scalement or measurement, in all courts, except in favor of the inspector who made the same. [1903]

Sec. 38-908. Method of measurement; allowance for imperfections; reports.

Each lumber inspector and his deputies shall, in surveying or measuring logs, make such allowance for hollow, rotten or crooked logs as would make them equal to good, sound, straight, merchantable logs; and all logs that are straight and sound are to be measured at their full size, inside the bark at the small end. Each lumber inspector shall require of each of his deputies, at the end of each month, a correct account of all the logs, lumber or timber measured by him during the month next preceding, and he shall immediately enter such account upon the books of his office. [1903]

Sec. 38-909. Standard of log measurement.

Unless otherwise agreed upon, the Scribner Decimal C rule shall be the standard rule for scaling or measuring logs in the said districts; but in all cases the bill of the inspector shall state by what rule the logs were scaled or measured. [1903; last amended 1919.]

Code Annotated (1947), Vol. 8, Title 42, Ch. 1—
Standard Water Measure.

Sec. 42-102. Standard water measure.

A cubic foot of water per second of time shall be the legal standard for the measurement of water in

this state, and it shall be the duty of the department of reclamation to devise a simple, uniform system for the measurement and distribution of water. [1899]

Code Annotated (1947), Vol. 10, Title 61, Ch. 5—
Public Utilities, Meters.

Sec. 61-520. Standards of measurement; rules and regulations; testing of meters.

The commission [public utilities commission] shall have power, after hearing had upon its own motion or upon complaint, to ascertain and fix just and reasonable standards, classifications, regulations, practices, measurements or service to be furnished, imposed, observed and followed by all electrical, gas and water corporations; * * * to prescribe reasonable regulations for the examination and testing of such product, commodity or service and for the measurement thereof; to establish reasonable rules, regulations, specifications and standards to secure the accuracy of all meters and appliances for measurements; and to provide for the examination and testing of any and all appliances used for the measurement of any product, commodity or service of any such public utility. [1913]

Sec. 61-521. Right of entry.

The commissioners [public utility commissioners] and their officers and employees shall have power to enter upon any premises occupied by any public utility, for the purpose of making the examinations and tests and exercising any of the other powers provided for in this act [Secs. 61-101—61-714], and to set up and use on such premises any apparatus and appliances necessary therefor. The agent and employees of such public utility shall have the right to be present at the making of such examination and tests. [1913]

Sec. 61-522. Testing meters at request of consumers.

Any consumer or user of any product, commodity or service of a public utility may have any appliance used in the measurement thereof tested upon paying the fees fixed by the commission [public utilities commission]. The commission shall establish and fix reasonable fees to be paid for testing such appliances on the request of the consumer or user, the fee to be paid by the consumer or user at the time of his request, but to be paid by the public utility and repaid to the consumer or user if the appliance is found defective or incorrect to the disadvantage of the consumer or user under such rules and regulations as may be prescribed by the commission. [1913]

Code Annotated (1947), Vol. 11, Title 69, Ch. 2—
“Bonded Warehouse Law.”

Sec. 69-202. Definitions.

The term “agricultural product” wherever used

in this chapter [Secs. 69-201—69-235] shall be deemed to mean grains, dry peas, dry beans, leguminous seeds, hay, potatoes, fruit, honey, eggs, dried, canned or preserved fruit, canned vegetables, canned fish, meat, poultry, dairy products, wool and feeds (not including minerals) or any of them. [1919; last amended 1933.]

* * * * *

Sec. 69-205. Inspection and weighing.

* * * the department of agriculture is authorized with or without application, to wit:

To inspect any warehouse licensed under this chapter [Secs. 69-201—69-235]; to investigate the storage, warehousing, classifying according to grade, and otherwise weighing and certification of agricultural products therein conducted; * * *. [1919]

Sec. 69-214. Inspectors.

The department of agriculture may employ such inspectors, samplers and weighers as it may deem necessary. [1919]

Sec. 69-215. License to weigh.

Every warehouse licensed under this chapter [Secs. 69-201—69-235] shall have a weighmaster licensed pursuant to the provisions of the weighmaster's licensing act.¹ [1919; last amended 1949.]

¹ See Secs. 71-402—71-411, page 263.

Sec. 69-216. Suspension or revocation of licenses.

Any license issued to any person to classify or to weigh any agricultural product or products under this chapter [Secs. 69-201—69-235] may be suspended or revoked by the department of agriculture whenever it is satisfied, after opportunity afforded to the licensee concerned for a hearing, that such licensee has failed to classify or to weigh any agricultural product or products correctly, or has violated any of the provisions of this chapter, or of the rules and regulations prescribed hereunder, so far as the same may relate to him, or that he had used his license or allowed it to be used for improper purpose whatsoever. Pending investigation, the department of agriculture, whenever it deems necessary, may suspend a license temporarily without hearing. [1919]

Sec. 69-217. Inspection fees.

The department shall fix the fees for the inspection and weighing of agricultural products, such fees to be a lien upon such products. [1919]

Sec. 69-223. Receipts.

Every receipt issued for agricultural products stored in a warehouse licensed under this chapter [Secs. 69-201—69-235] shall embody within its written or printed terms:

* * * * *

Code Annotated (1947), Vol. 11, Title 69, Ch. 2—
"Bonded Warehouse Law"—Continued.

2. A description of the agricultural products received, showing the quantity thereof or, in case of agricultural products customarily put up in bales or packages, a description of such bales or packages by marks, numbers, or other means of identification and the weight of such bales or packages. [1919; last amended 1947.]

* * * * *

Sec. 69—231. Rules and regulations.

The department of agriculture shall from time to time make such rules and regulations as it may deem necessary for the efficient execution of the provisions of this chapter [Secs. 69—201—69—235]. [1919]

Sec. 69—233. Penalty for violations.

Every person * * * who shall alter, forge, simulate, counterfeit, violate or fail to comply with section 69—223, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than \$50.00 nor more than \$300.00, or imprisoned not more than six months, or both fine and imprisonment in the discretion of the court. [1919; last amended 1933.]

Code Annotated (1947), Vol. 4, Title 18, Ch. 1—
Misdemeanors.

Sec. 18—113. Penalty when not otherwise prescribed.

Except in cases where a different punishment is prescribed by this code, every offense declared to be a misdemeanor, is punishable by imprisonment in a county jail not exceeding six months, or by a fine not exceeding \$300 or by both. [1887]

Code Annotated (1947), Vol. 4, Title 18, Ch. 72—
False Weights and Measures.

Sec. 18—7201. False weight or measure defined.

A false weight or measure is one which does not conform to the standard established by the laws of the United States of America. [1887]

Sec. 18—7202. Use of false weights or measures.

Every person who knowingly sells any goods, wares or merchandise, or any valuable thing, by false weight or measure, or knowingly uses false measures at any mill in taking toll for grinding corn, wheat, rye or other grain, is guilty of a misdemeanor.¹ [1864]

¹ For punishment, see Sec. 18—113, page 274.

Sec. 18—7203. Same.

Every person who uses any weight or measure, knowing it to be false, by which use another is defrauded or otherwise injured, is guilty of a misdemeanor.¹ [1864]

¹ For punishment, see Sec. 18—113, page 274.

Sec. 18—7204. False marking.

Every person who knowingly marks or stamps false or short weight or measure, or false tare, on any cask or package, or knowingly sells or offers for sale any cask or package so marked, is guilty of a misdemeanor.¹ [1864]

¹ For punishment, see Sec. 18—113, page 274.

Sec. 18—7205. Sales by ton and pound.

In all sales of coal, hay and other commodities, usually sold by the ton or fractional parts thereof, the seller must give to the purchaser full weight, at the rate of 2000 pounds to the ton; and in all sales of articles which are sold in commerce by avoirdupois weight the seller must give to the purchaser full weight, at the rate of sixteen ounces to the pound. Any person violating this section is guilty of a misdemeanor.¹ [1887]

¹ For punishment, see Sec. 18—113, page 274.

Sec. 18—7206. Fraudulent ore scales; penalty.

Every person, association or corporation, or the agent of any person, association or corporation, engaged in the business of milling, sampling, concentrating, reducing, shipping or purchasing ores, who keeps or uses any false or fraudulent scales or weights for weighing ores, who keeps or uses any false or fraudulent assay scales or weights for ascertaining the assay value of ore, knowing them to be false, is guilty of a misdemeanor, and is punishable by a fine in any sum not exceeding \$1000, or by imprisonment in the county jail for a term of not more than one year nor less than one month, or by both such fine and imprisonment. [1885]

Sec. 18—7207. Alteration of ore values; penalty.

Every person, corporation or association, or the agent of any person, corporation or association, engaged in milling sampling, concentrating, reducing, shipping or purchasing ores in this state, who in any manner knowingly alters or changes the true value of any ores delivered to him or them, so as to deprive the seller of the result of the correct value of the same, or who issues any bill of sale or certificate of purchase that does not exactly and truthfully state the actual weight, assay value and total amount paid for any lot or lots of ore purchased, or who, by any secret understanding or agreement with another, issues a bill of sale or certificate of purchase that does not exactly and truthfully state the actual weight, assay value and total amount paid for any lot or lots of ore purchased, or who, by any secret understanding or agreement with another, issues a bill of sale or certificate of purchase that does not truthfully and correctly set forth the weight, assay value and total amount paid for any lot or lots of ore purchased by him, is guilty of a misdemeanor, and shall be punished as provided in the preceding section. [1885]

Code Annotated (1947), Vol. 4, Title 18, Ch. 31—
False Advertising.

Sec. 18-3112. Unlawful acts; penalty.

Any person, firm, corporation or association who, with intent to sell or in any wise dispose of merchandise, securities, service, entertainment or amusement or anything offered by such person, firm, corporation or association, directly or indirectly, to the public for sale or distribution, or with intent to increase the consumption thereof or to increase the attendance at places of amusement or to induce the public in any manner to enter into any obligation relating thereto, or to acquire title thereto, or an interest therein, makes, publishes, disseminates, cir-

culates or places before the public, or causes, directly or indirectly, to be made, published, disseminated, circulated or placed before the public, in this state, in a newspaper or other publication, or in the form of a book, notice, handbill, poster, bill, circular, pamphlet or letter, or in any other way, an advertisement of any sort regarding merchandise, securities, service, entertainment or amusement or anything so offered to the public, which advertisement contains any assertion, representation or statement of facts which is untrue, deceptive or misleading, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than \$25.00 and not to exceed \$300.00. Smith-Hurd Annotated Statutes, Ch. 147—Weights and Measures.

Sec. 1. State standard of weights and measures.

The weights and measures received from the United States under joint resolutions of Congress approved June 14, 1836, and July 27, 1866, and such new weights and measures as shall be received from the United States as standard weights and measures in addition thereto or in renewal thereof, and such as shall be supplied by the State in conformity therewith and certified by the National Bureau of Standards, shall be the State standards of weights and measures. [1921; last amended 1945.]

Sec. 2. Office standards: Use; verification.

In addition to the State standards of weights and measures, provided for above, there shall be supplied by the State at least one complete set of copies of these, to be kept at all times in the office of the Director of Agriculture, and to be known as office standards and such other weights, measures and apparatus as may be found necessary to carry out the provisions of this Act [Secs. 1-42], to be known as working standards. Such weights, measures and apparatus shall be verified by the Director of Agriculture upon their initial receipt, and at least once in each year thereafter the office standards shall be verified by direct comparison with the State standards, and the working standards by comparison with the office standards. When found accurate upon these tests the office and working standards shall be sealed by stamping on them the letters "ILL." and the last two figures of the year with seals which the Director of Agriculture shall keep for that purpose. The office standards shall be used in making all comparisons of weights, measures, and weighing or measuring devices submitted for test in the office of the Director of Agriculture, and the State standards shall be used only in verifying the office standards and for scientific purposes. [1921; last amended 1943.]

Sec. 3. Safekeeping of standards.

The Director of Agriculture shall take charge of the standards adopted by this Act [Secs. 1-42] as the standards of the State, and cause them to be kept in a fireproof building belonging to the State, from which they shall not be removed except for repairs or for certification, and he shall take all other necessary precautions for their safekeeping. He shall maintain the State standards in good order and shall submit them at least once in ten years to the National Bureau of Standards for certification. He shall keep a complete record of the standards, balances and other apparatus belonging to the State and shall take a receipt for the same from his successor in office. [1921; last amended 1945.]

Sec. 3a. Person defined.

The word "person" as used in this Act [Secs. 1-42] shall be construed to import both the plural and singular, as the case demands, and shall include corporations, companies, societies and associations. [1945]

Sec. 3b. Weights and measures defined.

The words "weights, measures, or weighing or measuring devices", as used in this Act [Secs. 1-42], shall be construed to include all weights, scales, beams, measures of every kind, liquid meters, instruments and mechanical devices for weighing or measuring, and any appliances and accessories, connected with any or all such instruments. [1945]

Sec. 3c. Sell or sale defined.

The words "sell" or "sale" as used in this Act [Secs. 1-42], shall be construed to include barter and exchange. [1945]

Sec. 3d. Liquid measuring device defined.

For the purposes of this Act [Secs. 1-42] a mechanically operated liquid measuring device, hereinafter referred to as a "liquid measuring device," is a mechanism or machine adapted to measure and deliver by volume. [1945]

Sec. 3e. Retail device defined.

A liquid measuring device of the retail type, hereinafter referred to as a "retail device," is a liquid measuring device which, on account of its design and the character of its primary indicating elements, is obviously intended for retail deliveries to individual consumers. [1945]

Sec. 3f. Wholesale device defined.

A liquid measuring device of the wholesale type, hereinafter referred to as a "wholesale device," is a liquid measuring device which, on account of the character of its primary indicating elements, is obviously designed for single deliveries of 50 gallons or more. [1945]

Sec. 3g. Vehicle tank and compartment defined.

For the purpose of this Act [Secs. 1-42] a vehicle tank is an assembly used for the delivery of liquids, comprising a tank, which may or may not be subdivided into two or more compartments, mounted on a wagon, automobile truck, or trailer, together with its accessory piping, valves, etc. The term "compartment" means the entire tank when it is not subdivided; otherwise it means one of those subdivided portions of the tank which is designed to hold liquid. [1945]

Sec. 3h. Type defined.

The word "Type," as used in this act [Secs. 1-42], is defined as a class the individual objects of which are similar one to another in design, construction, size, and material. [1945]

Smith-Hurd Annotated Statutes, Ch. 147—Weights and Measures—Continued.

Sec. 3i. Standard weights and measures defined.

The term "standard weights and measures," as used in this act [Secs. 1-42], is to be construed to include the standards of weights and measures adopted by the United States and the State of Illinois, in accordance with those furnished by the Federal Government under joint resolutions of Congress, approved June fourteenth, eighteen hundred and thirty-six and July twenty-seventh, eighteen hundred and sixty-six, and now recognized and in use throughout the United States, and the units and standards prescribed by the National Bureau of Standards. [1945]

Sec. 3j. Use in trade or commerce defined.

The term "use in trade or commerce," as used in this act [Secs. 1-42], shall be construed to include use in buying or selling goods, wares, commodities, or merchandise. [1945]

Sec. 3k. Acts or omissions within scope of employment or office.

When construing or enforcing the provisions of this act [Secs. 1-42], the act, omission, or failure of any officer, agent, or other person, or association, within the scope of his employment or office, shall in every case be deemed to be the act, omission, or failure of such corporation, partnership, company, society, or association, as well as that of the person. [1945]

Sec. 4. Weights and measures of cities to be inspected.

All cities which shall appoint inspectors as provided for herein, at least once in five years, shall forward to the office of Standards at Springfield, Illinois, all standard weights, measures, and apparatus which belong to the cities, for the purpose of having the same tried and proved by the office standards of this State, and upon receipt of same, the Director of Agriculture shall try and prove the apparatus as herein required, and seal the weights, measures and apparatus when found to be accurate by stamping on them the letters "ILL" and the last two figures of the year with seals which he shall have and keep for that purpose.

The Director of Agriculture shall inspect all standard weights, measures, and other apparatus used by such cities, at least once in two years, and shall keep a record of the same. He shall, at least once in two years, visit the cities to inspect the work of the city inspectors, and in the performance of such duties he may inspect the weights, measures, balances, or any other weighing or measuring devices of any person, firm or corporation and shall have the same power as the city inspectors of weights and measures. [1921; last amended 1945.]

Sec. 5. Supervision over weights, etc., sold; state institution tests.

The Director of Agriculture shall have and keep a general supervision of the weights and measures

and weighing or measuring devices offered for sale, sold, or in use in the State. He shall at least once annually test all scales, weights, and measures used in checking the receipts or disbursements of supplies in every institution for the maintenance of which moneys are appropriated by the legislature, and he shall report in writing his findings to the Director having jurisdiction over the institution whose measuring devices are tested, and at the request of such director, the Director of Agriculture shall appoint in writing one or more employees then in the actual service of the institution who shall act as special deputies for the purpose of checking the receipts or disbursements of supplies. [1921; last amended 1945.]

Sec. 6. Who to pay inspection fees.

No person shall be required to pay more than two inspection fees for any one measuring or weighing device in any one year when found to be accurate. Whenever such inspection shall be made upon the complaint of any person, other than the owner of the scale, and upon examination the weighing or measuring device is found by the inspector to be accurate for weighing, the inspection fee for such inspection shall be paid by the person making complaint. Whenever a special request is made for an inspection of a weighing or measuring device, the actual expenses of the same shall be paid by the owner of said weighing or measuring device, or by the person making the complaint as herein provided. [1921; last amended 1945.]

Sec. 7. Duties of director of agriculture to inspect.

When not otherwise provided by law, the Director of Agriculture shall in those parts of the State in which a city sealer is not permitted to be appointed by this Act [Secs. 1-42], inspect, test, try, and ascertain if they are correct, all weights, measures, and weighing or measuring devices, and scales used for determining services charged, kept, offered, or exposed for sale, sold, or used or employed by any proprietor, agent, lessee, or employee in proving the size, quantity, extent, area, or measurement of quantities, things, produce, or articles for distribution or consumption purchased or offered or submitted by such person or persons for sale, hire, or award; and he shall from time to time weigh or measure and inspect packages or amounts of commodities of whatsoever kind for the purpose of sale, offered or exposed for sale, or sold or in the process of delivery, in order to determine whether the same contain the amounts represented and whether they are offered for sale or sold in a manner in accordance with law. He shall, at least once each year and as much oftener as he may deem necessary, see that all weights, measures, and weighing or measuring devices used are correct. He may, for the purpose above mentioned, and in the general performance of his official duties, enter and go into or upon, and without formal warrant, any stand, place,

building or premises, or stop any vendor, peddler, junk dealer, coal wagon, ice wagon, delivery wagon, or any person whatsoever, and require him, if necessary, to proceed to some place which the Director of Agriculture may specify, for the purpose of making the proper tests. Whenever the Director of Agriculture finds a violation of the statutes relating to weights and measures, he shall cause the violator to be prosecuted. [1921; last amended 1945.]

Sec. 8. Sealing and marking measures.

Whenever the Director of Agriculture compares weights, measures, or weighing or measuring devices and finds that they correspond, or causes them to correspond, with the standards in his possession, he shall seal or mark such weights, measures or weighing or measuring devices with an appropriate seal. [1921; last amended 1945.]

Sec. 9. Inspection upon complaint.

Whenever complaint is made to the Director of Agriculture that any false or incorrect scales, weights or measures are being made use of by any person, firm, corporation or society in the purchase or sale of merchandise or other commodities or in weighing any article or commodity, the piece price paid for producing which is determined by weight or measure, he shall cause the same to be inspected as soon as the duties of his office will permit, and make such other inspection of weights and measures as in his judgment is necessary or proper to be made. [1921; last amended 1945.]

Sec. 10. Seizure and destruction of incorrect weights.

The Director of Agriculture shall condemn and seize, and may destroy, incorrect weights, measures, or weighing or measuring devices which, in his best judgment, are not susceptible of satisfactory repair; but such as are incorrect and yet, in his judgment, may be repaired, he shall mark or tag as "Condemned for repairs." The owners or users of any weights, measures, or weighing or measuring devices of which such disposition is made shall have the same repaired and corrected within ten days; and they may neither use nor dispose of the same in any way, but shall hold the same at the disposal of the Director of Agriculture. Any weights, measures, or weighing or measuring devices which have been "condemned for repairs" and have not been repaired as required above, shall be confiscated by the Director of Agriculture. [1921; last amended 1943.]

Sec. 11. Superintendent of standards; powers and duties.

The powers and duties given to and imposed upon the Director of Agriculture herein are hereby also given to and imposed upon the superintendent of standards and assistants, when acting under his instructions and at his direction. [1921; last amended 1943.]

Sec. 12. City inspectors of weights and measures.

There may be an inspector of weights and measures in each city of this State having a population of 25,000 or more inhabitants, according to the last official Federal census, who shall be appointed by the council of said city in the manner in which other city officers or employees are appointed; and power is hereby conferred upon such council to pass such ordinance relative thereto and the duties to be performed by such inspector as it may deem proper, the provisions of which ordinance shall not be in conflict with the provisions in this Act [Secs. 1-42]: Provided that no such city inspector of weights and measures shall enforce the provisions of Sections 38b of this Act, the enforcement of which are specifically reserved to the Department of Agriculture. Such inspector of Weights and Measures so appointed by said council shall present himself at the office of the Superintendent of Standards for instruction in standard practice in testing and sealing. [1921; last amended 1945.]

Sec. 13. City councils to procure set of weights and measures.

The council of each city permitted hereunder to appoint an inspector of weights and measures shall procure, at the expense of the city, and shall keep at all times, a set of weights and measures, and other apparatus, as complete and of such materials and construction as the Director of Agriculture may from time to time direct. All such weights, measures, and other apparatus, having been tried and accurately proved by the Director of Agriculture, shall be sealed and certified to by him as herein-before provided, and shall then be deposited with and preserved by the city inspector of weights and measures as public standards for such city. Whenever the council of such city shall neglect to procure such standards for six months, the city clerk of said city, on notification and request by the Director of Agriculture, shall provide such standards and cause the same to be tried, sealed and deposited at the expense of the city. [1921; last amended 1945.]

Sec. 14. Powers and duties of city inspector.

Where not otherwise provided by law, the city inspector of weights and measures shall have the powers and perform the duties within his city as are granted to and imposed upon the Director of Agriculture by Sections 7, 8, 9 and 10 of this Act [Secs. 1-42]. [1921; last amended 1943.]

Sec. 15. Record and annual report of city inspector.

The city inspector of weights and measures shall keep a complete record of all of his official acts and shall make an annual report to the council of the city, and an annual report, duly sworn to, on the first day of July, to the Director of Agriculture, on blanks furnished by him, and also any special reports that the Director of Agriculture may request. [1921; last amended 1943.]

Smith-Hurd Annotated Statutes, Ch. 147—Weights and Measures—Continued.

Sec. 16. Power to arrest and seize property; destruction of faulty scale or measure.

The Director of Agriculture, his representatives, and the city inspectors of weights and measures are made special policemen and authorized to arrest without warrant, any violator of this Act [Secs. 1-42] and to seize and hold for use as evidence in any action brought under this Act or under any ordinances of a municipality, any short measure or faulty and incorrect weight, scale or other instrument used for weighing or measuring, or any commodity or article of merchandise sold, offered or exposed for sale which is of less weight or measure than it is represented to be by the vendor, his agent, or employee. Such short measure, faulty or incorrect weight, scale or other instrument used for weighing or measuring, or such commodity or article of merchandise (except perishable commodities or articles which shall have become of no value) shall be released and returned to the owner thereof if no suit is commenced against such owner within fifteen days of the date of such seizure.

Any person herein authorized, who makes any such seizure, is not liable to the owner of the property seized for damages caused by such seizure in any case where in fact any such measure seized is short, or reasonable grounds exist for believing it so to be; or any weight, scale or other instrument used for weighing is faulty or incorrect, or reasonable grounds exist for believing it so to be; or any such scale, weight or measure, or any commodity or article of merchandise is of less weight or measure than it is represented, or reasonable grounds exist for believing it so to be.

Upon conviction the court shall cause any scale, weight or measure, in respect whereof the defendant stands convicted, and which remains in the possession or under the control of the prosecutor or other person duly authorized, to be destroyed. [1921; last amended 1945.]

Sec. 17. Obstructing performance of duty; non-payment of legal fee; penalty.

Any person who hinders or obstructs in any way the Director of Agriculture, or any State or city inspector of weights and measures, in the performance of his official duties or refuses to pay the legal fee established for testing or sealing, weighing and measuring devices in commercial use is guilty of a misdemeanor, and shall be fined not less than \$20.00 nor more than \$200.00, or imprisoned in the county jail for not more than three months, or both. [1921; last amended 1945.]

Sec. 18. Impersonating an official by use of seal, etc.; penalty.

Any person who impersonates the Director of Agriculture, or any city inspector of weights and measures, by the use of his seal or counterfeit of his seal, or otherwise, or copies or imitates any seal,

stencil or marking of the Department of Agriculture, is guilty of a misdemeanor, and shall be fined not less than \$100 nor more than \$500, or by imprisonment for not more than one year, or both. [1921; last amended 1945.]

Sec. 19. Unlawful to sell commodities unless by weight or measure; meaning of terms.

It is unlawful to sell, except for immediate consumption on the premises, liquid commodities in any other manner than by weight or liquid measure, or commodities not liquid in any other manner than by measure of length, by weight, or by numerical count, unless otherwise agreed in writing by the mutual consent of the buyer and seller: Provided, however, that nothing in this section shall be construed to prevent the sale of fruits, vegetables and other dry commodities in the standard barrel provided for in section 26; or of berries and small fruits in boxes as provided for in section 27; or of vegetables or fruits usually sold by the head or bunch in this manner: Provided, further, that nothing in this section shall be construed to apply to foodstuffs put up in original packages, nor to proprietary or package medicines which are not sold or offered for sale as of any specific quantity of the commodity.

The legal bushel basket, crate or box used for the sale of apples, pears, plums, peaches and other fruit and vegetables not secondarily contained in quart or other boxes shall have an interior capacity of not less than 2150.42 cubic inches.

For the purposes of this section, the term "original package" shall be construed to include a commodity in a package, carton, case, can, barrel, bottle, box, phial or other receptacle, or in coverings or wrappings of any kind, put up by the manufacturer, which may be labeled, branded, or stenciled or otherwise marked, or which may be suitable for labeling, branding, or stenciling, or marking otherwise, making one complete package of the commodity. The words "original package" shall be construed to include both the wholesale and the retail package. For the purpose of this section immediate consumption on the premises means eat, drink or devour on the premises where sold.

For the purpose of this section the term, "commodities not liquid," shall be construed to include goods, wares, and merchandise, which are not in liquid form and which have heretofore been sold by measure of length, by weight, by measures of capacity, or by numerical count, or which are susceptible of sale in any of these ways. [1921; last amended 1945.]

Sec. 20. Coal, etc. to be sold by weight; delivery tickets; failure of ice dealer to provide scale for each vehicle; penalty.

It is unlawful to sell or offer to sell any coal, coke, or charcoal in any other manner than by weight or to deliver any coal, coke, or charcoal unless such delivery is accompanied by a delivery ticket, and a

duplicate thereof, on each of which shall be, in ink or other indelible substance, distinctly expressed in pounds, the gross weight of the load, the tare of the delivery vehicle, and the quantity or quantities of coal, coke, or charcoal, contained in the vehicle used in such deliveries, with the name and address of the purchaser thereof, the name and address of the dealer from whom purchased. One of these tickets shall be surrendered to the Director of Agriculture, or any city inspector of weights and measures, upon his demand, for his inspection, and this ticket, or a weight slip issued by him when he desires to retain the original, shall be delivered to the purchaser of the coal, coke, or charcoal, or his agent or representative at the time of the delivery and the other ticket shall be retained by the seller.

A dealer in ice who refuses or neglects to provide a suitable scale for each vehicle used by him for the retail delivery of ice, shall upon conviction in any court of competent jurisdiction, be punished by a fine of not less than five dollars nor more than fifty dollars. [1921; last amended 1945.]

Sec. 21. Packaged commodities: Marking requirements; tolerances; definitions.

It is unlawful to keep for the purposes of sale, or to offer or expose for sale, or sell, any commodity in package form unless the net quantity of the contents is plainly and conspicuously marked on the outside of the package, in terms of weight, measure, or numerical count: Provided, however, that reasonable variations or tolerances shall be permitted, and that these reasonable variations or tolerances and exemptions shall be established by rules and regulations made and promulgated by the Director of Agriculture: And, provided, further, that this section shall not be construed to apply to those commodities in package form, the manner of sale of which is specifically regulated by other sections of this Act [Secs. 1-42].

The words in "package form" as used in this section shall be construed to include a commodity in a package, carton, case, can, box, barrel, bottle, phial, or other receptacle, or in coverings or wrappings of any kind, put up by the manufacturer, or, when put up prior to the order of the commodity, by the vendor, which may be labeled, branded, or stenciled, or otherwise marked, or which may be suitable for labeling, branding, or stenciling, or marking otherwise, making one complete package of the commodity. The words "in package form" shall be construed to include both the wholesale and the retail package. "Package" as used in this section, does not include any container in which are packed or contained packages of a smaller size of a commodity, but this section applies only to the container, directly enclosing the commodity. [1921; last amended 1943.]

Sec. 21a. Misleading container or wrapper.

It is unlawful to keep for the purpose of sale, offer or expose for sale, or sell any commodity in package form if its container is so made, or formed, or if it is so wrapped, as to mislead the purchaser as to the quantity of the contents. [1945]

Sec. 21b. Discrepancies due to unavoidable causes.

There shall be no violation under this Act [Secs. 1-42], for any discrepancy between actual weight or volume at the time of sale to the consumer, and the weight marked on the container, or between the fill of container and the capacity of the container, if such discrepancy is due to unavoidable leakage, shrinkage, evaporation, waste, or to causes beyond the control of the seller acting in good faith. [1945]

Sec. 22. Net amount of cotton or other textile commodities on label; definitions.

It shall be unlawful to keep for the purpose of sale, offer or expose for sale, or sell, any commodity composed in whole or in part of cotton, wool, linen, or silk, or any other textile material on a spool or similar holder, or in a container or band, or in a bolt or roll, or in a ball, coil, or skein, or in any similar manner, unless the net amount of the commodity in terms of weight or measure shall be definitely, plainly and conspicuously marked on the principal label, if there be such a label; otherwise on a wrapping, band, or tag attached thereto.

The words "spool or similar holder, container, or band, bolt or roll, or ball, coil or skein," shall be construed to include the spool or similar holder, container or band, bolt or roll, or ball, coil, or skein, put up by the manufacturer; or when put up prior to the order of the commodity, by the vendor. It shall be held to include both the wholesale and the retail package. [1921]

Sec. 23. Butter, etc., to be sold by weight; sizes of print; statement of weight on label or wrapper.

It shall be unlawful for any person to sell, or offer to sell, any butter or renovated or process butter or oleomargarine in any other manner than by weight. It shall be unlawful for any person to put up, pack, or keep for the purpose of sale, offer or expose for sale, or sell any butter or renovated or process butter, or oleomargarine, in the form of prints, bricks, or rolls in any other than the following sizes, to-wit: One-quarter pound, one-half pound, one pound, one and one-half pounds, or multiples of one pound. Each print, brick, or roll shall bear a definite, plain, and conspicuous statement of its true net weight, on the principal label, where there be such a label, otherwise on the outside wrapper thereof; such statement shall be in Gothic type not less than one-quarter inch square.

The prints, bricks, or rolls referred to in this section shall be construed to include those prints, bricks, or rolls put up by the manufacturer or pro-

Smith-Hurd Annotated Statutes, Ch. 147—Weights and Measures—Continued.

ducer; or, when put up prior to the order of the commodity, by the vendor. [1921]

Sec. 24. Bread to be sold by weight.

All bread kept for the purpose of sale, offered or exposed for sale, or sold, shall be sold by weight, and cities required by this Act [Secs. 1-42] to appoint inspectors of weights and measures may enact and enforce ordinances regulating the same. [1921]

Sec. 25. Milk bottles: Capacity; variations permissible; designating number; bond; penalty.

Bottles used for the sale of milk or cream shall be of the following capacities only: one gill, one-half pint, one-third quart, one pint, one quart, three pints, one-half gallon, one gallon, and full multiples of a gallon when filled to the bottom of the cap, ring or stopple. The following variations on individual bottles may be allowed to wit: 1 gill, 2 drams; $\frac{1}{2}$ pint, 2 drams; $\frac{1}{3}$ quart, $2\frac{1}{2}$ drams; 1 pint, 3 drams; 1 quart, 4 drams; 3 pints, 5 drams; $\frac{1}{2}$ gallon, 6 drams; 1 gallon, 10 drams; exact multiples of a gallon. 8 drams for each additional gallon over 1 gallon, above variation to be in excess or in deficiency. Bottles used for the sale of milk or cream shall have clearly blown or otherwise permanently marked in the side of the bottle, the capacity of the bottle and the word "sealed"; and in the side or bottom of the bottle the name, initials, or trade-mark of the manufacturer and a designating number, which designating number shall be different for each manufacturer and may be used in identifying the bottles. The designating number shall be furnished by the Director of Agriculture upon application by the manufacturer, and upon the filing by the manufacturer of a bond in the sum of \$1,000, with sureties, to be approved by the Director of Agriculture, conditioned upon their conformance with the requirements of this section. A record of the bonds furnished and the designating numbers and to whom furnished shall be kept in the office of the Director of Agriculture.

Any manufacturer who sells or offers to sell milk or cream bottles to be used in this State that do not comply, as to size and markings, with the provisions of this section shall suffer a penalty of \$500, to be recovered by the Attorney General in an action against the offender's bondsman to be brought in the name of the People of the State. Any dealer who uses, for the purpose of selling milk or cream, jars or bottles purchased after this amendatory act takes effect that do not comply with the requirements of this section as to markings and capacity, is guilty of using a false or insufficient measure. [1921; last amended 1945.]

Sec. 26. Standard barrel for fruits, vegetables and dry commodities; exceptions.

The standard barrel for fruits, vegetables and dry commodities other than cranberries shall be of the following dimensions when measured without distention of its parts: Length of staves, twenty-eight and one-half inches; diameter of heads, seventeen and one-eighth inches; distance between heads, twenty-six inches; circumference of bulge, sixty-four inches, outside measurement; and the thickness of staves not greater than four-tenths of an inch: Provided, that any barrel of a different form having a capacity of seven thousand and fifty-six cubic inches shall be a standard barrel. The standard barrel for cranberries shall be of the following dimensions when measured without distention of its parts: Length of staves, twenty-eight and one-half inches; diameter of heads, sixteen and one-fourth inches; distance between heads, twenty-five and one-fourth inches; circumference of bulge, fifty-eight and one-half inches, outside measurement; and the thickness of staves not greater than four-tenths of an inch.

It shall be unlawful for any person to offer or expose for sale, sell, or ship any other barrels for fruits, vegetables, or other dry commodities, or to offer or expose for sale, sell, or ship any fruits, vegetables, or other dry commodities in other barrels than the standard barrel as defined in this section, or subdivisions thereof known as the third, half, or three-quarters barrel: Provided, however, that nothing in this section shall apply to barrels used in packing or shipping commodities sold exclusively by weight or numerical count: And, provided, further, that no barrel shall be deemed below standard within the meaning of this section when shipped to any foreign country and constructed according to the specifications or directions of the foreign country to which the same is intended to be shipped. [1921]

Sec. 27. Containers holding one quart or less.

It shall be unlawful to procure or keep for the purpose of sale, offer or expose for sale, sell, or give away baskets or other open containers for berries or small fruits, holding one quart or less, or to procure or keep for the purpose of sale, offer or expose for sale, or sell berries or small fruits in baskets or other open containers, holding one quart or less, of any other than the following capacities, when level full: One quart, one pint, or one-half pint, standard dry measure. [1921]

Sec. 28. Net weight of commodity to be basis of sales.

Whenever any commodity is sold on a basis of weight, it shall be unlawful to employ any other weight in such sale than the net weight of the commodity; and all contracts concerning goods sold on a basis of weight shall be understood and construed accordingly. Whenever the weight of a commodity is mentioned in this act [Secs. 1-42], it shall

be understood and construed to mean the net weight of the commodity. [1921]

Sec. 29. Standard of length and surface.

The unit or standard of length and surface, from which all the other measures of extension, whether lineal, superficial or solid, shall be derived and ascertained, is the standard yard designated in this Act [Secs. 1-42], which is divided into three equal parts called feet, and each foot into twelve equal parts called inches. For measures of cloth and other commodities commonly sold by the yard, it may be divided into halves, quarters, eighths and sixteenths. The rod, pole, or perch contains five and one-half yards; the mile one thousand seven hundred and sixty yards. The chain for measuring land is twenty-two yards long and is divided into one hundred equal parts called links. The acre for land measurement shall be measured horizontally and contain ten square chains, equivalent in area to a rectangle sixteen rods in length and ten in breadth, six hundred and forty acres being contained in a square mile. [1921]

Sec. 33. Contracts within state to be construed according to standard.

Contracts hereafter to be executed, made within this State, for any work to be done, or for anything to be sold, delivered, done or agreed for, by weight or measure, shall be taken and construed to be made according to the standard weight and measure ascertained as hereinbefore provided unless there is an express provision to the contrary. [1921]

Sec. 34. Weight per bushel or barrel.

Whenever any of the following articles are contracted for, or sold, or delivered, and when no special contract or agreement is made to the contrary, the weight per bushel or barrel or divisible merchantable quantities of a bushel or barrel shall be as follows:¹

Sec. 35. Same: Offenses; penalties.

Whoever, in buying any of the articles of property mentioned in the preceding section, shall take any greater number of pounds thereof to the bushel, barrel, or cubic yard or divisible merchantable

Smith-Hurd Annotated Statutes, Ch. 147—Weights and Measures—Continued.

quantity of a bushel, barrel or cubic yard, or in selling any of said articles, shall give any less number of pounds thereof to the bushel, barrel or cubic yard or divisible merchantable quantity of a bushel, barrel or cubic yard than is allowed by said section, with intent to gain an advantage thereby, except expressly authorized so to do by special contract or agreement to that effect, shall be liable to the party injured in double the amount of the property so wrongfully taken or not given and ten dollars in addition thereto, to be recovered in any form of action in any court of competent jurisdiction. [1921]

Sec. 36. Firewood; cord; penalty.

Whenever any firewood shall be contracted for or sold or delivered, and when no special contract or agreement shall be made to the contrary, one hundred and twenty-eight cubic feet shall constitute a cord.

Whoever, in buying same, shall take any greater number of cubic feet thereof to the cord, or divisible merchantable quantity of a cord, or in selling same, shall give any less number of cubic feet to the cord or divisible merchantable quantity of a cord; with intent to gain an advantage thereby, except expressly authorized so to do by special contract or agreement to that effect, shall be liable to the party injured in the same manner as is provided in Section 35 hereof. [1921]

Sec. 36a. Types of weights, measures or devices; department to pass upon.

The Department of Agriculture shall pass upon each type of weight and measure and weighing and measuring device manufactured, offered or exposed for sale or sold or given away, for the use in trade or commerce, or used in trade and commerce, in the State of Illinois, and approve or disapprove of said type. The said Department shall approve each type of weight and measure and weighing and measuring device submitted to it for approval by any person if such type is so designed and constructed that it conforms to, or gives correct results in terms of standard weights and measures or in terms of values derived therefrom, and is reasonably permanent in its indication and adjustment, and does not facilitate the perpetration of fraud, otherwise the Department shall disapprove the same. [1945]

Sec. 36b. Manner of submission of type.

The submission of a type may be by sample or by specifications if, in the judgment of the Department, such specifications are adequate, or in such other manner as may be prescribed by the rules and regulations. [1945]

Sec. 36c. Certificate of approval; notice of disapproval; review of decision.

When a type of weight or measure or weighing or measuring device is approved, the said Depart-

ment shall issue a certificate to this effect to the person submitting such type. When a type is disapproved, the said Department shall notify the person submitting the same of its decision, setting out the reason therefor, together with such information and references as may be useful in judging the propriety of the disapproval, and shall give such person an opportunity to be heard in support of his application for approval. If the person is dissatisfied with the decision of the Director of Agriculture, he may appeal to the Circuit court of the county of which he is a resident: Provided, that after December 31, 1945, no proceeding to review judicially a decision of the Director hereunder shall be instituted except only under and in accordance with the provisions of the "Administrative Review Act," approved May 8, 1945,¹ and amendments and modifications thereof, and the rules adopted pursuant thereto. [1945]

¹ Chapter 110, Secs. 264-279, Smith-Hurd Annotated Statutes.

Sec. 36d. Manufacture, sale or use of unapproved type of weights, measures or devices.

From and after one year after this amendatory act¹ takes effect, it is unlawful for any person to manufacture, offer or expose for sale, or sell or give away for use in trade or commerce, or to use in trade or commerce, any weight or measure or weighing or measuring device of a type not approved in accordance with the provisions of this act; Provided, however, in case of weights and measures and weighing and measuring devices manufactured and ready for sale or in use in the State of Illinois at the time this section takes effect, no approval of type is necessary, and it is lawful for any person to offer or expose for sale or sell, for use in trade or commerce, or to use in trade or commerce, such weights and measures and weighing and measuring devices, unless they do not conform to or give correct results in terms of standard weights or measures or in terms of values derived therefrom: And provided further, if the type of a weight or measure or weighing or measuring device is intended for shipment outside the State of Illinois no approval of type is necessary, but if said weight or measure or weighing or measuring device is in fact sold or offered for sale, for use in trade or commerce, or used in trade or commerce, in the State of Illinois, then this proviso shall not exempt such weight or measure or weighing or measuring device from the operation of any of the provisions of this act. [1945]

¹ Laws 1945, p. 1765, approved July 18, 1945; amends secs. 1, 3, 4, 5, 6, 7, 8, 9, 12, 13, 16, 17, 18, 19, 20, 25, 34, 37, 38, 39, 42, and adds secs. 3a-3k, 21a-21b, 36a-36l, and 38a-38c to Act of 1921.

Sec. 36e. Guaranty by seller or manufacturer as defense.

No person shall be prosecuted under the provisions of this act [Secs. 1-42] if he can establish a

guaranty, signed by the person from whom the weight or measure or weighing or measuring device was purchased, or otherwise obtained, or from the manufacturers thereof, to the effect that the type of the same has been approved, if such approval is required by the provisions of this act, and, if such approval is not required, setting out this fact, or if he can establish, that the weight or measure or weighing or measuring device has been sealed by the local sealer of weights and measures. The said guaranty, to afford protection, shall contain the name and address of the guarantor, and, in such case, said guarantor shall be amenable to the prosecution, fines, or other penalties which would attach to such person under the provisions of this Act. But in any case where any such person has actual notice that the type of such weight or measure or weighing or measuring device has not in fact been approved, when such approval is required by the provisions of this act, it is unlawful for such person thereafter to offer or expose such weight or measure or weighing or measuring device for sale, or to sell it, for use in trade or commerce, or to use it in trade or commerce. [1945]

Sec. 36f. Registration of approved types; issuance of descriptions.

The Department of Agriculture shall register and give a serial number to each type of weight or measure or weighing or measuring device submitted and approved as provided in this act, and shall issue, from time to time, descriptions of such approved types, giving serial number of each type, copies of which shall be furnished to all weights and measures officials. [1945]

Sec. 36g. Marking devices with manufacturer's name and serial number.

From and after one year after this amendatory act [Secs. 1-42] takes effect, it is unlawful to manufacture, offer or expose for sale or sell or give away, for use in trade or commerce, or to use in trade or commerce, any weight or measure or weighing or measuring device which does not have cast, stamped, etched, or otherwise marked thereon, the name of the manufacturer and the serial number of the approved type to which it belongs: Provided, however, whenever it appears to the satisfaction of the Department of Agriculture that any type of weight or measure or weighing or measuring device is such as to render it impracticable to mark it as required by this section, the said Department shall furnish a certificate to that effect to any manufacturer applying for the same, and such weights and measures and weighing and measuring devices need not be marked as required by the provisions of this section. [1945]

Sec. 36h. Simulation of serial number; penalty.

It is unlawful to cast, stamp, etch, or otherwise mark, upon any weight or measure or weighing or measuring device, the type of which has not been

approved as required by the provisions of this act [Secs. 1-42], any design or device simulating a serial number required by the provisions of section seven [Sec. 36g] of this act.

Any person who violates any of the provisions of this section is guilty of a misdemeanor, and, shall be punished by a fine of not more than five hundred dollars, or by imprisonment for not more than one year, or by both. [1945]

Sec. 36i. Separate approval and serialization of part of device.

In case any person desires to have the type of a part of a weight or measure or weighing or measuring device separately approved and serialized, and applies therefor, and the Department of Agriculture decides that the part is such that this may properly be done, then such part may be approved and serialized or disapproved as to type, under the same provisions and restrictions as are applied to the approval and serialization or the disapproval of a type of weight or measure or measuring device by the provision of this act [Secs. 1-42]. [1945]

Sec. 36j. Presumption that device intended for use in trade; marking devices not so intended.

It is presumed that a weight or measure or weighing or measuring device is intended for use in trade or commerce if it is manufactured, offered or exposed for sale, or sold, for use in the State of Illinois, or is used therein, unless it bears a plain, legible, conspicuous, and permanent statement to this effect "Not legal for trade." It is unlawful to use in trade or commerce any weights or measure or weighing or measuring device which is marked as described above: Provided, however, that whenever it appears to the satisfaction of the Department of Agriculture that any type of weight or measure or weighing or measuring device is such as to render it impracticable to mark it as required by this section, or is of such design and construction that it is obviously not intended for use in trade or commerce, the said Department shall furnish the same, and such types of weights and measures and weighing and measuring devices need not be marked as required by the provisions of this section. [1945]

Sec. 36k. Sealing of weights, measures and devices; approval of type not evidence of correctness of individual device.

Inspectors of weights and measures of the State of Illinois may seal, for use in trade or commerce, all weights and measures and weighing and measuring devices, the type of which has been approved as required by the provisions of this act [Secs. 1-42], or specifically exempted from the necessity of approval by the provisions of this act, when they find that the same are within the tolerance prescribed under the rules and regulations: Provided, however, that this shall not be construed as meaning that the approval of a type shall be taken as evidence of the correctness of any individual weight or measure or weighing or measuring device of that type, or pre-

Smith-Hurd Annotated Statutes, Ch. 147—Weights and Measures—Continued.

vent any such inspection of weights and measures from prohibiting the use of any individual weight or measure or weighing or measuring device which is found to be inaccurate or otherwise defective or unlawfully used and enforcing any penalty provided by this act. [1945]

Sec. 36l. Proceedings for enforcement of penalties.

The Director of Agriculture and his deputies and the inspectors of weights and measures of the cities who find satisfactory evidence of any violation of the provisions of this act [Secs. 1-42] shall cause appropriate proceedings to be commenced and prosecuted, without delay, for the enforcement of the penalties as in such case herein provided: Provided, however, that no action or prosecution shall be brought against any person for any violation of this act unless the same is commenced within one year after the offense is committed. [1945]

Sec. 37. Fees.

The Director of Agriculture and each city inspector of weights and measures shall receive and collect fees for the use of the State or city as the case may be for service at the following rates, which shall be due and payable at the time of such inspection:

For testing scales of the capacity of 23,500 pounds and upwards, except hopper scales	5.00
For testing scales of the capacity of 5,000 to 23,500 pounds, except hopper scales	2.50
For testing scales of the capacity of 2,000 to 5,000 pounds, except hopper scales	1.00
For testing scales of the capacity of 240 to 2,000 pounds, except hopper scales	.50
For testing scales of less capacity than 240 pounds	.30
For testing every automatic weighing machine, on every instrument or device of a capacity or less than three tons used for weighing or measuring any person or animal, for hire or reward, each	.75
For testing liquid measures of the capacity of one gallon and upwards, each	.15
For testing any other liquid measure not used for compounding and manufacturing purposes, each	.10
For testing yard measures, each	.10
For testing any linear measure, for each three feet	.10
For testing any tape line exceeding 50 feet in length, each	.75
For testing any automatic machine used for linear measuring, each	.75
For testing any automatic device used for measuring or dispensing liquids at retail, except vehicle tanks	1.00
For testing any automatic device used for measuring or dispensing liquids on vehicle tanks or at bulk stations, size 1½ inch	2.50
For testing any automatic device used for measuring or dispensing liquids on vehicle tanks or at bulk stations, size 1½ and 2 inches	3.00
For testing any automatic device used for measuring or dispensing liquids on vehicle tanks or at bulk stations, size 2½ and 3 inches	5.00
For testing any automatic device used for measuring or dispensing liquids on vehicle tanks or at bulk stations, size 4 inches	15.00
For testing any automatic device used for measuring or dispensing liquids on vehicle tanks or at bulk stations, size 6 inches	25.00
For calibrating for capacity any vehicle tank, each \$2.50 for each 1,000 gallons or fraction thereof.	

They shall also receive, for the use of the State or city, as the case may be, a reasonable compensation for making such weights and measures conform to the standards established by this Act [Secs. 1-42]; Provided, however, that no charge shall be made by the Department of Agriculture for inspecting and sealing of weights, measures, scales or beams which belong to any city and which are sent or brought to the Department of Agriculture for that purpose by the inspector of weights and measures of such city. [1921; last amended 1945.]

Sec. 38. Measure used in sale of gasoline, etc.

It is unlawful to sell or offer for sale any gasoline, naphtha, kerosene, wood alcohol or other oils or liquids used in producing light or heat, or generating gas or power by any measure other than that provided in Section 1 of this Act [Secs. 1-42]. [1921; last amended 1945.]

Sec. 38a. Calibration and sealing of devices for sale of petroleum and products; rate of flow.

No liquid measuring device shall be used for the delivery or sale, either retail or wholesale, of petroleum or any liquid petroleum products thereof, unless the same has been calibrated for accuracy of delivery and sealed by the Department of Agriculture.

The installation of a wholesale device shall be such that the rate of flow through the device will not exceed the rated capacity of the device. If necessary to accomplish this result, effective automatic means for flow regulation shall be installed. [1945]

Sec. 38b. Vehicle tanks; measuring devices; calibration; marking.

It is unlawful for any person, firm, partnership or corporation to operate upon the public highways of Illinois any vehicle tank not equipped or furnished with a meter or other device for measuring deliveries therefrom unless said vehicle tank shall have been calibrated for capacity and sealed by the Department of Agriculture and the said Department shall reserve to itself enforcement of the provisions of this Act [Secs. 1-42] which apply to the delivery or sale of petroleum or any liquid products thereof in all cities, towns or villages in Illinois having a population of less than 200,000.

All vehicle tanks and all devices designed to be attached thereto and used in connection therewith shall be of such design and construction that they do not facilitate the perpetration of fraud.

When a vehicle tank has been calibrated for capacity and sealed by the Department of Agriculture, the Director of Agriculture shall issue to the owner or operator, a certificate of calibration showing the calibrated capacity of each compartment and a duplicate copy of such certificate shall accompany said vehicle tank at all times.

Each vehicle tank operated upon the public highways shall have printed in letters and figures not

less than one inch in height in a conspicuous place on each compartment of each tank the calibrated capacity of each compartment and the date on which the vehicle tank was calibrated. [1945]

Sec. 38c. Exemption of vehicle tanks and devices not used in transactions with others.

Nothing in this Act [Secs. 1-42] shall apply to vehicle tanks or measuring or weighing devices used solely by the owner thereof for his own purposes and not used in determining or proving the quantity or weight of goods purchased or sold nor in weighing or measuring for others. [1915]

Sec. 39. Offenses; penalties.

Any person who, by himself or by his servant or agent, or as the servant or agent of another person, offers or exposes for sale, sells, or uses in the buying or selling of any commodity or thing, or uses for hire or award, or in the computation of any charge for services rendered on the basis of weight or measure, or in the determination of weight or measure when a charge is made for such determination, or retains in his possession a false weight or measure or weighing or measuring device, or any weight or measure or weighing or measuring device which has not been sealed by the Director of Agriculture within one year, or shall dispose of any condemned weight, measure, or weighing or measuring device contrary to law, or remove any tag placed thereon by the Director of Agriculture; or who sells or offers or exposes for sale less than the quantity he represents of any commodity, thing, or service, when, as the buyer, he furnishes the weight, measure, or weighing or measuring device by means of which the amount of any commodity, thing, or service is determined; or who keeps for the purpose of sale, offers or exposes for sale, or sells any commodity in a manner contrary to law; or who violates any provision of this Act [Secs. 1-42] for which a specific penalty has not been provided; or who sells or offers for sale, or uses or has in his possession for the purpose of selling or using any device or instrument to be used to or calculated to falsify any weight or measure, shall be guilty of a misdemeanor, and shall be fined not less than \$20 nor more than \$200, or be imprisoned for not more than three months, or both upon a first conviction, and upon a second or subsequent conviction he shall be fined not less than \$50 nor more than \$500, or be imprisoned in the county jail for not more than one year, or both. [1921; last amended 1945.]

Sec. 41. Inspectors not to be interested in sale of weights.

No person authorized by this Act [Secs. 1-42] to inspect weights, measures, scales, beams or other measuring devices shall vend any weights, measures, scales, weighing or measuring devices of any kind

whatsoever to be used for weighing or measuring, or offer or expose the same for sale, or be interested, directly or indirectly, in the sale of same. [1921]

Sec. 42. Rules and regulations.

Reasonable rules and regulations for carrying out and enforcing this act [Secs. 1-42] shall be adopted by the Department of Agriculture. They shall include reasonable variations or tolerance which may be allowed on weights and measures and weighing and measuring devices and specifications for such weights and measures and weighing and measuring devices, the manner of casting, stamping, etching, or otherwise marking the name of the manufacturer and serial number on them for the guidance of manufacturers in the design and construction of such weight and measures and weighing and measuring devices; reasonable variations or tolerances in excess only or in excess and deficiency, which may be allowed in relation to the weight of loaves of bread; reasonable variations or tolerances and exemptions in regard to the net quantity of commodities sold in package form; the procedure to be followed by the State and city inspectors and tables of specifications and tolerances for their guidance in discharge of their duties; and prescribe the manner in which a type of weight or measure or weighing or measuring device may be submitted to the Department of Agriculture for approval.

Such rules and regulations shall be in substantial conformity with those approved by the National Bureau of Standards and those promulgated under the Federal Food, Drug and Cosmetic Act¹ and shall have the force and effect of law. [1921; last amended 1945.]

¹ 21 U. S. C. A. Secs. 301 et seq.; 52 Stat. 1040, et. seq.

Sec. 45. "Cotton duck": Definition.

That for the purpose of this act [Secs. 45-51] cotton duck or canvas shall be deemed to include all cotton duck or canvas, whether single filling, double filling, army, roll or wide duck. [1917]

Sec. 46. Same: "Yard," "ounce," defined.

That for the purpose of this act [Secs. 45-51] the equivalent of thirty-six (36) inches in length by twenty-nine (29) inches in width, or seven and one-fourth (7 $\frac{1}{4}$) square feet of cotton duck or canvas shall constitute a yard, and an ounce shall be one-sixteenth part of a pound avoirdupois. [1917]

Sec. 47. Same: Marking requirements.

Any person, firm or corporation who shall manufacture for sale or who may offer or expose for sale any cotton duck or canvas or any article other than clothing and wearing apparel composed or made in whole or in part of cotton duck or canvas, shall distinctly and durably stamp, brand or mark thereon the true and correct weight of such cotton duck or canvas, by ounces per yard, together with a descrip-

tion by name of any filler or other preparations placed in or on said cotton duck or canvas since its manufacture. [1917]

Sec. 48. Same: Sale without brand or misrepresenting weight prohibited.

It shall be unlawful for any person, firm or corporation either individually or in any representative capacity, to carry for sale, sell or endeavor to sell any cotton duck or canvas as herein defined, or any articles other than clothing and wearing apparel composed or made in whole or in part of any cotton duck or canvas without having marked thereon the true and correct weight of said canvas, or cotton duck by ounces per yard, together with a description by name of any filler or other preparations placed in or on said cotton duck or canvas since its manufacture, or to misstate, misrepresent or conceal the true weight of said canvas or cotton duck by ounces per yard, or to misstate [,] misrepresent or conceal the existence of any filler or other preparation placed in or on said cotton duck or canvas since its manufacture. [1917]

Sec. 49. Awnings, etc.: Misrepresenting dimensions prohibited.

It shall be unlawful for any person, firm or corporation either individually or in representative capacity selling, carrying for sale or endeavoring to sell any awnings, paulins, wagon covers, tent, grain and hay covers, stable or tent tops, to misstate or misrepresent or conceal the true and correct size and dimensions thereof. [1917]

Sec. 50. Effacing mark prohibited.

It shall be unlawful for any person to deface, mutilate, obscure, conceal, efface, cancel or remove any mark provided for by this act [Secs. 45-51], or cause or permit the same to be done with intent to mislead, deceive or to violate any of the provisions of this act. [1917]

Sec. 51. Penalty for violations.

Any person, firm or corporation violating any of the provisions of this act [Secs. 45-51] shall be deemed guilty of a misdemeanor and on conviction thereof shall for the first offense be punished by a fine of not less than twenty-five dollars (\$25) nor more than fifty dollars (\$50) and for each subsequent offense by a fine of not less than fifty dollars (\$50) nor more than one hundred dollars (\$100). [1917]

Sec. 52. Standard weight containers for flour, corn meal, hominy and hominy grits; exceptions.

It shall be unlawful for any person, partnership, corporation, company, cooperative society, or organization to pack for sale, sell, offer or expose for sale in this State any of the following commodities except in containers of net avoirdupois weights of two (2), five (5), ten (10), twenty-five (25), fifty

(50), and one hundred (100) pounds, and multiples of one hundred (100) pounds: Wheat flour, self-rising wheat flour, phosphated wheat flour, bromated flour, enriched flour, enriched self-rising flour, enriched bromated flour, corn flour, corn meals, hominy and hominy grits; provided, however, that the provisions of this Act [Secs. 52-53] shall not apply to (a) the retailing of flours, meals, hominy and hominy grits direct to the consumer from bulk stock, or (b) the sale of flours and meals to commercial bakers or blenders in containers of more than one hundred (100) pounds, or for export, or (c) flours, meals, hominy and hominy grits packed in containers the net contents of which are less than five (5) pounds, or (d) the exchange of wheat for flour by mills grinding for toll. [1945]

Sec. 53. Same: Penalty for violations.

Any violation of this Act [Secs. 52-53] shall constitute a misdemeanor and upon conviction, the offender shall be fined not less than twenty-five dollars (\$25.00) nor more than five hundred dollars (\$500.00) for each offense. [1945]

Sec. 23-91. Same: Tax and regulate public scales.

To license, tax, and regulate * * * public scales, * * *. [1941]

Smith-Hurd Annotated Statutes, Ch. 5—Commercial Fertilizers.

Sec. 47. Definition.

The term "Commercial fertilizer", as used in this Act [Secs. 47-52], shall mean any substance, including any combination or mixture, designed and offered for sale for use in inducing increased crop yield when applied to the soil; provided that the following natural products, agricultural limestone, marl and unprocessed animal manure, which have not been manipulated so as to alter or change them chemically, and burnt or hydrated lime shall not be subject to the provisions of this Act. [1927; last amended 1945.]

Sec. 48. Registration; marking requirements.

Before any commercial fertilizer is sold, offered for sale or exposed for sale in this State, the manufacturer, dealer, importer, agent or party who causes it to be sold or offered for sale for use or consumption in the State of Illinois shall register with the Department of Agriculture, on forms to be supplied by it, a statement giving * * *:

1. Weight of each package in pounds;

* * *

(B) The vendor shall brand or attach to each bag, barrel or package, or in the case of bulk shipments, shall attach to the invoice, a copy of the statement set forth above, * * *. [1927; last amended 1947.]

Sec. 51. False representation as to net weight.

It shall be a violation of the provisions of this act [Secs. 47-52] if the statements required shall be false in regard to the net weight of the contents of the package sold, * * *. [1927; last amended 1945.]

Sec. 52. Penalty for violations.

Any person selling or offering for sale any fertilizer or fertilizer material without first having complied with the provisions of this Act [Secs. 47-52], or who violates any of the provisions of this Act, or who offers for sale, exposes for sale or sells any commercial fertilizer which has not been registered or who shall fail to pay the license fee herein provided as the same becomes due, shall be deemed to be

guilty of a misdemeanor, and, upon conviction thereof, shall be fined not less than fifty dollars (\$50.00) nor more than three hundred dollars (\$300.00). All fines imposed and collected under this Act shall be paid within thirty days after such collection to the Department of Agriculture and by it paid into the State treasury. [1927; last amended 1947.]

Smith-Hurd Annotated Statutes, Ch. 5—Standard Containers for Agricultural Products.

Sec. 92. Definitions.

As used in this Act [Secs. 92-105], the word "Director" means the Director of the Department of Agriculture, and the term "agricultural products" includes all farm, dairy, bee, viticultural and horticultural products. [1923; last amended 1929.]

Sec. 93. Director may fix standards; rules and regulations; tolerances.

In order to promote, protect, further and develop the agricultural interests of this State, the director is hereby authorized, after investigation and public hearing, * * * to fix and promulgate official standards for containers of farm products, and to change any of them from time to time. The director shall promulgate regulations prescribing such tolerances as may be deemed necessary permitting such variations from the standards fixed under this Act [Secs. 92-105], as are reasonably incident to the proper grading of agricultural products, or to the manufacture of containers for such products. [1923]

Sec. 94. Notice of standards.

In promulgating the standards or any alterations or modifications of such standards, the director shall specify the date or dates when the same shall become effective, and shall give public notice not less than thirty days in advance of the date when the standard for any agricultural product shall become effective and one year in advance of the date when a standard for any container shall become effective by such means as he deems proper, and he is hereby authorized to employ reasonable methods for diffusing information concerning the standard that may be fixed by him for any agricultural product or container. [1923]

Sec. 95. Cooperation with U. S. Government.

The director is authorized to fix and promulgate as the official standard for this State for any agricultural product or container the standard for such product or container which may have been promulgated or announced therefor under the authority of the Congress of the United States, and in carrying out the provisions of this Act [Secs. 92-105] the director is authorized to cooperate with the United States or any department thereof in accomplishing the matters and things provided for herein. [1923]

Smith-Hurd Annotated Statutes, Ch. 5—Standard Containers for Agricultural Products—Continued.

Sec. 99. Regulations.

The director is hereby authorized to promulgate regulations for carrying out the purposes and provisions of this Act [Secs. 92-105]. * * * [1923; last amended 1931.]

Sec. 102. Closed packages: Marking requirements; definitions; offenses; penalty.

* * * * *

Every closed package containing fresh fruits and vegetables sold, offered or exposed for sale, * * * shall have stamped, stenciled or labeled upon the outside * * * the minimum size or numerical count, or net weight of the contents of the package. * * * The letters or figures used in marking or branding closed packages of fresh fruits and vegetables under this Act [Secs. 92-105] shall be of a size of not less than one-half inch high.

"Closed package" shall be construed to mean a barrel, box, basket, sack, carrier or crate, of which all of the contents cannot readily be seen or inspected when such package is prepared for market. Fresh fruits or vegetables in baskets or boxes, packed in closed or open crates, and packages covered with burlap, tarlatan or slat covers shall come within the meaning of the term "closed package".

* * * * *

No person shall pack for sale, ship for sale, offer or consign for sale, or sell, in closed packages, fresh fruits or vegetables grown in this State which are not graded, packed and marked or branded in accordance with the provisions of this Act.

* * * * *

No person shall falsely brand, mark, stencil or label, any package or container required by this Act to be branded, marked, stenciled or labeled, nor shall remove, alter, deface, mutilate, obliterate, imitate, or counterfeit any brand, mark, stencil or label so required under this Act.

When any closed package is used for the repackaging of fresh fruits or vegetables, all names, brands or marks, relating to any former packing must be removed or obliterated.

Whenever any standard for a container for an agricultural product becomes effective under this Act, no person thereafter shall manufacture for commerce within the jurisdiction of this State, or sell, ship, or offer for sale in such commerce any container, either filled or unfilled, to which the standard is applicable, which does not comply with such standard subject to such tolerance as may be permitted under this Act.

Any person violating this section shall be guilty of a misdemeanor and upon conviction thereof shall be fined not more than two hundred dollars (\$200.00). [1923; last amended 1935.]

Smith-Hurd Annotated Statutes, Ch. 38, Div. I—Paris Green.

Sec. 187. Marking requirements.

That every lot or parcel of Paris green sold, or offered or exposed for sale, within the state shall have affixed thereto in a conspicuous place a printed label bearing the words, "High grade, for insecticide purposes," or the words, "Not for insecticide purposes," and every package labeled as of high grade for insecticide purposes shall have affixed thereto a plainly printed statement clearly and truly certifying * * * the net weight of the package, * * *. If the Paris green is sold in bulk for insecticide purposes, or if it is put up in packages and sold at retail to the purchaser, the agent or dealer shall furnish the purchaser with the label and statement described in this section, * * *. [1907]

Sec. 188. Selling without label; penalty.

Any manufacturer, importer, agent or other person selling, offering, or exposing for sale, any Paris green without the label required by section one [Section 187] of this act [Secs. 187-189], or selling, offering, or exposing for sale as of high grade for insecticide purposes, any Paris green without the printed statement required by section one [Section 187] of this act, * * * shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than fifty dollars (\$50.00) nor more than two hundred dollars (\$200.00) for each offense. [1907]

Smith-Hurd Annotated Statutes, Ch. 38, Div. I—"Uniform Narcotic Drug Act."

Sec. 192.10. Marking requirements.

(1) Whenever a manufacturer sells or dispenses a narcotic drug, and whenever a wholesaler sells and dispenses a narcotic drug in a package prepared by him, he shall securely affix to each package in which that drug is contained a label showing in legible English * * * the quantity, * * * of narcotic drug contained therein. * * * [1935]

Sec. 192.22. Enforcement and cooperation.

It is hereby made the duty of the Department [of Registration and Education], its officers, agents, inspectors, and representatives, and of all peace officers within the State, and of all states attorneys, to enforce all provisions of this act [Secs. 192.1-192.28], except those specifically delegated, and to cooperate with all agencies charged with the enforcement of the laws of the United States, of this State, and of all other States, relating to narcotic drugs. [1935]

Sec. 192.23. Penalties for violations.

Whoever violates this Act [Secs. 192.1-192.28] shall be punished, for the first offense, by a fine not exceeding \$1,000.00, or by imprisonment in the

county jail for no longer than one year, or by both such fine and imprisonment, and for any subsequent offense, by a fine not exceeding \$5,000.00, or by imprisonment in the penitentiary for no longer than five years, or by both such fine and imprisonment. [1935; last amended 1949.]

Smith-Hurd Annotated Statutes, Ch. 56½—Foods.

Sec. 1. Enforcement of food laws.

The Department of Agriculture shall enforce all laws that now exist or that hereafter may be enacted in this state regarding the production, manufacture, sale and labeling of food as herein defined, and shall prosecute or cause to be prosecuted any person, firm or corporation, or agent thereof, engaged in the manufacture or sale of any article manufactured or sold in violation of the provisions of any such law or laws. [1907; last amended 1943.]

* * * * *

Sec. 5. Manufacturing misbranded food misdemeanor; exceptions.

It shall be unlawful for any person to manufacture for sale within the State of Illinois any article of food or drink which is adulterated and misbranded within the meaning of this act [Secs. 1-46].

* * * Any person who shall violate any of the provisions of this section shall be guilty of a misdemeanor, and, on conviction thereof, shall be punished according to the provisions of this act: Provided, that no article of food shall be deemed misbranded or adulterated within the provisions of this act when intended for export to any foreign country or purchaser, and prepared or packed according to the specifications or directions of the foreign country to which said article is intended to be shipped; but if said article shall be in fact sold or offered for sale for domestic use or consumption, then this proviso shall not except said article from the operations of any of the other provisions of this act. [1907; last amended 1915.]

Sec. 6. Possession of misbranded food prohibited.

The having in possession or control of any food which violates any of the provisions of this act [Secs. 1-46] with intent to sell the same or to use the same in violation of this act is hereby prohibited; and whoever shall have in his possession or control with intent to sell or offer for sale any food which violates any of the provisions of this act or with intent to use any such food in violation of the provisions of this act shall be guilty of a misdemeanor and punished as herein provided. The possession or control of any food which violates any of the provisions of this act shall [be] held to be prima facie evidence that such possession or control is or was with intent to sell or use such food in violation of this act. [1907; last amended 1915.]

* * * * *

Sec. 7. Definition of food.

The term "food," as used herein, shall include all articles used for food, drink, confectionery or condiment by man or other animals, whether simple, mixed or compound, and any substance used as a constituent in the manufacture thereof. [1907]

Sec. 9. When food deemed misbranded.

The term "misbranded," as used herein, shall apply to all articles of food or drink or articles which enter into composition of food or drink, the packages or labels of which bear any statement, design or device regarding such article, or the ingredients or substance contained therein which shall be false or misleading in any particular; * * *. That for the purpose of this act [Secs. 1-46] an article shall also be deemed to be misbranded—

In case of food:

• • • • •

Third—If in package form, the true quantity of the contents be not plainly and conspicuously marked on the outside of the package in terms of weight, measure, or numerical count: Provided, however, that reasonable variation shall be permitted and tolerances and also exemptions as to small packages shall be established by rules and regulations made in accordance with the provisions of Section 38¹ of this act.

* * * * *

Fifth—* * * an article of food which does not contain any added poisonous or deleterious ingredients shall not be deemed to be adulterated or misbranded in following cases:

1st—In case of mixture or compounds which may be now or from time to time hereafter known as articles of food under their own distinctive name, and which mixture or compound is not an imitation of or offered for sale under the distinctive name of another article, if the name be accompanied on the same label or brand with the name and address of the packer or dealer, and the net measure of the contents. [1907; last amended 1927.]

* * * * *

¹ Sec. 39, see page 294.

Sec. 15. Mutilating label prohibited.

Whoever shall deface, change, erase or remove any mark, label or brand provided for by this act [Secs. 1-46] with intent to mislead, deceive or to violate any of the provisions of this act, shall be held liable to the penalties of this act. [1907]

Sec. 20. Milk and cream: Standard glassware; offenses.

The state standard milk measure or pipettes shall have for milk a capacity of seventeen and six-tenth cubic centimeters, and the state standard test tube or bottles for milk shall have a capacity of two cubic centimeters at a temperature of sixty degrees Fahrenheit between "zero" and ten on the graduated scale

Smith-Hurd Annotated Statutes, Ch. 56½—Foods—
Continued.

marked on the necks thereof. For cream nine or eighteen grams shall be used, and the standard test tubes or bottles for cream shall have a capacity of three or six cubic centimeters respectively at a temperature of sixty degrees Fahrenheit between "zero" and thirty on the graduated scale marked on the necks thereof, and it is hereby made a misdemeanor to use any other measure, pipette, test tube or bottle to determine the percent of butter fat where milk or cream is purchased by, or furnished to creameries or cheese factories, and where the value of said milk is determined by the per cent of butter fat contained in the same. Any manufacturer, merchant, dealer, or agent in this state who shall offer for sale or sell a cream or milk pipette or measure, test tube or bottle which is not correctly marked or graduated as herein provided, shall be guilty of a misdemeanor and upon conviction thereof shall be punished as provided in this act [Secs. 1-46]. [1907; last amended 1911.]

Sec. 21a. Same: Babcock test for cream.

Cream for buttermaking purposes shall be purchased only on a butterfat basis, determined by accurate weights and use of the Babcock test, and according to the following grades: [1941]

* * * * *

Sec. 22. Same: Standard glassware only to be used.

In milk-receiving or manufacturing plants and other places using the Babcock test or any volumetric method for determining the fat content of milk or cream, where the result of such determination is to be used wholly or in part as a basis for payment or settlement for such milk or cream, or where the proceeds of cooperative creameries or such milk-receiving or manufacturing plants are allotted on the basis of the determination of milk fat, or where the result of such test is used for the purpose of official inspection, no bottle or pipette shall be used in such determination unless such bottle or pipette conforms to Section 20 of this act [Secs. 1-46].

* * * * *

Any person or persons using other than the proper bottles or pipettes, * * * shall be deemed to have violated the provisions of this Act. [1907; last amended 1947.]

Sec. 30. Seizure of misbranded food.

Whenever the Department of Agriculture shall have ground for suspicion that any article of food, found in possession of any person, firm or corporation, is adulterated or misbranded within the meaning of this act [Secs. 1-46], it may seize such article of food and make an inventory thereof, and shall leave a copy of such inventory with the party holding such suspected goods and tag the same "suspected"; and the Department shall notify in writing the person, firm or corporation in whose possession

it may be found, not to offer it for sale or sell or otherwise dispose of it until further notice in writing from the Department. * * * Such seizure may be had without a warrant and the Department, and all inspectors and agents appointed by it are given full power and authority of "policemen." * * * [1907; last amended 1943.]

Sec. 32. Guaranty protection.

* * * no person shall be prosecuted under this act [Secs. 1-46] for selling or offering for sale any article of food or drugs as defined herein, when it is found to be adulterated or misbranded within the meaning of this act, in the original unbroken package in which it was received by said person when he can establish a guaranty signed by the wholesaler, jobber, manufacturer or other party residing in the state, from whom he purchased such article, to the effect that it is not adulterated or misbranded in the original unbroken package in which said article was received by the dealer, within the meaning of this act, designating it. The guaranty to afford protection, shall contain the name and address of the party or parties making the sale to the dealer, and in such case the party or parties shall be subject to the penalties provided in this act: Provided, that no such guaranty shall operate as a defense to prosecutions for the violation of this act: First—If the dealer continues to sell after notice by the Department of Agriculture that such article is adulterated or misbranded. Second—If the dealer fails to preserve for the manufacturer or guarantor and deliver to him upon demand the sample left with him by the Department. [1907; last amended 1943.]

Sec. 39. Rules and regulations.

The Department of Agriculture shall make rules and regulations for carrying out this act [Secs. 1-46], * * *. [1907; last amended 1943.]

Sec. 39a. Packaged cheese.

* * * * *

Each packaged cheese, including packages of cheese made from comminuted, blended, or cut cheeses, shall have a label which conforms with Section 9, of this Act [Secs. 1-46] * * *. [1925; last amended 1945.]

Sec. 41. Sale of misbranded food unlawful; penalty.

The sale of food which is adulterated or misbranded or which violates any of the provisions of this act [Secs. 1-46] is hereby prohibited; and whoever offers for sale, exposes for sale or sells any food which is adulterated or misbranded or that violates any of the provisions of this act shall be guilty of a misdemeanor and punished as herein provided. [1907; last amended 1927.]

Sec. 44. Penalty for violations.

Any person convicted of violating any of the provisions of this act [Secs. 1-46] shall, for the first

offense, be fined not less than fifteen (15) dollars, and not more than one hundred (100) dollars, or imprisonment not exceeding thirty days, or both, in the discretion of the court, and for the second and each subsequent offense, be fined not less than twenty-five (25) dollars and not more than two hundred (200) dollars, or imprisoned not exceeding one year, or both, in the discretion of the court. The fine may be sued for and recovered before any justice of the peace or any other court of competent jurisdiction in the county where the offense is committed, at the instance of the Department of Agriculture or any other person in the name of the People of the State of Illinois, as plaintiff, and shall be recovered in an action of debt. [1907; last amended 1943.]

Smith-Hurd Annotated Statutes, Ch. 56½—Commercial Feeding Stuffs.

Sec. 56. Marking requirements.

Every lot or parcel of concentrated commercial feeding stuffs, as defined in section 2, [Section 57] of this Act [Secs. 56–66], sold, offered or exposed for sale within this state, shall have affixed thereto, in a conspicuous place on the outside thereof, a plainly printed statement in the English language clearly and truly certifying:

(a) The net weight of the contents of the package, lot or parcel; [1905; last amended 1945.]

* * * * *

Sec. 57. Definition.

The term “concentrated commercial feeding stuffs,” as used in this act [Secs. 56–66], shall be held to include all materials used for feeding animals or birds, except the following:

(a) Unmixed whole seeds or grains, as defined by United States grain standards.

(b) The unmixed meals made directly from and consisting of the entire grains of corn, wheat, rye, barley, oats, buckwheat, flaxseed, kafir, milo and other seeds or grains.

(c) Whole hays, straws, cottonseed hulls, stover and silage, when unmixed with other materials.

For the purpose of this act, concentrated commercial feeding stuffs shall be held to be different brands, if said concentrated commercial feeding stuffs shall differ one from the other in one or more ingredients, or if being of similar composition said commercial feeding stuffs are sold, offered for sale or exposed for sale under different names or brands. [1905; last amended 1945.]

Sec. 59. Selling without label; penalty.

Any manufacturer, importer, agent or other person or persons who shall offer for sale, expose for sale, or sell * * * any concentrated commercial feeding stuffs included in Section 2 [Sec. 57] without the printed statement required by Section

1 [Sec. 56], * * * shall be guilty of a misdemeanor and shall be fined fifty dollars (\$50) for the first offense and one hundred dollars (\$100) for each subsequent offense. [1905; last amended 1945.]

Sec. 62. Department of agriculture to prosecute.

The Department of Agriculture shall prosecute violations of this Act [Secs. 56–66], * * *. [1905; last amended 1945.]

Sec. 64. Exemptions.

This act [Secs. 56–66] shall not affect persons manufacturing, importing or purchasing feeding stuffs for their own use and not to sell in this state. Whoever offers or exposes for sale or distribution in this state commercial feeding stuffs to be used for mixing purposes only, is exempt from payment of tonnage tax if the feed is labeled or tagged with the information required in Section 1 [Sec. 56] and a declaration that such feed is to be used for mixing purposes in registered brands only. [1905; last amended 1945.]

Smith-Hurd Annotated Statutes, Ch. 93—Mine Scales.

Sec. 1. Administration of act.

(a) The provisions of this Act [Secs. 1–30] shall be administered by the mining board, as provided for in the Civil Administrative Code of Illinois.¹

(b) Said board shall be authorized, empowered and required to make formal inquiry into and pass upon the practical and technological qualifications and personal fitness of men seeking appointment as State inspectors of mines, * * *. Said board shall have such other powers and duties as may be prescribed by the provisions of this Act, or any other Act relating to coal mining. Said board also shall control and direct the State mine inspectors hereinafter provided for, in the discharge of their duties, and shall have the power and shall in person and through the State mine inspectors, see that all the provisions of the State mining laws are enforced. * * * [1911; last amended 1943.]

¹ Chapter 127, Secs. 1–63, Smith-Hurd Annotated Statutes.

Sec. 5. Sealer of weights; test weights.

(a) From the names appearing on the list on file in the office of the Mining Board, the Mining Board shall select and appoint one inspector for each of the inspection districts provided for in this Act [Secs. 1–30], and two additional inspectors for the state at large, all such appointees to be selected in the order of their appearance on the list. * * *

(b) The board of supervisors in counties under township organization or commissioners in counties not under township organization, of any county in which coal is produced, upon the written request of the state inspector of mines for the district in

Smith-Hurd Annotated Statutes, Ch. 93—Mine Scales
—Continued.

which said county is located, shall appoint, as assistant to such state inspector, a county inspector of mines who shall work under the direction of such state inspector; * * *

(j) State inspectors are hereby made ex-officio sealers of weights and measures in their respective districts, and as such are empowered to test all scales used to weigh coal at coal mines. Upon the written request of any mine owner or operator, or of ten coal miners employed at any one mine, it shall be the duty of the inspector to test any scale or scales at such mine against which complaint is directed, and if he shall find that they or any of them do not weigh correctly, he shall call the attention of the mine owner or operator to the fact, and direct that said scale or scales be at once overhauled and readjusted so as to indicate only true and exact weights, and he shall forbid the further operation of such mine until such scales are adjusted. In the event that such tests shall conflict with any test made by any county sealer of weights, or under and by virtue of any municipal ordinance or regulation, then the test by such mine inspector shall prevail.

(k) For the purpose of carrying out the provisions of this Act, each state inspector shall be furnished by the state with a complete set of standard weights suitable for testing the accuracy of track scales and of all smaller scales at mines, said test weights to be paid for on itemized vouchers certified by the Secretary of State and approved by the Governor. Such test weights shall remain in the custody of the inspector for use at any point within his district, and for any amounts expended by him for the storage, transportation or handling of the same, he shall be fully reimbursed upon making entry of the proper items in his expense voucher. [1911; last amended 1947.]

* * * * *

Sec. 26. Scales; records; weighman; check weighman.

(a) The operator of every coal mine where miners are paid by the weight of their output, shall provide at such mine suitable and accurate scales for the weighing of such coal, and a correct record shall be kept of all coal so weighed and said record shall be open at all reasonable hours to the inspection of miners and others interested in the product of said mine. The operator shall provide at such mine not less than one thousand (1,000) pounds of United States standard weights.

(b) The person authorized to weigh the coal and keep the record as aforesaid shall be a citizen of the United States, and shall, before entering upon his duties, make and subscribe to an oath before some person duly authorized to administer oaths, that he will accurately weigh and carefully keep a true record of all coal weighed, and such affidavit

shall be kept conspicuously posted at the place of weighing.

(c) The miners at work in any coal mine may employ a check weighman at their option and at their own expense, whose duty it shall be to balance the scales and see that the coal is properly weighed, and that a correct account of the same is kept, and for this purpose he shall have access at all times to the beam box of said scales, and be afforded every facility for verifying the weights while the weighing is being done. The check weighman so employed by the miners shall be a citizen of the United States, and, before entering upon his duties, shall make and subscribe to an oath before some person duly authorized to administer oaths, that he will faithfully discharge his duties as check weighman, and such oath shall be kept conspicuously posted at the place of weighing. [1911; last amended 1943.]

Sec. 28. Penalty for violations.

(a) Any wilful neglect, refusal or failure to do the things required to be done by any section, clause or provision of this act [Secs. 1-30], on the part of the person or persons herein required to do them, or any violation of any of the provisions or requirements hereof, or any attempt to obstruct or interfere with any inspector or person in the discharge of the duties herein imposed upon him, or any refusal to comply with the instructions of an inspector or person given by authority of this Act shall be deemed a misdemeanor punishable by a fine not exceeding five hundred dollars or by imprisonment in the county jail for a period not exceeding six months, or both, at the discretion of the court: * * * [1911; last amended 1947.]

Smith-Hurd Annotated Statutes, Ch. 111½, Art. 4—
Public Utilities.

Sec. 52. Weighing of cars and freight; testing railroad weights and scales.

* * * * *

The Commission [Illinois Commerce Commission] shall have power to enforce reasonable regulations for the weighing of cars, and of freight offered for shipment over any line of railroad, and to test the weights made by any railroad and scales used in weighing freight on cars. [1921]

Sec. 54. Electricity, gas and water: Standards of service; accuracy of meters; examinations; tests.

The Commission [Illinois Commerce Commission] shall have power to ascertain, determine and fix for each kind of public utility¹ suitable and convenient standard commercial units of service, product or commodity, * * * and to prescribe reasonable regulations for examining, measuring and testing such service, product or commodity, and to establish reasonable rules, regulations, specifications and standards to secure the accuracy of all

meters and appliances for examining, measuring, or testing such service, product or commodity. The Commission may purchase such materials, apparatus and standard measuring instruments as it deems necessary to carry out the provisions of this section.

The Commission shall provide for the inspection of the manner in which every public utility conforms to the reasonable regulations prescribed by the Commission for examining, measuring and testing its service, product or commodity, and the Commission may supplement such inspections by examining, measuring and testing the service, product or commodity of any public utility. Any consumer or user may have tested any appliance for examining, measuring or testing any such service, product or commodity upon payment of the fees fixed by the Commission. The Commission shall declare and establish reasonable fees to be paid for examining and testing such appliances on the request of consumers or users, the fee to be paid by the consumer or user at the time of his request, but to be paid by the public utility and repaid to the consumer or user if the measuring appliance be found unreasonably defective or incorrect to the disadvantage of the consumer or user.

The Commission, its officers, agents, experts or inspectors and employees shall have power to enter upon any premises occupied by any public utility for the purpose of making the examinations and tests provided in this Act, and to set up and use on such premises, any apparatus and appliances and occupy reasonable space therefor. [1921]

1 Those engaged in the production, storage, transmission, sale, delivery or furnishing of heat, cold, light, power, electricity or water, etc.

Sec. 55. Same: Meter reader to leave card at consumer's written request.

The Commission [Illinois Commerce Commission] shall require that every public utility furnishing natural or artificial gas, electricity or water to the public, where the individual consumption is measured by meter, shall, upon written request of any consumer, cause the meter reader at the time of reading such consumer's meter to leave at such meter a card showing the present reading of the meter, the last previous reading, and the dates of such two readings. [1921]

Smith-Hurd Annotated Statutes, Ch. 114—Weighing of Grain.

Sec. 111. Weighing of grain by railroads: Weight receipt; no deduction for shrinkage; damages; evidence; shortage.

That every railroad corporation, chartered by or organized under the laws of this state or doing business within the limits of the same, when desired by any person wishing to ship any grain over its road, shall receive and transport such grain in bulk, * * *.

And at the time such grain is received by it for transportation, such corporation shall carefully and correctly weigh the same, and issue to the shipper thereof a receipt or bill of lading for such grain, in which shall be stated the true and correct weight.

And such corporation shall weigh out and deliver to such shipper, his consignee or other person entitled to receive the same, at the place of delivery, the full amount of such grain, without any deduction for leakage, shrinkage or other loss in the quantity of the same.

In default of such delivery, the corporation so failing to deliver the full amount of such grain shall pay to the person entitled thereto the full market value of any such grain not delivered at the time and place when and where the same should have been delivered.

If any such corporation shall, upon the receipt by it of any grain for transportation, neglect or refuse to weigh and receipt for the same, as aforesaid, the sworn statement of the shipper, or his agent having personal knowledge of the amount of grain so shipped, shall be taken as true, as to the amount so shipped; and in case of the neglect or refusal of any such corporation, upon the delivery by them of any grain, to weigh the same, as aforesaid, the sworn statement of the person to whom the same was delivered, or his agent having personal knowledge of the weight thereof, shall be taken as true, as to the amount delivered. And if, by such statements, it shall appear that such corporation has failed to deliver the amount so shown to be shipped, such corporation shall be liable for the shortage, and shall pay to the person entitled thereto the full market value of such shortage, at the time and place when and where the same should have been delivered. [1871]

Sec. 205. Examination of grain and scales in warehouses; incorrect scales.

All persons owning property, or who may be interested in the same, in any public warehouse, and all duly authorized inspectors of such property, shall at all times, during ordinary business hours, be at full liberty to examine any and all property stored in any public warehouse in this state, * * *. And all scales used for the weighing of property in public warehouses shall be subject to examination and test by any duly authorized inspector or sealer of weights and measures, at any time when required by any person or persons, agent or agents, whose property has been or is to be weighed on such scales—the expense of such test by an inspector or sealer to be paid by the warehouse proprietor if the scales are found incorrect, but not otherwise. Any warehouseman who may be guilty of continuing to use scales found to be in an imperfect or incorrect condition by such examination and test, until the same shall have been pro-

Smith-Hurd Annotated Statutes, Ch. 114—Weighing of Grain—Continued.

nounced correct and properly sealed, shall be liable to be proceeded against as hereinafter provided. [1871]

Sec. 224. Department of agriculture to control weighing.

The Department of Agriculture shall, * * * supervise and have exclusive control of the weighing of grain and other property which may be subject to inspection, and the inspection of scales and the action and certificate of such Department in the discharge of its duties shall be conclusive upon all parties in interest. [1883; last amended 1943.]

Sec. 225. Fees for weighing.

The Illinois Commerce Commission shall fix the fees to be paid for the weighing of grain or other property. Such fees shall be paid equally by all parties interested in the purchase and sale of the property weighed, or scales inspected and tested. [1883; last amended 1943.]

Sec. 227. Rules and regulations.

The Illinois Commerce Commission shall adopt such rules and regulations for the weighing of grain and other property as it deems proper. [1883; last amended 1943.]

Sec. 228. Penalty for refusing access to scales.

In case any person, warehouseman or railroad corporation or any of their agents or employees, refuses or prevents the Department of Agriculture from having access to their scales, in the regular performance of its duties in supervising the weighing of any grain or other property in accordance with this act [Secs. 224–228] they shall be fined the sum of one hundred dollars (\$100) for each offense, to be recovered, together with costs of prosecution in a civil action, before any justice of the peace in the name of the People of the State of Illinois. Such fine shall be paid to the county in which the suit is brought. [1883; last amended 1943.]

Sec. 229. Weighing of grain in bulk; transfer at railroad transfer points.

That in all counties of the third class, and in all cities having not less than 50,000 inhabitants, where bulk grain, millstuffs or seeds are delivered by any railroad transporting the same from initial points to another road for transportation to other points, such road or roads receiving the same for transportation to said points or other connections leading thereto, shall provide suitable appliances for unloading, weighing and transferring such property from one car to another without mixing or in any way changing the identity of the property so transferred, and such property shall be accurately weighed in suitably covered hopper scales, which will determine the actual net weight of the entire contents of any carload of grain, millstuffs or seeds at a single draft, without gross or tare, and which

weights shall always be given in the receipts or bills of lading and used as the basis of any freight contracts affecting such shipments between such railroad companies and the owners, agents or shippers of such grain, millstuffs or seeds so transported and transferred. [1887]

Sec. 230. Same: Weighing and transferring in transit.

The practice of loading grain, millstuffs or seeds into foreign or connecting-line cars at the initial point from which the grain, millstuffs or seeds are originally shipped, or the running of the original car through without transfer, shall not relieve the railroad making the contract to transport the same to its destination or connection leading thereto, from weighing and transferring such property in the manner aforesaid, unless the shipper, owner or agent of such grain, millstuffs or seeds shall otherwise order or direct. [1887]

Sec. 231. Same: Proceedings to compel enforcement of law; civil actions.

Any railroad company neglecting or refusing to comply promptly with any and all of the requirements of either sections 1 or 2 [Secs. 229 or 230] of this act [Secs. 229–232], shall be liable in damages to the party interested, to be recovered by the party damaged in a civil action, and such party may proceed by mandamus against any railroad company so refusing or neglecting to comply with the requirements of this act; and if the shipper, owner or agent of any such grain, millstuffs or seeds shall fail or neglect to proceed by mandamus, it shall then be the duty of the Illinois Commerce Commission of this state, upon complaint of the party or parties interested, to proceed against the railroad failing or refusing to comply with the provisions of this act; and all the powers heretofore conferred by law upon the Illinois Commerce Commission of this state, shall be applicable in the conduct of any legal proceedings commenced by such Commission under this act. [1887; last amended 1937.]

Sec. 232. Same: Penalty for violating Secs. 229 and 230.

Any railroad company so refusing or neglecting as aforesaid, shall be liable to a penalty of not less than \$100 nor more than \$500 for each neglect or refusal as aforesaid, to be recovered in a civil action in the name of the People of the State of Illinois for the use of the county in which such act or acts of neglect or refusal shall occur, and it shall be the duty of the Illinois Commerce Commission to cause prosecutions for such penalties to be instituted and prosecuted. [1887; last amended 1937.]

Smith-Hurd Annotated Statutes, Ch. 121½—Paint.

Sec. 81. Labeling required.

That every person, firm or corporation who shall expose for sale, or sell, within this state, any white lead or paint, shall accurately label the same as hereinafter required. [1917]

Sec. 82. Definition.

The term "paint", as used in this Act [Secs. 81-95], shall include white lead in oil or any compound intended for the same use, paste or semipaste, and liquid or mixed paint of any kind ready for use, or any compound intended for the same use. [1917]

Sec. 83. Marking requirements.

Labels required by this act [Secs. 81-95] shall clearly and distinctly state * * *, in case of liquid paints, and other compounds, on packages holding one quart or more, the net measure of contents of each can, package or container. In case of white lead and other paints and compounds, the label shall show on packages weighing four pounds or more the net weight of each can, package or container. [1917]

Smith-Hurd Annotated Statutes, Ch. 121½—Community Sales.

Sec. 208. Definitions.

When used in this Act [Secs. 208-219] "person" means any person, firm or corporation.

"Department" means the Department of Agriculture of the State of Illinois.

"Livestock" means cattle, swine, sheep, goats, horses, mules and poultry.

"Community Sale" means any sale or exchange of livestock or other personal property held by any person at an established place of business or premises where the livestock or personal property is assembled for sale or exchange and is sold or exchanged at auction or upon a commission basis at regular or irregular intervals but more frequently than three times a year. Sec. 213. Refusal of, suspension or revocation of license.

The Department may decline to grant or to renew a license or may suspend or revoke a license already granted if the Department, after due notice and hearing, finds:

(a) That the licensee has violated any provision of this Act [Secs. 208-219] or any rule, order or regulation issued hereunder;

* * * * *

(f) That the licensee, in the case of property weighed on the licensee's scales and sold by weight, has knowingly quoted incorrect weights or has failed to have his scales regularly inspected and tested. [1941; last amended 1945.]

Sec. 215. Scales to be inspected and tested.

* * * * *

In case any community sale shall sell livestock or other property by weight, the scales upon which

such property is weighed shall be regularly inspected and tested. [1941; last amended 1947.]

Sec. 217. Exemptions.

The provisions of this Act [Secs. 208-219] shall not apply to the business of buying or assembling livestock for the purpose of prompt shipment to or slaughter in any livestock market or packing house subject to the Act of Congress known as the Packers and Stockyards Act¹ or any place where veterinary inspection is regularly maintained under the Bureau of Animal Industry of the Department of Agriculture of the United States. [1941]

¹ 7 U. S. C. A. Sec. 181 et seq.

Sec. 218. Rules and regulations for enforcement; right of entry.

The Department may make reasonable rules and regulations for carrying out the provisions of this Act [Secs. 208-219].

For the purpose of carrying out the provisions of this Act and making inspections hereunder, the Department or any duly authorized representative thereof, shall have the right to enter the establishment or premises where any community sale is held and to inspect the records thereof at all reasonable times. [1941]

Sec. 219. Penalty for violations.

Any person who shall operate a community sale without a license, as herein required, or who shall violate any of the provisions of this Act [Secs. 208-219] or of any rules or regulations lawfully issued hereunder, shall be guilty of a misdemeanor and upon conviction thereof shall be fined not more than \$300. Each day upon which property is sold or exchanged at any community sale shall constitute a separate offense. [1941]

as aforesaid; also one half-bushel measure (which shall contain one thousand and seventy-five and one-fifth [1,075 1/5] solid inches), and one gallon measure (which shall contain two hundred and thirty-one [231] solid inches), which measures are to be of wood or of any metal the court may think proper; also one [1] set of weights commonly called avoirdupois weights; which weights and measures shall be sealed with the name or initial letters of

the county, and shall be kept by the county auditor, for the purpose of trying and sealing the weights and measures used in his county. [1852]

Sec. 69-102. State standards.

The standard weights and measures furnished by the government of the United States in accordance with the joint resolution of congress, approved June 14, 1836, and any additions thereto and renewals thereof certified to by the United States Bureau of Standards, and such weights, measures, balances and apparatus as may be added by the state commissioner of weights and measures and verified by the United States Bureau of Standards, shall be the standards by which all state, county and city standards shall be tried, proved and sealed. [1925]

Sec. 69-103. Director of weights and measures: Duties; tolerances; regulations.

The state food and drug commissioner shall be the state commissioner of weights and measures. The state commissioner of weights and measures shall take charge of the standards adopted by this act [Secs. 69-102-69-117] as the standards of the state; cause them to be kept in a fireproof building belonging to the state, from which they shall not be removed except for repairs or for certification, and take all other necessary precautions for their safe-keeping. He shall maintain the state standards in good order and shall submit them once in ten [10] years to the national bureau of standards for certification. He, or his deputies or inspectors by his direction, shall correct the standards of the several cities and counties, and as often as once in two [2] years compare the same with those in his possession, and where not otherwise provided by law he shall have the general supervision of the weights, measures and measuring and weighing devices of the state, and in use in the state. The state commissioner of weights and measures is also authorized to adopt rules, specifications and tolerances necessary for the enforcement of the provisions of this act, and the violation of such rules, specifications and tolerances shall be punished, upon conviction, as set forth in section fifteen [Sec. 69-116] of this act. He, or his deputies shall, upon the written request of any citizen, firm, corporation or institution of the state, test or calibrate weights, measures, weighing or measuring devices and instruments or apparatus used as standards in this state. He, or his deputies or inspectors by his direction, shall at least once annually test all scales, weights and measures and devices used in checking the receipt or disbursement of supplies in every institution under the jurisdiction of the state board of charities and he shall report in writing his findings to the executive officer of the institution concerned. The state commissioner of weights and measures shall keep a complete record of the standards, balances and other apparatus belonging to the state and take a receipt for the same

from his successor in office; he shall, annually, on or before the first day of December, make to the governor a report of the work done by his office; he, or his deputies or inspectors at his direction, shall at least once in two [2] years visit the various cities and counties of the state which have appointed sealers of weights and measures in order to inspect the work of the local sealers, and in the performance of such duties he may inspect the weights, measures, balances or any other weighing or measuring appliances of any person, firm or corporation. The state commissioner of weights and measures shall issue from time to time regulations for the guidance of state, county and city sealers or inspectors and the said regulations shall govern the procedure to be followed by the aforesaid officers in the discharge of their duties. [1925]

[Ed. NOTE.—By Chapter 37, Acts 1947, the office of commissioner of weights and measures created by Chapter 86, Acts 1925 was abolished, and the division of weights and measures in the State board of health was created. All rights, powers, and duties provided for, granted, or imposed by said Chapter 86 were transferred to said division created by said Chapter 37.

By Sec. 2100 of Chapter 157, Acts 1949, the division of weights and measures of the State board of health created by Chapter 37, Acts 1947, was preserved and continued, and all the rights, powers, and duties provided for, granted, or imposed upon the State food and drug commissioner, the commissioner of weights and measures or the State board of health by each of the following acts are imposed upon said division of weights and measures of the State board of health: Chapter 153 of the Acts of 1917 (Burns 69-305); Chapter 231 of the Acts of 1921 (Burns 10-4806-10-4808); Chapter 44 of the Acts of 1923 (Burns 69-201-69-215); Chapter 86 of the Acts of 1925 (Burns 69-102-69-117); Chapter 171 of the Acts of 1925 (Burns 46-401, and 46-711); Chapter 177 of the Acts of 1931 (Burns 46-1201-46-1207); Chapter 62 of the Acts of 1933 (Burns 35-1109); Chapter 65 of the Acts of 1935 (Burns 69-401-69-424); and Chapter 98 of the Acts of 1935 (Burns 67-601-67-627).]

Sec. 69-104. County inspectors of weights and measures: Appointment; removal; salary; inspection districts.

The board of commissioners of every county of thirty thousand [30,000] population or more shall, and the board of commissioners of any county of less than thirty thousand [30,000] population may appoint a county inspector of weights and measures. No person shall be appointed as a county inspector of weights and measures in any county unless such person shall have been approved by the state commissioner of weights and measures,¹ and no county inspector of weights and measures in any county shall be removed by the board of commissioners without the approval and consent of the state commissioner of weights and measures. The compensation of a county inspector of weights and measures in counties of thirty thousand [30,000] population or more shall be not less than twelve hundred dollars [\$1,200] per year, and in counties having a population of less than thirty thousand [30,000], the compensation of the county inspector of weights and measures shall be not to exceed five dollars [\$5.00]

Burns Statutes Annotated 1933, Vol. 11, Title 69, Ch. 1—Weights and Measures, Supervision—Continued.

per day, to be determined by the board and to be paid out of the county treasury: Provided, however, That it shall not be obligatory upon the board of county commissioners of such counties containing a city or cities of the first, second or third class which are already provided with an inspector of weights and measures or city sealers, to make such appointments. The board shall provide the necessary apparatus and supplies for the said inspector of weights and measures and the county councils of such counties shall appropriate such sums of money as are necessary for the salary and maintenance of the office. Two [2] or more adjoining counties, by appropriate action of the boards of commissioners of such counties, may form an inspection district, and provide by mutual agreement, for the appointment of a district inspector of weights and measures. The compensation of such inspector shall not exceed five dollars [\$5.00] per day and expenses, and the salary and expenses so paid and incurred shall be apportioned among the counties forming the district in proportion to the population thereof. [1925]

¹ Now Director, State Division of Weights and Measures; see Ed. note following Sec. 69-103, page 303.

Sec. 69-105. City inspector of weights and measures: Appointment; removal; salary.

The common council of every city of the first, second and third class shall provide for the appointment by the commissioners of the public safety, commonly known as the Board of Public Safety, of an inspector of weights and measures and provide for his compensation and for the necessary apparatus and expenses to be paid out of the city treasury. The said inspector of weights and measures shall serve continuously during good behavior under the provisions of section one hundred sixty [Sec. 48-6105] of an act concerning municipal corporations, approved March 6, 1905, governing the fire and police force, and said inspector of weights and measures shall not be removed for any political reason and only for good and sufficient cause after an opportunity for hearing is given by the said commissioner of public safety: Provided, however, That such provision shall not affect the power of the state commissioner of weights and measures ¹ to discharge county or city inspectors of weights and measures as set forth in section six [Sec. 69-107] of this act [Secs. 69-102-69-117]. No person shall be appointed as a city inspector of weights and measures in any city unless such person shall have been approved by the state commissioner of weights and measures and no such city inspector of weights and measures shall be removed without the approval and consent of the state commissioner of weights and measures. If deemed desirable or advantageous, the same person may be employed as a city and

county inspector of weights and measures, and if the same person be so employed the compensation and expenses of such inspector shall be divided between the city and the county, as agreed upon. The compensation of such an inspector of weights and measures shall not be less than fifteen hundred dollars [\$1,500] per annum in the case of cities of the first class, and not less than twelve hundred dollars [\$1,200] per annum in case of cities of the second and third class. [1925]

¹ Now Director, State Division of Weights and Measures; see Ed. note following Sec. 69-103, page 303.

Sec. 69-106. County and city inspectors: Duties; bond.

The county or city inspector of weights and measures when appointed shall be a deputy inspector under the direction of the state commissioner of weights and measures. He shall take charge of and safely keep the county or city standards. When not otherwise provided by law, the county or city inspector of weights and measures shall have the power within his county or city to inspect, test, try and ascertain if they are correct, all weights, scales, beams, measures of every kind, instruments or mechanical devices for measurement and the tools, appliances or accessories, connected with any or all such instruments or measurements used or employed within the county or city by any proprietor, agent, lessee or employee in determining the size, quantity, extent or measurement of quantities, things, produce, articles for distribution or consumption offered or submitted by such person or persons for sale, for hire or award. He shall at least once in each year and as much oftener as he may deem necessary see that the weights, measures and all apparatus used in the county or city are correct. The county or city inspector of weights and measures shall keep a complete record of the work done by him and shall make a monthly and annual report to the state commissioner and his board of county commissioners or to the mayor; the annual report shall be duly sworn and submitted to the state commissioner of weights and measures, ¹ not later than the fifteenth of October. The county or city inspector of weights and measures shall forthwith on his appointment give a bond with sureties to be approved by the appointing power for the faithful performance of the duties of his office for the safety of the local standards and such appliances for verification as are committed to his charge and for the surrender thereof immediately to his successor in office or to the person appointed by the proper authority to receive them. The county inspector of weights and measures shall have jurisdiction over the whole county except as to incorporated cities which have provided for a city inspector of weights and measures under the provisions of this act [Secs. 69-102-69-117]. This act shall apply to the sealers or inspectors of weights and measures heretofore appointed under any state law or city ordinance, and such sealer or inspector shall be

continued in office as inspector of weights and measures under the provisions of this act for the respective county, counties, city or cities. [1925]

¹ Now Director, State Division of Weights and Measures; see Ed. note following Sec. 69-103, page 303.

Sec. 69-107. Same: Qualifications; removal; appeal.

Only those persons shall be eligible to appointment to the position of county or city inspectors of weights and measures who at the time of the passage of this act [Secs. 69-102-69-117] are county or city sealers or inspectors of weights and measures or who have passed an examination which shall be given by the state commissioner of weights and measures ¹ to test the ability of the person so examined to perform satisfactorily the duties of a county or city inspector of weights and measures. If it is evident to the state commissioner of weights and measures that any county or city inspector of weights and measures is not properly and faithfully performing the duties of his office, the state commissioner of weights and measures shall have power to discharge such county or city inspector of weights and measures. Such removal, however, shall not be made until five [5] days' notice of the charge or charges shall have been mailed to him by said commissioner, naming a time and place for a hearing, not less than two [2] weeks later than the time of mailing such notice to said county or city inspector of weights and measures: Provided, however, That any county or city inspector of weights and measures so removed by the state commissioner of weights and measures, shall have the right to appeal from the action of said commissioner to the circuit or superior court of the county in which such county or city inspector of weights and measures resides, and during the pendency of such appeal, such county or city inspector of weights and measures may serve in his official capacity. Any county or city inspector of weights and measures discharged as herein provided, shall be ineligible to hold the position of county or city inspector of weights and measures for four [4] years, and the vacancy shall be filled by the proper authorities, as provided in this act [Secs. 69-102-69-117]. [1925]

Sec. 69-108. Approval or condemnation of equipment.

Whenever the inspector of the city or county or the state commissioner ¹ or his deputies or inspectors tests and compares scales, weights, measures or weighing or measuring devices and finds that they correspond with the standards in his possession he shall seal and mark such scales, weights, measures or weighing and measuring devices by stamping upon them the letters "Ind. S.," meaning Indiana Standard, and the last two [2] figures of the year in which the same is done; if any scales, weights, measures, or weighing or measuring devices, or parts thereof, be found not to conform to the legal standard the

same may be tagged by the inspector "condemned until repaired" which tag shall not be removed until said apparatus is properly repaired; if said scales, weights, measures, or weighing or measuring devices, or parts thereof are found to be false and fraudulent, or cannot be made to conform to the legal standard, the same shall be condemned and confiscated by said inspector. [1925]

¹ Now Director, State Division of Weights and Measures; see Ed. note following Sec. 69-103, page 303.

Sec. 69-109. Police powers; seizure.

The commissioner of weights and measures,¹ his deputies and inspectors, and the county and city inspectors of weights and measures, are hereby made special policemen and are authorized and empowered to arrest without formal warrant for any violation of the statutes in relation to scales, weights and measures, and to seize and use for evidence and without formal warrant any false weight, scales, measure, or weighing or measuring device, or packages or amounts of commodities found to be used, retained or offered or exposed for sale or sold in violation of law. [1925]

¹ Now Director, State Division of Weights and Measures; see Ed. note following Sec. 69-103, page 303.

Sec. 69-110. Right of entry; prosecution; interference with inspectors; penalties.

The state commissioner of weights and measures,¹ his agents, deputies or inspectors, and the county and city inspectors of weights and measures may for the purpose of enforcing this act [Secs. 69-102-69-117], and in the general performance of their official duties, enter or go into or upon without formal warrant, any stand, place, building or premises, or may stop any vender, peddler, junk dealer, coal wagon, ice wagon, or any dealer whatsoever, for the purpose of making the proper test and for the purpose of ascertaining the proper weights and measures of all commodities found therein or thereon. Whenever the state commissioner of weights and measures, his agents, deputies or inspectors, or the county and city inspectors of weights and measures find a violation of the statutes relating to weights and measures, he shall cause the violator to be prosecuted.

Any person who shall molest, hinder or obstruct in any way the state commissioner of weights and measures, his agents, deputies or inspectors, or any county or city inspector of weights and measures in the performance of his official duties hereunder, shall be guilty of a misdemeanor, and shall be punished upon conviction thereof in any court of competent jurisdiction by a fine of not less than ten dollars [\$10.00] nor more than two hundred dollars [\$200] to which may be added imprisonment in the county jail for not more than ninety [90] days. [1925]

Burns Statutes Annotated 1933, Vol. 11, Title 69, Ch. 1—Weights and Measures, Supervision—Continued.

Sec. 69-111. Sale by weight or measure; packaged commodities; marking requirements; ton.

All commodities shall be sold by standard weight or measure except as otherwise provided in this act [Secs. 69-102—69-117]: Provided, however, That the provisions of this section shall not apply to commodities which are usually and customarily sold by numerical count, or in gross, or are sold in packages prepared and put up for sale: Provided, That all commodities packed in such packages shall be so marked as to plainly indicate the net contents in terms of weight, measure or numerical count: Provided, also, That two thousand [2,000] pounds net avoirdupois shall constitute a ton. [1925]

Sec. 69-112. False scales and measuring devices.

No person, firm or corporation shall use or retain in his possession any false scales, weights, or measures or measuring device or any weight or measure or weighing or measuring device in the buying or selling of any commodity or thing or in calculating or measuring service, or dispose of any condemned scales, weights, measures or weighing or measuring device, except in accordance with such rules, specifications and tolerances as may be adopted by the state commissioner of weights and measures,¹ as provided in section two [Sec. 69-103] of this act [Secs. 69-102—69-117], or remove any tag, stamp or mark placed thereon by the inspector; and no person, firm or corporation shall sell or offer or expose for sale or deliver less than the quantity he represent[s]; or sell, offer for sale or have in his possession for the purpose of selling any false scales, weight or measure or any device or instrument to be used or calculated to falsify any weight or measure. [1925]

¹ Now Director, State Division of Weights and Measures; see Ed. note following Sec. 69-103, page 303.

Sec. 69-113. Sale by weight or numerical count; exceptions; containers for small fruits; definitions.

All commodities shall be offered for sale or sold upon the basis of avoirdupois net weight or by numerical count only, and it shall be unlawful for any one to use or employ any dry capacity measure, basket, barrel or container of any kind as a means of determining the amounts or quantities of any commodities offered for sale, or sold: Provided, however, That the provisions of this act [Secs. 69-102—69-117] shall not be construed to apply to fruits and vegetables sold in the original standard container, nor to vegetables which by common custom are offered for sale, or sold by the bunch; nor shall the provisions of this act be construed to apply to fresh berries and to other small fruits which are customarily offered for sale, and sold by the box, basket or other receptacle, except, however, when such fresh berries or such other small fruits are

offered for sale, or sold in bulk, in which case the provisions of this act shall apply to the extent that such fresh berries and such other small fruits shall be offered for sale, and sold by avoirdupois net weight only: Provided, further, however, That all fresh berries and such other small fruits when offered for sale or sold shall be so offered or sold in boxes, baskets or receptacles of uniform size to hold one [1] quart or one [1] pint dry measure only, which said boxes, baskets or other receptacles shall be uniformly and evenly filled throughout.

The term "commodities" as used in this section shall be construed to mean commodities or articles other than liquids, which are capable of being measured by dry capacity measure.

The term "original standard container" as used in this section shall be construed to mean and include only barrels, boxes, baskets, hampers, or similar containers the dimensions or capacity of which is established by law of this state or by act of congress, the contents of which have not been removed or repacked, and upon which is plainly and conspicuously marked the net quantity of contents thereof in terms of weight, measure or numerical count. [1925]

Sec. 69-114. Weighmasters: Appointment; duties; penalty.

The state commissioner of weights and measures¹ upon application of any county, city, town, corporation, individual, firm, association or institution may designate one [1] or more employees or some other suitable person or persons, to act as weighmaster for such county, city, town, corporation, individual, firm, association or institution. Such weighmaster shall be appointed for a specified term and shall, before entering upon his duties, make oath faithfully to execute his trust as weighmaster. Said commissioner of weights and measures shall issue and keep record of a certificate of appointment which shall designate the location of said scale or scales or measuring devices to be operated by said weighmaster. The rights and duties of weighmasters shall be prescribed by said state commissioner and such weighmasters shall not receive compensation from the state for duties so performed. Any weighmaster who misrepresents the quantity of commodities weighed or measured by him, or otherwise misconducts himself in the execution of his duties of weighmaster shall be guilty of a misdemeanor and upon conviction, shall be punished as set forth in section fifteen [Sec. 69-116] of this act [Secs. 69-102—69-117] and shall forfeit his certificate as weighmaster. [1925]

¹ Now Director, State Division of Weights and Measures; see Ed. note following Sec. 69-103, page 303.

Sec. 69-115. Definitions.

The word "person" as used in this act [Secs. 69-102—69-117] shall be considered to include also firm[s], copartnerships, or corporations. The term "device" or "devices" as used in this act shall be

construed to include all weights, scales, beams, mechanical devices or other instruments. The word "sell," "sale" or "buy" as used in this act shall be construed to include barter and exchange. [1925]

Sec. 69—116. Penalties.

Except where a specific penalty is otherwise provided, any person, firm, copartnership, or corporation who shall violate any of the provisions of this act [Secs. 69—102—69—117] shall be deemed guilty of a misdemeanor and upon conviction thereof shall, for a first offense, be fined in any sum not less than ten dollars [\$10.00] and not more than one hundred dollars [\$100], to which may be added imprisonment for a term of not to exceed three [3] months, and for a second or other subsequent offense shall be punished by a fine of not less than twenty dollars [\$20.00] and not more than five hundred dollars [\$500], to which may be added imprisonment for a term of not more than six [6] months. [1925]

Sec. 69—117. Constitutionality.

If any clause, sentence, paragraph, or part of this act [Secs. 69—102—69—117] shall for any reason be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder of this act, but shall be confined in its operation to the clause, sentence, paragraph, or part thereof directly involved in the controversy in which such judgment has been rendered. the bottom piece shall be five-eighths $[\frac{5}{8}]$ of an inch thick.

(2) The inside diameter between staves at the upper edge of the top inside hoop shall be sixteen and three-fourths $[16\frac{3}{4}]$ inches; the inside diameter of the bottom shall be ten $[10]$ inches; the inside length of the staves to the upper edge of the top inside hoop shall be twenty-three $[23]$ inches; the inside top hoop shall be one-eighth $[\frac{1}{8}]$ of an inch thick and set with its upper edge three-eighths $[\frac{3}{8}]$ of an inch below the upper ends of the staves, each stave shall be not less than one-eighth $[\frac{1}{8}]$ of an inch thick and twenty-four $[24]$ inches long; and the bottom piece shall be five-eighths $[\frac{5}{8}]$ of an inch thick. [1923]

Sec. 69–202. Standard round-stave baskets.

The standard round stave basket for fruits and vegetables shall be the one-fourth $[\frac{1}{4}]$ bushel basket, one-half $[\frac{1}{2}]$ bushel basket, five-eighths $[\frac{5}{8}]$ bushel basket, one $[1]$ bushel basket, one and one-half $[1\frac{1}{2}]$ bushel basket, and two $[2]$ bushel basket, which, respectively shall be of the capacity and conform to the specifications set forth in this section.

(a) The one-fourth $[\frac{1}{4}]$ bushel round stave basket shall contain five hundred thirty-seven and six-tenths $[537\frac{6}{10}]$ cubic inches, and conform to the following specifications: The inside diameter at the upper inner edge of the top inside hoop shall be ten and seven-eighths $[10\frac{7}{8}]$ inches; the average inside depth shall be not less than six and three-fourths $[6\frac{3}{4}]$ inches; the web shall consist of twenty $[20]$ intersecting staves of such length that they will form the side and bottom of a basket which shall contain eight $[8]$ quarts standard dry measure.

(b) The one-half $[\frac{1}{2}]$ bushel round stave basket shall contain one thousand and seventy-five and twenty-one one hundredths $[1,075\frac{21}{100}]$ cubic inches, and conform to the following specifications: The inside diameter at the upper inner edge of the top inside hoop shall be thirteen and one-half $[13\frac{1}{2}]$ inches; the average inside depth shall be not less than eight and one-half $[8\frac{1}{2}]$ inches; the web shall consist of twenty $[20]$ intersecting staves, each not less than one-eighth $[\frac{1}{8}]$ of an inch thick and of such length that they will form the sides and bottom of a basket which shall contain sixteen $[16]$ quarts, standard dry measure.

(c) The five-eighths $[\frac{5}{8}]$ bushel round-stave basket shall contain one thousand and three hundred and forty-four $[1,344]$ cubic inches, and conform to the following specifications: The inside diameter at the upper inner edge of the top inside hoop shall be thirteen and one-half $[13\frac{1}{2}]$ inches; the average inside depth shall be not less than ten and one-fourth $[10\frac{1}{4}]$ inches; the web shall consist of twenty

$[20]$ intersecting staves, each not less than one-eighteenth $[\frac{1}{18}]$ of an inch thick and of such length that they will form the sides and bottom of a basket which shall contain twenty $[20]$ quarts, standard dry measure.

(d) The one-bushel round-stave basket shall contain two thousand one hundred and fifty and forty-two one-hundredths $[2,150\frac{42}{100}]$ cubic inches, and conform to the following specifications: The inside diameter at the upper inner edge of the top inside hoop shall be seventeen $[17]$ inches; the average inside depth shall be not less than ten and three-fourths $[10\frac{3}{4}]$ inches; the web shall consist of twenty $[20]$ intersecting staves, each not less than one-eighteenth $[\frac{1}{18}]$ of an inch thick and of such length that they will form the sides and bottom of a basket which shall contain thirty-two $[32]$ quarts, standard dry measure.

(e) The one and one-half $[1\frac{1}{2}]$ bushel round-stave basket shall contain three thousand two hundred and twenty-five and sixty-three one-hundredths $[3,225\frac{63}{100}]$ cubic inches and conform to the following specifications: The inside diameter at the upper inner edge of the top inside hoop shall be nineteen and three-eighths $[19\frac{3}{8}]$ inches; the average inside depths shall be not less than twelve and three-fourths $[12\frac{3}{4}]$ inches; the web shall consist of twenty-four $[24]$ intersecting staves, each not less than one-sixteenth $[\frac{1}{16}]$ of an inch thick and of such length that they will form the sides and bottom of a basket which shall contain forty-eight $[48]$ quarts, standard dry measure.

(f) The two $[2]$ bushel round stave basket shall contain four thousand three hundred and eighty-four one hundredths $[4,300\frac{84}{100}]$ cubic inches and conform to the following specifications: The inside diameter at the upper inner edge of the top hoop shall be twenty-one $[21]$ inches; the average inside depth shall be not less than fourteen $[14]$ inches; the web shall consist of twenty-four $[24]$ intersecting staves, each not less than one-sixteenth $[\frac{1}{16}]$ of an inch thick and of such length that they will form the sides and bottom of a basket which shall contain sixty-four $[64]$ quarts, standard dry measure. [1923]

Sec. 69–203. Standard splint baskets.

The standard splint basket for fruits and vegetables shall be the four $[4]$ quart basket, eight $[8]$ quart basket, twelve $[12]$ quart basket, sixteen $[16]$ quart basket, and twenty-four $[24]$ quart basket, standard dry measure.

(a) The four $[4]$ quart splint basket shall contain two hundred and sixty-eight and eight-tenths $[268\frac{8}{10}]$ cubic inches and conform to the specifications in one of the two following numbered subdivisions:

(1) The approximate inside dimensions of the top across the center shall be seven $[7]$ inches by twelve $[12]$ inches. The approximate inside dimensions of the bottom at the corners shall be five and

three-fourths $[5\frac{3}{4}]$ inches by ten and one-half $[10\frac{1}{2}]$ inches. The inside depth at the corners shall be four $[4]$ inches.

(2) The inside dimensions of the square-cornered splint basket at the top shall be six $[6]$ inches by twelve $[12]$ inches. The inside dimensions of the bottom shall be five and one-half $[5\frac{1}{2}]$ inches by eleven and one-half $[11\frac{1}{2}]$ inches. The inside depth at the corners shall be four $[4]$ inches.

(b) The eight $[8]$ quart splint basket shall contain five hundred and thirty-seven and six-tenths $[537\frac{6}{10}]$ cubic inches and conform to the specifications in one of the three following numbered subdivisions:

(1) The approximate inside dimensions of the top across the center shall be eight $[8]$ inches by fourteen $[14]$ inches. The approximate inside dimensions of the bottom at the corners shall be seven $[7]$ inches by twelve $[12]$ inches. The inside depth at the corners shall be five $[5]$ inches.

(2) The approximate inside dimensions of the top across the center shall be nine and one-half $[9\frac{1}{2}]$ inches by sixteen and one-half $[16\frac{1}{2}]$ inches. The approximate inside dimensions of the bottom at the corners shall be seven and one-half $[7\frac{1}{2}]$ inches by fourteen and one-half $[14\frac{1}{2}]$ inches. The inside depth at the corners shall be four $[4]$ inches.

(3) The inside dimensions of the square-cornered splint basket at the top shall be seven and three-eighths $[7\frac{3}{8}]$ inches by fifteen and one-half $[15\frac{1}{2}]$ inches. The inside dimensions of the bottom shall be seven $[7]$ inches by fourteen and one-half $[14\frac{1}{2}]$ inches. The inside depth at the corners shall be five $[5]$ inches.

(c) The twelve $[12]$ quart splint basket shall contain eight hundred and six and four-tenths $[806\frac{4}{10}]$ cubic inches and conform to the specifications in one of the three following numbered subdivisions:

(1) The approximate inside dimensions of the top across the center shall be nine and one-half $[9\frac{1}{2}]$ inches by sixteen inches. The approximate inside dimensions of the bottom at the corners shall be eight and one-half $[8\frac{1}{2}]$ inches by fourteen $[14]$ inches. The inside depth at the corners shall be five and one-half $[5\frac{1}{2}]$ inches.

(2) The approximate inside dimensions of the top across the center shall be eleven and one-half $[11\frac{1}{2}]$ inches by seventeen and one-half $[17\frac{1}{2}]$ inches. The approximate inside dimensions of the bottom at the corners shall be eight and one-half $[8\frac{1}{2}]$ inches by fourteen and one-half $[14\frac{1}{2}]$ inches. The inside depth of the basket at the corners shall be five $[5]$ inches.

(3) The inside dimensions of the square-corner [ed] splint basket at the top shall be eight and five-eighths $[8\frac{5}{8}]$ inches by seventeen and one-half $[17\frac{1}{2}]$ inches. The inside dimensions of the bottom shall be eight $[8]$ inches by sixteen and three-eighths $[16\frac{3}{8}]$ inches. The inside depth at the

corners shall be five and three-fourths $[5\frac{3}{4}]$ inches.

(d) The sixteen $[16]$ quart splint basket shall contain one thousand and seventy-five and twenty-one hundredths $[1,075\frac{21}{100}]$ cubic inches, and conform to the specifications in one of the three following numbered subdivisions:

(1) The approximate inside dimensions of the top across the center shall be ten and one-half $[10\frac{1}{2}]$ inches by eighteen and one-half $[18\frac{1}{2}]$ inches. The approximate inside dimensions of the bottom at the corners shall be eight and one-half $[8\frac{1}{2}]$ inches by sixteen $[16]$ inches. The inside depth at the corners shall be six and one-half $[6\frac{1}{2}]$ inches.

(2) The approximate inside dimensions of the top across the center shall be eleven and one-half $[11\frac{1}{2}]$ inches by nineteen and one-half $[19\frac{1}{2}]$ inches. The approximate inside dimensions of the bottom at the corners shall be eight and one-half $[8\frac{1}{2}]$ inches by sixteen and one-half $[16\frac{1}{2}]$ inches. The inside depth at the corners shall be six $[6]$ inches.

(3) The inside dimensions of the square-cornered splint basket at the top shall be nine $[9]$ inches by nineteen $[19]$ inches. The inside dimensions of the bottom shall be eight and one-half $[8\frac{1}{2}]$ by eighteen $[18]$ inches. The inside depth at the corners shall be six and five-eighths $[6\frac{5}{8}]$ inches.

(e) The twenty-four $[24]$ quart splint basket shall contain one thousand six hundred and twelve and eight-tenths $[1,612\frac{8}{10}]$ cubic inches, and conform to the specifications in one of the three following numbered subdivisions:

(1) The approximate inside dimensions of the top across the center shall be twelve $[12]$ inches by twenty $[20]$ inches. The approximate inside dimensions of the bottom at the corners shall be ten $[10]$ inches by seventeen and one-half $[17\frac{1}{2}]$ inches. The inside depth of the basket at the corners shall be seven and one-half $[7\frac{1}{2}]$ inches.

(2) The approximate inside dimensions of the top across the center shall be twelve $[12]$ inches by twenty-three $[23]$ inches. The approximate inside dimensions of the bottom at the corners shall be nine $[9]$ inches by nineteen $[19]$ inches. The inside depth of the basket at the corners shall be seven $[7]$ inches.

(3) The inside dimensions of the square-cornered splint basket at the top shall be ten and five-eighths $[10\frac{5}{8}]$ inches by twenty-two and one-fourth $[22\frac{1}{4}]$ inches. The inside dimensions of the bottom shall be nine and five-eighths $[9\frac{5}{8}]$ inches by twenty and one-half $[20\frac{1}{2}]$ inches. The inside depth of the basket at the corners shall be seven and one-half $[7\frac{1}{2}]$ inches. $[1923]$

Standard basket or other container for berries and other small fruits and vegetables shall be of the following capacities: namely, dry one-half [$\frac{1}{2}$] pint, dry pint, dry quart, or multiples of the dry quart.

(a) The dry half pint shall contain sixteen and eight-tenths [$16\frac{8}{10}$] cubic inches.

(b) The dry pint shall contain thirty-three and six-tenths [$33\frac{6}{10}$] cubic inches.

(c) The dry quart shall contain sixty-seven and two-tenths [$67\frac{2}{10}$] cubic inches.

Provided that the provisions of this section shall not be construed to permit the manufacture, sale or use of hampers, round stave baskets, climax baskets or splint baskets in any other multiples of a quart than those enumerated in sections one, two, three, and four [Secs. 69-201—69-204] hereof. [1933]

Sec. 69-206. Tolerances and regulations.

The state food and drug commissioner¹ shall, in his regulations² under this act [Secs. 69-201—

69-215] prescribe such tolerances as he may find necessary to allow in the capacities and specifications for hampers, round stave baskets, splint baskets, climax baskets and baskets or other containers for berries and other small fruits and vegetables, and parts thereof, set forth in sections one, two, Three, four and five [Secs. 69-201—69-205] of this act, in order to provide for reasonable variations occurring in the course of manufacture and handling, and shall also prescribe such tolerances as he may find necessary to allow for the purposes of section eight [Sec. 69-208] of this act in the quantities of fruits or vegetables in hampers, round stave baskets, splint baskets, climax baskets and baskets and other containers for berries and other small fruits and vegetables, in order to provide for the natural shrinkage of such contents after packing. If a cover be used upon any hamper or basket or other container mentioned in this act, it shall be securely fastened or attached in such a manner, subject to the regulations of the state food and drug commissioner, as not to reduce the capacity of such hamper, basket or other container below that prescribed therefor. The provisions in sections one, two, three, four and five [Secs. 69-201—69-205] of this act, covering specifications and dimensions, shall apply only to hampers and baskets made of wood or of which wood is the principal material; but hampers and baskets which are not made of wood, or of which wood is not the principal material, shall not depart from the respective capacities therein prescribed.

All regulations and tolerances established by the state food and drug commissioner shall be in conformity with those, from time to time, promulgated by the United States Department of Agriculture. [1923]

² See Secs. 60-1501—60-1506, page 326; method of promulgation of rules and regulations of departments, boards and commissions.

Sec. 69-207. Specifications may be changed by regulations.

In order to provide for the more economical use of space in packing or transportation, or for the greater conservation of material or labor in manufacture, or handling (or) of the contents in course of shipment, of hampers, round stave baskets, splint baskets and climax baskets for fruits or vegetables, or parts thereof, the state food and drug commissioner¹, whenever he finds it necessary, may in his regulations, prescribe specifications with respect to the material used, or the dimensions thereof, for such hampers, round stave baskets, splint baskets, climax baskets or baskets or other containers for berries or other small fruits and vegetables, or parts thereof, in addition to, differing from, or superseding those set forth in sections one, two, three, four and five [Secs. 69-201—69-205] of this act [Secs. 69-201—69-215], but not departing from the respective capacities therein prescribed. Such speci-

fications shall not supersede any specifications set forth in this act until a period of at least six [6] months shall have elapsed after public notice shall have been given following an opportunity afforded the interested public for a hearing. [1923]

¹ Now Director, State Division of Weights and Measures; see Ed. note following Sec. 69-103, page 303.

Sec. 69-208. Penalty for violations of act; guaranty protection.

It shall be unlawful to manufacture for sale or shipment, sell, offer for sale, ship, offer for shipment, in the state of Indiana, hampers, round stave baskets, climax baskets, splint baskets for fruits or vegetables, or baskets or other containers for berries or other small fruits and vegetables, either filled or unfilled, or parts of such hampers, round stave baskets, splint baskets, climax baskets or baskets or other containers for berries or other small fruits and vegetables that do not comply with this act [Secs. 69-201—69-215], and it shall be unlawful to sell, offer for sale, ship, or offer for shipment, fruits or vegetables, not sold or offered for sale by standard net weight or by numerical count, in hampers, round stave baskets, splint baskets, climax baskets or baskets or other containers for berries or other small fruits and vegetables that, at the time of such sale or offer for sale, shipment or offer for shipment, are not filled to the full capacity thereof, stricken measure, subject to such tolerances as may be prescribed in the regulations under this act. Any individual, partnership, association or corporation that willfully violates this section shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not exceeding one hundred dollars [\$100] or imprisonment not exceeding sixty [60] days, or both: Provided, That no person shall be prosecuted under the provisions of this act when he can establish a guaranty signed by the manufacturer, wholesaler, shipper, or other party residing within this state from whom hampers, round stave baskets, climax baskets, splint baskets or other baskets or containers, as defined in this act, were purchased, to the effect that said hampers, round stave baskets, climax baskets, splint baskets or other baskets or containers are correct within the meaning of this act. Said guaranty, to afford protection, shall contain the name and address of the party or parties making the sale of hampers, round stave baskets, climax baskets, splint baskets or other baskets or containers to such person, and, in such case, such party or parties making such sale shall be amenable to prosecution, fines, and other penalties which would attach in due course to any person under the provisions of this act. [1923]

Sec. 69-209. Seizure and confiscation.

Any hamper, round stave basket, climax basket or splint basket for fruits or vegetables, or other basket or container for berries or other small fruits

and vegetables, whether filled or unfilled, or parts of such hampers, round stave baskets, climax baskets, splint baskets, or other basket or container for berries or other small fruits and vegetables, not complying with this act [Secs. 69-201—69-215], which shall be manufactured for sale or shipment, offered for sale, sold or shipped, may be proceeded against in any court of competent jurisdiction of this state and within the county where the same shall be found and may be seized for confiscation by a process of libel for condemnation. Upon request, the person entitled shall be permitted to retain or take possession of the contents of such hampers, baskets or containers, but, in the absence of such request, or when the perishable nature of such contents makes such action immediately necessary, the same shall be disposed of by destruction or sale as the court or a judge thereof may direct. If such hampers, round stave baskets, splint baskets, climax baskets, or other basket or container for berries or other small fruits and vegetables, or parts thereof, be found, in such proceeding, to be contrary to this act, the same shall be disposed of by destruction, except that the court may, by order, direct that such hampers, baskets or containers, or parts be returned to the owner thereof or sold, upon the payment of the costs of such proceeding and the execution and delivery of a good and sufficient bond, to the effect that such hampers, baskets or containers, or parts thereof, shall not be sold or otherwise disposed of or used contrary to law. The proceeds of any sale under this section, less legal costs and charges, shall be paid over to the person entitled thereto. [1923]

Sec. 69-210. Shipment to other states.

This act shall not prohibit the manufacture for sale or shipment, offer for sale, or shipment, of hampers, round stave baskets, splint baskets, climax baskets, or baskets or containers for berries or other small fruits and vegetables, or parts thereof, to any other state or foreign country in accordance with the specifications of a consignee or customer not contrary to the law of such state or foreign country; nor shall this act [Secs. 69-201—69-215] prevent the manufacture or use of banana hampers of the shape and character now in commercial use as shipping containers for bananas. [1923]

Sec. 69-211. Prosecutions.

It shall be the duty of each prosecuting attorney to whom satisfactory evidence of any violation of this act [Secs. 69-201—69-215] is presented to cause appropriate proceedings to be commenced and prosecuted in the proper courts of the state of Indiana, in his circuit, for the enforcement of the provisions of this act. [1923]

Sec. 69-212. Enforcement; right of entry.

It shall be the duty of the state food and drug commissioner¹ to enforce all the provisions of this

Burns Statutes Annotated 1933, Vol. 11, Title 69, Ch. 2—Weights and Measures, Containers for Fruits and Vegetables—Continued.

act [Secs. 69-201—69-215], and he shall prescribe such regulations² as he may find necessary for carrying into effect the provisions of this act, and shall cause such examinations and tests to be made as may be necessary in order to determine whether hampers, round stave baskets, splint baskets, climax baskets and baskets or containers for berries or other small fruits and vegetables, or parts thereof, subject to this act, meet its requirements. For said purpose, the authorized officers and agents of the food and drug department may visit factories, stock rooms, and other places of business where such hampers, baskets, and containers, or parts thereof, are manufactured or held for sale or shipment, or offered for sale, and may enter cars, vessels, other vehicles, and places under the control of carriers engaged in the transportation of such hampers, baskets and containers, or parts thereof, and may take samples of such hampers, baskets and boxes or parts thereof or, upon written request from the state food and drug commissioner or his authorized agents, any manufacturers, shippers, carriers or holders of such hampers, baskets and containers or parts thereof shall furnish samples of such hampers, baskets and containers, or parts thereof, as are required, for the purpose of inspection as in this act provided. Sec. 69-213. Cooperation with local authorities.

For carrying out the purpose of this act [Secs. 69-201—69-215], the food and drug commissioner¹ is authorized to cooperate with state, county and municipal authorities, manufacturers, dealers and shippers. [1923]

¹ Now Director, State Division of Weights and Measures; see Ed. note following Sec. 69-103, page 303.

Sec. 69-214. Application of act to wooden containers; exceptions.

The provisions of this act [Secs. 69-201—69-215] establishing dimensions and specifications for the several baskets, hampers and containers named shall apply only to baskets, hampers and containers made of wood for fruits and vegetables, but the standard sizes established and the cubical contents thereof shall apply to all baskets, hampers and other containers for fruits and vegetables of whatever material made. [1923]

Sec. 69-215. Construction of act.

Nothing in this act [Secs. 69-201—69-215] shall be construed to permit of sales by standard hampers, baskets or containers without regard to weight or

numerical count now required by law to be sold by weight or numerical count. [1923]

Any person, firm or corporation who buys or sells any of the articles or commodities enumerated in this section, at a measure or fraction thereof differing in the weight from the standard herein prescribed shall be guilty of a misdemeanor and shall, on conviction, for the first offense, be punished by fine of not less than ten dollars [\$10.00] nor more than thirty [\$30.00] dollars; for the second offense, by a fine of not less than twenty-five dollars [\$25.00] nor more than one hundred dollars [\$100.00], and for the third and subsequent offense, by a fine of one hundred dollars [\$100.00] and imprisonment in the county jail for not less than thirty [30] days nor more than ninety [90] days. [1905; last amended 1917.]

[ED. NOTE.—The parenthetical part of the above section has been superseded by Sec. 69-113 making it unlawful to use any dry capacity measure in the sale of dry commodities and providing that such commodities shall be sold only by weight or count, with certain exceptions. See p. 306.]

Sec. 69-307. Flour, corn meal, hominy and hominy grits: Standard weight containers; exceptions.

It shall be unlawful for any person, partnership, corporation, company, cooperative society, or organization to pack for sale, sell, offer or expose for sale in this state any of the following commodities, except in containers of net avoirdupois weights of five, ten, twenty-five, fifty, and one hundred pounds, and multiples of one hundred pounds: Wheat flour, self-rising wheat flour, phosphated wheat flour, bromated flour, enriched flour, enriched self-rising flour, enriched bromated flour, corn flour, corn meals, hominy and hominy grits: Provided, however, That the provisions of this act [Secs. 69-307—69-308] shall not apply to (a) the retailing of flours, meals, hominy and hominy grits direct to the consumer from bulk stock, or (b) the sale of flours and meals to commercial bakers or blenders in containers of more than one hundred pounds, or (c) the sale of flours and meals for export, or (d)

flours, meals, hominy and hominy grits packed in containers the net contents of which are less than three pounds, or (e) the exchange of wheat for flour by mills grinding for toll. [1945; last amended 1947.]

Sec. 69-308. Same: Penalty for violations.

Any violation of this act [Secs. 69-307—69-308] shall constitute a misdemeanor and upon conviction, the offender shall be fined not less than twenty-five dollars [\$25.00] nor more than five hundred dollars [\$500] for each offense. [1945]

Burns Statutes Annotated 1933, Vol. 11, Title 69, Ch. 4—Weights and Measures, Marking of Fresh Fruits and Vegetables.

Sec. 69-408. "Package" defined.

The term "package" as used in this act [Secs. 69-408—69-419] shall be construed to mean any container which is used for the transportation of or sale of fruits and vegetables within the state. [1935]

Sec. 69-409. Marking requirements.

Every person, firm or corporation who, by himself, or by his agent or employee, packs or repacks fresh fruits or vegetables, in containers, intended for sale, either privately or on the open market, shall cause the same to be marked in a plain and indelible manner, as follows:

First. With his full name and address, including the name of the state where such fresh fruits and vegetables are grown or packed.

Second. The net contents, by weight, if not in a standard container built in accordance with the specifications of the federal or state standard container act, in which case, the cubical contents shall be sufficient.

* * * * *

All markings shall be in letters not less than one-half of an inch in height. [1935]

Sec. 69-410. Sale in unmarked container prohibited.

No person shall sell, offer for sale, expose or have in his possession for sale, either privately or on the open market, any fresh fruits or vegetables, packed in containers, and intended for sale, unless such containers are marked in accordance with the provisions of this act [Secs. 69-408—69-419]. [1935]

Sec. 69-416. Enforcement.¹

The state board of health, its food and drug commissioner, commissioner of weights and measures, food inspectors, sealers of weights and measures and agents are hereby charged with the enforcement of the provisions of this act [Secs. 69-408—69-419]. It shall be the duty of every prosecuting attorney, to whom the state board of health or any of its agents shall report any violation of the provisions of this act, to cause proceedings to be commenced against the person or persons so violating

Burns Statutes Annotated 1933, Vol. 4, Title 10, Ch. 24—Gas Meters.

Sec. 10-2401. False meter; penalty.

Whoever knowingly constructs, or uses, or furnishes to gas consumers to be used, any false meter provided for measuring and registering the quantity of gas consumed by any person under a contract with any gas company, shall, on conviction, be fined not less than ten dollars [\$10.00] nor more than one hundred dollars [\$100]. [1905]

Sec. 10-2410. Correct and readable meters to be furnished patrons.

Every person, company or corporation now engaged or hereafter engaging in the business of

furnishing natural or artificial gas for heating, illuminating or other purposes, to be used and paid for by patrons by meter measure, shall furnish to each and every patron a meter properly tested and in good order, and shall arrange such meters so that the patron can, at any time, see the meter dial and ascertain how much gas he is consuming, and how much he is liable to pay for. [1901]

Sec. 10-2411. Excess charges.

It shall be unlawful for any person, company or corporation engaged in furnishing gas to consumers, to be paid for by meter measure, to charge or receive, from any patron or consumer, pay for more gas than the meter furnished by such person, company or corporation shall indicate has been used by such consumer at the time to which payment is made and received. [1901]

Sec. 10-2412. Penalty for violations.

Any person, company or corporation violating any of the provisions of this act [Secs. 10-2410—10-2412] shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be fined in any sum not less than ten dollars [\$10.00] and not more than one hundred dollars [\$100] for each offense. Sec. 10-4801. Altering inspector's marks; penalty.

Whoever alters or erases any brand or mark of any inspector, appointed by proper authority, placed on any barrel of salt¹, flour, beef, pork, or hogshead of tobacco, or other article authorized by law to be inspected and branded, shall, on conviction, be fined not less than five dollars [\$5.00] nor more than one hundred dollars [\$100]. [1905]

¹ See Sec. 35-1903, page 322.

Sec. 10-4802. Selling by short weight.

Whoever knowingly sells, or directs or permits any person in his employ to sell, any property, and makes or gives any false or short weight or measure of such property, and any person owning, or having charge of scales, measures or steelyards, for the purpose of weighing or measuring any property, who knowingly reports any false or untrue weight or measure, whereby any person may be defrauded or injured, shall, on conviction, be fined not less than ten dollars [\$10.00] nor more than one hundred dollars [\$100]. [1905]

Sec. 10-4803. Selling coal by false weight; penalty.

Whoever knowingly sells and delivers any coal except at the weight and measure prescribed by law, shall, on conviction, be fined not less than five dollars [\$5.00] nor more than one hundred dollars [\$100]. [1905]

Sec. 10-4804. Short-weight packages of certain commodities; penalty.

Whoever packs, brands or sells, or causes to be packed, branded or sold, any salt, beef, pork, flour,

tobacco or hay in barrels or packages as full barrels or packages, when such barrels or packages do not contain the weight which by law they are required to contain, shall, on conviction, be fined not less than ten dollars [\$10.00] nor more than one hundred dollars [\$100]. [1905]

Sec. 10-4805. Wheat: Standard measure; exception; penalty.

It shall be unlawful for any person, commission merchant, miller, dealer, grain inspector, corporation, company, firm or association, either by himself, itself, officer, agent or employee, when purchasing wheat or receiving it in barter or exchange for flour or otherwise, from the owner, his agent or employee, to use for the purpose of testing or determining the weight, grade, milling or market value of wheat, any measure other than the standard half-bushel measure furnished this state by the United States; and the use of any fractional part of said standard half-bushel measure for such purpose will be a violation of this section. It shall likewise be unlawful to use anything other than a straight stick with the edges square for leveling the wheat in said half-bushel measure, for the purpose of testing the weight, grade, milling or market value of wheat: Provided, That the provisions of this section shall not apply to wheat or grain that is inspected or graded by the car-load under the regulations of any board of trade. Any person violating any of the provisions of this section, shall, on conviction, be fined not less than ten dollars [\$10.00] nor more than one hundred dollars [\$100], to which may be added imprisonment in the county jail not exceeding six [6] months. [1905]

Sec. 10-4806. Use of false scales, weights, and measuring devices; penalty.

Any person, firm or corporation engaged in the business of buying grain, live stock, feed, junk or other commodity who shall have in his or their possession for use in such business, or shall use, any false scales, weights or measuring devices or weighing device, or any person, firm or corporation who, by himself or themselves, or by his agent or their agent, shall buy or offer to buy or accept any live stock, grain, feed, junk or other commodity weighed or measured by such false weighing or measuring device, or any grain, live stock, feed, junk or other commodity which has been made subject to any false representation or manipulation of its true weight or measure, shall be guilty of a misdemeanor, and, upon conviction in any court of competent jurisdiction, shall be punished by a fine of not less than ten dollars [\$10.00] nor more than one hundred dollars [\$100], to which may be added imprisonment in the county jail for not more than three [3] months, upon first conviction; and, upon second or subsequent conviction, shall be punished by a fine of not less than twenty dollars [\$20.00] nor more than five hundred dollars [\$500], to

which may be added imprisonment in the county jail for not more than six [6] months. [1921]

Sec. 10—4807. Same: Enforcement.

It shall be the duty of the state commissioner of weights and measures,¹ his deputies, state, city and county sealers, and inspectors of weights and measures to enforce the provisions of this act [Secs. 10—4806—10—4808]; and said commissioner, his deputies, state, city and county sealers and inspectors of weights and measures are hereby authorized to exercise all police powers already conferred upon them by existing state laws pertaining to weights and measures for the purpose of such enforcement. [1921]

¹ Now Director, State Division of Weights and Measures; see Ed. note following Sec. 69—103, page 303.

Sec. 10—4808. Same: Act supplements existing laws.

This act [Secs. 10—4806—10—4808] shall be construed to supplement existing laws pertaining to and governing weights and measures in the state of Indiana and shall not be construed as repealing any such laws. [1921]

Sec. 10—4809. Falsely increasing weight of rags and paper.

Any person, firm, copartnership or corporation engaged in the packing or shipping of rags and paper stock for use in felt making and paper mills, in bales, bundles, boxes or other containers, in this state, who shall knowingly and wilfully pack or ship, or who, in the conduct of such business, shall knowingly and wilfully cause to be packed or shipped with the rags in such bales, bundles, boxes or other containers any dead animals, stone, wood, metal, minerals, bone, glass, leather, rubber or manufactured articles in which are used and attached any of the foregoing substances, water or earth, shall be guilty of a misdemeanor. [1915]

Sec. 10—4810. Same: Penalty.

Any person, firm, copartnership or corporation guilty of violating any of the provisions of this act [Secs. 10—4809—10—4810] shall be punished by a fine of not less than ten dollars [\$10.00] for each offense, or by imprisonment in the county jail for not more than two [2] months, or by both such fine and imprisonment. [1915]

Sec. 10—4811. Watermelons: Count and weight; statements.

It shall be the duty of every person or persons, firm or corporation loading watermelons into cars for transportation, before loading such watermelons, to count and weigh the same, and, upon such loading being completed, to make out and sign two [2] statements of the weight of such watermelons and the number thereof contained in said car. One copy of such statement shall be securely attached to said car and the other copy thereof shall be

attached to the bill of lading for said car, and delivered to the consignee or purchaser thereof, at his request. [1915]

Sec. 10—4812. Same: Unlawful not to make statements.

It shall be unlawful for any person, persons, firm or corporation to ship, sell, or offer for sale, any carload of watermelons without the statements set out in the last section having been made out, and one [1] copy thereof being delivered to the purchaser or consignee of such watermelons, if he shall request it. [1915]

Sec. 10—4813. Same: Penalty.

Any person, persons, firm or corporation who shall fail to comply with any provision of this act [Secs. 10—4811—10—4813], or who shall make out any false statement in reference to the contents of said car, or the weight thereof, shall be guilty of a misdemeanor, and, upon conviction, shall be fined not less than twenty-five dollars [\$25.00] nor more than one hundred dollars [\$100], to which may be added imprisonment in the county jail for not less than thirty [30] days nor more than ninety [90] days. [1915]

Burns Statutes Annotated 1933, Vol. 5, Title 16, Ch. 10—Commercial Feeding Stuff.

Sec. 16—1002. Marking requirements.

Any person, company, corporation or agent that shall sell or offer, or expose for sale, any concentrated commercial feeding stuff in this state, shall affix, or cause to be affixed, to every package or sample of such concentrated commercial feeding stuff, in a conspicuous place on the outside thereof, a tag or label, which shall be accepted as a guarantee of the manufacturer, importer, dealer or agent, and which shall have plainly printed thereon, in the English language, the number of net pounds of concentrated commercial feeding stuff in the package, * * *. When concentrated commercial feeding stuff is sold in bulk, a tag, as hereinbefore described * * * shall be delivered to the consumer with each one hundred [100] pounds, or fraction thereof, in excess of five [5] pounds; * * * [1907; last amended 1933.]

Sec. 16—1006. Penalties for violations; exceptions.

Any person, company, corporation or agent that shall offer for sale, sell or expose for sale any package or sample or any quantity of any concentrated commercial feeding stuff * * * which does not have affixed to it a tag and stamp required by section 2 [16—1002] of this act [Secs. 16—1001—16—1011] * * * shall be deemed guilty of a misdemeanor, and, on conviction thereof, shall be fined in the sum of fifty dollars [\$50.00] for the first offense, and in the sum of one hundred dollars [\$100] for each subsequent offense. * * * Provided, That nothing in this act shall be construed to restrict or prohibit the sale of concentrated com-

mercial feeding stuff in bulk to each other by importers, manufacturers or manipulators who mix concentrated commercial feeding stuff for sale, or as preventing the free, unrestricted shipment of these articles in bulk to manufacturers or manipulators who mix concentrated commercial feeding stuff for sale, * * * [1907]

Sec. 16-1009. Rules and regulations.

The state chemist is hereby empowered to prescribe and enforce such rules and regulations relating to concentrated commercial feeding stuff as he may deem necessary to carry into effect the full intent and meaning of this act [Secs. 16-1001-16-1011], * * * [1907]

Sec. 16-1011. Definition.

The term "concentrated commercial feeding stuff," as used in this act [Secs. 16-1001-16-1011], shall include linseed meals, coconut meals, gluten feeds, gluten meals, germ feeds, corn feeds, maize feeds, dairy feeds, starch feeds, sugar feeds, dried brewers' grains, malt sprouts, dried distillers grains, dried beet refuse, hominy feeds, cerealine feeds, rice meals, rice bran, rice polish, peanut meals, oat feeds, corn and oat feeds, corn bran, wheat bran, wheat middlings, wheat shorts and other mill by-products not excluded in this section, ground beef or fish scraps, dried blood, blood meals, bone meals, tankage, meat meals, slaughter-house waste products, mixed feeds, clover meals, alfalfa meals and feeds, peavine meal, cotton seed meal, velvet meal, sucrose, mixed feeds, and mixed meals made from seeds or grains, and all materials of similar nature used for food for domestic animals, condimental feeds, poultry feeds, stock feeds, patented proprietary or trade and market stock and poultry feeds; but it shall not include straw, whole seeds, unmixed meals made directly from the entire grains of wheat, rye, barley, oats, Indian corn, buckwheat and broom corn, nor wheat flours or other flours. [1907]

Burns Statutes Annotated 1933, Vol. 7, Title 35, Ch. 11-Standard Weights for Loaves of Bread.

Sec. 35-1109. Standard weights; tolerances; marking requirements; enforcement.

Loaves of bread offered for sale or sold within this state, shall be of the following standard weights and no other, namely: A loaf weighing three-quarters of a pound, a loaf weighing one [1] pound, a loaf weighing one and one-quarter [$1\frac{1}{4}$] pounds, a loaf weighing one and one-half [$1\frac{1}{2}$] pounds and loaves weighing two [2] pounds, or some whole multiple of one [1] pound. These shall be the standard weights for loaves of bread offered for sale or sold by the loaf, and such bread shall not be offered for sale or sold of other weights. Allowable tolerances and variations shall not exceed one [1] ounce per pound over or one [1] ounce per pound

under the standard unit weight. Each and every loaf of bread offered for sale or sold shall have affixed thereon, in a conspicuous place, a label upon which shall be plainly and distinctly printed the weight of the loaf stated in pounds or fractions of pounds, or both, as the case may be, together with the business name of the baker or manufacturer. In case of wrapped bread, such information shall be stated upon the wrapper of each loaf in a conspicuous position unobscured by the folds of the wrapper; in the case of unwrapped bread said information shall be stated upon a label no larger than one by one and one-half [$1\frac{1}{2}$] inches in size and not smaller than one inch by three-quarters [$3\frac{3}{4}$] of an inch and such label affixed to an unwrapped loaf shall not be affixed in any manner or with any gums or paste which are unsanitary or unwholesome. The weight declaration of the loaf shall be printed on a clear, plain background of a distinctly contrasting color in uncondensed Gothic capital letters of not less than ten [10] point size. It shall be the duty of the commissioner of weights and measures and of the sealers of weights and measures of any city, town or county, or any agent thereof responsible for the enforcement of weights and measures laws and ordinances under regulations prescribed by the commissioner of weights and measures, to enforce the provisions of this section. [1919; last amended 1933.]

1 Now Director, State Division of Weights and Measures; see Ed. note following Sec. 69-103, page 303.

Sec. 35-1110. Penalty for violations.

Any person, firm or corporation who shall violate any of the provisions of this act [Secs. 35-1101-35-1112] shall be subject to a fine of not less than ten dollars [\$10.00], nor more than one hundred dollars [\$100], and each day's continuance of any practice, act or condition prohibited herein shall constitute a separate offense within the meaning of this act. [1919]

Sec. 35-1111. City ordinances.

Except as in this act [Secs. 35-1101-35-1112] provided, no city or town, or any board or officer thereof, shall have power to enact or make any ordinance, law, resolution, rule or order affecting the matters covered by this act. [1919]

Acts of 1949, Ch. 157, Art. 5—"Uniform Indiana Food, Drug, and Cosmetic Act."

Sec. 1902. Definitions.

As used in this article, unless the context otherwise requires:

(a) The term "Federal Act" means the Federal Food, Drug, and Cosmetic Act (Title 21 U.S.C. 301 et seq.; 52 Stat. 1040 et seq.) and amendments thereto. Whenever in this article a department or agency of the Federal Government is referred to it shall mean and include any department or agency

Acts of 1949, Ch. 157, Art. 5—"Uniform Indiana Food, Drug and Cosmetic Act"—Continued.

of the Federal Government to which the duties, powers or functions may be hereafter transferred or given.

(b) The term "intrastate commerce" means any and all commerce within the State of Indiana and subject to the jurisdiction thereof; and includes the operation of any business or service establishment.

(c) The term "sale" means any and every sale and includes (1) manufacture, processing, transporting, handling, packing, canning, bottling, or any other production, preparation, or putting up; (2) exposure, offer, or any other proffer; (3) holding, storing, or any other possession; (4) dispensing, giving, delivering, serving, or any other supplying; and (5) applying, administering, or any other using.

(d) The term "food" means (1) articles used for food, drink, confectionery or condiment for man; (2) chewing gum, and (3) articles for components of any such article.

(e) The term "drug" means (1) articles recognized in the official United States Pharmacopoeia, official Homeopathic Pharmacopoeia of the United States, or official National Formulary, or any supplement to any of them; and (2) articles intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in man or other animals; and (3) articles (other than food) intended to affect the structure or any function of the body of man or other animals; and (4) articles intended for use as a component of any article specified in clause (1), (2), or (3); but does not include devices or their components, parts, or accessories.

(f) The term "device" (except when used in paragraph "I" of this section and in sections 1903 (h), 1958, 1980, and 2007), means instruments, apparatus, and contrivances, including their components, parts, and accessories, intended (1) for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in man or other animals; or (2) to affect the structure or any function of the body of man or other animals.

(g) The term "cosmetic" means (1) articles intended to be rubbed, poured, sprinkled, or sprayed on, introduced into, or otherwise applied to the human body or any part thereof for cleansing, beautifying, promoting attractiveness, or altering the appearance, and (2) articles intended for use as a component of any such articles; except that such term shall not include soap.

(h) The term "official compendium" means the official United States Pharmacopoeia, official Homeopathic Pharmacopoeia of the United States, official National Formulary, or any supplement to any of them.

(i) The term "label" means a display of written, printed, or graphic matter upon the immediate container of any article; and a requirement made by

or under authority of this article that any word, statement, or other information appearing on the label shall not be considered to be complied with unless such word, statement, or other information also appears on the outside container or wrapper, if any there be, of the retail package of such article, or is easily legible through the outside container or wrapper.

(j) The term "immediate container" does not include package liners.

(k) The term "labeling" means all labels and other written, printed, or graphic matter (1) upon any article or any of its containers or wrappers, or (2) accompanying such article.

(l) If an article is alleged to be misbranded because the labeling is misleading, or if an advertisement is alleged to be false because it is misleading, then in determining whether the labeling or advertisement is misleading there shall be taken into account (among other things) not only representations made or suggested by statement, word, design, device, sound, or any combination thereof, but also the extent to which the labeling or advertisement fails to reveal facts material in the light of such representations or material with respect to consequences which may result from the use of the article to which the labeling or advertisement relates under the conditions of use prescribed in the labeling or advertisement thereof or under such conditions of use as are customary or usual. [1949]

Sec. 1903. Prohibited acts.

The following acts and the causing thereof are hereby prohibited:

(a) The sale in intrastate commerce of any food, drug, device, or cosmetic that is adulterated or misbranded.

(b) The adulteration or misbranding of any food, drug, device, or cosmetic in intrastate commerce.

(c) The receipt in intrastate commerce of any food, drug, device, or cosmetic that is adulterated or misbranded, and the sale thereof in such commerce for pay or otherwise.

* * * * *

(j) The alteration, mutilation, destruction, obliteration, or removal of the whole or any part of the labeling of, or the doing of any other act with respect to, a food, drug, device, or cosmetic, if such act is done while such article is held for sale and results in such article being misbranded.

* * * * *

(l) The removal or disposal of a quarantined article in violation of sections 1921 to and including 1934.

(m) The giving of a guaranty or undertaking in intrastate commerce, referred to in section 1918 that is false. [1949]

Sec. 1907. Rules and regulations.

The purpose of this article being to promote uniformity with the Federal Act, in safeguarding the public health and in promoting public welfare, the state board [of health] is hereby authorized to adopt, insofar as applicable, the regulations from time to time promulgated by the Federal Security Administrator under the Federal Act. [1949]

Sec. 1908. Enforcement.

The state board [of health] shall cause the investigation and examination of food, drugs, devices, and cosmetics subject to this article. * * * [1949]

Sec. 1916. Penalties for violations.

Any person who violates any of the provisions of section 1933 shall be guilty of a misdemeanor and shall on conviction thereof be subject to imprisonment for not more than six months or a fine of not less than \$10.00 nor more than \$1,000.00, or both such imprisonment and fine; and for the second or subsequent offense shall be subject to imprisonment for not more than two years, or a fine of not less than \$50.00 nor more than \$2,000.00, or both such imprisonment and fine. [1949]

Sec. 1917. Violation with intent to defraud; penalty.

Notwithstanding the provisions of section 1916, in case of a violation of any provisions of section 1903 with intent to defraud or mislead, the penalty shall be imprisonment for not more than two years, or a fine of not less than \$50.00 nor more than \$2,000.00, or both such imprisonment and fine. [1949]

Sec. 1918. Guaranty protection.

No person shall be subject to the penalties of section 1916 of this article, for having violated section 1903 (a) or 1903 (c) if he establishes a guaranty or undertaking signed by, and containing the name and address of, the person residing in the United States from whom he received in good faith the article, to the effect that such article is not adulterated or misbranded within the meaning of this article or the Federal Act. [1949]

Sec. 1921. Embargo.

Whenever a duly authorized agent of the state board finds, or has probable cause to believe, that any food, drug, device, or cosmetic is adulterated, or so misbranded as to be dangerous or fraudulent, within the meaning of this article, he shall affix to such merchandise a tag or other appropriate marking, giving notice that such merchandise is, or is suspected of being, adulterated or misbranded and has been detained or embargoed for a period of five days in the case of food and for a period of ten days in the case of drugs and cosmetics, and warning all persons not to remove or dispose of such merchan-

dise by sale or otherwise until permission for removal or disposal is given by such agent or the court. It shall be unlawful for any person to remove or dispose of such detained or embargoed merchandise by sale or otherwise without such permission. The claimant shall be authorized to destroy the merchandise so detained if such merchandise is destroyed under the supervision of an agent of the state board. When any such agent has found that merchandise so detained or embargoed is not adulterated or misbranded he shall remove the tag or other marking. [1949]

Sec. 1922. Same.

When any merchandise detained or embargoed under section 1921 has been found by such agent to be adulterated or misbranded, he shall within five days thereafter cause to be filed a petition in any circuit or superior court or before the judge thereof in vacation in whose jurisdiction the merchandise is detained or embargoed for a libel for condemnation of such merchandise as herein provided. * * * [1949]

Sec. 1938. Minor violations.

Nothing in this article shall be construed as requiring the secretary [of the state board of health] or his authorized agent to report for the institution of proceedings under this article, minor violations of this article, whenever he believes that the public interest will be adequately served in the circumstances by a suitable written notice or warning. [1949]

Sec. 1950. Food: Standard of fill of container.

Whenever any definitions or standard of identity, quality or fill of container for any food or class of food are promulgated under authority of the Federal Act or the Federal Meat Inspection Act of 1907, as amended, the state board shall promptly promulgate said definitions and standards for Indiana. Whenever, with regard to any other food or class of food, the state board shall find that such action will promote honesty and fair dealing in the interest of consumers, the state board shall promulgate regulations fixing and establishing for any such food or class of food a reasonable definition and standard of identity, and a reasonable standard of quality and fill of container. * * * [1949]

Sec. 1956. When food deemed misbranded.

A food shall be deemed to be misbranded: (1) if its labeling is false or misleading in any particular; * * * (4) if its container is so made, formed, or filled as to be misleading. [1949]

Sec. 1957. Same.

A food shall be deemed to be misbranded, if in package form, unless it bears a label containing * * * (2) an accurate statement of the quantity of the contents in terms of weight, measure, or

numerical count: Provided, That under clause (2) of this section reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations prescribed by the state board [of health]. [1949]

Sec. 1958. Same.

A food shall be deemed to be misbranded if any word, statement, or other information required by or under authority of this article to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use. [1949]

Sec. 1960. Same.

A food shall be deemed to be misbranded if it purports to be or is represented as * * * (2) a food for which a standard or standards of fill of container have been prescribed by regulation as provided by section 1950 and it falls below the standard of fill of container applicable thereto, unless its label bears, in such manner and form as such regulations specify, a statement that it falls below such standard. [1949]

Sec. 1965. Exempt food.

Food which is, in accordance with the practice of the trade, to be processed, labeled, or repacked in substantial quantities at an establishment other than the establishment where it was originally processed or packed, is exempted from the affirmative labeling requirements of this article, while it is in transit in intrastate commerce from the one establishment to the other, if such transit is made in good faith for such completion purposes only; but it is otherwise subject to all the applicable provisions of this article. [1949]

Sec. 1979. When drug or device deemed misbranded.

A drug or device shall be deemed to be misbranded: (a) if its labeling is false or misleading in any particular, or (b) if in package form unless it bears a label containing * * * (2) an accurate statement of the quantity of the contents in terms of weight, measure, or numerical count: Provided, That under clause (2) of this section reasonable variation shall be permitted, and exemptions as to small packages shall be established, by regulations prescribed by the state board [of health]. [1949]

Sec. 1980. Same.

A drug or device shall be deemed to be misbranded if any word, statement, or other information required by or under authority of this article to appear on the label or labeling is not prom-

inently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use. [1949]

Sec. 1986. Same.

A drug or device shall be deemed to be misbranded (1) if it is a drug and its container is so made, formed, or filled as to be misleading; * * * [1949]

Sec. 1988. Exempt drugs or devices.

A drug or device which is, in accordance with the practice of the trade, to be processed, labeled, or repacked in substantial quantities at an establishment other than the establishment where it was originally processed or packed, is exempted from the affirmative labeling and packaging requirements of this article, while it is in transit in intrastate commerce from the one establishment to the other, if such transit is made in good faith for such completion purposes only; but it is otherwise subject to all the applicable provisions of this article. [1949]

Sec. 2005. When cosmetics deemed misbranded.

A cosmetic shall be deemed to be misbranded if its labeling is false or misleading in any particular. [1949]

Sec. 2006. Same.

A cosmetic shall be deemed to be misbranded if in package form unless it bears a label containing * * * (2) an accurate statement of the quantity of the contents in terms of weight, measure, or numerical count: Provided, That under clause (2) of this section reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations prescribed by the state board [of health]. [1949]

Sec. 2007. Same.

A cosmetic shall be deemed to be misbranded if any word, statement, or other information required by or under authority of this article to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use. [1949]

Sec. 2008. Same.

A cosmetic shall be deemed to be misbranded if its container is so made, formed, or filled as to be misleading. [1949]

Sec. 2009. Exempt cosmetics.

A cosmetic which is, in accordance with the practice of the trade, to be processed, labeled, or

repacked in substantial quantities at an establishment other than the establishment where it was originally processed or packed, is exempted from the affirmative labeling requirements of this article, while it is in transit in intrastate commerce from the one establishment to the other, if such transit is made in good faith for such completion purposes only; but it is otherwise subject to all the applicable provisions of this article. [1949]

Burns Statutes Annotated 1933, Vol. 7, Title 35, Ch. 13—Milk and Cream.

Sec. 35—1301. Fraudulent manipulation of weights, etc.

It shall be unlawful for any hauler of milk or cream, or other person, or creamery, or other milk plant or agent, receiving milk or cream by weight or test or by weight and test, to fraudulently manipulate the weights of milk or cream of any patron or to take unfair samples thereof, or to fraudulently manipulate such samples. The hauler shall weigh the milk or cream of each patron accurately and correctly to the factory. * * * When the weighing or sampling of the milk or cream of each patron is done at the creamery, shipping station or other factory, firm, corporation or individual buying and paying for milk or cream on the basis of the butter fat contained therein, the same rule shall apply. [1913]

Sec. 35—1302. Standard glassware and accurate scales required; inspection; markings.

Every person, firm, company, association, corporation or agent thereof buying and paying for milk or cream on the basis of the amount of butter fat contained therein as determined by the Babcock test shall use standard Babcock test bottles, pipettes and weights and accurate scales, as defined in section thirteen [35—1312] of this act [Secs. 35—1301—35—1312], and all Babcock test bottles, pipettes and weights shall have been inspected for accuracy by the Purdue University agricultural experiment station, or its deputy, and shall be legibly and indelibly marked by the said Purdue University agricultural experiment station, or its deputy, with the letters "S. G. P." (Standard Glassware Purdue). No bottle, pipette or weight shall be used for such test unless so examined and marked by the said Purdue University agricultural experiment station. It shall be unlawful for any person, firm, company, association, corporation, or any of their agents, to use any other than standard test bottles, pipettes and weights which have been examined and marked as provided in this section, to determine the amount of fat in milk or cream, bought and paid for on the butter fat basis. [1913]

Sec. 35—1303. Unlawful tests.

It shall be unlawful for any person, firm or corporation by himself, or as the officer, servant, agent or employee of any person, firm or corporation,

buying and paying for milk or cream on the basis of the amount of fat contained therein * * * to pay on the basis of any measurement or weight except the true measurement or weight, which is seventeen and six-tenths [17.6] cubic centimeters for milk and nine [9] grams for cream. This section further provides that in all tests the cream shall be weighed into the test bottles. [1913]

Sec. 35—1307. Fees for testing glassware.

* * * For all testing glassware inspected by the said Purdue University agricultural experiment station, or its deputy, a fee of three cents [3¢] shall be paid by the owner of said testing glassware to the said Purdue University agricultural experiment station for every piece of glassware so examined. [1913; last amended 1945.]

Sec. 35—1310. Penalties for violations.

Any employee of a firm, company, association, corporation or person, buying and paying for milk or cream on the basis of the amount of butter fat it contains, violating any of the provisions of this act [Secs. 35—1301—35—1312], shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten dollars [\$10.00], nor more than one hundred [\$100] dollars, or be imprisoned in the county jail for not less than sixty [60] days nor more than twelve [12] months or both. Any firm, company, association, corporation or person, buying or paying for milk or cream on the basis of the amount of butter fat contained therein, violating any of the provisions of this act, shall be guilty of misdemeanor, and upon conviction thereof shall be fined in the sum of twenty-five dollars [\$25.00] for the first offense and in the sum of not less than one hundred dollars [\$100], nor more than one thousand dollars [\$1,000] for each subsequent offense. [1913; last amended 1945.]

Sec. 35—1312. Specifications for standard Babcock glassware and weights.

The term "Standard Babcock Testing Glassware" shall apply to glassware and weights complying with the following specifications:

(a) Standard Milk Test Bottles.—

Graduation: The total per cent graduation shall be eight [8]. The graduated portion of the neck shall have a length of not less than sixty-three and five-tenths [63.5] mm. (two and one-half [2½] inches). The graduation shall represent whole per cent, five tenths per cent, and tenths per cent. The tenths per cent graduations shall not be less than three [3] mm. in length; the five-tenths per cent graduations shall be one [1] mm. longer than the tenths per cent graduations, projecting one [1] mm. to the left; the whole per cent graduation shall extend one-half way around the neck to the right and projecting two [2] mm. to the left of the tenths per cent graduations. Each per cent graduation

shall be numbered, the number being placed on the left of the scale. The error at any point of the scale shall not exceed one-tenth per cent.

Neck: The neck shall be cylindrical and the cylindrical shape shall extend for at least nine [9] millimeters below the lowest and above the highest graduation mark. The top of the neck shall be flared to a diameter of not less than ten [10] millimeters.

Bulb: The capacity of the bulb up to the junction of the neck shall not be less than forty-five [45] cubic centimeters. The shape of the bulb may be either cylindrical or conical with the smallest diameter at the bottom. If cylindrical, the outside diameter shall be between thirty-four [34] and thirty-six [36] mm.; if conical, the outside diameter of the base shall be between thirty-one [31] and thirty-three [33] mm., and the maximum diameter between thirty-five and thirty-seven [35 and 37] mm.

The charge of the bottle shall be eighteen [18] grams.

The total height of the bottle shall be between one hundred fifty and one hundred sixty-five [150 and 165] mm. (five and seven-eighths and six and one-half [5 $\frac{7}{8}$ and 6 $\frac{1}{2}$] inches).

(b) Standard Cream Test Bottles.—

Two [2] types of bottles shall be accepted as standard cream test bottles, a fifty [50] per cent nine [9] gram, short-necked bottle and a fifty [50] per cent nine [9] gram long-neck bottle.

Fifty [50] per cent nine [9] gram short-neck bottles.—Graduation: The total per cent graduation shall be fifty [50]. The graduated portion of the neck shall have a length of not less than sixty-three [63] mm. (two and one-half [2 $\frac{1}{2}$] inches). The graduation shall represent five [5] per cent, one [1] per cent and five-tenths [.5] per cent. The five [5] per cent graduations shall extend at least half-way around the neck (to the right). The five-tenths [.5] per cent graduations shall be at least three [3] mm. in length, and the one [1] per cent graduations shall have a length intermediate between the five [5] per cent and the five-tenths [.5] per cent graduations. Each five [5] per cent graduation shall be numbered, the number being placed on the left of the scale. The error at any point of the scale shall not exceed five-tenths [.5] per cent.

Neck: The neck shall be cylindrical and the cylindrical shape shall extend at least nine [9] mm. below the lowest and nine [9] mm. above the highest graduation mark. The top of the neck shall be flared to a diameter of not less than ten [10] mm.

Bulb: The capacity of the bulb up to the junction of the neck shall not be less than forty-five [45] cubic centimeters. The shape of the bulb may be either cylindrical or conical with the smallest

diameter at the bottom. If cylindrical, the outside diameter shall be between thirty-four and thirty-six [34 and 36] mm.; if conical, the outside diameter of the base shall be between thirty-one and thirty-three [31 and 33] mm. and the maximum diameter between thirty-five and thirty-seven [35 and 37] mm.

The charge of the bottle shall be nine [9] grams. All bottles shall bear on top of the neck above the graduations, in plainly legible characters, a mark defining the weight of the charge to be used (nine [9] grams).

The total height of the bottle shall be between one hundred and fifty and one hundred and sixty-five [150 and 165] mm. (five and seven-eighths and six and one-half [5 $\frac{7}{8}$ and 6 $\frac{1}{2}$] inches), same as standard test bottles.

Fifty [50] per cent nine [9] gram long-neck bottles.—The same specifications in every detail as specified for the fifty [50] per cent nine [9] gram short-neck bottle shall apply for the long-neck, with the exception, however, that the total height of this bottle shall be between two hundred ten and two hundred thirty-five [210 and 235] mm. (eight and one-fourth and eight and seven-eighths [8 $\frac{1}{4}$ and 8 $\frac{7}{8}$] inches).

Sec. 35-1901. Appointment of inspectors.

The board of county commissioners in any county may appoint inspectors, to serve during four [4] years, unless sooner removed by such board, to inspect within the said county, when required, the following articles: Salt, beef, pork, flour and hay. [1852]

Sec. 35-1902. Inspector's brand.

All barrels, hogsheds and bales inspected shall be branded with the name and residence of the inspector. [1852]

Sec. 35-1903. Brand on salt barrels.

An inspector of salt shall brand on one end of the barrel the quality, whether first, second or

third rate, also the weight, specifying gross, tare and net.¹ [1852]

¹ See also Sec. 10-4801, page 315.

Sec. 35-1904. Flour barrel.

The weight of flour in each barrel shall be one hundred and ninety-six [196] pounds. * * * [1852]

Sec. 35-1905. Beef and pork barrels.

The weight of beef or pork in each barrel shall be two hundred [200] pounds. * * * [1852]

Sec. 35-1907. Marking of hay.

The weight, in pounds, and the quality, determined according to the usages of trade, shall be branded on each bale of hay. [1852]

Sec. 35-1908. Purchase of hay scales.

Such boards may authorize inspectors of hay to procure, at the expense of the county, suitable hay-scales. [1852]

Sec. 35-1909. Inspector's oath and bond.

Inspectors, before entering on the duties of office, shall give bond to the satisfaction of such board, conditioned for the faithful discharge of their duties, and shall file the same in the county clerks office; and shall also take an oath of office. [1852]

Sec. 35-1914. Regulations by county board.

The board of county commissioners may make such further regulations in regard to inspectors as to them may seem necessary. [1852]

[ED. NOTE.—This section gives the State egg board the power to formulate and determine standards of quality and weights of eggs sold or offered for sale as fresh eggs and to formulate standards of quality and weights of eggs sold or offered for sale by wholesalers and retailers as eggs fit for human consumption. The section is not included herein as its provisions relate primarily to quality.]

Burns Statutes Annotated 1933, Vol. 8, Title 42, Ch. 9—Live Stock Buyers.

Sec. 42-911. Definitions.

Except when the context hereof clearly indicates a different meaning, when used in this act [Secs. 42-910—42-924]:

(a) The words "administrative officer" whenever used in this act, shall be construed to mean the commissioner of agriculture of the state of Indiana.

(b) The word "stock-yards" whenever used in this act, shall be construed to mean a place where live stock is assembled and which is posted as a stock-yards by the secretary of agriculture of the United States of America, under and pursuant to the terms and provisions of the Packers and Stock-

yards Acts of 1921 (42 U. S. Statutes at Large, page 159) and laws amendatory thereof.

(c) The words "concentration point" whenever used in this act, shall be construed to mean any stockyards, community sale, auction, place, establishment or facility, where any series of sales, exchanges or purchases of any live stock, is made at regular or irregular intervals in this state, by any person directly or indirectly, for the producer or consignor thereof, except that this term shall not apply to sales, purchases or exchanges, at a stock-yards which is posted as a stockyards by the secretary of agriculture of the United States of America, as defined herein.

(d) The word "buyer" whenever used in this act, shall be construed to mean any person, or his employees, agents and/or representatives, who operates or maintains a concentration point as herein defined.

* * * * *

(f) The word "live stock" whenever used in this act, shall be construed to mean cattle, sheep, swine, horses, mules or goats, intended for slaughter. [1935; last amended 1943.]

Sec. 42-912. Exceptions.

No provision of this act [Secs. 42-910—42-924] shall be construed to apply to a "market agency or dealer," when doing business at or on a "stock-yards," nor to any transaction at or on a "stock-yards," nor to the purchase or sale of "live-stock" by or for a serum plant or business, nor to shipping or cooperative associations in the business of assembling livestock, solely for the purpose of shipment to a "concentration point" or "stockyards" as defined in this act. [1935; last amended 1937.]

Sec. 42-915. Bond.

Every buyer of live stock as defined in this act [Secs. 42-910—42-924], before engaging or continuing in the business of buying live stock, in addition to the license as required herein, shall execute and maintain a bond payable to the state of Indiana, to secure the performance of his obligation incurred as such buyer. The form of such bond shall be prescribed by the administrative officer [commissioner of agriculture] and shall be conditioned upon a compliance with the terms of this act; * * * [1935]

Sec. 42-917. Testing of scales; condemnation; penalty; revocation of license.

(a) All weighing facilities furnished or used by any buyer licensed under this act [Secs. 42-910—42-924] shall be maintained and operated in accordance with rules and regulations promulgated by the administrative officer [commissioner of agriculture]. Such weighing facilities shall be inspected and tested by the administrative officer or his duly authorized representative, and to that end the ad-

Burns Statutes Annotated 1933, Vol. 8, Title 42, Ch. 9—Live Stock Buyers—Continued.

ministrative officer shall have available approved standard testing weights for the use of the testing officer.

(b) In event, after proper inspection and/or testing, a weighing facility is found to be defective, the testing officer shall have the right and power to condemn and/or seal said weighing facility and to prevent its further use until repairs or renewals have been made to the full satisfaction of the testing officer.

(c) In event a person or his agent or a buyer as defined in this act allows a weighing facility to be used in the purchase and sale of live stock after same has been condemned and/or sealed and before it has been repaired to the full satisfaction of the testing officer, a penalty of fifty dollars [\$50.00] per day payable to the state of Indiana, shall be assessed and collected for each day said weighing facility is used after the date of sealing and condemnation, * * *.

(d) Any buyer, after a hearing has been had before the administrative officer or his representative, who is found guilty of fraudulent, deceptive or dishonest practices in the weighing of live stock shall have his license revoked. [1935; last amended 1943.]

Sec. 42-919. Right of entry.

(a) Each buyer shall during ordinary business hours permit any authorized representative of the administrative officer [commissioner of agriculture] to enter the place of business and inspect any or all property in the possession or control and all records pertaining to the business of the buyer as such. Any necessary facilities for such inspection shall be extended to the administrative officer's duly authorized agent by the buyer, his agents or employees. [1935]

* * * * *

Sec. 42-920. Penalty for violations.

Any person or his employees, agents and/or representatives violating any of the provisions of this act [Secs. 42-910—42-924] shall be guilty of a misdemeanor and upon conviction, shall be punished by a fine in any amount not exceeding two hundred dollars [\$200] for each day the violation continues, and for a second offense, there may be added in the discretion of the court, imprisonment not exceeding six [6] months. [1935]

Burns Statutes Annotated 1933, Vol. 8, Title 46, Ch. 4—Mine Scales, Inspection.

Sec. 46-401. Inspection by director; testing by sealed weights; adjustment.

* * * * *

(c) It shall be the duty of the state commissioner of weights and measures,¹ or his deputy, in addition to his other duties, to examine all scales used at any

time for the purpose of weighing coal taken out of said [any] mine. The scales shall be tested by sealed weights; the same shall be furnished to said state commissioner of weights and measures, or his deputy, by the auditor of state on requisition, the cost of which shall be audited by the auditor of state, and paid out of any money in the state treasury not otherwise appropriated. And on inspection, if the scales are found incorrect, and after written notice by the state commissioner of weights and measures, or his deputy, it shall be unlawful for any operator to use or suffer the same to be used, until the scales are adjusted to weigh correctly. [1923; last amended 1943.]

Burns Statutes Annotated 1933, Vol. 8, Title 46, Ch. 7—Mine Scales, Weighmen.

Sec. 46-711. Scales to be provided; duties of weighman and check-weighman; right of entry.

(a) The operator of every mine at which the miners are paid by weight shall provide suitable and accurate scales of standard manufacture for the weighing of coal which may be procured from such mine; such operator shall be required to keep United States standard weights to test said scales.

(b) At every mine where the coal mined is paid for by weight it shall be the duty of the weighman and the check-weighman to examine and balance the scales each morning, and in no case shall any coal be weighed until such scales are tested by the United States standard weights and found to be correct. Said weighman shall accurately weigh, and he shall, together with the check-weighman, record the weight of each miner's car of coal delivered, which record shall be kept open at all reasonable hours for inspection of all miners or other persons peculiarly interested in the product of such mine: Provided, That if the weighman and the check-weighman shall disagree, work may continue until the state commissioner of weights and measures¹ or his deputy can be present, and any erroneous weights made during such time shall be rectified. When difference shall arise between the weighman and check-weighman, or operator, of any mine as to the correctness of the scales, the same shall be referred to the state commissioner of weights and measures or his deputy, whose duty it shall be to see and regulate the same at once.

(c) The state commissioner of weights and measures or his deputy and miners employed in the mine, the owner of the land and others personally interested in the royalty or rental of such mine, shall at all proper times have full right of access to make examination of scales or apparatus used for weighing coal in or about said mine, including the records in which the weights of coal are kept, to deter-

mine the amount of coal mined, for the purpose of attesting the accuracy thereof. [1923; last amended 1925.]

¹ Now Director, State Division of Weights and Measures; see Ed. note following Sec. 69-103, page 303.

Sec. 46-712. Checkweighman.

(a) Whenever the mining of coal is paid for by weight, the miners employed in mining the same shall have the right of selecting and keeping in the weigh-office, or at the place of weighing the coal, a check-weighman, who shall be vested with the same rights as described in section eight [Sec. 46-711] of this act [Secs. 46-701—46-1110], said check-weighman to be paid by said miners. Burns Statutes Annotated 1933, Vol. 8, Title 46, Ch. 12—Coal and Coke.

Sec. 46-1201. Delivery tickets.

It shall be unlawful for any person, firm or corporation, by himself or itself, or by his or its servants or as the servant or agent of another, to sell or offer for sale or delivery at retail any coal or coke, which is sold by weight, unless each such delivery is accompanied by a delivery ticket and a duplicate thereof, upon each of which tickets and duplicates thereof shall be written, or otherwise indicated, (a) The name and address of the person, firm, corporation or association, selling and delivering or attempting to sell or deliver such commodity, (b) The gross weight of the load, the tare weight of the delivering vehicle, and the net amount in weight, of the commodity being delivered in such vehicle, (c) The name or identifying initials of the party who weighed it, (d) The state in which the coal was mined, the name of the coal, brand or trade-name, if any; the

number of the vein or seam from which the coal was taken; and the size and grade thereof, which size of all grades must be designated according to the openings in the screens over and through which each such size of coal is made at the place of production. One [1] of such delivery tickets or the duplicate thereof shall be delivered and surrendered by the person or persons in charge of the delivery of such load of commodities to the purchaser thereof or to his agent or representative; and the other ticket or duplicate shall be retained by the person, firm or corporation making such sale for a period of not less than twelve [12] months from date of sale. All coal or coke so sold or delivered shall consist of the kind, quality and weight in all respects as described and indicated in such delivery ticket and duplicate thereof and it shall constitute a violation of this act [Secs. 46-1201—46-1207] to sell or deliver or substitute any other kind and quality or weight of coal or coke than that so described and indicated, and proof of the sale, delivery or substitution of any coal or coke which is not of the kind, quality and weight so described and indicated shall constitute prima facie evidence and proof of intent to violate this section of this act. [1931; last amended 1935.]

Sec. 46-1203. Signs on delivery vehicles.

Upon both sides of delivery vehicles shall be displayed a sign with letters not less than three [3] inches in height, showing name of person, firm or corporation delivering or attempting to deliver commodities as prescribed in section one [46-1201] [1931]

Sec. 46-1204. Examination of delivery tickets; reweighings.

Upon the demand of the state commissioner of weights and measures,¹ his deputy, inspector, or any peace officer, the person or persons in charge of any such load of commodities shall deliver to such officer all delivery tickets in his possession, and shall proceed, at the direction of said officer to a suitable tested scale for the purpose of re-weighing such load of commodities to verify the correctness of the delivery ticket. [1931; last amended 1935.]

¹ Now Director, State Division of Weights and Measures; see Ed. note following Sec. 69-103, page 303.

Sec. 46-1205. Penalties.

Any person, firm or corporation who shall violate any of the provisions of this act [Secs. 46-1201—46-1207] shall be deemed guilty of a misdemeanor and shall, on conviction, for the first offense, be punished by a fine of not less than ten dollars [\$10.00] nor more than fifty dollars [\$50.00]; and for the second or any subsequent offense, by a fine of not less than twenty-five dollars [\$25.00] nor more than one hundred dollars [\$100], to which may be added imprisonment in the county jail or penal farm for not less than thirty [30] days nor

Burns Statutes Annotated 1933, Vol. 10, Title 54, Ch. 3—"Public Service Commission Act."

Sec. 54-308. Rules and regulations for testing.

The commission [public service commission] shall * * * prescribe reasonable regulations for examinations and testing of such product or service and for the measurement thereof [heat, light, water or power, etc.] [1913]

Sec. 54-309. Securing accuracy of meters.

The commission [public service commission] shall establish reasonable rules, regulations, specifications and standards to secure the accuracy of all meters and appliances for measurements, and every public utility is required to carry into effect all orders issued by the commission relative thereto. Nothing contained in this section shall limit in any manner any powers or authority vested in municipal corporations as provided in section one hundred ten [54-614]. [1913]

Sec. 54-310. Testing of appliances; fees.

The commission shall provide for the examination and testing of any and all appliances used for the measuring of any product or service of a public utility. Any consumer or user may have any such appliance tested upon payment of the fees fixed by the commission. The commission shall declare and establish reasonable fees to be paid for testing such appliances on the request of the consumers or users, the fee to be paid by the consumer or user at the time of his request, but to be paid by the public utility and repaid to the consumer or user if the appliance or rate be found unreasonably defective or incorrect to the disadvantage of the consumer or user. Sec. 60-1501. State agencies; promulgation of rules; intent not to give additional authority.

It is the intent to establish a uniform method of making, promulgating, filing and publishing rules by all agencies of this state, to permit public participation therein and provide a method of making rules readily accessible to the public. It is not intended to give to any agency any additional rule-making power or authority and no additional or new power or authority to make or adopt rules is given to any agency by this act [Secs. 60-1501—60-1511]. [1945]

Sec. 60-1504. Publication; hearing.

Before any rule is adopted by any agency it shall cause a notice to be published in a newspaper of general circulation printed and published in Marion County, Indiana, at least ten [10] days prior to the date set for a hearing: * * * [1945]

Sec. 60-1505. Duty to submit rules to attorney-general and governor for approval; filing with secretary of state and legislative bureau; rules not effective until act complied with.

It shall be the duty of every agency which may have been or hereafter may be clothed with or given any power or authority to make, adopt, promulgate or enforce rules to submit the same to the attorney-general for approval as to legality and when so approved to submit the same to the governor for approval. When approved by the governor such agency shall file the original approved copy and one [1] duplicate thereof with the secretary of state who shall note the date and hour of such filing thereon and said agency shall also file a duplicate approved copy with the legislative bureau. No such rule shall be effective until after compliance with the provisions of this act [Secs. 60-1501—60-1511] and until they have been so approved and filed and shall be effective as of the date and time filed with the secretary of state; Provided, however, that any rule adopted by any agency after the effective date of this act and prior to the first day of January, 1946, when approved and filed in accordance with the provisions of this act, shall be effective as of the date of its adoption by such agency. [1945]

Sec. 60-1506. Procedure for repeal or amendment of rules.

In case any agency desires to repeal, rescind or amend any rule the same procedure shall be fol-

lowed as provided in this act [Secs. 60-1501-60-1511] for the adoption of a rule. [1945]

Burns Statutes Annotated 1933, Vol. 11, Title 67, Ch. 3—Tobacco Warehouses.

Sec. 67-302. Scales; weighing.

The proprietor of each warehouse [tobacco warehouse] shall provide, and continually keep in the same and in good order, scales of sufficient size and strength to weigh at least one [1] ton weight, which shall be tested once in every year, and oftener if necessary, by the standard weights and measures; * * *. The said warehouse proprietors shall superintend the weighing of each hogshhead of tobacco, and see that the empty cask is properly weighed, and that the proper number and weights, gross, tare, and net are marked on one [1] of the heads of the same. * * * [1857]

Sec. 67-303. Records.

The proprietor shall keep a well-bound book of proper size, in which shall be entered the marks, numbers, gross, tare and net weights of each hogshhead inspected and sold, together with the owner's name, the price sold for per one hundred [100] pounds and the amount each hogshhead sold for; and, when requested to do so, shall collect and pay to the planters or sellers of tobacco the sum due them. He shall make account of sales for the planters or sellers, stating the number of hogshheads, gross, tare and net weights, and the price per [100] hundred pounds, and the sum each hogshhead amounts to. [1857]

Sec. 67-305. Bond; penalty.

The proprietor of each warehouse shall enter into bond, with good security, to be approved by the judge of the circuit court of the county, and kept on file in that court (provided the approval of the clerk of said court in vacation is authorized until the next session of that court), payable to the state of Indiana, in the sum of five thousand dollars [\$5,000], conditioned well and truly to perform all the duties required of him by and to conform to all the provisions of this act [Secs. 67-301-67-314]. The party injured by any violation of said bond may sue thereon by civil suit, and recover, for his own benefit as in other cases, for any injury received. Any such proprietor who shall violate any condition of such bond or any provision of this act shall be deemed guilty of a misdemeanor, and, on conviction thereof, shall be fined in any sum not exceeding one thousand dollars [\$1,000]. [1857]

Sec. 67-309. Marking of hogshheads.

Hogshheads of tobacco * * * shall be branded with the gross, tare and net weight, * * * [1852]

Sec. 67-602. Definitions.

As used in this act [Secs. 67-601-67-627], unless the context clearly evidences a contrary intention, the following terms shall be construed respectively:

(a) Commissioner. The state commissioner of weights and measures,¹ division of public health, department of commerce and industry, state of Indiana.

(b) Board. Any local supervisory board of individual producers appointed by the commissioner of weights and measures under the provisions of this act.

(c) Sealer. Any person whose duty it shall be, under the provisions of this act, to inspect, measure and seal any granary, crib, bin or other receptacle for the storage of grain.

(d) Certificate. Any certificate or receipt evidencing the storage of grain under the provisions of this act and any rules or regulations promulgated thereunder shall be considered to be used herein in the same connection as the word "receipt" is used in the Uniform Warehouse Receipts Act.

(e) Owner. Any person or persons (whether individuals, partners or copartners) who shall have title to and possession of any grain stored under the provisions of this act, and shall be construed to have been used herein in the same connection as the word "warehouseman" is used in the Uniform Warehouse Receipts Act. [1935]

¹ Now Director, State Division of Weights and Measures; see Ed. note following Sec. 69-103, page 303.

Sec. 67-603. Enforcement; rules and regulations.

The commissioner of weights and measures¹ is hereby authorized and it is hereby declared to be his duty to carry out the provisions of this act, [Secs. 67-601-67-627] and to that end he is hereby authorized to:

(a) Make and promulgate such rules and regulations, not inconsistent herewith, as shall be necessary or desirable effectually to carry out the provisions hereof.

(b) Make such reasonable regulations with respect to the construction and maintenance of granaries, cribs, bins or other receptacles as may be necessary to protect the grain stored therein under the provisions of this act. [1935]

such sealer so appointed shall have the same authority with respect to the provisions of this act [Secs. 67-601—67-627] and the rules and regulations promulgated thereunder and the enforcement thereof as any officer of the peace. [1935]

¹ Now Director, State Division of Weights and Measures; see Ed. note following Sec. 69-103, page 303.

Sec. 67-607. Bond and oath of sealers.

Each sealer shall furnish bond for the faithful performance of his duties in such amount as shall be determined by the commissioner,¹ but in no event shall such bond be in an amount less than one thousand dollars [\$1,000]. The bonds and sureties thereon shall, in every class, be subject to approval of the commissioner and be deposited with him, and in case it is not a personal bond the premium thereon shall be paid by the commissioner out of the funds collected under this act [Secs. 67-601—67-627]. He shall also qualify by taking oath similar to that required of public officials. [1935]

¹ Now Director, State Division of Weights and Measures; see Ed. note following Sec. 69-103, page 303.

Sec. 67-608. Sealer's duties.

It shall be the duty of the sealer, under the direction of the commissioner,¹ to:

- (a) Supervise the storage of grain;
- (b) Ascertain the amount stored by each owner who shall desire to avail himself of the privileges of this act;
- (c) Determine so far as possible upon the basis prescribed in the rules and regulations issued hereunder the exact grade and quantity thereof;
- (d) Ascertain, prior to the issuance of any certificate, that the bin, crib, granary or other receptacle in which the grain is stored is satisfactory for the storage of such grain and that such receptacle conforms to the regulations applicable thereto promulgated by the commissioner.

He shall before delivering a certificate to the owner, ascertain that there are no other certificates outstanding upon the grain and shall seal the granary, crib, bin or other receptacle in which the grain is stored in the manner hereinafter provided, and thereafter to make periodic inspections of the granaries, cribs, bins or other receptacles so sealed at such times and in such manner as the commissioner may determine, but in no event less frequently than ninety [90] day intervals, rendering to the commissioner, with reference to each such subsequent inspection, and to the owner, when requested, a report or affidavit in such form as may be required in regard to the amount and condition of the grain under seal and the condition of the structure within which it is stored. [1935]

¹ Now Director, State Division of Weights and Measures; see Ed. note following Sec. 69-103, page 303.

Sec. 67-611. Certificates.

Certificates shall be upon forms to be prepared and furnished by the commissioner¹ and every certificate must embody within its written or printed terms:

- (a) The date and consecutive number thereof;
- (b) A particular description of the granary, crib, bin or other receptacle in which the grain is stored and of the premises on which it is located;
- (c) Such description of the grain as may be required by the regulations issued hereunder;
- (d) The name of the owner or owners, whether ownership is sole, joint, or in trust, and in case of tenants, the date of the expiration of the lease; [1935]

¹ Now Director, State Division of Weights and Measures; see Ed. note following Sec. 69-103, page 303.

Sec. 67-614. Issuance of certificates.

All certificates issued hereunder shall be issued in triplicate, two [2] copies of which shall be marked "Duplicate—No Value." The original and one [1] duplicate copy shall be delivered to the owner and the other duplicate copy shall be filed with the commissioner of weights and measures¹ or the local supervisory warehouse board for the county in which the grain is stored if any such board has been established hereunder. [1935]

¹ Now Director, State Division of Weights and Measures; see Ed. note following Sec. 69-103, page 303.

Sec. 67-616. Indexing by recorder.

When a duplicate is filed in the office of the recorder, he shall index the same in the chattel mortgage index or other suitable index book showing date of the certificate, the number thereof, to whom issued, kind, quantity, and location of the grain. * * * The filing and indexing of such certificate shall impart the same notice as the filing and indexing of a chattel mortgage. [1935]

Sec. 67-621. Supervision fund.

For the purpose of defraying the expenses of supervision, the owner shall pay to the commissioner¹ of [or] the local supervisory board of the county in which the grain is stored, if any, at the time of sealing, an amount determined by the rules and regulations issued hereunder, but in no event to exceed one cent [1¢] per bushel for grain inspected and sealed by the sealer. Out of the funds thus created, the compensation of the sealer as fixed by the commissioner shall be paid by him or by the board of the county in which the grain is stored, subject to his approval. [1935]

¹ Now Director, State Division of Weights and Measures; see Ed. note following Sec. 69-103, page 303.

Sec. 67-622. Sealer's fees.

In the exercise of his powers and functions as an officer of the peace in connection with the provi-

sions of this act [Secs. 67-601—67-627], the sealer shall be entitled to the same fees as are provided by law for the performance of similar duties by county sheriffs. [1935]

Sec. 67-624. False certificate; penalty.

An owner, the agent or servant of an owner, or any member of any board, or any sealer, who fraudulently issues or aids in fraudulently issuing a certificate for grain, knowing that it contains any false statement, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished for each offense by imprisonment not exceeding one [1] year, or by a fine not exceeding one thousand dollars [\$1,000], or by both. [1935]

Burns Statutes Annotated 1933, Vol. 4, Title 10, Ch. 21—False Advertising.

Sec. 10-2110. Unlawful acts; penalty.

Any person, firm, corporation or association who, with intent to sell or in any manner dispose of merchandise, securities, service, or anything offered by such person, firm, corporation or association, directly or indirectly, to the public for sale or dis-

tribution, or with intent to increase the consumption thereof, or to induce the public in any manner to enter into any obligation relating thereto or any interest therein, makes, publishes, disseminates, circulates, or places before the public, or causes, directly or indirectly, to be made, published, disseminated, circulated or placed before the public, in this state, in a newspaper or other publication, or in the form of a book, notice, handbill, poster, bill, circular, pamphlet or letter, or, in any other way, an advertisement of any sort regarding merchandise, securities, service or anything so offered to the public, which advertisement contains any assertion, representation or statement of fact which is untrue, deceptive or misleading, shall be guilty of a misdemeanor, and shall be liable to a fine of not less than ten dollars [\$10.00] nor more than one hundred dollars [\$100] for each offense: Provided, however, That the provisions of this act shall not apply to any owner, publisher, printer, agent or employee of a newspaper or other publication, periodical or circular who, in good faith, and, without knowledge of the falsity or deceptive character thereof, publishes, causes to be published, or takes part in the publication of, such advertisement. Code 1946, Vol. I, Title X, Ch. 210—Standard Weights and Measures.

Sec. 210.1. Standards established.

The weights and measures which have been presented by the department [of agriculture] to the federal bureau of standards and approved, standardized, and certified by said bureau in accordance with the laws of the congress of the United States shall be the standard weights and measures throughout the state. [1851]

Sec. 210.2. Yard; rod; pole; perch; mile.

The unit or standard measure of length and surface from which all other measures of extension shall

be derived and ascertained, whether they be lineal, superficial, or solid, shall be the standard yard secured in accordance with the provisions of section 210.1. It shall be divided into three equal parts called feet, and each foot into twelve equal parts called inches, and for the measure of cloth and other commodities commonly sold by the yard it may be divided into halves, quarters, eighths, and sixteenths. The rod, pole, or perch shall contain five and one-half such yards, and the mile, one thousand seven hundred sixty such yards. [1851]

Sec. 210.3. Acre; square mile; chain.

The acre for land measure shall be measured horizontally and contain ten square chains and be equiv-

alent in area to a rectangle sixteen rods in length and ten rods in breadth, six hundred and forty such acres being contained in a square mile. The chain for measuring land shall be twenty-two yards long, and be divided into one hundred equal parts, called links. [1873]

Sec. 210.4. Pound; avoirdupois ounce; hundredweight; ton; troy ounce.

The units or standards of weight from which all other weights shall be derived and ascertained shall be the standard avoirdupois and troy weights secured in accordance with the provisions of section 210.1. The avoirdupois pound, which bears to the troy pound the ratio of seven thousand to five thousand seven hundred sixty, shall be divided into sixteen equal parts called ounces; the hundredweight shall consist of one hundred avoirdupois pounds, and twenty hundredweight shall constitute a ton. The troy ounce shall be equal to the twelfth part of a troy pound. [1851]

Sec. 210.5. Standard gallon and subdivisions; barrel; hoghead.

The unit or standard measure of capacity for liquids from which all other measures of liquids shall be derived and ascertained shall be the standard gallon secured in accordance with the provisions of section 210.1. The gallon shall be divided by continual division by the number two so as to make half-gallons, quarts, pints, half-pints, and gills. The barrel shall consist of thirty-one and one-half gallons, and two barrels shall constitute a hoghead. [1873]

Sec. 210.6. Standard half-bushel and subdivisions.

The unit or standard measure of capacity for substances not liquids from which all other measures of such substances shall be derived and ascertained shall be the standard half-bushel secured in accordance with the provisions of section 210.1. The peck, half-peck, quarter-peck, quart, pint, and half-pint measures for measuring commodities which are not liquids, shall be derived from the half-bushel by successively dividing the cubic inch capacity of that measure by two. [1873]

Sec. 210.7. Bottomless measures.

Bottomless dry measures shall not be used unless they conform in shape to the United States standard dry measures. [1915]

Sec. 210.8. Dry commodities to be sold by weight or numerical count.

All dry commodities unless bought or sold in package or wrapped form shall be bought or sold only by the standard weight or measure herein established, or by numerical count, unless the parties otherwise agree in writing, except as provided in sections 210.9 to 210.12, inclusive. [1915]

Sec. 210.9. Sale of drugs and section comb honey.

The requirements of section 210.8 shall not apply to drugs or section comb honey. [1915]

Sec. 210.10. Bushel weights.

When any of the commodities enumerated in this section shall be sold by the bushel or fractional part thereof, except when sold in a United States standard container or as provided in sections 210.11 and 210.12, the measure shall be determined by avoirdupois weight and shall be computed as follows:¹

[1851; last amended 1949]

¹ A slight change has been made in the arrangement for convenience of reference.

Sec. 210.11. Sale of certain fruits and vegetables by dry measure.

Blackberries, blueberries, cranberries, currants, gooseberries, raspberries, cherries, strawberries, and similar berries, also onion sets in quantities of one peck or less, may be sold by the quart, pint, or half-pint, dry measure. [1915]

Sec. 210.12. Sale of fruits and vegetables in climax baskets.

Grapes, other fruits, and vegetables may be sold in climax baskets; but when said commodities are sold in such manner and the containers are labeled with the net weight of the contents in accordance with the provisions of section 189.9,¹ all the provisions of the chapter [Secs. 210.1–210.25] relative to labeling foods shall be deemed to have been complied with. [1924]

¹ See page 339.

Sec. 210.13. Specifications for berry boxes and climax baskets.

Berry boxes sold, used, or offered or exposed for sale shall have an interior capacity of one quart, pint, or half-pint dry measure. Climax baskets sold, used, or offered or exposed for sale shall be of the standard size fixed below:

1. Two-quart basket: length of bottom piece, nine and one-half inches; width of bottom piece, three and one-half inches; thickness of bottom piece, three-eighths of an inch; height of basket, three and

seven-eighths inches, outside measurement; top of basket, length eleven inches, and width five inches, outside measurement; basket to have a cover five by eleven inches, when a cover is used.

2. Four-quart basket: length of bottom piece, twelve inches; width of bottom piece, four and one-half inches; thickness of bottom piece, three-eighths of an inch; height of basket, four and eleven-sixteenths inches, outside measurement; top of basket, length fourteen inches, width six and one-fourth inches, outside measurement; basket to have cover six and one-fourth inches by fourteen inches, when cover is used.

3. Twelve quart basket: length of bottom piece, sixteen inches; width of bottom piece, six and one-half inches; thickness of bottom piece, seven-sixteenths of an inch, outside measurement; top of basket, length nineteen inches, height of basket, seven and one-sixteenth inches, width nine inches, outside measurement; basket to have cover nine inches by nineteen inches, when cover is used. [1915]

Sec. 210.14. Specifications for hop boxes.

The standard box used in packing hops shall be thirty-six inches long, eighteen inches wide, and twenty-three and one-fourth inches deep, inside measurement. [1873]

Sec. 210.15. Milk bottles.

The standard bottle used for the sale of milk and cream shall be of a capacity of one-half gallon, three pints, one quart, one pint, one half-pint, one gill, filled full to the bottom of the lip. [1913]

Sec. 210.16 Standard weight of flour when sold in package form.

The standard weights of flour when sold in package form shall be as follows: two (2), five (5), ten (10), twenty-five (25), fifty (50), or one hundred (100) pounds. [1949]

Sec. 210.17. Perch.

The perch of mason work or stone shall consist of twenty-five feet, cubic measure. [1851]

Sec. 210.18. Method of sale of commodities; packaged commodities.

All commodities bought or sold by weight or measure shall be bought or sold only by the standards established by this chapter [Secs. 210.1–210.25], unless the vendor and vendee otherwise agree. Sales by weight shall be by avoirdupois weight unless troy weight is agreed upon by the vendor and vendee.

All commodities bought or sold in package form shall be labeled in compliance with the general provisions for labeling provided for in sections 189.9 to 189.16,¹ inclusive, of the Code unless otherwise provided for in this Chapter [Secs. 210.1–210.25]. [1915; last amended 1949.]

¹ See pages 339 and 340.

Sec. 210.19. Bread: Standard weights.

The standard loaf of bread shall weigh one pound, avoirdupois weight. All bread manufactured, procured, made or kept for the purpose of sale, offered or exposed for sale, or sold in the form of loaves, shall be one of the following standard weights and no other, namely: three-quarters pound, one pound, one and one-quarter pound, one and one-half pound, or multiples of one pound, avoirdupois weight; and provided further, that the provisions of this section shall not apply to biscuits, buns, crackers, rolls or to what is commonly known as "stale" bread and sold as such, in case the seller shall, at the time of sale, expressly state to the buyer that the bread so sold is "stale" bread. In case of twin or multiple loaves, the weights specified in this section shall apply to the combined weight of the two units. [1927]

Sec. 210.20. Same: Marking requirements.

There shall be printed upon the wrapper of each loaf of bread in plain conspicuous type, the name and address of the manufacturer and the weight of the loaf in terms of one of the standard weights herein specified. [1927]

Sec. 210.21. Same: Penalty.

It shall be unlawful for any person to manufacture, procure, or keep for the purpose of sale, offer or expose for sale, or sell bread in the form of loaves which are not of one of the weights specified in section 210.19, or violate the rules of the secretary of agriculture pertaining thereto. Any person who, by himself or by his servant, or agent, or as the servant or agent of another, shall violate any of the provisions of sections 210.19 to 210.25, inclusive, shall be guilty of a misdemeanor and shall be punished by a fine of not less than ten dollars nor more than one hundred dollars upon conviction in any court of competent jurisdiction, or by imprisonment for not more than thirty days, in the discretion of the court. [1927]

Sec. 210.22. Same: Person defined.

The word "person" as used in section 210.21 shall be construed to import both the plural and the singular, as the case demands, and shall include corporations, companies, societies and associations. [1927]

Sec. 210.23. Same: Exemption.

Any woman engaged in home baking is exempt from the provisions of sections 210.19 to 210.22, inclusive. [1927]

Sec. 210.24. Same: Enforcement; rules and regulations.

The secretary of agriculture shall enforce the provisions of sections 210.19 to 210.25, inclusive. He shall make rules and regulations for the enforcement of the provisions of said sections not inconsistent therewith, and such rules and regulations

shall include reasonable variations and tolerances. [1927]

Sec. 210.25. Same: Inspection by weighing.

Bread when weighed for inspection shall be weighed in the manufacturer's plant when said bread is wrapped ready for delivery, and bread coming into the state from an adjoining state when weighed for inspection shall be weighed in the packages, containers, vehicles or trucks of the manufacturer at the time when said bread crosses the state line, or at the first point of stop for sale or delivery of said bread after crossing the Iowa state line, and the weight shall be determined by averaging the weight of not less than fifteen loaves picked at random from any given lot. [1935]

Code 1946, Vol. I, Title X, Ch. 212—Sales of Certain Commodities From Bulk.

Sec. 212.1. Sale of coal, charcoal, and coke.

No person shall sell, offer or expose for sale any coal, charcoal, or coke in any other manner than by weight, or represent any of said commodities as being the product of any county, state, or territory, except that in which mined or produced, or represent that said commodities contain more British thermal units than are present therein. [1913]

Sec. 212.2. Same: Delivery tickets.

No person shall deliver any bulk commodities, other than liquids, by vehicle, unless otherwise provided for without each such delivery being accompanied by duplicate delivery tickets, on each of which shall be written in ink or other indelible substance the actual weight distinctly expressed in pounds, the gross weight of the load, the tare of the delivery vehicle, and the net amount in weight of the commodity, with the names of the purchaser and the dealer from whom purchased. [1949]

Sec. 212.3. Same: Disposition of delivery tickets.

One of said duplicate tickets shall be delivered to the vendee and the other one shall be returned to the vendor. Upon demand of the department [of agriculture] the person in charge of the load shall surrender one of said duplicate tickets to the person making such demand. If said ticket is retained an official weight slip shall be delivered by said department to the vendee or his agent. [1913]

Sec. 212.4. Same: Sales without delivery.

When the vendee carries away the commodity purchased, a delivery ticket, showing the actual number of pounds received by him, shall be issued to him by the vendor. [1913]

Sec. 212.5. Sale of baled hay or straw.

No person shall sell, offer or expose for sale any bales of hay or straw without first attaching thereto a plain and conspicuous statement of the minimum net weight contained in such bales; but nothing in

Code 1946, Vol. I, Title X, Ch. 212—Sales of Certain Commodities From Bulk—Continued.

this section shall be construed to require a statement of weight on each bale where hay or straw is sold by the ton and a ticket showing the gross, tare, and net weight accompanies the delivery. [1924]

Sec. 212.6. Weighing of loaded vehicles.

The department [of agriculture] may stop any wagon, auto truck, or other vehicle loaded with any commodity being bought, offered or exposed for sale, or sold, and compel the person having charge of the same to bring the load to a scale designated by said department and weighed for the purpose of determining the true net weight of the commodity. [1913]

Code 1946, Vol. I, Title X, Ch. 213—State and City Sealers.

Sec. 213.1. State sealer.

The department [of agriculture] shall designate one of its assistants to act as State sealer of weights and measures. All weights and measures sealed by him shall be impressed with the word "Iowa". [1873]

Sec. 213.2. Custody and certification of standards.

The department [of agriculture] shall maintain the state standards in good order, shall take all necessary precautions for their safekeeping, and shall submit them once in ten years to the national bureau of standards for certification. [1873]

Sec. 213.3. Testing of weights and measures upon request.

Upon written request of any citizen, firm, or corporation, city, town, or county, or educational institution of the state made to the department [of agriculture], a test or calibration of any weights, measures, weighing or measuring devices, and instruments or apparatus to be used as standards shall be made. [1913]

Sec. 213.4. Inspection of milk bottles.

The state sealer shall not be required to seal bottles for milk or cream, but they shall be inspected from time to time in order to ascertain whether they are standard. [1913]

Sec. 213.5. Appointment of city or town sealers.

A sealer of weights and measures may be appointed in any city or town by the council, who shall hold his office during its pleasure, and may obtain from the department [of agriculture] such standard weights and measures as the council may deem necessary. [1873]

Sec. 213.6. Duties of city or town sealers.

Each sealer in cities and towns shall take charge of and provide for the safekeeping of the town or city standards, and see that the weights, measures, and all apparatus used for determining the quantity of commodities used throughout the town or

city, agree with the standards in his possession. [1873]

Sec. 213.7. Expenses regarding standards.

All expenses directly incurred in furnishing the several cities and towns with standards, or in comparing those that may be in their possession, shall be borne by said cities and towns. [1873]

Code 1946, Vol. I, Title X, Ch. 214—Public Scales and Gasoline Pumps.

Sec. 214.1. Definitions.

For the purpose of this chapter [Secs. 214.1–214.8]:

1. "Public scale" shall mean any scale or weighing device for the use of which a charge is made or compensation is derived.

2. "Gasoline pump" shall mean any pump, meter, or similar measuring device used for measuring gasoline. [1873]

Sec. 214.2. Licenses.

Every person who shall use or display for use any public scale, pump or meter used in measuring the quantity of gasoline or fuel oil sold to consumer customers shall secure a license for said scale, pump, or meter from the department. [1915; last amended 1949.]

Sec. 214.3. License fees.

The license for a public scale shall expire on December thirty-first (31st) of each year, and for a gasoline pump or meter on June thirtieth (30th) of each year.

A fee for each said license shall be three dollars (\$3.00) per annum provided, however, that the fee for gasoline pumps and meters shall be one dollar and fifty cents (1.50) per annum if paid within one (1) month from the date said license is due.

A license fee on every gasoline pump and meter is due the day any such pump or meter is placed in operation. [1915; last amended 1949.]

Sec. 214.4. Form of license.

The license shall be in the form of a label bearing the words "Licensed by the State of Iowa, No." Each label shall be numbered consecutively and bear the year for which the license is granted. [1915; last amended 1943.]

Sec. 214.5. Display of license; removal.

The license plate shall be displayed prominently on the front of the scale or pump, and the defacing or wrongful removal of such plate shall be punished as provided in chapter 189.¹ Absence of license plate shall be prima facie evidence that the weighing or measuring device is being operated contrary to law. [1915]

¹ See Sec. 189.19, page 340.

Sec. 214.6. Oath of weighmasters.

All persons keeping public scales, before entering upon their duties as weighmasters, shall be sworn

before some person having authority to administer oaths, to keep their scales correctly balanced, to make true weights, and to render a correct account to the person having weighing done. [1873]

Sec. 214.7. Weighmaster's records; certificates of weight.

Weighmasters are required to make true weights and keep a correct register of all weighing done by them, giving the amount of each weight, date thereof, and the name of the person or persons for whom done, and give, upon demand, to any person having weighing done, a certificate showing the weight, date, and for whom weighed. [1873]

Sec. 214.8. Penalty for violating sections 214.6 and 214.7.

Any weighmaster violating any of the provisions of sections 214.6 and 214.7, shall be guilty of a misdemeanor, and punished as provided in chapter 189¹ and be liable to the person injured for all damages sustained. [1924]

¹ See Sec. 189.19, page 340.

Code 1946, Vol. I, Title X, Ch. 215—Inspection of Weights and Measures.

Sec. 215.1. Duty to inspect.

The department [of agriculture] shall make an inspection of all weights and measures wherever the same are kept for use in connection with the sale of any commodity sold by weight or measurement, or where the price to be paid for producing any commodity is based upon the weight or measurement thereof; and when complaint is made to the department that any false or incorrect weights or measures are being made under said conditions, said department shall have the same inspected. [1913]

Sec. 215.2. Fees.

An inspection fee shall be charged the person owning or operating the scale so inspected in accordance with the following schedule:

Railroad track scales, ten dollars each.

All hopper and automatic scales, three dollars each.

Platform scales,

500 to 1,000 pounds beam capacity, one dollar each;

1,001 to 30,000 pounds capacity, three dollars each;

30,001 to 50,000 pounds capacity, five dollars each;

50,001 pounds capacity and up, seven dollars each.

[1915; last amended 1943.]

Sec. 215.3. When fee shall be paid by complainant.

When such inspection shall be made upon the complaint of any person other than the owner of the scale, and upon examination the scale is found by the department to be accurate for weighing, the inspection fee for such inspection shall be paid by the person making complaint. [1915]

Sec. 215.4. No more than two fees per year; exception.

No person shall be required to pay more than two inspection fees for any one scale in any one year

unless additional inspections are made at the request of the owner of said scale. [1915]

Sec. 215.5. Confiscation and condemnation.

The department [of agriculture] may seize without warrant and confiscate any incorrect scales, weights, or measures, or any weighing apparatus or part thereof which do not conform to the state standards or upon which the license fee has not been paid. If any weighing or measuring apparatus or part thereof be found out of order the same may be tagged by the department "Condemned until repaired," which tag shall not be altered or removed until said apparatus is properly repaired. [1913]

Sec. 215.6. Possession of false weights or measures; penalty.

If any person engaged in the purchase or sale of any commodity by weight or measurement, or in the employment of labor where the price thereof is to be determined by weight or measurement of the articles upon which such labor is bestowed, has in his possession any inaccurate scales, weights, or measures, or other apparatus for determining the quantity of any commodity, which do not conform to the standard weights and measures, he shall be punished as provided in chapter 189.¹ [1915]

¹ See Sec. 189.19, page 340.

Sec. 215.7. Transactions by false weights or measures; penalty.

Any person shall be deemed to have violated the provisions of this chapter [Secs. 215.1–215.9] and shall be punished as provided in chapter 189:¹

1. If such person sell, trade, deliver, charge for or claim to have delivered to a purchaser an amount of any commodity which is less in weight or measure than that which is asked for, agreed upon, claimed to have been delivered, or noted on the delivery ticket.

2. If such person make settlement for or enter credit, based upon any false weight or measurement, for any commodity purchased.

3. If such person make settlement for or enter credit, based upon any false weight or measurement, for any labor where the price of producing or mining is determined by weight or measure.

4. If such person record a false weight or measurement upon the weight ticket or book. [1915]

¹ See Sec. 189.19, page 340.

Sec. 215.8. Tolerances; exemptions as to small packages.

In enforcing the provisions of section 215.7 reasonable variations shall be permitted and exemptions as to small packages shall be established by rules of the department [of agriculture]. [1915]

Sec. 215.9. Limitation on powers of cities and towns.

Commodities weighed upon any scale bearing the inspection card, issued by the department [of agriculture], shall not be required to be reweighed by any ordinance of any city or town or city under spe-

Code 1946, Vol. I, Title X, Ch. 215—Inspection of Weights and Measures—Continued.

cial charter or under the commission form of government, nor shall their sale, at the weights so ascertained, and because thereof, be, by such ordinance, prohibited or restricted. [1915]

Laws 1949, Ch. 93—Weighing and Measuring Devices and Repairs.

Sec. 4. Livestock, vehicle, and hopper scales; visibility of indications of retail scales; bonding of and equipment for scale repairmen; fees for sealing test weights and calibrating tanks; specifications and tolerances.

In shall be unlawful to install a livestock or truck scale or a hopper scale, used for commercial purposes in this state, unless said scale is so installed that the same is easily accessible for inspection and testing by equipment of the state department of agriculture and with due regard to size and capacity thereof. Every scale manufacturer or dealer shall, upon selling a scale of the above types in Iowa, submit to the department of agriculture upon forms provided by said department, the make, capacity of the scale, the date of sale, and the date and location of its installation.

The weight indicating dial or beams on counter scales used to weigh articles sold at retail shall be so located that the reading dial indicating the weight shall at all times be visible to the public.

Any person, firm, or corporation engaging in any scale repair work for hire in this state shall first file with the department of agriculture a bond of the form required by chapter sixty-four (64), Code 1946, in the sum of one thousand dollars conditioned to guarantee the workmanship and faithful performance of the assumed task and providing for liquidated damages for failure to perform such conditions. Such person, firm, or corporation, on depositing with the department of agriculture a bond in the amount of one thousand dollars shall be furnished a certificate authorizing them to do what is known as scale repair work, or installation of new scales in the state of Iowa. This certificate shall be valid until revoked by the secretary of agriculture.

All new weight beams or dials on what is known as livestock scales used for determining the weight in buying or selling livestock shall be in not over five (5) pound graduations.

No scale known in the commercial field as a truck or livestock scale shall be installed in the State of Iowa without first being approved by the state department of agriculture. Said approval being based upon the recommendations of the U. S. Bureau of Standards. All motor truck scales, livestock scales, and grain dump scales, hereafter installed and regardless of capacity shall have a clearance of not less than four (4) feet from the finished floor line of scale pit to the bottom of the "I" beam of the scale bridge.

Scale pit shall have proper room for inspector or service man to repair or inspect scale. Scale pit shall

remain dry at all times and adequate drainage shall be provided for the purpose of inspecting and cleaning.

It shall be unlawful for any person, firm, or corporation to use such a scale for weighing commodities the gross weight of which is greater than the factory rated scale capacity. The capacity of the scale shall be stamped by the manufacturer on each weigh beam or dial. The capacity of the scale shall be posted so as to be visible to the public.

Any person, firm, or corporation engaged in scale repair work for hire shall use only test weights sealed by the state department of agriculture in determining the effectiveness of his repair work and said test weights shall be sealed as to their accuracy once each year. Provided, however, that it shall be unlawful for such person to hold himself out as an official scale inspector or to use said test weights except to determine the accuracy of scale repair work done by him and he shall be entitled to no fee for their use. A fee shall be charged and collected at time of inspection for the inspection of such weights as follows:

All weights up to and including 25 pounds	\$.75 each
All weights up to and including 50 pounds	1.50 each
Over 50 pounds capacity, up to and including 100 pounds	2.00 each
Over 100 pounds capacity, up to and including 500 pounds	3.00 each
Over 500 pounds capacity, up to and including 1000 pounds	5.00 each

The fee for all tank calibrations shall be as follows:

100 gallons up to and including 300 gallons	--- \$3.00
301 " " " " 500 "	--- 5.00
501 " " " " 1000 "	--- 7.50
1001 " " " " 2000 "	--- 10.00
2001 " " " " 3000 "	--- 12.00
3001 " " " " 4000 "	--- 14.00
4001 " " " " 5000 "	--- 16.00
5001 " " " " 6000 "	--- 18.00
6001 " " " " 7000 "	--- 20.00
7001 " and up	--- 25.00

No calibration will be required of any tank which is not used for the purpose of measuring, or which is equipped with a meter, nor shall vehicle tanks loaded from meters and carrying a printed ticket showing gallonage be required to be calibrated.

The secretary of agriculture may after consultation and with the advice of U. S. bureau of standards establish specifications and tolerances for weights and measures and weighing and measuring devices, and said specifications and tolerances shall be legal specifications and tolerances in this state, and shall be observed in all inspections and tests. [1949]

Code 1946, Vol. I, Title XV, Ch. 368—Cities and Towns.

Sec. 368.35. Powers of cities and towns.

They [cities and towns] shall have power to establish and regulate markets and scales, to build market houses, and establish and regulate the

same; to provide for the measuring or weighing of merchandise offered for sale * * *; to authorize the immediate arrest of any person violating its regulations, and the seizure and removal from the market of any article of produce in his possession. [1860]

* * * * *

Code 1946, Vol. I, Title X, Ch. 189—General Provisions Relating to the Regulation and Inspection of Food and Other Articles.

Sec. 189.1. Definitions.

For the purpose of this title [Secs. 189.1–216.2]:

1. "Article" shall include food, commercial feed, agricultural seed, commercial fertilizer, drug, insecticide, fungicide, paint, linseed oil, turpentine, and illuminating oil, in the sense in which they are defined in the various provisions of this title.

2. "Department" shall mean the department of agriculture, and, wherever said department is required or authorized to do an act, it shall be construed as authorizing performance by a regular assistant or a duly authorized agent of said department.

3. "Secretary" shall mean the secretary of agriculture.

4. "Package" or "container," unless otherwise defined, shall include wrapper, box, carton, case, basket, hamper, can, bottle, jar, tube, cask, vessel, tub, firkin, keg, jug, barrel, tank, tank car, and other receptacles of a like nature; and wherever the expression "offered or exposed for sale or sold in package or wrapped form" is used it shall mean the offering or exposing for sale, or selling of an article which is contained in a package or container as herein defined.

5. "Person" shall include a corporation, company, firm, society, or association; and the act, omission, or conduct of any officer, agent, or other person acting in a representative capacity shall be imputed to the organization or person represented, and the person acting in said capacity shall also be liable for violations of this title.

6. "Rules" shall include regulations and orders by the department of agriculture. [1913]

* * * * *

Sec. 189.2. Duties of department of agriculture.

The department of agriculture shall:

* * * * *

2. Make and publish all necessary rules, not inconsistent with law, for enforcing the provisions of this title [Secs. 189.1–216.2]. [1897]

* * * * *

Sec. 189.3. Procuring samples.

The department [of agriculture] shall, for the purpose of examination or analysis, procure from

time to time, or whenever said department has occasion to believe any of the provisions of this title [Secs. 189.1–216.2] are being violated, samples of the articles dealt with in this title which have been shipped into this state, offered or exposed for sale, or sold in the state. [1897]

Sec. 189.4. Right of entry.

The department [of agriculture] shall have full access to all places, factories, buildings, stands, or premises, and to all wagons, auto trucks, vehicles, or cars used in the preparation, production, distribution, transportation, offering or exposing for sale, or sale of any article dealt with in this title [Secs. 189.1–216.2]. [1897]

Sec. 189.5. Dealer to furnish samples.

Upon request and tender of the selling price by the department [of agriculture] any person who prepares, manufactures, offers or exposes for sale, or delivers to a purchaser any article dealt with in this title [Secs. 189.1–216.2] shall furnish, within business hours, a sample of the same, sufficient in quantity for a proper analysis or examination as shall be provided by the rules of the department. [1913]

Sec. 189.6. Taking samples without owner's consent.

The department [of agriculture] may, without the consent of the owner, examine or open any package containing, or believed to contain, any article or product which it suspects may be prepared, manufactured, offered, or exposed for sale, sold, or held in possession in violation of the provisions of this title [Secs. 189.1–216.2], in order to secure a sample for analysis or examination, and said sample and damage to container shall be paid for at the current market price out of the contingent fund of the department. [1897]

Sec. 189.7. Procedure in taking of samples.

After the sample is taken it shall be carefully sealed with the seal of the department [of agriculture] and labeled with the name or brand of the article, the name of the party from whose stock it was taken, and the date and place of taking such sample. Upon request a duplicate sample, sealed and labeled in the same manner, shall be delivered to the person from whose stock the sample was taken. The label and duplicate shall be signed by the person taking the same. The method of taking samples of particular articles may be prescribed by the rules of the department. [1897]

Sec. 189.9. Marking requirements.

All articles in package or wrapped form which are required by this title [Secs. 189.1–216.2] to be labeled, unless otherwise provided, shall be conspicuously marked in the English language in legible letters of not less than eight-point heavy

Code 1946, Vol. I, Title X, Ch. 189—General Provisions Relating to the Regulation and Inspection of Food and Other Articles—Continued.

gothic caps on the principal label with the following items:

* * * * *

2. The quantity of the contents in terms of weight, measure, or numerical count. Under this requirement reasonable variations shall be permitted, and small packages shall be excepted in accordance with the rules of the department [of agriculture].

* * * * *

The above items shall be printed in such a way that there shall be a distinct contrast between the color of the letters and the background upon which printed. [1873]

Sec. 189.10. Same: Exceptions.

In case the size of the package or container will not permit the use of the type specified in section 189.9, the same may be reduced in size proportionately in accordance with the rules of the department [of agriculture]. [1913]

Sec. 189.13. Misbranding prohibited.

No person shall use any label required by this title [Secs. 189.1–216.2] which bears any representations of any kind which are deceptive as to the true character of the article or the place of its production, or which has been carelessly printed or marked, nor shall any person erase or deface any label required by this title. [1873]

Sec. 189.14. Dealing in misbranded articles.

No person shall knowingly introduce into this state, solicit orders for, deliver, transport, or have in his possession with intent to sell, any article which is labeled in any other manner than that prescribed by this title [Secs. 189.1–216.2] for the label of said article when offered or exposed for sale, or sold in package or wrapped form in this state. [1873]

Sec. 189.16. Possession prima facie evidence.

Any person having in his possession or under his control any article which is adulterated or which is improperly labeled according to the provisions of this title [Secs. 189.1–216.2] shall be presumed to know its true character and name, and such possession shall be prima facie evidence of having the same in possession with intent to violate the provisions of this title. [1897]

Sec. 189.19. Penalties.

Unless otherwise provided, any person violating any provision of this title [Secs. 189.1–216.2], or any rule made by the department [of agriculture] and promulgated under the authority of said department, shall be punished by a fine of not less than ten dollars nor more than one hundred dollars or by imprisonment in the county jail not to

exceed thirty days, and on a third conviction for the same offense may be restrained by injunction from operating such place of business. [1873]

Sec. 189.21. Same: Exception.

None of the penalties provided in this title [Secs. 189.1–216.2] shall be imposed upon any common carrier for introducing into the state, or having in its possession, any article which is adulterated or improperly labeled according to the provisions of this title when the same was received by said carrier for transportation in the ordinary course of its business and without actual knowledge of its true character. [1897]

Sec. 189.26. Goods for sale in other states.

Any person may keep articles specifically set apart in his stock for sale in other states which do not comply with the provisions of this title [Secs. 189.1–216.2] as to standards, purity, or labeling. [1913]

Code 1946, Vol. I, Title X, Ch. 191—Labeling Foods.

Sec. 191.1. Marking requirements.

All food offered or exposed for sale, or sold in package or wrapped form, shall be labeled on the package or container as prescribed in section 189.9¹ * * * [and 189.10]¹ * * *. [1897]

¹ See pages 339 and 340.

Code 1946, Vol. I, Title X, Ch. 192—Milk and Cream.

Sec. 192.14. Testing; license.

Every person testing cream or milk to determine the percent of milk fat as a basis for fixing the purchase price shall secure a milk tester's license from the department [of agriculture] and shall make tests only by such process as has been approved by said department. [1915]

Sec. 192.16. Same: Department to furnish glassware.

The department [of agriculture] shall furnish each licensee one standard test bottle and one standard pipette adapted to the use of the testing machine approved for the licensee. Said bottle and pipette shall be certified to by the department as standard and shall bear the official stamp of the department. Any person not a licensee may secure test bottles and pipettes from the department at the legal price. [1897]

Sec. 192.17. Same: Fees.

The fee for each license shall be two dollars and fifty cents, and standard test bottles and pipettes shall be furnished at actual cost. [1897]

Sec. 192.18. Same: Testing of glassware.

The standard bottle and pipette received from the department [of agriculture] shall be used by the licensee in verifying test tubes and pipettes used by him in making tests; and the same shall be subject to inspection by the owner or vendor of the cream or milk which is the subject of the test. [1897]

Sec. 192.34. Marking of milk bottles.

Bottles or jars used for the sale of milk shall have clearly blown or permanently marked in the side of the bottle, the capacity of the bottle, and on the bottom of the bottle the name, initials, or trademark of the manufacturer. The designating number shall be furnished by the department [of agriculture] on request. [1913]

Code 1946, Vol. I, Title X, Ch. 196, Sec. 196.13—Eggs.

[ED. NOTE.—This section relates to the different grades of eggs and specifies minimum weights per dozen for each grade, but as its provisions are primarily "quality" provisions they have not been included in this publication.]

Code 1946, Vol. I, Title X, Ch. 198—Commercial Feeds.

Sec. 198.1. Definitions.

For the purpose of this chapter [Secs. 198.1—198.14]:

1. "Commercial feed" shall mean "food" as defined in the chapter [Ch. 190] relative to the adulteration of foods, except that it shall only include food in concentrated form, and mineral mixtures, intended for feeding domestic animals, and it shall not include hay, straw, whole seeds, unmixed meals made from entire grains of wheat, rye, barley, oats, Indian corn, buckwheat, or broom corn; nor shall it include wheat flour or other flours fit for human consumption.

2. "Stock tonic" shall mean a class of commercial feed such as medicated stock or poultry foods, including such preparations as are composed wholly of drugs which contain any substance claimed to possess medicinal, condimental, or nutritive properties. [1913]

Sec. 198.2. Marking requirements.

All manufacturers, importers, jobbers, firms, associations, corporations, or persons, before selling, offering or exposing for sale or distributing in this state any brand of commercial feed, shall have printed on, or attached to each bag, package, and/or carton, in a conspicuous place, or delivered with each bulk lot, a label which shall contain a legible statement, printed in the English language, clearly and truly setting out:

1. The net weight of the contents of the package, bag, carton, or bulk lot; [1913]

* * * *

Sec. 198.3. Shells.

Poultry shells or poultry limestone shall be classified as commercial feed, * * *. [1931]

Sec. 198.5. Marking requirements for stock tonic.

In the case of stock tonic, in addition to the requirements of section 198.2, the label shall state * * *. [1913]

Sec. 198.6. Labels may be written.

Labels on packages or containers of commercial feeds may be written instead of being printed; but when written, the writing must be plain and legible. [1913]

Code 1946, Vol. I, Title X, Ch. 200—"Iowa Fertilizer Law of 1941."

Sec. 200.2. Enforcement.

This chapter [Secs. 200.1—200.15] shall be administered by the secretary of agriculture of the state, hereinafter referred to as the "secretary." [1941]

Sec. 200.3. Definitions.

As used in this chapter [Secs. 200.1—200.15]:

* * * *

The term "commercial fertilizer" means any substance, including any combination or mixture of substance, designed and fit for use in inducing increased crop yields or plant growth when applied to the soil, except unmanipulated animal and vegetable manures, liming materials, and gypsum.

The term "fertilizer material" means any substance which is or may be used with another substance in the compounding of mixed fertilizers, or for direct application to the soil, principally as a source of plant food, except untreated animal and vegetable manure, liming materials, and gypsum. [1941]

* * * *

Sec. 200.4. Registration.

It shall be unlawful for any person, acting for himself, or as agent, to sell or offer for sale within the State any commercial fertilizer or fertilizer material that has not been registered as required by this section.

Any person who may desire to sell or offer for sale, either by himself or through another person, commercial fertilizer or fertilizer material in this State shall first file with the Secretary, on registration forms supplied by him, a signed statement, giving the name and address of the applicant, the name of his brand or trade mark, and shall furnish the following information and guarantee for each package, bag, or bulk material to be sold within the state:

(1) Weight of each package in pounds; [1913; last amended 1941.]

Sec. 200.7. Inspections.

It shall be the duty of the secretary, personally or by agents duly authorized in writing, to make such inspection of commercial fertilizer or fertilizer material in the state, to have such samples taken, and to have such chemical analysis made as in his judgment may be necessary to ascertain whether or not persons offering, selling, or distributing commercial fertilizer or fertilizer material are complying with

Code 1946, Vol. I, Title X, Ch. 200—"Iowa Fertilizer Law of 1941"—Continued.

the provisions of this chapter [Secs. 200.1—200.15]. [1941]

Sec. 200.11. Offenses.

It shall be unlawful for any person to make any false and misleading representation in regard to any commercial fertilizer or fertilizer material shipped, sold or offered for sale by him in this state, or to use any misleading or deceptive trade-mark or brand name in connection therewith. The secretary is hereby authorized to refuse registration for any commercial fertilizer or fertilizer material with respect to which this section is violated. [1941]

Sec. 200.12. Bulk sales.

Nothing in this chapter [Secs. 200.1—200.15] shall abridge the right of a consumer of commercial fertilizer to buy bulk materials from any manufacturer or dealer for his own use, provided the registration fee and tonnage tax have been paid thereon if subject thereto, and that the provisions of this chapter otherwise in respect to such materials have been complied with. [1941]

Sec. 200.13. Regulations.

For the enforcement of this chapter [Secs. 200.1—200.15] the secretary is authorized to prepare and issue such regulations not inconsistent with this chapter as may be necessary, and to cooperate with any department or agency of the government of the state as he may elect in their enforcement. [1941]

Sec. 200.14. Penalties.

Unless otherwise provided, any person violating any provision of this title [Secs. 189.1—216.2] or any rule made by the department [of agriculture] and promulgated under the authority of said department, shall be punished by a fine of not less than ten dollars (\$10.00) nor more than one hundred dollars (\$100.00) or by imprisonment in the county jail not to exceed thirty (30) days. [1941]

Code 1946, Vol. I, Title X, Ch. 201—Agricultural Lime.

Sec. 201.4. Definitions.

The term "agricultural lime" or "limestone" as herein used, shall include all calcium and magnesium products sold for agricultural purposes in the oxide, hydrate, or carbonate form; such form being designated as quicklime, hydrated lime, carbonate of lime, and ground limestone. [1945]

Sec. 201.5. Marking requirements.

Any person who shall sell, offer or expose for sale any agricultural lime in this state shall affix, or cause to be affixed, to every package or sample of such agricultural lime in a conspicuous place on the outside thereof a tag, label, or waybill which shall be accepted as a guarantee of the manufacturer, importer, dealer, agent or person, and which

shall have plainly printed thereon in the English language the number of net pounds of agricultural lime in the package or lot, * * *. When agricultural lime is sold in bulk, a tag or waybill as hereinbefore described shall be delivered to the consumer. In case of agricultural lime sold at factory or shipped in bulk, or delivered in wagon or truck loads or other conveyances, it shall be accompanied by at least one such statement as above required. * * * [1927; last amended 1945.]

Sec. 201.6. Penalty for violations.

Whoever sells, offers for sale or exposes for sale or distribution any package or sample or any quantity of agricultural lime or limestone without complying with the provisions of this chapter [Secs. 201.1—201.13] * * * shall be deemed guilty of a misdemeanor. On conviction thereof he shall be fined not less than fifty dollars nor more than one hundred dollars, and the secretary of agriculture may revoke his license. * * * [1927; last amended 1945.]

Sec. 201.10. Rules and regulations.

The secretary of agriculture is hereby empowered to prescribe and enforce such rules and regulations relating to agricultural lime as may be deemed necessary to carry into effect the full intent and meaning of this chapter [Secs. 201.1—201.13], and to refuse the registration of any agricultural lime under a name or claim which would be misleading. [1945]

Sec. 201.13. Penalty for obstructing officers.

Any person who shall obstruct the secretary of agriculture or his agents or representatives when in the discharge of any duty or duties prescribed by this chapter [Secs. 201.1—201.13], shall be deemed to be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than ten dollars nor more than one hundred dollars for the first offense, and for each subsequent offense by a fine of not less than fifty dollars nor more than thirty days in jail, or by both such fine and imprisonment. [1945]

Code 1946, Vol. I, Title X, Ch. 204—"Uniform Narcotic Drug Act."

Sec. 204.10. Marking requirements; penalty.

1. Whenever a manufacturer sells or dispenses a narcotic drug, and whenever a wholesaler sells or dispenses a narcotic drug in a package prepared by him, he shall securely affix to each package in which that drug is contained a label showing in legible English the name and address of the vendor and the quantity, kind and form of narcotic drug contained therein. * * *

3. Any person violating any of the provisions of this section shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished as provided in section 687.7.¹ [1937; last amended 1941.]

¹ See page 343.

Sec. 204.20. Enforcement.

It is hereby made the duty of the Iowa pharmacy examiners, its officers, agents, inspectors and representatives, and of all peace officers within the state, and of all county attorneys, to enforce all provisions of this chapter [Secs. 204.1—204.25], except those specifically delegated, and to cooperate with all agencies charged with the enforcement of the laws of the United States, of this state, and of all other states, relating to narcotic drugs. [1937]

Code 1946, Vol. II, Title XXXV, Ch. 687—Misdemeanor.

Sec. 687.7. Punishment when not otherwise prescribed.

Every person who is convicted of a misdemeanor, the punishment of which is not otherwise prescribed by any statute of this state, shall be punished by imprisonment in the county jail not more than one year, or by fine not exceeding five hundred dollars, or by both such fine and imprisonment. [1851]

Code 1946, Vol. I, Title X, Ch. 206—Insecticides and Fungicides.

Sec. 206.1. Definitions.

For the purpose of this chapter [Secs. 206.1—206.5]:

1. "Insecticide" shall include paris green, lead arsenate, and any other substance or mixture of substances intended to be used for preventing, destroying, repelling, or mitigating any insect which may infest vegetation, man, animals, households, or other environment.

2. "Paris green" shall include the product sold in commerce as paris green and chemically known as aceto-arsenite of copper.

3. "Lead arsenate" shall include the product sold in commerce as lead arsenate and consisting chemically of products derived from arsenic acid (H_3AsO_4) by replacing one or more hydrogen atoms by lead.

4. "Fungicide" shall include any substance or mixture of substances intended to be used for preventing, destroying, repelling, or mitigating any and all fungi which may infest vegetation or be present in any environment. [1924]

Sec. 206.2. Marking requirements.

All insecticides and fungicides offered or exposed for sale, or sold in package or wrapped form, shall be labeled on each package or container as provided in sections 189.9¹ * * * [and 189.10¹]. [1924]

¹ See pages 339 and 340.

Code 1946, Vol. I, Title X, Ch. 207—Paints and Oils.

Sec. 207.2. Paint: Marking requirements.

All paint, including paint transported into and delivered in this state, offered or exposed for sale or sold in package or wrapped form shall be labeled

on each package or container as provided in sections 189.9¹ * * * [and 189.10¹] * * *. [1913]

¹ See pages 339 and 340.

Sec. 207.3. Linseed oil and turpentine: Marking requirements.

All linseed oil or oil of turpentine offered or exposed for sale or sold in package or wrapped form shall be labeled on each package or container as provided in section 189.9¹ except that the label shall be printed with ordinary bold-faced type in capital letters not less than five-line pica in size. [1913]

¹ See page 339.

Sec. 207.4. Same: Marking requirements for substitutes.

Any compound or mixture consisting of linseed oil (raw or boiled) and any other product, or any compound or mixture consisting of oil or turpentine and any other product, or any product which is intended to be used as a substitute for linseed oil (raw or boiled) or for oil of turpentine, which is offered or exposed for sale or sold in package or wrapped form shall be labeled on each package or container as provided in sections 189.9¹ * * * [and 189.10¹] except that the label shall be printed with ordinary bold-faced type in capital letters not less than five-line pica in size and the words "substitute for linseed oil" or "substitute for oil of turpentine," as the case may be, shall also appear upon the label in the same manner prescribed for other items. Every storage receptacle containing any such product shall be labeled in the manner herein prescribed for the labeling of the package or container in which such product is offered or exposed for sale, or sold. [1913]

Code 1946, Vol. I, Title V, Ch. 81—Itinerant Merchants.

Sec. 81.1. Definitions.

1. When used in this chapter [Secs. 81.1—81.14]:

* * * * *

d. "Department" shall mean the motor vehicle department of the state.

* * * * *

g. "Itinerant merchant" shall mean any person who transports personal property for sale by him within this state, by use of a motor vehicle, except as herein otherwise provided.

2. The term "itinerant merchant" shall not mean or include the following:

a. A person using a motor vehicle, operated by him or his agent, for the transportation of milk, dairy products, grain, fruits, feed, seed, vegetables, livestock, poultry, or other agricultural products, produced or fed by him on a farm operated by him,

Code 1946, Vol. I, Title V, Ch. 81—Itinerant Merchants—Continued.

or any person using a motor vehicle, for the transportation of newspapers, books, or magazines.

b. A person transporting property when such transportation is incident to a business conducted by him at an established place of business operated by him, either within or without this state, and when said property is being transported to or from said established place of business, and when the entire course of such transportation extends not more than three hundred and fifty miles from said established place of business; provided, however, that when the entire course of said transportation is for the purpose of delivery of said property subsequent to the sale thereof said three hundred and fifty miles restriction shall not apply.

c. A person licensed under the provisions of sections 203.6 or 203.7 [itinerant vendor of drugs].

d. A person operating in the manner of an itinerant merchant, buying or selling within a radius of fifty-miles from his residence, provided he has secured a permit, upon the payment of a fee of one dollar (\$.00) to cover expense of mailing and manufacture, upon application to the county treasurer or the department. * * *

e. A salesman selling manufactured articles produced by his employer who sells the same to retail dealers for the purpose of resale.

3. Any person operating in the manner of an itinerant merchant claiming exemption because of interstate operations by passing through or across the state, shall obtain from the department, a permit without payment of fee for each trip or operation. This permit shall state the date the trip is to be made, type of load to be carried, approximate route to be traversed, and source and destination of load. [1939; last amended 1941]

Sec. 81.4. Bonds.

1. No license shall be issued by the department until the applicant shall have filed with each application, and the same have been approved by the department, an insurance policy and a bond issued by a company as herein defined authorized to do business within the state of Iowa as follows:

a. An indemnity bond in the penal sum of five hundred dollars for an itinerant merchant operating with more than twenty-five hundred pounds actual load. Such bond shall be in such form as may be prescribed by the department for the purpose of protecting the public against fraud, conditioned upon the use of honest weights, measures, and grades, if the commodities to be handled by the itinerant merchant are those customarily sold by weight, measure and grade; * * *. The surety on such bond shall be a surety company authorized to engage in the surety business in this state. * * * Whenever the bond provided for in this section shall be exhausted, the department

shall forthwith cancel the license. Said license so cancelled shall be renewed for the balance of the period for which issued by filing an additional bond with corporate surety in like amount conditioned as required in the previous bond. [1939; last amended 1941.]

* * * * *

Sec. 81.5. Department as agent to receive process.

Before a license shall issue, the applicant shall sign and file with the department an irrevocable power of attorney appointing the department his agent to accept service of original notice, in the event that personal service cannot be had upon the applicant in this state, for all causes of action against him arising out of the conduct of his business as an itinerant merchant. * * *. [1939]

Sec. 81.9. Revocation of licenses.

The department may revoke any license or permit issued under the provisions of this chapter [Secs. 81.1–81.14] after proper hearing before it, by the sending of due notice thereof by registered letter, to the itinerant merchant at his last known address, return receipt requested, not less than twenty days before the date of said hearing, for any of the following causes:

1. Failure to comply with the provisions of this chapter * * * or misrepresentation of the source, condition, quality, weight or measure of the products sold by the itinerant merchant. [1939]

* * * * *

Sec. 81.10. Rules.

The department shall make and enforce such rules for the administration of this chapter [Secs. 81.1–81.14] as may be necessary and proper. [1939]

Sec. 81.12. Powers of county and municipal governments.

Nothing in this chapter [Secs. 81.1–81.14] shall be construed to repeal or amend any statute delegating authority to any county or municipal corporation to license, tax, or regulate peddlers or itinerant merchants; * * *. [1939]

Sec. 81.13. Penalties.

Any person violating any provision of this chapter [Secs. 81.1–81.14] shall be guilty of a misdemeanor, except as herein otherwise provided, and shall upon conviction thereof be punished by a fine of not more than one hundred dollars or by imprisonment in the county jail not exceeding thirty days. [1939]

Sec. 81.14. Injunction.

Any county attorney, may commence an action in any court of competent jurisdiction, in the name of the state as plaintiff on the relation of such county attorney, to enjoin any person from violating any of the provisions of this chapter [Secs. 81.1–81.14]. Such action may be maintained upon due

showing that the defendant has violated any of the provisions of this chapter. [1939]

Code 1946, Vol. I, Title V, Ch. 82—Mine Scales.

Sec. 82.14. Duties of inspector.

He [mine inspector] shall examine, test, and adjust, as often as he deems necessary, all scales, beams, and other apparatus used in weighing coal at the mines. * * * [1873]

Sec. 82.109. Scales; weighers; duties; records.

The operator shall, if the miners are paid by weight, provide the mine with suitable scales of standard make, and require the person selected to weigh the coal delivered from the mine to take and subscribe an oath before some person authorized to administer oaths, to the effect that he will keep the scales correctly and truly balanced, and accurately weigh and a true record kept of each car delivered, which oath, with that of the check weighman hereinafter provided for, shall be conspicuously displayed with record of weights at the place of weighing, which record shall carry the account of each miner by itself, be open to the inspection at all proper times of miners and all others having a pecuniary interest in the mine. All damages sustained on account of a failure to weigh and credit to the proper person any coal mined shall be recoverable in an action brought within two years from the time the right thereto accrued, and a knowledge of a violation of this provision by the miner shall not be a defense thereto. [1897]

Sec. 82.110. Check weighman; oath; duties.

The miners employed and working in any mine may furnish a competent checkweighman, who, before entering upon his duties, shall take and subscribe an oath to the effect that he is duly qualified and will faithfully discharge his duties as checkweighman, and he shall at all proper times have access to and the right to examine the scales, machinery, or apparatus used in weighing, and to see all measures and weights of coal mined and the accounts kept thereof; but not more than one person on the part of the miners collectively shall have this right, and such examination and inspection shall be so made as to create no unnecessary interference with the use of such scales, machinery, or apparatus. [1897]

Sec. 82.111. When coal must be weighed; bushel; ton.

The operator shall, where the miner is to be paid by the ton or other quantity, unless otherwise agreed upon in writing, weigh the coal before screening, and the miner shall be credited at the rate of eighty pounds to the bushel and two thousand pounds to the ton, but no payment shall be required for sulphur, rock, slate, blackjack, dirt, or other impurities which may be loaded or found with the coal. [1897]

Sec. 82.127. Penalties.

Any person, firm, or corporation violating any of the provisions of this chapter [Secs. 82.1–82.127] shall be guilty of a misdemeanor and shall be punished as hereinafter provided, respectively:

* * * * *

7. Any owner, lessee, or operator, or any party in charge of any mine, or any weighman or checkweighman violating any of the provisions of this chapter relating to the correct weighing and recording of the weights of coal mined at any mine shall be fined not exceeding five hundred dollars or be imprisoned in the county jail not exceeding sixty days. [1897]

Code 1946, Vol. I, Title VI, Ch. 123—"Iowa Liquor Control Act."

Sec. 123.16. Commission to determine capacity of packages.

The commission [Iowa liquor control commission] shall have the following functions, duties and powers:

* * * * *

8. To determine the nature, form and capacity of all packages containing liquor kept or sold under this chapter [Secs. 123.1–123.94]; provided, that all spirituous and vinous liquor shall be purchased and sold only in the original package. [1934]

* * * * *

Code 1946, Vol. I, Title XVIII, Ch. 479—Railroad Track Scales.

Sec. 479.103. Carload weighing of coal; weight certificates; location.

Every person, firm, or corporation engaged in operating any railroad within the state shall equip the line of its track and thereafter maintain thereon in good order, track scales of sufficient capacity to weigh all carloads of coal that may be transported over the said railroad, and shall weigh the same at the request of any owner, consignor, or consignee of such commodities, and furnish written certificates of such weights to such owner, consignor, or consignee as hereinafter provided. Such track scales shall be so installed and maintained at all division stations along the line of such railroads within the state, and at such other stations as the state commerce commission shall from time to time direct. [1913]

Sec. 479.104. Where coal shall be weighed.

Every person, firm, or corporation engaged in operating any railroad within the state over which coal in carload lots shall be transported for hire, shall weigh such coal at point where such shipment originates unless covered by weight agreement between consignor and railway company, provided such point is equipped with track scales. If not so equipped, it shall be weighed at first practicable point en route where track scales are provided. Said

Code 1946, Vol. I, Title XVIII, Ch. 479—Railroad Track Scales—Continued.

person, firm, or corporation shall furnish to said shipper a bill of lading showing date and place weighed, also the gross, tare, and net weights for each carload of coal so weighed. The tare weight shall be determined by using actual weight of empty car at loading station, provided track scales are maintained at such point. [1913]

Sec. 479.105. Weighings made on request; fee.

Such coal shall be weighed at destination upon request of consignee when there are track scales at such point. If not equipped with track scales at such point, then at nearest practicable point en route where such scales are maintained, and certificate of weight, showing actual gross, tare, and net weights, shall be furnished to consignee and settlement of freight charges based on these weights. A reasonable charge of not more than one dollar per car may be made for such weighing on request. [1913]

Sec. 479.106. Method of weighing.

Cars when weighed on track scales shall be uncoupled, clear and unhampered at both ends, carefully weighed by competent weighmen and certificates issued upon request of consignees, showing gross, tare, and net weights. [1913]

Secs. 479.107. Prima facie evidence.

Certificates mentioned in sections 479.103 to 479.108, inclusive, shall be prima facie evidence of the facts therein recited in any action arising between consignors and consignees and common carriers. [1913]

Sec. 479.108. Penalty against carrier for refusal to weigh cars or furnish weight certificate.

Any common carrier operating in this state violating any of the provisions of sections 479.103 to 479.107 inclusive, by neglecting or refusing to weigh cars or to furnish certificates of weights as therein provided shall be guilty of a misdemeanor and shall be, upon conviction thereof, fined in the sum of not more than one hundred twenty-five dollars for each and every violation. [1913]

Code 1946, Vol. II, Title XXIII, Ch. 543—Bonded Warehouses for Agricultural Products.

Sec. 543.1. Definitions.

As used in this chapter [Secs. 543.1-543.38]:

1. "Commission" shall mean the Iowa state commerce commission.

2. "Warehouse" shall mean any building, structure, or other protected inclosure in this state used or usable for the storage of agricultural products. Buildings used in connection with the operation of the warehouse shall be deemed to be a part of the warehouse.

* * * * *

4. "Agricultural product" shall mean any product of agricultural activity suitable for storage in quantity, including refined or unrefined sugar and canned agricultural products and shall also mean any product intended for consumption in the production of other agricultural products, such as stock salt, binding twine, bran, cracked corn, soybean meal, commercial feeds, and cottonseed meal. [1924; last amended 1943.]

* * * * *

Sec. 543.2. Supervision of weighing.

The commission is authorized to exercise general supervision over the storage, warehousing, classifying according to grade or otherwise, weighing, and certification of agricultural products. * * * [1924; last amended 1943.]

Sec. 543.3. Rules and regulations.

The commission shall from time to time make such rules and regulations as it may deem necessary for the efficient administration of the provisions of this chapter [Secs. 543.1-543.38], * * *. [1924; last amended 1943.]

Sec. 543.31. License to weigh.

The commission may, upon presentation of satisfactory proof of competency, issue to any person a license to classify any agricultural product or products, stored or to be stored in a warehouse licensed under this chapter [Secs. 543.1-543.38], according to grade or otherwise and to certificate the grade or other class thereof, or to weigh the same and certificate the weight thereof, upon condition that such person agree to comply with and abide by the terms of this chapter and of the rules and regulations prescribed hereunder so far as the same relate to him * * *. In cities and towns where public weighing is prohibited by ordinance except by persons licensed or otherwise authorized by such city or town, any person so authorized if subject to regulations by the city or town will be construed to be automatically licensed under the provisions of this section, and consenting to render the service will be assumed to be an agreement to abide by the terms of this chapter so far as they relate to him. [1924; last amended 1943.]

Sec. 543.32. Same: Revocation.

Any license issued to any person to classify or to weigh any agricultural product or products under this chapter [Secs. 543.1-543.38] may be suspended or revoked by the commission whenever it is satisfied, after opportunity afforded to the licensee concerned for a hearing, that such licensee has failed to classify or to weigh any agricultural product or products correctly, or has violated any of the provisions of this chapter or of the rules and regulations prescribed hereunder, so far as the same may relate to him or that he has used his license or allowed it to be used for any improper purpose whatsoever. Pending investigation, the commis-

sion, whenever it deems necessary, may suspend a license for not to exceed thirty days without hearing. [1924; last amended 1943.]

Sec. 543.36. Penalties.

Every person who violates or fails to comply with any of the provisions of this chapter [Secs. 543.1–543.38] or to comply with any lawfully authorized order, direction, demand, or rule or regulation of the commission shall be guilty of a misdemeanor and upon conviction shall be punished by a fine not exceeding one hundred dollars or by imprisonment in the county jail for a period of not to exceed thirty days or by both such fine and imprisonment. [1924; last amended 1943.]

Laws 1949, Ch. 90—"Iowa Drug and Cosmetic Act."

Code 1946, Vol. II, Title XXXV, Ch. 713—Frauds and other Cheats.

Sec. 713.16. Alteration of official marks; penalty.

If any person falsely alter any stamp, brand, or mark on any cask, package, box, or bale containing merchandise or produce, made by a public officer, appointed for that purpose, in order to denote the quality, weight, or quantity of the contents thereof, with intent to defraud, he shall be fined not more than five hundred dollars and imprisoned in the county jail not exceeding one year. [1851]

Sec. 713.17. False marking; penalty.

If any person counterfeit any mark, stamp, or brand of another, or falsely mark any cask, package, box, or bale as to quality or quantity, with intent to defraud, he shall be fined not exceeding two hundred dollars, or be imprisoned in the county jail not more than six months, or both. [1851]

Sec. 713.21. Fraudulently using marked container.

If any person, with intent to defraud, use any cask, package, box, or bale, marked, branded, or

stamped by another, for the sale of merchandise or produce of an inferior quality or less in quantity or weight than is denoted by such mark, stamp, or brand, he shall be imprisoned in the county jail not more than one year, or fined not exceeding two hundred dollars, or both. [1851]

Sec. 713.22. Binder twine: Marking requirements.

No binder twine shall be sold, exposed, or offered for sale within this state, except the same bears upon each ball a stamp or label truly stating the name of the manufacturer or importer and the number of feet to the pound in such ball; provided that a deficiency not exceeding five per cent in length stated on the stamp or label shall not be a violation hereof. [1913]

Sec. 713.23. Same: Penalty.

Any person, firm, or corporation who violates the provisions of section 713.22 shall be guilty of a misdemeanor and shall be punished by a fine not exceeding one hundred dollars. [1913]

Sec. 713.24. False advertising; penalty.

Any person, firm, corporation, or association who, with intent to sell, or in anywise dispose of merchandise, securities, service, or anything offered by such person, firm, corporation, or association, directly or indirectly, to the public for sale or distribution, or with intent to increase the consumption thereof, or to induce the public in any manner to enter into any obligation relating thereto, or to acquire title thereto, or any interest therein, makes, publishes, disseminates, circulates, or places before the public, or causes to be made, published, disseminated, circulated, or placed before the public in this state, either directly or indirectly, in a newspaper or other publication or in the form of a book, notice, handbill, poster, bill, circular, pamphlet, or letter, or in any other way, an advertisement of any sort regarding merchandise, securities, service, or anything so offered to the public, which advertisement contains any assertion, representation, or statement of fact relating to said merchandise, securities, or service offered for sale, or relating to the sale thereof, which is untrue, deceptive, or misleading, shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not less than ten dollars or not more than one hundred dollars, or thirty days in jail for each offense. [1913]

Sec. 713.25. Same: Exceptions.

The provisions of section 713.24 shall not apply to any owner, publisher, printer, agent, or employee of a newspaper or other publication, periodical, or circular who, in good faith and without knowledge of the falsity or deceptive character thereof, publishes, causes to be published, or takes part in the publication of such advertisement. General Statutes Annotated 1935, Ch. 83—Weights
and Measures.

Sec. 83-101. State standards.

Such standard weights and measures as have been furnished to this state by the government of the United States, in accordance with a joint resolution

of congress, approved June 14, 1836, and such weights, measures, balances and measuring devices as may be received from the United States as standard weights, measures, balances and measuring devices, in addition thereto, or in renewal thereof, shall be the authorized standards of the state of Kansas. [1909]

Sec. 83-102. Yard; rod, pole or perch; mile; chain; acre.

The units of standard measures of length and surface from which all other measures of extension, whether lineal, superficial or solid, shall be derived and ascertained, are the standard of lengths designated in this act [Secs. 83-101-83-109, 83-115-83-136]. The yard is divided into three equal parts called feet, and each foot into twelve equal parts called inches. For measures of cloth and other commodities commonly sold by the yard, the yard may be divided into halves, quarters, eighths, and sixteenths. The rod, pole or perch contains $5\frac{1}{2}$ yards; the mile, 1,760 yards. The chain for measuring land, is 22 yards long, and is divided into 100 equal parts called links. The acre for land measure shall be measured horizontally and contain 10 square chains, equivalent in area to a rectangle 16 rods in length and 10 in breadth; 640 acres being contained in a square mile. [1909]

Sec. 83-103. Hundredweight; ton; pound means avoirdupois pound, when.

The units of standards of weight, from which all other weights shall be derived and ascertained, shall be the standard weights designated in this act [Secs. 83-101-83-109, 83-115-83-136]. The hundred-weight consists of 100 avoirdupois pounds, and a ton contains 20 hundredweights. Wherever hereafter in this act the word pound is used it shall mean avoirdupois pound unless otherwise distinctly specified. [1909]

Sec. 83-104. Dry measure.

The units of standards of measure of capacity for commodities not liquids, from which all other measures shall be derived and ascertained, shall be the standards for such commodities designated in this act [Secs. 83-101-83-109, 83-115-83-136]. The peck, half-peck, quarter-peck, quart, pint and half-pint measures for measuring commodities which are not liquids shall be derived from the halfbushel by successively dividing that measure by two. [1909]

Sec. 83-105. Liquid measure.

The units of standards of measure of capacity for liquids, from which all other measures shall be derived and ascertained, shall be the standard liquid measure designated in this act [Secs. 83-101-83-109, 83-115-83-136]. The liquid gallon shall be divided by continual division by the number two so as to make half gallons, quarts, pints, half-pints and gills. [1909]

Sec. 83-106. Electrical measures.

The standards of electrical measures recognized by the National Bureau of Standards when procured by the state shall be the standard of electrical measures in the state of Kansas. [1909]

Sec. 83-107. Metric system.

The weights and measures of the metric system shall be legal weights and measures in the state of Kansas. [1909]

Sec. 83-109. Standard weights for feeds; bushel; standards for barrel, gallon, and bushel.

That the products hereinafter mentioned shall have only the following standard weights, and whenever any of the following articles shall be contracted for or sold or delivered and no special contract or agreement shall be made to the contrary, such sale and all computations for payment or settlement therefor shall be by net weight, the net weight to be plainly marked on the outside of the barrel, sack, package or bale as the case may be, except fruits and vegetables sold in any standard container as fixed by law, and the net weight, whether stated in words or otherwise, shall be as follows:

(a) All feeding stuffs one hundred pounds, eighty pounds, fifty pounds, twenty-five pounds, and ten pounds per sack net.

(b) The net weight per bushel of the following articles shall be as follows, and any fractional part of a bushel shall be the like fractional part of the said weight per bushel, net:

And the standard barrel for all fruits and vegetables and other dry commodities shall contain 7,056 cubic inches. The term "gallon" shall mean a unit of 231 cubic inches, of which the liquid quart, liquid pint, and gill are, respectively, the one-quarter, the one-eighth, and the one-thirty-second parts. The term "bushel" when used in connection with dry measures and standard containers shall mean a unit of 2,150.42 cubic inches, of which the dry quart and dry pint, respectively, are the one-thirty-second and the one-sixty-fourth parts. [1909; last amended 1947.]

Sec. 83-109a. Flour, corn meal, hominy and hominy grits: Standard weight containers; exceptions.

It shall be unlawful for any person, partnership, corporation, company, cooperative society, or organization to pack for sale, sell, offer or expose for sale in this state any of the following commodities except in containers of net avoirdupois weights of two, five, ten, twenty-five, fifty, and one hundred pounds, and multiples of one hundred pounds: Wheat flour, self-rising wheat flour, phosphated wheat flour, bromated flour, enriched flour, enriched self-rising flour, enriched bromated flour, corn flour, corn meals, hominy and hominy grits: *Provided, however*, That the provisions of this act [Secs. 83-109a—83-109b] shall not apply to (a) the retailing of flours, meals, hominy and hominy grits direct to the consumer from bulk stock, or (b) the sale of flours and meals to commercial bakers or blenders in containers of more than one hundred pounds or for export, or (c) flours, meals, hominy and hominy grits packed in cartons the net contents of which are less than five pounds, or (d) the exchange of wheat for flour by mills grinding for toll. [1945]

Sec. 83-109b. Same: Penalties for violations.

Any violation of this act [Secs. 83-109a—83-109b] shall constitute a misdemeanor and upon conviction,

the offender shall be fined not less than twenty-five dollars nor more than five hundred dollars for each offense. [1945]

Sec. 83-110. Fruits and vegetables: Climax baskets.

The standards for Climax baskets for grapes and other fruits and vegetables shall be the two-quart basket, four-quart basket and twelve-quart basket, respectively: (a) The standard two-quart Climax basket shall be of the following dimensions: Length of bottom piece, nine and one-half inches; width of bottom piece, three and one-half inches; thickness of bottom piece, three-eighths of an inch; height of basket three and seven-eighths inches, outside measurements. Top of basket, length, eleven inches and width five inches, outside measurement. Basket to have a cover five-by-eleven inches, when a cover is used. (b) The standard four-quart Climax basket shall be of the following dimensions: Length of bottom piece, twelve inches; width of bottom piece, four and one-half inches; thickness of bottom piece, three-eighths of an inch; height of basket, four and eleven-sixteenths inches, outside measurements; top of basket, length, fourteen inches, width, six and one-fourth inches, outside measurement. Basket to have cover nine inches by nineteen inches, when cover is used. [1923]

Sec. 83-111. Same: Baskets for small fruits or vegetables.

That the standard basket or other container for small fruits, berries and vegetables shall be of the following capacities, namely, dry one-half pint, dry pint, dry quart or multiples of the dry quart. (a) The dry half-pint shall contain sixteen and eight-tenths cubic inches. (b) The dry pint shall contain thirty-three and six-tenths cubic inches. (c) The dry quart shall contain sixty-seven and two-tenths cubic inches. [1923]

Sec. 83-112. Same: Apple boxes.

That the standard apple box shall have inside dimensions of ten and one-half inches by eleven and one-half inches by eighteen inches and shall contain twenty-one hundred and seventy-three and five-tenths cubic inches. [1923]

Sec. 83-113. Same: Penalty for violations.

That it shall be unlawful to manufacture for sale or shipment, sell, offer for sale, or ship within the state, Climax and other baskets and apple boxes, either filled or unfilled, which do not comply with this act [Secs. 83-110—83-114]. Any individual,

partnership, association or corporation that willfully violates this section shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not to exceed \$100. [1923]

Sec. 83-115. Contract, sales or purchases taken and construed in terms of weights and measures.

All contracts, sales or purchases hereafter made for work to be done, or for any thing to be sold or delivered or done, by weight or measure, within this state, shall be taken and construed in terms of and according to the standards of weights and measures adopted by this act [Secs. 83-101—83-109, 83-115—83-136], except where parties have agreed upon any other calculations or measurement; and all statements and representations of any kind referring to the weights or measures of commodities sold or purchased, or exposed for sale, shall be understood in terms of the standards of weights or measures aforesaid. [1909]

Sec. 83-116. Sale of dry commodities.

All dry commodities not otherwise specified in this act [Secs. 83-101—83-109, 83-115—83-136] shall be sold only by standard dry measure, standard weight, or numerical count, except where parties otherwise agree. [1909]

Sec. 83-118. Bottles for milk, cream and other liquid commodities.

All milk or cream that shall be sold in bottles shall be sold only in bottles containing half-pints, pints, quarts, half-gallons or gallons. All other liquid commodities shall be sold only by standard liquid measure or standard weight, except where parties otherwise agree. [1909]

Sec. 83-119. Loaf of bread, weight; labeling required, when.

A loaf of bread for sale shall be two pounds in weight. Bread, unless composed in chief part of rye or maize shall be sold only in whole, half and quarter loaves and not otherwise. Bread, when sold, shall, upon the request of the buyer, be weighed in his presence, and if found deficient in weight additional bread shall be delivered to make up the legal weight, except that this section shall not apply to rolls or to fancy bread weighing less than one-quarter of a pound. Every loaf, half-loaf or quarter-loaf of bread which does not weigh the full weight required by this section shall be plainly labeled with the exact weight. [1909]

Sec. 83-120. Print or package of butter, weight; label.

A print or package of butter shall contain sixteen ounces avoirdupois, and when a print or package of butter containing less than sixteen ounces avoirdupois shall be sold its net weight shall be disclosed by the seller to the buyer, or a statement of the net weight be made upon a label attached thereto. [1909]

Sec. 83-121. False weights and measures; penalty; civil liability; evidence; injunction.

It shall be unlawful for any person: (a) To offer or expose for sale, or to sell or otherwise dispose of any weight, measure, or weighing or measuring device that is false, or which has been condemned except under written authorization of the state sealer or an authorized inspector or sealer; (b) to use a weight, measure, or weighing or measuring device that is false, or that does not conform to the authorized standard for determining the quantity of any commodity or article of merchandise, for the purpose of:

- (1) Buying or selling any commodity or thing,
- (2) hire or award,
- (3) computation of any charge for services rendered on the basis of weight or measure,
- (4) the determination of weight or measure when a charge is made for such determination;
- (c) to break or remove any tag, mark or seal placed on any weighing or measuring device by the state sealer, his deputies, or inspectors, or by a city sealer, deputy, or inspector; (d) to sell, offer or expose for sale, less than the represented quantity of any commodity, thing or service; (e) to take or attempt to take more of the represented quantity when the buyer furnishes the weight, measure, or weighing or measuring device by which the amount of any commodity, thing, or service is determined; (f) to keep for the purpose of sale, offer or expose for sale, or sell any commodity in a manner contrary to the law or contrary to any rule or regulation; (g) to use in retail trade, except in preparation of packages of merchandise put up in advance of sale, a weighing or measuring device that is not so positioned that its indications may be accurately read and the weighing or measuring operation observed from some position that may reasonably be assumed by a customer; (h) to violate any of the provisions of chapter 83 of the General Statutes of 1935, and supplements thereto, for which a specific penalty is not provided; (i) to sell or offer for sale, or use or have in his possession for the purpose of selling or using, any device or instrument to be used to or calculated to falsify any weight or measure. Any person violating any of the provisions of this act [Secs. 83-101—83-142] or any authorized rule or regulation issued pursuant thereto, shall be deemed guilty of a misdemeanor, and shall upon conviction be punished by a fine of not less than twenty-five dollars or more than five hundred dollars, or by imprisonment in the county jail for not more than ninety days, or by both such fine and imprisonment. He shall also be liable to the injured party in double the amount of the property wrongfully taken or not given, and ten dollars in addition thereto, to be recovered in any court of competent jurisdiction. The selling and delivery of any commodity or article of merchandise shall be prima facie evidence of

General Statutes Annotated 1935, Ch. 83—Weights and Measures—Continued.

representations on the part of the vendor that the quantity sold and delivered was the quantity bought by the vendee. A slight variation from the stated weight, measure or quantity for individual packages is permissible, provided this variation is as often above as below the weight, measure or quantity stated: *Provided*, That district courts may issue injunctions restraining violations of this act. [1949]

Sec. 83—122. State sealer of weights and measures: Appointment; duties.

There is hereby created in the state board of agriculture a division which shall be known as the division of weights and measures, and the head thereof shall be appointed by the state board of agriculture in the manner as appointments are made in the classified civil service under the Kansas civil service act and shall be known as the state sealer of weights and measures (hereafter referred to in this act [Secs. 83—101—83—109, 83—115—83—136] as the state sealer). The state sealer shall have the care and custody of the authorized public standards of weights and measures and of balances and other apparatus of all kinds furnished by the government of the United States and owned by the state. He shall maintain the state standards in good order and submit them at least once in every ten years to the national bureau of standards for verification. He shall compare and adjust by the state standards all municipal and other official standard weights, measures, balances and measuring devices which may be sent or brought to him for that purpose, and shall seal the same when found or made to conform to the state standards, by stamping upon each the letter "K" and the last two figures of the year in which the said comparison and adjustment has been made, with seals which he shall have and keep for that purpose: *Provided*, That he may refuse to compare and seal any weights, measures, balances or measuring devices as standards for any municipality or public offices which do not conform to the type approved by the national bureau of standards for such use. [1909; last amended 1947.]

Sec. 83—123. Same: Testing and sealing.

The state sealer may try and prove weights, measures, balances and other measuring devices on request for any person, corporation, or institution, and when the same are found or made to conform to the state standards, and otherwise fulfill such reasonable requirements as he shall make, he may seal the same with a seal which he shall have and keep for that purpose. [1909]

Sec. 83—124. Same: Records, reports and regulations.

The state sealer shall keep a record of all of the weights, measures, balances or other measuring de-

vices sealed or condemned by him, and shall make an annual report to the governor on or before January 1 of each year, a copy of which shall be filed with the national bureau of standards. He shall issue from time to time regulations for the guidance of county, municipal and all other inspectors or sealers of weights and measures, and the said regulations shall govern the procedure to be followed by the aforesaid officers in the discharge of their duties. [1909]

Sec. 83—124a. Same: Rules and regulations.

The state sealer of weights and measures shall promulgate and file with the revisor of statutes such rules and regulations as may be necessary to carry out the purposes of this act [Secs. 83—101—83—109, 83—115—83—136]. The said regulations shall include specifications and tolerances for all weights, measures, and weighing and measuring devices, which specifications and tolerances shall, insofar as practicable, conform to the specifications and tolerances as established by the national bureau of standards. [1947]

Sec. 83—125. Deputy state sealers, appointment; director of revenue to calibrate liquid fuel dispensing pumps, meters and vehicle tanks.

The state board of agriculture shall appoint deputy state sealers, who shall perform such duties as may be prescribed by the state sealer, and the state sealer shall appoint such other office and field help as may be necessary to carry out the provisions of this act insofar as funds for that purpose are appropriated. All such appointments shall be made in accordance with the Kansas civil service act. The state sealer shall purchase such equipment as may be necessary to perform his duties in connection with the administration and enforcement of this act as moneys are appropriated and are made available: *Provided further*, That the director of revenue of the state commission of revenue and taxation shall be authorized to act as deputy state sealer to measure, calibrate and certify the capacity of motor-vehicle fuel and liquid fuel dispensing pumps, meters or other devices, and vehicle tanks used in the transportation thereof. [1909; last amended 1947.]

Sec. 83—127. Sets of standards for county and local sealers.

Sets of standards for county and local sealers, if procured, shall include the following weights, measures and balances, and they shall be of a type approved for such use by the state sealer: One yard measure divided into feet and inches, and at least one of the inches divided into thirty-seconds of an inch. Dry capacity measures: One-half bushel, one peck, one quart and one pint. Liquid capacity measures: One gallon, one quart and one pint. Avoirdupois pound weights in the following number and denomination: One fifty-pound, one twenty-pound, two ten-pound, one five-pound, two two-pound, and one one-pound. Avoirdupois ounce and

fractional ounce weights in the following number and denomination: One eight-ounce, one four-ounce, one two-ounce, two one-ounce, one one-half-ounce, one one-quarter-ounce, one one-eighth-ounce, and two one-sixteenth-ounce. Twenty test weights each of fifty pounds for testing platform scales and other large scales, if the same are to be tested. One equal arm balance of capacity of fifty pounds to one-sixteenth of an ounce. [1909]

Sec. 83-128. Testing and sealing upon request.

The state sealer, deputy state sealers, county and local sealers shall try and prove all weights, measures, balances and measuring devices when requested so to do, and when the same are found or made to conform to the authorized standards they shall seal and mark such weights, measures, balances and measuring devices with a seal to be kept by them for that purpose. When any weight, measure, balance or measuring device is found by any authorized inspector or sealer to be false or untrue or not of an approved type, or which does not conform to the standards, or which cannot be made to conform to the standards by such means as the said inspector or sealer may have at his disposal, he shall condemn the same and tag or mark it condemned in a conspicuous manner. [1949]

Sec. 83-131. Entry on premises by sealers; penalty for unlawful acts.

All state, county and local sealers, or their deputies and other authorized inspectors of weights and measures, shall have full power to enter any premises in or on which any weights, measures, balances or measuring devices may be located or used for the purposes of trade, for the purpose of inspecting, adjusting and sealing or condemning the same. Whoever hinders, obstructs, or in any way interferes with any sealer or other person authorized to inspect weights and measures, while in the performance of said inspection, or whoever fails to produce, upon demand by such authorized sealer or inspector, all weights, measures, balances or measuring devices in or upon his place of business or in his possession for use in manufacture or trade, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be subject to a fine of not less than five dollars nor more than one hundred dollars. [1909]

Sec. 83-132. Penalty for sealing or condemning without testing.

Any state or local sealer or deputy who shall seal any weight, measure, balance or measuring device before first testing and making the same conform to the authorized standard, or who shall condemn any weight, measure, balance or measuring device without first testing the same, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be subject to a fine of not less than five dollars nor more than one hundred dollars. [1909]

Sec. 83-133. Records and reports of local sealers.

The several county and municipal sealers and other persons authorized to inspect weights and measures shall keep records of all weights and measures, balances and measuring devices inspected, sealed or condemned by them, giving the name of the owner or agent, the place of business, the date of inspection, and kind of apparatus so inspected, sealed or condemned, and shall make an annual report of the same to the state sealer on or before the first day of September of each year, giving, in addition to the above, an inventory of the standards and apparatus in his possession, and such other information as he may deem important or that the state sealer may require. [1909]

Sec. 83-134. Departments of inspection by cities or municipalities; sealer and deputies, appointment and compensation; quarters and equipment.

Any city or municipality in the state may establish a department of public inspection of weights and measures, and shall have power to appoint a sealer and deputies and fix their compensation, and to pass such ordinances not in conflict with the state laws as may be deemed necessary; and if a city or municipality shall establish such a department it shall provide the sealer with suitable quarters, a set of standards as hereinbefore specified in this act [Secs. 83-101—83-109, 83-115—83-136], and all other equipment for the proper performance of his duties. All city and municipal standards shall be tried, proved and sealed under the direction of the state sealer, and shall be returned to him for verification at least once in every five years. [1909]

Sec. 83-135. Investigations by local sealers.

The county or local sealer who may have reason to believe that any weight, measure, balance or measuring device used in trade is inaccurate, or not according to the standard, shall have authority to make an immediate examination of the same and require that the same be tried and tested and conform to the standards herein required. [1909]

Sec. 83-136. Cooperation by state board of health and food and drug inspectors with state and local sealers.

It is hereby made the duty of the state board of health, and its several food and drug inspectors, to cooperate with the state and local sealers in carrying out the provisions of this act [Secs. 83-101—83-109, 83-115—83-136] and all other acts relating to weights and measures, and the said food and drug inspectors are hereby authorized and empowered to act as inspectors of weights and measures used in trade. The state board of health shall procure, at the expense of the state, a full set of standard weights, measures and balances, including sets of standard apothecary's weights and measures, and cause the same to be proved and sealed by the state standards under the direction of the state sealer, together with the necessary working sets of weights,

General Statutes Annotated 1935, Ch. 83—Weights and Measures—Continued.

measures, balances and measuring devices for the use of the said inspectors, which must be officially sealed, and such weights and measures, balances and measuring devices provided for such inspectors shall be competent evidence in all courts in this state in criminal or civil actions. [1909]

Sec. 83-137. Oils: Standard weight per gallon; sale.

Whenever any of the following named articles shall be contracted for or sold or delivered by wholesale or in the original packages within the state of Kansas, and no special contract or agreement shall be made to the contrary, such sale and all computations for payment and settlement therefor shall be by weight. The weight per gallon shall be as follows: Naphtha, five and three-fourths pounds; kerosene oil, six and one-half pounds; paraffine oil, seven and one-half pounds; castor oil, eight pounds; olive oil, seven and five-eighths pounds; linseed oil, raw, seven and one-half pounds; linseed oil, boiled, seven and one-half pounds; menhaden oil, seven and one-half pounds; cod-liver oil, seven and one-half pounds; whale oil, seven and one-half pounds; lard oil, seven and one-half pounds; neat's-foot oil, seven and one-half pounds; sperm oil, seven and one-fourth pounds; turpentine, seven pounds; miners' oil, seven and one-half pounds; gasoline, seven and one-fourth pounds. [1885]

Sec. 83-138. Same: Civil liability for taking greater number of pounds to gallon or giving less number of pounds.

Whoever in buying any of the articles mentioned in the preceding section shall take any greater number of pounds thereof to the gallon, or in selling any of said articles shall give any less number of pounds thereof to the gallon, than is allowed by said section, with intent to gain advantage thereby, except when expressly authorized so to do by special contract or agreement to that effect, shall be liable to the party injured in double the amount or value of the property so wrongfully taken or not given, and ten dollars in addition thereto, to be recovered in any court of competent jurisdiction. [1885]

Sec. 83-139. Sale of grain, seed, hay or coal; penalty for fraudulent practices; authority of agent, proof.

Every sale of grain, seed, hay or coal shall be deemed to be made on the basis of the actual weight thereof, unless a different basis is established by the express agreement of the parties to the transaction. Any purchaser of grain, seed, hay or coal who, without express agreement with the seller thereof, shall knowingly deduct any quantity or amount from the actual weight or measure of the article purchased, and withhold payment therefor under claim of right so to do by reason of any custom, rule of a board of trade or any other pretense whatsoever, shall be deemed guilty of a misdemeanor, and subject to a fine of not less than twenty-five dollars nor

more than one hundred dollars for each and every offense. No agent or broker selling grain, seed, hay or coal for the owner thereof shall be presumed to have authority to sell any grain, seed, hay or coal on a basis other than that of the actual weight or quantity thereof, but express authority to allow any deduction must be proved. [1905]

Sec. 83-140. Same: Civil liability for deduction from actual weight or measure; attorney's fees.

In case any purchaser of grain, seed, hay or coal shall deduct any amount from the actual weight or measure thereof, and shall knowingly withhold from the seller the purchase price of the quantity so deducted without the express agreement of the seller thereof, such seller may recover from such purchaser three times the amount so withheld, together with reasonable attorney's fees, to be taxed in each court in which the action may be brought or to which an appeal may be taken. [1905]

Sec. 83-141. Measuring device defined.

The word "measuring device" as used in chapter 83 of the General Statutes of 1935, and all acts amendatory thereof or supplemental thereto shall be construed to include all weights, scales, beams, measures of every kind, instruments and mechanical devices for weighing or measuring, and any appliances and accessories connected with any or all such instruments. [1947]

Sec. 83-142. Transfer of state standards.

The state sealer of weights and measures shall obtain from the chancellor of the university of Kansas, and the chancellor shall deliver to the state sealer, such authorized public standards of weights and measures and balances and other apparatus of all kinds furnished by the government of the United States and owned by the state. The state sealer of weights and measures is hereby authorized to take possession of said property and is herewith required to maintain the same in the manner provided by law. [1947]

Laws 1949, Ch. 511—Weights and Measures.

Sec. 3. Registration for removal of condemnation tag.

It shall be unlawful for any person, other than an authorized inspector or sealer, to remove a condemnation tag or mark from any weighing or measuring device, without first having registered with the state sealer. An application for such registration shall be on a form to be supplied by the state sealer and shall supply such information as is required by him. All registrations for such purpose shall expire on December 31 of each even numbered year, following date of issuance. All registrants who shall remove such condemnation tags or marks shall make a report to the state sealer of such removal and of repair work performed within five days after such removal. Registration may be re-

fused and registrations may be canceled by the state sealer, for failure of the registrant to make required reports or for unsatisfactory workmanship: *Provided*, That registrations shall not be so canceled until after a registrant shall have been given ten days notice of a hearing thereon, and an opportunity to be heard. [1949]

General Statutes Annotated 1935, Ch. 13, Art. 4—
Cities of the First Class.

Sec. 13-437. Powers: Weights and measures.

To prescribe rules for weighing and measuring every kind of commodity sold in the city, in all cases not otherwise provided for by law, and may provide for the inspection of grain and weighing of hay, grain, coal, and measuring of wood and other fuel, and determine the place or places of weighing or measuring the same, and regulate and prescribe the place or places of exposing for sale hay, coal, and wood, and fix the fees and dues [duties] of the persons authorized to perform the duties named in this section; * * * [1903]

General Statutes Annotated 1935, Ch. 13, Art. 5—
Cities of the First Class.

Sec. 13-527. Powers: Appointment of weighers.

The mayor, by and with the consent of the council, or the city commission, as the case may be, may appoint a * * * market master, weighmaster, inspector and weigher of produce, * * * but no such officer shall be appointed until his term of office and salary shall have been fixed by ordinance; * * *. The term of all elective or appointive officers shall be two years, * * *. [1903; last amended 1935.]

General Statutes Annotated 1935, Ch. 14, Art. 4—
Cities of the Second Class.

Sec. 14-426. Powers: Weights and measures.

The council may prescribe rules for the weighing and measuring of every commodity sold in the city in all cases not otherwise provided for by law, and may provide for the inspection and weighing of hay, grain and coal, the measuring of wood and fuel, and determine the place or places of the same, and regulate and prescribe the place or places of exposing for sale hay, coal and wood, and fix the fees and duties of the persons authorized to perform the duties named in this section. [1872]

General Statutes Annotated 1935, Ch. 15, Art. 4—
Cities of the Third Class.

Sec. 15-441. Powers: Weights and measures.

In addition to the other powers provided by law, the governing body of cities of the third class may provide by ordinance for the inspection and weighing of hay, grain, coal, cattle and hogs, and for the measuring of wood for fuel, and determine the place or places of the same, and regulate and pre-

scribe the place or places of exposing for sale hay, coal, and wood; may purchase and locate scales for such weighing, appoint a weighmaster, and prescribe his duties and fees. The council shall require such weighmaster to give a proper bond to the city, for the faithful performance of his duties: *Provided*, That in no case shall there be any greater charge made for weighing than five cents for a single draft. [1883]

General Statutes Annotated 1935, Ch. 2, Art. 10—
Commercial Feeding Stuffs.

Sec. 2-1001. Definition.

The term "commercial feeding stuffs" shall be held to include all feeding stuffs used for feeding livestock and poultry, except the following: (a) Whole seeds or grains. (b) The unmixed meals made directly from and consisting of the entire grains of corn, wheat, rye, barley, oats, buckwheat, flaxseed, kafir, and milo. (3) Any person who shall violate any of the provisions of this act or the rules and regulations issued thereunder, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not more than one hundred dollars for the first violation and not less than one or more than five hundred dollars for each subsequent violation.

(4) Any commercial fertilizer not in compliance with the provisions of this act shall be deemed a nuisance and shall be subject to seizure in a proceeding before a court of competent jurisdiction. * * * [1949]

Sec. 2-1208a. Hearing before criminal proceedings.

If it shall appear to the secretary [of the state board of agriculture] or his authorized representative from examination or analysis of an official

sample of a commercial fertilizer that the commercial fertilizer is falsely labeled or fails to comply with the provisions of this act [Secs. 2-1201—2-1210], the secretary, before instituting criminal proceedings, shall cause notice to be given to the person in possession of the commercial fertilizer and the registrant that a hearing in relation thereto will be held at a date and place named in said notice. * * * [1949]

Sec. 2-1210. Enforcement; rules and regulations.

* * * The secretary [of the state board of agriculture] is hereby authorized and empowered to enforce the provisions of this act [Secs. 2-1201—2-1210], and amendments thereto, and to prescribe and enforce such rules and regulations relating to commercial fertilizers as he may deem necessary to carry into effect the full intent and meaning of this act. [1949]

General Statutes Annotated 1935, Ch. 2, Art. 18—Binder Twine.

Sec. 2-1801. Registration.

It shall be unlawful to sell, expose or offer for sale or distribute in this state any agricultural binder twine which has not been officially registered by the secretary of the state board of agriculture. Any person or persons, association, partnership, firm or corporation desiring to sell, expose or offer for sale or distribute any agricultural binder twine to dealers, jobbers or consumers within this state shall make application to the secretary of the state board of agriculture for registration of the same, and shall submit an affidavit clearly and truly setting forth * * * the number of feet to the pound, the tensile strength, * * *. [1935; last amended 1939.]

Sec. 2-1802. Labeling of containers.

Every bale, bag, case or other container of agricultural binder twine sold, exposed or offered for sale or distributed within this state, by sample or otherwise, shall bear a distinctly printed label or tag in the English language, truly stating: * * * *second*, the gross and net weights; *third*, the number of feet to the pound; *fourth*, the tensile strength; * * *. [1935]

Sec. 2-1803. Labeling of each ball, skein or spool.

Every ball, skein, spool or other quantity less than a bale, bag, case or other container of agricultural binder twine shall bear a label, tag or stamp in the English language truly stating: * * * *second*, the number of feet to the pound; *third*, the tensile strength; * * * *Provided*, That a deficiency not exceeding four percent of the length per pound and/or the tensile strength shall not be construed to be a violation of any of the provisions of this act [Secs. 2-1801—2-1804]. [1935]

Sec. 2-1804. Penalty for violations.

Any person or persons, association, partnership, firm or corporation violating any of the provisions of this act [Secs. 2-801—2-1804] shall, upon conviction thereof, be deemed guilty of a misdemeanor and punished by a fine of not more than one hundred dollars for the first violation and not less than one hundred dollars for each subsequent violation. [1935]

1947 Supplement to General Statutes Annotated 1935, Ch. 2, Art. 22—Economic Poisons.

Sec. 2-2202. Definition.

For the purpose of this act [Secs. 2-2201—2-2215]: (a) The terms "agricultural chemical" and "economic poison" shall be construed as synonymous terms, and shall mean and include any substance or mixture of substances labeled, designed or intended for use in preventing, destroying, repelling, or mitigating any insects, rodents, predatory animals, fungi, weeds, and any substance labeled, designed or intended for use as a defoliant, and other forms of plant or animal life or viruses, which the secretary shall declare to be a pest. Viruses on or in living man or other animals are specifically excepted and excluded from this definition. Drugs recognized by the United States pharmacopoeia or the national formulary, the label of which bears the descriptive abbreviations for these compendia, U. S. P. or N. F. as the case may be, are specifically excepted and excluded from this definition. [1947]

* * * * *

Sec. 2-2203. Marking requirements.

(a) It shall be unlawful for any person to distribute, sell, or offer for sale within this state or deliver for transportation or transport in intrastate commerce or between points within this state through any point outside this state any of the following: * * * (4) Any agricultural chemical, unless it is in the registrant's or the manufacturer's unbroken immediate container, and there is affixed to such container, and to the outside container or wrapper of the retail package, if there be one through which the required information on the immediate container cannot be clearly read, a label bearing the following: * * * (c) the minimum net weight or measure of the contents: *Provided*, That herbicides shall be labeled to state the net weight of contents. [1947]

Sec. 2-2206. Enforcement.

(a) The examination of agricultural chemicals shall be made under the direction of the secretary [of the Kansas state board of agriculture], or his authorized representative, for the purpose of determining whether they comply with the requirements of this act [Secs. 2-2201—2-2215]. * * * [1947]

1947 Supplement to General Statutes Annotated, 1935,
Ch. 2, Art. 22—Economic Poisons—Continued.

Sec. 2-2208. Penalty for violations.

* * * (b) Any person violating any provisions of this act [Secs. 2-2201—2-2215] other than section 3 (a) (1) [2-2203, (a) (1)] or failing to comply with any of the provisions of this act other than section 3 (a) (1) [2-2203, (a) (1)] or violating or failing to comply with any rule or regulation adopted under the provisions of this act, shall be guilty of a misdemeanor and upon conviction shall be fined not more than one hundred dollars for the first offense and upon conviction for a subsequent offense shall be fined not less than one hundred dollars or more than five hundred dollars for each subsequent offense: *Provided*, That any offense committed more than five years after a previous conviction shall be considered a first offense. * * * [1947]

Sec. 2-2209. Seizures.

(a) Any agricultural chemical that is distributed, sold, or offered for sale within this state or delivered for transportation or transported in intrastate commerce or between points within this state through any point outside this state shall be liable to be proceeded against in any court of competent jurisdiction in any county of the state where it may be found and seized for confiscation by process of libel for condemnation: * * * (3) if it fails to bear on its label the information required by this act; * * * [1947]

General Statutes Annotated 1935, Ch. 34, Art. 1—
State Grain Inspection Department.

Sec. 34-101. Creation and functions.

That a state department of record to be designated as the "Kansas state grain inspection department" is hereby established. Said department shall have exclusive control of the official sampling, inspection, grading, weighing and protein analysis and the certification of grades, weights and protein content of all grain at all places where inspection stations are now or may hereafter be established. The certificates issued by the department shall be conclusive evidence to all parties interested and shall form the basis of all settlements between the buyer and seller, unless an appeal is taken therefrom, in the manner provided by law, and all freight charges shall be based on the official state weights. The department shall have supervision and regulation of all warehouses operated under the Kansas public warehouse laws relating to storage of grain. Said department is authorized and empowered by and with the consent of the governor to establish, maintain and operate inspection stations covering all or any part of its service at great railway terminals and points where organized grain markets are regularly maintained; and at other points where operating costs are guaranteed by special arrange-

ments with the industries served, or the managing officers in charge: *Provided*, That where great railroad terminals lie partly within the state of Kansas and partly in an adjoining state and a larger part of the department's service at such terminal is for the account of firms having offices in such adjoining state, it shall be lawful for the department to maintain and operate an inspection station covering part or all of its services in such adjoining state: *Provided*, That no sampling or weighing of grain shall be done by the department outside of the state of Kansas. Such stations shall be located as conveniently to the interest served as practicable: *And provided, further*, That the owner may direct that his grain may not be inspected by writing or stamping upon the bill of lading thereof, "no inspection desired" or words to that effect. [1907; last amended 1933.]

Sec. 34-102. Supervision of weighing; certificates of weight; scale tickets; unlawful acts; penalty.

It shall be the duty of the chief inspector to have a general supervision of the inspection, sampling, sampling for inspection, and weighing of grain, as required by this act [Secs. 34-101—34-118] or the laws of the state; to supervise the handling, inspection, sampling, sampling for inspection, and weighing, protein analysis, and storage of grain; to establish necessary rules and regulations therefor; and for the management of the public warehouses of the state, as such rules and regulations may be necessary to enforce the provisions of this act or any law of this state in regard to the same; to keep proper records of all the inspection, sampling, sampling for inspection and protein analysis, and weighing done into and out of warehouses licensed by law to do business in this state, for which purpose he shall have provided books, blanks, and other material needed in order to keep perfect and proper records. He shall investigate all complaints of fraud or oppression in the grain trade, and correct the same so far as may be in his power. It is hereby declared unlawful for boards of trade, chambers of commerce or any civic or commercial organizations of similar character, to have charge of weighing or issue official certificates of weight on grain at any point within the state. All certificates of weight except those issued by private industries for the purpose of making settlement with their own customers, shall be issued by officials or employees of the Kansas state grain inspection department, on the regular form of weight certificates adopted and approved by the chief inspector. All scales over which official state weights of carlots of grain are taken shall be equipped with type-registering beams, in order that an original punched scale ticket may be taken of each draft weighed. The original punched scale ticket shall become the property of the Kansas state grain inspection department, and shall be filed as a record of the weight. It is hereby declared unlawful for any person,

company or corporation to install or continue to maintain at any elevator, mill or warehouse where official state weights are given, any blower, suction fan, cleaner or other device for the purpose of removing dirt, seeds, sticks, chaff or any like substance from grain unloaded into said elevator, mill or warehouse before the grain has been officially weighed. It is hereby declared to be unlawful for any person, persons, firm or corporation to in any manner change or alter an official state inspection or weight certificate after it has been issued. Where an official state weight certificate has been issued on any lot of grain, the purchaser must make settlement on the basis of the amount of grain shown on the said weight certificate. Any person, persons, firm or corporation who shall violate the provisions of this act shall be deemed guilty of misdemeanor and upon conviction shall be fined a sum of not less than one hundred dollars or more than five hundred dollars, or imprisonment in the county jail for a period of not less than thirty days or for more than one year, or both fine and imprisonment. [1907; last amended 1933.]

Sec. 34-103. Inspection and weighing fees; preventing access to scales a misdemeanor.

That the fees for service of the officers of the department shall be as follows: For inspecting, sampling and moisture tests for each carlot, one dollar twenty-five cents. For inspecting, sampling, and moisture tests on each truck load, one dollar five cents. For inspecting, sampling, and moisture tests in or out of barges or boats, seventy-five cents for each thousand bushels or a fraction thereof. For weighing in or out of elevators or warehouses one dollar twenty-five cents per carlot. For weighing in or out of barges or boats seventy-five cents for each thousand bushels or fraction thereof. * * *. For extra moisture tests, twenty-five cents. Extra samples, secured at the time of original sampling, fifty cents. For new samples, secured after the time or original sample, seventy-five cents. For duplicate certificates ordered after service performed, ten cents: *Provided*, That whenever there shall be accumulated in the revolving fund as provided in section 75-1707 of the General Statutes of 1935 from the fees provided for by this section the sum of two hundred thousand dollars the fee for inspecting, sampling, and moisture tests and the fee for weighing in or out of elevators or warehouses shall be reduced to one dollar ten cents for each carlot, and shall not be thereafter changed until the said revolving fund shall be reduced to one hundred fifty thousand dollars, whereupon said fees shall be and remain one dollar twenty-five cents for each carlot: *Provided further*, That whenever the fees for carlots hereunder shall become one dollar ten cents the fee for inspecting, sampling, and moisture tests shall become and be eighty-five cents on each truck load and the fees for inspecting, sampling and

moisture tests in or out of barges or boats shall become and be sixty cents for each thousand bushels or fraction thereof and the fee for weighing in or out of barges or boats shall become and be sixty cents for each thousand bushels or fraction thereof, and said fees shall remain in effect so long as the said carlot fees shall be one dollar ten cents but not thereafter. The chief inspector shall have the power to fix the manner in which the fees shall be collected. In case any persons, warehouse, or railroad corporation or any of their agents or employees shall refuse or prevent the officers of the department from having access to their scales, elevators, warehouses, and other places in the regular performance of their duties in inspecting, sampling, sampling for inspection and weighing grain or other property in accordance with the tenor and meaning of this act [Secs. 34-101—34-118] or any law now in force or that may be enacted in relation to the same, such persons or corporation shall be guilty of a misdemeanor. [1915; last amended 1947.]

Sec. 34-104. Charges for inspection and weighing grain in transit.

That the charges for inspection, sampling and weighing of grain so inspected, sampled or weighed, and whenever such grain is in transit the said charges shall be treated as advanced charges, shall be collected and paid by the common carrier in whose possession the same is at the time of such inspection, sampling or weighing. [1907; last amended 1915.]

Sec. 34-105. Penalty for neglect of duty in inspecting, weighing or grading.

That any duly authorized chief inspector, assistant inspector or weighmaster of grain under this act [Secs. 34-101—34-118] who shall be guilty of neglect of duty, or who shall knowingly or carelessly inspect, grade or weigh any grain improperly, or who shall accept any money or other valuable consideration, directly or indirectly, for any neglect of duty as such grain inspector, assistant inspector or weighmaster, shall be deemed guilty of a misdemeanor, and on conviction shall be fined in the sum of not less than five hundred dollars nor more than one thousand dollars, or shall be imprisoned in the county jail not less than six months nor more than twelve months, or both such fine and imprisonment, in the discretion of the court, and upon conviction of any such offense, such chief inspector, assistant inspector or weighmaster shall forfeit his office. [1907; last amended 1915.]

Sec. 34-106. Penalty for illegally acting as inspector, sampler or weigher.

The inspection, sampling, sampling for inspection or weighing of grain in this state, whether in or out of public warehouses or elevators, or in cars arriving at points where a state grain inspection is established, shall be performed by such persons

General Statutes Annotated 1935, Ch. 34, Art. 1—
State Grain Inspection Department—Continued.

only as have been duly appointed by the chief inspector of the state of Kansas grain inspection department, and qualified according to law and any person who shall act as such inspector, sampler, sampler for inspection or weigher of grain who has not been duly appointed and qualified, shall be guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not less than one hundred dollars nor more than five hundred dollars, or by imprisonment in the county jail not to exceed thirty days, or by both such fine and imprisonment: *Provided*, Nothing in this act shall apply to grain when the bill of lading is marked "No inspection desired" or words to that effect, as provided in section 1 [34-101] of this act [Secs. 34-101—34-118]. [1907; last amended 1915.]

Sec. 34-107. Control of inspection, sampling and weighing.

That the chief inspector and assistant and officers of the grain inspection department shall have exclusive control of the inspection, sampling, sampling for inspection and weighing of grain in all places where inspection, sampling, sampling for inspection or weighing is or shall be established under this act [Secs. 34-101—34-118]; the action and certificate of such officer shall be conclusive to all parties interested, unless appealed from as provided by law. [1907; last amended 1915.]

Sec. 34-113. Weight to be furnished shipper.

That any shipper of grain, which grain has been weighed by the grain inspection department of this state, may, on request in writing to the chief inspector and enclosing a stamp for reply, receive, and it shall be the duty of the chief inspector to furnish such shipper, free of charge, the weight of any such grain, by forwarding to him promptly a statement showing such weights: *Provided*, That such written request shall set forth the number and initials of the cars, the weights of which are so desired. [1905]

Sec. 34-114. Testing of track and hopper scales; fees.

All track and hopper scales in the state over which grains are officially weighed shall be tested by a qualified scale expert in the employ of the Kansas grain inspection and weighing department. The fee for such test shall be \$15, which fee shall be paid by the industry for which the test is made, but in no case shall the fees exceed \$30 for any scale during one year: *Provided, however*, That any party interested in the weighing of grain over any scale may request a test at any time and upon such request the chief inspector shall cause such test to be made. If the scale is found incorrect the fee for the test shall be paid by the owner otherwise by the party requesting the test. The fees for the above shall be paid to the chief inspector and by him remitted to the state treasurer and credited to the

Kansas state grain inspection revolving fund in the same manner as other fees collected: *Provided*, No fee shall be collected from any railroad company owning and maintaining its own scales. [1921]

Sec. 34-115. Railroad scale test car: Purchase.

The chief grain inspector is hereby authorized to purchase under the direction and with the approval of the executive council of the state a railroad scale test car, for testing track and hopper scales. The cost of said scale test car shall be paid for out of the grain revolving fund in the same manner as the other expenses of the grain inspection and weighing department. [1921]

Sec. 34-116. Same: Free transportation of car and scale inspector.

Whereas, it is necessary to convey by railway the scale test-weight car of the Kansas state grain inspection and weighing department from place to place, to correct scales of the grain industry of the state, so as to obtain correct weights for weighing grain and other commodities; and the railroads of the state receive a good and valuable consideration because of the correction of the weights of the grain and commodities weighed and transferred over their lines; and that no charge therefor should be made by the railroads for hauling and transferring said car and that the railroads shall furnish free transportation for the scale inspector or his assistant. [1923]

Sec. 34-117. Same: Duty of railroads to make such transportation.

That all railroads in the state shall be and are hereby required to haul and transfer on their lines or railroads the scale test-weight car of the Kansas state grain inspection and weighing department free of charge therefor, and furnish free transportation to the state scale inspector of scales or his assistant or deputy, from place to place, as directed by the chief grain inspector of the state. [1923]

Sec. 34-118. Same: Free transportation of test car.

Every railroad or common carrier shall transport, move and switch to any track or hopper scale in the state over which the Kansas state grain inspection and weighing department issues official weights, free of charge, on application of the chief grain inspector or his authorized agent, any scale test car used by the state for testing track or hopper scales. [1921]

General Statutes Annotated 1935, Ch. 34, Art. 2—
Grain Warehouses.

Sec. 34-232. Weighing at terminal warehouses.

That it shall be the duty of every terminal public warehouseman, whenever inspection and weighing is or shall be established, to receive for storage any grain, dry and suitable for warehousing, that may be

tendered to him in the usual manner in which terminal warehouses are accustomed to receive the same in the ordinary and usual course of business, to the capacity of his warehouse available for public storage, not making any discrimination among the persons desiring to avail themselves of the warehouse facilities; such grain to be in all cases inspected, weighed and graded by a duly authorized inspector and weighmaster of the state grain inspection department * * * and all grain delivered from such warehouse shall be inspected and weighed on its delivery by a duly authorized inspector and weighmaster of the state grain inspection department. * * * The charge for inspection and weighing upon receipt and delivery shall be paid by the warehouseman and may be added to the charge of storage. The chief inspector may recover such charges from the warehouseman by an appropriate action in his name. [1931]

Sec. 34-233. Weighing at local warehouses.

* * * All grain taken into a local public warehouse shall be carefully weighed by the warehouseman or one of his employees and a certificate of weight, the form of which shall be approved by the chief inspector, shall be issued and the weight so shown by said certificate shall be stated on the warehouse receipt. * * * [1931]

Sec. 34-239. Form of receipt for storage grain.

Every receipt issued for grain stored in a warehouse licensed under this act [Secs. 34-223—34-2,103] shall embody within its written or printed terms: * * * (e) the net weight and percentage of dockage, * * *. [1931]

Sec. 34-241. Form of receipt for grain taken for transfer.

* * * The form of receipt to cover grain taken for storage by local public warehouses, and to be transported to and stored in said terminal public warehouse, shall be on a form approved by the chief inspector and shall embody within its written or printed terms: * * * (d) the net weight of percentage and dockage, * * *. [1931; last amended 1939.]

Sec. 34-251. Inspection of scales; sealing.

* * * And all scales used for weighing of property in public warehouses shall be subject to tests by any duly authorized inspector, weighmaster or sealer of weights and measures at any time when required by any such officer, or by any person or persons, agent or agents, whose property has been or is to be weighed on such scales. Any public warehouseman who shall use for grain weighing scales that have been found on such inspection to be inaccurate until after the same have been pronounced correct and properly sealed shall be liable to be proceeded against as hereinafter provided. * * * [1931]

Sec. 34-291. Issuance of receipt containing false statement; penalty.

A warehouseman or any officer, agent or servant of a warehouseman who fraudulently issues or aids in fraudulently issuing a receipt for grain, knowing that it contains any false statement, shall be guilty of a crime and upon conviction shall be punished for each offense by imprisonment not exceeding five years, or by a fine not exceeding \$5,000, or both. [1931]

Sec. 34-298. Penalty for violations.

Unless otherwise provided in this act [Secs. 34-223—34-2,103], any person, firm or corporation, or any officer or agent of any person, firm or corporation, who shall violate any of the provisions of this act shall be guilty of a misdemeanor and shall be punished by a fine of not less than five hundred dollars (\$500) or more than one thousand dollars (\$1,000) and by imprisonment in the county jail for not less than thirty (30) days, or more than one year. * * * [1931]

Sec. 34-2,100. Rules and regulations by chief inspector.

The chief inspector of the Kansas grain inspection department is hereby authorized to make and enforce reasonable rules and regulations, in conformity with the provisions of this act [Secs. 34-223—34-2,103], governing the duties of public warehousemen and registrars of receipts, the manner of conducting public grain warehouses and of keeping and preserving the papers and records of such warehousemen and registrars, including the regulating of all transactions in which grain is sold to the elevators and warehouses and payment therefor is deferred. [1931; last amended 1941.]

**General Statutes Annotated 1935, Ch. 75, Art. 17—
Warehouse Supervising Weighmaster.**

Sec. 75-1703. Appointment.

The chief inspector shall be authorized to appoint a suitable person as a warehouse examiner and supervising weighmaster who shall be qualified to supervise and regulate all warehouses operated under the Kansas public-warehouse law relating to storage of grain, and superintend the work of weighmasters at the various inspection points within the state. The chief inspector shall be authorized to appoint four suitable and qualified persons as inspectors in charge of stations and to appoint a scale tester, and to appoint suitable and qualified persons as assistant inspectors, or assistant weighmasters, to be acting inspectors and weighmasters in the absence of the chief inspector, who shall not be interested in any public or private grain warehouse or in buying or selling of grain, either directly or indirectly; and also such other employees as may be necessary to properly conduct the business of his office. [1907; last amended 1933.]

General Statutes Annotated 1935, Ch. 34, Art. 3—
Hay and Straw Inspection.

Sec. 34-312. Duties of state grain inspector; rules and regulations.

That it shall be the duty of the state grain inspector to assume and exercise a constant supervision over hay and straw inspection at the terminal points in the state, to establish all necessary rules and regulations for the grading, inspecting and re-inspecting of hay and straw, and for supervision over all public hay stacks at the terminal points in the state, as far as such rules and regulations may be necessary to enforce the provisions of this act [Secs. 34-301—34-316], or any law of this state in regard to the same, to investigate all complaints of fraud or oppression in the hay and straw trade at such terminal points and to correct the same as far as may be in his power. [1917]

Sec. 34-315. Weighing places; fee limitation.

That the state grain inspector shall cause all hay and straw inspected under the provisions of this act [Secs. 34-301—34-316] to be weighed by his department at such places as may be prescribed by the rules and regulations established by the state grain inspector, provided that the fee for such weighing shall not exceed fifty cents per car. [1917]

Sec. 34-316. Penalty for violations.

That any person, firm or corporation violating any provisions of this act [Secs. 34-301—34-316] shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in a sum not less than twenty-five (25) dollars, nor more than two hundred (200) dollars for each violation, and all such fines when collected, shall be paid into the state treasury and become a part of the "hay inspection fund". [1917]

General Statutes Annotated 1935, Ch. 47, Art. 5—
Livestock Remedies.

Sec. 47-501. Definitions.

For the purpose of this act [Secs. 47-501—47-515]: (A) The term "livestock remedy" shall mean and include all drugs, combinations of drugs, and combinations of drugs and other ingredients, proprietary medicines and preparations which are prepared or compounded (1) for the treatment, mitigation, prevention or cure of any disease or ailment of any animal except man, (2) (other than feeds) to affect the structure or any function of the body of any animal except man: *Provided, however*, That the term "livestock remedy" is not intended to include drugs or preparations compounded at the request of the purchaser by a registered pharmacist or prescribed by registered veterinarians after diagnosis of animals, and vaccines, serums, and bacterins. * * * (C) The term "secretary" shall mean the

secretary of the state board of agriculture. * * * [1925; last amended 1945.]

Sec. 47-502. Registration.

Any person desiring to sell, offer or expose for sale, or distribute, or take any orders or contract for the sale or distribution in Kansas of any livestock remedy shall first file with the secretary [of the State board of agriculture] an application for registration thereof truthfully stating: * * * (C) The minimum net contents of the container, package or parcel of such livestock remedy expressed by weight or count and weight in the case of solids and by measure in the case of liquids, and by both count and weight or measure per unit in case of dosage forms. * * * [1925; last amended 1945.]

Sec. 47-503. Marking requirements.

Every sack, box, carton, bottle or other package of livestock remedy sold, offered or exposed for sale, or distributed within this state shall have a label affixed thereto or printed thereon in a conspicuous place on the outside thereof bearing a legible and plainly printed statement in the English language clearly and truthfully stating: * * * (C) the minimum net contents of the container, package, or parcel of such livestock remedy expressed by weight or count and weight in the case of solids and by measure in the case of liquids, and by both count and weight or measure per unit in case of dosage forms: * * * [1925; last amended 1945.]

Sec. 47-505. Refusal or cancellation of registration; enforcement of act.

The secretary [of the State board of agriculture] shall have power to refuse to register any livestock remedy * * * when the label or the advertising thereof shall bear or contain any statement, design or device which is false or misleading, * * *. The state board of agriculture is hereby empowered to promulgate and adopt such rules and regulations, official standards and methods of testing as may be deemed necessary to carry into effect the full intent and meaning of this act [Secs. 47-501—47-515], which shall be enforced by the secretary. * * * [1925; last amended 1945.]

Sec. 47-510. Unlawful acts; misbranding defined; penalties; injunctions; seizure.

(1) It shall be deemed a violation of this act [Secs. 47-501—47-515] for any person to sell, offer or expose for sale, or distribute, or to take or receive any order for, or to directly or indirectly contract for the sale of any livestock remedy: (A) Which is not registered as required by the provisions of this act; (B) which is not labeled as required by the provisions of this act; (C) which is misbranded.

A livestock remedy shall be deemed to be misbranded: (a) If its labeling is false or misleading in any particular; (b) if its container is so made, formed, or filled as to be misleading or deceptive; * * *

(d) if any word, statement, or other information required by or under authority of this act to appear on the label or labeling is not prominently placed thereon with such conspicuousness, as compared with other words, statements, designs, or devices in the labeling, and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use; (e) if its composition * * * or quantity falls below or differs from that which is purported or is represented to possess by its labeling; * * *

(2) It shall be deemed a violation of this act for any person: (E) To alterate, mutilate, destroy, obliterate or remove the label or any part thereof, or to do any act which may result in the misbranding or false labeling of such article; * * *

(G) To impede, obstruct, hinder, or otherwise prevent, or attempt to prevent, the secretary [of the State board of agriculture] or his authorized agent, in the performance of his duty in connection with the provisions of this act or acts to which it is supplemental or amendatory. Any person who shall violate any provisions of this act or the rules and regulations promulgated and adopted or fail or neglect to comply with any requirement of this act or the rules and regulations promulgated and adopted shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than one hundred dollars for the first violation and not less than one hundred dollars or more than five hundred dollars for each subsequent violation. * * * The district courts of the state of Kansas shall have jurisdiction to restrain and enjoin violations of this act by injunction. Livestock remedies which are adulterated or misbranded shall be considered as a common nuisance and contraband, and may be seized and taken into possession by the sheriff or the secretary or his agents, who shall cause a complaint to be filed in the district court for the seizure and condemnation of the livestock remedy * * *. The court may in its discretion release the product for sale if the adulteration or misbranding can be and is corrected by proper labeling or processing, providing all fines and costs assessed are paid, and a good and sufficient bond in an amount fixed by the order of the court is filed with the clerk of the court, conditioned on compliance with the order of the court and the provisions of this act. The relabeling or processing shall be under the supervision of the secretary or his agents. If the product is not released for sale it shall be destroyed by the sheriff, or sold for salvage under the direction of the court. [1925; last amended 1945.]

1947 Supplement to General Statutes Annotated 1935, Ch. 47, Art. 10—Community Sales.

Sec. 47—1001. Definitions.

As used in this act [Secs. 47—1001—47—1013], except where the context clearly indicates a different meaning: (A) The term "commissioner" means the livestock sanitary commissioner of the state of Kansas. (b) The term "livestock" means and includes cattle, swine, sheep, goats, horses and mules. (c) The term "person" means and includes any individual, partnership, corporation or association. * * * (f) The term "community sale" means any series of sales, exchanges or purchases of any livestock made at regular or irregular intervals at an established place or places in this state, and held more than three times a year, by any person, directly or indirectly, for or on account of the producer or producers, consignor or consignors thereof, at public auction or at private sale thereat except that this term shall not apply to sales, purchases or exchanges of livestock of any person, persons or corporation selling the products or produce belonging to them in interstate commerce, when made at or upon a public livestock market which is subject to regulation under what is commonly known as the packers and stockyards act of 1921 of the United States and where federal veterinary inspection is regularly maintained under the supervision of the bureau of animal industry of the department of agriculture of the United States of America. * * * [1937; last amended 1939.]

Sec. 47—1003. Investigations and arrests; right of entry.

* * * The commissioner [livestock sanitary commissioner] and his authorized representative shall have power to make investigations and arrest any persons found violating this act [Secs. 47—1001—47—1013] and shall have, at all reasonable times, free and uninterrupted access to any and all buildings, yards, pens, chutes, or scales in or upon which any of such livestock may be kept, quartered, weighed or handled by any dealer. [1937; last amended 1939.]

Sec. 47—1004. Investigations; suspension or revocation of license.

The commissioner [livestock sanitary commissioner], on his own motion, or upon the verified complaint of any interested party, may investigate, examine or inspect any transaction or happening which may involve a violation or alleged violation of this act [Secs. 47—1001—47—1013] or any rule, order or regulation lawfully issued and promulgated by the commissioner thereunder. In the furtherance of any such examination, investigation or inspection, the commissioner or any authorized representative thereof may examine that part of the ledgers, books, accounts, memoranda or other docu-

ments, scales, measures, livestock and other articles and things used in connection with the business of such person relating to the transactions involved.

* * * [1937]

Sec. 47-1005. Grounds for refusal, revocation or suspension of license.

The commissioner [livestock sanitary commissioner] may, after hearing, as provided in sections 47-1003 and 47-1004 * * * refuse to grant a license and may revoke or suspend any license, as the case may require, when he is satisfied of the existence of any of the following facts: (a) That any provision of this act [Secs. 47-1001—47-1013], or any rule, order or regulation lawfully promulgated thereunder by the commissioner has been violated by the applicant or licensee. * * * (f) * * * or that the licensee selling livestock by weight fails or refuses to have livestock handled by him weighed on scales that are regularly inspected and tested for accuracy by duly authorized public authority or authorities. [1937; last amended 1939.]

Sec. 47-1010. Penalties for unlawful acts.

Any person shall be guilty of a misdemeanor and, upon conviction, shall be punished by a fine of not less than one hundred dollars or more than five hundred dollars, who * * * (e) makes any false or misleading statements as to the * * * quantity of livestock shipped or sold, (f) fails to comply in any respect with this act [Secs. 47-1001—47-1013] and any and all lawful rules, regulations and orders of the commissioner [livestock sanitary commissioner] issued and promulgated hereunder: (g) *Provided, however,* That nothing in this act shall in any manner affect any person engaged in the business of buying or assembling livestock for the purpose of prompt shipment to, or slaughter in, any livestock market or packing house which is subject to regulation under what is commonly known as the packers and stockyards act of 1921, or where federal veterinary inspection is regularly maintained under the supervision of the bureau of animal industry of the department of agriculture of the United States of America. [1937; last amended 1947.]

General Statutes Annotated 1935, Ch. 49, Art. 3—
Mine Scales.

Sec. 49-301. Coal to be weighed before screening.

It shall be unlawful for any mine owner, lessee or operator of coal mines in this state, employing miners at bushel or ton rates or other quantity, to pass the output of coal mines by said miners over any screen or other device which shall take any part from the value thereof before the same shall have been weighed and duly credited to the employees

and accounted for at the legal rate of weights as fixed by the laws of Kansas. [1893]

Sec. 49-302. Oath of weighman; penalty for violation.

The weighman employed at any mine shall subscribe an oath or affirmation, before a justice of the peace or other officer authorized to administer oaths, to do justice between employer and employee, and to weigh the output of coal from mines in accordance with the provisions of section one [Sec. 49-301] of this act [Secs. 49-301—49-307]. Said oath or affirmation shall be kept conspicuously posted in the weigh office, and any weigher of coal or persons so employed who shall knowingly violate any of the provisions of this act shall be deemed guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than twenty-five nor more than one hundred dollars for each offense, or by imprisonment in the county jail for a period not to exceed thirty days, or by both such fine and imprisonment. [1893]

Sec. 49-303. Check-weighman.

The miners employed by or engaged in working for any mine owner, operator or lessee in this state shall have the privilege, if they so desire, of employing at their own expense a check-weighman, who shall have like rights and privileges in the weighing of coal as the regular weighman, and be subject to the same oath and penalties as the regular weighman. [1893]

Sec. 49-304. Fraudulent weighing; penalty.

Any person or persons having or using any scale or scales for the purpose of weighing the output of coal at mines, so arranged or constructed that fraudulent weighing may be done thereby, or who shall knowingly resort to or employ any means whatever by reason of which such coal is not correctly weighed, and reported in accordance with the provisions of this act [Secs. 49-301—49-307], shall be deemed guilty of a misdemeanor, and shall upon conviction for each offense be punished by a fine of not less than two hundred dollars nor more than five hundred dollars, or by imprisonment in the county jail for a period not to exceed sixty days, or by both such fine and imprisonment. [1893]

Sec. 49-305. Contracts or agreements as to screening and weighing.

Any provisions, contract or agreement between mine owners or operators thereof and the miners employed therein whereby the provisions of section 1 [49-301] of this act [Secs. 49-301—49-307] are waived, modified, or annulled, shall be void and of no effect; and the coal sent to the surface shall be accepted or rejected, and if accepted shall be weighed in accordance with the provisions of this act; and right of action shall not be invalidated by reason of any contract or agreement. [1893]

Sec. 49-306. Loaders.

The provisions of this act [Secs. 49-301—49-307] shall also apply to the class of workers in mines known as loaders, engaged in mines wherein mining is done by machinery. Whenever the workmen are under contract to load coal by the bushel, ton, or any quantity the settlement of which is had by weight, the output shall be weighed in accordance with the provisions of this act. [1893]

Sec. 49-307. Inspection of scales at mines; penalty.

That the secretary of mine industries of the state of Kansas shall be ex officio inspector of weights, measures and scales used at coal mines, and he or his deputies are hereby empowered, and it shall be his or their duty, to test the scales used to weigh coal mined in the mines of this state at least once every six months, to ascertain whether or not such scales correctly measure the weight of such coal; and if defects or irregularities are found in such scales which prevent correct weights and measurements, the inspector shall call the attention of the mine owner, agent or operator to said defects, and direct that the same be at once properly adjusted and corrected. If the owner, agent or operator of any coal mine in this state shall refuse to allow such inspector or his deputies to properly test the scales used at such mine or mines, or shall fail or refuse to put such scales in proper adjustment and condition, so that the same shall correctly weigh the coal mined, after being notified by said inspector or his deputy so to do, such owner, agent or operator shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not exceeding five hundred dollars, or be confined in the county jail not exceeding six months, or both, in the discretion of the court; and it shall be the duty of the prosecuting attorneys in the respective counties to prosecute any person, firm or corporation violating the provisions of this section, the same as in other misdemeanor cases. [1903]

General Statutes Annotated 1935, Ch. 50, Art. 1—
Fraud in weight of shipment.

Sec. 50-131. Agreements or combinations by which shipper is defrauded out of portion of net weight; penalty.

If any person, company or corporation doing business in Kansas shall make any agreement, expressed or implied, or by any understanding or combination with any person, company or corporation within or without the state, by which any shipper of seeds, grains, hay or livestock is defrauded out of any portion of the net weight of any consignment of grain, seeds, hay, or livestock, all such agreements or combinations are hereby declared to be in restraint of trade, and any such person, company or corporation shall be deemed guilty of a misdemeanor, and upon conviction shall be fined in the sum of not less than one hundred dollars and not exceeding one thousand dollars for each offense. [1899]

General Statutes Annotated 1935, Ch. 65, Art. 6—
Food.

Sec. 65-601. Manufacturing of misbranded articles unlawful; penalty.

That it shall be unlawful for any person to manufacture within the state of Kansas any article of food * * * or liquors, which is adulterated or misbranded, * * * within the meaning of this act [Secs. 65-601—65-614]; and any person who shall violate any of the provisions of this section shall be guilty of a misdemeanor, and for each offense shall upon conviction thereof be fined not to exceed three hundred dollars, or be imprisoned one year in the county jail, in the discretion of the court, and for each subsequent offense on conviction thereof shall be fined not less than five hundred dollars or be imprisoned for one year in the county jail, or shall receive both such fine and imprisonment, in the discretion of the court. [1907]

Sec. 65-602. Sale of misbranded articles unlawful; penalty.

That it shall be unlawful for any person to sell, keep for sale or offer for sale, within the state of Kansas, any article of food, * * * liquor which is adulterated or misbranded, within the meaning of this act [Secs. 65-601—65-614], and any person who shall sell, keep for sale or offer for sale any article of food * * * or liquor which is adulterated or misbranded, within the meaning of this act, shall be guilty of a misdemeanor, and for each offense shall upon conviction thereof be fined in a sum not to exceed fifty dollars or be imprisoned in the county jail not exceeding one year, or be both fined and imprisoned, in the discretion of the court. [1907]

Sec. 65-603. Rules and regulations for enforcement.

That the state board of health is authorized and directed to make and publish uniform rules and regulations, not in conflict with the laws of this state, for carrying out the provisions of this act [Secs. 65-601—65-614], * * *. [1907; last amended 1909.]

Sec. 65-606. "Food" defined.

* * * The term "food," as used herein, shall include all articles used for food or in the preparation of food, drink, confectionery or condiment by man, whether simple, mixed, or compound. [1907]

Sec. 65-608. When food deemed misbranded.

That the term "misbranded," as used herein, shall apply to all * * * articles of food, or articles which enter into the composition of food, the container or label of which shall bear any statement, design or device regarding such article, * * * which shall be false or misleading in any particular, * * *. That for the purpose of this act [Secs. 65-601—65-614] an article shall also

Food—Continued.

be deemed to be misbranded * * *. In the Case of Foods: * * * *third*, if in package form, and the contents are stated in terms of weight, measure or quantity, the net weight, measure or quantity is not plainly and correctly stated on the outside of the package; * * *. [1907; last amended 1909.]

Sec. 65—609. Guaranty protection.

That no dealer shall be deemed guilty under the provisions of this act [Secs. 65—601—65—614] when he can establish a guaranty signed by the wholesaler, jobber, manufacturer, or other party from whom he purchased such articles to the effect that the same is not adulterated or misbranded, within the meaning of this act, designating it. Said guaranty, to afford protection, shall contain the name and address of the party or parties making the sale of such articles to such dealer, and in such case said party or parties shall be amenable to the prosecutions, fines and other penalties which would attach in due course to the dealer under the provisions of this act: *Provided*, That this exemption shall not apply when such dealer knew or ought to have known that such drugs, liquors or foods so sold, offered or kept for sale were adulterated or misbranded, within the meaning of this act. [1907]

Sec. 65—614. Penalty for violations.

That any person who shall violate any of the provisions of this act [Secs. 65—601—65—614] for which no other penalty is prescribed herein shall on conviction be fined in a sum not less than ten dollars or more than one hundred dollars or be imprisoned in the county jail not more than three months, or by such fine and imprisonment, in the discretion of the court. [1907]

General Statutes Annotated 1935, Ch. 65, Art. 7—
Milk and Cream.

Sec. 65—704. Babcock test.

In determining the value of milk, cream or other dairy products by the use of the Babcock test, it shall be unlawful to give any false reading or in any way manipulate the test so as to give a higher or lower percent of butterfat than the milk, cream or other dairy products actually contain, or to cause any inaccuracy in reading the percent of butterfat by securing from any quantity of milk, cream or other dairy products to be tested an inaccurate sample for the test. * * * None other than the Babcock method, or such method of testing as may be approved by the dairy commissioner, may be employed when testing milk or cream, the test of which is to be used as a basis for making payment for the milk or cream thus tested. None other than single bottle torsion balance scales, or

such scales as may be approved by the dairy commissioner, may be used when weighing cream for testing, when such tests are to be used as a basis for making payment for such cream. In the establishing of new stations or replacing condemned scales, single bottle scales must be installed. It shall be unlawful to use adjustable scale weights in determining the weight of cream used in the Babcock test. Only such centrifuge shall be used as shall meet the approval of the state dairy commissioner. Specifications for apparatus and chemicals and directions for testing milk and cream must conform to those adopted by the American Dairy Science Association, with such additions as are deemed advisable by the dairy commissioner to make them applicable to the provisions of this act [Secs. 65—701—65—718]. All test tubes, bottles, pipettes or instruments used in connection with testing or determining the value of milk, cream or other dairy products by the use of the Babcock test shall be approved by the state dairy commissioner. * * * [1927]

Public Utilities.

Sec. 66—119. Meters: Rules to secure accuracy.

* * * It [State Corporation Commission] shall establish reasonable rules, regulations, specifications and standards to secure the accuracy of all meters and appliances for measurements, and every public utility is required to carry into effect all orders issued by the commission relative thereto. [1911]

General Statutes Annotated 1935, Ch. 66, Art. 2—
Railroad Track Scales.

Sec. 66—250. Scales at stations, when.

That each and every railway company operating a railway wholly or partly within this state shall, on or before the first day of July, A. D. 1893, construct and provide, and thereafter keep and maintain in good order, a track or car scale of sufficient capacity and suitable for weighing grain in carload lots and in the car, at each and every town or station upon its line of railway or the line of railway operated by it, from which the aggregate of grain shipments on all railways shall be one hundred cars or more of grain and seeds during the year 1892. [1893]

Sec. 66—251. Same; weights by public weigher or shipper, when; verification.

Any town or station not now entitled to track scales under this act [Secs. 66—250—66—260], but from which there shall hereafter be shipped in any calendar year one hundred cars or more of grain, seeds or hay, shall be entitled to the benefits of this act; and any railway company operating a railway upon which such town or station is located shall construct, provide, keep and maintain a track or car scale at such town or station, as provided by

section 1 [66-250], within six months after the expiration of such calendar year: *Provided, however*, That any railway company may elect to accept the weights of any public weigher, or the weights of the shipper, and shall have the right to demand that the weights of such shipper shall be verified by affidavit; and in case they so elect, shall not be required to put in scales, and shall not be liable to the penalties prescribed in this act for failure to put in scales. [1893]

Sec. 66-252. Duty to weigh at nearest station; receipt to shipper; place of weighing before and after loading.

At stations not entitled to car scales by the provisions of this act [Secs. 66-250—66-260] it shall be the duty of such railway company to weigh at one of the stations nearest to such station having no such scales, and such cars before and after loading, and give to such shipper a like receipt as provided in section 6 [66-255] of this act: *Provided*, That such weighing before loading may be on one side of the point of shipment, and after loading on the other side of the point of shipment. [1893]

Sec. 66-253. Manner of weighing cars.

Each railway company operating a railway at any station or town in this state entitled to track scales under this act [Secs. 66-250—66-260] shall correctly weigh all cars immediately before and immediately after being loaded with grain, seeds or hay, said cars to be detached from engine and other cars when weighed, and such weighing to be done in the presence of the shipper of such grain or seeds, if so demanded by him. [1893]

Sec. 66-254. Fee for weighing.

Such railway company shall be entitled to collect and receive from the person shipping such grain, seed or hay, the sum of twenty-five (25) cents for each car of such grain or seed so weighed, as compensation for such weighing. [1893]

Sec. 66-255. Bill of lading; claims and actions; proof.

That each railroad company operating a railroad wholly or partly in this state shall be required to give to any person, delivering grain, seed or hay, in bulk or in sacks, to such company for transportation, at any station entitled to track scales, under this act [Sec. 66-250—66-260], a bill of lading, in duplicate, which bill of lading shall state the exact number of bushels or pounds of grain, seed or hay so delivered to such railroad company, by whom delivered and to whom consigned; and thereafter such railroad company shall be responsible to the consignee named in such bill of lading, or to his heirs or assigns, for the full amount of such grain, seed or hay so delivered to such railroad company, until it shall show that it has delivered the whole amount of such grain, seed or hay to such consignee or to his heirs or assigns: *Provided, however*, That if the shortage on any car of grain, seed

or hay shall not exceed one fourth of one percent of the amount of grain, seed or hay put in the car, then the railway company shall be deemed to have delivered the whole amount of grain, seed or hay in the car: *Provided*, That when a claim for loss is filed against any railroad company and the loss is proven to be greater than one fourth of one percent, then the railroad company shall be responsible for the entire loss without any deduction. And in any action hereafter brought against any railroad company for or on account of any failure or neglect to deliver any such grain, seed or hay to the consignee or to his heirs or assigns, either duplicate of such bill of lading shall be prima facie proof of the amount of such grain, seed or hay so received by such railroad. [1893; last amended 1923.]

Sec. 66-257. Acceptance of weight of shipper where track scales not maintained.

Any railway company failing, neglecting or refusing to provide and maintain track scales, as required by section 1 [66-250] of this act [Secs. 66-250—66-260], shall state in its bills of lading given for grain or seed or hay delivered to it for transportation at any station or town entitled to track scales under the provisions of this act, the number of bushels or pounds of such grain, seed or hay, and as stated by the person or persons delivering such grain, seed or hay to such railway company, and the amount so stated shall be prima facie evidence of the amount of grain, seed or hay so delivered by such person to such railway company, as provided in section 6 [66-255] of this act: *Provided, however*, That the person so delivering such grain, seed or hay to such railway company shall, if required by the railway company, make an affidavit that the amount of such grain, seed or hay as stated by him is true and correct. [1893]

Sec. 66-258. Penalty for neglect to put in car scales.

Any railway company neglecting for six months after the taking effect of this act [Secs. 66-250—66-260] to put in the car scales heretofore provided for shall be liable to a penalty of one hundred dollars (\$100) per day for each station at which such neglect occurs, until the same is put in as herein provided. [1893]

Sec. 66-259. Penalty for failure to give bill of lading.

Any railway company neglecting or refusing to give any person entitled thereto a bill of lading, as required by either sections 6 [66-255] or 8 [66-257] of this act [Secs. 66-250—66-260], shall be liable to a fine of one hundred dollars (\$100) for each and every refusal, to be recovered in an action brought in the name of the state, in any court of competent jurisdiction, and shall also be liable to the party injured by such refusal for all damages sustained thereby, together with a reasonable attorney's fee, to be recovered by an action in any court of competent jurisdiction; * * *. [1893]

General Statutes Annotated 1935, Ch. 66, Art. 2—
Railroad Track Scales—Continued.

Sec. 66-260. Card giving weight of grain in car.

That every shipper of grain from any point in the state of Kansas shall fasten upon the inside of each car shipped by him a card giving car number, initial, date of shipment, and the exact weight of grain in such car as claimed by shipper. If he fails so to do, the official weight shall be prima facie evidence of the quantity of grain shipped in the car. [1923]

Sec. 66-279. Scales at stations for livestock.

It shall be the duty of every railway company or corporation owning or operating a line of railway in this state, to construct and maintain scales for the weighing of livestock at all stations where livestock is received for shipment: *Provided*, This act [Sec. 66-279] shall not apply to stations receiving for shipment less than fifty cars of livestock per annum for the two years last past. [1913]

Sec. 66-2,114. Weighing coal cars.

That each and every railway company operating a railway wholly or partly within this state shall weigh each and every car of coal intended for shipment over their line before and after being loaded. [1905]

Sec. 66-2,115. Manner and time of weighing cars.

The empty car or cars to be loaded shall be detached from the engine and other cars and weighed within twenty-four hours before loading, and after the said car is loaded it shall be detached from the engine and other cars and weighed within forty-eight hours after being loaded. [1905]

Sec. 66-2,116. Certificate of weight.

A certificate of the weights of each car so weighed, showing the date of weighing said car empty and the weight of same, and the date of weighing said car loaded and the weight of same, and the net weight and number of the said car, shall be issued by the weighmaster and attached to the waybill covering the said shipment. At the destination this certificate shall be attached to the freight expense bill and shall become a part of the same, and shall be delivered to the consignee on the payment of all the freight charges. [1905]

Sec. 66-2,117. Weighmaster: Oath and bond; penalty.

A competent weighmaster shall be employed by said railway companies, and said weighmaster shall subscribe an oath or affirmation before an authorized officer and give good and sufficient bond in the sum of one thousand dollars to his employer that he will perform his duties in accordance with this act [Secs. 66-2,114—66-2,118] in every particular; and any weighmaster or person so employed under this act who shall violate any of the provisions of this act shall be deemed guilty of a misdemeanor,

and upon conviction thereof shall be punished by a fine of not less than one hundred nor more than five hundred dollars for each offense, or by imprisonment in the county jail not exceeding six months, or by both said fine and imprisonment. [1905]

Sec. 66-2,118. Penalty for failure to weigh coal.

Any railway company neglecting to weigh coal as provided by this act [Secs. 66-2,114—66-2,118] shall be liable to a fine of one hundred dollars for each and every car not so weighed, to be recovered in an action brought in the name of the state in any court of competent jurisdiction. [1905]

1947 Supplement to General Statutes Annotated
1935, Ch. 74, Art. 5—Receptacles for Farm Products.

Sec. 74-531. Standards to be promulgated by board.

The state board of agriculture hereinafter referred to as "the board" may * * * make and promulgate standards, both for receptacles and for the grade and classifications of agricultural products, by which their identity, quantity, quality, and value may be determined, and recommend the same for voluntary use by producers, distributors, vendors and others as the standards, grades, or classifications to be adopted for the marketing of same. Such standards, grades or classifications shall not be lower in their requirements than the minimum requirements of the official standards for corresponding standards, grades, and classifications commonly known as United States grades promulgated from time to time by the secretary of agriculture of the United States. Such rules and regulations shall be duly promulgated and filed as required by law. [1947]

Laws 1949, Ch. 242, Art. 2—"Kansas Liquor Control Act."

Sec. 16. Rules and regulations for fixing form, capacity and marking of packages.

The rules and regulations established by the director [state director of alcoholic beverage control], among other things, shall include regulations: (1) Fixing and determining the nature, form and capacity of all containers used for alcoholic liquors; (2) determining the nature of and the representations to be shown upon the labels attached to the containers: *Provided*, That the director shall require that the labels attached to all original containers or packages of alcoholic liquors sold or offered for sale in this state shall set forth in plain and legible print in the English language the quantity of such liquors in full gallons, quarts, pints or half-pints, exclusive of the package or cask containing it or in fractions or multiples thereof: *Provided further*, That no original package of alcoholic liquor sold or offered for sale in the original package in this state shall contain less than one-half pint; * * * [1949]

General Statutes Annotated 1935, Ch. 21, Art. 11—
False Advertising.

Sec. 21-1112. Unlawful acts; penalty.

That any person, firm, corporation or association, who, with intent to sell or in any wise dispose of any merchandise, securities, service or anything offered by such person, firm, corporation or association, directly or indirectly, to the public for sale or distribution, or with intent to increase the sale or consumption thereof, or to induce the public or any person in any manner to enter into any obligation relating thereto, or to acquire title to or an interest therein; who makes, publishes, disseminates, circulates or places before the public, or causes the same to be done, either directly or indirectly, in this state, whether by newspaper publication or otherwise, as herein provided, any label, notice, handbill, poster, bill, circular, pamphlet, or letter, or in any other way, any advertisement of any kind or character regarding merchandise, securities, service, or any other

thing or commodity offered to the public, which advertisement contains any assertion, representation or statement which is in fact untrue, deceptive or misleading, shall be deemed guilty of a misdemeanor and, upon conviction in any court of competent jurisdiction, shall be punished by a fine in any sum not exceeding five hundred dollars, or by imprisonment in the county jail not exceeding one year, or by both such fine and imprisonment for every such offense, and each day such publication or communication shall be published or disseminated shall constitute a violation of the provisions of this act [Secs. 21-1112—21-1114] and shall be deemed a separate and distinct offense: *Provided, also,* That the provisions of this act shall not apply to the publisher of any newspaper or other publication, who publishes or causes to be published, disseminated or circulated any written or printed statement prohibited by the provisions of this act, without knowledge that it is false. Sec. 363.050. Barrel for Irish potatoes.

One hundred and sixty net pounds of Irish potatoes shall constitute a merchantable barrel. [1869-70]

Sec. 363.060. Wheat: Standard apparatus for determining test weight per bushel.

(1) Any person buying wheat by grade shall follow the following procedure and use the following standard apparatus for determining the test weight per bushel:

(a) Use an accurate quart or one-half gallon size weight-per-bushel testing apparatus, the kettle of which must have a capacity of exactly 67.2 and 134.4 cubic inches respectively.

(b) A round hopper shall be above the quart or one-half gallon size kettle and the opening at the bottom shall be exactly 1¼ inches in diameter.

(c) The bottom of the hopper must be held exactly 2 inches above the center of the kettle.

(d) A stroker made of hard wood, with smooth

rounded edges, 12 inches long, $\frac{3}{8}$ inches thick, and $1\frac{3}{8}$ inches broad must be used.

(e) A beam shall be used which is both accurately graduated and sensitive.

(f) The kettle shall be filled from the hopper.

(g) After the kettle is full the stroker shall be placed on the edge of the kettle lightly and sides held in a vertical position.

(h) The grain above the edge of the kettle shall be removed with three full-length zigzag motions of the stroker.

(i) The kettle shall rest on a firm base.

(j) The test must be made immediately after the sample has been brought to the inspection room, office or laboratory.

(k) The grain tester shall be tested annually for accuracy of kettle capacity, accuracy of beam readings, and sensitiveness of beam.

(2) This section does not apply to transactions in which the grain is inspected or graded under the United States Grain Standard Act. [1906; last amended 1948.]

Sec. 363.070. Wheat flour, standard measures of; labeling of packages.

(1) The standard measures of wheat flour are packages containing net weights of two, six, twelve, twenty-four, forty-eight, ninety-six and one hundred and ninety-six pounds.

(2) Each package shall have its net weight and the name and address of the manufacturer plainly printed or marked on it in letters and figures not less than one-half inch in height.

(3) No person shall pack for sale, sell or offer for sale in this state any wheat flour except in bags or packages containing the standard measures provided in subsection (1).

(4) The provisions of this section do not apply to the retailing of flour direct to the consumer from bulk stock or to the bakery trade, or to the exchange of wheat for flour by mills grinding for toll, or to any wheat product packed and distributed as a specialty in an identified original package having a net contents of five pounds or less. [1934]

[ED. NOTE.—In Kentucky Revised Statutes 1946, following the foregoing section, it is stated: "NOTE: By 1944, c. 158, KRS 363.070 was amended, but the amendment does not take effect until six months after the expiration of the National Emergency. The text of the section as amended is as follows:

"(1) The standard measure of wheat flour shall be containers of net avoirdupois weights of two, five, ten, twenty-five, fifty and one hundred pounds. The term "wheat flour" as used herein means plain wheat flour, self-rising wheat flour, phosphated wheat flour, bromated wheat flour, enriched wheat flour, enriched self-rising wheat flour and enriched phosphated wheat flour as defined in the standards of identity promulgated by the Federal Security Agency under date of May 26, 1941 (Volume 6, Federal Register, pages 2574 to 2582, inclusive) or as they may be amended.

"(2) Each container shall have its net weight, and the name and address of the actual manufacturer printed or plainly marked on it in letters and figures clearly legible.

"(3) No person shall pack for sale, sell or offer for sale in Kentucky any wheat flour except in containers of the above standard net weights and above described labeling provisions.

"(4) The provisions of this section do not apply to the retailing of flour direct from the manufacturer to the consumer, nor to the sale of flour to the bakery trade, nor to the exchanging of wheat for flour, nor to flour packed in cartons the net contents of which are five pounds or less."]

Sec. 363.080. Corn meal, grits, hominy and corn flour: Standard packages; marking requirements.

(1) The standard weight for corn meal, grits, hominy and corn flour is one hundred pounds, and the standard measures are packages containing net weights of one, two, three, four, five, ten, twenty-five, fifty and one hundred pounds, and multiples of one hundred pounds.

(2) Each bag or package shall have plainly printed or marked on it the true net weight of its contents, in pounds and ounces.

(3) No person shall pack for sale, sell or offer for sale in this state any corn meal, grits, hominy or corn flour except in bags or packages containing the standard measures provided in subsection (1).

(4) The provisions of this section do not apply to the retailing of meal direct to the consumer from bulk stock, or to the exchange of corn for meal by mills grinding for toll, or to any cereal product packed and distributed as a specialty in an identified original package having a net contents of less than five pounds. [1920]

Sec. 363.090. Coal: Unscreened not to be sold for screened.

No person shall sell unscreened coal for screened coal. [1869-70]

Sec. 363.100. Millers: Regulations and tolls.

(1) Every owner or operator of a mill grinding meal, flour, bread stuff, feed or similar products shall keep therein and use sealed half-bushel and peck measures and a sealed toll dish, and shall measure all grain by strike measure or weight.

(2) Every miller shall, in due time and in the order received, well and sufficiently grind or manufacture the grain brought to his mill, giving preference only to what is necessary for the use of his own family. No miller shall take or demand for toll more than one-eighth of all grain ground, manufactured or exchanged in his mill, if it is a water mill, or more than one-seventh of such grain if it is a power mill not operated by water. [1893]

Sec. 363.110. Definition of terms used in KRS 363.120 to 363.140.

(1) The term "petroleum products" as used in KRS 363.120 to 363.140 shall mean gasoline, kerosene, and lubricating oils.

(2) The term "commissioner" shall mean the Commissioner of Agriculture, Labor and Statistics. [1942]

Revised Statutes 1946, Title XXIX, Ch. 363—Weights and Measures—Continued.

Sec. 363.120. Tolerances allowed on pumps dispensing gasoline or kerosene.

The tolerances to be allowed in excess or deficiency on all pumps dispensing gasoline or kerosene shall be the values shown in the following table. Provided, however, that the tolerances on all new measuring pumps dispensing gasoline or kerosene shall be one-half of the values given; and provided further, that such reduced tolerances shall also be applied to all devices which are being re-tested after having been found inaccurate and subsequently adjusted or repaired.

DELIVERY Gallons	TOLERANCE Cubic Inches
1	3
2	4
3	5
4	6
5	7

For each additional gallon, add one cubic inch. [1942]

Sec. 363.130. Testing and sealing of pumps and measuring devices used in dispensing gasoline, kerosene and lubricating oils; adjustments.

(1) The commissioner or his agents shall test, from time to time the pumps dispensing gasoline or kerosene and all measuring devices used in dispensing lubricating oils. All pumps found to be giving accurate measure, as defined in KRS 363.120, may be officially sealed in a way that the adjusting device cannot be altered without breaking the seal. The proprietor of any pump that is found to be measuring inaccurately shall be instructed by the agent of the Commissioner to make immediate adjustment of such pump so that it is accurate. After the adjustments have been made, the device may be officially sealed in the same manner as provided for sealing devices found originally accurate. It shall be unlawful for a pump or measuring device found to be measuring inaccurately to be used for vending until such time as the pump or measuring device has been adjusted to where it gives accurate measure.

(2) It shall be unlawful for any person to break a seal applied by the commissioner or his agents without first securing the consent of the commissioner or one of his agents, except where a pump is found to be measuring inaccurately a qualified pump mechanic may be called to adjust the pump, in which event the commissioner shall be notified in writing immediately. [1942]

Sec. 363.140. Powers of cities not affected.

KRS 363.120 and 363.130 do not prohibit cities from enforcing ordinances regulating weights and measures, heretofore or hereafter enacted, not in conflict with KRS 363.120 and 363.130 or the regulations of the Department of Agriculture, Labor

and Statistics, nor from employing city sealers of weights and measures. [1942]

Sec. 363.150. Periodic inspection of weighing and measuring devices at stockyards, tobacco warehouses and grain warehouses; notice of inaccuracy; correction of defects.

(1) The Department of Agriculture, Labor and Statistics shall semi-monthly or oftener inspect the weights, measures, weighing devices and measuring devices of all tobacco warehouses, grain warehouses and public stockyards during the period that such warehouses and stockyards are open for the receipt, storage and sale of tobacco, grain and livestock and shall stamp those weights, measures, weighing devices and measuring devices with a mark that shall be placed in a conspicuous position on the device inspected, with the date of such inspection.

(2) In the event the weights, measures, weighing devices and measuring devices are found inaccurate or defective notice shall be given to the owner thereof and the person in possession to cease using the same until the defective condition has been corrected and the same shall not be again used until the department has been given notice of the correction of said condition and has had full opportunity to inspect the same.

(3) Nothing in this section shall apply to scales under Federal inspection. [1944]

Sec. 363.160. Department of Agriculture to assign inspectors for duties under KRS 363.150.

The Department of Agriculture, Labor and Statistics is hereby directed to assign sufficient of its inspectors employed under the provisions of KRS 248.300¹ to discharge the duties imposed upon the department by KRS 363.150. [1944]

¹ See page 381.

Sec. 363.990. Penalties.

(1) Any person who violates any of the provisions of KRS 363.050 shall be fined not less than ten nor more than one hundred dollars, and also may be imprisoned for not more than six months.

(2) Any person who violates any of the provisions of KRS 363.070 or 363.080 shall be fined not less than twenty-five nor more than five hundred dollars for each offense.

(3) Any person who sells as a hundred-weight or a ton of hemp less than that amount shall be fined not less than one hundred nor more than five hundred dollars for each offense.

(4) Any person violating KRS 363.090 shall be fined not less than five nor more than twenty dollars.

(5) Any person who violates any of the provisions of subsection (1) of KRS 363.100 shall for each offense be fined five dollars, for the use of the school district in which the mill is located.

(6) Any person who violates any of the provisions of subsection (2) of KRS 363.100 as to the time, order or quality of grinding or manufacturing, or the amount of toll, shall for each offense forfeit to

the party injured ten dollars, recoverable before a justice of the peace.

(7) Any person, firm, or corporation who shall knowingly violate any of the provisions of KRS 363.120 to 363.140 shall be guilty of a misdemeanor and subject to a fine of not less than twenty-five dollars nor more than two hundred dollars for each offense.

(8) Any tobacco or grain warehouse or public stockyards or agent, manager, corporation or organization that violates any of the provisions of KRS 363.150 shall be fined not less than one hundred dollars nor more than five hundred dollars, and if a corporation it shall forfeit all corporate rights and privileges.

(9) Any public officer, agent or employee who fails to discharge the duties imposed by KRS 363.150 and 363.160 shall be fined not less than fifty dollars nor more than five hundred dollars. [1944]

Revised Statutes 1946, Title IX, Ch. 83—Cities of the First Class.

Sec. 83.170. Supervision of weights and measures.

(1) The department of public safety shall be under the supervision and direction of a director of safety, and shall have exclusive control, under the city ordinances, of all matters relating to * * * the inspection of weights and measures, * * *. [1893]

Sec. 83.310. Protection against defective weights and measures.

The board of aldermen of each city of the first class shall, by ordinance, provide suitable penalties for the punishment of persons who knowingly use defective or imperfect weights or measures, and may provide for employees, to be appointed by and be under the supervision of the mayor or the director of safety, to enforce the ordinance. The employees shall be paid by the city and no fees shall be charged for their services. [1893]

Revised Statutes 1946, Title IX, Ch. 84—Cities of the Second Class.

Sec. 84.200. Scales; weights and measures; inspection and regulation.

(1) The general council may, by ordinance:
(a) Establish and regulate the standard of weights and measures to be used in the city, and provide for the inspection of all weights and measures;

(b) Establish, license, tax and regulate public scales, regulate the charges for their use, and compel dealers in coal to weigh their coal on public scales;

(c) Provide for the inspection and measurement of lumber and building material;

(d) Provide for the inspection of foods, poultry, meal, lard and other provisions; oil, coal oil, naphtha, benzine and other burning fluids; molasses,

syrops, turpentine, vinegar and spirituous, vinous or malt liquors;

(e) Provide for the inspection and weighing or measuring of hay and fuel;

(f) Provide for regulating the weight and quality of bread;

* * * * *

(2) No article listed in subsection (1) of this section that is to be shipped beyond the city limits shall be inspected except at the request of its owner. [1894]

Revised Statutes 1946, Title IX, Ch. 85—Cities of the Third Class.

Sec. 85.160. Weights and measures; inspection and regulation.

The common council may, by ordinance:

(1) Establish standard weights and measures to be used in the city;

(2) Provide for the inspection and measuring of lumber and other building materials;

(3) Provide for the inspection and weighing or measuring of stone, fuel, hay, corn, grain and produce of all kinds;

(4) Provide for and regulate the inspection of beef, pork, flour, meal, milk, butter, lard and other provisions, oil and spirits; [1893]

* * * * *

Revised Statutes 1946, Title IX, Ch. 86—Cities of the Fourth Class.

Sec. 86.130. Weights and measures; inspection and regulation.

The city council may, within the city:

(1) Erect and keep in repair accurate public scales, appoint public weighers to attend to them, and fix fees and compensation for the services of the weighers;

(2) Establish standard weights and measures, and regulate the weights and measures to be used in the city in all cases where they are not provided for by law;

(3) Enact ordinances requiring all coal sold for delivery in or out of the city to be weighed by the public weigher;

(4) Enact ordinances requiring all illuminating oils sold in the city to be inspected by the public inspector;

(5) Provide for and regulate the inspection of butter, lard and other provisions;

(6) Regulate the vending of all articles of food for consumption within the city limits. [1893]

Revised Statutes 1946, Title IX, Ch. 87—Cities of the Fifth Class.

Sec. 87.170. Appointment and term of city weigher.

Sec. 88.180. Appointment and term of town weigher.

* * * * *

(3) The board of trustees may appoint * * * a town weigher * * * who shall hold office for two years, but may be removed at the pleasure of the board of trustees. [1893]

Revised Statutes 1946, Title XVIII, Ch. 217—Food.

Sec. 217.010. Definition.

(1) As used in KRS 217.020 to 217.180, unless the context otherwise requires:

(a) "Food" means every article used for or entering into the composition of food or drink for man or domestic animals, including all liquors.

* * * * *

(d) The term "department" means the Department of Health. [1944]

Sec. 217.030. When deemed misbranded.

For the purposes of KRS 217.060 to 217.180, an article of food shall be deemed misbranded:

* * * * *

(4) If it is misrepresented as to weight or measure; * * *. [1918]

Sec. 217.060. Manufacture or sale of misbranded food prohibited.

(1) No person in this state shall manufacture for sale, produce for sale, expose for sale, have in his possession for sale or sell any article of food or drug that is adulterated or misbranded.

(2) No article of food or drug shall be deemed misbranded or adulterated when intended for shipment to any other state or country, if the article is not adulterated or misbranded as determined by the laws of the United States, but if the article is in fact sold or offered for sale for domestic use or consumption within this state this proviso shall afford no immunity. [1918]

* * * * *

Sec. 217.110. Inspectors; right of entry.

(1) The State Board of Health may appoint such agents or inspectors as it deems necessary, who shall have free access at all reasonable hours to any place where any food or drug product is being produced, manufactured, prepared, kept, offered for sale or dispensed, for the purpose of determining whether the provisions of KRS 217.010 to 217.180 are being violated. Upon tendering the market price, any

such agent or inspector may take from any person a sample of any article desired for examination. [1918]

* * * * *

Sec. 217.160. Guaranty protection.

In all prosecutions under KRS 217.010 to 217.180, the courts shall admit as evidence a guaranty made to the holder of the guaranty by any manufacturer or wholesaler residing in this state, to the effect that the product complained of is not adulterated or misbranded within the provisions of KRS 217.010 to 217.180. Such guaranty, properly signed by and containing the full name and address of the wholesaler, jobber, manufacturer or other person residing in this state from whom the holder of the guaranty has purchased the article complained of, shall, in the absence of any proof that the article complained of was adulterated or misbranded after it was received by the holder of the guaranty, be a bar to prosecution of the holder of the guaranty. [1918]

Sec. 217.990. Penalty for manufacture and sale of misbranded food.

(1) Any person who violates any of the provisions of subsection (1) of KRS 217.060 shall be fined not less than ten dollars nor more than one hundred dollars, or imprisoned for not more than fifty days, or both. [1918]

* * * * *

Revised Statutes 1946, Title XVIII, Ch. 218—Narcotic Drugs.

Sec. 218.100. Marking requirements.

(1) Whenever a manufacturer sells or dispenses a narcotic drug, and whenever a wholesaler sells or dispenses a narcotic drug in a package prepared by him, he shall securely affix to each package in which that drug is contained a label showing in legible English the name and address of the vendor and the quantity, kind, and form of narcotic drug contained therein. * * * [1934]

Sec. 218.190. Enforcement.

It is hereby made the duty of the State Board of Health, its officers, agents, inspectors, and representatives, and of all peace officers within the state, and of all county attorneys, to enforce all provisions of this chapter [Secs. 218.010–218.250], except those specifically delegated, and to cooperate with all agencies charged with the enforcement of the laws of the United States, of this state, and of all other states, relating to narcotic drugs. [1934]

Sec. 218.210. Penalty for violations.

Any person violating any provision of this chapter [Secs. 218.010–218.250] shall upon conviction be punished for the first offense by a fine not exceeding one thousand dollars, or by imprisonment for not exceeding three years, or both such fine and imprisonment, and for any subsequent offense, by a fine not exceeding five thousand dollars, or by

imprisonment in the penitentiary for not exceeding ten years, or by both such fine and imprisonment. [1934]

Revised Statutes 1946, Title XX, Ch. 244—Alcoholic Beverages.

Sec. 244.230. Marking requirements.

(1) The regulations of the Bureau of Internal Revenue in the United States Department of the Treasury¹, as they are now or may be hereafter, with respect to the labeling of distilled spirits and wine, are adopted and any distilled spirits and wine shall be deemed to be properly labeled under all the laws of this state, if the labels conform to those regulations.

(2) Distilled spirits not produced or bottled in the United States shall be labeled in the same manner that distilled spirits produced or bottled in this state are required to be labeled.

(3) Subsections (1) and (2) shall not prevent the department [of Alcoholic Beverage Control] from promulgating regulations on this subject that are in addition to but not contrary to the regulations of the Bureau of Internal Revenue in the United States Department of the Treasury. [1938]

¹ See Code of Federal Regulations 1949 Edition, Title 27, Secs. 4.37 and 5.37 at pages 500 and 520, respectively, which relate to the net content marking of wine and distilled spirits.

For misbranding of alcoholic beverages, see KRS 217.010, 217.030, 217.060, page 380.

Sec. 244.990. General penalty.

(1) Any person who, by himself or acting through another, directly or indirectly, violates any of the provisions of this chapter [Secs. 244.010—244.990] for which no other penalty is provided, except KRS 244.380 to 244.470, shall, for the first offense, be fined not less than one hundred nor more than two hundred dollars or imprisoned in the county jail or workhouse for not more than six months, or both; and for the second and each subsequent violation, he shall be fined not less than two hundred nor more than five hundred dollars or imprisoned in the county jail or workhouse for not more than six months, or both. * * * [1938]

Revised Statutes 1946, Title XXI, Ch. 248—Tobacco Warehouses.

Sec. 248.280. Weighing.

(1) Any person engaged in the business of warehouseman for the purpose of receiving, grading, handling, prizing and storing tobacco, shall, upon the receipt of tobacco, have competent persons to grade it into distinct and proper grades and weigh it. He shall give a warehouse receipt for the tobacco to the owner or consignor, setting forth each grade and the number of pounds. [1940]

* * * * *

Sec. 248.300. Enforcement.

(1) The department [of Agriculture, Labor and Statistics] shall administer KRS 248.290 to 248.440 and shall have general supervision over the sale of tobacco in warehouses throughout the state.

(2) The commissioner shall employ such inspectors and other employees as are necessary for the enforcement of KRS 248.290 to 248.440 and fix the duties and compensation of those employees. [1940]

Sec. 248.310. Duties of inspectors; inspecting and sealing of weights and measures.

(1) The inspectors employed under KRS 248.300 shall carry out a general inspection service of all warehouses and shall strictly enforce KRS 248.280 to 248.440.

(2) The inspectors employed by the department shall inspect the weights, measures, weighing devices and measuring devices of all tobacco warehouses and shall stamp those weights, measures, weighing devices and measuring devices with a mark which shall be placed in a conspicuous position on the device inspected. The stamp shall certify that the device has been inspected by an agent of the department, that the device has been found to comply strictly with the laws of this state and of the United States and is in every sense exactly what it purports to be.

(3) An inspector employed by the department may reweigh any tobacco at any warehouse at any time that the inspector is reasonably certain that the tobacco has been improperly weighed. [1940]

Sec. 248.390. Maximum height and weight of baskets of tobacco.

A basket of tobacco when placed on a warehouse floor for the purpose of sale shall not exceed five feet in height and shall contain not more than seven hundred pounds of tobacco. [1940]

Sec. 248.410. Weighmen must be bonded.

(1) Warehouses shall submit to the department [of Agriculture, Labor and Statistics] a list of the names of all weighmen employed. Each weighman so listed shall furnish a bond in the amount of five hundred dollars to the department for the faithful performance of his duty. Should any weighman knowingly and willfully, for the purpose of misleading the public, misrepresent or attempt to misrepresent the weight of any tobacco weighed by him on the warehouse floor, his bond shall be forfeited and the proceeds of it paid into the State Treasury.

(2) No person other than a bonded weighman shall be permitted to weigh tobacco for the purpose of sale at any tobacco warehouse. [1940]

Sec. 248.420. Inducement of false report by weighman prohibited.

No warehouseman shall attempt by any means to influence a weighman to report falsely the weight

Revised Statutes 1946, Title XXI, Ch. 248—Tobacco
Warehouses—Continued.

of any tobacco sold on the floor of his warehouse.
[1940]

Sec. 248.990. Violations; penalties.

* * * * *

(8) Any person who violates any of the provisions of KRS * * * 248.390 * * * or willfully violates a regulation of the department, * * * shall be fined not less than one hundred dollars nor more than five hundred dollars or imprisoned for not more than three months, or both.

(9) Any person who violates any of the provisions of KRS 248.410 * * * shall be fined not less than five hundred dollars nor more than one thousand dollars. [1940]

Revised Statutes 1946, Title XXI, Ch. 250—Commercial Feeding Stuffs.

Sec. 250.010. Definition.

* * * * *

(4) "Concentrated commercial feeding stuff" includes linseed meals, corn and corn-cob meals, cocoanut meals, gluten feeds, gluten meals, germ feeds, corn feeds, starch feeds, sugar feeds, dried brewers' grains, malt sprouts, dried distillers' grains, dried beet refuse, hominy feeds, cerealine feeds, rice meals, rice bran, rice polish, peanut meals, oat feeds, corn and oat feeds, corn bran, wheat bran, wheat middlings, wheat shorts and other mill products, ground beef, fish scraps, mixed feeds, clover meal, alfalfa meal and feeds, pea-vine meal, cottonseed meal, velvet bean meal, feeds and meals mixed or unmixed, made from seeds or grains, and all materials of similar nature used for food for domestic animals, condimental feeds, poultry feeds, stock feeds, patented proprietary or trade and market stock and poultry feeds. [1906]

* * * * *

Sec. 250.260. Marking requirements; size of containers.

(1) Every container of concentrated commercial feeding stuff, manufactured, sold, offered or exposed for sale in or imported into this state, shall have a label securely attached to it. The label shall have plainly printed on it the number of net pounds of concentrated commercial feeding stuff in the container; * * *

(2) All concentrated commercial feeding stuffs shall be in standard weight containers of no other than fifty, one hundred, one hundred and fifty, or two hundred pounds each, or less than fifty pounds, or sold in bulk. [1906]

Sec. 250.350. Enforcement; rules and regulations.

The director [of the Agricultural Experiment Station] may adopt standards for concentrated commercial feeding stuffs and may make and enforce such regulations as he deems necessary to carry fully into effect the true intent and meaning of KRS 250.240 to 250.350. [1906]

Revised Statutes 1946, Title XXI, Ch. 250—Commercial Fertilizer.

Sec. 250.360. Prohibited sales.

No person shall sell, offer or expose for sale any fertilizer without having previously complied with the provisions of KRS 250.360 to 250.480. [1898]

Sec. 250.370. Container to be labeled.

Every quantity of commercial fertilizer, in any shape or form whatever, sold or offered for sale in this state, shall have attached to it in a conspicuous place a label as provided in KRS 250.400. [1898]

Sec. 250.390. Registration.

In each year, before any person shall sell, offer or expose for sale in this state any commercial fertilizer, he shall furnish to the director [of the Agricultural Experiment Station] a sealed quantity of not less than one pound of the commercial fertilizer, sufficient for analysis, accompanied by an affidavit that the sample so furnished is a fair and true sample of a commercial fertilizer which the person desires to sell in this state. The affidavit shall also state * * * the number of net pounds in each container * * *, in such form and manner as the director prescribes. [1898]

Sec. 250.400. Director to furnish labels.

The director [of the Agricultural Experiment Station], upon receipt of the affidavit and sample provided for in KRS 250.390 and upon receipt of the fees provided for in KRS 250.410, shall issue a sufficient number of labels to label not less than twenty tons of the fertilizer. In the label shall be printed the name and address of the manufacturer, the name of the fertilizer, the number of net pounds in each package, * * * [1898]

Sec. 250.480. Enforcement; rules and regulations.

The director [of the Agricultural Experiment Station] shall enforce the provisions of KRS 250.360 to 250.480 and make and enforce such regulations as he deems necessary to carry fully into effect the true intent and meaning of those sections. [1898]

Sec. 250.990. Penalty for violations.

* * * * *

(2) Any person who violates any of the provisions of KRS * * * 250.360 * * * shall be fined not less than one hundred dollars, nor more than five hundred dollars. [1898]

* * * * *

Revised Statutes 1946, Title XXI, Ch. 260—Standard Apple Barrel.

Sec. 260.040. Enforcement; rules and regulations.

The commissioner [of Agriculture, Labor and Statistics] shall enforce KRS 260.040 to 260.120 under regulations adopted by him. [1916]

* * * * *

Sec. 260.070. Dimensions.

(1) The standard barrel for apples shall be of the following dimensions when measured without distention of its parts: length of stave, $28\frac{1}{2}$ inches; diameter of head, $17\frac{1}{8}$ inches; distance between heads, 26 inches; circumference of bulge, 64 inches outside measurement, representing as nearly as possible 7,056 cubic inches.

(2) Steel barrels containing the interior dimensions provided for in this section shall be construed as a compliance. [1916]

Sec. 260.990. Penalty for violations.

(1) Any person who knowingly violates any of the provisions of KRS 260.040 to 260.120 shall, for the first offense, be fined not less than ten dollars, nor more than twenty-five dollars; for the second offense, he shall be fined not less than twenty-five dollars, nor more than fifty dollars; and for the third and each subsequent offense, he shall be fined not less than fifty dollars nor more than two hundred dollars. Whenever a violation is with respect to a lot or shipment consisting of fifty or more closed packages, there may be imposed in addition to the above penalties twenty-five cents for the first offense, fifty cents for the second offense and one dollar for each subsequent offense for each package in excess of fifty with respect to which the violation is committed. [1916]

* * * * *

Revised Statutes 1946, Title XXI, Ch. 260—Milk and Cream.

Sec. 260.200. Fraudulent manipulation of weights and unfair sampling prohibited.

No person receiving milk or cream by weight or test or by weight and test shall fraudulently manipulate the weights of milk or cream of any patron, take unfair samples or fraudulently manipulate samples. The person weighing the milk or cream shall weigh it accurately and shall report such weights correctly to the factory. He shall thoroughly mix the milk or cream of each patron by pouring and stirring until the milk or cream is uniform and homogeneous in richness, before the sample is taken from the milk or cream. [1918]

Sec. 260.210. Falsifying Babcock tests prohibited.

No person buying and paying for milk or cream on the basis of the amount of fat contained in the milk or cream, shall under-read, over-read or other-

wise fraudulently manipulate the Babcock test or falsify the record of the test, read the test at any temperature except at from 135 to 140 degrees F. or pay on the basis of any measurement or weight except at 17.6 cubic centimeters for milk and 9 grams for cream. In all tests the cream shall be weighed into the test bottles. [1918]

Sec. 260.220. Standard and approved testing apparatus required; inspection fee.

(1) Every person buying and paying for milk or cream on the basis of amount of butterfat contained in the milk or cream, as determined by the Babcock test, shall use standard Babcock test bottles, pipettes and weights and accurate scales, as defined in KRS 260.230 to 260.260. All Babcock test bottles, pipettes and weights shall be inspected for accuracy by the experiment station and shall be legibly and indelibly marked by the experiment station with the letters "S.G.K." (standard glassware, Kentucky). No bottle, pipette or weight shall be used for the test unless so examined and marked by the experiment station. No person shall use any other than standard test bottles, pipettes and weights which have been examined and marked as provided in this section, to determine the amount of fat in the milk or cream bought and paid for on the butterfat basis.

(2) A fee of three cents for each piece of glassware inspected by the experiment station shall be paid by the owner of the glassware to the experiment station. [1918]

Sec. 260.230. Standard milk test bottles.

The specifications of standard milk test bottles used in Babcock tests shall be as follows:

(1) The total percent graduation shall be 8. The graduated portion of the neck shall have a length of not less than 63.5 millimeters ($2\frac{1}{2}$ inches). The graduation shall represent 1%, .5% and .1%. The .1% graduations shall not be less than 3 millimeters in length, the .5% graduation shall be 1 millimeter longer than the .1% graduation, projecting 1 millimeter to the left; and the 1% graduation shall extend at least one-half way around the neck to the right and projecting 2 millimeters to the left of the .1% graduations. Each percent graduation shall be numbered, the number being placed on the left of the scale. The error at any point of the scale shall not exceed 1%.

(2) The neck shall be cylindrical. The cylindrical shape shall extend for at least 9 millimeters below the lowest and above the highest graduation mark. The top of the neck shall be flared to a diameter of not less than 10 millimeters.

(3) The capacity of the bulb up to the junction of the neck shall not be less than 45 cubic centimeters. The shape of the bulb may be either cylindrical or conical with the smaller diameter at the bottom. If the shape is cylindrical, the outside

Revised Statutes 1946, Title XXI, Ch. 260—Milk and Cream—Continued.

diameter shall be between 34 and 36 millimeters; if the shape is conical, the outside diameter of the base shall be between 31 and 33 millimeters, and the maximum diameter between 35 and 37 millimeters.

(4) The charge of the bottle shall be 18 grams.

(5) The total height of the bottle shall be between 150 and 165 millimeters ($5\frac{7}{8}$ and $6\frac{1}{2}$ inches). [1918]

Sec. 260.240. Standard cream test bottles.

Two types of bottles shall be accepted as standard cream test bottles for purposes of the Babcock test: namely, a 50%, 9 gram short-neck bottle and a 50%, 9 gram long-neck bottle.

(1) The 50%, 9 gram short-neck bottles shall have the following specifications:

(a) The total percent graduation shall be 50. The graduated portion of the neck shall have a length of not less than 63.5 millimeters ($2\frac{1}{2}$ inches). The graduation shall represent 5%, 1% and .5%. The 5% graduation shall extend at least half way around the neck to the right. The .5% graduation shall be at least 3 millimeters in length and the 1% graduation shall have a length intermediate between the 5% and .5% graduations. Each 5% graduation shall be numbered, the number being placed on the left of the scale. The error at any point of the scale shall not exceed .5%.

(b) The neck shall be cylindrical and the cylindrical shape shall extend at least 9 millimeters below the lowest and 9 millimeters above the highest graduation mark. The top of the neck shall be flared to a diameter of not less than 10 millimeters.

(c) The capacity of the bulb up to the junction of the neck shall not be less than 45 cubic centimeters. The shape of the bulb may be either cylindrical or conical with the smaller diameter at the bottom. If the shape is cylindrical the outside diameter shall be between 34 and 36 millimeters; if the shape is conical, the outside diameter of the base shall be between 31 and 33 millimeters and the maximum diameter between 35 and 37 millimeters.

(d) The charge of the bottle shall be 9 grams. All bottles shall bear on top of the neck above the graduations, in plain, legible characters, the mark defining the weight charge to be used (9 grams).

(e) The total height of the bottle shall be between 150 and 165 millimeters ($5\frac{7}{8}$ and $6\frac{1}{2}$ inches).

(2) The 50%, 9 gram long-neck bottles shall have the same specifications in every detail as the 50%, 9 gram short-neck bottles, with the exception that the total height of this bottle shall be between 210 and 235 millimeters ($8\frac{1}{4}$ and $9\frac{1}{4}$ inches) and the total length of the graduation shall not be less than 120 millimeters. [1918]

Sec. 260.250. Standard pipette.

The standard pipette shall have a length of not more than 330 millimeters ($13\frac{1}{4}$ inches). The out-

side diameter of the suction tube shall be from 6 to 8 millimeters and the length of the suction tube 130 millimeters. The outside diameter of the delivery tube shall be from 4.5 to 5.5 millimeters, and the length of the delivery tube shall be from 100 to 120 millimeters. The distance of graduation mark above the bulb shall be from 30 to 60 millimeters. The nozzle shall be straight. Delivery shall be 17.6 cubic centimeters of water to 20 degrees C. in 5 to 8 seconds. [1918]

Sec. 260.260. Standard weight.

The standard weight shall be nine grams. [1918]

Sec. 260.990. Penalties.

* * * * *

(3) Any person buying or paying for milk or cream on the basis of the amount of butterfat contained in the milk or cream, who violates any of the provisions of KRS 260.170 to 260.270 shall, for the first offense, be fined one hundred dollars, and, for each subsequent offense, he shall be fined not less than one hundred dollars, nor more than one thousand dollars.

(4) Any employee of a person, buying and paying for milk or cream on the basis of the amount of butterfat it contains, who violates any of the provisions of KRS 260.170 to 260.270 shall be fined not less than twenty-five dollars, nor more than five hundred dollars, or be imprisoned in the county jail for not less than sixty days nor more than twelve months, or both. [1918]

Revised Statutes 1946, Title XXI, Ch. 261—Stockyards and Stockyard Whighmen.

Sec. 261.010. Definitions.

(1) As used in this chapter [Secs. 261.010—261.990], unless the context requires otherwise:

(a) "Commissioner" means Commissioner of Agriculture, Labor and Statistics;

(b) "Department" means the Department of Agriculture, Labor and Statistics; and

(c) "Stockyard" means livestock yard, market place, concentration point, packing plant or any other place where livestock is bought and sold, other than one which is posted and subject to regulation by the United States Secretary of Agriculture under the Packers and Stock Yards Act, 1921 (42 Stat. 159) as amended and regulations promulgated under those statutes by the Secretary of Agriculture.

(2) This chapter does not apply to private sales of livestock between two individuals. [1940]

Sec. 261.020. Enforcement; supervision of scales.

The department shall administer this chapter [Secs. 261.010—261.990] and have general supervision over all scales used by stockyards. [1940]

Sec. 261.060. Scales to be kept in good condition.

All stockyard scales shall be kept clean, well oiled and in good condition at all times. Each stockyard shall make frequent inspection of all scales for evidence of harm done to the scales. [1940]

Sec. 261.070. Inspectors.

The commissioner shall employ such inspectors and other employees as are necessary for the enforcement of this chapter [Secs. 261.010—261.990]. Their duties and compensation shall be fixed by the commissioner. [1940]

Sec. 261.080. Functions of inspector.

(1) Inspectors employed under KRS 261.070 shall inspect, as often as the department deems necessary, all scales in stockyards. Territory shall be assigned by the department to each inspector.

(2) An inspector may:

(a) Reweigh any livestock at any stockyard at any time that he sees fit;

(b) Inspect all scales in all stockyards and require the owner or operator of the scales to clean and oil them and make any necessary adjustments so that the scales shall operate properly at all times; and

(c) Order a technical inspector or scale tester to test the scales at the expense of the stockyard which owns the scales, if, upon inspection, the inspector is reasonably certain that the scales inspected are out of adjustment. [1940]

Sec. 261.090. Only bonded weighmen may weigh livestock.

(1) No person other than a weighman who has been bonded as provided in KRS 261.100, shall weigh livestock for the purpose of sale at any stockyard.

(2) Any owner or operator of any stockyard who employed bonded weighmen prior to June 12, 1940, and who by agreement with the department continues to employ those bonded weighmen shall be exempt from this section and KRS 261.100. [1940]

Sec. 261.100. Weighman to be bonded; forfeiture of bond.

Each weighman employed by a stockyard shall furnish a bond in the amount of one thousand dollars to the department for the faithful performance of his duty. If any stockyard weighman knowingly and willfully misrepresents or attempts to misrepresent the weight of any animal for the purpose of misleading the public, his bond shall be forfeited and the proceeds paid into the State Treasury to be credited to the General Fund. [1940]

Sec. 261.110. Stockyards to send lists of weighmen to department.

All stockyards employing weighmen shall forward to the department lists of all the weighmen employed. [1940]

Sec. 261.990. Penalty for violations.

(1) Any person who violates any of the provisions of KRS 261.090 to 261.110 or knowingly violates KRS 261.060 or any regulation of the department, * * * shall be fined not less than one hundred dollars nor more than five hundred dollars or imprisoned for not more than three months, or both.

* * * * *

(3) Any owner, lessee, manager, or operator of any stockyard who attempts by any means to influence any weighman to falsely report the weight of any animal shall be fined not less than five hundred dollars nor more than one thousand dollars. [1940]

Revised Statutes 1946, Title XXIV, Ch. 278—Public Utilities.

Sec. 278.210. Test and examination of meters; fees.

(1) The commission [Public Service Commission] may provide instruments for, and carry on, the examination and testing of any meter or appliance used to measure the product or service of any utility, and the examination and testing of any instrument used by a utility to test the accuracy of any meter or appliance used to measure its products or services.

(2) Any patron of a utility may, upon request and payment of the fees fixed by the commission, have a test made of the meter or appliance by which his use of the products or services of the utility is measured.

(3) The commission may establish reasonable fees for testing such meters and appliances at the request of a patron of a utility. If the appliance is found to be commercially defective or inaccurate to the extent of more than two percent to the disadvantage of the patron, the fees shall be repaid to the patron and paid by the utility. [1936]

Revised Statutes 1946, Title XXVIII, Chs. 351, 352—Coal Mine Scales.

Sec. 351.020. Enforcement.

(1) The Department of Mines and Minerals shall be headed by the Chief of the Department of Mines and Minerals.

(2) The department shall administer all laws of this state relating to mines. [1934]

Sec. 351.090. Inspectors of mine weights; appointment; oath; bond.

(1) The Governor shall appoint for a term of four years not more than twenty-five district mine inspectors, one of whom shall be designated as an electrical district mine inspector, and not more than eight inspectors of mine weights.

* * * * *

Revised Statutes 1946, Title XXVIII, Chs. 351, 352—
Coal Mine Scales—Continued.

(6) Each district mine inspector and inspector of mine weights shall take oath, which shall be certified by the officer administering it. The oath, in writing, and the certificate, shall be filed in the office of the Secretary of State.

(7) Each district mine inspector and inspector of mine weights shall give bond with surety approved by the Governor. [1934; last amended 1946.]

Sec. 351.180. Inspection of mine scales; fee.

(1) The inspectors of mine weights shall inspect and test all scales, except railroad scales, used in connection with any commercial coal mine in this state, and shall determine their mechanical condition and accuracy. Each coal operator or superintendent shall render such assistance to the inspector of mine weights as may be necessary in conveying and handling the weights and other appliances that are needed for the proper inspecting and testing of scales. The inspector of mine weights shall leave a written record with the mine operator or superintendent as to the condition of the scales inspected and shall post in the weight office a record of the inspection of the scales. If upon inspecting and testing any mine scale the inspector deems it necessary that the scale have any parts replaced, or that the scale be reconditioned or the foundation or building repaired or renewed, the operator or superintendent shall immediately comply with his recommendations.

(2) Each operator shall pay a fee of \$7.50 to the department for each mine scale inspection. [1934]

Sec. 352.520. Operator to furnish scales; inspection and testing.

(1) The operator or superintendent of each coal mine shall provide at the tippie or dumping point of the mine suitable and accurate scales for the weighing of coal for which the miners are to be paid, and when differences arise between the operator or superintendent of the mine and the miners as to the accuracy or capacity of the scales and such differences cannot be adjusted locally the question shall be referred to the Department of Mines and Minerals. The department shall inspect and test the scales as early as practicable after receiving notification. If the inspecting officer of the department finds the scales inaccurate or defective beyond the limit permitted by the department, he shall notify the operator or superintendent of the mine, and the scales shall immediately be repaired and made accurate or accurate scales substituted therefor. If the inspecting officer finds the scales to be weighing within the limits prescribed by the department, he shall so advise the operator, the superintendent and the representative of the miners in a

manner prescribed by the chief of the department.

(2) Where coal is loaded by mechanical means by the day or by the car, subsection (1) does not apply.

(3) No person shall tamper with any mine scale except to adjust the tare weights for the different types of mine cars and balance the scales. [1934]

Sec. 352.530. Check weighman.

(1) When a majority of the miners in any mine request the operator of the mine to allow the miners to employ at their own expense a check weighman to inspect the weights at the mine, and see that all coal mined is properly weighed and accounted for, and perform only such other duties as will insure that the coal is properly weighed and correctly accounted for, the operator shall permit a check weighman to be employed by the miners making the request, provided the person so employed has the reputation of being an honest, trustworthy, discreet, sober and upright man. The check weighman shall be an employee of the mine, unless no employee is a suitable person, in which case the miners may, by agreement with the operator, elect some other person who is suitable. No check weighman shall hold any other office or have any other duties than as check weighman. The check weighman shall be elected by a majority of the employees engaged in mining and loading coal and the election shall be properly conducted by secret ballot at the principal entrance to the mine. The election of each check weighman shall be approved by the county judge of the county, on presentation of an affidavit stating that the check weighman has been duly and properly elected in accordance with the provisions of this section.

(2) The check weighman shall have free access to the mine scales while the mine is in operation or the scales are being tested. No agent or employee of the operator shall hinder or prevent the check weighman in the performance of his duties in a proper manner, and no check weighman shall prevent the weighman or other employee of the operator from performing his duties in a proper manner.

(3) The operator or the superintendent shall see that cars are tared, in their usual running condition, at reasonable intervals. [1934]

Sec. 352.990. Penalty for violations by inspectors, etc., weighman or checkweighman.

* * * * *

(18) Any inspector of mine weights, coal operator, superintendent, agent, company weighman or check weighman who violates any of the provisions of KRS 352.520 or 352.530 shall be fined not less than twenty-five nor more than two hundred dollars. [1934]

Revised Statutes 1946, Title XXVIII, Ch. 354—Clay Mine Scales.

Sec. 354.010. Definitions.

(1) As used in KRS 354.010 to 354.470, unless the context requires otherwise:

* * * *

(b) "Commercial mine" means any clay mine from which the product is mined for sale or exchange.

(c) "Department" means the Department of Mines and Minerals.

* * * *

(3) The provisions of KRS 354.010 to 354.470 shall extend to commercial clay, but shall not apply to the mining of clay or other minerals which are mined from open pits or open mines. [1946]

Sec. 354.020. Enforcement.

KRS 354.010 to 354.470 shall be administered and enforced by the Department of Mines and Minerals. [1946]

Sec. 354.130. Inspection of mine scales; fee.

(1) The inspectors of mine weights shall inspect and test all scales, except railroad scales, used in connection with any commercial clay mine in this state, and shall determine their mechanical condition and accuracy. Each clay operator or superintendent shall render such assistance to the inspector of mine weights as may be necessary in conveying and handling the weights and other appliances that are needed for the proper inspecting and testing of scales. The inspector of mine weights shall leave a written record with the mine operator or superintendent as to the condition of the scales inspected and shall post in the weight office a record of the inspection of the scales. If, upon inspecting and testing any mine scale, the inspector deems it necessary that the scale have any parts replaced, or that the scale be reconditioned or the foundation or building repaired or renewed, the operator or superintendent shall immediately comply with his recommendations.

(2) Each operator shall pay a fee of \$7.50 to the department for each mine scale inspection. [1946]

Sec. 354.990. Penalty for violations.

* * * *

(2) Any person who violates any of the provisions of subsection (1) of KRS 354.130 shall be fined not less than twenty-five nor more than two hundred dollars. [1946]

Revised Statutes 1946, Title XXIX, Ch. 359—Grain Warehouses.

Sec. 359.070. Weigher for grain warehouses in city having board of trade; inspection standards and fees.

(1) The Commissioner of Agriculture, Labor and Statistics shall appoint an inspector, a weigher

and a registrar for the grain warehouses of each city containing grain warehouses and having a board of trade, and shall fix their duties, and the amount and kind of bond to be given by them.

(2) No person shall be appointed as such an inspector, weigher or registrar unless he is a citizen of Kentucky, is at least twenty-five years of age, has been for at least one year next preceding his appointment a resident of the city for which he is chosen, and is not a member of the city board of trade, or interested in any warehouse. Sec. 359.080. Weigher in county not having board of trade.

(1) In every county containing grain warehouses and not having a board of trade, the fiscal court shall appoint an inspector, a weigher and a registrar for the grain warehouses of the county. Each inspector, weigher or registrar shall be appointed for a term of two years and until his successor is appointed and has qualified. The inspector, the weigher and the registrar shall each file in the office of the county clerk a bond, with good sureties approved by the fiscal court, and conditioned for the faithful performance of their duties, and action may be brought on the bond by any person injured by a violation of its conditions.

(2) No person shall be appointed as such an inspector, weigher or registrar unless he is a citizen of Kentucky, is at least twenty-five years of age, has been for at least one year next preceding his appointment a resident of the county for which he is chosen, and is not interested in any warehouse.

* * * *

(4) The inspector, weigher and registrar shall inspect, weigh and register, respectively, all commodities stored in the grain warehouses, and the fiscal court shall fix the fees to be paid to them by the seller for their services. [1893]

Sec. 359.090. Breach of duty by weigher; improper influence.

(1) No inspector, weigher or registrar appointed under KRS 359.070 or 359.080 shall neglect his duty, or knowingly or carelessly inspect or grade any grain improperly, or accept any money or other consideration for any neglect of duty or for improperly performing any duty.

(2) No person shall improperly influence any such inspector, weigher or registrar in the performance of his duties. [1893]

Sec. 359.990. Penalty for improperly influencing weigher.

* * * *

(3) Any person who violates any of the provisions of sub-section (2) of KRS 359.090 shall be fined not less than one hundred dollars nor more than one thousand dollars, or imprisoned for not less than three nor more than twelve months, or both. [1893]

Revised Statutes 1946, Title XL, Ch. 434—False Advertising.

Sec. 434.270. Unlawful acts; penalty.

Any person who, directly or indirectly, displays or exhibits to the public in any manner, whether by handbill, placard, poster, picture, film or otherwise; inserts or causes to be inserted in any publication; issues, exhibits or in any way distributes or disseminates to the public; or delivers, exhibits, mails or sends to any other person any false or misleading statement, representation or advertisement, with intent to sell, barter or exchange any goods, wares or merchandise or anything of value; or to deceive or mislead any other person to purchase,

discount or in any way invest in or accept as collateral security any bonds, bill, share of stock, note, warehouse receipt or any security; or to make any loan upon or invest in any property of any kind; or uses any of such advertising methods with the purpose of deceiving or misleading any other person to employ, for a valuable consideration, the services of any person advertising such services, shall be fined not more than five hundred dollars, or be imprisoned for not more than sixty days, or both. If a corporation violates this section, it shall be fined not more than five hundred dollars, and its president, or other officers who are responsible for the management of the corporation, shall be imprisoned for not more than sixty days. Acts 1948, No. 95—Weights and Measures.

Sec. 1. State standards.

Be it enacted by the Legislature of Louisiana, That the weights and measures received from the United States under joint resolution of Congress approved June 14, 1836, and July 27, 1866, and/or such weights and measures in conformity therewith as shall be supplied by the State shall, when the same shall have been certified by the National Bureau of Standards, be the State standards of weights and measures. Such State standards shall be submitted at least once in ten years to the National Bureau of Standards for certification. Such copies of the State standards of weights and measures and such other weights, measures, and apparatus as may be necessary to carry out the provisions of this Act shall be supplied by the State. [1948]

Sec. 2. Commission of weights and measures: Membership; director and assistants.

That there is hereby created a Commission of Weights and Measures, to be composed of the Governor, the Collector of Revenue and the Commissioner of Agriculture and Immigration, which commission shall carry out the provisions of this Act; the Commission of Weights and Measures shall appoint a Director, inspectors of weights and meas-

ures and clerical assistants who shall comprise a Division of Weights and Measures in the Department of Agriculture and Immigration. The powers and duties given to and imposed upon the Commission of Weights and Measures by this Act are hereby given to and imposed upon its Director and inspectors also, when acting under its instructions and at its direction. [1948]

Sec. 3. Same: Power and authority; inspection and right of entrance; violation.

That the Commission of Weights and Measures hereinafter referred to as the Commission, shall have and keep a general supervision over the weights and measures and weighing and measuring devices offered for sale, sold, and in use in the State. When not otherwise provided by law, the Commission shall have the power to inspect, test, try, and ascertain if they are correct, all weights, measures, and weighing or measuring devices kept, offered, or exposed for sale; and it shall be its duty at least once each year and as much oftener as it may deem necessary to inspect, test, try, and ascertain if they are correct, all weights, measures, and weighing or measuring devices commercially used or employed in proving the size, quantity, extent, area or measurement of quantities, things, produce, or articles for distribution or consumption, pur-

chased or offered or submitted for sale, hire, or award, or in computing any charge for services rendered on the basis of weight or measure, or in determining weight or measure when a charge is made for such determination; and it shall have the power to and shall from time to time weigh or measure and inspect packages or amounts of commodities of whatsoever kind kept for the purpose of sale, offered or exposed for sale, or sold or in the process of delivery, in order to determine whether the same contain the amounts represented, and whether they be offered for sale or sold in a manner in accordance with law. The Commission of Weights and Measures may for the purposes above mentioned, and in the general performance of its official duties, enter and go into or upon, and without formal warrant, any stand, place, building, or premises, or stop any vendor, peddler, itinerant buyer, person in charge of any delivery vehicle, or any person whatsoever, and require him, if necessary, to proceed, with or without any vehicle involved, to some place which the Commission may specify. Whenever the Commission finds a violation of the statutes relating to weights and measures, it shall cause the violator to be prosecuted. [1948]

Sec. 4. Same: Regulations; sealing; right to seize and condemn; confiscation.

That the Commission shall issue from time to time regulations for the enforcement of the provisions of this Act [Secs. 1-13]. The said regulations may include standards of net weight, net measure, or net count for any commodity, product, or article, and also specifications and tolerances for all weights, measures, and weighing and measuring devices of the character of those specified in Section 3, which shall be designated to eliminate from use, without prejudice to apparatus which conforms as closely as practicable to the official standards, those which are not accurate, which are of such construction that they are faulty—that is, which are not reasonably permanent in their adjustment or which will not repeat their indications correctly—or which facilitate the perpetration of fraud. For the purposes of this Act apparatus shall be deemed to be correct when it conforms to all applicable requirements promulgated as specified in this section; other apparatus shall be deemed to be incorrect. Regulations promulgated under the authority of this section shall have the force and effect of law.

Whenever the Commission compares weights, measures, or weighing or measuring devices and finds that they correspond or causes them to correspond with the standards in his possession, it shall seal or mark such weights, measures, or weighing or measuring devices with appropriate devices.

The Commissioner shall condemn and seize and may destroy incorrect weights, measures, or weighing or measuring devices which, in his best judgment,

are not susceptible of satisfactory repair; but such as are incorrect and yet, in its best judgment, may be repaired, it shall mark or tag as "Condemned for Repairs." The owners or users of any weights, measures, or weighing or measuring devices of which such disposition is made shall have the same repaired and corrected within such reasonable period as may be specified by the Commission, and they may neither use nor dispose of the same in any way, but shall hold the same at the disposal of the Commission. Any weights, measures, or weighing or measuring devices which have been "condemned for repairs," and have not been repaired as required above, shall be confiscated by the Commission. [1948]

Sec. 5. Commodities in package form: Marking requirements; unlawful acts; "in package form" defined.

That it shall be unlawful to keep for the purpose of sale, offer or expose for sale, or sell, any commodity in package form unless the net quantity of the contents be plainly and conspicuously marked on the outside of the package, in terms of weight, measure, or numerical count: Provided, however, that reasonable variations or tolerances shall be permitted, and that these reasonable variations or tolerances and also exemptions as to small packages shall be established by rules and regulations made by the Commission. It shall be unlawful to keep for the purpose of sale, offer or expose for sale, or sell any commodity in package form if its container is so made, formed, or filled, or if it is so wrapped, as to mislead the purchaser as to the quantity of the contents; or if the contents of its container fall below the standard of fill prescribed by regulations promulgated as provided in this section. For the effectuation of the purposes of this section the Commission is hereby authorized to promulgate regulations fixing and establishing for any commodity in package form a reasonable standard of fill of containers.

The words "in package form" as used in this Act [Secs. 1-13] shall be construed to include a commodity in a package, carton, case, can, box, barrel, bottle, phial, or other receptacle, or in coverings or wrappings of any kind, put up by the manufacturer, or, when put up prior to the order of the commodity, by the vendor, which may be labeled, branded, or stenciled, or otherwise marked, or which may be suitable for labeling, branding, or stenciling, or marking otherwise, making one complete package of the commodity. The words "in package form" shall be construed to include both the wholesale and the retail package.

Provided, that a box or carton used for shipping purposes, containing a number of packages which are individually marked, as hereinbefore provided, will not be required to bear weight or measure of the contents thereof.

Acts 1948, No. 95—Weights and Measures—Continued.

There shall be no violation under this act for any discrepancy between actual weight or volume at the time of sale to the consumer, and the weight marked on the container, or between the fill of container and the capacity of the container, if such discrepancy is due to unavoidable leakage, shrinkage, evaporation, waste, or to causes beyond the control of the seller acting in good faith. [1948]

Sec. 6. Meat and poultry to be sold by weight; standard weight containers for flours, meals, hominy and hominy grits; commodities to be sold on basis of net weight; exceptions.

That it shall be unlawful to sell, or offer to sell, except for immediate consumption on the premises, any meat, meat products, or poultry in any other manner than by weight.

It shall be unlawful to pack for sale, sell, offer or expose for sale, or keep, for the purpose of sale any of the following commodities¹ except in containers of net avoirdupois weights of two, five, ten, twenty-five, fifty, and one hundred pounds, and multiples of one hundred pounds: Wheat flour, self-rising wheat flour, phosphated wheat flour, bromated flour, enriched flour, enriched self-rising flour, enriched bromated flour, corn flour, corn meal, hominy, and hominy grits; Provided, however, That the provisions of this section shall not apply to (a) the retailing of flours, meals, hominy, and hominy grits direct to the consumer from bulk stock, or (b) the sale of flours and meals to commercial bakers or blenders, in containers of more than one hundred pounds, or (c) the sale of flours and meals for export, or (d) flours, meals, hominy, and hominy grits packed in cartons the net contents of which are five pounds or less, or (e) the exchange of wheat for flour by mills grinding for toll.

Whenever any commodity other than raw cotton in bales is sold on a basis of weight, it shall be unlawful to employ any other weight in such sale than the net weight of the commodity; and all contracts concerning goods sold on a basis of weight shall be understood and construed accordingly. Whenever the weight of a commodity is mentioned in this Act [Secs. 1-13], it shall be understood and construed to mean the net weight of the commodity, provided that rope and twine and cordage products may be marked and sold under this Act according to gross weight, under such reasonable rules as the Commissioner may establish consistent with trade practices existing in the rope and twine industry. [1948]

¹ Compare Secs. 9979-9984, page 394.

Sec. 7. Unlawful to misrepresent price or quantity of commodity, thing or service.

That it shall be unlawful to misrepresent the price of a commodity, thing, or service sold or offered or exposed for sale, or to represent the price

or the quantity of any commodity, thing, or service sold or offered or exposed for sale in any manner calculated or tending to mislead or deceive an actual or prospective customer. [1948]

Sec. 8. Unlawful to hinder or impersonate director or inspectors; peace officer powers of commission.

That it shall be unlawful for any person to hinder or obstruct in any way the Commission, its director, or inspectors, in the performance of its official duties, or to impersonate in any way the Commission, its deputy, or inspectors. For the purpose of the enforcement of the provisions of this Act [Secs. 1-13], the Commission shall have the powers and authority of a peace officer. [1948]

Sec. 9. Violations of act; penalty.

That any person who, by himself or by his servant or agent, or as the servant or agent of another person, performs one of the acts enumerated in subparagraphs (a) through (i) of this section, shall be guilty of a misdemeanor, and shall be punished by a fine of not less than \$20 or more than \$200, or by imprisonment for not more than three months, or by both such fine and imprisonment, upon a first conviction in any court of competent jurisdiction; and upon a second subsequent conviction in any court of competent jurisdiction, he shall be punished by a fine of not less than \$50 or more than \$500, or by imprisonment in the parish jail for not more than one year, or by both such fine and imprisonment.

(a) Use, sell, offer or expose for sale or hire, or have in possession for the purpose of using, selling, or hiring, a false weight or measure or weighing or measuring device or any device or instrument to be used to or calculated to falsify any weight or measure.

(b) Use, or have in possession for the purpose of current use, in the buying or selling of any commodity or thing, or for hire or award, or in the computation of any charge for services rendered on the basis of weight or measure, or in the determination of weight or measure when a charge is made for such determination, any weight or measure or weighing or measuring device which has not been sealed by the Commission, its director or inspectors, at its direction, within one year, unless written notice has been given to the office of the Commission to the effect that such weight or measure or weighing or measuring device is available for examination or is due for re-examination, as the case may be.

(c) Dispose of any condemned weight, measure, or weighing or measuring device in a manner contrary to law.

(d) Remove from any weight, measure, or weighing or measuring device, contrary to law or regulation, any tag placed thereon by the Commission, or its director or inspectors, at its direction.

(e) Sell or offer or expose for sale less than the

quantity he represents of any commodity, thing, or service.

(f) Take more than the quantity represented of any commodity, thing, or service, when, as buyer, he furnishes the weight, measure, or weighing or measuring device by means of which the amount of the commodity, thing, or service is determined.

(g) Keep for the purpose of sale, offer or expose for sale, or sell any commodity in a manner contrary to law.

(h) Use in retail trade, except in the preparation of packages put up in advance of sale, a weighing or measuring device which is not so positioned that its indications may be accurately read and the weighing and measuring operation observed from some position which may reasonably be assumed by a customer.

(i) Violate any provision of this Act [Secs. 1-13] for which a specific penalty has not been provided. [1948]

Sec. 10. Definitions.

That the word "person" as used in this Act [Secs. 1-13] shall be construed to import both the plural and singular, as the case demands, and shall include individuals, partnerships, corporations, companies, societies, and associations.

The words "weights, measures, or (and) weighing or (and) measuring devices," as used in this Act, shall be construed to include all weights, scales, beams, measures of every kind, instruments and mechanical devices for weighing or measuring, and any appliances and accessories connected with any or all such instruments. Provided, however, that nothing herein contained shall be deemed to include or refer to water, natural or manufactured gas or electric meters, and Motor Fuel.

The words "sell" or "sale" as used in this Act, shall be construed to include barter and exchange. [1948]

Sec. 12. Not to affect petroleum products.

Anything hereinabove or hereinafter contained to the contrary notwithstanding, this Act [Secs. 1-13] shall not be construed as in any way applying to or affecting the storage, sale or distribution of petroleum products and the weights and measures used in connection therewith, as now regulated and prescribed by Act 14 of the Louisiana Legislature for 1932, as amended. [Dart's Stat., Secs. 3981-3989.16] [1948]

Dart's General Statutes Annotated 1939, Vol. 6, Title 69, Ch. 1—Local Inspectors of Weights and Measures.

Sec. 9945. Offices abolished.

The office of inspector of weights and measures in all the parishes of this state "except the parish of Orleans" is hereby abolished. [1898]

Sec. 9946. Discretionary powers of police juries.

The police jury of the several parishes throughout the state "the parish of Orleans excepted" shall have power to provide for said inspection when they deem it necessary, and regulate the duties and fees for same. [1898]

Sec. 9947. Powers of municipal corporations.¹

All municipal corporations shall have the power to provide for inspection and testing of weights and measures used within said municipalities, and to revoke the license of any person using false weights and measures within said municipalities, and to provide penalties for the violation of any laws passed under the power hereby delegated. [1920]

¹ See Secs. 5422 and 5555, page 395.

Sec. 9969. Appointment of deputy inspectors.

The inspectors of weights and measures, throughout the state of Louisiana, shall have the right of appointing one or more deputies, at their own expense. [1870]

Dart's General Statutes Annotated 1939, Vol. 6, Title 69, Ch. 2—Regulation of Weighing of Certain Products.

Sec. 9970. Stock-yard and slaughter-house weighers are public weighers.

The weighers employed at the slaughter-houses and stockyards of this state are hereby declared to be public weighers, with all the duties and obligations customarily incident thereto, and their certificates of the weights of all stock, both singly and in car-load lots, shall be accepted by all common carriers and corporations, persons, companies and individuals doing business at the yards of the said company. [1914]

Sec. 9971. Cotton: "Scalage" deductions unlawful.

It shall be unlawful for any purchaser or weigher of cotton to deduct two pounds, or any number of pounds, known as scalage, from the actual weight of any bale of cotton, weighed or purchased by them. [1888]

Sec. 9972. Same: Actual weight to be accounted for; exception.

Purchasers shall account to the seller of cotton in all instances for the actual weight of the bale purchased or weighed, except in cases of wet or damaged cotton, when the amount to be deducted may be agreed upon by the parties buying and selling. [1888]

Sec. 9973. Same: Penalty for violations.

For each violation of this act [Secs. 9971-9973], the offender shall be deemed guilty of a misdemeanor, and upon conviction, by a court of competent jurisdiction, he shall be fined not less than ten dol-

lars (\$10.00) nor more than fifty dollars (\$50.00). [1888]

Sec. 9974. Ice: Vehicles to be equipped with scales.

Dealers in ice who employ wagons, trucks, cars, etc., in delivering ice to consumers shall equip such wagons, trucks, cars, etc., with scales or a mechanism for accurately weighing the ice when actually delivered to the consumer, and such weighing device shall be so located as to be open to public view. [1912]

Sec. 9975. Same: Overcharges.

It shall be unlawful for any dealer in ice to charge and collect for a greater amount of ice than the amount actually delivered to the consumer. [1912]

Sec. 9976. Same: Penalties.

Any person, firm, association or corporation found guilty of violating any of the provisions of this act [Secs. 9974-9976] shall be deemed guilty of a misdemeanor and upon conviction shall pay a fine not exceeding fifty dollars (\$50.00) or be imprisoned not over thirty (30) days, or both in the discretion of the court. Dart's General Statutes Annotated 1939, Vol. 6, Title 69, Ch. 3—Standard Weights and Measures.

Sec. 9977. Barrel measure; barrel for mess pork; sack for bran or chops; baskets for oysters.¹

There shall be in this state a dry measure to be known under the name of barrel, which shall except for the purchase and sale of oysters contain three and a quarter bushels, according to the American standard, and shall be divided into half and quarter barrels, * * * and a barrel of mess pork shall contain not less than 200 pounds net, and a sack of bran or chops shall contain not less than 100 pounds net. But for the sale of oysters, baskets shall be used which shall contain one-half of the standard barrel, which standard barrel contains three and a quarter bushels according to this section, said baskets to be stamped according to law. [1855; last amended 1902.]

¹ See Sec. 3081, page 396; standard measure for oysters in ports or cities of more than 50,000 inhabitants.

Sec. 9978. Sale of coal and grain; bushel weights.

Coal shall be sold by the barrel or bushel measure; grain shall be sold by the barrel, bushel or weight; the legal weight of a bushel of wheat shall be sixty pounds; of a bushel of corn fifty-six pounds; of a bushel of oats thirty-two pounds; of a bushel of barley thirty-two pounds, and of a bushel of rye thirty-two pounds. [1855]

Sec. 9979. Flour, meal, cereals and grains: Enforcement.

The state board of agriculture and immigration shall be charged with the duties of enforcing this

act [Secs. 9979-9985] for the regulation of the sale of certain mill products and cereals not otherwise provided for, to prevent fraud therein. [1906]

Sec. 9980. Same: Standard packages; marking requirements.

Mill products hereinafter mentioned shall have the following standard weights, viz: Barrels of flour, one hundred and ninety-six pounds (196). Halves, whether in wood or sacks, ninety-eight pounds (98). Quarters, forty-eight pounds (48). Eighthths, twenty-four pounds (24). Meal, bolted or unbolted, shall be net one hundred and ninety-six pounds (196) per barrel, whether in wood or sacks, and fractional parts thereof shall be in the same proportion, and cereals or grains of any kind shall have the net weight given upon each barrel or package. [1906]

[ED. NOTE.—Acts 1948, No. 95, Sec. 6, page 392, supersedes the foregoing section as to the standard weights of packages of flour and meal.]

Sec. 9981. Same: Marking requirements.

The correct names, and the true net weight of the contents of each and every hogshead, barrel, cask, bale, sack, or package of any of the foregoing products, whether sold in single packages, or lots, shall be plainly marked, branded or stenciled in large letters and figures not less than two inches in size upon the exterior of such hogsheads, barrel, box, cask, sack, or package, in a conspicuous place, as the head, in case of hogshead, or barrel, and the front or branded side in case of sacks, bales, or package, and it shall be unlawful for any person, firm or corporation to sell or exchange or offer for sale or exchange any of such products so packed or contained until the provisions hereof have been complied with. [1906]

Sec. 9982. Same: Penalties.

If any person shall knowingly violate the provisions of this act [Secs. 9979-9985], he shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined a sum not less than twenty-five dollars (\$25.00) nor more than one thousand dollars (\$1,000.00), and each transaction shall be deemed a separate offense, which fine or fines shall be recoverable before any court of competent jurisdiction at the suit of the commissioner of agriculture and immigration, or any citizen, without bond or advance cost, and shall be disposed of as hereinafter provided. [1906]

Sec. 9983. Same: Interference with inspector.

Any manufacturer, dealer or other person who shall impede, obstruct, hinder or otherwise prevent or attempt to prevent any inspector or other person in the performance of his duty in connection with this act [Secs. 9979-9985] shall be guilty of a misdemeanor, and shall upon conviction be fined not less than ten dollars (\$10.00) nor more than fifty dollars (\$50.00). [1906]

Sec. 9984. Same: Seizure.

The commissioner shall have a privilege on any mill products and cereals sold in this state, in violation and contravention of the provisions of this act [Secs. 9979-9985], and may proceed by writ of provisional seizure against the mill products and cereals so sold in the hands of whomsoever they may be, and wheresoever he may find them, regardless of the domicile of the owner thereof, to recover the fines and penalties due for the illegal sale thereof, by presenting a petition to a competent judge or magistrate, within whose jurisdiction said mill products and cereals are found, stating on oath at the foot of the petition the amount and nature of the demand, the mill products or cereals on which the privilege exists, and praying that the mill products or cereals be seized to satisfy the claim and pay the costs of suits. [1906]

Sec. 9988. Coal: Gauging; fee.

All anthracite or bituminous coal sold in this state shall be gauged or weighed by the state coal and coke gaugers in the state, whose fees, duties and responsibilities shall remain as now fixed by law, provided the fee for weighing shall not exceed one cent per ton. [1894]

Sec. 9989. Same: Standard barrel and ton.

The standard measures for the bituminous and anthracite coal in this state shall be the barrel containing 6,988 cubic inches and the standard ton of 2,000 pounds. [1894]

Sec. 9990. Same: Penalty.

Whoever shall violate the provisions of this act [Secs. 9988-9990] shall be adjudged guilty of a misdemeanor and shall be fined not less than fifty dollars (\$50.00) nor more than one hundred dollars (\$100.00), at the discretion of the court, for each offense. [1894]

Sec. 9999. Log measurement: Standard rule.

What is known as the "Scribner-Doyle" rule or scale shall be the standard rule for the measurement of sawlogs in this state. [1914; last amended 1918.]

Sec. 10000. Same: Penalties.

Any person, firm or corporation who shall compute the measurement of sawlogs sawn, delivered or bought by any other rule or scale than the above in making settlement with employee, contractor or seller, shall be deemed guilty of a misdemeanor, subject to indictment by presentment by grand jury or by bill of information, and on conviction on bill of information or indictment before any court of competent jurisdiction, shall be fined in the sum of not less than one hundred dollars (\$100.00) nor more than five hundred dollars (\$500.00), or be imprisoned not less than sixty (60) days nor more than twelve (12) months at the discretion of the court. Dart's General Statutes Annotated 1939, Vol. 2, Title 22, Ch. 7—Oysters.

Sec. 3081.¹ Standard measure; inspections.

There shall be in this state for the purchase and sale of oysters arriving at ports or cities within the state of more than fifty thousand inhabitants from any other port, city or place, whether said oysters arrive in barrels, sacks, bulk or otherwise a standard measure in the form of a basket, which shall contain one bushel and one-half a bushel, said baskets to be inspected and stamped by the inspector of weights and measures or other officer exercising his functions for the respective districts or parishes where said oysters arrive, if there be any such inspector or officer at the place of arrival, and in the parish of Orleans by the inspector of weights and measures of the municipality or district where the oysters thus arriving are unloaded. [1910]

¹ Compare Sec. 9977, page 394.

Sec. 3082. Inspection at ports or cities.

Each and every sack of oysters arriving at the ports or cities mentioned in section 1 [Sec. 3081] of this act [Secs. 3081–3088] shall contain one standard basket as established by this act, and each and every barrel of oysters arriving at the different ports or cities mentioned in said section 1 [Sec. 3081] of this act, shall contain two standard baskets as established by section 1 [Sec. 3081] of this act, said sacks and barrels to be inspected by the inspector or officer exercising his functions as provided in section 1 [Sec. 3081], and must contain the measurements stated in this act at the time of delivery to the consignee, buyer or importer, and at the time of delivery to any subsequent buyer of said oysters after arrival, whether in sacks, barrels or baskets. [1910]

Sec. 3083. Fee; certificate of measurement.

The inspector of weights and measures or other officer exercising his functions in the district or

parish where said oysters are unloaded shall be entitled to charge and collect for such inspection from the buyers, importers or consignees of said oysters a fee of one-fourth of one cent for each basket inspected and unloaded, payable immediately and the inspector or other officer exercising his functions may issue a certificate of inspection and measurement which shall be prima facie evidence of such inspection and measurement of the oysters under the provisions of this act [Secs. 3081–3088]; provided that for the stamping of each basket mentioned in section 1 [Sec. 3081], such inspector or officer shall be entitled to charge and collect immediately after stamping from the owner or owners of the baskets so inspected and stamped, a fee of thirty cents. [1910]

Sec. 3084. Powers and duties of inspectors.

For the purpose of making the inspection and measurement provided by this act [Secs. 3081–3088], and of ascertaining the number of sacks, barrels and baskets arriving in the different ports and cities mentioned in section 1 [Sec. 3081] and the names and addresses of the sellers, exporters, consignors, buyers, importers and consignees of such oysters to be inspected and measured under the provisions of this act, and the quantity consigned to each buyer, importer and consignee, and such other information as may be necessary to obtain an order to perform the duties imposed upon him by law, such inspector or officer exercising his functions shall have the right and power to go on board the boat arriving with such oysters, in order to count the number of barrels, sacks, and baskets thus arriving and to be unloaded from said boat, and shall also have the right and power to demand and obtain an examination of the boat's manifest and it shall be the duty of the owner, master, captain or other person in charge of said boat or of said manifest to produce the manifest and allow such examination by said inspector or officer. [1910]

Sec. 3085. Compulsory inspections; penalties.

Any and all buyers, sellers, importers and exporters of oysters arriving at the different ports and cities in the State of Louisiana, of more than fifty thousand inhabitants, are charged with the duty of having such oysters inspected and measured, and such baskets inspected and stamped, in accordance with the provisions of this act [Secs. 3081–3088] and any and all buyers, sellers, importers and exporters of oysters arriving at the ports and cities mentioned in section 1 [Sec. 3081], and any and all owners, masters and captains of boats arriving with oysters at said ports or cities, and any other person or persons, firm or firms and corporation or corporations (through their proper officer) violating any of the provisions of this act shall be deemed guilty of a misdemeanor and shall be punishable for each offense by fine not exceeding twenty-five

dollars, or imprisonment not exceeding thirty days or both at the discretion of the court having jurisdiction. [1910]

Sec. 3086. Appointment of representative inspectors.

There shall be an oyster inspector selected and appointed by the governor from each parish shipping oysters under the provisions of this act [Secs. 3081-3088], whose duties and functions shall be to inspect and measure every sack and barrel of oysters arriving at the different ports or cities mentioned in section 1 [Sec. 3081] of this act, at the same time and place as the inspection might be made by the inspector of weights and measures, or other officer exercising similar functions, mentioned in section 2 [Sec. 3082] of this act; provided, there shall be only one inspection and measurement of oysters made by each oyster inspector provided for in this section. [1910]

Sec. 3087. Fees; certificate to be signed.

The said oyster inspector, mentioned in section 6 [Sec. 3086] of this act [Secs. 3081-3088], shall be entitled to collect from the buyer, importer or consignee of said oysters, one-fourth of one cent for each basket inspected and unloaded, payable immediately by the said buyer, importer or consignee of said oysters for the account and at the expense of the consignor or shipper of said oysters, provided, that the oyster inspector herein mentioned shall sign all certificates of inspection and measurement referred to in section 3 [Sec. 3083] of this act, together with the inspector of weights and measures, or other officer exercising his functions, and no such certificate shall be valid or of any effect unless signed by both said inspectors, nor shall any claim for shortage of measure be allowed any consignee, buyer or importer of said oysters, unless he shall have first secured this certificate of inspection and measurement. [1910]

Sec. 3088. Disputes as to measurements to be arbitrated.

In the event the two inspectors provided for in this act [Secs. 3081-3088] fail to agree in their inspection and measurement of oysters as provided for in this act, either or both shall immediately call in as arbitrator, the presiding officer of the board, or commission, exercising control over the oyster industry, and in his absence, any member of said board or commission, and in the absence of the latter, any inspector of said board or commission, whose award shall be final and who shall make out and sign the certificate of inspection and measurement herein referred to. Dart's General Statutes Annotated 1939, Vol. 2, Title 23, Ch. 3—Milk and Cream.

Sec. 3262.16. Equipment for testing; Babcock or Gerber test only to be used.

No person, or any employee of such person, shall use in the determination of the butterfat content of

milk or cream, any test glassware, or centrifuges except such as conform to the requirements of the United States Bureau of Standards and which have been inspected, tested and approved by the commission [Louisiana Milk Commission] or its employees. The use of glassware not approved by the commission shall constitute a violation of this act [Secs. 3262.14-3262.29]. No method other than the "Babcock" test or the "Gerber" tests shall be used in determining the butterfat percentage of milk or cream until such test has been approved by the commission. Every installation of laboratory equipment to be used in determining the butterfat content of milk or cream shall be inspected and approved by the commission. The use of an unapproved installation is a violation of this act. [1946]

[ED. NOTE.—By ACTS 1948, No. 57, the Louisiana Milk Commission was merged and consolidated into the Department of Agriculture and Immigration which was empowered to exercise all of the duties and functions of the Louisiana Milk Commission.]

Sec. 3262.20. Unlawful to falsify test.

No person, nor any employee of such person, shall underread, overread or in any way manipulate any approved butterfat test so that other than the true butterfat percentage is obtained; and it shall also be unlawful for any person or any employee of such person to falsify the record of any such butterfat test. [1946]

Sec. 3262.21. Unlawful to falsify weight.

No person, nor any employee of such person, shall underread, overread or in any way manipulate any weighing or measuring device so that other than the true weight or measure of the milk or cream purchase is obtained; and it shall also be unlawful for any person, or any employee of such person, to falsify the record of any such weight or measure. [1946]

Sec. 3262.22. Defective devices prohibited; revocation of license.

No person purchasing milk or cream on the basis of its butterfat content shall use any weight, measure, or butterfat test thereof other than the correct weight, measure, or butterfat tests; nor shall such person have in his possession any inaccurate, defective or untrue weighing or measuring device; nor shall any such person make any misrepresentation as to any weight, measure or test. If investigation discloses tampering with samples taken for butterfat testing, the license of the sampler or tester charged with the proper care of such samples shall immediately be revoked or suspended by the commission [Louisiana Milk Commission.¹] [1946]

¹ See Ed. note following Sec. 3262.16.

Sec. 3262.28. Violations; penalty.

Any employee of any person buying milk or cream on the basis of the amount of butterfat contained therein, or any person testing milk or cream for percentage of butterfat violating any of the provisions of this act [Secs. 3262.14–3262.29], or violating any lawful order, rule or regulation of the commission [Louisiana Milk Commission¹] issued under the authority of this act, upon conviction thereof shall be fined not less than twenty-five dollars (\$25.00) nor more than five hundred dollars (\$500.00) or be imprisoned for not less than ten days nor more than ninety days. Any person buying or paying for milk or cream on the basis of the butterfat contained therein, violating any provisions of this act, upon conviction thereof shall be fined in the sum of one hundred dollars (\$100.00) or be imprisoned for not less than ten nor more than ninety days for the first offense and in the sum of not less than one hundred dollars (\$100.00) nor more than one thousand dollars (\$1,000.00) or be imprisoned for not less than sixty days nor more than six months for each subsequent offense. [1946]

¹ See Ed. note following Sec. 3262.16.

Sec. 3264. Test of Babcock glassware; fees; sealing.

All bottles, pipettes or measuring glasses used by a person in determining by the Babcock method the value of milk or cream, where the result of such test is used as a basis for payment or for public record, or for record in any of the national breed associations shall, before such use, be tested for accuracy of measurement and for accuracy of the per cent scale marked thereon, at the Louisiana Agricultural Experiment Station. Such bottles, pipettes or measuring glasses as are correct shall be marked in permanent marks or characters, which shall be proof that they were so tested; but incorrect bottles, pipettes or measuring glasses shall be destroyed. The person owning such bottles, pipettes or glasses shall pay the actual expense of testing the accuracy of same. Such mark or character as the Louisiana State Experiment Station shall select as its official mark for tested bottles, pipettes or glassware shall be used only by the Louisiana Agricultural Experiment Station and its use by any other person or persons is strictly prohibited. [1920]

Sec. 3267. Penalties for violating preceding section.

Any cream station, cooling station, receiving station, creamery, milk plant, cheese factory, condensory, ice cream factory, or person or persons who shall fail to comply or violate any of the provisions of this act [Secs. 3263–3268] shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be fined in a sum not less than twenty-five dollars (\$25.00) nor more than one hundred dollars (\$100.00), or imprisoned for a period of not less than thirty (30) days nor more than ninety (90) days. (d) If any word, statement, or other information required on the label under any provision of this act [Secs. 3317.1-3317.27] is not prominently placed thereon in such a manner as to be easily seen and in such terms as to be readily understood by purchasers and users of such articles under customary conditions of purchase and use, due consideration being given to the size of the package.

* * * * *

(i) (1) If it is a drug and its container is so made, formed, or filled as to mislead the purchaser; * * *

(k) The board is hereby directed to promulgate regulations exempting from any labeling or packaging requirement of this act drugs and devices which are, in accordance with the practice of the trade, processed, labeled, or repacked in substantial quantities at establishments other than those where originally processed or packed, on condition that such drugs and devices are in conformity with the provisions of this act upon removal from such processing, labeling, or repacking establishment. [1936]

Sec. 3317.12. When cosmetics deemed misbranded; exemptions.

A cosmetic shall be deemed to be misbranded if it has been found to be such by any department of the United States government, or:

(a) If its labeling is false or misleading in any particular, * * *

(b) If in package form it fails to bear a label containing * * * (2) an accurate statement of the quantity of the contents in terms of weight, measure, or numerical count: Provided, That under subdivision (2) of this paragraph reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations prescribed by the board, where compliance with such provisions would be impracticable.

(c) If any word, statement, or other information required on the label under any provision of this act

[Secs. 3317.1-3317.27] is not prominently placed thereon in such manner as to be easily seen and in such terms as to be readily understood by the purchasers and users of such articles under customary conditions of purchase and use, due consideration being given to the size of the package.

(d) The board is hereby authorized to promulgate regulations excepting from any labeling requirement of this act cosmetics which are, in accordance with the practice of the trade, processed, labeled, or repacked in substantial quantities at establishments other than those where originally processed or packed, on condition that such cosmetics are in conformity with the provisions of this act upon removal from such processing, labeling, or repacking establishment. [1936]

Sec. 3317.15. Regulations for enforcement.

(a) The authority to promulgate regulations for the efficient enforcement of this act [Secs. 3317.1-3317.27] is hereby vested in the board. [1936]

* * * * *

Sec. 3317.20. Prohibited acts; penalties; guaranty protection.

(a) The following acts and the causing thereof are hereby prohibited:

(1) The introduction or delivery for introduction into commerce of any food, drug, device, or cosmetic that is adulterated or misbranded.

(2) The adulteration or misbranding of any food, drug, device, or cosmetic in commerce.

(3) The receipt in commerce of any food, drug, device, or cosmetic that is adulterated or misbranded, and the delivery or proffered delivery thereof in the original unbroken package for pay or otherwise.

(4) The dissemination of a false advertisement by any means for the purpose of inducing, directly or indirectly, the purchase of food, drugs, devices, or cosmetics.

* * * * *

(b) Any person who violates any of the provisions of this act [Secs. 3317.1-3317.27] shall be guilty of a misdemeanor and shall on conviction thereof be subject to imprisonment for not more than one year, or a fine of not more than \$1,000, or both such imprisonment and fine; and for a second or subsequent offense imprisonment for not more than two years, or a fine of not more than \$3,000, or both such imprisonment and fine: Provided, however, That any person who violates any of the provisions of subdivision (4) of paragraph (a) of this section shall only be liable for and forfeit and pay a penalty of not more than \$1,000 if (1) the violation does not involve imminent danger to health or gross deception, and (2) the violation is established by opinion evidence only.

* * * * *

(d) No dealer shall be subject to the penalties of paragraph (b) of this section (1) for having received

any article of food, drug, device, or cosmetic and in good faith sold it as received unless he refuses to furnish on request of an officer or employee duly designated by the board the name and address of the person from whom he purchased or received such article and all documents pertaining to the delivery of the article to him, or (2) if he established a guaranty or undertaking signed by the person residing in Louisiana from whom he received in good faith the article of food, drug, device, or cosmetic, or the advertising copy thereof, to the effect that such article is not adulterated or misbranded, and such copy is not false, within the meaning of this act [Secs. 3317.1-3317.27], designating it. To afford protection, such guaranty or undertaking shall contain the name and address of the person furnishing such guaranty or undertaking, and such person shall be amenable to the prosecution and penalties which would attach in due course to the dealer under the provisions of this act. [1936; last amended 1942.]

Sec. 3317.23. Seizure.

(a) Any article of food, drug, device, or cosmetic that is adulterated, misbranded, or unregistered, * * * shall be liable to seizure and condemnation by the board or such officer or employee as it may designate for the purpose. [1936; last amended 1942.]

Sec. 3317.24. Injunction.

(a) In order to avoid multiplicity of criminal prosecutions, the district courts are hereby vested with jurisdiction for cause shown, to restrain by injunction, temporary or permanent, any person from the repetitious (1) introduction or causing to be introduced into commerce any adulterated, misbranded, or unregistered food, drug, device, or cosmetic; or (2) dissemination of or causing to be disseminated a false advertisement by any means for the purpose of inducing, directly or indirectly, the purchase of foods, drugs, devices, or cosmetics in commerce. * * * [1936]

Dart's General Statutes Annotated 1939, Vol. 3, Title 32, Ch. 2—Beef and Pork Barrels.

Sec. 3967. Weight; dimensions; marking requirements.

All barrels shall be made of good seasoned oak or ash, free from every defect; and every barrel shall contain two hundred pounds of beef or pork, the barrel not to measure more than eighteen inches across the head, and twenty-eight long, to be hooped with at least twelve good substantial hoops; the barrel to be branded on the bilge with at least the initials of the cooper's name and weight which is contained in each barrel, and also to be branded with the first letters of the Christian name and the surname at full length of the inspector [beef and pork inspector for the city of New Orleans]. [1855]

Dart's General Statutes Annotated 1939, Vol. 3, Title 32, Ch. 3—Petroleum Products.

Sec. 3981. Definitions.

For the purpose of this act [Secs. 3981-3989.12]:

* * * * *

(c) The phrase "gasoline pump" shall include any pump, meter or similar measuring device used for measuring gasoline;

* * * * *

(e) The term "supervisor" or "supervisor of public accounts" shall mean collector of revenue for the state of Louisiana or his duly authorized assistants. [1932; last amended 1942.]

Sec. 3986. Measuring devices to be accurate; inspection; sealing; measurement and calibration of vehicle tanks; violation of act; certificate of compliance; fee.

It shall be unlawful for any person to use any scales, measures or measuring device in the handling or sale of petroleum products unless the same is true and accurate, and the standards of weights and measures applied to said scale, measure or measuring device shall be those adopted by the United States Bureau of Standards.

It shall be the duty of the supervisor [collector of revenue] to seal and forbid the use of any inaccurate measuring device until such time as the defect is corrected. The breaking of said official seal shall be prima facie evidence of a violation of this act [Secs. 3981-3989.12], and it shall be unlawful for any person to refuse to permit the supervisor to inspect and seal, if deemed necessary, any such measuring device, or to break the seal after being placed by said supervisor.

For the purpose of this act, the term "vehicle tank" shall mean any vehicle tank, tank truck, tank wagon, or any other container in which gasoline, motor fuel, or any other petroleum products are transported in this state.

For the purpose of strengthening and making the administration of this act more effective, the collector of revenue is hereby authorized to measure, calibrate and determine, under regulations promulgated by him, the capacity in gallons of any vehicle tank, as defined herein, and to require every person, as defined herein, to produce for inspection or measurement, testing, measuring and/or calibrating, any vehicle tank so used by such person, and to provide for the production of vehicle tanks for subsequent checking and measurement from time to time as he may see fit.

The provisions of this act are not applicable to carriers-for-hire operating under valid permits or certificates of convenience or necessity issued by the public service commission of this state and not engaged in transporting gasoline, motor fuel, or any other petroleum products for the purpose of sale, use or consumption within this state, and persons

Dart's General Statutes Annotated 1939, Vol. 3, Title 32, Ch. 3—Petroleum Products—Continued.

operating motor busses under franchises or licenses issued by municipalities.

It shall be a violation of this act to sell or distribute gasoline, motor fuel, or any other petroleum products from any vehicle tank or to withdraw gasoline, motor fuel, or any other petroleum products from any such vehicle tank or from any fuel tank or auxiliary fuel tank for the purpose of sale, unless said vehicle tank has been measured and/or calibrated under the provisions of this act. The failure of the owner of any vehicle tank, after notice by the collector of revenue in accordance with regulations promulgated by him, to submit said vehicle tank for measuring, calibrating and/or determining the capacity thereof or for inspection under said regulations shall constitute a violation of this act.

The removal, obliteration or changing of any measurement, certificate, tag, marking or device made by the collector of revenue or his representative under the provisions of this act or under rules and regulations promulgated by him, shall constitute a violation of this act.

Proof of the fact that a vehicle has been measured and/or calibrated in compliance with this act shall be a certificate issued by the collector of revenue, for which certificate a fee of \$1.00 shall be charged for the purpose of defraying expenses incidental to the administration of this act. [1932; last amended 1944.]

Sec. 3989.3. Rules and regulations; enforcement; right of entry.

The supervisor [collector of revenue] is hereby authorized and empowered to establish rules and regulations not inconsistent with the provisions of this act [Secs. 3981–3989.12], for the purpose of properly enforcing this act. It shall be his duty, and he is hereby required and directed, to faithfully and impartially enforce the provisions of this act; and, for that purpose, the said supervisor shall have full access, ingress and egress at all reasonable hours to any place or building wherein gasoline, kerosene, tractor fuel or other petroleum products are stored, transported, sold or offered for sale. He is also authorized and empowered to open and inspect any case, package, or other container, tank, pump, tank car, storage tank, and to enter upon any barge, vessel or other vehicle of transportation, and may take samples, not exceeding one litre per sample, for analysis; and, with instruments conforming to the weights and measures adopted by the United States Bureau of Standards, check any measuring device or the volume or weight of contents of any container. * * * [1932; last amended 1942.]

Sec. 3989.6. Condemnation of measuring devices.

The supervisor [collector of revenue] shall have authority to placard or seal any pump, tank or con-

tainer used or useful in dispensing gasoline, kerosene, or tractor fuel not conforming to the provisions of this act [Secs. 3981–3989.12], and it shall be unlawful for any person to deface, obscure or remove any condemnation placard, or seals, posted or placed by the supervisor, or in any manner to interfere with or obstruct said supervisor in the discharge of his duties, under the provisions of this act. [1932; last amended 1942.]

Sec. 3989.9. Suspension of right to engage in business as a penalty.

Any person violating the terms and provisions of this act [Secs. 3981–3989.12], by putting or placing in any tanks, pumps, or other containers, any gasoline, kerosene or other motor fuel contrary to the provisions of this act, or who shall wilfully use any pump or measuring device which is mechanically inaccurate shall, for the first offense, forfeit the right, for not less than one week nor more than six months, to continue or to engage in the business of buying, selling or distributing gasoline, kerosene or other motor fuel, at the place of business involved. For the second, or subsequent, offense, said person shall forfeit the right to engage in said business for not less than three months nor more than twelve months. Said forfeiture, however, shall extend only to the individual guilty of said offense, unless the said individual, be acting as an agent for a principal who knew of and participated in, or knowing of said violation, acquiesced therein. The said forfeiture shall extend to the right to use the filling station and all tanks, pumps, containers or equipment for the same and like period of time for the first and second offense, as above set forth. Provided, however, that if the said dealer does not own the said property or equipment, and is merely renting, leasing, or borrowing the same, or is acting as agent for another, said forfeiture will extend to the owner thereof or the principal of such agent when and if the owner of said property or equipment or the principal or such agent, knew, or had good reason to know, of the said violation by the said person or agent in possession of the said property. The supervisor [collector of revenue] is hereby vested with authority on motion in a court of competent jurisdiction to take a rule on the said dealer, to show cause in not less than two or more than ten days, inclusive of holidays after the service thereof, which may be tried out of term and in chambers and shall always be tried by preference, why said dealer should not be ordered to cease from further pursuit of business as a dealer for the aforesaid period, and other violations of the injunction shall be considered as a contempt of court and punished according to law. [1932]

Sec. 3989.10. Penalties for violations.

Any person, or any agent, or officer, employee or servant thereof, who shall violate any of the provisions of this act [Secs. 3981–3989.12], shall be fined

in a sum not exceeding five hundred dollars (\$500.00) or shall be imprisoned for not more than six (6) months, or shall suffer both fine and imprisonment, at the discretion of the court; and each separate sale or attempt to sell in violation of the provisions of this act, shall be deemed a separate offense. [1932]

Dart's General Statutes Annotated 1939, Vol. 3, Title 32, Ch. 4—Gas, Electric and Water Meters.

Sec. 3990.¹ Meters to be furnished.

Every person, firm, association or corporation now engaged or hereafter engaging in the business of furnishing natural or artificial gas for heating, illuminating or other purposes, electricity for illuminating or for power or other purposes, water for domestic use or power or other purposes, and paid for by patrons by meter measure, shall furnish to each and every patron a meter properly tested and in good order, and shall arrange such meters so that the patron can, at any time, see the meter dial and ascertain how much gas, electricity or water is being consumed, and for what amount such patron is liable therefor. [1910]

¹ See sections 7917.1 and 7917.2, this page.

Sec. 3991. Charges not to be for more than registered amount.

It shall be unlawful for any person, firm, association or corporation engaged in furnishing gas, water or electricity to consumers, to be paid for by meter measure, to charge or receive, from any patron or consumer, pay for more gas, electricity or water than the meter furnished by such person, firm, association or corporation shall indicate has been used by such consumer at the time to which payment is made and received, provided the minimum charge contracted for with the municipalities shall not be affected. [1910]

Sec. 3992. False meters.

It shall be unlawful, for any person, firm, association or corporation who knowingly constructs or uses or furnishes to consumers of gas, electricity or water, to be used, any false meter or any false system for measuring and registering the quantity of gas, electricity or water consumed by any person who is connected with the service of said gas, electric or water company. [1910]

Sec. 3994. Penalty for violations.

Any person, firm, association or corporation violating any of the provisions of this act [Secs. 3990–3996] shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not less than twenty-five dollars and not more than two hundred dollars for each offense. [1910]

Sec. 3995. Authority of municipalities.¹

The several municipalities of this state are given the power and authority to appoint inspectors to carry out the intent and purposes of this act [Secs. 3990–3996], and further granting and giving to the several municipalities of this state the power and authority to pass ordinances providing for the inspection of gas, water, electric light and power meters, and fixing the expense of same. [1910]

¹ See section 8010, this page.

Sec. 3996. Exceptions.

This act [Secs. 3990–3996] shall not apply to water, gas or electric power plants owned by any municipality or political subdivision of the state. [1910]

Dart's General Statutes Annotated 1939, Vol. 5, Title 55, Ch. 1—Public Service Commission.

Sec. 7917.1.¹ Gas, electricity and water: Enforcement.

Hereafter the Louisiana public service commission shall exercise all necessary power and authority over any street railway, gas, electric light, heat, power, water-works, or other local public utility for the purpose of fixing and regulating the rates charged or to be charged by and service furnished or to be furnished by such public utilities.

Provided that this act [Secs. 7917.1–7917.2] shall not apply to any public utility the title to which is in the state of Louisiana or any of its political subdivisions or municipalities. [1934]

¹ See sections 3990–3996, inclusive, this page.

Sec. 7917.2. Same: Scope of commission's authority.

The power, authority, and duties of the commission shall affect and include all matters and things connected with, concerning, and growing out of the service to be given or rendered by such public utilities. [1934]

Sec. 8010. Same: Municipalities divested of powers.

Any and all laws and parts of laws granting authority and power to the municipalities of this state to supervise, regulate and control the rates charged and to be charged by, and service of, any street railway, gas, electric light, heat, power, water-works or other local public utility, are hereby revoked and repealed.

Provided that this act [Sec. 8010] shall not apply to any public utility the title to which is in the state of Louisiana or any of its political subdivisions or municipalities. [1934]

Dart's General Statutes Annotated 1939, Vol. 6, Title 62, Ch. 24—Checkweighing of Fruit and Vegetable Containers.

Sec. 9594.10b. State market commission may checkweigh.

* * * * *

Dart's General Statutes Annotated 1939, Vol. 6, Title 62, Ch. 24—Checkweighing of Fruit and Vegetable Containers—Continued.

(f) The state market commission, in so far as possible, upon request, at nominal cost, will furnish special services in connection with the marketing of fruits and vegetables, which may include the taking of precooling temperatures, checkweighing of contents in containers of fruits and vegetables, checkcounting manifests of shipments, supervising the loading or unloading of bonded or similar receipts or shipments, drawing of official samples for laboratory analysis and furnishing of inspectors for raw products in processing plants. [1940; last amended 1946.]

[ED. NOTE.—By ACTS 1948, the State Market Commission was merged and consolidated into the Department of Agriculture and Immigration which was empowered to exercise all of the duties and functions of the State Market Commission.]

Acts 1948, No. 93—Commercial Fertilizers.

Sec. 1. Enforcement.

* * * that the Commissioner of Agriculture and Immigration shall have authority to administer and to enforce the provisions of this Act [Secs. 1-12]; and that the Director of the Agricultural Experiment Station of the Louisiana State University and Agricultural and Mechanical College shall be designated as the State Chemist. [1948]

Sec. 2. Definition.

That, for the purposes of this Act [Secs. 1-12], the following definitions shall apply:

1. Commercial Fertilizer—shall refer to all materials, not otherwise excluded from the definition, sold for the purpose of promoting the growth of plants or exerting beneficial action on the soil. Materials specifically excluded from the definition are: lime, limestone, marl, gypsum, sulphur and underground bones when unmixed with other substances. Also excluded from the definition is manure, or excrement from any domestic animal provided such has not been dried or otherwise treated. [1948]

* * * * *

Sec. 3. Stop sale order.

* * * * *

8. In case of violation of any of the provisions of this Act, the Commissioner shall issue a stop sale order preventing further sale, movement, or disturbance of any lot of fertilizer involved until settlement of any action against the guarantor is made. On settlement of any action the Commissioner may take the following action according to the nature of his findings:

- (a) Release the fertilizer for sale.
- (b) Require the guarantor to take up the fertilizer and reimburse the purchaser therefor.
- (c) Sell the fertilizer at public auction.
- (d) Destroy the fertilizer. [1948]

* * * * *

Sec. 4. Statement to be filed; marking requirements; ton.

That the following conditions and restrictions must be complied with by any person or guarantor selling, distributing or otherwise handling fertilizers in this State.

1. Before any fertilizer may be sold or offered for sale the guarantor must file the following information with the Commissioner for each brand of fertilizer to be sold in the State:

(a) Net weight of contents of package

* * * * *

2. Every lot or package of fertilizer sold in the State shall carry a readily visible tag or label stating in plain English the same information furnished to the Commissioner on registration, except that the ingredients need not be listed. * * *

3. That every guarantor or person manufacturing or selling any commercial fertilizer as defined in Section 2 of this Act shall pay to the Commissioner an inspection fee of twenty-five cents per ton (2000 lbs.) on all commercial fertilizers sold in this State. * * * [1948]

Sec. 6. Cancellation of registration.

That repeated failure of the guarantor to meet the guaranteed weight or analysis of a fertilizer or to fail to make payment of inspection fee, or to fail to pay penalties assessed against the guarantor, shall be considered just cause for cancellation of its registration on any such fertilizer involved. [1948]

Sec. 7. Violations; penalty.

That the following shall be considered violations of this Act [Secs. 1-12] and upon conviction the offender shall be fined not less than fifty (\$50.00) dollars and not more than five hundred (\$500.00) dollars.

1. Violation of any of the provisions of this Act.
2. Interference with the Commissioner, or State Chemist or their representatives in the performance of their duties in connection with carrying out the provisions of this Act. [1948]

* * * * *

Sec. 9. Same: Warning notices for minor violations.

That nothing contained in this Act [Secs. 1-12] shall be construed as requiring the Commissioner to report for the institution of proceedings under this Act minor violations of this Act, whenever the Commissioner has reason to believe the public interest will be adequately served by issuance of a written notice or warning. [1948]

Sec. 10. Exceptions.

That none of the provisions of this Act [Secs. 1-12] shall apply to materials that are to be used in the manufacture of mixed fertilizer; to fertilizers processed or manufactured in this State intended for sale or distribution in other states, nor to fertilizers being transported through this state and destined for use in other states. [1948]

Acts 1948, No. 94—Commercial Feed.

Sec. 1. Enforcement.

* * * that the Commissioner of Agriculture and Immigration shall have authority to administer and to enforce the provisions of this Act [Secs. 1-12]; and that the Director of Agriculture Experiment Station of the Louisiana State University and Agricultural and Mechanical College shall be designated as the State Chemist. [1948]

Sec. 2. Definitions.

That, for the purposes of this Act [Secs. 1-12], the following definitions shall apply:

(1) Commercial Feed—as related to this Act shall refer to all materials, not otherwise excluded from the definition, sold, or exposed or offered for sale intended for feeding livestock. Materials excluded from this definition are:

- (a) Whole unmixed grains or seeds
- (b) Whole hays
- (c) Straw, chaff, and hulls from grains or seeds
- (d) Corn stover unmixed with other materials
- (e) Other materials containing more than sixty percent (60%) water.

(2) Livestock—shall refer to horses, mules, cattle, sheep, goats, swine, domestic rabbits, poultry, and any other animals of agricultural importance as the Commissioner may designate. [1948]

Sec. 3. Stop sale order.

(6) In case of violation of any of the provisions of this Act [Secs. 1-12], the Commissioner shall issue a stop sale order preventing further sale, movement, or disturbance of any lot of feed involved until settlement of any action against the guarantor is made. On settlement of any action the Commissioner may take the following action according to the nature of his findings.

- (a) Release the feed for sale
- (b) Require the guarantor to take up the feed and reimburse the purchaser therefor
- (c) Sell the feed at public auction
- (d) Destroy the feed. [1948]

Sec. 4. Statement to be filed; marking requirements; ton.

That the following conditions and restrictions must be complied with by any person or guarantor selling, distributing or otherwise handling feeds in this State.

(1) Before any feed may be sold or offered for sale the guarantor must file the following information with the Commissioner for each brand of feed to be sold in the State.

- (a) Net weight of contents of package.

(2) Every lot or package of feed sold in the State shall carry a readily visible tag or label stating in

plain English the same information furnished to the Commissioner on registration.

(7) That every guarantor or person manufacturing or selling any commercial feed as defined in Section 2 of this Act shall pay the Commissioner an inspection fee of twenty-five cents per ton (2,000 lbs.) on all commercial feeds sold in this State. [1948]

Sec. 6. Cancellation of registration.

That the repeated failure of the guarantor to meet the guaranteed weight or analysis of a feed or to fail to make payment of inspection fee, or to pay penalties assessed against the guarantor shall be considered just cause for cancellation of his registration on any such feed involved. [1948]

Sec. 7. Violations; penalties.

That the following shall be considered violation of this Act [Secs. 1-12] and upon conviction the offender shall be fined not less than fifty (\$50.00) dollars and not more than five hundred (\$500.00) dollars for each offense.

- (1) Violation of any of the provisions of this Act.
- (2) Interference with the Commissioner, or State Chemist or their representatives in the performance of their duties in connection with carrying out the provisions of this Act. [1948]

Sec. 9. Warning notices for minor violations.

That nothing contained in this Act [Secs. 1-12] shall be construed as requiring the Commissioner to report for the institution of proceedings under this Act minor violations of this Act, whenever the Commissioner has reason to believe the public interest will be adequately served by issuance of a written notice or warning. [1948]

Sec. 10. Exceptions.

That none of the provisions of this Act [Secs. 1-12] shall apply to materials that are to be used in the manufacture of mixed feed; to feeds processed or manufactured in this State intended for sale or distribution in other states, nor to feeds being transported through this State and destined for use in other states.
